

**INSURANCE MEDIATION AND  
MORTGAGE MEDIATION, LENDING AND ADMINISTRATION  
(PRUDENTIAL PROVISIONS) INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (the "Act"):
- (1) section 59 (Approval for particular arrangements);
  - (2) section 138 (General rule-making power);
  - (3) section 139 (Miscellaneous ancillary matters);
  - (4) section 149 (Evidential provisions);
  - (5) section 156 (General supplementary powers);
  - (6) section 157(1) (Guidance);
  - (7) section 214 (General); and
  - (8) section 341 (Access to books etc.).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

[commencement provisions on the next page]

## Commencement

C. This instrument (except Annex I) comes into force as indicated in this table.

<b>Annex</b>	<b>Date</b>
A. COND	1 February 2004
B. PRU	31 October 2004 (in part) and 14 January 2005 (in part) (see note 1)
C. CASS	14 January 2005
D. AUTH	31 October 2004 (in part) and 14 January 2005 (in part) (see notes 1 and 2)
E. AUTH	1 February 2004
F. SUP	31 October 2004 (in part) and 14 January 2005 (in part) (see notes 1 and 2)
G. Glossary	as for the provision in which a term is used
H. Miscellaneous	31 October 2004 (in part) and 14 January 2005 (in part) (see note 1)
<b>Note 1</b> To the extent that a provision relates to: (1) the regulated activities of: (a) arranging (bringing about) regulated mortgage contracts (article 25A(1) of the Regulated Activities Order); (b) making arrangements with a view to regulated mortgage contracts (article 25A(2) of that Order); (c) advising on regulated mortgage contracts (article 53A of that Order); (d) administering a regulated mortgage contract (article 61(2) of that Order); (e) entering into a regulated mortgage contract (article 62(1) of that Order); and (f) agreeing to carry on a regulated activity in (a) to (e); and (2) any regulated activity in relation to a long-term care insurance contract; it comes into force on 31 October 2004. Otherwise, it comes into force on 14 January 2005. <b>Note 2</b> To the extent that a provision in AUTH 5, SUP 13 and SUP 14 relate to passporting rights under the Insurance Mediation Directive, it comes into force on 14 January 2005.	

### **Commencement and expiry of Annex I**

- D. Part 1 of Annex I comes into force on 31 October 2004 and ceases to have effect on 14 January 2005.
- E. Part 2 of Annex I comes into force on 1 February 2004 and ceases to have effect on 14 January 2005.

### **Amendments to the Handbook**

- F. (1) COND is amended in accordance with Annex A to this instrument.
- (2) PRU is made by inserting the provisions in Annex B to this instrument.
- (3) CASS is made by inserting the provisions in Annex C to this instrument.
- (4) AUTH is amended in accordance with Annex D to this instrument (AUTH 2, AUTH 5, AUTH 7 and AUTH App 1).
- (5) AUTH is further amended in accordance with Annex E to this instrument (AUTH App 5, the perimeter guidance).
- (6) SUP is amended in accordance with Annex F to this instrument.
- (7) The Glossary is amended in accordance with Annex G to this instrument.
- (8) PRIN, SYSC, CASS, ENF, and COMP are amended in accordance with Annex H to this instrument.
- (9) PRU and AUTH are amended in accordance with Annex I to this instrument.

### **Citation**

- G. This instrument may be cited as the Insurance Mediation and Mortgage Mediation, Lending and Administration (Prudential Provisions) Instrument 2004.

By order of the Board  
15 January 2004

Amended by Addendum  
8 December 2004

## Annex A

### Amendments to the Threshold Conditions sourcebook

In this Annex, underlining indicates new text and striking through indicates deleted text.

2.2.1 Table: Paragraph 2, Schedule 6 to the Act.

- (1) Subject to sub-paragraph (3), ~~If~~ if the person concerned is a body corporate constituted under the law of any part of the United Kingdom –
  - (a) its head office, and
  - (b) if it has a registered office, that office,must be in the United Kingdom.
- (2) If the person concerned has its head office in the United Kingdom but is not a body corporate, it must carry on business in the United Kingdom.
- (3) If the regulated activity concerned is an insurance mediation activity, sub-paragraph (1) does not apply.
- (4) If the regulated activity concerned is an insurance mediation activity, the person concerned –
  - (a) if he is a body corporate constituted under the law of any part of the United Kingdom, must have its registered office, or if it has no registered office, its head office, in the United Kingdom;
  - (b) if he is a natural person, is to be treated for the purposes of sub-paragraph (2), as having his head office in the United Kingdom if his residence is situated there.
- (5) “Insurance mediation activity” means any of the following activities –
  - (a) dealing in rights under a contract of insurance as agent;
  - (b) arranging deals in rights under a contract of insurance;
  - (c) assisting in the administration and performance of a contract of insurance;
  - (d) advising on buying or selling rights under a contract of insurance;
  - (e) agreeing to do any of the activities specified in sub-paragraph (a) to (d).
- (6) Paragraph (5) must be read with –
  - (a) section 22;
  - (b) any relevant order under that section; and
  - (c) Schedule 2.

2.2.2 G *Threshold condition 2 (1) and (2)* (Location of offices), implements the requirements of article 6 of the *Post BCCI Directive* and *threshold condition 2(3) and (4)* implements article 2.9 of the *Insurance Mediation Directive*, although the *Act* extends ~~this condition~~ *threshold condition 2* to *firms* which are outside the scope of the *Single Market Directives* and the *UCITS Directive*.

2.2.3 G Neither the *Post BCCI Directive*, the *Insurance Mediation Directive* nor the *Act* define what is meant by a *firm's* 'head office'. This is not necessarily the *firm's* place of incorporation or the place where its business is wholly or mainly carried on. Although the *FSA* will judge each application on a case-by-case basis, the key issue in identifying the head office of a *firm* is the location of its central management and control, that is, the location of:

...

...

2.5.7 G In determining whether a *firm* will satisfy and continue to satisfy *threshold condition 5* in respect of having competent and prudent management and exercising due skill, care and diligence, relevant matters, as referred to in *COND 2.5.4G(2)*, may include, but are not limited to whether:

...

(10) the *firm* has in place the appropriate *money laundering* prevention systems and training, including identification, record-keeping and internal reporting procedures (see *ML*); ~~and~~

(11) where appropriate, the *firm* has appointed auditors and actuaries, who have sufficient experience in the areas of business to be conducted (see *SUP 3.4* (Auditors' qualifications) and *SUP 4.3.8G* to *SUP 4.3.13G* (Appointed actuary's qualifications)); and

(12) in the case of an *insurance intermediary*:

(a) a reasonable proportion of the *persons* within its management structure who are responsible for the *insurance mediation activity*; and

(b) all other *persons* directly involved in its *insurance mediation activity*;

demonstrate the knowledge and ability necessary for the performance of their duties; and

(c) all the *persons* in its management structure and any staff

directly involved in *insurance mediation activity* are of good  
repute (see *PRU 9.1.8 (Knowledge, ability and good repute)*).

## Annex B

### Integrated Prudential sourcebook

The following text is made.

In this Annex, all the text is new and is not underlined.

Transitional provisions

1 Table

(1)	(2)	(3)	(4)	(5)	(6)
	Material to which the transitional provision applies		Transitional provision	Transitional provision: dates in force	Handbook provision: coming into force
1	<i>PRU 9.2.7R</i>		<p><i>PRU 9.2.7R</i> (Requirement to hold professional indemnity insurance) does not apply in respect of acts or omissions occurring before:</p> <p>(1) 31 October 2004 (in relation to <i>mortgage mediation activity</i>); and</p> <p>(2) 14 January 2005 (in relation to <i>insurance mediation activity</i>).</p>	From 31 October 2004	31 October 2004
2	<i>PRU 9.3.53R</i> and <i>PRU 9.3.57R(3)</i>		A <i>firm</i> is not required to include goodwill in its intangible assets until 14 January 2008.	From 31 October 2004 until 14 January 2008	31 October 2004

## 9.1 Responsibility for insurance mediation activity

### Application

- 9.1.1 R This section applies to a *firm* with *Part IV permission* to carry on *insurance mediation activity*.

### Purpose

- 9.1.2 G The main purpose of *PRU 9.1.3R*, *9.1.8R* and *9.1.10R* is to implement in part the provisions of the *Insurance Mediation Directive* as these apply to *firms* regulated by the *FSA*.

### Responsibility for insurance mediation activity

- 9.1.3 R An *insurance intermediary*, other than a *sole trader*, must allocate the responsibility for the *firm's insurance mediation activity* to a *director* or *senior manager*.

- 9.1.4 R The *firm* may allocate the responsibility for its *insurance mediation activity* under *PRU 9.1.3R* to an *approved person* (or *persons*) performing:

- (1) a *governing function*; or
- (2) the *apportionment and oversight function*; or
- (3) the *significant management (other business operations) function*.

- 9.1.5 G (1) Typically an *insurance intermediary* will appoint a *person* performing a *governing function* to direct its *insurance mediation activity*. Where this responsibility is allocated to a *person* performing another function, the *person* performing the *apportionment and oversight function* with responsibility for the apportionment of responsibilities under *SYSC 2.1.1R* must ensure that the *firm's insurance mediation activity* under *PRU 9.1.3R* is appropriately allocated.

- (2) The descriptions of *significant influence functions*, other than the *required functions*, do not extend to activities carried on by an *insurance intermediary* with *permission* only to carry on *insurance mediation activity* and whose principal purpose is to carry on activities other than *regulated activities* (see *SUP 10.1.21R*). In this case, the *firm* may allocate the responsibility for the *firm's insurance mediation activity* under *PRU 9.1.3R* to one or more of the *persons* performing the *apportionment and oversight function* who will be required to be an *approved person*.

- (3) In the case of a *sole trader*, the *sole trader* will be responsible for the *firm's insurance mediation activity*.
- 9.1.6 G Where a *firm* has appointed an *appointed representative* to carry on *insurance mediation activity* on its behalf, the *person* responsible for the *firm's insurance mediation activity* will also be responsible for the *insurance mediation activity* carried on by an *appointed representative*.
- 9.1.7 G The *FSA* will specify in the *FSA Register* the name of the *persons* to whom the responsibility for the *firm's insurance mediation activity* has been allocated under *PRU 9.1.3R* by inserting after the relevant *controlled function* the words “(insurance mediation)”.
- Knowledge, ability and good repute
- 9.1.8 R An *insurance intermediary* must establish on reasonable grounds that:
- (1) a reasonable proportion of the *persons* within its management structure who are responsible for *insurance mediation activity*; and
- (2) all other *persons* directly involved in its *insurance mediation activity*;
- demonstrate the knowledge and ability necessary for the performance of their duties; and
- (3) all the *persons* in its management structure and any staff directly involved in *insurance mediation activity* are of good repute.
- 9.1.9 G In determining a *person's* knowledge and ability under *PRU 9.1.8R(1)* and (2), the *firm* should have regard to matters including, but not limited to, whether the *person*:
- (1) has demonstrated by experience and training to be able, or that he will be able, to perform his duties related to the *firm's insurance mediation activity*; and
- (2) satisfies the relevant requirements of the *FSA's* Training and Competence sourcebook (*TC*).
- 9.1.10 R In considering a *person's* repute under *PRU 9.1.8R(3)*, the *firm* must ensure that the *person*:
- (1) has not been convicted of any serious criminal offences linked to crimes against property or other crimes related to financial activities (other than spent convictions under the Rehabilitation of Offenders Act 1974 or any other national equivalent); and

(2) has not been adjudged bankrupt (unless the bankruptcy has been discharged);

under the law of any part of the *United Kingdom* or under the law of a country or territory outside the *United Kingdom*.

- 9.1.11 G For the purposes of *PRU* 9.1.10R(1), the *firm* should give particular consideration to offences of dishonesty, fraud, financial crime or other offences under legislation relating to banking and financial services, companies, insurance and consumer protection.
- 9.1.12 G *Firms* are reminded that *Principle 3* requires *firms* to take reasonable care to organise and control their affairs responsibly and effectively. *Principle 3* is amplified in *SYSC* 3.1.1R which requires *firms* to take reasonable care to establish and maintain such systems and controls as are appropriate to its business. A *firm's* systems and controls should enable it to satisfy itself of the suitability of anyone who acts for it (*SYSC* 3.2.13G). This includes the assessment of an individual's honesty and competence. In addition, *TC* lists some general, high level commitments to training and competence which every *firm* should make and fulfil.
- 9.1.13 G *PRU* 9 Ann 1G gives an example of how the *FSA* would expect *firms* to comply with the requirements in *PRU* 9.1.3R, 9.1.4R, 9.1.8R and 9.1.10R.

PRU 9 Ann 1G:

Example of the application of *PRU 9.1.3R, 9.1.4R, 9.1.8R and 9.1.10R*

1. The *FSA* expects the *firm* to allocate to Director B the responsibility for its *insurance mediation activity* (*PRU 9.1.3R and 9.1.4R*). Director B needs to be an *approved person* (the knowledge and ability requirements in *PRU 9.1.8R(1)* and the good repute requirement in *9.1.8R(3)* will be met through the fit and proper test for *approved persons* in *FIT*).
2. The *firm* must ensure that the Manager and Team Leader D are of good repute (*PRU 9.1.8R(3)*).
3. The *firm* must ensure that either the Manager or Team Leader D (or both) demonstrate the knowledge and ability necessary for the performance of their duties (*PRU 9.1.8R(1)*).
4. The *firm* must ensure that X, Y and Z demonstrate the knowledge and ability necessary for the performance of their duties and are of good repute (*PRU 9.1.8R(2)* and (3) and *PRU 9.1.10R*).

Note that the *firm* may be subject to other *FSA* requirements which are not illustrated in this diagram.

## 9.2 Professional indemnity insurance requirements for insurance and mortgage mediation activities

### Application

- 9.2.1 R (1) This section applies to a *firm* with *Part IV permission* to carry on any of the activities in (2) unless (3), (4), (5) or (6) applies.
- (2) The activities are:
- (a) *insurance mediation activity*;
  - (b) *mortgage mediation activity*.
- (3) (a) In relation to *insurance mediation activity*, this section does not apply to a *firm* if another *authorised person* which has net tangible assets of more than £10 million provides a comparable guarantee.
- (b) If the *firm* is a member of a *group* in which there is an *authorised person* with net tangible assets of more than £10 million, the comparable guarantee must be from that *person*.
- (c) A ‘comparable guarantee’ means a written agreement on terms at least equal to those in *PRU 9.2.10R* to finance the claims that might arise as a result of a breach by the *firm* of its duties under the *regulatory system* or civil law.
- (4) In relation to *mortgage mediation activity*, this section does not apply to a *firm* if:
- (a) it has net tangible assets of more than £1 million; or
  - (b) the comparable guarantee provisions of (3) apply (as if the *firm* was carrying on *insurance mediation activity*) but substituting £1 million for £10 million in (a) and (b).
- (5) In relation to all the activities in (2), this section does not apply to:
- (a) an *insurer*; or
  - (b) a *managing agent*; or

- (c) a *firm* to which *IPRU(INV)* 13.1.4(1)R (Financial resource requirements for personal investment firms: requirement to hold professional indemnity insurance) applies.
  - (6) In relation to *mortgage mediation activity*, this section does not apply to an *authorised professional firm*:
    - (a) which is subject to *IPRU(INV)* 2.3.1 R (Professional indemnity insurance requirements for authorised professional firms); and
    - (b) whose *mortgage mediation activity* is incidental to its main business.
- 9.2.2 G The definition of *insurance mediation activity* is any of several activities ‘in relation to a *contract of insurance*’ which includes a contract of reinsurance. This section, therefore, applies to a reinsurance intermediary in the same way as it applies to any other *insurance intermediary*.
- Purpose
- 9.2.3 G The purposes of this section are to:
- (1) implement article 4.3 of the *Insurance Mediation Directive* in so far as it requires *insurance intermediaries* to hold professional indemnity insurance, or some other comparable guarantee, against any liability that might arise from professional negligence; and
  - (2) meet the *regulatory objectives* of consumer protection and maintaining market confidence by ensuring that *firms* have adequate resources to protect themselves, and their *customers*, against losses arising from breaches in its duties under the *regulatory system* or civil law.
- 9.2.4 G Any breach in the duty of a *firm* or of its agents under the *regulatory system* or civil law can give rise to claims being made against the *firm*. Professional indemnity insurance has an important role to play in helping to finance such claims. In so doing, this section amplifies *threshold condition 4* (Adequate resources). This *threshold condition* provides that a *firm* must have, on a continuing basis, resources that are, in the opinion of the *FSA*, adequate in relation to the *regulated activities* that the *firm* carries on.
- 9.2.5 G Under *Principles 3* and *4* a *firm* is required to take reasonable care to organise and control its affairs responsibly and effectively with adequate risk management systems and to maintain adequate financial resources. Under *Principle 9* a *firm* is obliged to take reasonable care to ensure the

suitability of its *advice on investments* and discretionary decisions for any *customer* who is entitled to rely upon its judgement.

- 9.2.6 G Although financial resources and appropriate systems and controls can generally mitigate operational risk, professional indemnity insurance has a role in mitigating the risks a *firm* faces in its day to day operations, including those arising from not meeting the legally required standard of care when *advising on investments*. The purpose of this section is to ensure that a *firm* has in place the type, and level, of professional indemnity insurance necessary to mitigate these risks.

Requirement to hold professional indemnity insurance

- 9.2.7 R A *firm* must take out and maintain professional indemnity insurance that is at least equal to the requirements of *PRU 9.2.10R* from:

(1) an *insurance undertaking* authorised to transact professional indemnity insurance in the *EEA*; or

(2) a *person* of equivalent status in:

(i) a *Zone A country*; or

(ii) the Channel Islands, Gibraltar, Bermuda or the Isle of Man.

- 9.2.8 G A *firm* whose *Part IV permission* covers more than one *regulated activity* within the scope of this section will need to comply with the professional indemnity insurance requirements for each of these activities. However, this does not necessarily mean that the *firm* should purchase two or more separate *contracts of insurance*. It could, for example, purchase one contract that covers all of its activities, but which contains separate *limits of indemnity* and excesses for each individual activity.

- 9.2.9 G A non-*EEA firm* (such as a captive insurance company outside the *EEA*) will be able to provide professional indemnity insurance only if it is authorised to do so in one of the countries or territories referred to in *PRU 9.2.7R(2)*. The purpose of this provision is to balance the level of protection required for the *policyholder* against a reasonable level of flexibility for the *firm*.

Terms to be incorporated in the insurance

- 9.2.10 R In relation to the activities referred to in *PRU 9.2.1R(2)*, the contract of professional indemnity insurance must incorporate terms which make provision for:

- (1) cover in respect of claims for which a *firm* may be liable as a result of the conduct of itself, its *employees* and its *appointed representatives* (acting within the scope of their appointment);
- (2) the minimum *limits of indemnity* as set out in *PRU 9.2.13R* (in relation to *insurance mediation activity*) and *PRU 9.2.15R* (in relation to *mortgage mediation activity*);
- (3) an excess as set out in *PRU 9.2.17R* to *PRU 9.2.22R*;
- (4) appropriate cover in respect of legal defence costs;
- (5) continuous cover in respect of claims arising from work carried out from the date on which the *firm* was given *Part IV permission* in relation to any of the activities referred to in (2); and
- (6) cover in respect of *Ombudsman* awards made against the *firm*.

9.2.11 G In relation to *PRU 9.2.10R(1)*, a *firm* should be aware that it is responsible for the conduct of all of its *employees*. The *firm's employees* include, but are not limited to, its *partners*, *directors*, individuals that are self-employed or operating under a contract hire agreement and any other individual that is employed in connection with its business.

9.2.12 G In relation to *PRU 9.2.10R(1)*, a *firm* should be aware that it is responsible for the conduct of all of its *appointed representatives*.

Minimum limits of indemnity: insurance mediation activity

9.2.13 R In relation to *insurance mediation activity*, the minimum *limits of indemnity* referred to in *PRU 9.2.10R(2)* are:

- (1) for a single claim, €1 million; and
- (2) in aggregate, €1.5 million or, if higher, 10% of annual income (see *PRU 9.3.42R*) up to £30 million.

9.2.14 R If a *policy* is denominated in any currency other than euros, a *firm* must take reasonable steps to ensure that the *limits of indemnity* are, when the *policy* is effected and at *renewal*, at least equivalent to those required in *PRU 9.2.13R*.

Minimum limits of indemnity: mortgage mediation activity

9.2.15 R In relation to *mortgage mediation activity*, the minimum *limit of indemnity* referred to in *PRU 9.2.10R(2)* is the higher of 10% of annual income (see *PRU 9.3.42R*) up to £1 million, and:

(1) for a single claim, £100,000; or

(2) in aggregate, £500,000.

#### Excess

9.2.16 R In this section, "*client assets*" includes a *document* only if it has value, or is capable of having value, in itself (such as a bearer instrument).

9.2.17 R For a *firm* which does not hold *client money* or other *client assets*, the excess referred to in *PRU 9.2.10R(3)* is not more than the higher of:

(1) £2,500; and

(2) 1.5% of annual income (see *PRU 9.3.42R*).

9.2.18 R For a *firm* which holds *client money* or other *client assets*, the excess referred to in *PRU 9.2.10R(3)* is not more than the higher of:

(1) £5,000; and

(2) 3% of annual income (see *PRU 9.3.42R*).

#### Policies covering more than one firm

9.2.19 R If a *policy* provides cover to more than one *firm*, then in relation to *PRU 9.2.13R*, *PRU 9.2.14R* and *PRU 9.2.15R*:

(1) the *limits of indemnity* must be calculated on the combined annual income (see *PRU 9.3.42R*) of all the *firms* named in the *policy*; and

(2) each *firm* named in the *policy* must have the benefit of the minimum *limits of indemnity* as required in *PRU 9.2.13R* or *PRU 9.2.15R*.

#### Additional capital

9.2.20 R If a *firm* seeks to have an excess which is higher than the limits in *PRU 9.2.17R* (for a *firm* not holding *client money* or other *client assets*) or *PRU 9.2.18R* (for a *firm* holding *client money* or other *client assets*), it must hold additional capital as calculated in *PRU 9.2.21R* or *PRU 9.2.22R* (as appropriate).

9.2.21 R Table: Calculation of additional capital for firm not holding client money or other client assets (£000's)

Income		Excess obtained up to and including:												
		2.5	5	10	15	20	25	30	40	50	75	100	150	200+

9.2.23 G *PRU 9.3.52R* sets out the items which are eligible to contribute to the capital resources of a *firm* for the purposes of *PRU 9.2.20R*.

### 9.3 Capital resources for insurance and mortgage mediation activity and mortgage lending and administration

#### Application

- 9.3.1 R (1) This section applies to a *firm* with *Part IV permission* to carry on any of the activities in (2) unless any of *PRU 9.3.4R* to *PRU 9.3.11R* applies.
- (2) The activities are:
- (a) *insurance mediation activity*;
  - (b) *mortgage mediation activity*;
  - (c) *entering into a regulated mortgage contract* (that is, *mortgage lending*);
  - (d) *administering a regulated mortgage contract* (that is, *mortgage administration*).

9.3.2 G As this section applies only to a *firm* with *Part IV permission*, it does not apply to an *incoming EEA firm* (unless it has a *top-up permission*). An *incoming EEA firm* includes a *firm* which is passporting into the *United Kingdom* under the *IMD* (see *AUTH 5.4.2AG*, in relation to *branches*, and *AUTH 5.5.3G*, in relation to *cross border services*).

9.3.3 G The definition of *insurance mediation activity* refers to several activities ‘in relation to a *contract of insurance*’ which includes a contract of reinsurance. This section, therefore, applies to a reinsurance intermediary in the same way as it applies to any other *insurance intermediary*.

Application: banks, building societies, insurers and friendly societies

- 9.3.4 R This section does not apply to:
- (1) a *bank*; or
  - (2) a *building society*; or
  - (3) a solo consolidated *subsidiary* of a *bank* or a *building society*; or
  - (4) an *insurer*; or
  - (5) a *friendly society*.

- 9.3.5 G The capital resources of *firms* within *PRU* 9.3.4R are calculated in accordance with the appropriate *IPRU*.
- Application: firms carrying on designated investment business only
- 9.3.6 R This section does not apply to a *firm* whose *Part IV permission* is limited to *regulated activities* which are *designated investment business*.
- 9.3.7 G A *firm* which carries on *designated investment business*, and no other *regulated activity*, may disregard this section. For example, a *firm* with *permission* limited to *dealing in investments as agent* in relation to *securities* is only carrying on *designated investment business* and *IPRU(INV)* will apply. However, if its *permission* is varied to enable it to arrange motor insurance as well, this activity is not *designated investment business* so the *firm* will be subject to the higher of the requirements in this section and *IPRU(INV)* (see *PRU* 9.3.24R).
- Application: credit unions
- 9.3.8 R This section does not apply to:
- (1) a ‘small *credit union*’, that is one with:
    - (a) assets of £5 million or less; and
    - (b) a total number of members of 5,000 or less (see *CRED* 8.3.14R); or
  - (2) a *credit union* whose *Part IV permission* includes *mortgage lending* or *mortgage administration* (or both) and no other activities in *PRU* 9.3.1R(2).
- 9.3.9 G For *credit unions* to which this section applies, the capital requirements will be the higher of the requirements in this section and in *CRED* (see *PRU* 9.3.25R).
- Application: professional firms
- 9.3.10 R (1) This section does not apply to an *authorised professional firm*:
- (a) whose main business is the practice of its profession; and
  - (b) whose *regulated activities* in *PRU* 9.3.1R(2) are incidental to its main business.
- (2) A *firm's* main business is the practice of its profession if the proportion of income it derives from professional fees is, during its

annual accounting period, at least 50% of the *firm's* total income (a temporary variation of not more than 5% may be disregarded for this purpose).

- (3) Professional fees are fees, commissions and other receipts receivable in respect of legal, accountancy or actuarial services provided to clients but excluding any items receivable in respect of *regulated activities*.

Application: Lloyd's managing agents

9.3.11 R This section does not apply to a *managing agent*.

9.3.12 G The reason for excluding *managing agents* from the provisions of this section is twofold: first, a *member* will have accepted full responsibility for those activities under the *Society's managing agent* agreement. Secondly, the *member* is itself subject to capital requirements which are equivalent to those applying to an *insurer* (to which this section is also disappplied – see *PRU 9.3.4R(4)*).

Application: social housing firms

9.3.13 G There are special provisions for a *social housing firm* when it is carrying on *mortgage lending* or *mortgage administration* (see *PRU 9.3.26R*).

Purpose

9.3.14 G This section amplifies *threshold condition 4* (Adequate resources) by providing that a *firm* must meet, on a continuing basis, a basic solvency requirement (*PRU 9.3.20R*) and a minimum capital resources requirement (*PRU 9.3.21R*). This section also amplifies *Principle 4* which requires a *firm* to maintain adequate financial resources by setting out capital requirements for a *firm* according to the *regulated activity* or *activities* it carries on.

9.3.15 G Capital has an important role to play in protecting consumers and complements the roles played by professional indemnity insurance (see *PRU 9.2* (Professional indemnity insurance)) and *client money* protection (see the *client money rules* including, in particular, those in *CASS 5* (Client money and mandates: insurance mediation activity)). Capital provides a form of protection for situations not covered by a *firm's* professional indemnity insurance and it provides the funds for the *firm's* PII excess, which it has to pay out of its own finances. The relationship between the *firm's* capital and its excess is set out in *PRU 9.2.17R*.

9.3.16 G More generally, having adequate capital gives the *firm* a degree of resilience and some indication to consumers of creditworthiness,

substance and the commitment of its owners. It reduces the possibility of a shortfall of funds and provides a cushion against disruption if the *firm* ceases to trade.

- 9.3.17 G There is a greater risk to consumers, and a greater adverse impact on market confidence, if a *firm* holding *client money* or other *client* assets fails. For this reason, the capital resources *rules* in this section clearly distinguish between *firms* holding *client* assets and those that do not.

Purpose: social housing firms

- 9.3.18 G *Social housing firms* undertake small amounts of mortgage business even though their main business consists of activities other than *regulated activities*. Their *mortgage lending* is only done as an adjunct to their primary purpose (usually the provision of housing) and is substantially different in character to that done by commercial lenders. Furthermore, they are *subsidiaries* of local authorities or registered social landlords which are already subject to separate regulation. The *FSA* does not consider that it would be proportionate to the risks involved with such business to impose significant capital requirements for these *firms*. *PRU* 9.3.26R therefore simply provides that, where their *Part IV permission* is limited to *mortgage lending* and *mortgage administration*, their net tangible assets must be greater than zero.

- 9.3.19 G A registered social landlord is a non-profit organisation which provides and manages homes for rent and sale for people who might not otherwise be able to rent or buy on the open market. It can be a housing association, a housing society or a non-profit making housing company. The Housing Corporation, which was set up by Parliament in 1964, funds homes built by registered social landlords from money received from central government.

Capital resources: general rules

- 9.3.20 R A *firm* must at all times ensure that it is able to meet its liabilities as they fall due.

- 9.3.21 R A *firm* must at all times maintain capital resources equal to or in excess of its relevant capital resources requirement.

Capital resources: UK GAAP

- 9.3.22 R A *firm* must recognise an asset or liability, and measure its amount, in accordance with the relevant *UK* generally accepted accounting principles unless a *rule* requires otherwise.

Capital resources: client assets

- 9.3.23 R In this section, "*client assets*" includes a *document* only if it has value, or is capable of having value, in itself (such as a bearer instrument).

Capital resources requirement: firms carrying on regulated activities including designated investment business

- 9.3.24 R The capital resources requirement for a *firm* carrying on *regulated activities*, including *designated investment business*, is the higher of:

- (1) the requirement which is applied by this section according to the activity or activities of the *firm* (treating the relevant *rules* as applying to the *firm* by disregarding its *designated investment business*); and
- (2) the financial resource requirement which is applied by *IPRU(INV)*.

Capital resources requirement: credit unions

- 9.3.25 R The capital resources requirement for a *credit union* to which this section applies (see *PRU 9.3.8R*) is the higher of:

- (1) the requirement which is applied by *PRU 9.3.30R* (Capital resources requirement: mediation activity only) treating that *rule* as applying to the *credit union* by disregarding activities which are not *insurance mediation activity* or *mortgage mediation activity*; and
- (2) the amount which is applied by *CRED 8* (Capital requirements).

Capital resources requirement: social housing firms

- 9.3.26 R The capital resources requirement for a *social housing firm* whose *Part IV permission* is limited to carrying on the *regulated activities* of:

- (1) *mortgage lending*; or
- (2) *mortgage administration* (or both);

is that the *firm's* net tangible assets must be greater than zero.

- 9.3.27 G If a *social housing firm* is carrying on *mortgage lending* or *mortgage administration* (and no other *regulated activity*), its net tangible assets must be greater than zero. However, if it carries on *insurance mediation activity*, or *mortgage mediation activity*, there is no special provision and *PRU 9.3.24R* or *PRU 9.3.30R* applies to it as appropriate.

Capital resources requirement: application according to regulated activities

9.3.28 R Unless any of *PRU 9.3.24R* to *PRU 9.3.26R* applies (*firms* carrying on *designated investment business*, *credit unions* and *social housing firms*), the table in *PRU 9.3.29R* specifies the provisions for calculating the capital resources requirement for a *firm* according to the *regulated activity* or *activities* it carries on.

9.3.29 R Table: Application of capital resources requirements

	Regulated activities	Provisions
1.	(a) <i>insurance mediation activity</i> ; or (b) <i>mortgage mediation activity</i> (or both); and no other <i>regulated activity</i> .	<i>PRU 9.3.30R</i>
2.	(a) <i>mortgage lending</i> ; or (b) <i>mortgage lending</i> and <i>mortgage administration</i> ; and no other <i>regulated activity</i> .	<i>PRU 9.3.31R</i> to <i>PRU 9.3.36E</i>
3.	<i>mortgage administration</i> ; and no other <i>regulated activity</i> .	<i>PRU 9.3.37R</i> to <i>PRU 9.3.38R</i>
4.	<i>insurance mediation activity</i> ; and (a) <i>mortgage lending</i> ; or (b) <i>mortgage administration</i> (or both).	<i>PRU 9.3.39R</i>
5.	<i>mortgage mediation activity</i> ; and (a) <i>mortgage lending</i> , or (b) <i>mortgage administration</i> (or both).	<i>PRU 9.3.40R</i>
6.	Any combination of <i>regulated activities</i> not within rows 1 to 5.	<i>PRU 9.3.41R</i>

Capital resources requirement: mediation activity only

9.3.30 R (1) If a *firm* (carrying on the activities in row 1 of the table in *PRU 9.3.29R*) does not hold *client money* or other *client* assets in relation to its *insurance mediation activity* or *mortgage mediation activity*, its capital resources requirement is the higher of:

(a) £5,000; and

(b) 2.5% of the annual income (see *PRU 9.3.42R*) from its *insurance mediation activity* or *mortgage mediation activity* (or both).

- (2) If a *firm* (carrying on the activities in row 1 of the table in *PRU 9.3.29R*) holds *client money* or other *client* assets in relation to its *insurance mediation activity* or *mortgage mediation activity*, its capital resources requirement is the higher of:
- (a) £10,000; and
  - (b) 5% of the annual income (see *PRU 9.3.42R*) from its *insurance mediation activity* or *mortgage mediation activity* (or both).

Capital resources requirement: mortgage lending and administration (but not mortgage administration only)

- 9.3.31 R (1) The capital resources requirement of a *firm* (carrying on the activities in row 2 of the table at *PRU 9.3.29R*) is the higher of:
- (a) £100,000; and
  - (b) 1% of:
    - (i) its total assets plus total undrawn commitments; less:
    - (ii) loans excluded by *PRU 9.3.33R* plus intangible assets (see Note 1 in the table in *PRU 9.3.53R*).
- (2) Undrawn commitments in (1)(b)(i) means the total of those amounts which a borrower has the right to draw down from the *firm* but which have not yet been drawn down, excluding those under an agreement:
- (a) which has an original maturity of up to one year; or
  - (b) which can be unconditionally cancelled at any time by the lender.

9.3.32 G When considering what is an undrawn commitment, the *FSA* takes into account an amount which a borrower has the right to draw down, but which has not yet been drawn down, whether the commitment is revocable or irrevocable, conditional or unconditional.

9.3.33 R When calculating total assets for the purposes of *PRU 9.3.31R*, the *firm* may exclude a loan which has been transferred to a third party only if it meets the following conditions:

- (1) the loan must have been transferred in a legally effective manner by one of the following means:
    - (a) novation; or
    - (b) legal or equitable assignment; or
    - (c) sub-participation; or
    - (d) declaration of trust; and
  - (2) the lender:
    - (a) retains no material economic interest in the loan; and
    - (b) has no material exposure to losses arising from it.
- 9.3.34 E (1) When seeking to rely on the condition in *PRU 9.3.33R(2)*, a *firm* should ensure that the loan qualifies for the ‘linked presentation’ accounting treatment under Financial Reporting Standard 5 (Reporting the substance of transactions) issued in April 1994, and amended in December 1994 and September 1998 (if applicable to the *firm*).
- (2) Compliance with (1) may be relied upon as tending to establish compliance with *PRU 9.3.33R(2)*.
- 9.3.35 G *PRU 9.3.34E* is aimed at those *firms* which report according to FRS 5. Other *firms* which report under other standards, including International Accounting Standards, need not adopt FRS 5 in order to meet the condition in *PRU 9.3.33R(2)*.
- 9.3.36 E (1) When seeking to rely on the condition in *PRU 9.3.33R(2)*, a *firm* should not provide material credit enhancement in respect of the loan unless it deducts the amount of the credit enhancement from its capital resources before meeting its capital resources requirement.
- (2) Credit enhancement includes:
  - (a) any holding of subordinated loans or notes in a transferee that is a special purpose vehicle; or
  - (b) over collateralisation by transferring loans to a larger aggregate value than the *securities* to be issued; or

- (c) any other arrangement with the transferee to cover a part of any subsequent losses arising from the transferred loan.
- (3) Contravention of (1) may be relied upon as tending to establish contravention of *PRU 9.3.33R*(2).

Capital resources requirement: mortgage administration only

9.3.37 R The capital resources requirement of a *firm* (carrying on the activities in row 3 of the table in *PRU 9.3.29R*), which has all or part of the *regulated mortgage contracts* that it administers on its balance sheet, is the amount which is applied to a *firm* by *PRU 9.3.31R*.

9.3.38 R The capital resources requirement of a *firm* (carrying on the activities in row 3 of the table in *PRU 9.3.29R*), which has all the *regulated mortgage contracts* that it administers off its balance sheet, is the higher of:

- (1) £100,000; and
- (2) 10% of its annual income (see *PRU 9.3.42R* and *PRU 9.3.48R*).

Capital resources requirement: insurance mediation activity and mortgage lending or mortgage administration

9.3.39 R The capital resources requirement for a *firm* (carrying on the activities in row 4 of the table in *PRU 9.3.29R*) is the sum of the requirements which are applied to the *firm* by:

- (1) *PRU 9.3.30R*; and
- (2) (a) *PRU 9.3.31R*; or  
(b) if, in addition to its *insurance mediation activity*, the *firm* carries on only *mortgage administration* and has all the assets that it administers off balance sheet, *PRU 9.3.38R*.

Capital resources requirement: mortgage mediation activity and mortgage lending or mortgage administration

- 9.3.40 R (1) If a *firm* (carrying on the activities in row 5 of the table in *PRU 9.3.29R*) does not hold *client money* or other *client* assets in relation to its *mortgage mediation activity*, the capital requirement is the amount applied to a *firm*, according to the activities carried on by the *firm*, by:
- (a) *PRU 9.3.31R*; or

- (b) if, in addition to its *mortgage mediation activity*, the *firm* carries on only *mortgage administration* and has all the assets that it administers off balance sheet, *PRU 9.3.38R*.
- (2) If a *firm* (carrying on the activities in row 5 of the table in *PRU 9.3.29R*) holds *client money* or other *client* assets in relation to its *mortgage mediation activity*, the capital resources requirement is:
- (a) the amount calculated under (1); plus
  - (b) the amount which is applied to a *firm* by *PRU 9.3.30R(2)*.

Capital resources requirement: other combinations of activities

- 9.3.41 R The capital resources requirement for a *firm* (carrying on the activities in row 6 of the table in *PRU 9.3.29R*) is the amount which is applied to a *firm* by *PRU 9.3.39R*.

Annual income

- 9.3.42 R *PRU 9.3.43R* to *PRU 9.3.50R* contain provisions relating to the calculation of annual income for the purposes of:
- (1) *PRU 9.2.13R(2)*, *PRU 9.2.15R*, *PRU 9.2.17R(2)* and *PRU 9.2.18R(2)* (all concerning the *limits of indemnity* for professional indemnity insurance); and
  - (2) *PRU 9.3.30R(1)(b)* and (2)(b), and *PRU 9.3.38R(2)*.

- 9.3.43 R ‘Annual income’ is the annual income given in the *firm*’s most recent annual financial statement from the relevant *regulated activity* or *activities*.

- 9.3.44 R For a *firm* which carries on *insurance mediation activity* or *mortgage mediation activity*, annual income in *PRU 9.3.43R* is the amount of all brokerage, fees, *commissions* and other related income (for example, administration charges, overrides, profit shares) due to the *firm* in respect of or in relation to those activities.

- 9.3.45 G The purpose of *PRU 9.3.44R* is to ensure that the capital resources requirement is calculated on the basis only of brokerage and other amounts earned by a *firm* which are its own income.

- 9.3.46 R If a *firm* is a *principal*, its annual income includes amounts due to its *appointed representative* in respect of activities for which the *firm* has accepted responsibility.

9.3.47 G If a *firm* is a *network*, it should include the relevant income due to all of its *appointed representatives* in its annual income.

Annual income for mortgage administration

9.3.48 R For the purposes of *PRU* 9.3.38R(2) (Mortgage administration only) annual income is the sum of:

(1) revenue (that is, *commissions*, fees, net interest income, dividends, royalties and rent); and

(2) gains;

arising in the course of the ordinary activities of the *firm*, less profit:

(a) on the sale or termination of an operation;

(b) arising from a fundamental reorganisation or restructuring having a material effect on the nature and focus of the *firm's* operation; and

(c) on the disposal of fixed assets, including *investments* held in a long-term portfolio.

Annual income: periods of less than 12 months

9.3.49 R If the *firm's* most recent annual financial statement does not cover a 12 *month* period, the annual income is taken to be the amount in the statement converted, proportionally, to a 12 *month* period.

Annual income: no financial statement

9.3.50 R If the *firm* does not have an annual financial statement, the annual income is to be taken from the forecast or other appropriate accounts which the *firm* has submitted to the *FSA*.

The calculation of a firm's capital resources

9.3.51 R (1) A *firm* must calculate its capital resources only from the items in *PRU* 9.3.52R from which it must deduct the items in *PRU* 9.3.53R.

(2) If the *firm* is subject to *IPRU(INV)* or *CRED*, the capital resources are the higher of:

(a) the amount calculated under (1); and

(b) the financial resources calculated under *IPRU(INV)* or the capital calculated under *CRED* 8 (Capital requirements).

9.3.52 R Table: Items which are eligible to contribute to the capital resources of a firm

	Item	Additional explanation
1.	Share capital	This must be fully paid and may include: (1) ordinary <i>share</i> capital; or (2) preference <i>share</i> capital (excluding preference <i>shares</i> redeemable by shareholders within two years).
2.	Capital other than <i>share</i> capital (for example, the capital of a <i>sole trader</i> , <i>partnership</i> or <i>limited liability partnership</i> )	The capital of a <i>sole trader</i> is the net balance on the <i>firm's</i> capital account and current account. The capital of a <i>partnership</i> is the capital made up of the <i>partners'</i> : (1) capital account, that is the account: (a) into which capital contributed by the <i>partners</i> is paid; and (b) from which, under the terms of the <i>partnership</i> agreement, an amount representing capital may be withdrawn by a <i>partner</i> only if: (i) he ceases to be a <i>partner</i> and an equal amount is transferred to another such account by his former <i>partners</i> or any <i>person</i> replacing him as their <i>partner</i> ; or (ii) the <i>partnership</i> is otherwise dissolved or wound up; and (2) current accounts according to the most recent financial statement.
3.	Audited reserves	These are the audited accumulated profits retained by the <i>firm</i> (after deduction of tax, dividends and proprietors' or <i>partners'</i> drawings) and other reserves created by appropriations of share premiums and similar realised appropriations. Reserves also include gifts of capital, for example, from a <i>parent undertaking</i> .
4.	Interim net profits	If a <i>firm</i> seeks to include interim net profits in the calculation of its capital resources, the profits have to be verified by the <i>firm's</i> external auditor, net of tax, anticipated dividends or proprietors' drawings and other appropriations.

5.	Revaluation reserves	
6.	General provisions	These are provisions that a <i>firm</i> carrying on <i>mortgage lending</i> or <i>mortgage administration</i> holds against potential losses that have not yet been identified but which experience indicates are present in the <i>firm's</i> portfolio of assets. Such provisions must be freely available to meet these unidentified losses wherever they arise. General provisions must be verified by external auditors and disclosed in the <i>firm's</i> annual report and accounts.
7.	Subordinated loans	Subordinated loans must be included in capital on the basis of the provisions in <i>PRU 9.3.56R</i> and <i>PRU 9.3.57R</i> .

9.3.53 R Table: Items which must be deducted from capital resources

1	<i>Investments</i> in own shares
2	Intangible assets (Note 1)
3	Interim net losses (Note 2)
4	Excess of drawings over profits for a <i>sole trader</i> or a <i>partnership</i> (Note 2)
Notes	
1.	Intangible assets are the full balance sheet value of goodwill (but not until 14 January 2008 - see transitional provision 2), capitalised development costs, brand names, trademarks and similar rights and licences.
2.	The interim net losses in row 3, and the excess of drawings in row 4, are in relation to the period following the date as at which the capital resources are being computed.

Personal assets

9.3.54 R In relation to a *sole trader's firm* or a *firm* which is a *partnership*, the *sole trader* or a *partner* in the *firm* may use personal assets to meet the requirements of *PRU 9.3.20R* or *PRU 9.3.21R*, or both, to the extent necessary to make up any shortfall in meeting those requirements, unless:

- (1) those assets are needed to meet other liabilities arising from:
  - (a) personal activities; or
  - (b) another business activity not regulated by the *FSA*; or
- (2) the *firm* holds *client money* or other *client* assets.

9.3.55 G The purpose of *PRU 9.3.54R* is to enable a *sole trader* or a *partner* to use any personal assets, including property, to meet the capital requirements of this section, but only to the extent necessary to make up a shortfall. The requirements are the solvency requirement (*PRU 9.3.20R*) and the capital resources requirement (*PRU 9.3.21R*).

#### Subordinated loans

9.3.56 R In row 7 in the table at *PRU 9.3.52R*, subordinated debt must not form part of the capital resources of the *firm* unless it meets the following conditions:

- (1) (for a *firm* which carries on *insurance mediation activity* or *mortgage mediation activity* (or both) but not *mortgage lending* or *mortgage administration*) it has an original maturity of:
  - (a) at least two years; or
  - (b) it is subject to two years' notice of repayment;
- (2) (for all other *firms*) it has an original maturity of:
  - (a) at least five years; or
  - (b) it is subject to five years' notice of repayment;
- (3) the claims of the subordinated creditors must rank behind those of all unsubordinated creditors;
- (4) the only events of default must be non-payment of any interest or principal under the debt agreement or the winding up of the *firm*;
- (5) the remedies available to the subordinated creditor in the event of non-payment or other default in respect of the subordinated debt must be limited to petitioning for the winding up of the *firm* or proving the debt and claiming in the liquidation of the *firm*;
- (6) the subordinated debt must not become due and payable before its stated final maturity date except on an event of default complying with (4);
- (7) the agreement and the debt are governed by the law of England and Wales, or of Scotland or of Northern Ireland;
- (8) to the fullest extent permitted under the rules of the relevant jurisdiction, creditors must waive their right to set off amounts

they owe the *firm* against subordinated amounts owed to them by the *firm*;

- (9) the terms of the subordinated debt must be set out in a written agreement or instrument that contains terms that provide for the conditions set out in (1) to (8); and
- (10) the debt must be unsecured and fully paid up.

9.3.57 R (1) This *rule* applies to a *firm* which:

- (a) carries on:
  - (i) *insurance mediation activity*; or
  - (ii) *mortgage mediation activity* (or both); and
- (b) in relation to those activities, holds *client money* or other *client assets*;

but is not carrying on *mortgage lending* or *mortgage administration*.

(2) In calculating its capital resources under *PRU* 9.3.51R(1), the *firm* must exclude any amount by which the aggregate amount of its subordinated loans and its redeemable preference *shares* exceeds the amount calculated under (3).

(3) The calculation for (2) is:

four times (a – b – c);

where:

- a = items 1 to 5 in the Table at *PRU* 9.3.52R;
- b = the *firm's* redeemable preference *shares*; and
- c = the amount of its intangible assets (but not goodwill until 14 January 2008 - see transitional provision 2).

9.3.58 G If a *firm* wishes to see an example of a subordinated loan agreement which would meet the conditions in *PRU* 9.3.56R, it should refer to the *FSA* website ([www.fsa.gov.uk](http://www.fsa.gov.uk)).

## 9.4 Insurance undertakings and mortgage lenders using insurance or mortgage mediation services

### Application

9.4.1 R This section applies to a *firm* with a *Part IV permission* to carry on:

- (1) *insurance business*; or
- (2) *mortgage lending*;

and which uses, or proposes to use, the services of another person consisting of:

- (a) *insurance mediation*; or
- (b) *insurance mediation activity*; or
- (c) *mortgage mediation activity*.

### Purpose

9.4.2 G The purpose of *PRU 9.4* is to implement article 3.6 of the *Insurance Mediation Directive* in relation to *insurance undertakings*. The provisions of this section have been extended to *mortgage lenders* in relation to *insurance mediation activity*, and to *insurance undertakings* and *mortgage lenders* in relation to *mortgage mediation activity*, to ensure that *firms* using these services are treated in the same way and to ensure that *clients* have the same protection. To avoid the loss of protection where an intermediary itself uses the services of an *unauthorised person*, *PRU 9.4.4R* has the effect of ensuring that each person in the chain of those providing services is authorised.

9.4.3 G *PRU 9.4* supports the more general duties in *Principles 2* and *3*, and *SYSC 3.1.1R*.

### Use of intermediaries

9.4.4 R A *firm* must not use, or propose to use, the services of another person consisting of:

- (1) *insurance mediation*; or
- (2) *insurance mediation activity*; or
- (3) *mortgage mediation activity*;

unless the conditions in *PRU 9.4.5R* and *PRU 9.4.7R* are satisfied.

- 9.4.5 R The first condition in *PRU 9.4.4R* is that the person, in relation to the activity:
- (1) has *permission*; or
  - (2) is an *exempt person*; or
  - (3) is an *exempt professional firm*; or
  - (4) is registered in another *EEA State* for the purposes of the *IMD*; or
  - (5) in relation to *insurance mediation activity*, is not carrying this activity on in the *EEA*; or
  - (6) in relation to *mortgage mediation activity*, is not carrying this activity on in the *United Kingdom*.
- 9.4.6 E (1) A *firm* should:
- (a) before using the services of the intermediary, check:
    - (i) the *FSA Register*; or
    - (ii) in relation to *insurance mediation* carried on by an *EEA firm*, the register of its *Home State regulator*;
 for the status of the person; and
  - (b) use the services of that person only if the relevant register indicates that the person is registered for that purpose.
- (2) (a) Compliance with (1)(a)(i) and (b) may be relied on as tending to establish compliance with:
- (i) *PRU 9.4.5R(1)*; or
  - (ii) in relation to *insurance mediation activity*, also *PRU 9.4.5R(2)* and (3).
- (b) Compliance with (1)(a)(ii) and (b) may be relied on as tending to establish compliance with *PRU 9.4.5R(4)*.
- 9.4.7 R The second condition in *PRU 9.4.4R* is that the *firm* takes all reasonable steps to ensure that the person in *PRU 9.4.5R* in relation to the activity, is not, directly or indirectly, carrying out the activity as a consequence of the activities of another person which contravene section 19 of the *Act* (The general prohibition).
- 9.4.8 R In order to comply with *PRU 9.4.7R*, a *firm* may rely on a confirmation provided by the other person in writing if:

- (1) the confirmation is provided by a person within *PRU 9.4.5R*;
- (2) the *firm* checked that this is the case; and
- (3) the *firm* is not aware that the confirmation is inaccurate and has no grounds for reasonably being aware that the confirmation is inaccurate.

9.4.9 G The *FSA Register* can be accessed through the *FSA* website under the link [www.fsa.gov.uk/register](http://www.fsa.gov.uk/register).

## Annex C

### Amendments to the Client Assets sourcebook

In the following table only, underlining indicates new text.

#### CASS Transitional Provisions

Insert the following new chapter as Chapter 5.

#### Client money and mandates: insurance mediation activity

##### 5.1 Application

- 5.1.1 R (1) *CASS 5.1 to 5.6 apply, subject to (2), (3) and CASS 5.1.3R to 5.1.6R, to a firm that receives or holds money in the course of or in connection with its insurance mediation activity.*
- (2) *CASS 5.1 to 5.6 do not, subject to (3), apply:*
- (a) *to a firm to the extent that it acts in accordance with CASS 4; or*
  - (b) *to a firm in carrying on an insurance mediation activity which is in respect of a reinsurance contract; or*
  - (c) *to an insurance undertaking in respect of its permitted activities; or*

- (d) to a *managing agent* when acting as such; or
- (e) with respect to *money* held by a *firm* which:
  - (i) is an *approved bank*; and
  - (ii) has requisite capital under article 4(4)(b) of the *IMD*;

but only when held by the *firm* in an account with itself, in which case the *firm* must notify the *client* (whether through a *client* agreement, *terms of business*, or otherwise in writing) that:

- (iii) *money* held for that *client* in an account with the *approved bank* will be held by the *firm* as banker and not as trustee (or in Scotland as agent); and
  - (iv) as a result, the *money* will not be held in accordance with *CASS 5.1* to *CASS 5.6*.
- (3) A *firm* may elect to comply with:
- (a) *CASS 5.1* to *CASS 5.6* in respect of *client money* which it receives in the course of carrying on *insurance mediation activity* in respect of *reinsurance contracts*; and
  - (b) *CASS 5.1*, *CASS 5.2* and *CASS 5.4* to *CASS 5.6* in respect of *money* which it receives in the course of carrying on an activity which would be *insurance mediation activity*, and which *money* would be *client money*, but for article 72D of the *Regulated Activities Order* (Large risks contracts where risk situated outside the EEA);

but the election must be in respect of all the *firm's* business which consists of that activity.

- (4) A *firm* must keep a record of any election in (3).

5.1.2 G A *firm* that is an *approved bank*, and relies on the exemption under *CASS 5.1.1 R(2)(e)*, should be able to account to all of its *clients* for amounts held on their behalf at all times. A bank account opened with the *firm* that is in the name of the *client* would generally be sufficient. When *money* from *clients* deposited with the *firm* is held in a pooled account, this account should be clearly identified as an account for *clients*. The *firm* should also be able to demonstrate that an amount owed to a specific *client* that is held within the pool can be reconciled with a record showing that individual's *client* balance and is, therefore, identifiable at any time.

- 5.1.3 R An *authorised professional firm* regulated by The Law Society (of England and Wales), The Law Society of Scotland or The Law Society of Northern Ireland must comply with the rules of its *designated professional body* as specified in CASS 5.1.4R, in force on 14 January 2005, and if it does so, it will be deemed to comply with CASS 5.2 to 5.6.
- 5.1.4 R For the purposes of CASS 5.1.3R the relevant rules are:
- (1) If regulated by the Law Society (of England and Wales);
    - (a) the Solicitors' Accounts Rules 1998; or
    - (b) where applicable, the Solicitors Overseas Practice Rules 1990;
  - (2) if regulated by the Law Society of Scotland, the Solicitors' (Scotland) Accounts, Accounts Certificate, Professional Practice and Guarantee Fund Rules 2001;
  - (3) if regulated by the Law Society of Northern Ireland, the Solicitors' Accounts Regulations 1998.
- 5.1.5 R Money is not *client money* when:
- (1) it becomes properly due and payable to the *firm*:
    - (a) for its own account; or
    - (b) in its capacity as agent of an *insurance undertaking* where the *firm* acts in accordance with CASS 5.2; or
  - (2) it is otherwise received by the *firm* pursuant to an arrangement made between an *insurance undertaking* and another *person* (other than a *firm*) by which that other *person* has authority to underwrite risks, settle claims or handle refunds of *premiums* on behalf of that *insurance undertaking* outside the *United Kingdom* and where the *money* relates to that business.
- 5.1.6 R In CASS 5.1 to 5.6 an *insurance undertaking* (when acting as such) with whom a *firm* conducts *insurance mediation activity* is not to be treated as a *client* of the *firm*.

Purpose

- 5.1.7 G (1) *Principle 10* (Clients' assets) requires a *firm* to arrange adequate protection for *clients'* assets when the *firm* is responsible for them. An essential part of that protection is the proper accounting and handling of *client money*. The *rules* in *CASS 5.1* to *5.6* also give effect to the requirement in article 4.4 of the *IMD* that all necessary measures should be taken to protect *clients* against the inability of an *insurance intermediary* to transfer *premiums* to an *insurance undertaking* or to transfer the proceeds of a claim or *premium* refund to the insured.
- (2) There are two particular approaches which *firms* can adopt which reflect options given in article 4.4. The first is to provide by law or contract for a transfer of risk from the *insurance intermediary* to the *insurance undertaking* (*CASS 5.2*). The second is that *clients'* *money* is strictly segregated by being transferred to *client accounts* that cannot be used to reimburse other creditors in the event of the *firm's* insolvency (*CASS 5.3* and *5.4* provide different means of achieving such segregation).
- 5.1.8 G *Firms* which carry on *designated investment business* which may, for example, involve them handling *client money* in respect of life assurance business should refer to *CASS 4* which includes provisions enabling *firms* to elect to comply solely with *CASS 4* or with *CASS 5* in respect of that business.
- 5.1.9 G *Firms* are reminded that *SUP 3* contains provisions which are relevant to the preparation and delivery of reports by auditors.
- 5.2 Holding money as agent of insurance undertaking
- Introduction
- 5.2.1 G *Money* is not *client money* when a *firm* holds *money* as agent for an *insurance undertaking* to which *premiums* are, or will become, payable or from whom claims *money* or *premium* refunds are received for onward payment to the *firm's* *client*. This is because for the purposes of *CASS 5.1* to *5.6* an *insurance undertaking* with whom a *firm* transacts *insurance mediation activity* is not treated as a *client* of the *firm*. Where a *firm* acts as the agent of an *insurance undertaking* (for the purpose of receiving *premiums*, claims *money* and *premium* refunds) the *firm's* *clients* will be adequately protected because *premiums* will be treated as being received by the *insurance undertaking* when they are received by the agent and claims *money* and *premium* refunds will only be treated as received by the *client* when they are actually paid over.

- 5.2.2 G (1) Agency agreements between *insurance intermediaries* and *insurance undertakings* may be of a general kind and facilitate the introduction of business to the *insurance undertaking*. Alternatively, an agency agreement may confer on the *intermediary* contractual authority to commit the *insurance undertaking* to risk or authority to settle claims or handle *premium* refunds (often referred to as "binding authorities"). *CASS 5.2.3 R* requires that binding authorities of this kind must provide that the *intermediary* is to act as the agent of the *insurance undertaking* for the purpose of receiving and holding *premiums* (if the *intermediary* has authority to commit the *insurance undertaking* to risk), claims *monies* (if the *intermediary* has authority to settle claims on behalf of the *insurance undertaking*) and *premium* refunds (if the *intermediary* has authority to make refunds of *premiums* on behalf of the *insurance undertaking*). Accordingly such *money* is not *client money* for the purpose of *CASS 5*.
- (2) Other introductory agency agreements may also, depending on their precise terms, satisfy some or all of the requirements of the type of written agreement which will result in a transfer of risk for the purposes of *CASS 5.2*. It is desirable that an *intermediary* should, before informing its *clients* (in accordance with *CASS 5.2.3 R (3)*) that it will receive *money* as agent of an *insurance undertaking*, agree the terms of that notification with the relevant *insurance undertakings*.

Requirement for written agreement before acting as agent of insurance undertaking

- 5.2.3 R (1) A *firm* must not agree to:
- (a) *deal in investments as agent* for an *insurance undertaking* in connection with *insurance mediation activity*; or
  - (b) act as agent for an *insurance undertaking* for the purpose of settling claims or handling *premium* refunds; or
  - (c) otherwise receive *money* as agent of an *insurance undertaking*;
- unless:
- (d) it has entered into a written agreement with the *insurance undertaking* to that effect; and
  - (e) it is satisfied on reasonable grounds that the terms of the policies issued by the *insurance undertaking* to the *firm's clients* are likely to be compatible with such an agreement; and
  - (f) (i) (in the case of (a)) the agreement required by (d) expressly provides for the *firm* to act as agent of the *insurance undertaking* for the purpose of receiving *premiums* from the *firm's clients*; and

- (ii) (in the case of (b)) the agreement required by (d) expressly provides for the *firm* to act as agent of the *insurance undertaking* for the purpose of receiving and holding claims *money* (or, as the case may be, *premium* refunds) prior to transmission to the client making the *claim* (or, as the case may be, entitled to the *premium refund*) in question.
- (2) A *firm* must retain a copy of any agreement it enters pursuant to (1) for a period of at least six years from the date on which it is terminated.
- (3) Where a *firm* holds, or is to hold, *money* as agent for an *insurance undertaking* it must ensure that it informs those of its *clients* whose transactions may be affected by the arrangement (whether in its *terms of business*, *client agreements* or otherwise in writing) that it will hold their *money* as agent of the *insurance undertaking* and if necessary the extent of such agency and whether it includes all items of *client money* or is restricted, for example, to the receipt of *premiums*.
- (4) A *firm* may (subject to the consent of the *insurance undertaking* concerned) include in an agreement in (1) provision for *client money* received by an *appointed representative* to be held by the *representative* as agent for the *insurance undertaking* (in which event it must ensure that the *representative* provides the information to *clients* required by (3)).
- 5.2.4 G *Firms* are reminded that CASS 5.1.5R(1)(b) provides that *money* held in accordance with an agreement made under CASS 5.2.3R is not *client money* and, in accordance with the *rules* in CASS 5.5, that *money* must not be kept in a *client bank account*.
- 5.2.5 G A *firm* which provides for the protection of a *client* under CASS 5.2 is relieved of the obligation to provide protection for that *client* under CASS 5.3 or CASS 5.4 to the extent of the items of the *money* protected by the agency agreement.
- 5.2.6 G A *firm* may in accordance with CASS 5.2.3R (4), arrange for an *insurance undertaking* to accept responsibility for the *money* held by its *appointed representatives* in which event CASS 5.5.18R to CASS 5.5.25G will not apply.
- 5.2.7 G A *firm* may operate on the basis of an agency agreement as provided for by CASS 5.2.3R for some of its *clients* and with protection provided by a *client money* trust in accordance with CASS 5.3 or 5.4 for other *clients*. A *firm* may also operate on either basis for the same *client* but in relation to different transactions. A *firm* which does so should be satisfied that its administrative systems and controls are adequate and, in accordance with CASS 5.2.4G, should ensure that *money* held for both types of *client* and business is kept separate.
- 5.3 Statutory trust

- 5.3.1 G Section 139(1) of the *Act* (Miscellaneous ancillary matters) provides that *rules* may make provision which result in *client money* being held by a *firm* on trust (England and Wales and Northern Ireland) or as agent (Scotland only). *CASS 5.3.2R* creates a fiduciary relationship between the *firm* and its *client* under which *client money* is in the legal ownership of the *firm* but remains in the beneficial ownership of the *client*. In the event of failure of the *firm*, costs relating to the distribution of *client money* may have to be borne by the trust.
- 5.3.2 R A *firm* (other than a *firm* acting in accordance with *CASS 5.4*) receives and holds *client money* as trustee (or in Scotland as agent) on the following terms:
- (1) for the purposes of and on the terms of *CASS 5.3*, *CASS 5.5* and the *client money (insurance) distribution rules*;
  - (2) subject to (3), for the *clients* for whom that *money* is held, according to their respective interests in it;
  - (3) on *failure* of the *firm*, for the payment of the costs properly attributable to the distribution of the *client money* in accordance with (2); and
  - (4) after all valid claims and costs under (2) and (3) have been met, for the *firm* itself.
- 5.3.3 G (1) A *firm* which holds *client money* can discharge its obligation to ensure adequate protection for its *clients* in respect of such *money* by complying with *CASS 5.3* which provides for such *money* to be held by the *firm* on the terms of a trust imposed by the *rules*.
- (2) The trust imposed by *CASS 5.3* is limited to a trust in respect of *client money* which a *firm* receives and holds. The consequential and supplementary requirements in *CASS 5.5* are designed to secure the proper segregation and maintenance of adequate *client money* balances. In particular, *CASS 5.5* does not permit a *firm* to use *client money* balances to provide credit for *clients* (or potential *clients*) such that, for example, their *premium* obligations may be met in advance of the *premium* being remitted to the *firm*. A *firm* wishing to provide credit for *clients* may however do so out of its own funds.

## 5.4 Non-statutory client money trust

### Introduction

- 5.4.1 G (1) *CASS 5.4* permits a *firm*, which has adequate resources, systems and controls, to declare a trust on terms which expressly authorise it, in its capacity as trustee, to make advances of credit to the *firm's clients*. The *client money* trust required by *CASS 5.4* extends to such debt obligations which will arise if the *firm*, as trustee, makes credit advances, to enable a client's *premium* obligations to be met before the *premium* is remitted to the *firm* and similarly if it allows claims and *premium* refunds to be paid to the *client* before receiving remittance of those *monies* from the *insurance undertaking*.
- (2) *CASS 5.4* does not permit a *firm* to make advances of credit to itself out of the *client money* trust. Accordingly, *CASS 5.4* does not permit a *firm* to withdraw *commission* from the *client money* trust before it has received the *premium* from the *client* in relation to the *non-investment insurance contract* which generated the *commission*.

Voluntary nature of this section

5.4.2 R A *firm* may elect to comply with the requirements in this section, and may do so for some of its business whilst complying with *CASS 5.3* for other parts.

5.4.3 R A *firm* is not subject to *CASS 5.3* when and to the extent that it acts in accordance with this section.

Conditions for using the non-statutory client money trust

- 5.4.4 R A *firm* may not handle *client money* in accordance with the *rules* in this section unless each of the following conditions is satisfied:
- (1) the *firm* must have and maintain systems and controls which are adequate to ensure that the *firm* is able to monitor and manage its *client money* transactions and any credit risk arising from the operation of the trust arrangement and, if in accordance with *CASS 5.4.2R* a *firm* complies with both the *rules* in *CASS 5.3* and *CASS 5.4*, such systems and controls must extend to both arrangements;
  - (2) the *firm* must obtain, and keep current, written confirmation from its auditor that it has in place systems and controls which are adequate to meet the requirements in (1);
  - (3) the *firm* must designate a *manager* with responsibility for overseeing the *firm's* day to day compliance with the systems and controls in (1) and the *rules* in this section;
  - (4) the *firm* (if, under the terms of the non-statutory trust, it is to handle *client money* for *retail customers*) must have and at all times maintain capital resources of not less than £50,000 calculated in accordance with *PRU 9.3.51R*; and

- (5) in relation to each of the *clients* for whom the *firm* holds *money* in accordance with *CASS 5.4*, the *firm* must take reasonable steps to ensure that its *terms of business* or other *client agreements* adequately explain, and obtain the *client's* informed consent to, the *firm* holding the *client's money* in accordance with *CASS 5.4*.
- 5.4.5 G The amount of a *firm's* capital resources maintained for the purposes of *PRU 9.3.30R* will also satisfy (in whole or in part) the requirement in *CASS 5.4.4R (4)*.
- Client money to be received under the non-statutory client money trust
- 5.4.6 R A *firm* must not receive or hold any *client money* unless it does so as trustee (or, in Scotland, as agent) and has properly executed a deed (or equivalent formal document) to that effect.
- Contents of trust deed
- 5.4.7 R The deed referred to in *CASS 5.4.6R* must provide that the *money* (and, if appropriate, *designated investments*) are held:
- (1) for the purposes of and on the terms of:
    - (a) *CASS 5.4*;
    - (b) the applicable provisions of *CASS 5.5*; and
    - (c) the *client money (insurance) distribution rules*.
  - (2) subject to (3), for the *clients* for whom that *money* is held, according to their respective interests in it;
  - (3) on *failure* of the *firm*, for the payment of the costs properly attributable to the distribution of the *client money* in accordance with (2); and
  - (4) after all valid claims and costs under (2) and (3) have been met, for the *firm* itself.
- 5.4.8 R The deed (or equivalent formal document) referred to in *CASS 5.4.6R* may provide that:
- (1) the *firm*, acting as trustee (or, in Scotland, as agent), has power to make advances or give credit to *clients* or *insurance undertakings* from *client money*, provided that it also provides that any debt or other obligation of a *client* or resulting obligation of an *insurance undertaking*, in relation to an advance or credit, is held on the same terms as *CASS 5.4.7R*;
  - (2) the benefit of a letter of credit or unconditional guarantee provided by an *approved bank* on behalf of a *firm* to satisfy any shortfall in the *firm's client money* resource (as calculated under *CASS 5.5.65R*) when compared with the *firm's client money* requirement (as calculated under *CASS 5.6.66R* or as appropriate *CASS 5.5.68R*), is held on the same terms as *CASS 5.4.7R*.

## 5.5 Segregation and the operation of client money accounts

### Application

- 5.5.1 R Unless otherwise stated each of the provisions in *CASS 5.5* applies to *firms* which are acting in accordance with *CASS 5.3* (Statutory trust) or 5.4 (Non-statutory trust).
- 5.5.2 G One purpose of *CASS 5.5* is to ensure that, unless otherwise permitted, *client money* is kept separate from the *firm's own money*. Segregation, in the event of a *firm's* failure, is important for the effective operation of the trust that is created to protect *client money*. The aim is to clarify the difference between *client money* and general creditors' entitlements in the event of the *failure* of the *firm*.
- Requirement to segregate
- 5.5.3 R A *firm* must, except to the extent permitted by *CASS 5.5*, hold *client money* separate from the *firm's money*.

Money due to a client from a firm

- 5.5.4 R If a *firm* is liable to pay *money* to a *client*, it must as soon as possible, and no later than one *business day* after the *money* is due and payable:
- (1) pay it into a *client bank account*, in accordance with CASS 5.5.5R;  
or
  - (2) pay it to, or to the order of, the *client*.

Segregation

- 5.5.5 R A *firm* must segregate *client money* by either:
- (1) paying it as soon as is practicable into a *client bank account*; or
  - (2) paying it out in accordance with CASS 5.5.80R.
- 5.5.6 G The *FSA* expects that in most circumstances it will be practicable for a *firm* to pay *client money* into a *client bank account* by not later than the next *business day* after receipt.
- 5.5.7 G Where an insurance transaction involves more than one *firm* acting in a chain such that for example *money* is transferred from a “producing” broker who has received *client money* from a *retail customer* to an intermediate broker and thereafter to an *insurance undertaking*, each broker *firm* will owe obligations to its immediate *client* to segregate *client money* which it receives (in this example the producing broker in relation to the *retail customer* and the intermediate broker in relation to the producing broker). A *firm* which allows a third party broker to hold or control *client money* will not thereby be relieved of its fiduciary obligations (see CASS 5.5.34R).
- 5.5.8 R A *firm* may segregate *client money* in a different currency from that of receipt. If it does so, the *firm* must ensure that the amount held is adjusted at intervals of not more than twenty five *business days* to an amount at least equal to the original currency amount (or the currency in which the *firm* has its liability to its *clients*, if different), translated at the previous day's closing spot exchange rate.
- 5.5.9 R A *firm* must not hold *money* other than *client money* in a *client bank account* unless it is:
- (1) a minimum sum required to open the account, or to keep it open; or
  - (2) *money* temporarily in the account in accordance with CASS 5.5.16R (Withdrawal of commission and mixed remittance); or
  - (3) interest credited to the account which exceeds the amount due to *clients* as interest and has not yet been withdrawn by the *firm*.

- 5.5.10 R If it is prudent to do so to ensure that *client money* is protected (and provided that doing so would otherwise be in accordance with CASS 5.5.63R(2)(b)), a *firm* may pay into, or maintain in, a *client bank account money* of its own, and that *money* will then become *client money* for the purposes of CASS 5 and the *client money (insurance) distribution rules*.
- 5.5.11 R A *firm*, when acting in accordance with CASS 5.3 (statutory trust), must ensure that the total amount of *client money* held for each *client* in any of the *firm's client money bank accounts* is positive and that no payment is made from any such account for the benefit of a *client* unless the *client* has provided the *firm* with cleared funds to enable the payment to be made.
- 5.5.12 R If *client money* is received by the *firm* in the form of an automated transfer, the *firm* must take reasonable steps to ensure that:
- (1) the *money* is received directly into a *client bank account*; and
  - (2) if *money* is received directly into the *firm's* own account, the *money* is transferred into a *client bank account* no later than the next *business day* after receipt.
- 5.5.13 G A *firm* can hold *client money* in either a *general client bank account* (CASS 5.5.38R) or a *designated client bank account* (CASS 5.5.39R). A *firm* holds all *client money* in *general client bank accounts* for its *clients* as part of a common pool of *money* so those particular *clients* do not have a claim against a specific sum in a specific account; they only have a claim to the *client money* in general. A *firm* holds *client money* in *designated client bank accounts* for those *clients* who requested that their *client money* be part of a specific pool of *money*, so those particular *clients* do have a claim against a specific sum in a specific account; they do not have a claim to the *client money* in general unless a *primary pooling event* occurs. If the *firm* becomes insolvent, and there is (for whatever reason) a *shortfall* in *money* held for a *client* compared with that *client's* entitlements, the available funds will be distributed in accordance with the *client money (insurance) distribution rules*.

#### Non-statutory trust - segregation of designated investments

- 5.5.14 R (1) A *firm* which handles *client money* in accordance with the *rules* for a non-statutory trust in CASS 5.4 may, to the extent it considers appropriate, but subject to (2), satisfy the requirement to segregate *client money* by segregating or arranging for the segregation of *designated investments* with a value at least equivalent to such *money* as would otherwise have been segregated into a *client bank account*.
- (2) A *firm* may not segregate *designated investments* unless it:

- (a) takes reasonable steps to ensure that any *retail customers* whose *client money* interests may be protected by such segregation are aware that the *firm* may operate such an arrangement and have (whether through its *terms of business*, *client agreements* or otherwise in writing) an adequate opportunity to give their informed consent;
- (b) ensures that the terms on which it will segregate *designated investments* include provision for it to take responsibility for meeting any *shortfall* in its *client money* resource which is attributable to falls in the market value of a segregated *investment*;
- (c) provides in the deed referred to in *CASS 5.4.6R* for *designated investments* which it segregates to be held by it on the terms of the non-statutory trust; and
- (d) takes reasonable steps to ensure that the segregation is at all times in conformity with the range of permitted *investments*, general principles and conditions in *CASS 5*, Annex 1R.

5.5.15 G A *firm* which takes advantage of *CASS 5.5.14R* will need to consider whether its *permission* should include the *permitted activity* of *managing investments*. If the *firm* is granted a power to manage with discretion the funds over which it is appointed as trustee under the trust deed required by *CASS 5.4* then it will be likely to need a *permission to manage investments*. It is unlikely to need such a permission however if it is merely granted a power to invest but the deed stipulates that the funds may only be managed with discretion by another *firm* (which has the necessary *permission*). Such an arrangement would not preclude the *firm* holding *client money* as trustee from appointing another *firm* (or *firms*) as manager and setting an appropriate strategy and overall asset allocation, subject to the limits set out in *CASS 5*, Annex 1R. A *firm* may also need to consider whether it needs a *permission* to operate a *collective investment scheme* if any of its *clients* are to participate in the income or gains arising from the acquisition or disposal of *designated investments*.

#### Withdrawal of commission and mixed remittance

5.5.16 R (1) A *firm* may draw down *commission* from the *client bank account* if:

- (a) it has received the *premium* from the *client*; and
- (b) this is consistent with the terms of business of the *insurance undertaking* to whom the *premium* is payable;

and the *firm* may draw down *commission* before payment of the *premium* to the *insurance undertaking*, provided that the conditions in (a) and (b) are satisfied.

(2) If a *firm* receives a *mixed remittance* (that is part *client money* and part other *money*), it must:

- (a) pay the full sum into a *client bank account* in accordance with CASS 5.5.5R; and
- (b) pay the *money* that is not *client money* out of the *client bank account* as soon as reasonably practicable and in any event by not later than twenty-five *business days* after the day on which the remittance is cleared.

- 5.5.17 G
- (1) The procedure required by CASS 5.5.16R will apply where *money* becomes due to the *firm* in respect of *fees* due from *clients* (whether to the *firm* or other professionals) and amounts in respect of *commission* which becomes due to the *firm* from an *insurance undertaking*.
  - (2) *Firms* are reminded that *money* received in accordance with CASS 5.2 must not be kept in a *client bank account*. *Client money* received from a third party *premium* finance provider should however be segregated into a *client bank account*.
  - (3) Where a *client* makes payments of *premium* to a *firm* in instalments, CASS 5.5.16R applies in relation to each instalment.

Appointed representatives, field representatives and other agents

- 5.5.18 R
- (1) A *firm* must in relation to each of its *appointed representatives, field representatives* and other agents comply with CASS 5.5.19R to CASS 5.5.21R (Immediate segregation) or with CASS 5.5.23R (Periodic segregation and reconciliation).
  - (2) A *firm* must in relation to each *representative* or other agent keep a record of whether it is complying with CASS 5.5.19R to CASS 5.5.21R or with CASS 5.5.23R.
  - (3) A *firm* is, but without affecting the application of CASS 5.5.19R to CASS 5.5.23R, to be treated as the recipient of *client money* which is received by any of its *appointed representatives, field representatives* or other agents.

Immediate segregation

- 5.5.19 R
- A *firm* must establish and maintain procedures to ensure that *client money* received by its *appointed representatives, field representatives* or other agents of the *firm* is:
- (1) paid into a *client bank account* of the *firm* in accordance with CASS 5.5.5R; or
  - (2) forwarded to the *firm*, or in the case of a *field representative* forwarded to a specified business address of the *firm*, so as to ensure that the *money* arrives at the specified business address by the close of the third *business day*.

- 5.5.20 G For the purposes of CASS 5.5.19R, the *client money* received on *business day* one should be forwarded to the *firm* or specified business address of the *firm* no later than the next *business day* after receipt (*business day* two) in order for it to reach that *firm* or specified business address by the close of the third *business day*. Procedures requiring the *client money* to be sent to the *firm* or the specified business address of the *firm* by first class post no later than the next *business day* after receipt would meet the requirements of CASS 5.5.19R.
- 5.5.21 R If *client money* is received in accordance with CASS 5.5.19R, the *firm* must ensure that its *appointed representatives, field representatives* or other agents keep *client money* (whether in the form of *premiums, claims money* or *premium* refunds) separately identifiable from any other *money* (including that of the *firm*) until the *client money* is paid into a *client bank account* or sent to the *firm*.
- 5.5.22 G A *firm* which acts in accordance with CASS 5.5.19R to CASS 5.5.21R need not comply with CASS 5.5.23R.

#### Periodic segregation and reconciliation

- 5.5.23 R
- (1) A *firm* must, on a regular basis, and at reasonable intervals, ensure that it holds in its *client bank account* an amount which (in addition to any other amount which it is required by these *rules* to hold) is not less than the amount which it reasonably estimates to be the aggregate of the amounts held at any time by its *appointed representatives, field representatives* and other agents.
  - (2) A *firm* must, not later than ten *business days* following the expiry of each period in (1):
    - (a) carry out, in relation to each such *representative* or agent, a reconciliation of the amount paid by the *firm* into its *client bank account* with the amount of *client money* actually received and held by the *representative* or other agent; and
    - (b) make a corresponding payment into, or withdrawal from, the account.

- 5.5.24 G (1) *CASS 5.5.23R* allows a *firm* with *appointed representatives*, *field representatives* and other agents to avoid the need for the *representative* to forward *client money* on a daily basis but instead requires a *firm* to segregate into its *client money bank account* amounts which it reasonably estimates to be sufficient to cover the amount of *client money* which the *firm* expects its *representatives* or agents to receive and hold over a given period. At the expiry of each such period, the *firm* must obtain information about the actual amount of *client money* received and held by its *representatives* so that it can reconcile the amount of *client money* it has segregated with the amounts actually received and held by its *representatives* and agents. The frequency at which this reconciliation is to be performed is not prescribed but it must be at regular and reasonable intervals having regard to the nature and frequency of the *insurance business* carried on by its *representatives* and agents. For example a period of six *months* might be appropriate for a *representative* which conducts business involving the receipt of *premiums* only infrequently whilst for other *representatives* a periodic reconciliation at *monthly* intervals (or less) may be appropriate.
- (2) Where a *firm* operates on the basis of *CASS 5.5.23R*, the *money* which is segregated into its *client bank account* is *client money* and will be available to meet any obligations owed to the *clients* of its *representatives* who for this purpose are treated as the *firm's clients*.
- 5.5.25 G A *firm* which acts in accordance with *CASS 5.5.23R* need not comply with *CASS 5.5.19R* to *CASS 5.5.21R*.
- Client entitlements
- 5.5.26 R A *firm* must take reasonable steps to ensure that it is notified promptly of any receipt of *client money* in the form of *client* entitlements.
- 5.5.27 G The 'entitlements' mentioned in *CASS 5.5.26R* refer to any kind of miscellaneous payment which the *firm* receives on behalf of a *client* and which are due to be paid to the *client*.
- 5.5.28 R When a *firm* receives a *client* entitlement on behalf of a *client*, it must pay any part of it which is *client money*:
- (1) for *client* entitlements received in the *United Kingdom*, into a *client bank account* in accordance with *CASS 5.5.5R*; or
- (2) for *client* entitlements received outside the *United Kingdom*, into any bank account operated by the *firm*, provided that such *client money* is:
- (a) paid to, or in accordance with, the instructions of the *client* concerned; or
- (b) paid into a *client bank account* in accordance with *CASS 5.5.5R* (1), as soon as possible but no later than five *business days* after the *firm* is notified of its receipt.

5.5.29 R A *firm* must take reasonable steps to ensure that a *client* entitlement which is *client money* is allocated within a reasonable period of time after notification of receipt.

#### Interest and investment returns

5.5.30 R (1) In relation to *retail customers*, a *firm* must, subject to (2), take reasonable steps to ensure that its *terms of business* or other *client agreements* adequately explain, and where necessary obtain a *client's* informed consent to, the treatment of interest and, if applicable, investment returns, derived from its holding of *client money* and any segregated *designated investments*.

(2) In respect of interest earned on *client bank accounts*, (1) does not apply if a *firm* has reasonable ground to be satisfied that in relation to *insurance mediation activities* carried on with or for a *retail customer* the amount of interest earned will be not more than £20 per transaction.

5.5.31 G If no interest is payable to a *retail customer*, that fact should be separately identified in the *firm's client agreement* or *terms of business*.

5.5.32 G If a *firm* outlines its *policy* on its payment of interest, it need not necessarily disclose the actual rates prevailing at any particular time; the *firm* should disclose the terms, for example, LIBOR plus or minus 'x' percentage points.

#### Transfer of client money to a third party

5.5.33 G CASS 5.5.34R sets out the requirements a *firm* must comply with when it transfers *client money* to another *person* without discharging its fiduciary duty owed to that *client*. Such circumstances arise when, for example, a *firm* passes *client money* to another broker for the purposes of the *client's* transaction being effected. A *firm* can only discharge itself from its fiduciary duty by acting in accordance with, and in the circumstances permitted by, CASS 5.5.80R.

5.5.34 R A *firm* may allow another *person*, such as another broker to hold or control *client money*, but only if:

- (1) the *firm* transfers the *client money* for the purpose of a transaction for a *client* through or with that *person*; and
- (2) in the case of a *retail customer*, that *customer* has been notified (whether through a *client agreement*, *terms of business*, or otherwise in writing) that the *client money* may be transferred to another *person*.

5.5.35 G In relation to the notification required by CASS 5.5.34R (2), there is no need for a *firm* to make a separate disclosure in relation to each transfer made.

- 5.5.36 G A *firm* should not hold excess *client money* with another broker. It should be held in a *client bank account*.

Client bank accounts

- 5.5.37 G The *FSA* generally requires a *firm* to place *client money* in a *client bank account* with an *approved bank*. However, a *firm* which is an *approved bank* must not (subject to *CASS 5.1.1R(2)(e)*) hold *client money* in an account with itself.
- 5.5.38 R (1) A *firm* must ensure that *client money* is held in a *client bank account* at one or more *approved banks*.
- (2) If the *firm* is a bank, it must not hold *client money* in an account with itself.
- 5.5.39 R A *firm* may open one or more *client bank accounts* in the form of a *designated client bank account*. Characteristics of these accounts are that:
- (1) the account holds *money* of one or more *clients*;
- (2) the account includes in its title the word 'designated';
- (3) the *clients* whose *money* is in the account have each consented in writing to the use of the bank with which the *client money* is to be held; and
- (4) in the event of the *failure* of that bank, the account is not pooled with any other type of account unless a *primary pooling event* occurs.
- 5.5.40 G (1) A *firm* may operate as many *client accounts* as it wishes.
- (2) A *firm* is not obliged to offer its *clients* the facility of a *designated client bank account*.
- (3) Where a *firm* holds *money* in a *designated client bank account*, the effect upon either:
- (a) the *failure* of a bank where any other *client bank account* is held; or
- (b) the *failure* of a third party to whom *money* has been transferred out of any other *client bank account* in accordance with *CASS 5.5.34R*;
- (each of which is a *secondary pooling event*) is that *money* held in the *designated client bank account* is not pooled with *money* held in any other account. Accordingly *clients* whose *money* is held in a *designated client bank account* will not share in any *shortfall* resulting from a *failure* of the type described in (a) or (b).

- (4) Where a *firm* holds *client money* in a *designated client bank account*, the effect upon the failure of the *firm* (which is a *primary pooling event*) is that *money* held in the *designated client bank account* is pooled with *money* in every other *client bank account* of the *firm*. Accordingly, *clients* whose *money* is held in a *designated client bank account* will share in any *shortfall* resulting from a *failure* of the *firm*.

5.5.41 R A *firm* may hold *client money* with a bank that is not an *approved bank* if all the following conditions are met:

- (1) the *client money* relates to one or more insurance transactions which are subject to the law or market practice of a jurisdiction outside the *United Kingdom*;
- (2) because of the applicable law or market practice of that overseas jurisdiction, it is not possible to hold the *client money* in a *client bank account* with an *approved bank*;
- (3) the *firm* holds the *money* with such a bank for no longer than is necessary to effect the transactions;
- (4) the *firm* notifies each relevant *client* and has, in relation to a *retail customer*, a *client agreement* or *terms of business* which adequately explain that:
  - (a) the *client money* will not be held with an *approved bank*;
  - (b) in such circumstances, the legal and regulatory regime applying to the bank with which the *client money* is held will be different from that of the *United Kingdom* and, in the event of a *failure* of the bank, the *client money* may be treated differently from the treatment which would apply if the *client money* were held by an *approved bank* in the *United Kingdom*; and
  - (c) if it is the case, the particular bank has not accepted that it has no right of set-off or counterclaim against *money* held in a *client bank account*, in respect of any sum owed on any other account of the *firm*, notwithstanding the *firm's* request to the bank as required by CASS 5.5.49R; and
- (5) the *client money* is held in a designated bank account.

A firm's selection of a bank

- 5.5.42 G A *firm* owes a duty of care to a *client* when it decides where to place *client money*. The review required by CASS 5.5.43R is intended to ensure that the risks inherent in placing *client money* with a bank are minimised or appropriately diversified by requiring a *firm* to consider carefully the bank or banks with which it chooses to place *client money*. For example, a *firm* which is likely only to hold relatively modest amounts of *client money* will be likely to be able to satisfy this requirement if it selects an *authorised* UK clearing bank.
- 5.5.43 R Before a *firm* opens a *client bank account* and as often as is appropriate on a continuing basis (and no less than once in each financial year), it must take reasonable steps to establish that the bank is appropriate for that purpose.
- 5.5.44 G A *firm* should consider diversifying placements of *client money* with more than one bank where the amounts are, for example, of sufficient size to warrant such diversification.
- 5.5.45 G When considering where to place *client money* and to determine the frequency of the appropriateness test under CASS 5.5.43R, a *firm* should consider taking into account, together with any other relevant matters:
- (1) the capital of the bank;
  - (2) the amount of *client money* placed, as a proportion of the bank's capital and *deposits*;
  - (3) the credit rating of the bank (if available); and
  - (4) to the extent that the information is available, the level of risk in the investment and loan activities undertaken by the bank and its *affiliated companies*.
- 5.5.46 G A *firm* will be expected to perform due diligence when opening a *client bank account* with a bank that is authorised by an *EEA regulator*. Any continuing assessment of that bank may be restricted to verification that it remains authorised by an *EEA regulator*.

Group banks

- 5.5.47 R Subject to CASS 5.5.41R, a *firm* that holds or intends to hold *client money* with a bank which is in the same *group* as the *firm* must:
- (1) undertake a continuous review in relation to that bank which is at least as rigorous as the review of any bank which is not in the same *group*, in order to ensure that the decision to use a *group* bank is appropriate for the *client*;

- (2) disclose in writing to its *client* at the outset of the *client* relationship (whether by way of a *client agreement*, *terms of business* or otherwise in writing) or, if later, not less than 20 *business days* before it begins to hold *client money* of that *client* with that bank:
- (a) that it is holding or intends to hold *client money* with a bank in the same *group*;
  - (b) the identity of the bank concerned; and
  - (c) that the *client* may choose not to have his *money* placed with such a bank.
- 5.5.48 R If a *client* has notified a *firm* in writing that he does not wish his *money* to be held with a bank in the same *group* as the *firm*, the *firm* must either:
- (1) place that *client money* in a *client bank account* with another bank in accordance with CASS 5.5.38R; or
  - (2) return that *client money* to, or pay it to the order of, the *client*.
- Notification and acknowledgement of trust (banks)
- 5.5.49 R When a *firm* opens a *client bank account*, the *firm* must give or have given written notice to the bank requesting the bank to acknowledge to it in writing:
- (1) that all *money* standing to the credit of the account is held by the *firm* as trustee (or if relevant in Scotland, as agent) and that the bank is not entitled to combine the account with any other account or to exercise any right of set-off or counterclaim against *money* in that account in respect of any sum owed to it on any other account of the *firm*; and
  - (2) that the title of the account sufficiently distinguishes that account from any account containing *money* that belongs to the *firm*, and is in the form requested by the *firm*.
- 5.5.50 R In the case of a *client bank account* in the *United Kingdom*, if the bank does not provide the acknowledgement referred to in CASS 5.5.49R within 20 *business days* after the *firm* dispatched the notice, the *firm* must withdraw all *money* standing to the credit of the account and deposit it in a *client bank account* with another bank as soon as possible.
- 5.5.51 R In the case of a *client bank account* outside the *United Kingdom*, if the bank does not provide the acknowledgement referred to in CASS 5.5.49R within 20 *business days* after the *firm* dispatched the notice, the *firm* must notify the *client* of this fact as set out in CASS 5.5.53R.
- 5.5.52 G *Firms* are reminded of the provisions of CASS 5.5.41R (4), which sets out the notification and consents required when using a bank that is not an *approved bank*.

Notification to clients: use of an approved bank outside the United Kingdom

- 5.5.53 R A *firm* must not hold, for a *retail customer*, *client money* in a *client bank account* outside the *United Kingdom*, unless the *firm* has previously disclosed to the *retail customer* (whether in its *terms of business*, *client agreement* or otherwise in writing):
- (1) that his *money* may be deposited in a *client bank account* outside the *United Kingdom* but that the *client* may notify the *firm* that he does not wish his *money* to be held in a particular jurisdiction;
  - (2) that in such circumstances, the legal and regulatory regime applying to the *approved bank* will be different from that of the *United Kingdom* and, in the event of a *failure* of the bank, his *money* may be treated in a different manner from that which would apply if the *client money* were held by a bank in the *United Kingdom*; and
  - (3) if it is the case, that a particular bank has not accepted that it has no right of set-off or counterclaim against *money* held in a *client bank account* in respect of any sum owed on any other account of the *firm*, notwithstanding the *firm's* request to the bank as required by CASS 5.5.49R.

5.5.54 G There is no need for a *firm* to make a separate disclosure under CASS 5.5.53R (1) and (2) in relation to each jurisdiction.

5.5.55 G *Firms* are reminded of the provisions of CASS 5.5.41R (4), which sets out the notification and consents required when using a bank that is not an *approved bank*.

5.5.56 R If a *client* has notified a *firm* in writing before entering into a transaction that *client money* is not to be held in a particular jurisdiction, the *firm* must either:

- (1) hold the *client money* in a *client bank account* in a jurisdiction to which the *client* has not objected; or
- (2) return the *client money* to, or to the order of, the *client*.

5.5.57 G *Firms* are reminded of the provisions of CASS 5.5.41R (4), which sets out the notification and consents required when using a bank that is not an *approved bank*.

Notification to retail customers: use of broker or settlement agent outside the United Kingdom

5.5.58 R A *firm* must not undertake any transaction for a *retail customer* that involves *client money* being passed to another broker or *settlement agent* located in a jurisdiction outside the *United Kingdom*, unless the *firm* has previously disclosed to the *retail customer* (whether in its *terms of business*, *client agreement* or otherwise in writing):

- (1) that his *client money* may be passed to a *person* outside the *United Kingdom* but the *client* may notify the *firm* that he does not wish his *money* to be passed to a *person* in a particular jurisdiction; and
- (2) that, in such circumstances, the legal and regulatory regime applying to the broker or *settlement agent* will be different from that of the *United Kingdom* and, in the event of a *failure* of the broker or *settlement agent*, this *money* may be treated in a different manner from that which would apply if the *money* were held by a broker or *settlement agent* in the *United Kingdom*.

5.5.59 G There is no need for a *firm* to make a separate disclosure under CASS 5.5.58R in relation to each jurisdiction.

5.5.60 R If a *client* has notified a *firm* before entering into a transaction that he does not wish his *money* to be passed to another broker or *settlement agent* located in a particular jurisdiction, the *firm* must either:

- (1) hold the *client money* in a *client bank account* in the *United Kingdom* or a jurisdiction to which the *client* has not objected and pay its own *money* to the *firm's* own account with the broker, agent or counterparty; or
- (2) return the *money* to, or to the order of, the *client*.

Notification to the FSA: failure of a bank, broker or settlement agent

5.5.61 R On the *failure* of a third party with which *client money* is held, a *firm* must notify the *FSA*:

- (1) as soon as it becomes aware, of the *failure* of any bank, other broker or *settlement agent* or other entity with which it has placed, or to which it has passed, *client money*; and
- (2) as soon as reasonably practical, whether it intends to make good any *shortfall* that has arisen or may arise and of the amounts involved.

Client money calculation

5.5.62 G The purpose of the *client money* calculation is to act as a check that the amount of *client money* (and where appropriate the value of segregated *designated investments*) that is segregated at banks (and where appropriate third parties) is sufficient to meet the *firm's* obligations to its *clients*. For this purpose two, alternative, calculation methods are permitted, but a *firm* must use the same calculation method in relation to both CASS 5.3 and CASS 5.4. The first requires a *firm* to calculate its *client money* requirement by reference to individual *client money* balances. The second permits a *firm* to carry out the calculation on the basis of information in its business ledgers. In either case, the *firm* must carry out the calculation at least every 25 *business days*.

- 5.5.63 R A *firm* must, as often as is necessary to ensure the accuracy of its records and at least at intervals of not more than 25 *business days*:
- (1) check whether its *client money* resource, as determined by CASS 5.5.65R on the previous *business day*, was at least equal to the *client money* requirement, as defined in CASS 5.5.66R or CASS 5.5.68R, as at the close of business on that day; and
  - (2) ensure that:
    - (a) any *shortfall* is paid into a *client bank account* by the close of business on the day the calculation is performed; or
    - (b) any excess is withdrawn within the same time period unless CASS 5.5.9R or CASS 5.5.10R applies to the extent that the *firm* is satisfied on reasonable grounds that it is prudent to maintain a positive margin to ensure the test in (1) is satisfied having regard to any unreconciled items in its business ledgers as at the date on which the calculations are performed; and
  - (3) ensure that it includes in any calculation of its *client money* requirement (whether calculated in accordance with CASS 5.5.66R or CASS 5.5.68R) any amounts attributable to *client money* received by its *appointed representatives*, *field representatives* or other agents and which, as at the date of calculation, it is required to segregate in accordance with CASS 5.5.19R.

- 5.5.64 R A *firm* must keep a record of whether it calculates its *client money* requirement in accordance with CASS 5.5.66R or CASS 5.5.68R and may only use one method during each annual accounting period (which method must be the same in relation to both CASS 5.3 and CASS 5.4).

#### Client money resource

- 5.5.65 R The *client money* resource, for the purposes of CASS 5.5.63R, is:
- (1) the aggregate of the balances on the *firm's client money bank accounts*, as at the close of business on the previous *business day* and, if held in accordance with CASS 5.4, *designated investments* (valued on a prudent and consistent basis) together with *client money* held by a third party in accordance with CASS 5.5.34R;
  - (2) to the extent that *client money* is held in accordance with CASS 5.3 (statutory trust), insurance debtors (which in this case cannot include pre-funded items); and
  - (3) to the extent that *client money* is held in accordance with CASS 5.4 (non-statutory trust):

- (a) all insurance debtors (including pre-funded items whether in respect of advance *premiums*, claims, *premium* refunds or otherwise) shown in the *firm's* business ledgers as amounts due from *clients*, *insurance undertakings* and other *persons*, such debts valued on a prudent and consistent basis to the extent required to meet any shortfall of the *client money* resource compared with the *firm's client money* requirement; and
- (b) the amount of any letter of credit or unconditional guarantee provided by an *approved bank* and held on the terms of the trust (or, in Scotland, agency), limited to:
  - (i) the maximum sum payable by the *approved bank* under the letter of credit or guarantee; or
  - (ii) if less, the amount which would, apart from the benefit of the letter of credit or guarantee, be the *shortfall* of the *client money* resource compared with the *client money* requirement under CASS 5.5.66R or CASS 5.5.68R.

Client money (client balance) requirement

5.5.66 R A *firm's client money* (*client balance*) requirement is the sum of, for all *clients*, the individual *client* balances calculated in accordance with CASS 5.5.67R but excluding any individual balances which are negative (that is, uncleared *client* funds).

5.5.67 R The individual *client* balance for each *client* must be calculated as follows:

- (1) the amount paid by a *client* to the *firm* (to include all *premiums*); plus
- (2) the amount due to the *client* (to include all claims and *premium* refunds); plus
- (3) the amount of any interest or investment returns due to the *client*;
- (4) less the amount paid to *insurance undertakings* for the benefit of the *client* (to include all *premiums*);
- (5) less the amount paid by the *firm* to the *client* (to include all claims and *premium* refunds);

and where the individual *client* balance is found by the sum ((1) + (2) + (3)) – ((4) + (5)).

Client money (accruals) requirement

5.5.68 R A *firm's client money* (accruals) requirement is the sum of the following:

- (1) all insurance creditors shown in the *firm's* business ledgers as amounts due to *insurance undertakings*, *clients* and other *persons*; plus

- (2) unearned brokerage being the amount of brokerage shown as accrued (but not shown as earned and payable) as at the date of the calculation (a prudent estimate must be used if the *firm* is unable to produce an exact figure at the date of the calculation).

5.5.69 R A *firm* which calculates its *client money* requirement on the preceding basis must in addition and within a reasonable period be able to match its *client money* resource to its requirement by reference to individual *clients* (with such matching being achieved for the majority of its *clients* and transactions).

Reconciliation of client money: frequency of reconciliation

5.5.70 R A *firm* must perform a reconciliation of the *client money* balances which it holds, or if appropriate perform the *client money* (accruals) calculation, as frequently as is necessary to ensure the accuracy of its record of *money* so held, and no less than once in every 25 *business days*.

5.5.71 G In determining whether the minimum acceptable frequency is sufficient, a *firm* should consider the risks to which the business is exposed, such as the volume of business, and where and with whom the *client money* is held.

5.5.72 R A *firm* must complete the reconciliation of *client money* within ten *business days* of the date on which the *client money* resource and *client money* requirement were determined.

Verification of banking records

5.5.73 R A *firm* must for the purpose of the calculations required by CASS 5.5.63R compare the balance on each *client bank account* as recorded by the *firm* with the balance on that account as set out on the statement or other form of confirmation issued by the bank with which that account is held.

Verification discrepancies

5.5.74 R When any discrepancy arises as a result of the verification carried out under CASS 5.5.73R, the *firm* must identify the reason for the discrepancy and correct it as soon as possible, unless the discrepancy arises solely as a result of timing differences between the accounting systems of the party providing the statement or confirmation and those of the *firm*.

5.5.75 R While a *firm* is unable to resolve a difference arising from a reconciliation, and one record or a set of records examined by the *firm* during its reconciliation indicates that there is a need to have a greater amount of *client money* than is in fact the case, the *firm* must assume, until the matter is finally resolved, that the record or set of records is accurate and pay its own *money* into a relevant account.

Failure to perform calculations

- 5.5.76 R A *firm's* must notify the *FSA* immediately if it is unable to, or does not, perform the calculation required by *CASS 5.5.63R*.
- 5.5.77 R A *firm* must notify the *FSA* immediately it becomes aware that it may not be able to make good any *shortfall* identified by *CASS 5.5.63R* by the close of business on the day the calculation is performed.
- 5.5.78 R A *firm* must notify the *FSA* as soon as possible if it is unable to comply with any of the requirements of *CASS 5.5.70R*, *CASS 5.5.72R*, *CASS 5.5.73R*, *CASS 5.5.74R* and *CASS 5.5.75R*.

Discharge of fiduciary duty

- 5.5.79 G The purpose of *CASS 5.5.80R* to *CASS 5.5.83R* is to set out those situations in which a *firm* will have fulfilled its contractual and fiduciary obligations in relation to any *client money* held for or on behalf of its *client*, in relation to the *firm's* ability to require repayment of that *money*.
- 5.5.80 R *Money* ceases to be *client money* if it is paid:
- (1) to the *client*, or a duly authorised representative of the *client*; or
  - (2) to a third party on the instruction of or with the specific consent of the *client*, but not if it is transferred to a third party in the course of effecting a transaction, in accordance with *CASS 5.5.34R*; or
  - (3) into a bank account of the *client* (not being an account which is also in the name of the *firm*); or
  - (4) to the *firm* itself, when it is due and payable to the *firm* in accordance with *CASS 5.1.5R* (1); or
  - (5) to the *firm* itself, when it is an excess in the *client bank account* as set out in *CASS 5.5.63R* (2)(b).
- 5.5.81 G
- (1) A *firm* which pays professional fees (for example to a loss adjuster or valuer) on behalf of a *client* may do so in accordance with *CASS 5.5.80R* (2) where this is done on the instruction of or with the consent of the *client*.
  - (2) When a *firm* wishes to transfer *client money* balances to a third party in the course of transferring its business to another *firm*, it should do so in compliance with *CASS 5.5.80R* and a transferee *firm* will come under an obligation to treat any *client money* so transferred in accordance with these *rules*.
  - (3) *Firms* are reminded of their obligation, when transferring *money* to third parties in accordance with *CASS 5.5.34R*, to use appropriate skill, care and judgment in their selection of third parties in order to ensure adequate protection of *client money*.

- (4) *Firms* are reminded that, in order to calculate their *client money* resource in accordance with *CASS 5.5.63R* to *CASS 5.5.65R*, they will need to have systems in place to produce an accurate accounting record showing how much *client money* is being held by third parties at any point in time. For the purposes of *CASS 5.5.63R* to *CASS 5.5.65R*, however, a *firm* must assume that *monies* remain at an intermediate broker awaiting completion of the transaction unless it has received confirmation that the transaction has been completed.

- 5.5.82 R When a *firm* draws a cheque or other payable order to discharge its fiduciary duty under *CASS 5.5.80R*, it must continue to treat the sum concerned as *client money* until the cheque or order is presented and paid by the bank.
- 5.5.83 R For the purposes of *CASS 5.1.5R*, if a *firm* makes a payment to, or on the instructions of, a *client*, from an account other than a *client bank account*, until that payment has cleared, no equivalent sum will become due and payable to the *firm* or may be withdrawn from a *client bank account* by way of reimbursement.

#### Records

- 5.5.84 R A *firm* must ensure that proper records, sufficient to show and explain the *firm's* transactions and commitments in respect of its *client money*, are made and retained for a period of three years after they were made.

#### 5.6 Client money distribution

##### Application

- 5.6.1 R (1) *CASS 5.6* (the *client money (insurance) distribution rules*) applies to a *firm* that in holding *client money* is subject to *CASS 5.3* (statutory trust) or *CASS 5.4* (Non-statutory trust) when a *primary pooling event* or a *secondary pooling event* occurs.
- (2) In the event of there being any discrepancy between the terms of the trust as required by *CASS 5.4.7R* (1) (c) and the provisions of *CASS 5.6*, the latter shall apply.
- 5.6.2 G (1) The *client money (insurance) distribution rules* have force and effect on any *firm* that holds *client money* in accordance with *CASS 5.3* or *CASS 5.4*. Therefore, they may apply to a *UK branch* of a non-EEA *firm*. In this case, the *UK branch* of the *firm* may be treated as if the *branch* itself is a free-standing entity subject to the *client money (insurance) distribution rules*.
- (2) *Firms* that act in accordance with *CASS 5.4* (Non-statutory trust) are reminded that the *client money (insurance) distribution rules* should be given effect in the terms of trust required by *CASS 5.4*.

##### Purpose

- 5.6.3 G The *client money (insurance) distribution rules* seek to facilitate the timely return of *client money* to a *client* in the event of the *failure* of a *firm* or third party at which the *firm* holds *client money*.
- Failure of the authorised firm: primary pooling event
- 5.6.4 G A *primary pooling event* triggers a notional pooling of all the *client money*, in every type of *client money* account, and the obligation to distribute it.
- 5.6.5 R A *primary pooling event* occurs:
- (1) on the *failure* of the *firm*; or
  - (2) on the vesting of assets in a trustee in accordance with an 'assets requirement' imposed under section 48(1)(b) of the *Act*; or
  - (3) on the coming into force of a *requirement* for all *client money* held by the *firm*; or
  - (4) when the *firm* notifies, or is in breach of its duty to notify, the *FSA*, in accordance with *CASS 5.5.78R*, that it is unable correctly to identify and allocate in its records all valid claims arising as a result of a *secondary pooling event*.
- 5.6.6 R *CASS 5.6.5R* (4) does not apply so long as:
- (1) the *firm* is taking steps, in consultation with the *FSA*, to establish those records; and
  - (2) there are reasonable grounds to conclude that the records will be capable of rectification within a reasonable period.
- Pooling and distribution
- 5.6.7 R If a *primary pooling event* occurs:
- (1) *client money* held in each *client money* account of the *firm* is treated as pooled;
  - (2) the *firm* must distribute that *client money* in accordance with *CASS 5.3.2R* or, as appropriate, *CASS 5.4.7R*, so that each *client* receives a sum which is rateable to the *client money* entitlement calculated in accordance with *CASS 5.5.66R*; and
  - (3) the *firm* must, as trustee, call in and make demand in respect of any debt due to the *firm* as trustee, and must liquidate any *designated investment*, and any letter of credit or guarantee upon which it relies for meeting any *shortfall* in its *client money* resource and the proceeds shall be pooled together with other *client money* as in (1) and distributed in accordance with (2).

- 5.6.8 G A *client's* main claim is for the return of *client money* held in a *client bank account*. A *client* may claim for any *shortfall* against *money* held in a *firm's* own account. For that claim, the *client* will be an unsecured creditor of the *firm*.
- Client money received after the failure of the firm
- 5.6.9 R *Client money* received by the *firm* (including in its capacity as trustee under CASS 5.4 (Non-statutory trust)) after a *primary pooling event* must not be pooled with *client money* held in any *client money* account operated by the *firm* at the time of the *primary pooling event*. It must be placed in a *client bank account* that has been opened after that event and must be handled in accordance with the *client money rules*, and returned to the relevant *client* without delay, except to the extent that:
- (1) it is *client money* relating to a transaction that has not completed at the time of the *primary pooling event*; or
  - (2) it is *money* relating to a *client*, for whom the *client money* entitlement, calculated in accordance with CASS 5.5.66R, shows that *money* is due from the *client* to the *firm* including in its capacity as trustee under CASS 5.4 (Non-statutory trust) at the time of the *primary pooling event*.
- 5.6.10 G *Client money* received after the *primary pooling event* relating to an incomplete transaction should be used to complete that transaction.
- 5.6.11 R If a *firm* receives a *mixed remittance* after a *primary pooling event*, it must:
- (1) pay the full sum into the separate *client bank account* opened in accordance with CASS 5.6.9R; and
  - (2) pay the *money* that is not *client money* out of that *client bank account* into the *firm's* own bank account within one *business day* of the *day* on which the remittance is cleared.
- 5.6.12 G Whenever possible the *firm* should seek to split a *mixed remittance* before the relevant accounts are credited.
- Failure of a bank, other broker or settlement agent: secondary pooling events
- 5.6.13 R If both a *primary pooling event* and a *secondary pooling event* occur, the provisions of this section relating to a *primary pooling event* apply.
- 5.6.14 R A *secondary pooling event* occurs on the *failure* of a third party to which *client money* held by the *firm* has been transferred under CASS 5.5.34R.

5.6.15 R CASS 5.6.20R to CASS 5.6.31R do not apply if, on the *failure* of the third party, the *firm* repays to its *clients* or pays into a *client bank account*, at an unaffected bank, an amount equal to the amount of *client money* which would have been held if a *shortfall* had not occurred at that third party.

5.6.16 G When *client money* is transferred to a third party, a *firm* continues to owe a fiduciary duty to the *client*. However, consistent with a fiduciary's responsibility (whether as agent or trustee) for third parties under general law, a *firm* will not be held responsible for a *shortfall* in *client money* caused by a third party *failure* if it has complied with those duties.

5.6.17 G To comply with its duties, the *firm* should show proper care:

- (1) in the selection of a third party; and
- (2) when monitoring the performance of the third party.

In the case of *client money* transferred to a bank, by demonstrating compliance with CASS 5.5.43R, a *firm* should be able to demonstrate that it has taken reasonable steps to comply with its duties.

Failure of a bank

5.6.18 G When a bank *fails* and the *firm* decides not to make good the *shortfall* in the amount of *client money* held at that bank, a *secondary pooling event* will occur in accordance with CASS 5.6.20R. The *firm* would be expected to reflect the *shortfall* that arises at the *firm's* bank in the periodic *client money* calculation by reducing the *client money* resource and *client money* requirement accordingly.

5.6.19 G The *client money (insurance) distribution rules* seek to ensure that *clients* who have previously specified that they are not willing to accept the risk of the bank that has *failed*, and who therefore requested that their *client money* be placed in a *designated client bank account* as a different bank, should not suffer the loss of the bank that has *failed*.

Failure of a bank: pooling

5.6.20 R If a *secondary pooling event* occurs as a result of the *failure* of a bank where one or more *general client bank accounts* are held, then:

- (1) in relation to every *general client bank account* of the *firm*, the provisions of CASS 5.6.22R and CASS 5.6.26R to CASS 5.6.28G will apply;
- (2) in relation to every *designated client bank account* held by the *firm* with the *failed* bank, the provisions of CASS 5.6.24R and CASS 5.6.26R to CASS 5.6.28G will apply; and
- (3) any *money* held at a bank, other than the bank that has *failed*, in *designated client bank accounts* is not pooled with any other *client money*.

- 5.6.21 R If a *secondary pooling event* occurs as a result of the *failure* of a bank where one or more *designated client bank accounts* are held then in relation to every *designated client bank account* held by the *firm* with the *failed* bank, the provisions of CASS 5.6.24R and CASS 5.6.26R to CASS 5.6.28G will apply.
- 5.6.22 R Money held in each *general client bank account* of the *firm* must be treated as pooled and:
- (1) any *shortfall* in *client money* held, or which should have been held, in *general client bank accounts*, that has arisen as a result of the *failure* of the bank, must be borne by all the *clients* whose *client money* is held in a *general client bank account* of the *firm*, rateably in accordance with their entitlements;
  - (2) a new *client money* entitlement must be calculated for each *client* by the *firm*, to reflect the requirements in (1), and the *firm's* records must be amended to reflect the reduced *client money* entitlement;
  - (3) the *firm* must make and retain a record of each *client's* share of the *client money shortfall* at the *failed* bank until the *client* is repaid; and
  - (4) the *firm* must use the new *client* entitlements, calculated in accordance with (2), when performing the *client money* calculation in accordance with CASS 5.5.63R to CASS 5.5.75R.
- 5.6.23 G The term 'which should have been held' is a reference to the *failed* bank's failure (and elsewhere, as appropriate, is a reference to the other *failed* third party's failure) to hold the *client money* at the time of the pooling event.
- 5.6.24 R For each *client* with a *designated client bank account* held at the *failed* bank:
- (1) any *shortfall* in *client money* held, or which should have been held, in *designated client bank accounts* that has arisen as a result of the *failure*, must be borne by all the *clients* whose *client money* is held in a *designated client bank account* of the *firm* at the *failed* bank, rateably in accordance with their entitlements;
  - (2) a new *client money* entitlement must be calculated for each of the relevant *clients* by the *firm*, and the *firm's* records must be amended to reflect the reduced *client money* entitlement;
  - (3) the *firm* must make and retain a record of each *client's* share of the *client money shortfall* at the *failed* bank until the *client* is repaid; and
  - (4) the *firm* must use the new *client money* entitlements, calculated in accordance with (2), when performing the periodic *client money* calculation, in accordance with CASS 5.5.63R to CASS 5.5.75R.
- 5.6.25 R A *client* whose *money* was held, or which should have been held, in a *designated client bank account* with a bank that has *failed* is not entitled to claim in respect of that *money* against any other *client bank account* or *client transaction account* of the *firm*.

Client money received after the failure of a bank

- 5.6.26 R *Client money* received by the *firm* after the *failure* of a bank, that would otherwise have been paid into a *client bank account* at that bank:
- (1) must not be transferred to the *failed* bank unless specifically instructed by the *client* in order to settle an obligation of that *client* to the *failed* bank; and
  - (2) must be, subject to (1), placed in a separate *client bank account* that has been opened after the *secondary pooling event* and either:
    - (a) on the written instruction of the *client*, transferred to a bank other than the one that has *failed*; or
    - (b) returned to the *client* as soon as possible.
- 5.6.27 R If a *firm* receives a *mixed remittance* after the *secondary pooling event* which consists of *client money* that would have been paid into a *general client bank account*, a *designated client bank account* or a *designated client fund account* maintained at the bank that has *failed*, it must:
- (1) pay the full sum into a *client bank account* other than one operated at the bank that has *failed*; and
  - (2) pay the *money* that is not *client money* out of that *client bank account* within one *business day* of the day on which the remittance is cleared.
- 5.6.28 G Whenever possible the *firm* should seek to split a *mixed remittance* before the relevant accounts are credited.
- Failure of an intermediate broker or settlement agent: pooling
- 5.6.29 R If a *secondary pooling event* occurs as a result of the *failure* of another broker or *settlement agent* to whom the *firm* has transferred *client's money* then, in relation to every *general client bank account* of the *firm*, the provisions of CASS 5.6.26R to CASS 5.6.28G and CASS 5.6.30R will apply.
- 5.6.30 R *Money* held in each *general client bank account* of the *firm* must be treated as pooled and:
- (1) any *shortfall* in *client money* held, or which should have been held, in *general client bank accounts*, that has arisen as a result of the *failure*, must be borne by all the *clients* whose *client money* is held in a *general client bank account* of the *firm*, rateably in accordance with their entitlements;
  - (2) a new *client money* entitlement must be calculated for each *client* by the *firm*, to reflect the requirements of (1), and the *firm's* records must be amended to reflect the reduced *client money* entitlement;

- (3) the *firm* must make and retain a record of each *client's* share of the *client money shortfall* at the *failed* intermediate broker or *settlement agent* until the *client* is repaid; and
- (4) the *firm* must use the new *client money* entitlements, calculated in accordance with (2), when performing the periodic *client money* calculation, in accordance with CASS 5.5.63R to CASS 5.5.75R.

Client money received after the failure of a broker or settlement agent

- 5.6.31 R *Client money* received by the *firm* after the *failure* of another broker or *settlement agent*, to whom the *firm* has transferred *client money* that would otherwise have been paid into a *client bank account* at that broker or *settlement agent*:
- (1) must not be transferred to the *failed* third party unless specifically instructed by the *client* in order to settle an obligation of that *client* to the *failed* broker or *settlement agent*; and
  - (2) must be, subject to (1), placed in a separate *client bank account* that has been opened after the *secondary pooling event* and either:
    - (a) on the written instruction of the *client*, transferred to a third party other than the one that has *failed*; or
    - (b) returned to the *client* as soon as possible.

Notification on the failure of a bank, other broker or settlement agent

- 5.6.32 R The provisions of CASS 5.5.61R apply.

5.7 Mandates

Application

- 5.7.1 R This section applies to a *firm* (including in its capacity as trustee under CASS 5.4) in respect of any written authority from a *client* under which the *firm* may control a *client's assets* or liabilities in the course of, or in connection with, the *firm's insurance mediation activity*.
- 5.7.2 R CASS 5.7 does not apply to a *firm* when:
- (1) it is carrying on an *insurance mediation activity* which is in respect of a *reinsurance contract*; or
  - (2) it acts in accordance with CASS 4.
- 5.7.3 G Mandates or similar authorities for the purpose of CASS 5.7.1 R include a *firm's* authority over a *client's* bank or *building society* account including direct debits in favour of the *firm*, and a *firm* holding a *client's* credit card details.

5.7.4 G *Firms* are reminded that the *mandate rules* do not apply to an *incoming EEA firm* with respect to its *passport activities*. The application of the *mandate rules* is also dependent on the location from which the activity is undertaken.

Purpose

5.7.5 G The *mandate rules* apply to those *firms* that control, rather than hold, *clients'* assets or are able to create liabilities in the name of a *client*. These *rules* seek to ensure that *firms* establish and maintain records and *internal controls* to prevent the misuse of the authority granted by the *client*.

General

5.7.6 R A *firm* that holds authorities of the sort referred to in CASS 5.7.1R must establish and maintain adequate records and *internal controls* in respect of its use of the mandates, which must include:

- (1) an up-to date list of the authorities and any conditions placed by the *client* or the *firm's* management on the use of them;
- (2) a record of all transactions entered into using the authority and *internal controls* to ensure that they are within the scope of authority of the *person* and the *firm* entering into the transaction;
- (3) the details of the procedures and authorities for the giving and receiving of instructions under the authority; and
- (4) where the *firm* holds a passbook or similar *documents* belonging to the *client*, *internal controls*, for the safeguarding (including against loss, unauthorised destruction, theft, fraud or misuse) of any passbook or similar *document* belonging to the *client* held by the *firm*.

Safe keeping of client's documents and other assets

Application

- 5.8.1 R
- (1) CASS 5.8 applies to a *firm* (including in its capacity as trustee under CASS 5.4) which in the course of *insurance mediation activity* takes into its possession for safekeeping any *client title documents* (other than *documents* of no value) or other tangible assets belonging to *clients*.
  - (2) CASS 5.8 does not apply to a *firm* when:
    - (a) carrying on an *insurance mediation activity* which is in respect of a *reinsurance contract*; or
    - (b) acting in accordance with CASS 2 (Custody rules).

Purpose

- 5.8.2 G The *rules* in this section amplify the obligation in *Principle 10* which requires a *firm* to arrange adequate protection for *client's* assets. *Firms* carrying on *insurance mediation activities* may hold, on a temporary or longer basis, *client title documents* such as *policy documents* (other than *policy documents* of no value) and also items of physical property if, for example, a *firm* arranges for a valuation. The *rules* are intended to ensure that *firms* make adequate arrangements for the safe keeping of such property.

Requirement

- 5.8.3 R (1) A *firm* which has in its possession or control *documents* evidencing a *client's* title to a *contract of insurance* or other similar *documents* (other than *documents* of no value) or which takes into its possession or control tangible assets belonging to a *client*, must take reasonable steps to ensure that any such *documents* or items of property:
- (a) are kept safe until they are delivered to the *client*;
  - (b) are not delivered or given to any other *person* except in accordance with instructions given by the *client*; and that a record is kept as to the identity of any such *documents* or items of property and the dates on which they were received by the *firm* and delivered to the *client* or other *person*.
- (2) A *firm* must retain the record required in (1) for a period of three years after the document or property concerned is delivered to the *client* or other *person*.

CASS 5

Annex 1R

This Annex belongs to CASS 5.5.14R.

1. The general principles which must be followed when *client money* segregation includes *designated investments*:
- (a) there must be a suitable spread of *investments*;
  - (b) *investments* must be made in accordance with an appropriate liquidity strategy;
  - (c) the *investments* must be in accordance with an appropriate credit risk policy;
  - (d) any foreign exchange risks must be prudently managed.

2. Table of permitted designated investments for the purpose of CASS 5.5.14R (1).

Investment type	Qualification
1. Negotiable <i>debt security</i> (including a certificate of deposit)	(a) Remaining term to maturity of 5 years or less; and (b) The issuer or <i>investment</i> must have a short-term credit rating of A1 by Standard and Poor's, or P1 by Moody's Investor Services, or F1 by Fitch if the instrument has a remaining term to maturity of 366 days or less; or a minimum long term credit rating of AA- by Standards and Poor's, or Aa3 by Moody's Investor Services or AA- by Fitch if the instrument has a term to maturity of more than 366 days.
2. A <i>repo</i> in relation to negotiable <i>debt security</i>	As for 1 above and where the credit rating of the counterparty also meets the criteria in 1.
3. Bond funds	(a) An <i>authorised fund</i> or a <i>recognised scheme</i> or an investment company which is registered by the Securities and Exchanges Commission of the United States of America under the Investment Company Act 1940; (b) A minimum credit rating and risk rating of Aaf and S2 respectively by Standard and Poor's or Aa and MR2 respectively by Moody's Investor Services or AA and V2 respectively by Fitch.
4. Money market fund	(a) An <i>authorised fund</i> or a <i>recognised scheme</i> ; (b) A minimum credit and risk rating of Aaa and MR1+ respectively by Moody's Investor Services or AAAm by Standard and Poor's or AAA and V1+ respectively by Fitch.
5. <i>Derivatives</i>	Only for the purpose of prudently managing foreign currency risks.

3. The general conditions which must be satisfied in the segregation of *designated investments* are:

- (a) any redemption of an *investment* must be by payment into the *firm's client money bank account*;
- (b) where the credit or risk rating of a *designated investment* falls below the minimum set out in the Table, the *firm* must dispose of the *investment* as soon as possible and in any even not later than 20 *business days* following the downgrade;
- (c) where any *investment* or issuer has more than one rating, the lowest shall apply.

## Annex D

### Amendments to the Authorisation manual

In this Annex, underlining indicates new text and striking through indicates deleted text. Where an entire new section of text is being inserted, the place where it goes is indicated and it is not underlined.

2.3.2 G There is power in the *Act* for the Treasury to change the meaning of the business element by including or excluding certain things. They have exercised this power (see the Financial Services and Markets Act 2000 (Carrying on Regulated Activities by Way of Business) Order 2001 SI No 1177 and the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No.2) Order 2003 SI No 1476). The result is that the business element differs depending on the activity in question.

...

(2) ~~Except for the trustees of *occupational pension schemes* (for which special provision is made (see *AUTH 2.3.2(3)G*)), as stated in *AUTH 2.3.2 G(2A)* and (3), the business element is not to be regarded as satisfied for any of the *regulated activities* carried on in relation to *securities* or *contractually based investments* (or for those *regulated activities* carried on in relation to 'any property') unless a *person* carries on the business of engaging in one or more of the activities. This also applies to the *regulated activities of arranging in relation to a regulated mortgage contract and advising on regulated mortgage contracts*. This is a narrower test than that of carrying on *regulated activities* by way of business (as required by section 22 of the *Act*), as it requires the *regulated activities* to represent the carrying on of a business in their own right.~~

(2A) A *person* who carries on an *insurance mediation activity* will not be regarded as doing so by way of business unless he takes up or pursues that activity for remuneration. *AUTH 2.3.3G* gives *guidance* on the factors that are relevant to the meaning of 'by way of business' in section 22 of the *Act*. *AUTH App 5.4* (The business test) gives further *guidance* on the business element as applied to *insurance mediation activities*.

...

(4) The business element for all other *regulated activities* is that the activities are carried on by way of business. This applies to the activities of *effecting or carrying out contracts of insurance*, certain activities relating to the Lloyd's market, ~~entering as provider into a funeral plan contract~~ entering as provider into a funeral plan contract and ~~activities relating to entering into or administering regulated mortgage contracts~~ regulated mortgage contracts (see *AUTH 2.7.20G*).

...

...

Modification of certain exclusions as a result of Investment Services and Insurance Mediation Directives

- 2.5.3 G The application of certain of the exclusions considered in *AUTH 2.8 (Exclusions applicable to certain regulated activities)* and *AUTH 2.9 (Regulated activities: exclusions applicable to certain circumstances)* is modified in relation to *persons* who are subject to the *Investment Services Directive* or the *Insurance Mediation Directive*. The reasons for this and the consequences of it are explained in *AUTH 2.5.4G*, as respects the *Investment Services Directive*, and *AUTH App 5 (Insurance mediation activities)*, as respects the *Insurance Mediation Directive*.

Investment services

- 2.5.4 G ...

Insurance mediation or reinsurance mediation

- 2.5.6 G The *Insurance Mediation Directive* has in part been implemented through various amendments to the *Regulated Activities Order*. These include article 4(4A) (Specified activities: general) which precludes a *person* who, for remuneration, takes up or pursues *insurance mediation or reinsurance mediation* in relation to a risk or commitment situated in an *EEA State* from making use of certain exclusions. In other cases, some of the exclusions provided in relation to particular *regulated activities* are unavailable where the activity involves a *contract of insurance*. This is explained in more detail in *AUTH App 5 (Insurance mediation activities)*.

...

- 2.6.7 G The *Regulated Activities Order* uses a two further terms in relation to ~~*long-term contracts of insurance contracts*~~ in order to identify those contracts under which rights are treated as *contractually based investments*.

(1) ~~These contracts are described as~~ The first term is ‘qualifying contracts of insurance’ (referred to as *life policies* in the *Handbook*). ~~in order to~~ This identifies those *long-term insurance contracts* under which rights are treated as *contractually based investments*. ~~These contracts are described as ‘qualifying contracts of insurance’ (referred to as *life policies* in the *Handbook*).~~ This term does not cover *long-term insurance contracts* which are contracts of reinsurance or, if specified conditions are met, contracts under which benefits are payable only on death or incapacity.

(2) The second term is ‘*relevant investments*’. This term applies to:

- (a) contractually based investments, which includes rights under life policies, and rights to or interests in such investments under article 89 of the Regulated Activities Order (Rights to or interests in investments); and
- (b) rights under contracts of insurance other than life policies (but not rights to or interests in such rights).

This term is used in connection with the treatment, under various parts of the Regulated Activities Order, of persons carrying on insurance mediation activities (see AUTH App 5 (Insurance mediation activities) for further guidance on such activities).

...

2.7.4 G In addition, certain other activities carried on in relation to rights under certain long-term contracts of insurance are regulated activities (see AUTH 2.7.5G to AUTH 2.7.10G, AUTH 2.7.15G and AUTH 2.7.16G). This is because such rights are classified as contractually based investments. These are where the activity is carried on in relation to:

- (1) life policies, where the regulated activities concerned are:
  - (a) dealing in investments as principal (see AUTH 2.7.5G);
  - (b) managing investments (see AUTH 2.7.8G);
  - (b) safeguarding and administering investments (see AUTH 2.7.9G); and
  - (c) agreeing to carry on any of those activities (see AUTH 2.7.21G); and
- (2) rights under any contract of insurance, where the regulated activities concerned are:
  - (a) dealing in investments as agent (see AUTH 2.7.5G);
  - (b) arranging (bringing about) deals in investments and making arrangements with a view to transactions in investments (see AUTH 2.7.7G);
  - (c) assisting in the administration and performance of a contract of insurance (see AUTH 2.7.7G);
  - (d) advising on investments (see AUTH 2.7.15G); and
  - (e) agreeing to carry on any of those activities (see AUTH 2.7.21G).

AUTH APP 5 (Insurance mediation activities) has more guidance on these regulated activities where they are insurance mediation activities.

...

2.7.6 G Both the activities of *dealing in investments as principal* and *dealing in investments as agent* are defined in terms of ‘*buying, selling, subscribing for or underwriting*’ certain investments. These *investments* are:

- (1) for dealing in investments as principal, securities or contractually based investments (except rights under a funeral plan contract);  
and
- (2) for dealing in investments as agent, securities and relevant investments (except rights under a funeral plan contract).

2.7.6A G Because of the different nature of the *specified investments* ...

Arranging deals in investments and arranging regulated mortgage activities

2.7.7 G ~~[deleted]Arranging applies to arrangements that relate to securities, contractually based investments and the underwriting capacity of a Lloyd’s syndicate capacity or membership of a Lloyd’s syndicate. Arrangements relating to rights to or interests in any of these specified investments are also caught. Arranging is made up of two distinct regulated activities. Both are aimed at the person who agrees with another person that he will procure a third person to buy, sell, subscribe for or underwrite the relevant specified investments.~~

- (1) ~~The first activity is “making arrangements for another person to buy, sell, subscribe for or underwrite a particular investment”. This activity is referred to in the Handbook as arranging (bringing about) deals in investments. It is aimed at arrangements that would have the direct effect that a transaction is concluded (that is, arrangements that bring it about).~~
- (2) ~~The second activity is “making arrangements with a view to a person who participates in the arrangements buying, selling, subscribing for or underwriting investments”. This activity is referred to in the Handbook as making arrangements with a view to transactions in investments. It is aimed at cases where it may be said that the transaction is “brought about” directly by the parties to it but where this happens in a context set up by a third party specifically with a view to the conclusion by others of transactions through the use of that third party’s facilities. This will catch the activities of persons such as exchanges, clearing houses and service companies (for example, persons who provide communication facilities for the routing of orders or the negotiation of transactions). A person may be carrying on this regulated activity even if he is only providing part of the facilities necessary before a transaction is brought about.~~

2.7.7A G ~~The Treasury has announced that it intends to bring within the scope of *regulated activities* the arranging of deals in *regulated mortgage contracts*. It has also announced that it intends to regulate the activities of insurance intermediaries. (The activity of arranging deals in *contracts of insurance* that are *contractually based investments* is already a *regulated activity* under article 25 of the *Regulated Activities Order*). These changes re expected to take effect in 2004. There are four arranging activities that are *regulated activities* under the *Regulated Activities Order*. These are:~~

- (1) *arranging (bringing about) deals in investments which are securities, relevant investments or the underwriting capacity of a Lloyd's syndicate or membership of a Lloyd's syndicate (article 25(1));*
- (2) *making arrangements with a view to transactions in investments which are securities, relevant investments or the underwriting capacity of a Lloyd's syndicate or membership of a Lloyd's syndicate (article 25(2));*
- (3) *arranging (bringing about) regulated mortgage contracts, which includes arranging for another person to vary the terms of a regulated mortgage contract entered into before 31 October 2004 (article 25A(1)); and*
- (4) *making arrangements with a view to regulated mortgage contracts (article 25A(2)).*

2.7.7B G The activity of *arranging (bringing about) deals in investments* is aimed at *arrangements* that would have the direct effect that a particular *transaction* is concluded (that is, *arrangements* that bring it about). The activity of *making arrangements with a view to transactions in investments* is aimed at cases where it may be said that the *transaction* is “brought about” directly by the parties. This is where this happens in a context set up by a third party specifically with a view to the conclusion by others of *transactions* through the use of that third party's *facilities*. This will catch the activities of *persons* such as exchanges, *clearing houses* and *service companies* (for example, *persons* who provide communication facilities for the routing of orders or the negotiation of *transactions*). A *person* may be carrying on this *regulated activity* even if he is only providing part of the *facilities* necessary before a *transaction* is brought about.

2.7.7C G Further guidance on the arranging activities as they relate to regulated mortgage contracts and contracts of insurance is in AUTH App 4.5 (Arranging regulated mortgage contracts) and AUTH App 5.6 (The regulated activities: arranging deals in, and making arrangements with a view to transactions in, contracts of insurance) respectively.

Assisting in the administration and performance of a contract of insurance

2.7.8A G The activity of assisting in the administration and performance of a contract of insurance is a regulated activity that is identified in the Insurance Mediation Directive. Further guidance on this activity is in AUTH App 5.7 (The regulated activities: assisting in the administration and performance of a contract of insurance)

...

2.7.15 G The regulated activity activity of advising on investments falls to be regulated only if it under article 53 of the *Regulated Activities Order* applies to advice on securities or contractually based investments – relevant investments. It does not, for example, include giving advice about deposits, rights under a general insurance contract or rights under a regulated mortgage contract or about things that are not specified investments for the purposes of the *Regulated Activities Order* (such as interests under the trusts of an *occupational pension scheme*). Giving advice on certain other specified investments is, however, regulated under other parts of the Regulated Activities Order (see AUTH 2.7.16AG and AUTH 2.7.17G(2)). Giving a person generic advice ...

2.7.16 G The advice must also be given to someone who holds specified investments or is a prospective investor (including trustees, nominees or discretionary fund managers). This requirement excludes advice given to a person who receives it in another capacity. An example of this might be a tax professional to whom advice is given to inform the practice of his profession or advice given to an employer for the purposes of setting up a group personal pension scheme. Further guidance on the meaning of advising on investments is in AUTH App 1.24 (Advising on investments).

2.7.16A G ~~[deleted] The Treasury has announced that it intends to bring within the scope of regulated activities advising a borrower on the merits of his entering into or varying the terms of a regulated mortgage contract. It has also announced that it intends to regulate the sale of insurance by insurance intermediaries. (Advising on contracts of insurance that are contractually based investments is already a regulated activity under article 53 of the Regulated Activities Order). These changes are expected to take effect in 2004.~~

Advising on regulated mortgages contracts

2.7.16B G Under article 53A of the Regulated Activities Order, giving advice to a person in his capacity as borrower or potential borrower is a regulated activity if it is advice on the merits of the person:

- (1) entering into a particular *regulated mortgage contract*; or
- (2) varying the terms of a *regulated mortgage contract*.

Advice on varying terms as referred to in (2) comes within article 53A only where the borrower entered into the *regulated mortgage contract* on or after 31 October 2004 and the variation varies the borrower's obligations under the contract. Further *guidance* on the scope of the *regulated activity* under article 53A is in *AUTH* App 4.6 (Advising on regulated mortgage contracts).

...

Activities in respect of Entering into and administering a regulated mortgage contracts

2.7.20 G ~~Entering into *Entering into* as lender, and administering a regulated mortgage contract- *administering, a regulated mortgage contract* will become are regulated activities under article 61 of the *Regulated Activities Order* (Regulated mortgage contracts) from a future date. The Treasury has announced that it expects this date to be in 2004. *Guidance* on these *regulated activities* is in *AUTH* App 4.7 (Entering into a regulated mortgage contract) and *AUTH* App 4.8 (Administering a regulated mortgage contract). These activities have not been included in Table 1 of *AUTH* 2 Ann 2G.~~

...

2.8.4 G

...

2.8.4A G *Persons* who enter as principal into transactions involving rights under a *contract of insurance* of any kind will need to consider whether they may, as a result, be carrying on the *regulated activity* of:

- (1) *arranging (bringing about) deals in investments*; or
- (2) *making arrangements with a view to transactions in investments*; or
- (3) agreeing to do (1) or (2).

2.8.4B G The possibility referred to in *AUTH* 2.8.4A G will only arise where it is not the case that the *person* who enters into the transaction as principal either:

- (1) is the only *policyholder*; or
- (2) as a result of the transaction, would become the only *policyholder*.

2.8.5 G The *regulated activity* of *dealing in investments as agent* applies to specified transactions relating to any *security* or to any ~~*contractually based investment*~~ *relevant investment* (apart from rights under *funeral plan contracts* or rights to or interests in such contracts). In addition, the activity is cut back by exclusions as follows.

(1) An exclusion applies to certain transactions entered into by an agent who is not an *authorised person* which depend on him dealing with (or through) an *authorised person*. It does not apply if the transaction relates to a *contract of insurance*. There are certain conditions which must be satisfied for the exclusion ...

...

(3) In addition, exclusions apply in specified circumstances (outlined in *AUTH 2.9 (Regulated activities: exclusions available in certain circumstances)*) where a *person* enters as agent into a transaction:

- (a) in connection with the carrying on of a profession or of a business not otherwise consisting of *regulated activities* (see *AUTH 2.9.5G*);
- (b) in connection with the sale of goods or supply of services (see *AUTH 2.9.7G*);
- (c) that takes place between members of a *group* or *joint enterprise* (see *AUTH 2.9.9G*);
- (d) in connection with the sale of a *body corporate* (see *AUTH 2.9.11G*);
- (e) in connection with an employee share scheme (see *AUTH 2.9.13G*);
- (f) as an *overseas person* (see *AUTH 2.9.15G*);
- (g) as an *incoming ECA provider* (see *AUTH 2.9.18G*);
- (h) as a provider of non-motor goods or travel services where the transaction involves a *general insurance contract* that satisfies certain conditions (see *AUTH 2.9.19G*);
- (i) that involves a *contract of insurance* covering large risks situated outside the *EEA* (see *AUTH 2.9.19G*).

More detailed guidance on the exclusions that relate to *contracts of insurance* is in *AUTH App 5 (Insurance mediation activities)*.

#### Arranging deals in investments and arranging regulated mortgage contracts

2.8.6 G The exclusions in relation to the *regulated activities* of arranging are of particular relevance in the context of raising corporate finance. Many of the exclusions outlined below relate to both the elements of the activity; that is, *arranging (bringing about) deals in investments* (under article 25(1) of the *Regulated Activities Order*) and *making arrangements with a view to transactions in investments* (under article 25(2) of the *Regulated Activities Order*). But several exclusions relate only to one of those activities.

- (1) Under article 26, a~~Arrangements~~ that do not or would not bring about the ~~investment~~ transaction to which they relate are excluded from article 25(1) and article 25A(1) only. A *person* will .....
- (2) Under article 27, sSimply providing the means by which parties to a transaction (or possible transaction) are able to communicate with each other are excluded from article 25(2) and article 25A(2) only. This will ensure .....
- (3) Under article 28, a~~Arranging~~ investment transactions to which the *arranger* is to be a party ..... arranging *deals* for another as regards any particular transaction. But where the transaction involves a *contract of insurance*, article 28 will not apply if the *person making the arrangements*:
  - (a) is the only *policyholder*; or
  - (b) as a result of the transaction, would become the only *policyholder*.

Under article 28A, a *person* is excluded from article 25A(1) and (2) if he is to enter into the contract to which the arrangements relate. The article also excludes from article 25A(1) a *person* who arranges a variation to a contract to which he is or is to become a party.

- (4) Under article 29, an ~~An unauthorised~~ *unauthorised person* who arranges investment transactions, with a view to a transaction between a third party and an *authorised person*, is excluded from article 25(1) and (2) and article 25A(1) and (2) if... unauthorised *unauthorised person* making the arrangements. The exclusion does not apply where the *investment* is a *contract of insurance*.
- (5) Under article 29A, an *unauthorised person* is excluded from the regulated activity of arranging for another *person* to vary the terms of a *regulated mortgage contract* entered into after 31 October 2004 (article 25A(1)(b)). This is if the arranging is the result of:
  - (1) anything done in the course of the administration of a *regulated mortgage contract* by an *authorised person* under article 62(a); or
  - (2) anything done by the *person making the arrangements* in connection with the administration of a *regulated mortgage contract* under article 62(b).

- (5) (6) Under article 30, a~~A~~rranging investment transactions in connection with lending on the security of ~~insurance policies~~ contracts of insurance is excluded, ~~in specified circumstances,~~ from article 25(1) and (2) but only where a person is not carrying on insurance mediation or reinsurance mediation.
- (6) (7) Under article 31, m~~M~~aking arrangements for finance (in whatever form) to be supplied .....
- (7) (8) Under article 32, a~~A~~rrangements the only purpose of which is .....
- (8) (9) Under article 33, m~~M~~aking arrangements under which *clients* will be introduced to third parties who will provide independent services (consisting of *advice* or the exercise of discretion in relation to certain investments) is excluded from article 25(2) and article 25(2A) only. The *person* to whom the introduction is made must be of a specified standing (including that of an *authorised person*). The exclusion does not apply where the arrangements relate to a contract of insurance.
- (10) Under article 33A, making arrangements for introducing persons to:
- (1) an authorised person who has permission to carry on certain regulated activities concerned with regulated mortgage contracts; or
- (2) an appointed representative who is able to carry on any of those activities without breaching the general prohibition; or
- (3) an overseas person who carries on any of those activities;
- is excluded from article 25A(2) subject to certain conditions related to the holding of client money and the disclosure of certain information.
- (9) (11) Under article 34, a~~A~~ company is not carrying on .....
- (10) (12) Under article 35, a~~A~~ body carrying out international securities business .....
- (11) (13) The following exclusions from both article 25(1) and (2) (outlined in *AUTH 2.9*) apply in specified circumstances where a *person* makes arrangements:
- (a) while acting as ~~trustee~~ trustee or personal representative (see *AUTH 2.9.3G*);

- (b) in connection with the carrying on of a profession or of a business not otherwise consisting of *regulated activities* (see *AUTH 2.9.5G*);
- (c) in connection with the sale of goods or supply of services (see *AUTH 2.9.7G*);
- (d) in connection with certain transactions by a *group* member or by a participator in a *joint enterprise* (see *AUTH 2.9.9G*);
- (e) in connection with the sale of a *body corporate* (see *AUTH 2.9.11G*);
- (f) in connection with an employee share scheme (see *AUTH 2.9.13G*);
- (g) as an *overseas person* (see *AUTH 2.9.15G*);
- (h) as an *incoming ECA provider* (see *AUTH 2.9.18G*);
- (i) as a provider of non-motor goods or services related to travel (see *AUTH 2.9.19G*);
- (j) involving the provision, on an incidental basis, of information to policyholders or potential policyholders about contracts of insurance (see *AUTH 2.9.19G*);
- (l) that involve a contract of insurance covering large risks situated outside the EEA (see *AUTH 2.9.19G*).

More detailed guidance on the exclusions that relate to contracts of insurance is in *AUTH App 5 (Insurance mediation activities)*.

2.8.7 G ...  
 The activities of *persons* appointed under a power of attorney are excluded, under article 38 of the *Regulated Activities Order*, from the *regulated activity of managing investments*, if specified conditions are satisfied. The exclusion only applies where a *person* is not carrying on *insurance mediation or reinsurance mediation*.

Assisting in the administration and performance of a contract of insurance

2.8.7A G *Assisting in the administration and performance of a contract of insurance is excluded under article 39B where it is carried on by a *person* acting in the capacity of:*

- (1) an expert appraiser; or
- (2) a loss adjuster acting for a relevant insurer; or
- (3) a claims manager acting for a relevant insurer.

The term 'relevant insurer' is defined in article 39B(2).

2.8.7B G The following exclusions from assisting in the administration and performance of a contract of insurance also apply to a person in specified circumstances:

- (1) while acting as trustee or personal representative (see AUTH 2.9.3G); or
- (2) in connection with the carrying on of a profession or of a business not otherwise consisting of regulated activities (see AUTH 2.9.5G); or
- (3) as an incoming ECA provider (see AUTH 2.9.18G); or
- (4) as a provider of non-motor goods or services related to travel (see AUTH 2.9.19G); or
- (5) that involve the provision, on an incidental basis, of information to policyholders or potential policyholders about contracts of insurance (see AUTH 2.9.19G(2)); or
- (6) that involve a contract of insurance covering large risks situated outside the EEA (see AUTH 2.9.19G).

...  
2.8.8 G The exclusions from the regulated activity of safeguarding and administering investments are as follows.

- ...
- (4) The following exclusions (~~outlined in AUTH 2.9~~) apply in specified circumstances where a person safeguards and administers assets (or arranges for another to do so):
    - (a) while acting as trustee or personal representative (see AUTH 2.9.3G);
    - (b) in connection with the carrying on of a profession or of a business not otherwise consisting of regulated activities (see AUTH 2.9.5G);
    - (c) in connection with the sale of goods or supply of services (see AUTH 2.9.7G);
    - (d) which belong to a group member or participator in a joint enterprise (see AUTH 2.9.9G);
    - (e) in connection with an employee share scheme (see AUTH 2.9.13G);
    - (f) as an incoming ECA provider (see AUTH 2.9.18G); and

(g) that are *contracts of insurance* and, in so doing, provides information to *policyholders* or potential *policyholders* on an incidental basis in the course of his carrying on a business or profession not otherwise consisting of *regulated activities* (see *AUTH 2.9.19G(2)*).

2.8.9 G Exclusions from the *regulated activity* of *sending dematerialised instructions* apply in relation to certain types of instructions sent in the operation of the system maintained under the Uncertificated Securities Regulations 2001. The various exclusions relate to the roles played by participating issuers, settlement *banks* and network providers (such as Internet service providers) and to instructions sent in connection with takeover offers (as long as specified conditions are met). In addition, the following exclusions (outlined in *AUTH 2.9G*) apply in specified circumstances where a *person* sends dematerialised instructions:

(1) while acting as trustee or personal representative (see *AUTH 2.9.3G*);

(2) on behalf of a *group* member (see *AUTH 2.9.3G*);

...

...

2.8.12 G In certain circumstances, advice that takes the form of a regularly updated news or information service and advice which is given in one of a range of different media (for example, newspaper or television) is excluded from the ~~regulated activity~~ *regulated activities* of *advising on investments* and *advising on regulated mortgage contracts* (see *AUTH 7 (Periodical publications: news services and broadcasts: applications for certification)*). Advice given in the course of the administration of a *regulated mortgage contract* by an *authorised person* is also excluded subject to certain conditions. In addition,:

(1) the following exclusions (~~outlined in *AUTH 2.9*~~) apply in specified circumstances where a *person* ~~gives advice~~ is *advising on investments* or *regulated mortgage contracts*:

(1a) while acting as trustee or personal representative (see *AUTH 2.9.3G*);

(2b) in connection with the carrying on of a profession or of a business not otherwise consisting of *regulated activities* (see *AUTH 2.9.5G*); and

(c) as an *incoming ECA provider* (see *AUTH 2.9.18G*);

(2) the following exclusions apply in specified circumstances where a *person* is *advising on investments*:

(3a) in connection with the sale of goods or supply of services (see *AUTH 2.9.7G*);

- (4b) to a *group* member or participator in a *joint enterprise* (see *AUTH 2.9.9G*);
- (5c) in connection with the sale of a *body corporate* (see *AUTH 2.9.11G*);
- (6d) as an *overseas person* (see *AUTH 2.9.15G*);
- (e) that are limited to certain *contracts of insurance* covering risks to non-motor goods or related to travel (see *AUTH 2.9.19G*);
- (f) that are *contracts of insurance* covering large risks situated outside the *EEA* (see *AUTH 2.9.19G*).

More detailed *guidance* on certain of these exclusions is in *AUTH App 4 (Regulated activities connected with mortgages)* and *AUTH App 5 (Insurance mediation activities)*.

...

2.8.14G ...

Administering regulated mortgage contracts

2.8.14A G Exclusions from the *regulated activity* of *administering a regulated mortgage contract* are provided where *persons* arrange for administration by an *authorised person* and where *persons* administer under an agreement with an *authorised person*. These exclusions are subject to certain conditions and are explained in greater detail in *AUTH 4.8 (Administering a regulated mortgage contract)*.

...

2.9.1 G The various exclusions outlined below deal with a range of different circumstances.

- (1) Each set of circumstances described in *AUTH 2.9.3G* to *AUTH 2.9.17G* has some application to several *regulated activities* relating to ~~*securities, or contractually based investments*~~ *relevant investments* or *regulated mortgage contracts*. They have no effect in relation to the separate *regulated activities* of *accepting deposits, effecting or carrying out contracts of insurance, advising on syndicate participation at Lloyd's, managing the underwriting capacity of a Lloyd's syndicate as a managing agent at Lloyd's, or entering as provider into a funeral plan contract* ~~or any regulated activities relating to regulated mortgage contracts~~. Within each set of circumstances, the *Regulated Activities Order* ...

...

...

2.9.3 G This group of exclusions applies, in specified circumstances, to the *regulated activities* of:

- (1) *dealing in investments as principal;*
- (2) *arranging (bringing about) deals in investments, arranging (bringing about) regulated mortgage contracts, and making arrangements with a view to enabling or facilitating transactions in investments and making arrangements with a view to regulated mortgage contracts;*
- (3) *managing investments;*
- (4) *assisting in the administration and performance of a contract of insurance;*
- ~~(4)~~(5) *safeguarding and administering investments;*
- ~~(5)~~(6) *sending dematerialised instructions; and*
- ~~(6)~~(7) *advising on investments or regulated mortgage contracts;*
- (8) *entering into regulated mortgage contracts; and*
- (9) *administering regulated mortgage contracts.*

The exclusion is, however, disapplied where a person is carrying on insurance mediation or reinsurance mediation. This is due to article 4(4A) of the Regulated Activities Order. Guidance on exclusions relevant to insurance mediation activities is in AUTH App 5 (Insurance mediation activities).

2.9.4 G A person carrying on certain *regulated activities* does not require *authorisation* in specified circumstances if he is acting in a representative capacity. The representative capacities covered by the exclusions depend on the *regulated activity* concerned but, in most cases, the focus is on *persons* who are acting as trustee or personal representative. In broad terms, the exclusions apply to specified transactions, or activities, that are part of the discharge of his general obligations by the trustee or representative when he is acting as such. Many of the exclusions require that the trustee or representative must not hold himself out as providing services consisting of the *regulated activity* in question. In addition, he must not receive remuneration that is additional to any he receives for acting in the representative capacity (although a *person* is not to be regarded as receiving additional remuneration merely because his remuneration as trustee or representative is calculated by reference to time spent). The exclusions for entering into and for administering regulated mortgage contracts, however, work on a different basis. They apply where the activity relates to a regulated mortgage contract under which the borrower is a beneficiary.

...

2.9.5 G This group of exclusions applies, in specified circumstances, to the *regulated activities* of:

...

(2) *arranging (bringing about) deals in investments, arranging (bringing about) regulated mortgage contracts, and making arrangements with a view to enabling or facilitating transactions in investments and making arrangements with a view to regulated mortgage contracts*;

(3) *assisting in the administration and performance of a contract of insurance*;

~~(3)~~(4) *safeguarding and administering investments*; and

~~(4)~~(5) *advising on investments or regulated mortgage contracts*.

The exclusion is, however, disapplied where a person is carrying on insurance mediation or reinsurance mediation . This is due to article 4(4A) of the Regulated Activities Order. Guidance on exclusions relevant to insurance mediation activities is in AUTH App 5 (Insurance mediation activities).

...

2.9.7 G This group of exclusions applies, in specified circumstances, to the *regulated activities* of:

...

(3) *arranging (bringing about) deals in investments and making arrangements ~~enabling or facilitating~~ with a view to transactions in investments*;

...

2.9.8 G Broadly speaking, the exclusions focus on cases where the main business of a *person* is to sell goods or supply services but where certain activities may have to be carried on for the purposes of that business which would otherwise be *regulated activities*. The exclusions are not available where the customer to whom goods are sold or services are supplied is an individual. They are also not available where what is at issue is a transaction entered into, or service provided, in relation to rights under a ~~life policy~~ contract of insurance or units in a *collective investment scheme* ...

...

2.9.9 G This group of exclusions applies, in specified circumstances, to the *regulated activities* of:

...

(3) *arranging (bringing about) deals in investments and making arrangements ~~enabling or facilitating~~ with a view to transactions in investments*;

- ...
- 2.9.10 G These exclusions apply to intra-group dealings and activities and to dealings or activities involving participators in a *joint enterprise* which take place for the purposes of, or in connection with, the enterprise. The general principle here is that, as long as activities that would otherwise be *regulated activities* take place wholly within a *group* of companies, then there is no need for *authorisation*. The same principle applies to dealings or activities that take place wholly within a *joint enterprise* entered into for commercial purposes related to the participators' unregulated business. The exclusions in (2), (3), (4) and (7) are disappplied where they concern a *contract of insurance*. *Guidance on exclusions relevant to insurance mediation activities is in AUTH App 5 (Insurance mediation activities)*.
- 2.9.11 G This group of exclusions applies, in specified circumstances, to the *regulated activities* of:
- ...
- (3) *arranging (bringing about) deals in investments and making arrangements ~~enabling or facilitating~~ with a view to transactions in investments;*
- 2.9.12 G The exclusions only apply where the object of the transaction may reasonably be regarded as being the acquisition of day-to-day control of the affairs of a *body corporate*. Whether or not day-to-day control is at stake is a question of fact based on an objective test. The *Regulated Activities Order* contains a non-exhaustive list of circumstances in which the day-to-day control requirement will be regarded as satisfied. These include the case where it is the acquisition or disposal of at least 50 per cent of the voting shares in the *body corporate* that is at issue. Certain additional requirements must also be satisfied. These exclusions do not have effect in relation to *shares* in an *open-ended investment company*. The exclusions in (2), (3) and (4) are disappplied where they concern a *contract of insurance*. *Guidance on exclusions relevant to insurance mediation activities is in AUTH App 5 (Insurance mediation activities)*.
- 2.9.13 G This group of exclusions applies, in specified circumstance, to the *regulated activities* of:
- ...
- (3) *arranging (bringing about) deals in investments and making arrangements ~~enabling or facilitating~~ with a view to transactions in investments;*
- ...
- ...
- 2.9.15 G This group of exclusions applies, in specified circumstance, to the *regulated activities* of:
- ...

- (3) *arranging (bringing about) deals in investments, ~~and making arrangements enabling or facilitating with a view to transactions in investments, arranging (bringing about) regulated mortgage contracts and making arrangements with a view to regulated mortgage contracts;~~*
- (4) *advising on investments;*
- (5) *entering into regulated mortgage contracts;*
- ~~(5)~~ (6) *administering regulated mortgage contracts;*
- (7) *agreeing to carry on the regulated activities of managing investments, arranging (bringing about) deals in investments, making arrangements with a view to transactions in investments, safeguarding and administering investments or sending dematerialised instructions.*

...

2.9.17 G The exclusions are available, for regulated activities other than those that relate to regulated mortgage contracts, in the two broad cases set out below. For some of these regulated activities, the exclusions apply in each case. In others, they apply in only one:

...

2.9.17A G The exclusions for overseas persons who carry on certain regulated activities related to regulated mortgage contracts work in a different way. They depend on the residency of the borrower or borrowers. Guidance on these exclusions is in AUTH App 4.11 (Link between activities and the United Kingdom).

2.9.18 G ...

Insurance mediation activities

2.9.19 G The exclusions in this group apply to certain regulated activities involving certain contracts of insurance. The exclusions and the regulated activities to which they apply are as follows.

- (1) The first exclusion of this kind relates to certain activities carried on by a provider of non-motor goods or services related to travel in connection with general insurance contracts only. The contracts must be for five years duration or less and have an annual premium of no more than €500. The contract must cover breakdown or loss of or damage to non-motor goods supplied by the provider or risks linked to travel services booked with the provider. There must not be any liability risk cover. The insurance must be complementary to the goods or services being supplied by the provider in the course of his carrying on a business or profession not otherwise consisting of regulated activities. This exclusion applies where the regulated activities concerned are:

- (a) dealing in investments as agent;
  - (b) arranging (bringing about) deals in investments and making arrangements with a view to transactions in investments;
  - (c) assisting in the administration and performance of a contract of insurance; and
  - (d) advising on investments.
- (2) The second exclusion applies where information is provided to a policyholder by a person on an incidental basis in the course of that person's profession or business that does not otherwise consist of regulated activities. This exclusion applies where the regulated activities are:
- (a) arranging (bringing about) deals in investments and making arrangements with a view to transactions in investments;
  - (b) managing investments;
  - (c) assisting in the administration and performance of a contract of insurance; and
  - (d) safeguarding and administering investments;
- (3) The third exclusion applies to certain general insurance contracts covering large risks where the risk is situated outside the EEA. This exclusion applies where the regulated activities concerned are:
- (a) dealing in investments as agent;
  - (b) arranging (bringing about) deals in investments and making arrangements with a view to transactions in investments;
  - (c) assisting in the administration and performance of a contract of insurance; and
  - (d) advising on investments.

Guidance on these and other exclusions relevant to insurance mediation activities is in AUTH App 5 (Insurance mediation activities).

...

- 2.10.5 G A person is exempt if he is an appointed representative of an authorised person. See SUP 12 (Appointed representatives). But where an appointed representative carries on insurance mediation or reinsurance mediation he will not be exempt unless he is included on the register kept by the FSA under article 93 of the Regulated Activities Order (Duty to maintain a record of unauthorised persons carrying on insurance mediation activities) (see AUTH App 5.13 (Appointed representatives)).

...

2.10.8 G The exemptions apply so as to confer *exemption* on *persons* from the *general prohibition* in respect of four distinct categories of regulated activities.

...

(3) The third category is carrying on any of those *regulated activities* relating to *securities* or ~~*contractually-based investments*~~ *relevant investments* or to ‘any property’ .....

...

2.10.14 G The *regulated activities* that may be carried on in this way are restricted by an Order made by the Treasury under section 327(6) of the *Act* (Exemption from the general prohibition). Accordingly, under that section, a *person* may not by way of business carry on any of the following activities without *authorisation*:

...

(8) ~~entering into regulated mortgage contracts as lender or administering such contracts;~~ agreeing to do certain of the above activities.

...

2.10.15 G In addition, there are restrictions on carrying on (or agreeing to carry on) certain other *regulated activities*. These relate to *managing investments*, *advising on investments* or *regulated mortgage contracts*, ~~and *advising on syndicate participation at Lloyd’s*~~ and *entering into a regulated mortgage contract* or *administering a regulated mortgage contract*.

2.10.16 G A *person* carrying on *regulated activities* under the regime for members of the professions will be subject to rules made by the professional body designated by the Treasury. Such bodies are obliged to make rules governing the carrying on by their members of those *regulated activities* that they are able to carry on without *authorisation* under the *Act*. Where such a *person* is carrying on *insurance mediation* or *reinsurance mediation*, he must also be included on the register kept by the *FSA* under article 93 of the *Regulated Activities Order* (Duty to maintain a record of unauthorised persons carrying on insurance mediation activities) (see *AUTH* App 5.10 (Exemptions)).

...

## 2 Ann 2 G Regulated activities and the permission regime

1.3 G

...

(2) ...

...

Part III of the *Regulated Activities Order* (Specified investments) specifies the investments referred to at *AUTH* 2 Ann 2, 1.3G(1) 1.23(1).

...

2 Table:

Regulated activity	Specified investment in relation to which the regulated activity (in the corresponding entry in column 1) may be carried on
Regulated Activities [See note 1 to Table 1]	
<u>Accepting deposits</u>	
(a) <i>accepting deposits</i> (Article 5)	<i>deposit</i> (Article 74)
<u>Issuing electronic money</u>	
(aa) <i>issuing electronic money</i> (Article 9B)	<i>electronic money</i> (Article 74A)
Insurance business	
(b) <i>effecting contracts of insurance</i> (Article 10(1)) (c) <i>carrying out contracts of insurance</i> (Article 10(2))	<i>contract of insurance</i> (Article 75) [Expanded in Table 2]
Designated investment business [see note 1A and 1B 7 to Table 1]	
(d) <i>dealing in investments as principal</i> (Article 14) [see note 2 to Table 1] (e) <i>dealing in investments as agent</i> (Article 21) [see notes 1B and 2 to Table 1]	(in relation to (d) to (l)) <i>security</i> [Expanded in Table 3] or <i>contractually based investment</i> [Expanded in Table 3] (in relation to (e) to (g) and (j) only) a <i>long-term care insurance contract</i> which is a <i>pure protection contract</i>
(f) <i>arranging (bringing about) deals in investments</i> (Article 25(1)) [see note 1B to Table 1] [also see Sections of Table 1 headed 'Lloyd's market' Section and 'regulated mortgage activities']	
(g) <i>making arrangements with a view to transactions in investments</i> (Article 25(2)) [see note 1B to Table 1] [also see Sections of Table 1 headed 'Lloyd's market' Section and 'regulated mortgage activities'] (h) <i>managing investments</i> (Article 37) [see note 3 to Table 1] (i) <i>safeguarding and administering investments</i> (Article 40) [see note 3 to Table 1] For the purpose of the <i>permission</i> regime, this <i>regulated activity</i> is subdivided into:	

<p>(i) <i>safeguarding and administration of assets (without arranging);</i></p> <p>(ii) <i>arranging safeguarding and administration of assets</i></p> <p>(j) <i>advising on investments (Article 53) [see note 1B to Table 1] [also see Section of Table 1 headed ‘regulated mortgage activity’]</i></p> <p>For the purpose of the <i>permission</i> regime, this <i>regulated activity</i> is subdivided into:</p> <p>(i) <i>advising on investments (except pension transfers or pension opt- outs);</i></p> <p>(ii) <i>advising on pension transfers or pension opt-outs [see note 4 to Table 1]</i></p> <p>(k) <i>sending dematerialised instructions (Article 45(1))</i></p> <p>(l) <i>causing dematerialised instructions to be sent (Article 45(2))</i></p> <p>(m) <i>establishing, operating or winding up a collective investment scheme (Article 51)</i></p>	<p><i>security and contractually based investment [Expanded in Table 3]</i></p> <p>[see note 5 to Table 1]</p>
<p>For the purpose of the <i>permission</i> regime, this <i>regulated activity</i> is sub-divided into:</p>	
<p>(i) <i>establishing, operating or winding up a regulated collective investment scheme</i></p>	
<p>(ii) <i>establishing, operating or winding up an unregulated collective investment scheme</i></p>	
<p>(n) <i>acting as trustee of an authorised unit trust scheme (Article 51)</i></p> <p>(o) <i>acting as the depositary or sole director of an open-ended investment company (Article 51)</i></p> <p>(p) <i>establishing, operating or winding up a stakeholder pension scheme (Article 52)</i></p>	
<p><u>Insurance mediation activity [see note 5A to Table 1]</u></p>	

<p>(pa) <u>dealing in investments as agent</u> (Article 21)</p> <p>(pb) <u>arranging (bringing about) deals in investments</u> (Article 25(1))</p> <p>(pc) <u>making arrangements with a view to deals in investments</u> (Article 25(2))</p> <p>(pd) <u>assisting in the administration and performance of a contract of insurance</u> (article 39A)</p> <p>(pe) <u>advising on investments</u> (Article 53)</p> <p>For the purpose of the <u>permission regime</u>, this <u>regulated activity</u> is sub-divided into:</p> <p>(i) <u>advising on investments (except pension transfers or pension opt outs)</u>;</p> <p>(ii) <u>advising on pension transfers or pension opt outs</u> [See note 5E to Table 1]</p>	<p><u>life policy</u> [see note 5B to Table 1]</p> <p><u>pure protection contract</u> [see note 5C to Table 1]</p> <p><u>general insurance contract</u> [see note 5D to Table 1]</p> <p><u>rights to or interests in investments</u> (Article 89) in so far as they relate to a <u>life policy</u></p>
<p>The Lloyd's market [see note 6 to Table 1]</p>	
<p>(q) <u>advising on syndicate participation at Lloyd's</u> (Article 56)</p> <p>(r) <u>managing the underwriting capacity of a Lloyd's syndicate as a managing agent at Lloyd's</u> (Article 57)</p>	<p><u>membership of a Lloyd's syndicate</u> (Article 86(2))</p> <p><u>underwriting capacity of a Lloyd's syndicate</u> (Article 86(1))</p>
<p>(s) <u>arranging (bringing about) deals in investments</u> (Article 25(1))</p>	<p><u>underwriting capacity of a Lloyd's syndicate</u> (Article 86(1)), <u>membership of a Lloyd's syndicate</u> (Article 86(2)) or <u>rights to or interests in investments</u> (Article 89) in so far as they relate to <u>underwriting capacity of a Lloyd's syndicate or membership of a Lloyd's syndicate</u></p>
<p>(t) <u>making arrangements with a view to transactions in investments</u> (Article 25(2))</p>	
<p>Funeral plan providers [<del>a regulated activity with effect from 1 January 2002</del>]</p>	
<p>(u) <u>entering as provider into a funeral plan contract</u> (Article 59) [see Note 1A]</p>	<p><u>funeral plan contract</u> (Article 87)</p>

<p>(v) <u>arranging (bringing about) regulated mortgage contracts</u> (Article 25(A)(1))</p> <p>(w) <u>making arrangements with a view to regulated mortgage contracts</u> (Article 25(A)(2))</p>	<p><u>regulated mortgage contract</u> (Article 88)</p>

<p>(x) <u>advising on regulated mortgage contracts</u> (Article 53A)</p> <p>(y) <u>entering into a regulated mortgage contract</u> (Article 61(1))</p> <p>(z) <u>administering a regulated mortgage contract</u> (Article 61(2))</p>	
--	--

Notes to Table 1
<p>Note 1:</p> <p>In addition to the <i>regulated activities</i> listed in Table 1, Article 64 of the <i>Regulated Activities Order</i> specifies that <u>agreeing to carry on a regulated activity is itself a regulated activity in certain cases. This applies in relation to all the regulated activities listed in Table 1 apart from</u> <del>in relation to any other regulated activity other than:</del></p> <ul style="list-style-type: none"> <li>· <i>accepting deposits</i> (Article 5);</li> <li>· <i>issuing electronic money</i> (Article 9B);</li> <li>· <i>effecting and carrying out contracts of insurance</i> (Article 10);</li> <li>· <i>establishing, operating or winding up a collective investment scheme</i> (Article 51(1)(a));</li> <li>· <i>acting as trustee of an authorised unit trust scheme</i> (Article 51(1)(b));</li> <li>· <i>acting as the sole depository or sole director of an open-ended investment company</i> (Article 51(1)(c)); and</li> <li>· <i>establishing, operating or winding up a stakeholder pension scheme</i> (Article 52).</li> </ul> <p>Permission to carry on the activity of <i>agreeing to carry on a regulated activity</i> will be given automatically by the FSA in relation to those other <i>regulated activities</i> for which an applicant is given <i>permission</i> (other than those activities in Articles 5, 9B, 10, 51 and 52 detailed above).</p>

Note 1A:

Funeral plan contracts are contractually based investments. Accordingly, the following are regulated activities when carried on in relation to a funeral plan contract: (a) arranging (bringing about) deals in investments, (b) making arrangements with a view to transactions in investments, (c) managing investments, (d) safeguarding and administering investments, (e) advising on investments, (f) sending dematerialised instructions and (g) causing dematerialised instructions to be sent (as well as agreeing to carry on each of the activities listed in (a) to (g)).

However, they are not designated investment business.

Note 1B:

Life policies are contractually based investments. Where the regulated activities listed as designated investment business in (e) to (g) and (j) are carried on in relation to a life policy, these activities also count as 'insurance mediation activities'. The full list of insurance mediation activities is set out in (pa) to (pe). The regulated activities of agreeing to carry on each of these activities will, if carried on in relation to a life policy, also come within both designated investment business and insurance mediation activities.

Note 2:

For the purposes of the regulated activities of dealing in investments as principal (Article 14) and dealing in investments as agent (Article 21), the definition of contractually based investments [expanded in Table 3] excludes a funeral plan contract (Article 87) and rights to or interests in funeral plan contracts.

Note 3:

The regulated activities of managing investments (Article 37) and safeguarding and administering investments (Article 40) may apply in relation to any assets, in particular circumstances, if the assets being managed, or safeguarded and administered, include (or may include) any security or contractually based investment.

Note 4:

For the purposes of the permission regime, the activity in (j)(ii) of advising on pension transfers and pension opt-outs is carried on in respect of the following specified investments:

- unit (Article 81);
- stakeholder pension scheme (Article 82);
- life policy (explained in note 5A as defined in Article 3(1));
- rights to or interests in investments in so far as they relate to a unit, a stakeholder pension scheme or a life policy.

Note 5:

Article 4(2) of the Regulated Activities Order specifies the activities (m) to (p) for the purposes of section 22(1)(b) of the Act. That is, these activities will be regulated activities if carried on in relation to any property and are not expressed as relating to a specified investment.

Note 5A:

Where they are carried on in relation to a life policy, the activities listed as insurance mediation activities in (pa) to (pe) (as well as the regulated activity of agreeing to carry on those activities) are also designated investment business.

Note 5B:

Life policy is the term used in the *Handbook* to mean ‘qualifying contract of insurance’ (as defined in Article 3(1) of the *Regulated Activities Order*).

Note 5C:

*Pure protection contract* is the term used in the *Handbook* to mean a *long-term insurance contract* which is not a *life policy*.

Note 5D:

General insurance contract is the term used in the *Handbook* to mean contract of insurance within column 1 of Table 2.

Note 5E:

For the purposes of the *permission* regime, the activity in (pe)(ii) of advising on pension transfers and pension opt-outs is carried on in respect of the following specified investments:

- life policy (explained in note 5A);
- rights to or interests in investments in so far as they relate to a *life policy*.

Note 6:

Section 315 of the *Act* (The Society: authorisation and permission) states that the *Society of Lloyd’s* has *permission* to carry on the *regulated activities* referred to in that section, one of which is specified in Article 58 of the *Regulated Activities Order*. This *permission* is unique to the *Society of Lloyd’s*.

Note 7:

~~In relation to funeral plan contracts (a) managing investments, (b) safeguarding and administering investments, (c) advising on investments, (d) arranging (bringing about) deals in investments and (e) making arrangements with a view to transactions in investments (as well as agreeing to carry on each of those regulated activities) are regulated activities but they are not designated investments business.~~

...

Table 3: Securities, <del>and</del> contractually based investments and relevant investments [see notes 1 and 2 to Table 3]		
Security (article 3(1))	Contractually based investment (article 3(1))	Relevant investment (article 3(1))
<p><i>share</i> (Article 76)</p> <p><i>debenture</i> (Article 77)</p> <p><i>government and public security</i> (Article 78)</p> <p><i>warrant</i> (Article 79)</p> <p><i>certificate representing certain security</i> (Article 80)</p> <p><i>unit</i> (Article 81)</p> <p><i>stakeholder pension scheme</i> (Article 82)</p> <p><i>rights to or interests in investments</i> (Article 89) in so far as they relate to any of the above categories of <i>security</i></p>	<p><i>option</i> (Article 84)</p> <p>For the purpose of the <i>permission</i> regime, <i>option</i> is subdivided into:</p> <p>(i) <i>option</i> (excluding a <i>commodity option</i> and an <i>option</i> on a <i>commodity future</i>);</p> <p>(ii) <i>commodity option</i> and an <i>option</i> on a <i>commodity future</i>.</p> <p><i>future</i> (Article 85)</p> <p>For the purpose of the <i>permission</i> regime, <i>future</i> is subdivided into:</p> <p>(i) <i>future</i> (excluding a <i>commodity future</i> and a <i>rolling spot forex contract</i>);</p> <p>(ii) <i>commodity future</i>;</p> <p>(iii) <i>rolling spot forex contract</i>.</p> <p><i>contract for differences</i> (Article 86)</p> <p>For the purpose of the <i>permission</i> regime, <i>contract for differences</i> is subdivided into:</p> <p>(i) <i>contract for differences</i> (excluding a <i>spread bet</i> and a <i>rolling spot forex contract</i>);</p> <p>(ii) <i>spread bet</i>;</p> <p>(iii) a <i>rolling spot forex contract</i></p> <p><i>life policy</i> [see note 5B to Table 1]</p> <p><i>funeral plan contract</i> (Article 87)</p> <p><del>[from 1 January 2002]</del> [see Note 1A to Table 1]</p> <p><i>rights to or interests in investments</i> (Article 89) in so far as they relate to any of the above categories of <i>contractually based investment</i>.</p>	<p><u><i>contractually based investment</i> (article 3(1))</u></p> <p><u><i>pure protection contract</i> [see note 5C to Table 1]</u></p> <p><u><i>general insurance contract</i> [see note 5D to Table 1]</u></p>

Notes to Table 3

Note 1

*Security, ~~and~~ contractually based investment and relevant investment* are not, in themselves, *specified investments* ~~but~~ they are defined as including a number of *specified investments* as set out in Table 3. *Relevant investments* is the term that is used to cover *contractually based investments* together with rights under a *general insurance contract* and a *pure protection contract*.

Note 2

For the purposes of the *regulated activities of dealing in investments as principal* (article 14) and *dealing in investments as agent* (article 21), the definition of *contractually based investment* excludes a *funeral plan contract* (article 87) and rights to or interests in *funeral plan contracts*.

5.4.1 G ...

---

**The conditions for establishing a branch**

5.4.2 G Before an *EEA firm* exercises an *EEA right* to establish a *branch* in the *United Kingdom* other than under the *Insurance Mediation Directive*, the *Act* requires it to satisfy the *establishment conditions*, as set out in paragraph 13(1) Part II of Schedule 3 to the *Act* (EEA Rights). These conditions are that:

(1) ...

5.4.2A G Where an *EEA firm* exercises its *EEA right* to establish a *branch* in the *United Kingdom* under the *Insurance Mediation Directive*, the *Act* requires it to satisfy the *establishment conditions*, as set out in paragraph 13(1A) Part II of Schedule 3 to the *Act* (EEA Rights). These conditions are that:

(1) the *EEA firm* has given its *Home State regulator* notice of its intention to establish a *branch* in the *United Kingdom*;

(2) the *FSA* has received notice ("a regulator's notice") from the *EEA firm's Home State regulator* that the *EEA firm* intends to establish a *branch* in the *United Kingdom*;

(3) the *EEA firm's Home State regulator* has informed the *EEA firm* that the regulator's notice has been sent to the *FSA*; and

(4) one month has elapsed beginning with the date when the *EEA firm's Home State regulator* informed the *EEA firm* that it had sent the regulator's notice to the *FSA*.

...

**The notification procedure**

5.4.4 G (1) ...

(2) Although the FSA is not required to notify the applicable provisions to an EEA firm passporting under the Insurance Mediation Directive, these provisions are set out in AUTH 5 Annex 3 G (Application of the Handbook to Incoming EEA Firms).

...

The conditions for providing cross border services into the United Kingdom

5.5.3 G Before an *EEA firm* exercises an *EEA right* to provide *cross border services* into the *United Kingdom*, the *Act* requires it to satisfy the *service conditions*, as set out in paragraph 14 of Part II of Schedule 3 to the *Act*. These conditions are that:

- (1) the *EEA firm* has given its *Home State regulator* notice of its intention to provide *cross border services* in the *United Kingdom* (a notice of intention);
- (2) if the *EEA firm* is passporting under either the *Investment Services Directive* or the *Insurance Directives*, or the *Insurance Mediation Directive*, the *FSA* has received notice (“a regulator’s notice”) from the *EEA firm’s Home State regulator* containing the information prescribed under regulation 3 of the *EEA Passport Rights Regulations* (see *AUTH 5 Annex 2G*); and
- (3) if the *EEA firm* is passporting under the *Insurance Directives* or the *Insurance Mediation Directive*, its *Home State regulator* has informed the *EEA firm* that it has sent the regulator’s notice to the *FSA*; and
- (4) if the *EEA firm* is passporting under the *Insurance Mediation Directive*, one month has elapsed beginning with the date when the *EEA firm’s Home State regulator* informed the *EEA firm* that it had sent the regulator’s notice to the *FSA*.

The notification procedure

5.5.4 G (1) Unless the *EEA firm* is passporting under the *Insurance Mediation Directive*, if the *FSA* receives a regulator’s notice or, where no notice is required (in the case of an *EEA firm* passporting under the *Banking Consolidation Directive*), is informed of the *EEA firm’s* intention to provide *cross border services* into the *United Kingdom*, the *FSA* will, under paragraphs 14(2)(b) and 14(3) of Part II of Schedule 3 to the *Act*, notify the *EEA firm* of the *applicable provisions* (if any) within two months of the day on which the *FSA* received the regulator’s notice or was informed of the *EEA firm’s* intention.

(2) Although the FSA is not required to notify the applicable provisions to an EEA firm passporting under the Insurance Mediation Directive, these provisions are set out in AUTH 5 Annex 3 G (Application of the Handbook to Incoming EEA Firms).

...

- 5.6.4 G Under the *EEA Passport Rights Regulations*, references in section 60 of the *Act* (applications for approval for persons to perform *controlled functions*) to "the authorised person concerned" include an *EEA firm* with respect to which the *FSA* has received a *consent notice* or regulator's notice under paragraph 13 of Schedule 3 to the *Act* (see *AUTH 5.4.2G(1)* and *AUTH 5.4.2A G(2)*) or a regulator's notice under paragraph 14 of that Schedule (see *AUTH 5.5.3G(2)*), and which will be the *authorised person* concerned if the *EEA firm* qualifies for *authorisation* under that Schedule.

...

...

7.1.1 G This chapter applies to anyone involved in publishing periodicals, or in providing news services or broadcasts, who gives (or proposes to give) advice about *securities*, ~~or contractually based investments~~ relevant investments or regulated mortgage contracts and who wishes to determine whether he will be carrying on the ~~regulated activity~~ activities of advising on investments or advising on regulated mortgage contracts.

...

7.1.2 G The purpose of this chapter is to provide *guidance* on:

- (1) when a *person* involved in publishing periodicals, or in providing news services or broadcasts, requires *authorisation* to carry on the ~~regulated activity~~ activities of advising on investments or advising on regulated mortgage contracts (see *AUTH 7.3* (Does the activity require authorisation)); and
- (2) if he does, whether he qualifies for the exclusion from ~~that activity~~ those activities that applies to a periodical publication, a regularly updated news or information service ...
- ...
- 7.2.1 G Advice is excluded by Article 54 of the *Regulated Activities Order* from the ~~regulated activity~~ activities of advising on investments and advising on regulated mortgage contracts if:
- (1) the advice is given in a publication or service that is in one of three formats (see *AUTH 7.4.3G* and *AUTH 7.4.4G*); and
- (2) the principal purpose of the particular format is neither to give certain advice nor to lead to (or enable) certain transactions to be carried out (see *AUTH 7.4.5G* and *AUTH 7.4.10G*).
- ...
- 7.2.2 G If a *person* would, but for the exclusion, be carrying on the ~~regulated activity~~ activities of advising on investments or advising on regulated mortgage contracts, or both, and will be doing so as a business in the *United Kingdom* .....
- Advising on investments and advising on regulated mortgage contracts
- ...
- 7.3.1 G Under Article 53 of the *Regulated Activities Order* (Advising on investments), advising a person is a specified kind of activity
- (1) ...
- (2) it is advice on the merits of his doing any of the following (whether as *principal* or agent):
- (a) *buying, selling*, subscribing for or underwriting a particular *investment* which is a *security* or a ~~contractually based investment~~ relevant investment; or
- ...
- 7.3.1A G Under Article 53A of the *Regulated Activities Order* (Advising on regulated mortgage contracts), advising a *person* is a specified kind of activity if :

- (1) the advice is given to the *person* in his capacity as a borrower or potential borrower; and
- (2) it is advice on the merits of his doing any of the following:
  - (a) entering into a particular *regulated mortgage contract*; or
  - (b) varying the terms of a *regulated mortgage contract* entered into by him after *mortgage day* in such a way as to vary his obligations under that contract.

- 7.3.2 G Articles 53 and 53A of the *Regulated Activities Order* contains a number of elements, all of which must be present before a *person* will require *authorisation*. For *guidance* on whether a *person* is carrying on ~~this~~ these *regulated-activity activities* see *AUTH* App 1 (Financial promotion and related activities [to be issued later]) and *AUTH* App 4 (Guidance on regulated activities connected with mortgages).
- 7.3.3 G ...  
 Under Section 22 of the *Act* (Regulated activities), for an activity to be a *regulated activity* it must be carried on ‘by way of business’. There is power in the *Act* for the Treasury to change the meaning of the business-element test by including or excluding certain things. It has exercised this power (see through the Financial Services and Markets Act 2000 (Carrying on Regulated Activities by Way of Business) Order 2001 (SI No 2001/1177) (the *Business Order*). This has been amended by Article 18 of the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No.2) Order 2003 (SI No 2003/1476) as explained in *AUTH* App7.3.3AG.
- 7.3.3A G The result of the amendments made to the meaning of the business test in section 22 of the *Act* is that the ~~business element~~ test differs depending on the activity in question. Where ~~the regulated activities carried on in relation to securities or contractually based investments~~ of advising on investments and advising on regulated mortgage contracts are concerned, the business element test is not to be regarded as satisfied unless a *person* carries on the business of engaging in ~~one or more of the~~ those activities. This is a narrower test than that of carrying on *regulated activities* by way of business (as required by section 22 of the *Act*), as it requires the *regulated activities* to represent the carrying on of a business in their own right. Where the advice relates to a *contract of insurance*, the business test is not be regarded as satisfied unless the *person* carrying on the activity of giving the advice is taking up or pursuing the activity for remuneration. This is the test which will apply to the regulated activity of advising on investments. *AUTH* 2.3 (The Business element) and *AUTH* 2.4 (Link between activities and the United Kingdom) together with *AUTH* App 5.4 (The business test) provide further detail on this.

7.3.4 G In the *FSA's* view, for a *person* to be carrying on the business of *advising on investments or advising on regulated mortgage contracts* he will usually need to be doing so with a degree of regularity and for commercial purposes - that is to say, he will normally be expecting to gain some kind of a direct or indirect financial benefit. But, in the *FSA's* view ..... or paid for by advertising. In such cases, if ~~advice on investments~~ advice on securities, relevant investments or regulated mortgage contracts is given, then in the *FSA's* view the business of *advising on investments or advising on regulated mortgage contracts* is being carried on. In addition ..... would not be regarded as carrying on the business of advising on investments or advising on regulated mortgage contracts as he would be acting to prevent crime rather than in the carrying on of a business.

...

7.3.7 G But even if advice is given in the *United Kingdom*, the *general prohibition* will not be contravened if the giving of advice does not amount to the carrying on, in the *United Kingdom*, of the business of *advising on investments or advising on regulated mortgage contracts*. Also, the ~~general prohibition~~ general prohibition will not be contravened if the exclusion for *overseas persons* in Article 72 of the *Regulated Activities Order* (*Overseas persons*) applies. That..... exclusion applies in relation to the giving of advice on securities or relevant investments by an *overseas person* as a result of a 'legitimate approach' ..... this will exclude any advice in a publication or service from being a *regulated activity* if it is given in response to an approach that has not been solicited in any way. It should be noted, however, that the exclusions in Article 72 only apply to the regulated activity of advising on regulated mortgage contracts where both the lender and the borrower are outside the United Kingdom. The effect of this is that, where the principal purpose of an overseas periodical publication is to offer advice on securities or relevant investments and regulated mortgage contracts, the exclusion for an overseas person who provides advice to persons in the United Kingdom as a result of a legitimate approach will not apply to the advice concerning regulated mortgage contracts.

...

7.4.2 G But the exclusion applies only if the principal purpose of the publication or service is ~~neither~~ not:

- (1) ~~to advise on~~ advise on investments (that is, *securities* or ~~contractually based~~ relevant investments) or *regulated mortgage contracts*; ~~nor~~ or
- (2) to lead or enable *persons* to:
  - (a) *buy, sell, subscribe for or underwrite securities* or ~~contractually based investments~~ relevant investments; or (as the case may be)

(b) to enter as borrower into regulated mortgage contracts, or vary the terms of regulated mortgage contracts entered into by the persons to whom the advice is given as borrower.

...

7.4.3 G (1) ...

...

(3) ... this would not generally constitute the *regulated activity of advising on investments* (see *AUTH App 1.28 (Financial promotion and related activities Advice or information)* ~~{to be issued later}~~) or advising on regulated mortgage contracts (see *AUTH App 4.6.10G (Advice or information)*). So the exclusion applies to services ...

7.4.5 G The exclusion applies only if the principal purpose of the publication or service is ~~neither~~ not:

(1) to give advice on ~~investments~~ securities, relevant investments or regulated mortgage contracts (see *AUTH 7.3.1G*); or;

(2) to lead or enable *persons* to:

(a) buy, sell, subscribe for or underwrite securities or contractually based investments relevant investments or to exercise any rights conferred by *securities* or contractually based such investments; or

(b) to enter as borrower into regulated mortgage contracts, or vary the terms of regulated mortgage contracts entered into by persons to whom the advice is given as borrower.

References to leading or enabling persons to do the things mentioned in (a) or (b) are (abbreviated in AUTH 7.4.9G and AUTH 7.4.11G as leading or enabling persons 'to engage in a relevant transaction').

...

- 7.4.8 G Looking at the first disqualifying purpose set out in the exclusion, all the matters relevant to whether the *regulated-activity activities* of *advising on investments* or *advising on regulated mortgage contracts* are ~~is~~ being carried on must be taken into account (see *AUTH* App 1.24 (~~Financial promotion and related activities [to be issued later]~~ *Advising on investments*)). If the principal purpose of a publication or service is to give to *persons*, in their capacity as investors (or potential investors) or as borrowers (as the case may be), advice as referred to in *AUTH* 7.4.5G(1), then the publication or service will not be able to benefit from this exclusion.
- 7.4.9 G For the second disqualifying purpose, the focus switches to assessing whether the principal purpose of a publication or service is to lead a person to engage in a relevant transaction or enable him to do so. This disqualifying purpose is an alternative to the first. So it extends to material not covered by the first. In this respect:
- (1) material in a publication or service that invites or seeks to procure *persons* to engage in a relevant transaction can be said to “lead” to those transactions even if it would not constitute the *regulated activities* of *advising on investments* or *advising on regulated mortgage contracts*; this includes, for example, material that consists of .....
  - (2) .....
- In the *FSA*’s view, material will not lead or enable a *person* to engage in a relevant transaction where the material is intended merely to raise people’s awareness of matters relating to *securities*, ~~or *contractually based investments*~~ *relevant investments* or *regulated mortgage contracts*.
- 7.4.13 G The *persons* who directly benefit from the exclusion will be the *persons* who would otherwise require *authorisation* (see ■*AUTH* 7.3.9 G), that is, the *person* whose business it is to have editorial control over the content of the publication or service. The exclusion will apply regardless of the legal form of the *person* giving the advice so, for example, it will extend to ~~advice on investments~~ advice given by a *company* through its employees.

## APPENDIX 1. FINANCIAL PROMOTION AND RELATED ACTIVITIES

- 1.4.22 G This will be the case provided the *financial promotion* does not identify any particular *investment* or *person* to whom introductions are to be made or identify the introducer as a *person* who carries on a *regulated activity* (typically of *making arrangements with a view to transactions in investments* under Article 25(2) of the *Regulated Activities Order* (see *AUTH App 1.33 (Introducing)*) or *making arrangements with a view to regulated mortgage contracts* under Article 25A(2) of the *Regulated Activities Order* (see *AUTH App 4.5 (Arranging regulated mortgage contracts)*). It is most likely to apply where the *financial promotion* relates to *deposits* or *contracts of insurance* which are not *contractually based investments*. The journalists' exemption in Article 20 of the *Financial Promotion Order (Communications by journalists)* may also be relevant where the introduction is made through or in a publication, broadcast or regularly updated news or information service (see *AUTH App 1.12.23G*). Article 15 (Introductions) may apply where the introduction is a *real time financial promotion* (see *AUTH App 1.12.11G*). In addition, Article 28B (Real time communications: introductions in connection with qualifying credit) may apply where an introduction that is a *real time financial promotion* relates to an agreement for *qualifying credit* (see *AUTH App 1.17.12G*).

...

- 1.7.2 G *Controlled activity* and *controlled investment* are defined in Schedule 1 to the *Financial Promotion Order* and are listed in *AUTH App 1.36.43* and *AUTH App 1.36.54*. Broadly speaking ..... important to note, however, that there are certain differences between *controlled activities* and *regulated activities*; and between *controlled investments* and *specified investments*. - most notably with certain credit agreements and funeral plans. This is most notable where the *financial promotion* is about:

- (1) certain credit agreements (see *AUTH App 1.17 (Financial promotions concerning agreements for qualifying credit)*);
- (2) *funeral plan contracts* (see *AUTH App 1.16 (Financial promotions concerning funeral plans)*); and
- (3) *contracts of insurance other than life policies* (see *AUTH App 1.17A (Financial promotions concerning insurance mediation activities)*).

So, it is quite possible for ...

...

1.9.5 G The restriction in section 21 is also disapplied under section 21(5) where provided for by the Treasury by order. The Treasury made such an order on 2 April 2001 (the *Financial Promotion Order*). This contains a number of specific exemptions which are referred to in *AUTH* App 1.2 to *AUTH* app 1.15 and *AUTH* App 1.21. The *Financial Promotion Order* has been amended by:

...

(4) ... 2002 ((SI 2002/1310); ~~and~~

(5) The Financial Services and Markets Act 2000 (Financial Promotion) (Amendment) (Electronic Commerce Directive) Order 2001 (SI 2002/2157); and

(6) The Financial Services and Markets Act 2000 (Financial Promotion) (Amendment) Order 2003 (SI 2003/ 1676).

...

1.12.15 G The exemption can also be used in certain circumstances where an ~~unauthorised~~ intermediary is advertising its services as an intermediary. This is because advising on and arranging *deposits* and *contracts of insurance other than life policies* are not *controlled activities*. This means that ~~For instance~~, an unauthorised intermediary offering to find the best rates on *deposits* or ~~most competitive premiums on motor insurance~~ will not be carrying on a *controlled activity* himself. So, he may identify himself (but not any particular deposit-taker or *insurer*) in the *financial promotion*-as he will not be carrying on a *controlled activity*. This is provided that the *financial promotion* does not identify any particular deposit-taker. The same considerations would apply to an *authorised* intermediary who offers to advise on the best available motor insurance.

...

1.12.25 G With this objective in mind, the exemption in article 20 (as amended by article 2 of the Financial Services and Markets Act 2000 (Financial Promotion) (Amendment No2) Order 2001) applies to any *non-real time financial promotion* the contents of which are devised by a *person* acting as a journalist where the *financial promotion* is in:

...

(3) ...

In addition ... that the principal purpose must not be to advise on or lead or enable *persons* to buy or sell *securities* or ~~*contractually-based investments*~~ *relevant investments*. See *AUTH* 7 for further guidance .....

...

1.13.4 G Intermediaries involved with arranging and advising on deposits ~~and contracts of insurance other than life policies~~ may be *unauthorised persons* as such activities do not amount to *regulated activities* and so do not require *authorisation* under section 19 of the *Act*. However, the combination of the exemptions in Part V together with certain of the exemptions in Part IV (such as generic promotions – see *AUTH* App 1.12.14G – and follow up communications – see *AUTH* App 1.12.10G) should mean that it will often be possible for such *persons* to avoid any need to seek approval for their *financial promotions* from an *authorised person*. Guidance on the application of these exemptions to *financial promotions* about *insurance mediation activities* is in *AUTH* App 1.17A (Financial promotions concerning insurance mediation activities).

...

1.17.1 G ~~[deleted] Section 21 will not apply to *financial promotions* concerning agreements for qualifying credit until a date in 2004 yet to be specified by the Treasury. The *FSA* will be consulting separately on *guidance* on this subject.~~

After Appendix 1.17.1G, insert the following new text.

Introduction

1.17.1A G Section 21 applies to *financial promotions* concerning agreements for *qualifying credit*. In this respect, it not only covers *financial promotions* about *regulated mortgage contracts* but also *financial promotions* about certain other types of credit agreement. This is explained in more detail in *AUTH* App 1.17.2G to *AUTH* App 1.17.3G.

Controlled investment: agreement for qualifying credit

1.17.2 G Rights under an agreement for *qualifying credit* are a *controlled investment*. *Qualifying credit* is defined in paragraph 10 of Schedule 1 to the *Financial Promotion Order* (Controlled activities) as credit provided pursuant to an agreement under which:

- (1) the lender is a *person* who carries on the *regulated activity* of *entering into a regulated mortgage contract* (whether or not he is an *authorised* or *exempt person* under the *Act*); and
- (2) the obligation of the borrower to repay is secured (in whole or in part) on land.

1.17.3 G An agreement for *qualifying credit* includes the following types of loan in addition to those that would be a *regulated mortgage contract*, but in each case only if the lender carries on the *regulated activity* of *entering into regulated mortgage contracts*:

- (1) loans secured by a second or subsequent charge;
- (2) secured loans for buy-to-let or other purely investment purposes;
- (3) loans secured on land situated outside the *United Kingdom*;
- (4) loans that include some unsecured credit such as a flexible mortgage that includes an unsecured credit card; and
- (5) commercial mortgages.

Controlled activities

1.17.4 G There are four *controlled activities* involving *qualifying credit*:

- (1) *providing qualifying credit*;
- (2) *arranging qualifying credit*;
- (3) *advising on qualifying credit*; and
- (4) *agreeing to carry on any of (1) to (3)*.

1.17.5 G *Providing qualifying credit* is a *controlled activity* under paragraph 10 of Schedule 1 to the *Financial Promotion Order*. In the *FSA's* view, 'providing' means, in this context, providing as lender; an intermediary does not 'provide' *qualifying credit*.

1.17.6 G *Arranging qualifying credit* is a *controlled activity* under paragraph 10A of Schedule 1 to the *Financial Promotion Order*; that is, making arrangements:

- (1) for another *person* to enter as borrower into an agreement for *qualifying credit*; or
- (2) for a borrower under a *regulated mortgage contract* entered into on or after 31 October 2004 to vary the terms of that contract in such a way as to vary his obligations under that contract.

This means that invitations and inducements relating to the services of mortgage arrangers will potentially be within the scope of Section 21 of the *Act*.

1.17.7 G *Advising on qualifying credit* will be a *controlled activity* under paragraph 10B of Schedule 1 to the *Financial Promotion Order*; that is, advising a *person* if the advice is:

- (1) given to the *person* in his capacity as a borrower or potential borrower; and
- (2) advice on the merits of his doing any of the following :
  - (a) entering into an agreement for *qualifying credit*; or
  - (b) varying the terms of a *regulated mortgage contract* entered into by him on or after 31 October 2004 in such a way as to vary his obligations under that contract.

This means that invitations and inducements relating to the services of mortgage advisers will potentially be within the scope of Section 21 of the *Act*.

1.17.8 G Agreeing to carry on each of these three *controlled activities* will also be a *controlled activity* under paragraph 11 of Schedule 1 to the *Financial Promotion Order*.

Application of exemptions to financial promotions about agreements for qualifying credit

1.17.9 G The exemptions in Part IV of the *Financial Promotion Order* (Exempt communications: all controlled activities) will apply to *financial promotions* about *qualifying credit*. Some of the exemptions in Part VI of the *Financial Promotion Order* (Exempt communications: certain controlled activities) will also apply. Those of particular note are referred to in *AUTH* App 1.17.10G to *AUTH* App 1.17.12G.

1.17.10 G Article 46 (Qualifying credit to bodies corporate) exempts any *financial promotion* about *providing qualifying credit* if it is :

- (1) made to or directed at *bodies corporate* only; or
- (2) accompanied by an indication that the *qualifying credit* to which it relates is only available to *bodies corporate*.

1.17.11 G Article 28(4) (One off non-real time communications and solicited real time communications) sets aside the general rule that exemptions in Parts V and VI of the *Financial Promotion Order* cannot be combined by permitting the combination of Article 28 and Article 23 (Deposits: real time communications) where the *financial promotion*:

- (1) is a one-off *solicited real time financial promotion*; and
- (2) is about *providing qualifying credit*.

1.17.12 G

Article 28B (Real time communications: introductions in connection with qualifying credit) exempts a *real time financial promotion* that relates to one or more of the *controlled activities* about *regulated mortgage contracts*. The exemption is subject to the following conditions being satisfied:

- (1) the *financial promotion* must be made for the purpose of, or with a view to, introducing the recipient to a *person* ('N') who is:
  - (a) an *authorised person* who carries on the *controlled activity* to which the communication relates; or
  - (b) an *appointed representative*, where the *controlled activity* is also a *regulated activity* in respect of which the *appointed representative* is exempt; or
  - (c) an overseas person who carries on the *controlled activity* to which the communication relates; for this purpose, an 'overseas person' is a *person* who carries on any of the *controlled activities* about *qualifying credit* but does not do so, or offer to do so, from a permanent place of business maintained by him in the *United Kingdom*; and
- (2) the *person* ('M') communicating the *financial promotion*:
  - (a) must not receive any money paid by the recipient in connection with any transaction that the recipient enters into with or through N as a result of the introduction, other than money payable to M on M's own account; and
  - (b) before making the introduction, must disclose to the borrower the following information where it applies to M:
    - (i) whether M is a member of the same *group* as N;
    - (ii) details of any payment which M will receive from N, by way of fee or commission, for introducing the recipient to N; and
    - (iii) an indication of any other reward or advantage arising out of M's introducing to N.

- 1.17.13 G Introducers can check whether a *person* is an *authorised person* or an *appointed representative* by visiting the *FSA's* register at [www.fsa.gov.uk](http://www.fsa.gov.uk). If an *authorised person* has *permission* to carry on a *regulated activity* (which can be checked on the *FSA's* register) it is reasonable, in the *FSA's* view, to conclude that the *authorised person* carries on that activity (but not a *controlled activity* which is not a *regulated activity*). The *FSA* would normally expect introducers to request and receive confirmation of other facts necessary to satisfy the condition in *AUTH* App 1.17.12G(1), prior to proceeding with an introduction.
- 1.17.14 G In the *FSA's* view, money payable to an introducer on his own account includes money legitimately due to him for services rendered to the borrower, whether in connection with the introduction or otherwise. It also includes sums payable in connection with transfer of property to an introducer (for example, a housebuilder) by a borrower. For example, Article 28B allows a housebuilder to receive the purchase price on a property that he *sells* to a borrower, whom he previously introduced to an *authorised person* or *appointed representative* to help him finance the purchase in return for a fee payable by the borrower, and still take the benefit of the exclusion. This is because the sums that the housebuilder receives in connection with the introduction and the sale of his property to the borrower are both 'payable to him on his own account'. The housebuilder could also receive a commission from the *person* introduced to.
- 1.17.15 G In the *FSA's* view, the provision of details of fees or commission referred to in *AUTH* App. 1.17.12G(2)(b)(ii) does not require an introducer to provide an actual sum to the borrower, where it is not possible to calculate the full amount due prior to the introduction. This may arise in cases where the fee or commission is a percentage of the eventual loan taken out and the amount of the required loan is not known at the time of the introduction. In these cases, it would be sufficient for the introducer to disclose the method of calculation of the fee or commission, for example the percentage of the eventual loan to be made by N.
- 1.17.16 G In the *FSA's* view, the information condition in *AUTH* App. 1.17.12G(2)(b)(iii) requires the introducer to indicate to the borrower any other advantages accruing to him as a result of ongoing arrangements with N relating to the introduction of borrowers. This may include, for example, indirect benefits such as office space, travel expenses, subscription fees. This and other relevant information may, where appropriate, be provided on a standard form basis to the borrower. The *FSA* would normally expect an introducer to keep a written record of disclosures made to the borrower under Article 33A of the *Regulated Activities Order* including those cases where disclosure is made on an oral basis only.

## Interaction with the Consumer Credit Act

1.17.17 G Most credit advertisements are, with various exceptions, regulated under the Consumer Credit Act 1974. However, Article 90(3) (Consequential amendments of the Consumer Credit Act 1974) and Article 91(1) (Consequential amendments to subordinate legislation under the Consumer Credit Act 1974) of the *Regulated Activities Order* disapply the provisions of the Consumer Credit Act 1974 to any *financial promotion* other than an exempt generic communication. An exempt generic communication is a *financial promotion* that is exempt under Article 17 of the *Financial Promotion Order* (Generic promotions) (see *AUTH* App 1.12.14G (Generic promotions (Article 17))). Hence, an advertisement about credit of any kind will either be regulated under Section 21 of the *Act* or under the Consumer Credit Act 1974. Such an advertisement will only be subject to regulation under both statutes if it is about secured and unsecured lending. Typical examples showing which statute regulates particular types of credit advertisements are given in the table in *AUTH* App 1.17.18G (Table - Guide to the application of the Act and the Consumer Credit Act 1974 to credit advertisements).

1.17.18 G Table: Guide to application of the Act and the Consumer Credit Act 1974 to credit advertisements. This table belongs to *AUTH* App 1.17.17G

	Subject of advertising or promotion	FSMA regulated	CCA regulated
(1)	<i>regulated mortgage contracts</i>	Yes	No
(2)	other loans secured on land where the lender also enters into <i>regulated mortgage contracts</i> as lender	Yes	No
(3)	loans not secured on land whether or not the lender also enters into <i>regulated mortgage contracts</i> as lender	No	Yes
(4)	loans not secured on land but which form part of a loan product that is otherwise secured on land and where the lender enters into <i>regulated mortgage contracts</i> as lender	Yes	No

- |     |  |     |     |
|-----|--|-----|-----|
| (5) | loans as in (1), (2) or (4) but where the advertisement is subject to exemptions under the <i>Financial Promotion Order</i> other than Article 17 (Generic promotions) | Yes | No  |
| (6) | loans as in (1), (2) or (4) but where the advertisement is exempt under Article 17 of the <i>Financial Promotion Order</i> (Generic Promotions)                        | No  | Yes |
| (7) | loans with features as in (1), (2), (4) or (5) promoted in combination with other loans  | Yes | Yes |

....

1.17A Financial promotions concerning insurance mediation activities

1.17A.1 G The application of section 21 of the *Act* and of exemptions in the *Financial Promotion Order* to invitations or inducements about *insurance mediation activities* will vary depending on the type of activity. The implementation of the *Insurance Mediation Directive* has not led to any changes in the definitions of a *controlled investment* or a *controlled activity* under the *Financial Promotion Order*. So:

- (1) rights under any *contract of insurance* are a *controlled investment*;
- (2) rights to or interests in rights under *life policies* are *controlled investments* but rights to or interests in rights under other *contracts of insurance* are not;
- (3) the activities of:
  - (a) *dealing in investments as agent*;
  - (b) *arranging (bringing about) deals in investments*;
  - (c) *making arrangements with a view to transactions in investments*; and
  - (d) *advising on investments*,

where they relate to *contracts of insurance*, are *controlled activities* only where the *contract of insurance* is a *life policy*;

- (4) the activity of *assisting in the administration and performance of a contract of insurance* is not a *controlled activity*.

1.17A.2 G This means that an insurance intermediary will not be *communicating a financial promotion*:

- (1) where the only activity to which the promotion relates is *assisting in the administration and performance of a contract of insurance*; or
- (2) purely by reason of his inviting or inducing *persons* to make use of his advisory or arranging services where they relate only to *general insurance contracts* or *pure protection contracts* or both.

But as regards (2), an intermediary will be *communicating a financial promotion* if he is also inviting or inducing *persons* to enter into a *contract of insurance*. This is because the making and performance of the contract by the *insurer* will be a *controlled activity* (of *effecting and carrying out a contract of insurance*). Insurance intermediaries will, however, be able to use the exemptions in Part V of the *Financial Promotion Order* (see *AUTH App 13* (Exemptions applying to financial promotions concerning deposits and certain contracts of insurance) where they promote a *general insurance contract* or a *pure protection contract*. Where an insurance intermediary is promoting *life policies*, he will be able to use any exemptions in Part VI of the *Financial Promotion Order* that apply to a *contractually based investment*.

...

1.23.3 G The *regulated activities* which are likely to be conducted in the circumstances referred to in *AUTH App 1.23.2G* are:

- (1) giving advice on certain investments (Articles 53 (Advising on investments), 53A (Advising on regulated mortgage contracts) and 56 (Advice on syndicate participation at Lloyd's) of the *Regulated Activities Order*) - for example, where the *financial promotion* is the advice;
- (2) *making arrangements with a view to transactions in investments* (Article 25(1) of the *Regulated Activities Order* (Arranging deals in investments)) or making arrangements with a view to regulated mortgage contracts (Article 25A(2) of the *Regulated Activities Order* (Arranging regulated mortgage contracts)) - for example, where the *person* concerned makes arrangements that are intended to lead to a transaction by a third party; and

- (3) agreeing to carry on either (1) or (2) (Article 64 of the *Regulated Activities Order* (Agreeing to carry on specified kinds of activity)).
- 1.23.4 G The *guidance* that follows is concerned with the *regulated activities of making arrangements with a view to transactions in and advising on investments*. *Guidance on the regulated activities of making arrangements with a view to and advising on regulated mortgage contracts* is in *AUTH App 4* (Guidance on regulated activities connected with mortgages).
- 1.24.1 G ...  
 (1) ...  
 (2) is advice on the merits of his (whether as principal or agent) *buying, selling*, subscribing for or underwriting a particular *investment* which is a *security* or a ~~*contractually based investment*~~ *relevant investment* or exercising any right conferred by such an *investment* to *buy, sell*, subscribe for or underwrite such an *investment*.
- 1.24.2 G ...  
 (1) it must relate to an *investment* which is a *security* or a ~~*contractually based investment*~~ *relevant investment*;  
 ...
- 1.25.1 G For the purposes of section 53 of the *Regulated Activities Order*, a *security* or ~~*contractually based investment*~~ *relevant investment* is any one of the following:  
 (1) ...  
 ...  
 (11) ~~*life policies*~~ *contracts of insurance*;  
 ...
- 1.25.2 G Article 53 does not apply to advice given on any of the following:  
 (1) *deposit* or other *bank* or *building society* accounts;  
 (2) ~~contracts of general insurance or of long term insurance which are not *contractually based investments* (for example, most pure term and permanent health insurance);~~ interests under the trusts of an *occupational pension scheme* (but rights under an *occupational pension scheme* that is a *stakeholder pension scheme* will be *securities*).

- (3) mortgages or other loans (but note that advising on *regulated mortgage contracts* is a separate *regulated activity* under Article 53A of the *Regulated Activities Order* - see the *guidance in AUTH App 4 (Regulated activities connected with mortgages)*);
- ...
- (9) ~~interests under the trusts of an *occupational pension scheme* other than a *stakeholder pension scheme*.~~[deleted]
- ...
- 1.26.4 G ...
- (1) ...
- ...
- (5) ~~*contracts of insurance*, which are *contractually based investments* - these are both products and contractual *investments*;~~ so a particular *investment* would include:
- ...
- 1.27.1 G For the purposes of Article 53, advice must be given to or directed at someone who either holds *investments* or is a prospective investor (or their agent). Where the *investment* is a risk only *contract of insurance* such as *house contents insurance*, the *policyholder* or prospective *policyholder* is regarded as an investor.
- ...
- 1.31.4 G ...
- 1.31.5 G Certain of the exclusions in the *Regulated Activities Order* that apply to the *regulated activity* of *advising on investments* are not available where the advice either relates to a *contract of insurance* or amounts to *insurance mediation* or *reinsurance mediation*. This results from the requirements of the *Insurance Mediation Directive* and is explained in more detail in *AUTH App 5 (Insurance mediation activities)*.
- ...
- 1.32.1 G Under Article 25 of the *Regulated Activities Order*, arranging deals in investments covers:
- (1) making arrangements for another *person* (whether as principal or agent) to *buy, sell*, subscribe for or underwrite a particular *investment* which is:
- (a) a *security*; or
- (b) a ~~*contractually based investment*~~ *relevant investment*;
- or
- ...
- 1.32.11 G ...

1.32.12 G     Where *persons* are making arrangements concerning *contracts of insurance* or are carrying on *insurance mediation or reinsurance mediation*, certain exclusions to Article 25 are not available. This results from the requirements of the *Insurance Mediation Directive* and is explained in more detail in *AUTH App 5.6 (Insurance mediation activities)*The regulated activities: arranging deals in, and making arrangements with a view to transactions in, contracts of insurance).

1.33.5    G     ...

1.33.6    G     The exclusions in Articles 29 and 33 of the *Regulated Activities Order* are not available where the *investment* is a *contract of insurance*. However, certain other exclusions do apply. This results from implementation of the requirements of the *Insurance Mediation Directive* and is explained in more detail in *AUTH App 5.6 (Insurance mediation activities)* The regulated activities: arranging deals in, and making arrangements with a view to transactions in, contracts of insurance).

...

1.36.3    G     Table: Controlled activities

1.        ....

...

9.        Providing funeral plan contracts (~~with effect from 1 January 2002~~).

10.       Providing qualifying credit (~~with effect from a date to be announced~~).

10A.    Arranging qualifying credit etc.

10B.    Advising on qualifying credit etc.

11.       Agreeing to do anything in 3 to 10B above.

## Annex E

### Amendments to the Authorisation manual

In this Annex, all the text is new text and is not underlined.

After Appendix 4, insert the following new appendix as Appendix 5.

#### Appendix 5

##### Guidance on Insurance Mediation Activities

##### 5.1. Application and purpose

###### Application

5.1.1G This appendix applies principally to any *person* who needs to know whether he carries on *insurance mediation activities* and is thereby subject to *FSA* regulation. As such it will be of relevance among others to:

- (1) insurance brokers;
- (2) insurance advisers;
- (3) *insurance undertakings*; and
- (4) other *persons* involved in the sale and administration of *contracts of insurance*, even where these activities are secondary to their main business.

###### Purpose of guidance

5.1.2G With effect from 14 January 2005 certain pre-contractual sales and post-contractual administration activities relating to *contracts of insurance* will become regulated by the *FSA* for the first time as part of the implementation by the *United Kingdom* of the *Insurance Mediation Directive (IMD)*.

5.1.3G The *insurance mediation activities* apply to all *contracts of insurance*, but the implementation of the *IMD* brings the mediation of *general insurance contracts* and *pure protection contracts* within the scope of *FSA* regulation for the first time.

5.1.4G The *FSA* already regulates certain activities carried on by intermediaries in relation to *life policies* (see the *guidance* contained in *AUTH 2* (Authorisation and regulated activities)). However, the changes to *FSA* regulation in force from 14 January 2005 will also potentially affect the regulatory position of *firms* already carrying on *regulated activities* in connection with *life policies* including *insurers*. These *firms* should therefore consider whether or not they need to apply for a variation of their *Part IV permission*.

5.1.5G *Insurance mediation activities* will typically be carried out by insurance and reinsurance brokers, financial advisers, agents, consultants and outsourcers. In addition, *persons* whose principal business is not *insurance mediation* may also carry on these activities and will need to consider whether they require *authorisation* or can benefit from an exclusion or exemption.

5.1.6G The purpose of this *guidance* is to help *persons* consider whether they need *authorisation* or a variation of their *Part IV permission*. Businesses new to regulation who act only as introducers of insurance business are directed in particular to *AUTH* App 5.6.2G (Article 25(1): arranging (bringing about) deals in investments) to *AUTH* App 5.6.9G (Exclusion: article 72C provision of information on an incidental basis) and *AUTH* App 5.15.6G (Flow chart: introducers) to help consider whether they require *authorisation*. This *guidance* also explains the availability to *persons* carrying on *insurance mediation activities* of certain exemptions from *FSA* regulation, including the possibility of becoming an *appointed representative* (see *AUTH* App 5.13.1G to *AUTH* App 5.13.6G (Appointed representatives)).

#### Effect of guidance

5.1.7G This *guidance* is issued under section 157 of the *Act* (Guidance). It is designed to throw light on particular aspects of regulatory requirements, not to be an exhaustive description of a *person's* obligations. If a *person* acts in line with the *guidance* and the circumstances contemplated by it, then the *FSA* will proceed on the footing that the *person* has complied with aspects of the requirement to which the *guidance* relates.

5.1.8G Rights conferred on third parties cannot be affected by *guidance* given by the *FSA*. This *guidance* represents the *FSA's* view, and does not bind the courts, for example, in relation to the enforceability of a contract where there has been a breach of the *general prohibition* on carrying on a *regulated activity* in the *United Kingdom* without *authorisation* (see sections 26 to 29 of the *Act* (Enforceability of Agreements)).

5.1.9G A *person* reading this *guidance* should refer to the *Act* and the various Orders that are referred to in this *guidance*. These should be used to find out the precise scope and effect of any particular provision referred to in this *guidance*. A *person* may need to seek his own legal advice.

5.1.10G The text in *AUTH* App 5.1.2G to *AUTH* App 5.1.6G, *AUTH* App 5.2.6G, *AUTH* App 5.11.2G, *AUTH* App 5.13.5G and *AUTH* App 5.13.6G relates only to the period prior to the implementation of the *Insurance Mediation Directive*, that is before 14 January 2005.

#### Guidance on other activities

5.1.11G A *person* may wish to carry on activities related to other forms of *investment* in connection with *contracts of insurance*, such as *advising on* and *arranging regulated mortgage contracts*. Such a *person* should also consult the *guidance* in *AUTH* 2 (Authorisation and Regulated Activities), *AUTH* App 1 (Financial Promotion and Related Activities) and *AUTH* App 4 (Regulated activities connected with mortgages).

## 5.2. Introduction

5.2.1G This *guidance* is based on the statutory instruments made as part of implementing the *IMD* in the *United Kingdom*. This legislation includes the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No.2) Order 2003 (S.I. 2003/1476), which amends among others the *Regulated Activities Order*, the Financial Services and Markets Act 2000 (Appointed Representatives) Regulations 2001 (S.I. 2003/1217), the *Non-Exempt Activities Order* and the *Business Order*. Other legislation that forms the basis of this *guidance* includes the Financial Services and Markets Act 2000 (Exemption) (Amendment) (No.2) Order 2003 (S.I. 2003/1675), the Financial Services and Markets Act 2000 (Financial Promotion) (Amendment) Order 2003 (S.I. 2003/1676) and the Insurance Mediation Directive (Miscellaneous Amendments) Regulations 2003 (S.I. 2003/1473). For ease of reference, references to the *Regulated Activities Order* below adopt the revised *Regulated Activities Order* numbering indicated in the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No.2) Order 2003.

### Requirement for authorisation or exemption

5.2.2G Any *person* who carries on a *regulated activity* in the *United Kingdom* by way of business must either be an *authorised person* or exempt from the need for *authorisation*. Otherwise, the *person* commits a criminal offence and certain agreements may be unenforceable. *AUTH 2.2* (Authorisation and regulated activities) has further *guidance* on these consequences. To be *authorised*, a *person* must either:

- (1) hold a *Part IV permission* given by the *FSA* (see *AUTH 1.3* (The Authorisation Manual) and *AUTH 3* (Applications for Part IV Permission)); or
- (2) qualify for *authorisation* (see *AUTH 5* (Qualifying for Authorisation under the Act)); for example, if the *person* is an *EEA firm* or a *Treaty firm*.

### Questions to be considered to decide if authorisation is required

5.2.3G A *person* who is concerned to know whether his proposed *insurance mediation activities* may require *authorisation* will need to consider the following questions (these questions are a summary of the issues to be considered and have been reproduced, in slightly fuller form, in the flow chart in *AUTH App 5.15.2G* (Flow chart: regulated activities related to insurance mediation – do you need authorisation?):

- (1) will the activities relate to *contracts of insurance* (see *AUTH App 5.3* (Contracts of insurance))?
- (2) if so, will I be carrying on any *insurance mediation activities* (see *AUTH App 5.5* (The regulated activities: dealing in contracts as agent) to *AUTH App 5.11* (Other aspects of exclusions))?
- (3) if so, will I be carrying on my activities by way of business (see *AUTH App 5.4* (The business test))?

- (4) if so, is there the necessary link with the *United Kingdom* (see *AUTH* App 5.12 (Link between activities and the United Kingdom))?
- (5) if so, will any or all of my activities be excluded (see *AUTH* App 5.3.7G (Connected contracts of insurance) to *AUTH* App 5.3.8G (Large risks); *AUTH* App 5.6.5G (Exclusion: article 72C provision of information on an incidental basis) to *AUTH* App 5.6.23G (Other exclusions); *AUTH* App 5.7.7G (Exclusions); *AUTH* App 5.8.24G (Exclusion: periodical publications, broadcasts and web-sites) to *AUTH* App 5.8.26G (Other exclusions); *AUTH* App 5.11 (Other aspects of exclusions) and *AUTH* App 5.12.9G to *AUTH* App 5.12.10G (Overseas persons))?
- (6) if it is not the case that all of my activities are excluded, am I a *professional firm* whose activities are exempted under Part XX of the *Act* (see *AUTH* App 5.14.1G to *AUTH* App 5.14.4G (Professionals))?
- (7) if not, am I exempt as an *appointed representative* (see *AUTH* App 5.13 (Appointed representatives))?
- (8) if not, am I otherwise an *exempt person* (see *AUTH* App 5.14.5G (Other exemptions))?

If a *person* gets as far as question (8) and the answer to that question is “no”, that *person* requires *authorisation* and should refer to *AUTH* 3 (Application for Part IV Permission). The order of these questions considers firstly whether a *person* is carrying on *insurance mediation activities* before dealing separately with the questions "will I be carrying on my activities by way of business?" (3) and "if so, will any or all of my activities be excluded?" (5).

5.2.4G It is recognised pursuant to section 22 of the *Act* that a *person* will not be carrying on *regulated activities* in the first instance, including *insurance mediation activities*, unless he is carrying on these activities by way of business. Similarly, where a *person's* activities are excluded he cannot, by definition, be carrying on *regulated activities*. To this extent, the content of the questions above does not follow the scheme of the *Act*. For ease of navigation, however, the questions are set out in an order and form designed to help *persons* consider more easily, and in turn, issues relating to:

- (1) the new activities;
- (2) the business test; and
- (3) the exclusions.

#### Approach to implementation of the IMD

5.2.5G The *IMD* imposes requirements upon *EEA States* relating to the regulation of *insurance* and *reinsurance mediation*. The *IMD* defines “insurance mediation” and “reinsurance mediation” as including the activities of introducing, proposing or carrying out other work preparatory to the conclusion of contracts of insurance and reinsurance, or of concluding such contracts, or of assisting in the administration and performance of such contracts, in particular in the event of a claim (the text of article 2.3

*IMD* is reproduced in full in *AUTH* App 5.16.2G (Article 2.3 of the Insurance Mediation Directive)).

5.2.6G The *United Kingdom's* approach to implementing the *IMD* by domestic legislation is, in part, through secondary legislation, which will apply pre-existing *regulated activities* (slightly amended) in the *Regulated Activities Order* to the component elements of the *insurance mediation* definition in the *IMD* (see *AUTH* App 5.2.5G and the text of article 2.3 *IMD* in *AUTH* App 5.16.2G (Article 2.3 of the Insurance Mediation Directive)).

5.2.7G The effect of the *IMD* and its implementation described in *AUTH* App 5.2.5G to *AUTH* App 5.2.6G is to vary the application of the existing *regulated activities* set out in *AUTH* App 5.2.8G(1) to (3), (5) and (6), principally by applying these *regulated activities* to *general insurance contracts* and *pure protection contracts* and by making changes to the application of the various exclusions to these *regulated activities*. These *regulated activities* apply prior to 14 January 2005 to qualifying contracts of insurance (as defined by article 3 of the *Regulated Activities Order* and referred to in the *Handbook* as *life policies* (which includes *pension policies*)). The legislation implementing the *IMD* also introduces a new *regulated activity* set out in *AUTH* App 5.2.8G(4), which potentially applies to all *contracts of insurance*.

5.2.8G It follows that each of the *regulated activities* below potentially apply to any *contract of insurance*:

- (1) *dealing in investments as agent* (article 21 (Dealing in investments as agent));
- (2) *arranging (bringing about) deals in investments* (article 25(1) (Arranging deals in investments));
- (3) *making arrangements with a view to transactions in investments* (article 25(2) (Arranging deals in investments));
- (4) *assisting in the administration and performance of a contract of insurance* (article 39A (Assisting in the administration and performance of a contract of insurance));
- (5) *advising on investments* (article 53 (Advising on investments));
- (6) *agreeing to carry on any of the above regulated activities* (article 64 (Agreeing to carry on specified types of activity)).

5.2.9G It is the scope of the *Regulated Activities Order* rather than the *IMD* which will determine whether a *person* requires *authorisation* or exemption. However, the scope of the *IMD* is relevant to the application of certain exclusions under the *Regulated Activities Order* (see, for example, the commentary on article 67 in *AUTH* App 5.11.9G (Activities carried on in the course of a profession or non-investment business)).

Financial promotion

5.2.10G An *unauthorised person* who intends to carry on activities connected with *contracts of insurance* will need to comply with section 21 of the *Act* (Restrictions on financial promotion). This *guidance* does not cover *financial promotions* that relate to *contracts of insurance*. *Persons* should

refer to the general *guidance on financial promotion in AUTH App 1* (Financial promotion and related activities). (See in particular *AUTH App 1.17A* (Financial promotions concerning insurance mediation activities) for information on *financial promotions* that relate to *insurance mediation activities*.)

### 5.3. Contracts of insurance

5.3.1G A person who is concerned to know whether his proposed activities may require *authorisation* will wish to consider whether those activities relate to *contracts of insurance* or *contracts of reinsurance*, or to *insurance business* or *reinsurance business*, which is the business of effecting or carrying out *contracts of insurance* or *reinsurance* as *principal*.

#### Definition

5.3.2G The *Regulated Activities Order* does not attempt an exhaustive definition of a ‘contract of insurance’. Instead, article 3(1) of the order (Interpretation) makes some specific extensions and limitations to the general common law meaning of the concept. For example, article 3(1) expressly extends the concept to fidelity bonds and similar contracts of guarantee, which are not contracts of insurance at common law, and it excludes certain *funeral plan contracts*, which would generally be contracts of insurance at common law.

5.3.3G One consequence of this is that common law judicial decisions about whether particular contracts amount to ‘insurance’ or their being effected or carried out amounts to ‘insurance business’ are relevant in defining the scope of the *FSA’s authorisation* and regulatory activities.

5.3.4G As with any other contract, a *contract of insurance* that is not effected by way of a deed will only be legally binding if, amongst other things, it is entered into for valuable consideration. Determining what amounts to sufficient consideration in any given case is a matter for the courts. In practice, however, the legal definition of consideration is very wide. In particular, just because a *contract of insurance* is ‘free’ in the colloquial sense does not mean that there is no consideration for it. In the vast majority of cases, therefore, ‘free’ insurance policies (such as policies that act as loss leaders for an *insurance undertaking*) will be binding contracts and will amount to *specified investments* and therefore be subject to *FSA* regulation.

5.3.5G The *Regulated Activities Order* does not define a *reinsurance* contract. The essential elements of the common law description of a *contract of insurance* are also the essential elements of a *reinsurance* contract. Whilst the *IMD* addresses insurance and *reinsurance* separately, throughout this *guidance* the term ‘contract of insurance’ (italicised or otherwise) also applies to contracts of *reinsurance*.

5.3.6G The *FSA* has consulted (in CP 150 (The Authorisation manual - consultation on draft guidance on the identification of contracts of insurance)) on draft *guidance* describing how the *FSA* identifies *contracts of insurance*.

## Connected contracts of insurance

5.3.7G Article 72B of the *Regulated Activities Order* (Activities carried on by a provider of relevant goods or services) excludes from *FSA* regulation certain *regulated activities* carried on by providers of non-motor goods and services related to travel in relation to *contracts of insurance* that satisfy a number of conditions. Details about the scope of this exclusion can be found at *AUTH* App 5.11.13G to *AUTH* App 5.11.15G (Activities carried on by a provider of relevant goods or services).

### Large risks

5.3.8G Large risks situated outside the *EEA* are also excluded (described in more detail at *AUTH* App 5.11.16G (Large risks)). The location of the risk or commitment may be determined by reference to the *EEA State* in which the risk is situated, defined in article 2(d) of the Second Non-Life Directive (88/357/EEC) or the *EEA State* of the commitment, defined in article 1(1)(g) of the Consolidated Life Directive (2002/83/EC). Broadly put, this is:

- (1) for insurance relating to buildings and/or their contents, the *EEA State* in which the property is situated;
- (2) for insurance relating to vehicles, the *EEA State* of registration;
- (3) for policies of four months or less duration covering travel or holiday risks, where the *policy* was taken out;
- (4) in all other cases (including those determined by reference to the *EEA State* of the commitment), the *EEA State* where the policyholder has his habitual residence, or if the policyholder is a legal person, where his establishment, to which the contract relates, is situated.

### Specified investments

5.3.9G For an activity to be a *regulated activity*, it must be carried on in relation to 'specified investments' (see section 22 of the *Act* Regulated activities) and Part III of the *Regulated Activities Order* (Specified investments)). For the purposes of *insurance mediation activity*, *specified investments* include the following '*relevant investments*' defined in article 3(1) of the *Regulated Activities Order* (Interpretation):

- (1) rights under any *contract of insurance* (see article 75 (Contracts of insurance)); and
- (2) rights to or interests in *life policies* (see article 89 (Rights to or interests in investments)).

'*Relevant investments*' is the term used in articles 21 (Dealing in investments as agent), 25 (Arranging deals in investments) and 53 (Advising on investments) of the *Regulated Activities Order* to help define the types of *investment* to which the activities in each of these articles relate.

5.3.10G A *person* will have rights under a *contract of insurance* when he is a *policyholder*. The question of whether a *person* has rights under a *contract of insurance* may require careful consideration in the case of group policies (with reference to the *Glossary* definition of *policyholder*). In the

case, in particular, of *general insurance contracts* and *pure protection contracts*, the existence or otherwise of rights under such policies may be relevant to whether a *person* is carrying on *insurance mediation activities*.

5.3.11G A *person* may also have rights or interests in a *life policy* where he is not a *policyholder*, but this will again depend on the terms of the individual *policy*.

5.4. The business test

5.4.1G A *person* will only need *authorisation* or exemption if he is carrying on a *regulated activity* 'by way of business' (see section 22 of the *Act* (Regulated Activities)).

5.4.2G There is power in the *Act* for the Treasury to specify the circumstances in which a *person* is or is not to be regarded as carrying on *regulated activities* by way of business. The *Business Order* has been made using this power (partly reflecting differences in the nature of the different activities). As such, the business test for *insurance mediation activity* is distinguished from the standard test for 'investment business' in article 3 of the *Business Order*. Under article 3(4) of the *Business Order*, a *person* is not to be regarded as carrying on by way of business any *insurance mediation activity* unless he takes up or pursues that activity for remuneration. Accordingly, there are two principal elements to the business test in the case of *insurance mediation activities*:

(1) does a *person* receive remuneration for these activities?

(2) if so, does he take up or pursue these activities by way of business?

5.4.3G As regards *AUTH* App 5.4.2G(1), the *Business Order* does not provide a definition of 'remuneration', but, in the *FSA*'s view, it has a broad meaning and covers both monetary and non-monetary rewards. This is regardless of who makes them. For example, where a *person* pays discounted premiums for his own insurance needs in return for bringing other business to an *insurance undertaking*, the discount would amount to remuneration for the purposes of the *Business Order*. Remuneration can also take the form of an economic benefit which the *person* expects to receive as a result of carrying on *insurance mediation activities*. In the *FSA*'s view, the remuneration does not have to be provided or identified separately from remuneration for other goods or services provided. Nor is there a minimum level of remuneration.

5.4.4G As regards *AUTH* App 5.4.2G(2), in the *FSA*'s view, for a *person* to take up or pursue *insurance mediation activity* by way of business, he will usually need to be carrying on those activities with a degree of regularity. The *person* will also usually need to be carrying on the activities for commercial purposes. That is to say, he will normally be expecting to gain a direct financial benefit of some kind. Activities carried on out of friendship or for altruistic purposes will not normally amount to a business. However, in the *FSA*'s view:

- (1) it is not necessarily the case that services provided free of charge will not amount to a business; for example, advice (including advice available on a website) may be provided free of charge to potential *policyholders* but in the course of a business funded by commission payments; and
- (2) the 'by way of business' test may very occasionally be satisfied by an activity undertaken on an isolated occasion (provided that the activity would be regarded as done 'by way of business' in other respects, for example, because of the size of reward received or its relevance to other business activities).

5.4.5G It follows that whether or not any particular *person* is acting 'by way of business' for these purposes will depend on his individual circumstances. However, a typical example of where the applicable business test would be likely to be satisfied by someone whose main business is not *insurance mediation activities*, is where a *person* recommends or arranges specific insurance *policies* in the course of carrying on that other business and receives a fee or commission for doing so.

5.4.6G Some typical examples of where the business test is unlikely to be satisfied, assuming that there is no direct financial benefit to the arranger, include:

- (1) arrangements which are carried out by a *person* for himself, or for members of his family;
- (2) where employers provide insurance benefits for staff;
- (3) where affinity groups or clubs set up insurance benefits for members.

5.4.7G *AUTH* App 5.4.8G contains a table that summarises the main issues surrounding the business test as applied to *insurance mediation activities* and that may assist *persons* to determine whether they will need *authorisation* or exemption. The approach taken in the table involves identifying factors that, in the *FSA's* view, are likely to play a part in the analysis. Indicators are then given as to the significance of each factor to the *person's* circumstances. By analysing the indicators as a whole, a picture can be formed of the likely overall position. The table provides separate indicators for the two elements of remuneration and by way of business. As a *person* has to satisfy both elements, a clear overall indication against either element being satisfied should mean that the test is failed. This approach cannot be expected to provide a clear conclusion for everyone. But it should enable *persons* to assess the relevant aspects of their activities and to identify where changes could, if necessary, be made so as to make their position clearer. The *person* to whom the indicators are applied is referred to in the table as 'P'.

5.4.8G Table: Carrying on insurance mediation activities 'for remuneration' and 'by way of business'

Carrying on insurance mediation activities 'for remuneration' and 'by way of business'
--

'For remuneration'		
Factor	Indicators that P <u>does not</u> carry on activities "for remuneration"	Indicators that P <u>does</u> carry on activities for "for remuneration"
Direct remuneration, whether received from the customer or the insurer/broker (cash or benefits in kind such as tickets to the opera, a reduction in other insurance premiums, a remission of a debt or any other benefit capable of being measured in money's worth)	P does not receive any direct remuneration specifically identified as a reward for his carrying on <i>insurance mediation activities</i> .	P receives direct remuneration specifically identified as being a reward for providing insurance mediation services.
Indirect remuneration (such as any form of economic benefit as may be explicitly or implicitly agreed between P and the insurer/broker or P's customer – including, for example, through the acceptance of P's terms and conditions or mutual recognition of the economic benefit that is likely to accrue to P). An indirect economic benefit can include expectation of making a profit of some kind as a result of carrying on <i>insurance mediation activities</i> as part of other services.	P does not obtain any form of indirect remuneration through an economic benefit other than one which is not likely to have a material effect on P's ability to make a profit from his other activities.	P obtains an economic benefit that: (a) is explicitly or implicitly agreed between P and the insurer/broker or P's customer; and (b) has the potential to go beyond mere cost recovery through fees or other benefits received for providing a package of services that includes <i>insurance mediation activities</i> but where no particular part of the fees is attributable to <i>insurance mediation activities</i> . This could include where <i>insurance mediation activities</i> are likely to: <ul style="list-style-type: none"> <li>• play a material part in the success of P's other business activities or in P's ability to make a profit from them; or</li> </ul>

		<ul style="list-style-type: none"> <li>• provide P with a materially increased opportunity to provide other goods or services; or</li> <li>• be a major selling point for P's other business activities; or</li> <li>• be essential for P to provide other goods or services.</li> </ul> <p>P charges his customers a greater amount for other goods or services than would be the case if P were not also carrying on <i>insurance mediation activities</i> for those customers and this:</p> <ul style="list-style-type: none"> <li>• is explicitly or implicitly agreed between P and the insurer/broker or P's customer; and</li> <li>• has the potential to go beyond mere cost recovery.</li> </ul>
Recovery of costs	P receives no benefits of any kind (direct or indirect) in respect of his <i>insurance mediation activities</i> beyond the reimbursement of his actual costs incurred in carrying on the activity (including receipt by P of a sum equal to the insurance premium that P is to pass on to the <i>insurer</i> or broker).	P receives benefits of any kind (direct or indirect) in respect of his <i>insurance mediation activities</i> which go beyond the reimbursement of his actual costs incurred in carrying on the activity.
"By way of business"		

Factor	Indicators that P <u>does not</u> carry on activities "by way of business"	Indicators that P <u>does</u> carry on activities "by way of business"
Regularity/ frequency	<p>Involvement is one-off or infrequent (for instance, once or twice a year) provided that the transaction(s) is not of such size and importance that it is essential to the success of P's other business activities.</p> <p>Transactions do not result from formal arrangements (for instance, occasional involvement purely as a result of an unsolicited approach).</p>	<p>Involvement is frequent (for instance, once a week).</p> <p>Involvement is infrequent but the transactions are of such size or importance that they are essential to the success of P's other business activities.</p> <p>P has formal arrangements which envisage transactions taking place on a regular basis over time (whether or not such transactions turn out in practice to be regular).</p>
Holding out	P does not hold himself out as providing a professional service that includes <i>insurance mediation activities</i> (by professional is meant not the services of a layman).	P holds himself out as providing a professional service that includes <i>insurance mediation activities</i> .
Relevance to other activities/ business	<p><i>Insurance mediation activities:</i></p> <ul style="list-style-type: none"> <li>• have no relevance to P's other activities; or</li> <li>• have some relevance but could easily be ceased without causing P any difficulty in carrying on his main activities; or</li> </ul> <p>would be unlikely to result in a material reduction in income from P's main</p>	<p><i>Insurance mediation activities:</i></p> <ul style="list-style-type: none"> <li>• are essential to P in carrying on his main activities; or</li> <li>• would cause a material disruption to P carrying on his main activities if ceased; or</li> <li>• would be likely to reduce P's income by a material amount.</li> </ul>

	activities if ceased.	
Commercial benefit	<p>P receives no direct or indirect pecuniary or economic benefit.</p> <p>P is a layman and acting in that capacity.</p> <p>P would not obtain materially less income from his main activities if they did not include <i>insurance mediation activities</i>.</p>	<p>P receives a direct or indirect pecuniary or economic benefit from carrying on <i>insurance mediation activities</i> – such as a fee, a benefit in kind or the likelihood of materially enhanced sales of other goods or services that P provides.</p> <p>P would obtain materially less income from his main activities if they did not include <i>insurance mediation activities</i>.</p>

5.5. The regulated activities: dealing in contracts as agent

5.5.1G Article 21 of the *Regulated Activities Order* (Dealing in investments as agent) makes dealing in *contracts of insurance* as agent a *regulated activity*. The activity is defined in terms of *buying, selling*, subscribing for or underwriting contracts as agent, that is, on behalf of another. Examples include:

- (1) where an intermediary, by accepting on the *insurance undertaking's* behalf to provide the insurance, commits an *insurance undertaking* to provide insurance for a prospective *policyholder*; or
- (2) where the intermediary agrees, on behalf of a prospective *policyholder*, to *buy* an insurance *policy*.

5.5.2G Intermediaries with delegated authority to bind *insurance undertakings* are likely to be *dealing in investments as agent*. It should be noted, in particular, that this is a *regulated activity*:

- (1) whether or not any advice is given (see *AUTH App 5.8* (The regulated activities: advising on contracts of insurance)); and
- (2) whether or not the intermediary deals through an *authorised person* (for example, where he instructs another agent who is an *authorised person* to enter into a *contract of insurance* on his *client's* behalf).

5.5.3G There are also certain exclusions which are relevant to whether a *person* is carrying on the activity of *dealing in investments as agent* (see *AUTH App 5.11* (Other aspects of exclusions)).

- 5.6 The regulated activities: arranging deals in, and making arrangements with a view to transactions in, contracts of insurance
- 5.6.1G Article 25 of the *Regulated Activities Order* (Arranging deals in investments) describes two types of *regulated activities* concerned with arranging deals in respect of *contracts of insurance*. These are:
- (1) *arranging (bringing about) deals in investments* (article 25(1) (Arranging deals in investments));
  - (2) *making arrangements with a view to transactions in investments* (article 25(2) (Arranging deals in investments));
- Article 25(1): arranging (bringing about) deals in investments
- 5.6.2G The activity in article 25(1) is carried on only if the arrangements bring about, or would bring about, the transaction to which the arrangement relates. This is because of the exclusion in article 26 of the *Regulated Activities Order* (Arrangements not causing a deal). Article 26 excludes from article 25(1) arrangements which do not bring about or would not bring about the transaction to which the arrangements relate. In the *FSA*'s view a *person* would bring about a *contract of insurance* if his involvement in the chain of events leading to the *contract of insurance* were important enough that, without it, there would be no *policy*. Examples of this type of activity would include negotiating the terms of the *contract of insurance* on behalf of the *customer* with the *insurance undertaking* and vice versa, or assisting in the completion of a proposal form and sending it to the *insurance undertaking*. Other examples include where an *insurance undertaking* enters into a *contract of insurance* as principal or an intermediary enters into a *contract of insurance* as agent.
- Article 25(2): making arrangements with a view to transactions in investments
- 5.6.3G The activity within article 25(2) contrasts with article 25(1) in that it is not limited by the requirement that the arrangements would bring about the transaction to which they relate.
- 5.6.4G Article 25(2) may, for instance, include activities of *persons* who help potential *policyholders* fill in or check application forms in the context of ongoing arrangements between these *persons* and *insurance undertakings*. A further example of this activity would be a *person* introducing *customers* to an intermediary either for advice or to help arrange an insurance *policy*. The introduction might be oral or written. By contrast, the *FSA* considers that a mere passive display of literature advertising insurance (for example, leaving leaflets advertising insurance in a dentist's or vet's waiting room and doing no more) would not amount to the article 25(2) activity.
- Exclusion: article 72C (Provision of information on an incidental basis)
- 5.6.5G The *Regulated Activities Order* provides an important potential exclusion, however, for *persons* whose principal business is other than *insurance mediation activities*.

- 5.6.6G In broad terms, article 72C of the *Regulated Activities Order* excludes from the activities of *arranging and assisting in the administration and performance of a contract of insurance*:
- (1) activities that consist of the provision of information to the *policyholder* or potential *policyholder*;
  - (2) by a *person* carrying on any profession or business which does not otherwise consist of *regulated activities*;
  - (3) if the provision of information may reasonably be regarded as being incidental to that profession or business.
- 5.6.7G In the *FSA's* view, 'incidental' in this context means that the activity must arise out of, be complementary to or otherwise be sufficiently closely connected with the profession or business. In other words, there must be an inherent link between the activity and the firm's main business. For example, introducing dental insurance may be incidental to a dentist's activities; introducing pet insurance would not be incidental to his activities. In addition, to be considered 'incidental', in the *FSA's* view, the activity must not amount to the carrying on of a business in its own right.
- 5.6.8G This exclusion applies to a *person* whose profession or business does not otherwise consist of *regulated activities*. In the *FSA's* view, the fact that a *person* may carry on *regulated activities* in the course of the carrying on of a profession or business does not, of itself, mean that the profession or business consists of *regulated activities*. This is provided that the main focus of the profession or business does not involve *regulated activities* and that the *regulated activities* that are carried on arise in a way that is incidental and complementary to the carrying on of the profession or business. So, the exclusion may be of relevance to *exempt professional firms*. It might also, for example, be relied on by doctors, vets and dentists as well as many businesses in the non-financial sector, even if they have *permission* to carry on *regulated activities* or are *appointed representatives*. This is assuming that their activities for which they are seeking to use the exclusion in article 72C are limited to providing information in a way which is incidental to their main profession or business. The exclusion only extends to information given to the *policyholder* or potential *policyholder* and not to the *insurance undertaking*. An intermediary who forwards a proposal form to an *insurance undertaking* would not be able to take the benefit of the exclusion. Similarly, where a *person* does more than provide information (for example, by helping a potential *policyholder* fill in an application form), he cannot take the benefit of this exclusion. Nor does it cover the activity of advising a customer under article 53 of the *Regulated Activities Order* (Advising on investments).
- 5.6.9G The exclusion will be of assistance to introducers who would otherwise be carrying on the *regulated activity of making arrangements with a view to transactions in investments* (assuming, as mentioned in *AUTH App 5.6.8G*, that they provide information only to *policyholders* or potential *policyholders*, and not to the intermediary or *insurance undertaking* to whom they introduce these *policyholders* or potential *policyholders*). In order to assist such *introducers* determine whether or not they are likely to

require *authorisation*, a simplified flowchart is included in *AUTH* App 5.15.6G (Flow chart: introducers). Introducers may also find the *guidance* at *AUTH* App 5.9.2G (The regulated activities: agreeing to carry on a regulated activity) helpful. *AUTH* App 5.6.17G (Exclusion from article 25(2) for introducing) has *guidance* to assist *persons* determine whether their introducing activities amount to *making arrangements with a view to transactions in investments*.

Exclusion from article 25(2): arrangements enabling parties to communicate

5.6.10G Article 27 of the *Regulated Activities Order* (Enabling parties to communicate) contains an exclusion that applies to arrangements which might otherwise bring within article 25(2) those who merely provide the means by which one party to a transaction (or potential transaction) is able to communicate with other parties. Simply providing the means by which parties to a transaction (or potential transaction) are able to communicate with each other is excluded from article 25(2) only. This will ensure that *persons* such as internet service providers or telecommunications networks are excluded if all they do is provide communication facilities (and these would otherwise be considered to fall within article 25(2)).

5.6.11G In the *FSA*'s view, the crucial element of the exclusion in article 27 is the inclusion of the word 'merely'. When a publisher, broadcaster or internet website operator goes beyond what is necessary for him to provide his service of publishing, broadcasting or otherwise facilitating the issue of promotions, he may well bring himself within the scope of article 25(2). Further detailed *guidance* relating to the scope of the exclusion in article 27 is contained in *AUTH* 2.8.6G(2) (Arranging deals in investments) and *AUTH* App 1.32.6G to *AUTH* App 1.32.11G (Arranging deals in investments).

Exclusion from article 25(2): transactions to which the arranger is a party

5.6.12G Article 28 of the *Regulated Activities Order* (Arranging transactions to which the arranger is a party) excludes from the *regulated activities* in article 25(1) and 25(2) arrangements made for or with a view to *contracts of insurance* when:

- (1) the *person* (P) making the arrangements is the only *policyholder*; or
- (2) P, as a result of the transaction, would become the only *policyholder*.

5.6.13G Market makers in traded endowment policies may be able to rely on this exclusion to avoid the need to be *authorised*. They must ensure, however, that where they are carrying on the *regulated activity* of *dealing in investments as principal* (article 14) they are also able to rely on the exclusions in articles 15 or 16 (see the *guidance* in *AUTH* 2.8.4G (Dealing in investments as principal)).

5.6.14G *Insurance undertakings* do not fall within the terms of this exclusion and so will be *arranging contracts of insurance*, in addition to *effecting and carrying out contract of insurance*.

5.6.15G In some cases, a *person* may make arrangements to enter into a *contract of insurance* as *policyholder* on its own behalf and also arrange that another

*person* become a *policyholder* under the same *contract of insurance*. If so, the *person* should be aware that the effect of the narrower exclusion in article 28 as part of implementation of the *IMD* is that he may be *arranging* on behalf of the other *policyholder*. This may be relevant, for example, to a *company* which arranges insurance for itself (not *arranging*) as well as other *companies* in a *group* or loan syndicate (potentially *arranging*).

- 5.6.16G The restriction in the scope of article 28 raises an issue where there is a trust with co-trustees, where each trustee will be a *policyholder* with equal rights and obligations. If the activities of one of the trustees include *arranging* in respect of *contracts of insurance*, that trustee could be viewed as *arranging* on behalf of his co-trustees who will also be *policyholders*. Similar issues also arise in respect of trustees *assisting in the administration and performance of a contract of insurance*. The *FSA* is of the view, however, that trustees should not be regarded as carrying on *regulated activities* where they are acting as joint *policyholders* in *arranging* or *assisting in the administration and performance of a contract of insurance*. In this respect, trustees differ from *policyholders* under a group policy, where each *person* covered under the group policy may make claims on the policy in relation to his own risks. In that situation, a *policyholder* who is providing services to other *policyholders* of *arranging* or *assisting in the administration and performance of a contract of insurance* will be carrying on a *regulated activity*.

Exclusion from article 25(2) for introducing

- 5.6.17 G Article 33 of the *Regulated Activities Order* (Introducing) excludes arrangements which would otherwise fall under article 25(2) where:
- (1) they are arrangements under which *persons* will be introduced to another *person*;
  - (2) the *person* to whom introductions are to be made is :
    - (a) an *authorised person*; or
    - (b) an *exempt person* acting in the course of business comprising a *regulated activity* in relation to which he is exempt; or
    - (c) a *person* who is not unlawfully carrying on *regulated activities* in the *United Kingdom* and whose ordinary business involves him in engaging in certain activities; and
  - (3) the introduction is made with a view to the provision of independent advice or the independent exercise of discretion in relation to *investments* generally or in relation to any class of *investments* to which the arrangements relate;
  - (4) the arrangements do not relate to transactions relating to *contracts of insurance*.

- 5.6.18 G The effect of *AUTH* App 5.6.17G(4) is that some *persons* who, in making introductions, are *making arrangements with a view to transactions in*

*investments* under article 25(2) of the *Regulated Activities Order*, cannot use the introducing exclusion. This is if, in general terms, the arrangements for making introductions relate to *contracts of insurance* (AUTH App 5.6.19G has further *guidance* on when arrangements for introductions may be regarded as relating to *contracts of insurance*). However, this does not mean that all introducers whose introductions relate directly or indirectly to *contracts of insurance* will necessarily require *authorisation* if they cannot use the exclusion in article 72C of the *Regulated Activities Order* for merely passing information. For this to be the case, a *person* must first be carrying on the business of *making arrangements with a view to transactions in investments*. In the FSA's view, the following points will be relevant in determining whether this is the case.

- (1) Article 25(2) applies to ongoing arrangements made with a view to transactions taking place from time to time as a result of *persons* having taken part in the arrangements. So, they will not apply to one-off introductions or introductions that are not part of an ongoing pre-existing arrangement between introducer and introducee. An introducer who merely suggests to a *person* that he seeks advice or assistance from an *authorised person* or an *exempt person* with whom the introducer has no pre-existing agreement that anticipates introductions will be made, will not be making arrangements at all. He will simply be offering general advice or information.
- (2) The purpose of the arrangements must be for the *person* who is introduced to, in general terms, enter into a transaction to *buy* or *sell securities* or *relevant investments*. So, arrangements for introducing *persons* for advice only will not be caught (for example, introductions to a financial planner or to the publisher of an investment newsletter). In other cases, it may be likely that transactions will be entered into following the provision of advice. Provided the introducer is completely indifferent as to whether or not a *contract of insurance* may ultimately be bought (or sold) as a result of the advice given to the *person* he has introduced, the introducer will not be *making arrangements with a view to transactions in investments*. This is likely to be the case where the introducer does not receive any pecuniary reward that is linked to the volume of business done as a result of his introductions.

5.6.19G Where a person is *making arrangements with a view to transactions in investments* by way of making introductions, and he is not completely indifferent to whether or not transactions may result, it may still be the case that the exclusion in article 33 will apply. In the FSA's view, this is where:

- (1) the introduction is for independent advice on *investments* generally; and
- (2) the introducer is indifferent as to whether or not a *contract of insurance* may ultimately be bought (or sold) rather than any other type of *investment*.

This is because the arrangements for making introductions do not specifically relate to a *contract of insurance* or to any other type of *investment* but to *investments* generally. Whether or not a *person* is making arrangements for introductions for the purpose of the provision of independent advice on *investments* generally will depend on the facts in any particular case. But, in the *FSA's* view, it is very unlikely that article 33 could apply where introductions are made to a *person* for the purposes of that *person* giving advice on and then *arranging general insurance*.

5.6.20G The table in *AUTH* App 5.6.21G has examples of the application of article 33 to arrangements for making introductions.

5.6.21G Table: application of article 33 to arrangements for making introductions. This table belongs to *AUTH* App 5.6.20G.

	Type of introduction	Applicability of exclusion
1	Introductions are purely for the purpose of the provision of independent advice - Introducer is completely indifferent to whether or not transactions take place after advice has been given.	Exclusion not relevant as introducer is not <i>arranging</i> under article 25(2).
2	Introduction is one-off or otherwise not part of pre-existing ongoing arrangements that envisage such introductions being made.	Exclusion not relevant as introducer is not <i>arranging</i> under article 25(2).
3	Introducer is not indifferent to whether or not transactions take place after advice has been given, but is indifferent to whether or not the transactions may involve a <i>contract of insurance</i> .	Exclusion will be available provided the introduction was made with a view to the provision of independent advice on <i>investments</i> generally.
4	Introducer is not indifferent to whether or not transactions take place after advice has been given (for example, because he expects to receive a percentage of the commission), and introductions specifically relate to <i>contracts of insurance</i> .	Exclusion is not available. If introducer is an <i>unauthorised person</i> , he will need <i>authorisation</i> or exemption as an <i>appointed representative</i> . If introducer is an <i>authorised person</i> (such as an IFA introducing to a <i>general insurance</i> broker), he will need to vary his <i>Part IV permission</i> accordingly. If introducer is an <i>appointed representative</i> , he will need to ensure that his agreement covers making such

arrangements.

Exclusion from article 25(2): arrangements for the provision of finance

5.6.22G An *unauthorised person* who makes arrangements with a view to a *person* who participates in the arrangements *buying or selling contracts of insurance* may be excluded from article 25(2) by article 32 of the *Regulated Activities Order* (Provision of finance). This is provided the sole purpose of the arrangements is the provision of finance to enable the *person* to *buy the contract of insurance*. Premium finance companies may be able to rely on this exclusion provided the arrangements they put in place, taken as a whole, have as their sole purpose the provision of finance to fund premiums.

Other exclusions

5.6.23G The *Regulated Activities Order* contains some other exclusions which have the effect of narrowing or limiting the application of *regulated activities* within article 25 by preventing certain activities from amounting to *regulated activities*. These are referred to in *AUTH App 5.11.8G* (Exclusions applying to more than one regulated activity).

5.7. The regulated activities: assisting in the administration and performance of a contract of insurance

5.7.1G The *regulated activity of assisting in the administration and performance of a contract of insurance* (article 39A) relates, in broad terms, to activities carried on by intermediaries after the conclusion of a *contract of insurance* and for or on behalf of *policyholders*, in particular in the event of a claim. Loss assessors acting on behalf of *policyholders* in the event of a claim are, therefore, likely in many cases to be carrying on this *regulated activity*. By contrast, claims management on behalf of certain insurers is not a *regulated activity* (see *AUTH App 5.7.7G* (Exclusions)).

5.7.2G Neither assisting in the administration nor assisting in the performance of a contract alone will fall within this activity. Generally, an activity will either amount to assisting in the administration or assisting in the performance but not both. Occasionally, however, an activity may amount to both *assisting in the administration and performance of a contract of insurance*. For example, where a *person* assists a claimant in filling in a claims form, in the *FSA's* view this amounts to assisting in the administration of a *contract of insurance*. In some instances, however, this may also amount to assisting in the performance of a *contract of insurance*. In the *FSA's* view, an example of when a *person* may be assisting in the performance of a contract is where a *person* fills in the whole or a significant part of a claims form on behalf of a claimant. This is because, by helping complete a claims form, a *person* may be assisting the *policyholder* to perform his contractual obligation to notify the *insurance undertaking* in the event of a claim and provide details of the claim in the manner and form required by the contract.

5.7.3G Put another way, where an intermediary's assistance in filling in a claims form is material to whether performance takes place of the contractual

obligation to notify claims, it is more likely to amount to *assisting in the administration and performance of a contract of insurance*. Conversely, in the FSA's view, a *person* who merely gives pointers about how to fill in the claims form or merely supplies information in support of a claim will not be assisting in the performance of a *contract of insurance*. Instead, the *person* will only be facilitating rather than assisting in the performance of a *contract of insurance*.

5.7.4G More generally, an example of an activity that, in the FSA's view, is likely to amount to assisting a *policyholder* in both the administration and the performance of a *contract of insurance* is notifying a claim under a *policy* and then providing evidence in support of the claim, or helping negotiate its settlement on the *policyholder's* behalf. Notifying an *insurance undertaking* of a claim assists the *policyholder* in discharging his contractual obligation to do so (assisting in the performance); providing evidence in support of the claim or negotiating its settlement assists management of the claim (assisting in the administration).

5.7.5G On the other hand, where a *person* does no more than advise a *policyholder* generally about making a claim or provide evidence in support of a claim, this is unlikely to amount to both assisting in the administration and performance. Similarly, the mere collection of premiums from *policyholders* is unlikely, without more, to amount to *assisting in the administration and performance of a contract of insurance*. The collection of premiums from customers or clients at the pre-contract stage, however, may amount to *arranging* (see example in AUTH App 5.15.4G (Types of activity – are they regulated activities and, if so, why?)).

5.7.6G Where a *person* receives funds on behalf of a *policyholder* in settlement of a claim, in the FSA's view, the act of receipt is likely to amount to assisting in the performance of a contract. By giving valid receipt, the *person* assists the *insurance undertaking* to discharge its contractual obligation to provide compensation to the *policyholder*. He may also be assisting the *policyholder* to discharge any obligations he may have under the contract to provide valid receipt of funds, upon settlement of a claim. Where a *person* provides valid receipt for funds received on behalf of the *policyholder*, he is also likely to be assisting in the administration of a *contract of insurance* (for example, making prior arrangements relating to transmission and receipt of payment).

Exclusions

5.7.7G By article 39B of the *Regulated Activities Order* (Claims management on behalf of an insurer etc):

- (1) loss adjusting on behalf of a relevant insurer (see AUTH App 5.7.8G);
- (2) expert appraisal; and
- (3) managing claims for a relevant insurer;

are also excluded from the *regulated activity of assisting in the administration and performance of a contract of insurance*. This is where the activity is carried on in the course of carrying on any profession or business (see also *AUTH App 5.14 (Exemptions)*). In determining whether they are carrying on the *regulated activity of assisting in the administration and performance of a contract of insurance*, therefore, *persons* should consider whether they are acting on behalf of the relevant insurer and not the *policyholder*.

5.7.8G A 'relevant insurer' for the purposes of article 39B means:

- (1) an *authorised person* who has *permission* for *effecting and carrying out contracts of insurance*; or
- (2) a member of the Society of Lloyd's or the members of the Society of Lloyd's taken together; or
- (3) an *EEA firm* that is an *insurer*; or
- (4) a reinsurer, being a *person* whose main business consists of accepting risks ceded by a *person* falling under (1), (2) or (3) or a *person* who is established outside the *United Kingdom* and who carries on the activity of *effecting and carrying out contracts of insurance*.

So, a *person* whose activities are excluded under article 12 of the *Regulated Activities Order (Breakdown insurance)* will not be a relevant insurer for these purposes and any *person* who performs loss adjusting or claims management on behalf of such a *person* will not be able to use the exclusion in article 39B.

5.8. The regulated activities: advising on contracts of insurance

5.8.1G Article 53 of the *Regulated Activities Order (Advising on Investments)* makes advising on *contracts of insurance* a *regulated activity*. This covers advice which is both:

- (1) given to a *person* in his capacity as an insured or potential insured, or as agent for an insured or a potential insured; and
- (2) advice on the merits of the insured or his agent:
  - (a) *buying, selling*, subscribing for or underwriting a particular *contract of insurance*; or
  - (b) exercising any right conferred by a *contract of insurance* to *buy, sell*, subscribe for or underwrite a *contract of insurance*.

5.8.2G For advice to fall within article 53, it must:

- (1) relate to a particular *contract of insurance* (that is, one that a *person* may enter into);
- (2) be given to a *person* in his capacity as an investor or potential investor;

- (3) be advice (that is, not just information); and
- (4) relate to the merits of a *person buying, selling*, subscribing for or underwriting (or exercising any right to do so) a *contract of insurance* or rights to or interests in *life policies*.

5.8.3G Each of these aspects is considered in greater detail in the table in *AUTH* App 5.8.5G. Where an activity is identified as not amounting to *advising on investments* it could still form part of another *regulated activity*. This will depend upon whether a *person's* activities, viewed as a whole, amount to *arranging*. Additionally, it should be borne in mind that the provision of advice or information may involve the communication of a *financial promotion* (see *AUTH* App 1 (Financial promotion and related activities)).

Advice must relate to a particular contract of insurance

5.8.4G Advice about *contracts of insurance* will come within the *regulated activity* in article 53 of the *Regulated Activities Order* only if it relates to a particular *contract of insurance*. So, generic or general advice will not fall under article 53. In particular:

- (1) advice would come within article 53 if it took the form of a recommendation that a *person* should *buy* the ABC Insurers motor insurance;
- (2) advice would not relate to a particular contract if it consists of a recommendation only that a *person* should take out insurance of a particular class without identifying any particular *insurance undertaking*, or with ABC Insurers provided that the kind of insurance is not specified (either expressly or by implication): a recommendation only that a *person* should *buy* insurance from ABC Insurers could amount to advice if a specific insurance *policy* would be implied from the context;
- (3) the table in *AUTH* App 5.8.5G identifies several typical recommendations and indicates whether they will be regarded as advice under article 53.

5.8.5G Table: typical recommendations and whether they will be regulated as advice on *contracts of insurance* under article 53 of the *Regulated Activities Order*. This table belongs to *AUTH* App 5.8.4G

Recommendation	Regulated under article 53 or not?
I recommend you take the ABC Insurers motor insurance <i>policy</i>	Yes
I recommend that you take out the GHI Insurers life insurance <i>policy</i>	Yes
I recommend that you do not take out the ABC Insurers motor insurance <i>policy</i>	Yes

Recommendation	Regulated under article 53 or not?
I recommend that you do not take out the GHI Insurers life insurance <i>policy</i>	Yes
I recommend that you take out either the ABC Insurers motor insurance <i>policy</i> or the DEF Insurers motor insurance <i>policy</i>	Yes
I recommend that you take out either the GHI Insurers life insurance <i>policy</i> or the JKL Insurers life insurance <i>policy</i>	Yes
I recommend that you take out (or do not take out) insurance with ABC Insurers	Possibly (depending on whether or not the circumstances relating to the recommendation, including the range of possible products, is such that this amounts to an implied recommendation of a particular <i>policy</i> )
I recommend that you take out (or do not take out) contents insurance	No, unless a specific insurance policy is implied by the context
I recommend that you take out (or do not take out) life insurance	No, unless a specific insurance policy is implied by the context

Advice given to a person in his capacity as an investor or potential investor

5.8.6G For the purposes of article 53, advice must be given to a *person* in his capacity as an investor or potential investor (which, in the context of *contracts of insurance*, will mean as *policyholder* or potential *policyholder*). So, article 53 will not apply where advice is given to *persons* who receive it as:

- (1) an adviser who will use it only to inform advice given by him to others; or
- (2) a journalist or broadcaster who will use it only for journalistic purposes.

5.8.7G Advice will still be covered by article 53 even though it may not be given to any particular *policyholder* (for example, advice given in a periodical publication or on a website).

Advice or information

5.8.8G In the *FSA's* view, advice requires an element of opinion on the part of the adviser. In effect, it is a recommendation as to a course of action. Information, on the other hand, involves statements of facts or figures.

5.8.9G In general terms, simply giving information, without making any comment or value judgement on its relevance to decisions which a *person*

may make, is not advice. In this respect, it is irrelevant that a *person* may be providing information on a single *contract of insurance* or on two or more. This means that a *person* may provide information on a single *contract of insurance* without necessarily being regarded as giving advice on it. *AUTH* App 5.8.11G has *guidance* on the circumstances in which information can assume the form of advice.

5.8.10G In the case of article 53, information relating to *buying or selling contracts of insurance* may often involve one or more of the following:

- (1) an explanation of the terms and conditions of a *contract of insurance*, whether given orally or in writing or by providing leaflets and brochures;
- (2) a comparison of the features and benefits of one *contract of insurance* compared to another;
- (3) the production of pre-purchase questions for a *person* to use in order to exclude options that would fail to meet his requirements; such questions may often go on to identify a range of *contracts of insurance* with characteristics that appear to meet the *person's* requirements and to which he might wish to give detailed consideration (pre-purchase questioning is considered in more detail in *AUTH* App 5.8.15G to 5.8.19G (Pre-purchase questioning (including decision trees)));
- (4) tables that compare the costs and other features of different *contracts of insurance*;
- (5) leaflets or illustrations that help *persons* to decide which type of *contract of insurance* to take out;
- (6) the provision, in response to a request from a *person* who has identified the main features of the type of *contract of insurance* he seeks, of several leaflets together with an indication that all the *contracts of insurance* described in them have those features.

5.8.11G In the *FSA's* opinion, however, such information is likely to take on the nature of advice if the circumstances in which it is provided give it the force of a recommendation. Examples of situations where information provided by a *person* (P) might take the form of advice are given below.

- (1) P may provide information on a selected, rather than balanced and neutral, basis that would tend to influence the decision of a *person*. This may arise where P offers to provide information about *contracts of insurance* that contain features specified by the *person*, but then exercises discretion as to which complying *contract of insurance* to offer to that *person*.
- (2) P may, as a result of going through the sales process, discuss the merits of one *contract of insurance* over another, resulting in advice to enter into a particular one. In contrast, advice on how to complete an application form, without an explicit or implicit recommendation on the merits of *buying or selling the contract of insurance*, whilst 'advice' in the general sense of the word, is not, in the view of the *FSA*, advice within the meaning of article 53. Such advice may,

however, amount to *arranging* (for which see *AUTH* App 5.6.1G to 5.6.4G (The regulated activities: arranging deals in, and making arrangements with a view to transactions in, contracts of insurance)).

Advice must relate to the merits (of buying or selling a contract of insurance)

- 5.8.12G Advice under article 53 relates to the advantages and disadvantages of *buying, selling*, subscribing for or underwriting a particular *contract of insurance*. It is worth noting that, in this context, '*buying*' and '*selling*' are defined widely under article 3 of the *Regulated Activities Order* (Interpretation). '*Buying*' includes acquiring for valuable consideration, and '*selling*' includes surrendering, assigning or converting rights under a *contract of insurance*.
- 5.8.13G The requirements imposed by the *IMD* (see *AUTH* App 5.2.5G (Approach to implementation of the *IMD*) and the text of article 2.3 *IMD* in *AUTH* App 5.16.1G (Article 2.3 of the Insurance Mediation Directive)) are narrower than the scope of the *Regulated Activities Order* (see *AUTH* App 5.2.7G (Approach to implementation of the *IMD*)). This is that, unlike the *Regulated Activities Order*, they do not relate to the assignment of *contracts of insurance*. This is of relevance to, amongst others, *persons* involved in the 'second-hand' market for *contracts of insurance* such as traded endowment policies and certain viatical instruments (that is, arrangements by which a terminally ill person can obtain value from his *life policy*) (see also *AUTH* App 5.6.12G (Exclusion from article 25(2): transactions to which the arranger is a party). *Persons* advising on or arranging assignments of these *contracts of insurance* are therefore potentially carrying on *regulated activities* although they may be able to take the benefit of article 67 of the *Regulated Activities Order* (Activities carried on in the course of a profession or non-investment business) in certain circumstances (see *AUTH* App 5.11.9G to 5.11.12G (Activities carried on in the course of a profession or non-investment business)).
- 5.8.14G Generally speaking, advice on the merits of using a particular *insurance undertaking*, broker or adviser in their capacity as such, does not amount to advice for the purpose of article 53. It is not advice on the merits of *buying* or *selling* a particular *contract of insurance* (unless, in the circumstances, the advice amounts to an implied recommendation of a particular *policy*).

Pre-purchase questioning (including decision trees)

- 5.8.15G Pre-purchase questioning involves putting a sequence of questions in order to extract information from a *person* with a view to facilitating the selection by that *person* of a *contract of insurance* or other product that meets his needs. A decision tree is an example of pre-purchase questioning. The process of going through the questions will usually narrow down the range of options that are available.
- 5.8.16G A key issue for those *firms* proposing to use pre-purchase questioning is whether the specific questioning used may amount to advice. There are two main aspects:

- (1) advice must relate to a particular *contract of insurance* (see *AUTH* App 5.8.4G (Advice must relate to a particular contract of insurance)); and
- (2) the distinction between information and advice (see *AUTH* App 5.8.8G to *AUTH* App 5.8.11G (Advice or information)).

Whether or not pre-purchase questioning in any particular case is advising on *contracts of insurance* will depend on all the circumstances. The process may involve identifying one or more particular *contracts of insurance*. If so, to avoid advising on *contracts of insurance*, the critical factor is likely to be whether the process is limited to, and likely to be perceived by the *person* as, assisting the *person* to make his own choice of product which has particular features which the *person* regards as important. The questioner will need to avoid providing any judgement on the suitability of one or more products for that *person* and in this respect should have regard to the factors set out in *AUTH* App 5.8.2G to *AUTH* App 5.8.4 G (Advice must relate to a particular contract of insurance) and the table in *AUTH* App 5.8.5G. See also *AUTH* App 5.8.12G to *AUTH* App 5.8.14G (Advice must relate to the merits (of *buying* or *selling* a contract of insurance)) for other matters that may be relevant.

5.8.17G The potential for variation in the form, content and manner of pre-purchase questioning is considerable, but there are two broad types. The first type involves providing questions and answers which are confined to factual matters (for example, the amount of the cover). In the *FSA's* view, this does not itself amount to advising on *contracts of insurance*, if it involves the provision of information rather than advice. There are various possible scenarios, including the following:

- (1) the questioner may go on to identify one or more particular *contracts of insurance* which match features identified by the pre-purchase questioning; provided these are selected in a balanced and neutral way (for example, they identify all the matching *contracts of insurance* available without making a recommendation as to a particular one) this need not involve advising on *contracts of insurance*;
- (2) the questioner may go on to advise a *person* on the merits of one particular *contract of insurance* over another; this would be advising on *contracts of insurance*.

5.8.18G The second type of pre-purchase questioning involves providing questions and answers incorporating opinion, judgement or recommendation. There are various possible scenarios, including the following:

- (1) the pre-purchase questioning may not lead to the identification of any particular *contract of insurance*; in this case, the questioner has provided advice, but it is generic advice and does not amount to advising on *contracts of insurance*;
- (2) the pre-purchase questioning may lead to the identification of one or more particular *contracts of insurance*; the key issue then is whether the advice can be said to relate to a particular *contract of insurance* (see further *AUTH* App 5.8.4G (Advice must relate to a particular contract of insurance)).

5.8.19G In the case of *AUTH* App 5.8.18G(2) and similar scenarios, the *FSA* considers that it is necessary to look at the process and outcome of pre-purchase questioning as a whole. It may be that the element of advice incorporated in the questioning can properly be viewed as generic advice if it were considered in isolation. But although the actual advice may be generic, the process has ended in identifying one or more particular *contracts of insurance*. The combination of the generic advice and the identification of a particular or several particular *contracts of insurance* to which it leads may well, in the *FSA*'s view, cause the questioner to be advising on *contracts of insurance*. Factors that may be relevant in deciding whether the process involves advising on *contracts of insurance* may include:

- (1) any representations made by the questioner at the start of the questioning relating to the service he is to provide;
- (2) the context in which the questioning takes place;
- (3) the stage in the questioning at which the opinion is offered and is significant;
- (4) the role played by the questioner who guides a *person* through the pre-purchase questions;
- (5) the outcome of the questioning (whether particular *contracts of insurance* are highlighted, how many of them, who provides them, their relationship to the questioner and so on);
- (6) whether the pre-purchase questions and answers have been provided by, and are clearly the responsibility of, an unconnected third party, and all that the questioner has done is help the *person* understand what the questions or options are and how to determine which option applies to his particular circumstances.

Medium used to give advice

5.8.20G With the exception of:

- (1) periodicals, broadcasts and other news or information services (see *AUTH* App 5.8.24G to *AUTH* App 5.8.25G (Exclusion: periodical publications, broadcasts and web-sites)); and
- (2) situations involving an overseas element (see, generally, *AUTH* App 5.12 (Link between activities and the United Kingdom) and, in particular, *AUTH* App 5.12.8G (Where is insurance mediation carried on?));

the use of the medium itself to give advice should make no material difference to whether or not the advice is caught by article 53.

5.8.21G Advice can be provided in many ways including:

- (1) face to face;
- (2) orally to a group;
- (3) by telephone;

- (4) by correspondence (including e-mail);
- (5) in a publication, broadcast or web-site; and
- (6) through the provision of an interactive software system.

5.8.22G Taking electronic commerce as an example, the use of electronic decision trees does not present any novel problem. The same principles apply as with a paper version (see *AUTH* App 5.8.15G to *AUTH* App 5.8.19G (Pre-purchase questioning (including decision trees))).

5.8.23G Advice in publications, broadcasts and web-sites is subject to a special regime ( see *AUTH* App 5.8.24G (Exclusion: periodical publications, broadcasts and web-sites) and *AUTH* 7 (Periodical publications, news services and broadcasts: applications for certification)).

Exclusion: periodical publications, broadcasts and web-sites

5.8.24G An important exclusion from advising on *contracts of insurance* relates to advice given in periodical publications, regularly updated news and information services and broadcasts (article 54 of the *Regulated Activities Order* (Advice given in newspapers etc)). The exclusion applies if the principal purpose of the publication or service taken as a whole (including any advertising content) is neither to give advice of a kind mentioned in article 53 (Advising on investments) or article 53A (Advising on regulated mortgage activities) nor to lead or enable *persons* to *buy, sell*, subscribe for or underwrite *relevant investments* or, as borrower, to enter into or vary the terms of a *regulated mortgage contract*.

5.8.25G This is explained in greater detail, together with the provisions on the granting of certificates by the *FSA* on the application of the proprietor of a periodical publication or news or information service or broadcast, in *AUTH* 7 (Periodical publications, news services and broadcasts: applications for certification).

Other exclusions

5.8.26G The *Regulated Activities Order* contains other limited exclusions which have the effect of preventing certain activities from amounting to advice on *contracts of insurance*. These are referred to in *AUTH* App 5.11.8G (Exclusions applying to more than one regulated activity) to *AUTH* App 5.11.16G (Large risks).

5.9 The Regulated Activities: agreeing to carry on a regulated activity

5.9.1G Under article 64 of the *Regulated Activities Order* (Agreeing to carry on specified kinds of activity), in addition to the *regulated activities* of:

- (1) *dealing in investments as agent*;
- (2) *arranging (bringing about) deals in investments*;
- (3) *making arrangements with a view to transactions in investments*;
- (4) *assisting in the administration and performance of a contract of insurance*; and
- (5) *advising on investments*;

agreeing to do any of these things is itself a *regulated activity*. In the *FSA*'s opinion, this activity concerns the entering into of a legally binding agreement to provide the services to which the agreement relates. So, a *person* is not carrying on a *regulated activity* under article 64 merely because he makes an offer to do so.

5.9.2G To the extent that an exclusion applies in relation to a *regulated activity*, 'agreeing' to carry on an activity within the exclusion will not be a *regulated activity*. This is the effect of article 4(3) of the *Regulated Activities Order* (Specified activities: general). So, for example, a vet can, without carrying on a *regulated activity*, enter into an agreement with an *insurance undertaking* to distribute marketing literature provided that the vet can rely on the exclusion in article 72C (Provision of information on an incidental basis) in relation to the activity of distributing the literature (see also *AUTH* App 5.6.6G and *AUTH* App 5.6.9G (Exclusion: article 72C (Provision of information on an incidental basis))). However, to be able to rely on the exclusion in article 72C, the vet must not be viewed as providing information to the *insurance undertaking*. More specifically, an unauthorised *introducer* can enter into standing arrangements with *insurance undertakings* or brokers to make introductions, provided that these arrangements do not envisage subsequent provision of information to these *insurance undertakings* or brokers with a view to *arranging (bringing about) deals in investments* or *making arrangements with a view to transactions in investments*.

## 5.10 Renewals

5.10.1G It must be emphasised that activities which concern invitations to renew *policies* and the subsequent effecting of renewal of *policies* are likely to fall within *insurance mediation activity*. Those considering the need for *authorisation* or variation of their *permissions* will wish to consider whether a process of tacit renewal operates: that is, where a *policyholder* need take no action if he wishes to maintain his insurance cover by having his *policy* 'renewed'. This process will typically result in the issue of a new *contract of insurance*, not an extension of the period of the existing one. It may involve the activities of *advising on investments, arranging and dealing in investments as agent*. More specifically, preparing a 'tacit renewal' letter on behalf of an *insurance undertaking* is likely to amount to *arranging*. Where it contains a recommendation to renew existing cover this is likely to constitute *advising on investments* (under article 53 of the *Regulated Activities Order*. If the contract takes effect on the date stipulated in the renewal letter, a contract is concluded with the effect that the letter writer may be *dealing in investments as agent*. The process may also involve a regulated activity under article 64 (*Agreeing to carry on a regulated activity*).

## 5.11 Other aspects of exclusions

5.11.1G This part of the *guidance* deals with:

- (1) exclusions which are disapplied where the *regulated activity* relates to *contracts of insurance*;
- (2) exclusions which are disapplied where a *person* carries on *insurance mediation*;
- (3) the following exclusions applying to more than one *regulated activity*:
  - (a) activities carried on in the course of a profession or non-investment business (article 67 (Activities carried on in the course of a profession or non-investment business));
  - (b) activities carried on by a provider of relevant goods or services (article 72B (Activities carried on by a provider of relevant goods or services)); and
  - (c) *large risks* (article 72D (Large risks contracts where risk situated outside the EEA)).

5.11.2G There are a number of 'pre-*IMD*' exclusions that have the effect of restricting the scope of the *regulated activities* referred to in this *guidance*. Several of these are disapplied or modified as part of implementation of the *IMD*.

Exclusions disapplied where activities relate to contracts of insurance

5.11.3G The exclusions outlined in (1) to (7) have been available to intermediaries (and in some cases *insurance undertakings*) acting in connection with *life policies*. In essence, however, from 14 January 2005 the following exclusions do not apply if they concern transactions relating to *contracts of insurance*:

- (1) *dealing in investments as agent* with or through *authorised persons* (article 22 of the *Regulated Activities Order* (Deals with or through authorised persons));
- (2) *arranging* transactions to which the *arranger* is to be a party, where the *arranger* enters into or is to enter into the transaction:
  - a) as agent for another *person*; or
  - b) as *principal*, unless the *arranger* is the only *policyholder* or will, as a result of the transaction, become the only *policyholder* (article 28 (Arranging transactions to which the arranger is a party));
- (3) *arranging deals* with or through *authorised persons* (article 29 (Arranging deals with or through authorised persons));
- (4) *introducing* (article 33 (Introducing));
- (5) activities carried on in connection with the sale of goods and supply of services (article 68 (Activities carried on in connection with the sale of goods and supply of services));
- (6) *groups and joint enterprises* (article 69 (Groups and joint enterprises)) (see *AUTH App 5.11.6G*); and

- (7) activities carried on in connection with the sale of a *body corporate* (article 70 (Activities carried on in connection with the sale of a body corporate)).

5.11.4G It follows from the restrictions placed on the exclusions listed in *AUTH* App 5.11.3G that, as of 14 January 2005:

- (1) *unauthorised persons* who:
- (a) introduce clients or customers to an independent financial adviser with a view to a transaction;
  - (b) deal as agent on behalf of their clients or customers with or through an *authorised person*; or
  - (c) arrange for their clients or customers to enter into a transaction with or through an *authorised person*,
- will not be able to rely on articles 29 or 33 to avoid the need for *authorisation* where the transaction relates to a *contract of insurance*;
- (2) *unauthorised persons* may, however, be able to rely on the exclusion for the provision of information on an incidental basis in article 72C to continue to avoid the need for *authorisation* (see *AUTH* App 5.6.5G to *AUTH* App 5.6.9G (Exclusion: article 72C (Provision of information on an incidental basis)));
- (3) *authorised persons* who themselves introduce clients or customers to others for the purposes of *buying* or *selling* any kind of *contract of insurance* are likely to require a variation of their *Part IV permission*, as neither article 33 nor generally, article 72C (see *AUTH* App 5.6.5G to *AUTH* App 5.6.9G (Exclusion: article 72C (Provision of information on an incidental basis))) will apply where this activity amounts to *arranging*.

5.11.5G *Insurance undertakings* are referred to *PRU* 9.4 (Insurance undertakings and mortgage lenders using insurance or mortgage mediation services) as regards their obligations relating to the use of intermediaries generally.

5.11.6G The removal of the exclusion for *groups* and *joint enterprises* in article 69 of the *Regulated Activities Order* (Groups and joint enterprises) may have implications for *companies* providing services for:

- (1) other members of its *group*; or
- (2) other participants in a *joint enterprise* of which it is a participant.

Such *companies* might typically provide risk or treasury management or administration services which may include *regulated activities* relating to a *contract of insurance*. If so, such *companies* will need *authorisation* or exemption if they conduct the activities by way of business (see *AUTH* App 5.4 (The business test)). This is unless another exclusion applies.

Exclusions disapplied in connection with insurance mediation

5.11.7G Article 4(4A) of the *Regulated Activities Order* (Specified activities: general) disapplies certain exclusions where a *person*, for remuneration, takes up or pursues *insurance mediation* (as defined in article 2.3 of the

*IMD* (see *AUTH* App 5.2.5G (Approach to implementation of the *IMD*) and *AUTH* App 5.16.2 (Article 2.3 of the Insurance Mediation Directive)) in relation to a risk or commitment located in an *EEA* state. The relevant exclusions which are disapplied are:

- (1) arrangements in connection with lending on the security of insurance policies (article 30 of the *Regulated Activities Order* (Arranging transactions in connection with lending on the security of insurance policies));
- (2) activities carried on by trustees, nominees and personal representatives (article 66 (Trustees, nominees and personal representatives)); and
- (3) activities carried on in the course of a profession or non-investment business (article 67 (Activities carried on in the course of a profession or non-investment business)) (This exclusion is considered in further detail in *AUTH* App 5.11.9G to 5.11.12G (Activities carried on in the course of a profession or non-investment business)).

Exclusions applying to more than one regulated activity

5.11.8G Chapter XVII of the *Regulated Activities Order* (Exclusions applying to several specified kinds of activity) contains various exclusions applying to several kinds of activity. Three exclusions of relevance in relation to *contracts of insurance* are dealt with in this section and a fourth, *overseas persons*, in *AUTH* App 5.12 (Link between activities and the United Kingdom).

Activities carried on in the course of a profession or non-investment business

5.11.9G Article 67 excludes from the activities of *dealing as agent, arranging (bringing about) deals in investments, making arrangements with a view to transactions in investments* and *advising on investments*, any activity which:

- (1) is carried on in the course of carrying on any profession or business which does not otherwise consist of the carrying on of *regulated activities* in the *United Kingdom*; and
- (2) may reasonably be regarded as a necessary part of other services provided in the course of that profession or business.

In the *FSA*'s view, the fact that a *person* may carry on *regulated activities* in the course of the carrying on of a profession or business does not, of itself, mean that the profession or business consists of *regulated activities*. This is provided that the main focus of the profession or business does not involve *regulated activities* and that the *regulated activities* that are carried on arise in a way that is incidental and complementary to the carrying on of the profession or business.

5.11.10G Although the article 67 exclusion is disapplied (by article 4(4A) of the *Regulated Activities Order* (Specified investments: general)) when a *person* takes up or pursues *insurance mediation* or *reinsurance mediation* as defined by articles 2.3 and 2.5 of the *IMD*, there may be cases where a

*person* is not carrying on activities that amount to *insurance mediation*. For example, where a *person's* activities amount simply to the provision of information on an incidental basis in the context of another professional activity, these may fall outside the scope of article 2.3 *IMD* (see *AUTH* App 5.16.2G (Article 2.3 of the Insurance Mediation Directive)) and the exclusion in article 67 may then operate to exclude these activities. Also, it is possible that a professional *person's* activities may not amount to a *regulated activity* at all. For example, a doctor who provides a medical report to an *insurer* may be regarded as making arrangements with a view to providing an expert medical opinion rather than with a view to transactions in *contracts of insurance*. In such cases, article 67 will not be needed.

5.11.11G Article 67 may also apply to activities relating to assignments of insurance policies, as, in the *FSA's* view, article 2.3 of the *IMD* applies essentially to the creation of new *contracts of insurance* and not the assignment of rights under existing policies. As such, where a solicitor or licensed conveyancer arranges an assignment of a *contract of insurance*, the exclusion in article 67 remains of potential application. For similar reasons, trustees advising on or arranging assignments of *contracts of insurance* may, in certain circumstances, be able to rely on the exclusions in article 66 of the *Regulated Activities Order*.

5.11.12G For article 67 to apply in these cases, in addition to *AUTH* App 5.11.9G(1) and (2), the activity in question must not be remunerated separately from other services (article 67(2) of the *Regulated Activities Order*).

Activities carried on by a provider of relevant goods or services

5.11.13G Article 72B (see also *AUTH* App 5.3.7G (Connected contracts of insurance)) may be of relevance to *persons* who supply non-motor goods or provide services related to travel in the course of carrying on a profession or business which does not otherwise consist of carrying on *regulated activities*. In the *FSA's* view, the fact that a *person* may carry on *regulated activities* in the course of the carrying on of a profession or business does not, of itself, mean that the profession or business consists of *regulated activities*. This is provided that the main focus of the profession or business does not involve *regulated activities* and that the *regulated activities* that are carried on arise in a way that is incidental and complementary to the carrying on of the profession or business. For example, a travel agent might carry on *insurance mediation activities* in relation to some *contracts of insurance* that satisfy the conditions of the article 72B and some that do not. The former contracts will be excluded from regulation even though the travel agent must seek *authorisation* or become an *appointed representative* to be permitted to *sell* the latter contracts. The exclusion applies to *insurance mediation activities* when carried on in relation to 'connected contracts of insurance'. In broad terms, a 'connected contract of insurance' is a *contract of insurance* which:

- (1) is not a contract of long-term insurance (as defined by article 3 of the *Regulated Activities Order* (Interpretation));
- (2) has a total duration (including rights to renewal) of five years or less;

- (3) has an annual premium (or the equivalent of annual premium) of €500 or less;
- (4) covers the risk of:
  - (a) breakdown, loss of, or damage to, non-motor goods supplied by the provider; or
  - (b) damage to, or loss of, baggage and other risks linked to travel booked with the provider ('travel risks');
- (5) does not cover any liability risks (except, in the case of a contract which covers travel risks, where the cover is ancillary to the main cover provided by the contract);
- (6) is complementary to the non-motor goods being supplied or service being provided by the provider; and
- (7) is of such a nature that the only information that a *person* requires in order to carry on one of the *insurance mediation activities* is the cover provided by the contract.

5.11.14G In the *FSA's* view, the liability risks referred to in *AUTH* App 5.11.13G(5) cover risks in relation to liabilities that the *policyholder* might have to others (that is, third party claims). Many *policies* will provide this sort of cover and so fall outside the scope of the exclusion. For example, a *policy* that covers the cost of unauthorised calls made when a mobile telephone is stolen includes 'liability risks' and would not be a 'connected contract of insurance'. By contrast, travel *policies* which provide cover in respect of the *policyholder's* personal liability while travelling may fall within the exclusion by virtue of *AUTH* App 5.11.13G(5), where sold as part of a package by travel agents and other providers of services related to travel.

5.11.15G In the *FSA's* view, the condition in *AUTH* App 5.11.13G(7) is likely to be satisfied where the *insurance mediation activities* relate to a standard form *contract of insurance*, the terms of which (other than the cost of the premium) are not subject to negotiation.

#### Large risks

- 5.11.16G Article 72D (Large risks contracts where risk situated outside the EEA) provides an exclusion for large risks situated outside the *EEA*. Broadly speaking, these are risks relating to:
- (1) railway rolling stock, aircraft, ships, goods in transit, aircraft liability and shipping liability;
  - (2) credit and suretyship where relating to the *policyholder's* commercial or professional liability;
  - (3) risks relating to land vehicles, fire and natural forces, property damage, motor vehicle liability;
  - (4) certain financial loss where the *policyholder* is a business of a certain size.

For a fuller definition of *contracts of large risks* see the definition in the *Glossary*.

## 5.12 Link between activities and the United Kingdom

### Introduction

- 5.12.1G Section 19 of the *Act* (The general prohibition) provides that the requirement to be *authorised* under the *Act* only applies in relation to *regulated activities* which are carried on ‘in the *United Kingdom*’. In many cases, it will be quite straightforward to identify where an activity is carried on. But, when there is a cross-border element, for example because a *customer* is outside the *United Kingdom* or because some other element of the activity happens outside the *United Kingdom*, the question may need careful consideration. *AUTH* App 5.15.8G (Flow chart: am I carrying on regulated activities in the United Kingdom?) has a flow chart setting out the questions a *person* needs to consider in determining whether or not his *regulated activities* are carried on ‘in the *United Kingdom*’.
- 5.12.2G Even if a *person* concludes that he is not carrying on a *regulated activity* in the *United Kingdom*, he will need to ensure that he does not contravene other provisions of the *Act* that apply to *unauthorised persons*. These include the controls on *financial promotion* (section 21 (Financial promotion) of the *Act*) (see *AUTH* App 1 (Financial promotion and related activities)), and on giving the impression that a *person* is *authorised* (section 24 (False claims to be authorised or exempt)).
- 5.12.3G The table in *AUTH* App 5.12.4G is a very simplified summary of territorial issues relating to overseas insurance intermediaries carrying on the business of *insurance mediation activities* in or into the *United Kingdom* for remuneration.
- 5.12.4G Table: territorial issues relating to overseas insurance intermediaries carrying on insurance mediation activities in or into the United Kingdom

	Needs Part IV permission	Schedule 3 EEA passport rights available	Overseas persons exclusion available
Registered <i>EEA</i> -based intermediary with <i>UK</i> branch (registered office or head office in another <i>EEA State</i> )	No	Yes	No
Registered <i>EEA</i> -based intermediary with no <i>UK</i> branch providing <i>cross-border services</i>	No	Yes	Potentially available [see Note 1]
Third country intermediary operating from branch in <i>UK</i>	Yes	No	No
Third country intermediary providing services in (or into) <i>UK</i>	Yes unless <i>overseas persons</i>	No	Potentially available

	Needs Part IV permission	Schedule 3 EEA passport rights available	Overseas persons exclusion available
	exclusion applies		

Note 1. This does not, however, affect the *firm's authorisation* under Schedule 3 to the *Act* (see *AUTH* App 5.12.13G to *AUTH* App 5.12.14G (Passporting)).

Where are insurance mediation activities carried on?

- 5.12.5G *Persons carrying on insurance mediation activities* from a registered office or head office in the *United Kingdom* will clearly be carrying on *regulated activities* in the *United Kingdom*. However, a *person* may be considered to be carrying on *regulated activities* in the *United Kingdom* even where not carrying on the activity from a registered office or head office in the *United Kingdom*. This is explained further in *AUTH* App 5.12.5G to *AUTH* App 5.12.7G.
- 5.12.6G In determining the location of an activity, and hence whether it is carried on in the *United Kingdom*, various factors need to be taken into account in turn, notably:
- (1) section 418 of the *Act* (Carrying on regulated activities in the United Kingdom);
  - (2) the nature of the activity; and
  - (3) the *overseas persons* exclusion (see *AUTH* App 5.12.9G to *AUTH* App 5.12.10G (Overseas persons)).
- 5.12.7G Section 418 of the *Act* extends the meaning that ‘carry on regulated activity in the United Kingdom’ would normally have by setting out additional cases in which a *person* who would not otherwise be regarded as carrying on the activity in the *United Kingdom* is to be regarded as doing so. Each of the following cases thus amounts to carrying on a *regulated activity* in the *United Kingdom*:
- (1) where a *UK-based person* carries on a *regulated activity* in another *EEA State* in the exercise of rights under a *Single Market Directive*;
  - (2) where a *UK-based person* carries on a *regulated activity* and the day-to-day management of the activity is the responsibility of an establishment in the *United Kingdom*;
  - (3) where a *regulated activity* is carried on by a *person* who is not based in the *United Kingdom* but is carried on from an establishment maintained by him in the *United Kingdom*;
  - (4) where an *electronic commerce activity* is carried on with or for a *person* in an *EEA State* from an establishment in the *United Kingdom*.

In each of these cases it is irrelevant where the *person* with whom the activity is carried on is situated.

5.12.8G Otherwise, where the cases in *AUTH* App 5.12.7G (1) to (4) do not apply, it is necessary to consider further the nature of the activity in order to determine where *insurance mediation* is carried on. *Persons* that arrange *contracts of insurance* will usually be considered as carrying on the activity of *arranging* in the location where these activities take place. As for dealing activities, the location of the activities will depend on factors such as where the acceptance takes place, which in turn will depend on the method of communication used. In the case of advising, this is generally considered to take place where the advice is received.

Overseas persons

5.12.9G Article 72 of the *Regulated Activities Order* (Overseas persons) provides a potential exclusion for *persons* with no permanent place of business in the *United Kingdom* from which *regulated activities* are conducted or offers to conduct *regulated activities* are made. Where these *persons* carry on *insurance mediation activities* in the *United Kingdom*, they may be able to take advantage of the exclusions in article 72 of the *Regulated Activities Order*. In general terms, these apply where the *overseas person* either:

- (1) deals or arranges deals with or through *authorised* or exempt *persons* only; or
- (2) enters into deals with (or on behalf of) a *person* in the *United Kingdom* or gives advice on investments in the *United Kingdom*, in each case as a result of a 'legitimate approach'.

A 'legitimate approach', for the purposes of (2), is one that results from an unsolicited approach by a *person* (for example, a *customer*) or otherwise is a result of an approach by, or on behalf of, an *overseas person* which complies with the restriction on *financial promotion* under section 21 of the *Act* (see *AUTH* App 1.3.1G (Financial promotion)).

5.12.10G The *overseas person* exclusion is available to *persons* who do not have a permanent place of business in the *United Kingdom* and so is of relevance to third country intermediaries (that is, non *EEA*-based intermediaries) who carry on *insurance mediation activities* in, or into, the *United Kingdom* (for example with or through *authorised* insurance brokers and *insurance undertakings* operating in the Lloyd's market).

How should persons be authorised?

5.12.11G *UK*-based *persons* must obtain *Part IV permission* in relation to their *insurance mediation activities* in the *United Kingdom* as one of the following:

- (1) a *body corporate* whose registered office is situated in the *United Kingdom*;
- (2) a *partnership* or unincorporated association whose head office is situated in the *United Kingdom*;
- (3) an individual (that is, a sole trader) whose residence is situated in the *United Kingdom*.

The *United Kingdom* will, in each case, be the *Home State* for the purposes of the *IMD* for insurance or reinsurance intermediaries (see

further in connection with the *E-Commerce Directive* in *AUTH* App 5.12.15G to *AUTH* App 5.12.17G (E-Commerce Directive)).

5.12.12G Non-UK-based persons wishing to carry on *insurance mediation activities* in the *United Kingdom* must:

- (1) qualify for *authorisation* by exercising passport rights (see section 31 (Authorised persons) and schedule 3 (EEA passport rights) to the *Act* and *AUTH* App 5.12.13G to *AUTH* App 5.12.14G (Passporting)); or
- (2) make use of the *overseas persons* exclusion (which then has the effect that activities are deemed not to be *regulated activities* carried on in the *United Kingdom*); or
- (3) seek *Part IV permission*.

#### Passporting

5.12.13G The effect of the *IMD* is that any *EEA*-based insurance intermediaries must first be registered in their home *EEA State* before carrying on *insurance mediation* in that *EEA State* or other *EEA States*. For these purposes, an *EEA*-based insurance intermediary is either:

- (1) a legal *person* with its registered office or head office in an *EEA State* other than the *United Kingdom*; or
- (2) a natural *person* resident in an *EEA State* other than the *United Kingdom*.

Registered *EEA*-based insurance intermediaries wishing to establish branches in the *United Kingdom* or provide services on a cross-border basis into the *United Kingdom* can do so by notifying their *Home State regulator* which in turn notifies the *FSA*. This enables the intermediary to acquire passporting rights under Schedule 3 to the *Act* (EEA passporting rights) (see Schedule 3(13) and (14) of the *Act* as amended by the Insurance Mediation Directive (Miscellaneous Amendments) Regulations 2003). *AUTH* 5 (Qualifying for authorisation under the Act) has general *guidance* on the exercise of passporting rights by *EEA firms*.

5.12.14G On the other hand, non-*EEA*-based insurance intermediaries wishing to establish a branch in the *UK* for the purpose of carrying on *insurance mediation activities* may only do so with *Part IV permission*.

#### E-Commerce Directive

5.12.15G The *E-Commerce Directive* removes restrictions on the cross-border provision of services by electronic means, introducing a *country of origin* approach to regulation. This requires *EEA States* to impose certain requirements on the outward provision of such services and to lift them from inward providers. The *E-Commerce Directive* defines an e-commerce service (termed an *information society service*) as any service, normally provided for remuneration, at a distance, by electronic means, and at the individual request of the recipient of the service. So, for example, it includes services provided over the internet, by solicited e-mail, and interactive digital television. Further *guidance* is contained in *ECO*.

- 5.12.16G The *E-Commerce Directive* does not remove the *IMD* requirement for *persons* taking up or pursuing *insurance mediation* for remuneration to be registered in their *Home State*. Nor does it remove the requirement for *EEA*-based intermediaries to acquire passporting rights in order to establish branches in the *United Kingdom* (see *AUTH* App 5.12.7G (Where is insurance mediation carried on?) in relation to *electronic commerce activity* carried on from an establishment in the *United Kingdom*) or provide services on a cross-border basis into the *United Kingdom* where the relevant activity is carried on in the *United Kingdom*. An example of *electronic commerce activity* provided on a cross-border basis into the *United Kingdom* could be a recommendation in a (solicited) e-mail from an *EEA*-based intermediary to a *UK*-based customer to *buy* a particular *contract of insurance*.
- 5.12.17G Put shortly, the *E-Commerce Directive* relates to services provided into the *United Kingdom* from other *EEA States* and from the *United Kingdom* into other Member States. In broad terms, such cross-border insurance mediation services provided by an *EEA firm* into the *United Kingdom* (via *electronic commerce activity* or distance means) will generally be subject to *IMD* registration in, and conduct of business regulation of, the intermediary's *EEA State* of origin. By contrast, insurance mediation services provided in the *United Kingdom* will be subject to *UK* conduct of business regulation, although the requirement for registration will again depend upon the intermediary's *EEA State* of origin.
- 5.13 Appointed representatives
- What is an appointed representative?
- 5.13.1G Section 39 of the *Act* (Exemption of appointed representatives) exempts *appointed representatives* from the need to obtain *authorisation*. An *appointed representative* is a *person* who is party to a contract with an *authorised person* which permits or requires him to carry on certain *regulated activities* (see *Glossary* for full definition). *SUP* 12 (Appointed representatives) contains *rules* and *guidance* relating to *appointed representatives*.
- 5.13.2G A *person* who is an *authorised person* cannot be an *appointed representative* (see section 39(1) of the *Act* (Exemption of appointed representatives)).
- Business for which an appointed representative is exempt
- 5.13.3G An *appointed representative* can carry on only those *regulated activities* which are specified in the *Appointed Representatives Regulations*. With effect from 14 January 2005, the *regulated activities* set out in the table in *AUTH* App 5.13.4G will be included in those regulations. As set out in the table, the *insurance mediation activities* that can be carried on by an *appointed representative* differ depending on the type of *contracts of insurance* in relation to which the activities are carried on.
- 5.13.4G Table: insurance mediation activities able to be carried on by an appointed representative. This table belongs to 5.13.3G

Type of contract of insurance	Regulated activities an appointed representative can carry on
<i>General insurance contract</i>	<ul style="list-style-type: none"> <li>• <i>Dealing in investments as agent;</i></li> <li>• <i>Arranging;</i></li> <li>• <i>Assisting in the administration and performance of a contract of insurance;</i></li> <li>• <i>Advising on investments;</i> and</li> <li>• <i>Agreeing to carry on these regulated activities</i></li> </ul>
<i>Pure protection contract</i>	<ul style="list-style-type: none"> <li>• <i>Arranging;</i></li> <li>• <i>Advising on investments;</i> and</li> <li>• <i>Agreeing to carry on these regulated activities.</i></li> </ul>
<i>Life policy (note that this already has effect prior to 14 January 2005)</i>	<ul style="list-style-type: none"> <li>• <i>Arranging;</i></li> <li>• <i>Advising on investments;</i> and</li> <li>• <i>Agreeing to carry on these regulated activities</i></li> </ul>

#### Persons who are not already appointed representatives

5.13.5G A *person* who is not already an *appointed representative* may wish to become one in relation to *the regulated activities* specified in the *Appointed Representatives Regulations* (see table in *AUTH* App 5.13.4G). If so, he must be appointed under a written contract by an *authorised person*, who has *permission* to carry on those *regulated activities* and who accepts responsibility for the *appointed representative's* actions when acting for him. *SUP* 12.4 (What must a firm do when it appoints an appointed representative?) and *SUP* 12.5 (Contracts: required terms) set out the detailed requirements that must be met for an appointment to be made. In particular, an *appointed representative* will not be able to commence an *insurance mediation activity* until he is included on the *FSA Register* for such activities.

#### Persons who are already appointed representatives

5.13.6G Where a *person* is already an *appointed representative* and he proposes to carry on, with effect from 14 January 2005, any *insurance mediation activities*, he will need to consider the following matters.

- (1) He must become *authorised* if his proposed *insurance mediation activities* include activities that do not fall within the table in *AUTH* App 5.13.4G (for example, *dealing as agent* in *pure protection contracts*) and he wishes to carry on these activities. The *Act* does not permit any *person* to be exempt for some activities and *authorised* for others. He will, therefore, need to apply for *permission* to cover all the *regulated activities* that he proposes to carry on from 14 January 2005.
- (2) If he proposes to carry on other *regulated activities* specified in the *Appointed Representatives Regulations* in relation to *contracts of*

*insurance* (see the table in *AUTH* App 5.13.4G), he may be able to do so as an *appointed representative* bearing in mind the following.

- (a) He will need to be appointed by an *authorised person* prepared to accept responsibility for his *insurance mediation activities* when acting for him. The *authorised person* must have *permission* to carry on these *regulated activities*.
- (b) If these *insurance mediation activities* are to be carried on for the same *authorised person* who has already appointed him for his other *regulated activities*, the contract between them will need to be amended to reflect the additional activities. Other amendments to the contract will be required (see *SUP* 12.5.6A R).
- (c) The effect of amendments to the *Appointed Representatives Regulations* is that an *appointed representative* cannot commence an *insurance mediation activity* until he is included on the *FSA Register* as carrying on such activities.
- (d) An *appointed representative* would be entitled to have more than one principal subject to certain restrictions. In relation to *non-investment insurance contracts* (*general insurance contracts* and *pure protection contracts*), an *appointed representative* may have an unlimited number of *principals*. In relation to *regulated mortgage contracts* and *designated investment business*, an *appointed representative* is limited in the number of *principals* he may have. In any case where an *appointed representative* has multiple *principals*, those *principals* are required to enter into a multiple- principal agreement (see *SUP* 12.4.5D R to 12.4.5G G (Appointment of an appointed representative (other than an introducer appointed representative))).
- (e) If the activities of the *appointed representative* are limited to introducing, he should consider the specific *Handbook* provisions relating to *introducer appointed representatives* (see *SUP* 12 (What must a firm do when it appoints an appointed representative?)).

## 5.14 Exemptions

### Professionals

5.14.1G *Professional firms* (broadly firms of solicitors, accountants and actuaries) may carry on *insurance mediation activities* in the course of their professional activities. *Exempt professional firms* carrying on *insurance mediation activities* may continue to be able to use the *Part XX exemption* to avoid any need for *authorisation*. *PROF* 2 (Status of exempt professional firm) contains *guidance* on the *Part XX exemption*. They will, however, need to be shown on the *FSA Register* as carrying on *insurance mediation activities*, in order to benefit from this exemption. The task of registration is the responsibility of the *designated professional bodies* who will need to inform the *FSA* both of member firms carrying on *insurance mediation activities* and individuals within firms' management responsible for these activities.

- 5.14.2G *Professional firms* with practices that involve acting for claimants in litigation against *insurance undertakings* are likely to be carrying on the regulated activity of *assisting in the administration and performance of a contract of insurance*. *Exempt professional firms* whose practices contain a material element of such activity should consider whether they can continue to take advantage of the *Part XX exemption* to avoid any need for *authorisation*, having regard to the relevant provisions of the *Act*, in particular section 327 (Exemption from the general prohibition) and the *guidance* in *PROF 2.1.14* (Exempt regulated activities).
- 5.14.3G *Professional firms* should be aware of the disapplication of the exclusions for trustees (article 66) and activities carried on in the course of a profession or non-investment business (article 67) outlined in *AUTH App 5.11.7G* (Exclusions disapplied in connection with insurance mediation) where their activities would amount to *insurance mediation*. Where they do not, they will still be able to rely upon article 67. Otherwise, the *Non-exempt Activities Order* imposes limitations on the extent to which *professional firms* can give advice to individuals. In particular, a *professional firm* cannot recommend to a *private client* that he buy a *life policy*, unless he is endorsing a corresponding recommendation given to the *client*. The recommendation he endorses must be one given by an *authorised person* permitted to advise on *life policies*, or an *exempt person* for these purposes. No such restrictions apply, however, in relation to *contracts of insurance* other than *life policies*.
- 5.14.4G *Professional firms* relying (prior to 14 January 2005) on the exclusions in articles 29 (Arranging deals with or through authorised persons) and 33 (Introducing) when introducing clients to *authorised persons* in connection with the purchase of *life policies* are directed to *AUTH App 5.11.3G* (Exclusions disapplied where activities relate to contracts of insurance). More generally, as indicated in *AUTH App 5.6.8G*, the article 72C exclusion (Provision of information on an incidental basis) is potentially available to unauthorised *professional firms* including *exempt professional firms*. This may be relevant to *professional firms* arranging *contracts of insurance* for clients on an individual basis.

#### Other exemptions

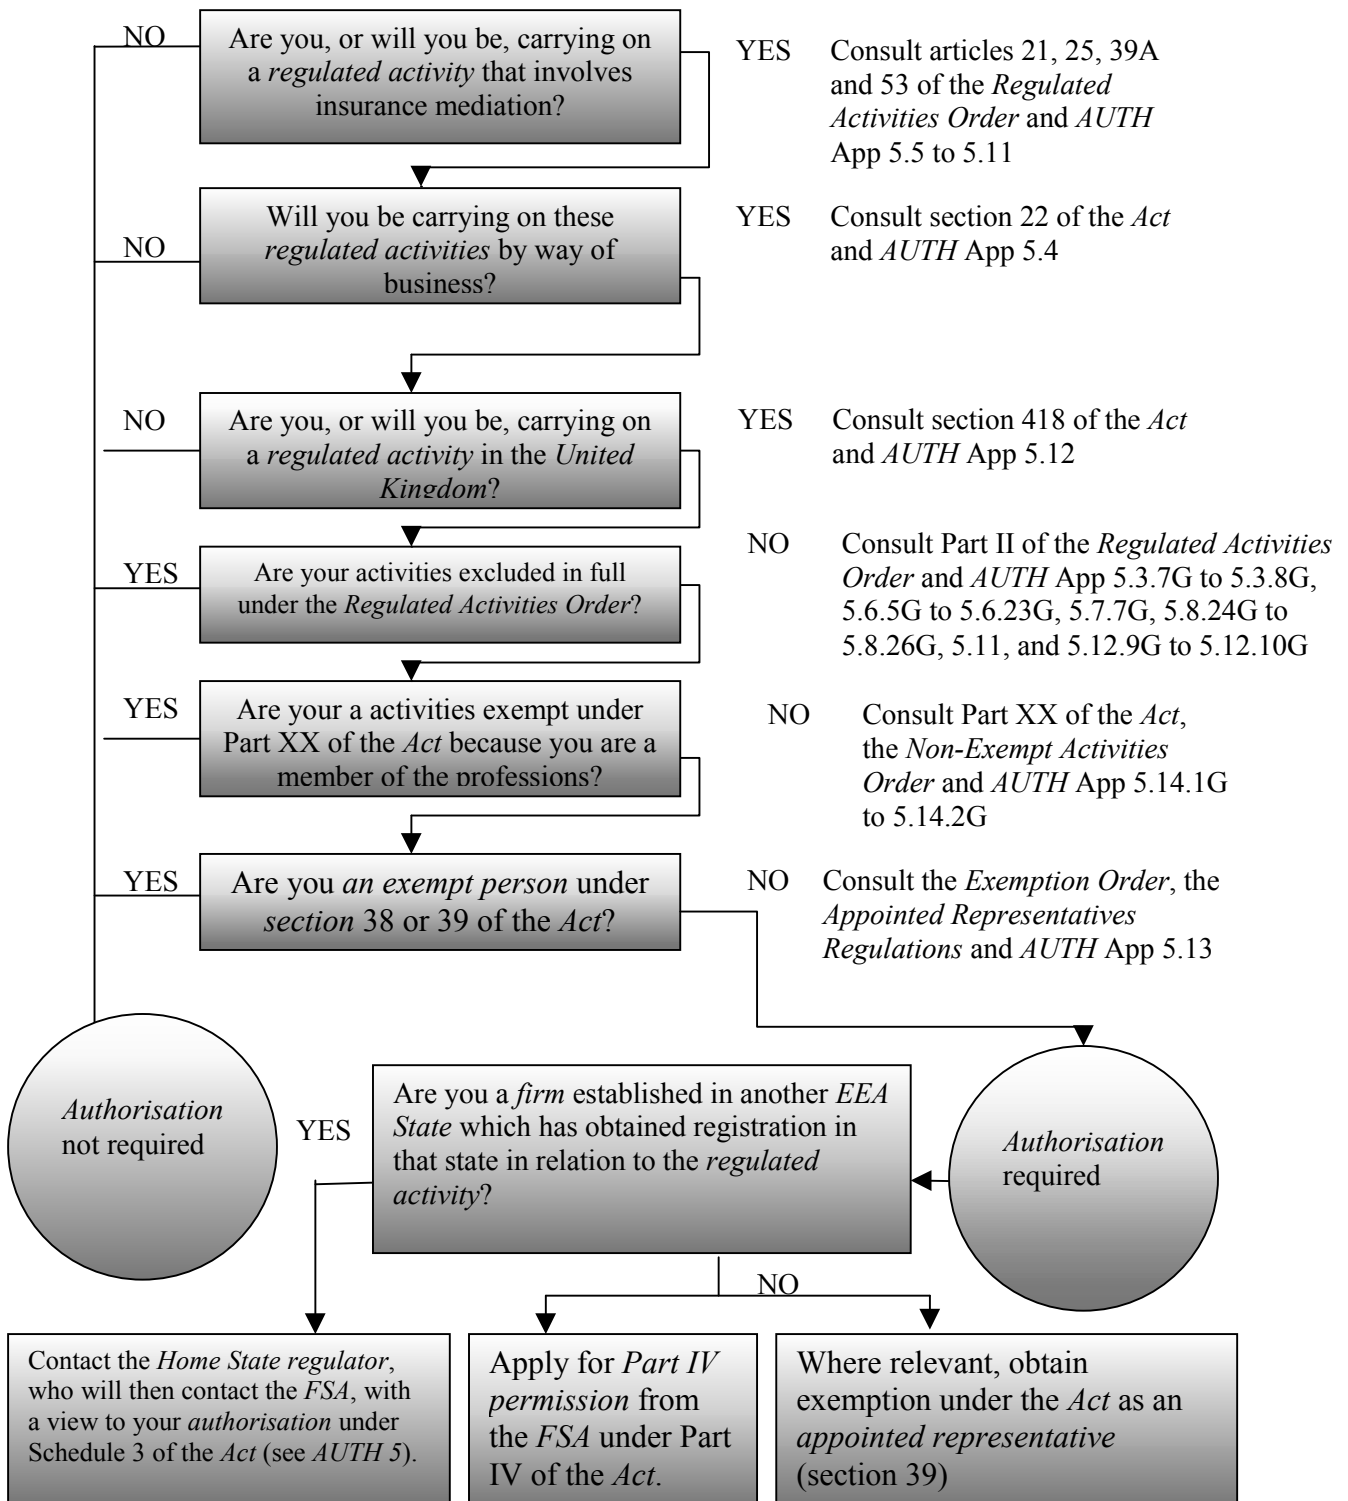

- 5.14.5G In addition to certain named *persons* exempted by the *Exemption Order* from the need to obtain *authorisation*, the following bodies are exempt in relation to *insurance mediation activities* that do not relate to *life policies*:
- (1) local authorities but not their subsidiaries;
  - (2) registered social landlords in England and Wales within the meaning of Part I of the Housing Act 1996 but not their subsidiaries;
  - (3) housing associations or other bodies corporate registered by Scottish Homes but not their subsidiaries;
  - (4) the Housing Corporation;
  - (5) Scottish Homes;

(6) The Northern Ireland Housing Executive.

5.15 Illustrative tables

5.15.1G This flow chart sets out the matters a *person* will need to consider to see if he will need *authorisation* for carrying on *insurance mediation activities*. It is referred to in *AUTH* App 5.2.3G (Questions to be considered to decide if authorisation is required).

5.15.2G Flow chart: regulated activities related to insurance mediation activities – do you need authorisation?

5.15.3G The table in *AUTH* App 5.15.4G is designed as a short, user-friendly guide but should be read in conjunction with the relevant sections of the text of this *guidance*. It is not a substitute for consulting the text of this *guidance* or seeking professional advice as appropriate (see *AUTH* App 5.1.4G to *AUTH* App 5.1.6G on the effect of this *guidance*). References in this Annex to articles are to articles of the *Regulated Activities Order*. In this table, it is assumed that each of the activities described is carried on by way of business (see *AUTH* App 5.4). Save where otherwise indicated, it is assumed that the intermediary is carrying on activities in respect of *policies* where he is not the *policyholder*. Note also that this table does not provide an exhaustive list of all of the exclusions or exemptions that are of relevance to each type of activity. For a full explanation of the exclusions and exemptions under the *Regulated Activities Order* and their applicability see generally *AUTH* App 5.3.7G to *AUTH* App 5.3.8G, *AUTH* App 5.6.5G to *AUTH* App 5.6.23G, *AUTH* App 5.7.7G, *AUTH* App 5.8.24G to *AUTH* App 5.8.26G, *AUTH* App 5.11, *AUTH* App 5.12.9G to *AUTH* App 5.12.10G, *AUTH* App 5.13 and *AUTH* App 5.14. This Table is referred to in *AUTH* App 5.7.5G (The regulated activities: assisting in the administration and performance of a contract of insurance).

5.15.4G Table: Types of activity – are they regulated activities and, if so, why?

Type of activity	Is it a <i>regulated activity</i> ?	Rationale
------------------	-------------------------------------	-----------

MARKETING AND EFFECTING INTRODUCTIONS		
Passive display of information - for example, medical insurance brochures in doctor's surgery (whether or not remuneration is received for this activity)	No.	Merely displaying information does not constitute making arrangements under article 25(2) (see <i>AUTH</i> App 5.6.4G).
Recommending a broker/ <i>insurance undertaking</i> and providing customer with contact details (whether by phone, fax, e-mail, face-to-face or any other means of communication)	Yes, but article 72C may be available.	This will constitute making arrangements under article 25(2). But, the exclusion in article 72C will apply if all the intermediary does is supply information to the customer and the conditions of article 72C are otherwise met (see <i>AUTH</i> App 5.6.5G to <i>AUTH</i> App 5.6.9G). Generally, this will not amount to advice under article 53 unless there is an implied recommendation of a particular <i>policy</i> (see <i>AUTH</i> App 5.8.4G), in which case article 72C would not be available.

Providing an <i>insurance undertaking</i> /broker with contact details of customer	Yes.	This will constitute making arrangements under article 25(2) when undertaken in the context of regular or ongoing arrangements for introducing customers. Article 72C will not apply because the information is supplied to someone other than the <i>policyholder</i> or potential <i>policyholder</i> .
Marketing on behalf of <i>insurance undertaking</i> to intermediaries only (for example, broker consultants)	Yes.	This amounts to work preparatory to the conclusion of <i>contracts of insurance</i> and so constitutes making arrangements under article 25(2). Article 72C is not available because this activity does not involve provision of information to the <i>policyholder</i> or potential <i>policyholder</i> only.
Telemarketing services (that is, companies specialising in marketing an <i>insurance undertaking's</i> products/services to prospective customers)	Yes.	This amounts to introducing and/or other work preparatory to the conclusion of <i>contracts of insurance</i> and so constitutes making arrangements under article 25(2). This could also involve article 25(1) <i>arranging</i> where the telemarketing company actually <i>sells</i> a particular policy and could involve <i>advising on investments</i> . Article 72C will not be available where the provision of information is more than incidental to the telemarketing company's main business or where the telemarketing company is <i>advising on investments</i> .
PRE-PURCHASE DISCUSSIONS WITH CUSTOMERS AND ADVICE		
Discussion with client about need for insurance generally/need to take out a particular type of insurance	Generally, no. Article 72C available if needed.	Not enough, of itself, to constitute making arrangements under article 25(2), but you should consider whether, viewed as a whole, your activities might amount to <i>arranging</i> . If so, article 72C might be of application (see <i>AUTH</i> App 5.6.5G to <i>AUTH</i> App 5.6.9G).
Advising on the level of cover needed	Generally, no. Article 72C available if needed.	Not enough, of itself, to constitute making arrangements under article 25(2), but you

		should consider whether, viewed as a whole, your activities might amount to making arrangements under article 25(2) (see <i>AUTH</i> App 5.8.3G). If so, article 72C might be of application (see <i>AUTH</i> App 5.6.5G to <i>AUTH</i> App 5.6.9G).
Pre-purchase questioning in the context of filtered sales (intermediary asks a series of questions and then suggests several policies which suit the answers given)	Yes. Subject to Article 72 C exclusion where available.	This will constitute <i>arranging</i> although article 72C may be of application (see <i>AUTH</i> App 5.6.5G to <i>AUTH</i> App 5.6.9G). If there is no express or implied recommendation of a particular <i>policy</i> , this activity will not amount to advice under article 53 (see <i>AUTH</i> App 5.8.15G to <i>AUTH</i> App 5.8.19G).
Explanation of the terms of a particular <i>policy</i> or comparison of the terms of different policies	Possibly. Article 72C available.	This is likely to amount to making arrangements under article 25(2). In certain circumstances, it could involve advising on investments (see <i>AUTH</i> App 5.8.8G (Advice or information)). Where the explanation is provided to the potential <i>policyholder</i> , and does not involve <i>advising on investments</i> , article 72C may be of application (see <i>AUTH</i> App 5.6.5G to <i>AUTH</i> App 5.6.9G), and where information is provided by a professional in the course of a profession, article 67 may apply (see <i>AUTH</i> App 5.11.9G to <i>AUTH</i> App 5.11.12G).
Advising that a customer take out a particular <i>policy</i>	Yes.	This amounts to advice on the merits of a particular <i>policy</i> under article 53 (see <i>AUTH</i> App 5.8.4G to <i>AUTH</i> App 5.8.5G).
Advising that a customer does not take out a particular <i>policy</i>	Yes.	This amounts to advice on the merits of a particular <i>policy</i> under article 53 (see <i>AUTH</i> App 5.8.4G to <i>AUTH</i> App 5.8.5G).
Advice by journalists in newspapers, broadcasts etc.	Generally, no because of the article 54 exclusion.	Article 54 provides an exclusion for advice given in newspapers etc (see <i>AUTH</i> App 5.8.24G to <i>AUTH</i> App 5.8.25G).
Giving advice to a customer in relation to his <i>buying</i> a consumer product, where insurance is a	Not necessarily but depends on the circumstances	Where the advice relates specifically to the merits of the consumer product, it is possible that references to the

compulsory secondary purchase and/or a benefit that comes with <i>buying</i> the product		accompanying insurance may be seen to be information and not advice. If, however, the advice relates, in part, to the merits of the insurance element, then it will be <i>regulated activity</i> .
ASSISTING CUSTOMERS WITH COMPLETING/SENDING APPLICATION FORMS		
Providing information to customer who fills in application form	Possibly. Subject to article 67 or 72C exclusions where available.	This activity may amount to <i>arranging</i> although the exclusions in article 67 (see <i>AUTH</i> App 5.11.9G to <i>AUTH</i> App 5.11.12G) and article 72C (see <i>AUTH</i> App 5.6.5G to <i>AUTH</i> App 5.6.9G) may be of application.
Helping a potential <i>policyholder</i> fill in an application form	Yes.	This activity amounts to <i>arranging</i> . Article 72C will not apply because this activity goes beyond the mere provision of information to a <i>policyholder</i> or potential <i>policyholder</i> (see <i>AUTH</i> App 5.6.5G to <i>AUTH</i> App 5.6.9G).
Receiving completed proposal forms for checking and forwarding to an <i>insurance undertaking</i> (for example, an administration outsourcing service provider that receives and processes proposal forms)	Yes.	This amounts to <i>arranging</i> . Article 72C does not apply because this activity goes beyond the mere provision of information to a <i>policyholder</i> or potential <i>policyholder</i> (see <i>AUTH</i> App 5.6.5G to <i>AUTH</i> App 5.6.9G).
Assisting in completion of proposal form and sending to <i>insurance undertaking</i>	Yes.	This activity amounts to <i>arranging</i> . Article 72C does not apply because this activity goes beyond the mere provision of information (see <i>AUTH</i> App 5.6.5G to <i>AUTH</i> App 5.6.9G).
NEGOTIATING AND CONCLUDING CONTRACTS OF INSURANCE		
Negotiating terms of <i>policy</i> on behalf of customer with the <i>insurance undertaking</i>	Yes.	This activity amounts to <i>arranging</i> (see <i>AUTH</i> App 5.6.2G).
Negotiating terms of <i>policy</i> on behalf of <i>insurance undertaking</i> with the customer and signing proposal form on his behalf	Yes.	These activities amount to both <i>arranging</i> and <i>dealing in investments as agent</i> .
Concluding a <i>contract of insurance</i> on insurance	Yes.	A <i>person</i> carrying on this activity will be <i>dealing in investments as agent</i> . He will

company's behalf, for example, motor dealer who has authority to conclude insurance contract on behalf of <i>insurance undertaking</i> when <i>selling</i> a car		also be <i>arranging</i> (as the article 28 exclusion only applies in the limited circumstances envisaged under article 28(3)) (see <i>AUTH</i> App 5.6.12G).
Agreeing, on behalf of a prospective <i>policyholder</i> , to <i>buy</i> a <i>policy</i> .	Yes.	A <i>person</i> who, with authority, enters into a <i>contract of insurance</i> on behalf of another is <i>dealing in investments as agent</i> under article 21, and will also be <i>arranging</i> .
Providing compulsory insurance as a secondary purchase	Yes. It will amount to <i>dealing in investments as agent</i> or <i>arranging</i> .	The fact that the insurance is secondary to the primary product does not alter the fact that arranging the package involves <i>arranging</i> the insurance.
COLLECTION OF PREMIUMS		
Collection of cheque for premium from the customer at the pre-contract stage.	Yes (as part of <i>arranging</i> ).	This activity is likely to form part of <i>arranging</i> . But the mere collection/receipt of premiums from the customer is unlikely, without more, to amount to <i>arranging</i> .
Collection of premiums at post-contract stage	No.	The mere collection of premiums from <i>policyholders</i> is unlikely, without more, to amount to <i>assisting in the administration and performance of a contract of insurance</i> .
MID-TERM ADJUSTMENTS AND ASSIGNMENTS		
Solicitors or licensed conveyancers discharging client instructions to assign <i>contracts of insurance</i> .	Not where article 67 applies.	As the assignment of rights under a <i>contract of insurance</i> (as opposed to the creation of new <i>contracts of insurance</i> ) does not fall within the <i>IMD</i> , article 67 is of potential application (see <i>AUTH</i> App 5.11.9G to <i>AUTH</i> App 5.11.12G).
Making mid-term adjustments to a <i>policy</i> , for example, property manager notifies changes to the names of the leaseholders registered as "interested parties" in the <i>policy</i> in respect of the property.	Yes.	Assuming the freeholder (as <i>policyholder</i> ) is obliged under the terms of the <i>policy</i> to notify the <i>insurance undertaking</i> of changes to the identity of the leaseholders, the property manager is likely to be <i>assisting in the administration and the performance of the contract of insurance</i> .
TRADED ENDOWMENT POLICIES ("TEPs")		
Making introductions for the	Yes, unless article 72C applies.	Making introductions for these purposes is

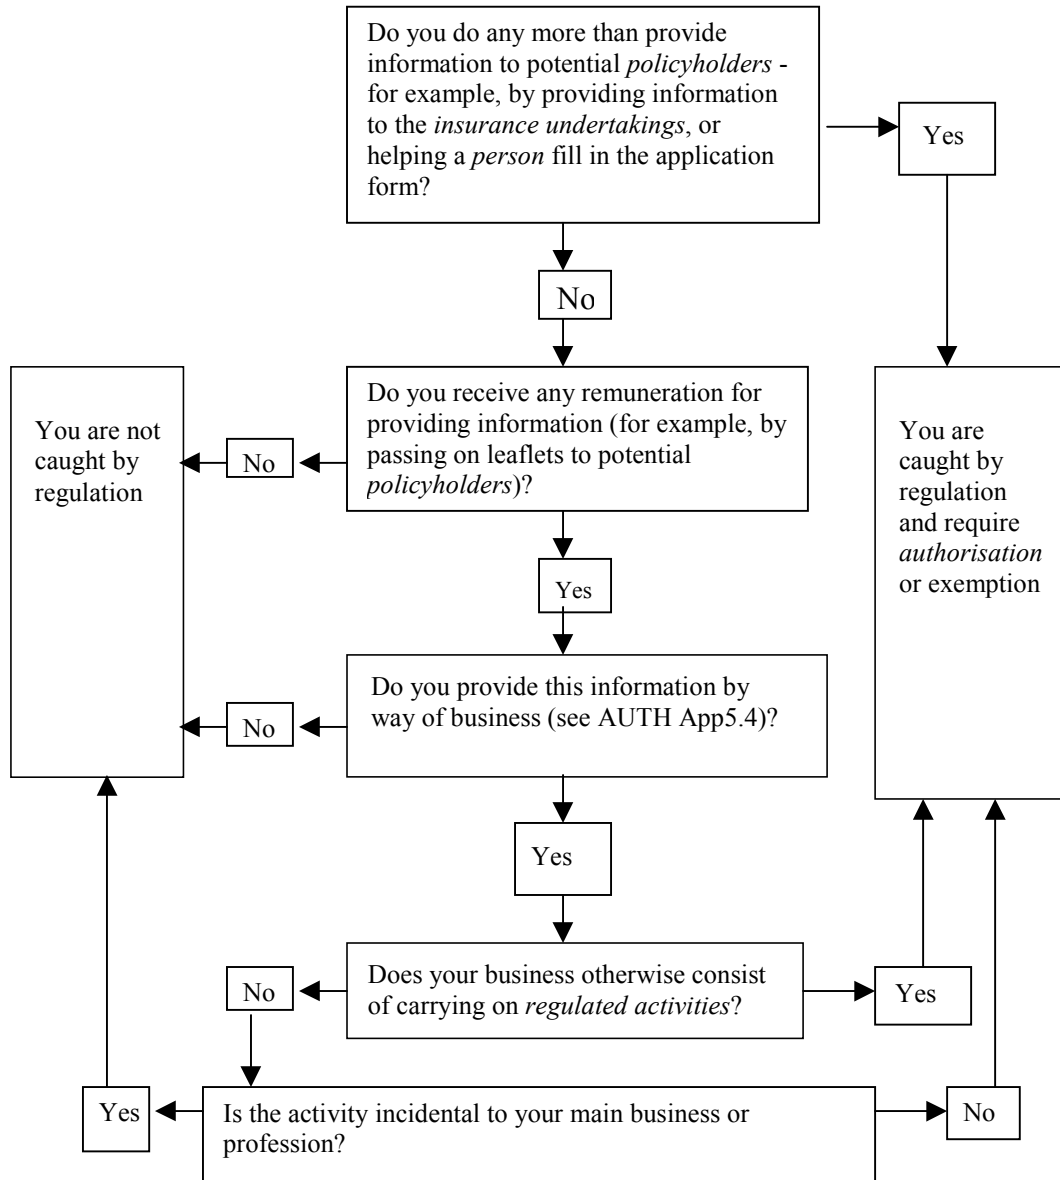

purposes of <i>selling</i> TEPs		<i>arranging</i> unless article 72C applies (see <i>AUTH</i> App 5.6.5G to <i>AUTH</i> App 5.6.9G). The exclusions in article 29 (Arranging deals with or through authorised persons) and 33 (Introducing) no longer apply to arranging <i>contracts of insurance</i> .
Market makers in TEPs	Yes, although the exclusion in article 28 may apply.	Unauthorised market makers can continue to make use of the exclusions in articles 15 (Absence of holding out etc.) and 16 (Dealing in contractually based investments), where appropriate. In order to avoid the need for <i>authorisation</i> in respect of <i>arranging</i> they may be able to rely upon article 28 (see <i>AUTH</i> App 5.6.12G).
ASSISTING POLICYHOLDER WITH MAKING A CLAIM		
Merely providing information to the insured to help him complete a claim form	No.	Of itself, this is likely to amount to assisting in the administration but not the performance of a <i>contract of insurance</i> . In the <i>FSA</i> 's view, the provision of information in these circumstances is more akin to facilitating performance of a <i>contract of insurance</i> rather than assisting in the performance (see <i>AUTH</i> App 5.7.3G to <i>AUTH</i> App 5.7.5G)
Completion of claim form on behalf of insured	Potentially.	This activity amounts to assisting in the administration of a <i>contract of insurance</i> . Whether this activity amounts to <i>assisting in the administration and performance of a contract of insurance</i> will depend upon whether a <i>person</i> 's assistance in filling in a claims form is material to whether performance of the contractual obligation to notify a claim takes place (see <i>AUTH</i> App 5.7.2G to <i>AUTH</i> App 5.7.3G).
Notification of claim to <i>insurance undertaking</i> and helping negotiate its settlement on the <i>policyholder</i> 's behalf	Yes.	This activity amounts to <i>assisting in the administration and performance of a contract of insurance</i> (see 5.7.4G).
ASSISTING INSURANCE UNDERTAKING WITH CLAIMS BY POLICYHOLDERS		

Negotiation of settlement of claims on behalf of an <i>insurance undertaking</i>	No.	Claims management on behalf of an <i>insurance undertaking</i> does not amount to <i>assisting in the administration and performance of a contract of insurance</i> by virtue of the exclusion in article 39B (see <i>AUTH App 5.7.7G</i> ).
Providing information to an <i>insurance undertaking</i> in connection with its investigation or assessment of a claim	No.	This activity does not amount to <i>assisting in the administration and performance of a contract of insurance</i> .
Loss adjusters and claims management services (for example, by administration outsourcing providers)	Potentially.	These activities may amount to <i>assisting in the administration and performance of a contract of insurance</i> . Article 39B excludes these activities, however, when undertaken on behalf of an <i>insurance undertaking</i> only (see <i>AUTH App 5.7.7G</i> ).
Providing an expert appraisal of a claim	No.	This activity does not amount to <i>assisting in the administration and performance of a contract of insurance</i> whether carried out on behalf of an <i>insurance undertaking</i> or otherwise.
Jeweller repairs customer's jewellery pursuant to a <i>policy</i> which permits the jeweller to carry out repairs	No.	This activity does not amount to <i>assisting in the administration and performance of a contract of insurance</i> . It amounts to managing claims on behalf of an <i>insurance undertaking</i> and so falls within the exclusion in article 39B (see <i>AUTH App 5.7.7G</i> ).

5.15.5G The flow chart in *AUTH App 5.15.6G* sets out the matters a *person* whose introducing activities potentially amount to *making arrangements with a view to transactions in investments* will need to consider to see if he can use the exclusion in article 72C (Provision of information on an incidental basis). It is referred to in *AUTH App 5.1.6G* (Purpose of guidance) and *AUTH App 5.6.9G* (Exclusion: article 72C (Provision of information on an incidental basis)).

5.15.6G Flow chart: Introducers.

- 5.15.7G The flow chart in *AUTH* App 5.16.8G sets out the questions a *person* needs to consider in determining whether or not his *regulated activities* are carried on 'in the *United Kingdom*'.
- 5.15.8G Flow chart: am I carrying on regulated activities in the United Kingdom?

5.16.1G *AUTH* App 5.16.2G sets out the text of article 2.3 of the *Insurance Mediation Directive*. It is referred to in *AUTH* App 5.2.5G and *AUTH* App 5.2.5G (Approach to implementation of the IMD), *AUTH* App 5.11.7G (Exclusions disapplied in connection with insurance mediation) and *AUTH* App 5.11.10G (Activities carried on in the course of a profession or non-investment business).

5.16.2G Text of article 2.3 of the Insurance Mediation Directive

“ ‘Insurance mediation’ means the activities of introducing, proposing or carrying out other work preparatory to the conclusion of contracts of insurance, or of concluding such contracts, or of assisting in the administration and performance of such contracts, in particular in the event of a claim.

These activities when undertaken by an insurance undertaking or an employee of an insurance undertaking who is acting under the responsibility of the insurance undertaking shall not be considered as insurance mediation.

The provision of information on an incidental basis in the context of another professional activity provided that the purpose of that activity is not to assist the customer in concluding or performing an insurance contract, the management of claims of an insurance undertaking on a professional basis, and loss adjusting and expert appraisal of claims shall also not be considered as insurance mediation.”

## Annex F

### Amendments to the Supervision manual

- 6.4.22 G In deciding whether to cancel a *firm's Part IV permission*, the *FSA* will take into account all relevant factors in relation to business carried on under that *permission*, including whether:
- (1) there are unresolved, unsatisfied or undischarged complaints against the *firm* from any of its *customers*;
  - (2) the *firm* has complied with *COB 9.3.133R* and *CASS 5.5.80R* (Client money: discharge of fiduciary duty) and *COB 9.3.138R* (Client money: allocated but unclaimed client money) if it has ceased to hold *client money*; these *COB rules* apply to both repayment and transfer to a third party;
  - (3) ...

...

SUP 6 Ann 4 G: Additional guidance for a firm winding down (running off) its business

- 2 Table Specific guidance for firms holding client money or customer assets

1. ...

2. A *firm* must comply with *COB 9.3.133R* and *CASS 5.5.80R* (Client money: discharge of fiduciary duty), and *COB 9.3.138R* (Client money: allocated but unclaimed client money) if it is ceasing to hold *client money*. A *firm* must also cease to hold or control *custody assets* in accordance with instructions received from *clients* (including instructions set out in an agreement entered into in accordance with *COB 9.1.49R* (Custody: client agreement)). These *COB rules* apply to both repayment and transfer to a third party.

...

- 10.1.15 G ...  
Appointed representatives

- 10.1.16 R The description of the following functions apply to an *appointed representative* of a *firm*, except an *introducer appointed representative*, as they apply to a *firm*:

- (1) the *governing functions*, subject to SUP 10.1.16A R;
- (2) the *customer functions* other than the *investment management function*.

- 10.1.16A R (1) SUP 10.1.16R (1) is modified in relation to an appointed representative meeting the conditions in (2) so that only one of the following governing functions:

(a) director function; or

(b) chief executive function; or

(b) partner function; or

(c) director of unincorporated association function;

applies, as appropriate, to an individual within that appointed representative who will be required to be an approved person.

(2) The conditions are that:

(a) the scope of appointment of the appointed representative includes insurance mediation activity in relation to non-investment insurance contracts but no other regulated activity, and

(b) the principal purpose of the appointed representative is to carry on activities other than regulated activities.

10.1.17 G (1) The effect of SUP 10.1.16R is that the directors (or their equivalent) and senior managers (or their equivalent) of an appointed representative must also be approved under section 59 of the Act for the performance of certain controlled functions.

(2) SUP 10.1.16R has a limited application to an appointed representative appointed by a firm to carry on insurance mediation activity or mortgage mediation activity. The description of the customer functions do not apply to such an appointed representative as these functions do not apply to a firm carrying on these regulated activities.

(3) The effect of SUP 10.1.16A R is that only one director (or equivalent) of an appointed representative to which that rule applies must be approved under section 59 of the Act for the performance of a governing function.

10.1.20 G ...

Oil market participants, service companies, and energy market participants, subsidiaries of local authorities or registered social landlords and insurance intermediaries

10.1.21 R The descriptions of significant influence functions, other than the required functions, do not extend to activities carried on by a firm whose principal purpose is to carry on activities other than regulated activities and which is:

(1) an oil market participant; or

(2) a service company; or

(3) an *energy market participant*; or

(4) a wholly owned *subsidiary* of:

(a) a local authority; or

(b) a registered social landlord; or

(5) a *firm with permission to carry on insurance mediation activity in relation to non-investment insurance contracts but no other regulated activity*.

11.1.2 R Table Applicable sections (see SUP 11.1.1R)

	Category of firm	Applicable sections
(1)	A <i>UK domestic firm</i> other than a <i>building society</i> , or a <i>non-directive friendly society</i> or a <i>UK insurance intermediary</i>	All except SUP 11.3, SUP 11.4.2A R and SUP 11.4.4R
(1A)	A <i>building society</i>	(a) ... (b) In any other case, all except SUP 11.3, SUP 11.4.2AR and SUP 11.4.4R
(2)	A <i>non-directive friendly society</i>	...
(2A)	A <i>UK insurance intermediary</i>	all except SUP 11.3, SUP 11.4.2R, SUP 11.4.3G and SUP 11.4.4R
(3)	An <i>overseas firm</i>	All except SUP 11.3, SUP 11.4.2R, SUP 11.4.2A R, SUP 11.4.3, SUP 11.4.9G ...

...

11.2.2 G ...

11.2.2A G Part XII of the Act does not place an obligation on a controller of an UK insurance intermediary to notify the FSA where it becomes or ceases to be a parent undertaking. Nevertheless, the rule in SUP 11.4.2A R(2) requires the UK insurance intermediary to notify the FSA of parent undertakings so that the FSA can monitor the firm's continuing satisfaction of the threshold conditions, which includes consideration of its controllers and parent undertakings (see COND).

...

11.3.1 G ...  
Requirement to notify a change in control

11.3.2 G Part XII of the *Act* requires a *person* (whether or not he is an *authorised person*) to notify the *FSA* in writing if he proposes to take a step which would result in his acquiring *control* or increasing or reducing his *control* over a *firm* in a way described in *SUP* 11.4.2R(1) to (4), or acquiring or reducing his *control* in a way described in *SUP* 11.4.2A R(1) and (2). Failure to notify is an offence under section 191(1) of the *Act* (Offences under this Part). An event described in *SUP* 11.4.2R(1) to (4) and *SUP* 11.4.2A R(1) to (3) is referred to in this chapter as a “change in *control*”.

...

Prior approval of acquiring or increasing control

11.3.4 G If a *person* proposes to acquire *control* or increase his *control* over a *firm* in a way described in *SUP* 11.4.2R(1) to (4) or acquire *control* in a way described in *SUP* 11.4.2A R(1), he must obtain the *FSA*’s approval before doing so. Failure to obtain approval is an offence under section 191(3) of the *Act* (Offences under this Part). The *FSA* has up to three *months* to consider whether to *approve* such a change in *control*. A *controller* or proposed *controller* should take this period into account when deciding when to give his notification.

...

Form of notification when acquiring or increasing control

11.3.7 D A notification (“notice of *control*”) given to the *FSA* by a *person* who is acquiring or increasing his *control* over a *firm*, in a way described in *SUP* 11.4.2R(1) to (4), or acquiring *control* in a way described in *SUP* 11.4.2A R(1), must :

(1) ...

...

Form of notification when reducing control

11.3.15 G A notification given to the *FSA* by a *person* who is reducing his *control* over a *firm*, in a way described in *SUP* 11.4.2R(1) to (4) or *SUP* 11.4.2A R(2), must, in accordance with section 190(4) of the *Act* (Notification):

(1) ...

- ...
- 11.4.1 G ...  
Requirement to notify a change in control
- 11.4.2 R *A UK domestic firm other than a UK insurance intermediary* must notify the *FSA* of any of the following events concerning the *firm*:
- (1) ...
- 11.4.2A R *A UK insurance intermediary* must notify the *FSA* of any of the following events concerning the *firm*:
- (1) a person acquiring control;
- (2) in relation to an existing controller:
- (a) the percentage of shares held in the *firm* decreasing from 20% or more to less than 20%; or
- (b) the percentage of shares held in a *parent undertaking* of the *firm* decreasing from 20% or more to less than 20%; or
- (c) the percentage of *voting power* which it is entitled to exercise, or control the exercise of, in the *firm* decreasing from 20% or more to less than 20%; or
- d) the percentage of *voting power* which it is entitled to exercise, or control the exercise of, in a *parent undertaking* of the *firm* decreasing from 20% or more to less than 20%;
- (3) an existing *controller* becoming or ceasing to be a *parent undertaking*.
- ...
- 11.4.5 G If there is uncertainty whether a particular relationship constitutes *control*, it may be appropriate for the *firm* or *controller* or proposed *controller* to ask the *FSA* for individual *guidance* (see *SUP* 9) and to obtain its own legal advice. For example, if the *control* is to be held through a trust, then certain trustees, beneficiaries and other parties may qualify as *controllers* for the purposes of the *Act* and this chapter. Furthermore, a *person* may qualify as a *controller* if he is able to exercise 10% (20% if the *firm* is an *UK insurance intermediary*) or more of the *voting power* at a *firm's* general meeting as a result of the ability to exercise proxy votes.
- ...
- Content and timing of notification
- 11.4.7 R The notification by a *firm* under *SUP* 11.4.2R, *SUP* 11.4.2A R or *SUP* 11.4.4R must:

(1) ...

- 11.4.8 G *Principle 11* requires *firms* to be open and cooperative with the *FSA*. A *firm* should discuss with the *FSA*, at the earliest opportunity, any prospective changes of which it is aware, in *controllers'* or proposed *controllers'* shareholdings or *voting power* (if the change is material). These discussions may take place before the formal notification requirement in *SUP 11.4.2R*, *SUP 11.4.2A R* or *SUP 11.4.4R* arises. (See also *SUP 11.3.2G*.) As a minimum, the *FSA* considers that such discussions should take place before a *person*:

(1) ...

- 11.4.9 G The obligation in *SUP 11.4.2R* and *SUP 11.4.2A R(1) and (2)* applies whether or not the *controller* himself has given or intends to give a notification, in accordance with his obligations under the *Act*.

...

11.6 Subsequent notification requirements by firms  
Changes in the information provided to the *FSA*

- 11.6.1 G *Firms* are reminded that *SUP 15.6.4R* requires them to notify the *FSA* if information notified under *SUP 11.4.2R*, *SUP 11.4.2A R* or *SUP 11.4.4R* was false, misleading, inaccurate, incomplete, or changes, in a material particular. This would include a *firm* becoming aware of information that it would have been required to provide under *SUP 11.5.1R* if it had been aware of it.

- 11.6.2 R After submitting a notification under *SUP 11.4.2R* or *SUP 11.4.2A R(1) and (2)* and until the change in *control* occurs (or is no longer to take place), *SUP 15.6.4R* and *SUP 15.6.5R* apply to a *UK domestic* in relation to any information its *controller* or proposed *controller* provided to the *FSA* under *SUP 11.5.1R* or *SUP 11.3.7D*.

...

Notification that the change in control has taken place

- 11.6.4 R A *firm* must notify the *FSA*:

(1) when a change in control which was previously notified under *SUP 11.4.2R*, *SUP 11.4.2A R* or *SUP 11.4.4R* has taken place; or

(2) ...

...

- 11.8.1 R A *firm* must notify the *FSA* immediately it becomes aware of any of the following matters in respect of one or more of its *controllers*:

(1) ...

(4) if a *controller*, who is authorised in another *EEA State* as an *ISD*

*investment firm or BCD credit institution or under the Insurance Directives or the Insurance Mediation Directive, ceases to be authorised (registered in the case of an IMD insurance intermediary).*

...

13.3.1

G ...

The conditions for establishing a branch

13.3.2

G *A UK firm cannot establish a branch in another EEA State for the first time under an EEA right unless the conditions in paragraphs 19(2), (4) and (5) of Part III of Schedule 3 to the Act are satisfied. It is an offence for a UK firm which is not an authorised person to contravene this prohibition (paragraph 21 of Part III of Schedule 3 to the Act). These conditions are that:*

(1) ...

...

(3) (a) if the UK firm's EEA right derives from the Insurance Mediation Directive one month has elapsed beginning on the date on which the UK firm received notice that the FSA had given a consent notice as described in SUP 13.3.6 G(1) (see SUP 13.3.2A G);

(b) in any other case:

(a) (i) the Host State regulator has notified the UK firm (or, where the UK firm is passporting under the Insurance Directives, the FSA) of the applicable provisions; or

(b) (ii) two months have elapsed beginning with the date on which the FSA gave the consent notice.

13.3.2A

G If the UK firm is passporting under the Insurance Mediation Directive and the EEA State in which the UK firm is seeking to establish a branch has not notified the European Commission of its wish to be informed of the intention of persons to establish a branch in its territory in accordance with article 6(2) of that directive, SUP 13.3.2G (2) and (3) do not apply. Accordingly, the UK firm may establish the branch to which its notice of intention relates as soon as the conditions referred to in SUP 13.3.2G (1) are satisfied.

13.3.2B

G An appointed representative appointed by a firm to carry on insurance mediation activity on its behalf may establish a branch in another EEA State under the Insurance Mediation Directive. In this case, the notice of intention in SUP 13.3.2G(1) should be given to the FSA by the firm.

13.3.2C

G An exempt professional firm which is included in the record of unauthorised persons carrying on insurance mediation activity maintained by the FSA under article 93 of the Regulated Activities Order may establish a branch in another

EEA State under the Insurance Mediation Directive (see PROF 7.2).

...

How long will the process take?

- 13.3.4 G On receipt of a UK firm's notice of intention (prepared in accordance with SUP 13.3.2G (1) and SUP 13.5.1R) then:
- (1) where the UK firm is passporting under the Insurance Mediation Directive:
- (a) if the UK firm seeking to passport in an EEA State which wishes to be informed of the intention of persons establishing a branch in its territory (see SUP 13.3.2A G), the FSA has one month to notify the relevant Host State regulator;
- (b) otherwise, the UK firm may establish a branch as soon as it satisfies the conditions referred to in SUP 13.3.2G(1);
- (2) in any other case, the FSA has three months from receiving a UK firm's notice of intention to consider it and, if satisfied with the proposal, notify the relevant Host State regulator. The Host State regulator then has a further two months to notify the applicable provisions (if any) and prepare for the supervision, as appropriate, of the UK firm.

- 13.3.4A G The list of the EEA States that have notified the European Commission of their wish to be informed in accordance with article 6(2) of the Insurance Mediation Directive is published on the FSA's website at [www.fsa.gov.uk](http://www.fsa.gov.uk).

Issue of a consent notice to the Host State regulator

- 13.3.5 G (1) If a UK firm has given the FSA a notice of intention in the required form, then:
- (a) ...
- (c) if the UK firm's EEA right derives from the Insurance Mediation Directive and SUP 13.3.2G (2) applies, the FSA will give the Host State regulator a consent notice within one month of the date on which it received the UK firm's notice of intention.

(2) ...

...

- 13.4.1 G ...

The conditions for providing cross border services into another EEA State

- 13.4.2 G A UK firm cannot start providing cross border services into another EEA State under an EEA right unless it satisfies the conditions in paragraphs 20(1) of Part III of Schedule 3 to the Act and, if it derives its EEA right from the Insurance Directives, paragraph 20(4B) of Part III of Schedule 3 to the Act.

It is an offence for a *UK firm* which is not an *authorised person* to breach this prohibition (paragraph 21 of Part III of Schedule 3 to the *Act*). The conditions are that:

- (1) ...
- (2) if the *UK firm* is passporting under the *Insurance Directives*, the *firm* has received written notice from the *FSA* as described in SUP 13.4.6 G –;  
or
- (3) if the *UK firm* is passporting under the *Insurance Mediation Directive* and the *EEA State* in which the *UK firm* is seeking to provide services has notified the European Commission of its wish to be informed of the intention of persons to provide cross border services in its territory in accordance with article 6(2) of that directive, one month has elapsed beginning with the date on which the *UK firm* received written notice from the *FSA* as described in SUP 13.4.5 G (paragraph 20 (3B)(c) of Schedule 3 to the *Act*).

13.4.2A      G      An appointed representative appointed by a firm to carry on insurance mediation activity on its behalf may provide cross border services in another EEA State under the Insurance Mediation Directive. In this case, the notice of intention in SUP 13.4.2G(1) should be given to the FSA by the firm.

13.4.2B      G      An exempt professional firm which is included in the record of unauthorised persons carrying on insurance mediation activity maintained by the FSA under article 93 of the Regulated Activities Order may provide cross border services in another EEA State under the Insurance Mediation Directive (see PROF 7.2).

How long will the process take?

13.4.3      G      On receipt of a *UK firm's* notice of intention (prepared in accordance with SUP 13.4.2(1) and SUP 13.5.2R) then:

- (1) ...
- ...
- (3) if the *EEA right* is derived from the *Insurance Directives*, the *FSA* has one month to consider it and, if satisfied with the proposal, notify the relevant *Host State regulator*–;
- (4) if the *EEA right* is derived from the *Insurance Mediation Directive*:
  - (a) where the *EEA State* in which the *UK firm* is seeking to provide services has notified the European Commission of its wish to be informed of the intention of persons to provide cross border services in its territory in accordance with article 6(2) of that directive, the *FSA* has one month to notify the relevant *Host State regulator*;
  - (b) otherwise, the *UK firm* may start providing *cross border services* as

soon as it satisfies the relevant conditions (see SUP 13.4.2G).

13.4.3A G The list of the *EEA States* that have notified the European Commission of their wish to be informed in accordance with article 6(2) of the *Insurance Mediation Directive* is published on the *FSA's* website at [www.fsa.gov.uk](http://www.fsa.gov.uk).

13.4.4 G If a *UK firm* has given the *FSA* a notice of intention in the required form, then:

(1) ...

(2) (a) ...

(b) The issue or refusal of a *consent notice* under paragraph 20(3A) of Part III of Schedule 3 to the *Act* is the consequence of a regulatory decision, and this *consent notice* (unlike the *consent notice* for establishment of a *branch*) is not a *statutory notice* as set out in section 395 of the *Act*. As such, the *FSA* will follow the decision making procedures set out in *DEC 1* (Application, Purpose and Introduction). A *UK firm* that receives notice that the *FSA* refuses to give a *consent notice* may refer the matter to the *Tribunal* under paragraph 20(4A) of Part III of Schedule 3 to the *Act*. For procedures relating to references to the *Tribunal* see *DEC 5* (References to the *Tribunal*, publication and service of notices) or

(3) if the *UK firm's EEA right* derives from the *Insurance Mediation Directive*, and the *EEA State* in which the *UK firm* is seeking to provide services has notified the European Commission of its wish to be informed of the intention of *persons* to provide *cross border services* in its territory in accordance with article 6(2) of that directive, paragraph 20(3B)(a) of Part III of Schedule 3 to the *Act* requires the *FSA* to send a copy of the notice of intention to the *Host State regulator* within one month of receipt.

13.4.5 G When the *FSA* sends a copy of a notice of intention, or if it gives a *consent notice* to the *Host State regulator*, it must inform the *UK firm* in writing that it has done so (paragraphs 20 (3B)(b) and (4) of Schedule 3 to the *Act*).

...

## 13.5 Notices of intention

Specified contents: notice of intention to establish a branch

13.5.1 R A *UK firm* wishing to establish a *branch* in a particular *EEA State* for the first time under an *EEA right* must include in its notice of intention given to the *FSA*:

(1) (a) ~~the~~ information specified in *SUP 13 Ann 1R*; and

(b) if the *UK firm* is passporting under the *Insurance Directives*, the information specified in *SUP 13 Ann 2R*; or

- (2) if the *UK firm* is passporting under the *Insurance Mediation Directive*, only a statement that it intends to carry on *insurance mediation* in that State by establishing a *branch*.

Specified contents: notice of intention to provide cross border services

13.5.2 R A *UK firm* wishing to provide *cross border services* into a particular *EEA State* for the first time under an *EEA right* must include, in its notice of intention given to the *FSA*:

(1) ...

- (3) if the *UK firm* is passporting under the *Insurance Mediation Directive*, only a statement that it intends to carry on *insurance mediation* in that State by provision of *cross border services*.

...

13.6.1 G Where a *UK firm* is exercising an *EEA right*, other than under the *Insurance Mediation Directive* (see *SUP 13.6.9A G*), and has established a *branch* in another *EEA State*, any changes to the details of the *branch* are governed by the *EEA Passport Rights Regulations*. References to regulations in this section are to the *EEA Passport Rights Regulations*. A *UK firm* which is not an *authorised person* should note that, under regulation 18, contravention of the prohibition imposed by regulation 11(1), 13(1) or 15(1) is an offence. It is a defence, however, for the *UK firm* to show that it took all reasonable precautions and exercised due diligence to avoid committing the offence.

...

13.6.9 G ...  
Firms passporting under the *Insurance Mediation Directive*

13.6.9A G A *UK firm* exercising its *EEA right* under the *Insurance Mediation Directive* to establish a *branch* in another *EEA State* is not required to supply *requisite details* or relevant details. Therefore there are no *requisite details* or relevant details for changes to a *branch* established in another *EEA State* under the *Insurance Mediation Directive*.

...

13.7.1 G Where a *UK firm* is exercising an *EEA right* under the *Investment Services Directive* or *Insurance Directives* ~~other than under the *Banking Consolidation Directive*~~, and is providing *cross border services* into another *EEA State*, any changes to the details of the services are governed by the *EEA Passport Rights Regulations*. References to regulations in this

section are to the *EEA Passport Rights Regulations*. A *UK firm* which is not an *authorised person* should note that contravention of the prohibition imposed by regulation 12(1) or 16(1) is an offence. It is a defence, however, for the *UK firm* to show that it took all reasonable precautions and exercised due diligence to avoid committing the offence.

...

13.7.10 G ...  
Firms passporting under the Banking Consolidation Directive and Insurance Mediation Directive

13.7.11 G A *UK firm* providing *cross border services* under the *Banking Consolidation Directive* or Insurance Mediation Directive is not required to supply *requisite details* or relevant details. Therefore there are no *requisite details* or relevant details for changes to *cross border services* provided under the *Banking Consolidation Directive* or Insurance Mediation Directive.

...

14.2.1 G Where an *incoming EEA firm* is exercising an *EEA right*, other than under the Insurance Mediation Directive, and has established a *branch* in the *United Kingdom*, the *EEA Passport Rights Regulations* govern any changes to the details of that *branch*. Where an *incoming EEA firm* has complied with the relevant requirements in the *EEA Passport Rights Regulations*, then the *firm's permission* given under Schedule 3 to the *Act* is to be treated as varied accordingly. All references to regulations in *SUP 14* are to the *EEA Passport Rights Regulations*.

## Annex G

### Amendments to the Glossary

#### Part I: New definitions

Insert the following new definitions in the appropriate alphabetical position:

<i>administering a regulated mortgage contract</i>	the <i>regulated activity</i> , specified in article 61(2) of the <i>Regulated Activities Order</i> , which is in summary: administering a <i>regulated mortgage contract</i> where the contract was entered into after 31 October 2004.
<i>advising on regulated mortgage contracts</i>	the <i>regulated activity</i> , specified in article 53A of the <i>Regulated Activities Order</i> , which is in summary: advising a <i>person</i> if the advice: <ul style="list-style-type: none"><li>(a) is given to the <i>person</i> in his capacity as a borrower or potential borrower; and</li><li>(b) is advice on the merits of his:<ul style="list-style-type: none"><li>(i) entering into a particular <i>regulated mortgage contract</i>; or</li><li>(ii) varying the terms of a <i>regulated mortgage contract</i> entered into by him after 31 October 2004 in such a way as to vary his obligations under that contract.</li></ul></li></ul>
<i>arranging (bringing about) regulated mortgage contracts</i>	the <i>regulated activity</i> , specified in article 25A(1) of the <i>Regulated Activities Order</i> , which is in summary: making arrangements for another <i>person</i> to: <ul style="list-style-type: none"><li>(a) enter into a <i>regulated mortgage contract</i> as borrower; or</li><li>(b) vary the terms of a <i>regulated mortgage contract</i> entered into by him as borrower after 31 October 2004.</li></ul> (see also <i>arranging</i> (in relation to <i>regulated mortgage contracts</i> ) and <i>making arrangements with a view to regulated mortgage contracts</i> .)
<i>assisting in the administration and performance of a contract of insurance</i>	the <i>regulated activity</i> , specified in article 39A of the <i>Regulated Activities Order</i> (Assisting in the administration and performance of a contract of insurance) of assisting in the administration and performance of a contract of insurance.
<i>Business Order</i>	the Financial Services and Markets Act 2000 (Carrying on Regulated Activities by Way of Business Order) 2001 (SI 2001/1177).

[CASS	the Client Assets sourcebook.] <sup>1</sup>
<i>client money (insurance) distribution rules</i>	the <i>rules</i> in CASS 5.6 (Client money distribution).
<i>commercial customer contracts of large risks</i>	(in <i>ICOB</i> and CASS 5) a <i>customer</i> who is not a <i>retail customer</i> . (in <i>ICOB</i> ) <i>contracts of insurance</i> covering risks within the following categories, in accordance with article 5(d) of the <i>First Non-Life Directive</i> :
	(a) <i>railway rolling stock, aircraft, ships</i> (sea, lake, river and canal vessels), <i>goods in transit, aircraft liability and liability of ships</i> (sea, lake, river and canal vessels);
	(b) <u><i>credit and suretyship, where the policyholder is engaged professionally in an industrial or commercial activity or in one of the liberal professions, and the risks relate to such activity;</i></u>
	(c) <u><i>land vehicles (other than railway rolling stock), fire and natural forces, other damage to property, motor vehicle liability, general liability, and miscellaneous financial loss, in so far as the policyholder exceeds the limits of at least two of the following three criteria:</i></u>
	(i) balance sheet total: € 6.2 million;
	(ii) net turnover: €12.8 million;
	(iii) average number of <i>employees</i> during the financial year: 250.
<i>Distance Marketing Directive</i>	the Directive of the Council and Parliament of 23 September 2002 on distance marketing of consumer financial services (No 2002/65/EC).
<i>entering into a regulated mortgage contract</i>	the <i>regulated activity</i> , specified in article 62(1) of the <i>Regulated Activities Order</i> , which is in summary: entering into a <i>regulated mortgage contract</i> as lender.
<i>ICOB</i>	the Insurance: Conduct of Business sourcebook.
<i>IMD</i>	<i>Insurance Mediation Directive</i> .
<i>IMD insurance intermediary</i>	(as defined in article 2(5) of the <i>IMD</i> ) any natural or legal person who, for remuneration, takes up or pursues <i>insurance mediation</i> .
<i>IMD insurance undertaking</i>	(as defined in article 2(1) of the <i>IMD</i> ) an undertaking which has received official authorisation in accordance with article 6

---

<sup>1</sup> The definition of ‘Client Assets sourcebook’ (CASS) was made in December 2003 in the Client Assets Sourcebook Instrument 2003 and came into force on 1 January 2004.

	of the <i>Consolidated Life Directive</i> or article 6 of the <i>First Non-Life Directive</i> .
<i>IMD reinsurance intermediary</i>	(as defined in article 2(6) of the <i>IMD</i> ) any natural or legal person who, for remuneration, takes up or pursues <i>reinsurance mediation</i> .
<i>IMD reinsurance undertaking</i>	(as defined in article 2(2) of the <i>IMD</i> ) an undertaking, other than an <i>IMD insurance undertaking</i> or a non-member-country <i>insurance undertaking</i> , the main business of which consists in accepting risks ceded by an <i>IMD insurance undertaking</i> , a non-member country <i>insurance undertaking</i> or other <i>IMD reinsurance undertaking</i> .
<i>insurance intermediary</i>	a <i>firm</i> carrying on <i>insurance mediation activity</i> .
<i>Insurance Intermediaries Order</i>	the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No. 2) (Insurance Intermediaries) Order 2003 (SI 2003/1476).
<i>insurance mediation</i>	<p>(as defined in article 2(3) of the <i>IMD</i>) the activities of introducing, proposing or carrying out other work preparatory to the conclusion of contracts of insurance, or of concluding such contracts, or of assisting in the administration and performance of such contracts, in particular in the event of a claim.</p> <p>These activities when undertaken by an <i>IMD insurance undertaking</i> or an employee of an <i>IMD insurance undertaking</i> who is acting under the responsibility of the <i>IMD insurance undertaking</i> shall not be considered as <i>insurance mediation</i>.</p> <p>The provision of information on an incidental basis in the context of another professional activity provided that the purpose of that activity is not to assist the customer in concluding or performing an insurance contract, the management of claims of an <i>IMD insurance undertaking</i> on a professional basis, and loss adjusting and expert appraisal of claims shall also not be considered as <i>insurance mediation</i>.</p>
<i>[insurance mediation activity]</i>	<p>any of the following <i>regulated activities</i> carried on in relation to a <i>contract of insurance</i> or <i>rights to or interests in a life policy</i>:</p> <ul style="list-style-type: none"> <li>(a) <i>dealing in investments as agent</i> (article 21);</li> <li>(b) <i>arranging (bringing about) deals in investments</i> (article 25(1));</li> <li>(c) <i>making arrangements with a view to transactions in investments</i> (article 25(2));</li> <li>(d) <i>assisting in the administration and performance of a contract of insurance</i> (article 39A);</li> <li>(e) <i>advising on investments</i> (article 53);</li> <li>(f) <i>agreeing to carry on a regulated activity</i> in (a) to (e)</li> </ul>

(article 64).]<sup>2</sup>

<i>Insurance Mediation Directive</i>	the European Parliament and Council Directive of 9 December 2002 on insurance mediation (No 2002/92/EC).
<i>limit of indemnity</i>	(in PRU 9.2 (Professional indemnity insurance requirements for insurance and mortgage mediation activities)) the sum available to indemnify a <i>firm</i> in respect of each claim made under its professional indemnity insurance.
<i>long-term care insurance contract</i>	(as defined in article 1 of the <i>Insurance Intermediaries Order</i> ) a <i>contract of insurance</i> in respect of which the following conditions are met:  (a) the purpose (or one of the purposes) of the <i>policy</i> is to protect the <i>policyholder</i> against the risk of becoming unable to live independently without assistance in consequence of a deterioration of mental or physical health, injury, sickness or other infirmity;  (b) benefits under the contract are payable in respect of:  (i) services,  (ii) accommodation, or  (iii) goods,  which are (or which is) necessary or desirable due to a deterioration of mental or physical health, injury, sickness or other infirmity;  (c) the contract is expressed to be in effect until the death of the <i>policyholder</i> (except that the contract may give the <i>policyholder</i> the option to surrender the <i>policy</i> ); and  (d) the benefits under the contract are capable of being paid throughout the life of the <i>policyholder</i> .
<i>making arrangements with a view to regulated mortgage contracts</i>	the <i>regulated activity</i> , specified in article 25A(2) of the <i>Regulated Activities Order</i> , which is in summary: making arrangements with a view to a <i>person</i> who participates in the arrangements entering into a <i>regulated mortgage contract</i> as borrower.  (see also <i>arranging</i> (in relation to <i>regulated mortgage contracts</i> ) and <i>arranging (bringing about) regulated mortgage contracts</i> .)
<i>MCOB</i>	the Mortgages: Conduct of Business sourcebook.

---

<sup>2</sup> The definition of ‘insurance mediation activity’ was made in September 2003 in the Mortgage Firms and Insurance Intermediaries (Application Fees) (No 1) Instrument 2003 and came into force on 1 November 2003.

<i>mortgage administrator</i>	a firm with <i>permission</i> (or which ought to have <i>permission</i> ) for <i>administering a regulated mortgage contract</i> .
<i>mortgage adviser</i>	a firm with <i>permission</i> (or which ought to have <i>permission</i> ) for <i>advising on regulated mortgage contracts</i> .
<i>mortgage arranger</i>	a firm with <i>permission</i> (or which ought to have <i>permission</i> ) for <i>arranging</i> (see also <i>arranging (bringing about) regulated mortgage contracts and making arrangements with a view to regulated mortgage contracts</i> ).
<i>mortgage intermediary</i>	a firm with <i>permission</i> (or which ought to have <i>permission</i> ) to carry on <i>mortgage mediation activity</i> .
<i>mortgage lender</i>	a firm with <i>permission</i> (or which ought to have <i>permission</i> ) for <i>entering into a regulated mortgage contract</i> .
[ <i>mortgage mediation activity</i> ]	(as defined in article 26 of the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment)(No. 1) Order 2003 (SI 2003/1475)) any of the following <i>regulated activities</i> : <ul style="list-style-type: none"> <li>(a) <i>arranging (bringing about) regulated mortgage contracts</i> (article 25A(1));</li> <li>(b) <i>making arrangements with a view to regulated mortgage contracts</i> (article 25A(2));</li> <li>(c) <i>advising on regulated mortgage contracts</i> (article 53A);</li> <li>(d) <i>agreeing to carry on a regulated activity in (a) to (c)</i> (article 64).]<sup>3</sup></li> </ul>
<i>non-investment insurance contract</i>	a <i>contract of insurance</i> which is a <i>general insurance contract</i> or a <i>pure protection contract</i> but which is not a <i>long-term care insurance contract</i> .
<i>protected non-investment insurance mediation</i>	<i>insurance mediation activities</i> which are covered by the <i>compensation scheme</i> , as defined in COMP 5.6.1R.
<i>regulated mortgage activity</i>	any of the following activities specified in Part II of the <i>Regulated Activities Order</i> (Specified Activities): <ul style="list-style-type: none"> <li>(a) <i>arranging (bringing about) regulated mortgage contracts</i> (article 25A(1));</li> <li>(b) <i>making arrangements with a view to regulated mortgage contracts</i> (article 25A(2));</li> <li>(c) <i>advising on regulated mortgage contracts</i> (article 53A);</li> <li>(d) <i>entering into a regulated mortgage contract</i> (article 61(1));</li> <li>(e) <i>administering a regulated mortgage contract</i> (article</li> </ul>

---

<sup>3</sup> The definition of ‘mortgage mediation activity’ was made in September 2003 in the Mortgage Firms and Insurance Intermediaries (Application Fees) (No 1) Instrument 2003 and came into force on 1 November 2003.

	61(2));
	(f) <i>agreeing to carry on a regulated activity</i> in (a) to (e) (article 64).
<i>regulated mortgage contract</i>	(a) (in relation to a contract) (in accordance with article 61(3) of the <i>Regulated Activities Order</i> ) a contract which, at the time it is entered into, meets the following conditions: <ul style="list-style-type: none"> <li>(i) a lender provides credit to an individual or to trustees (the ‘borrower’); and</li> <li>(ii) the obligation of the borrower to repay is secured by a first legal mortgage on land (other than timeshare accommodation) in the <i>United Kingdom</i>, at least 40% of which is used, or is intended to be used, as or in connection with a dwelling by the borrower or (in the case of credit provided to trustees) by an individual who is a beneficiary of the trust, or by a <i>person</i> who is in relation to the borrower or (in the case of credit provided to trustees) a beneficiary of the trust: <ul style="list-style-type: none"> <li>(A) that <i>person</i>’s spouse; or</li> <li>(B) a <i>person</i> (whether or not of the opposite sex) whose relationship with that <i>person</i> has the characteristics of the relationship between husband and wife; or</li> <li>(C) that <i>person</i>’s parent, brother, sister, child, grandparent or grandchild.</li> </ul> </li> </ul>
	(b) (in relation to a <i>specified investment</i> ) the <i>investment</i> , specified in article 88 of the <i>Regulated Activities Order</i> , which is rights under a <i>regulated mortgage contract</i> within (a).
<i>reinsurance contract</i>	(in <i>ICOB</i> , <i>CASS 5</i> and <i>COMP</i> ) a <i>contract of insurance</i> covering all or part of a risk to which a <i>person</i> is exposed under a <i>contract of insurance</i> .
<i>reinsurance mediation</i>	(as defined in article 2.4 of the <i>IMD</i> ) the activities of introducing, proposing or carrying out other work preparatory to the conclusion of contracts of reinsurance, or of concluding such contracts, or of assisting in the administration and performance of such contracts, in particular in the event of a claim.  These activities when undertaken by a <i>IMD reinsurance undertaking</i> or an employee of a <i>IMD reinsurance undertaking</i> who is acting under the responsibility of the <i>IMD reinsurance undertaking</i> shall not be considered as <i>reinsurance mediation</i> .  The provision of information on an incidental basis in the

	context of another professional activity provided that the purpose of that activity is not to assist the customer in concluding or performing a reinsurance contract, the management of claims of a <i>IMD reinsurance undertaking</i> on a professional basis, and loss adjusting and expert appraisal of claims shall also not be considered as <i>reinsurance mediation</i> .
<i>relevant investment</i>	(in accordance with article 3(1) of the <i>Regulated Activities Order</i> (Interpretation)): <ul style="list-style-type: none"> <li>(a) a <i>contractually based investment</i>;</li> <li>(b) a <i>pure protection contract</i>;</li> <li>(c) a <i>general insurance contract</i>;</li> <li>(d) rights to or interests in an <i>investment</i> falling within (a).</li> </ul>
<i>renewal</i>	carrying forward a contract, at the point of expiry and as a successive or separate operation of the same nature as the preceding contract, between the same contractual parties.
<i>retail customer</i>	(in accordance with the meaning of ‘consumer’ in article 2(d) of the <i>Distance Marketing Directive</i> an individual who is acting for purposes which are outside his trade, business or profession.
<i>social housing firm</i>	(in <i>PRU 9.3</i> (Capital resources for insurance and mortgage mediation activity and mortgage lending and administration)) a wholly-owned <i>subsidiary</i> of: <ul style="list-style-type: none"> <li>(a) a local authority; or</li> <li>(b) a registered social landlord;</li> </ul> which carries on non-profit <i>regulated activities</i> in connection with housing.
<i>UK insurance intermediary</i>	a <i>UK domestic firm</i> which has <i>Part IV permission</i> to carry on <i>insurance mediation activity</i> but no other <i>regulated activity</i> .

the *regulated activity*, specified in article 21 of the *Regulated Activities Order* (Dealing in investments as agent), which is in summary: *buying, selling, subscribing for or underwriting designated investments, pure protection contracts or general insurance contracts* as agent.

*designated investment business*

any of the following activities, specified in Part II of the *Regulated Activities Order* (Specified Activities), which is carried on by way of business:...

- (b) *dealing in investments as agent* (article 21), but only in relation to *designated investments*;

...

*director*

- (1) (except in *CIS*) (in relation to any of the following (whether constituted in the *United Kingdom* or under the law of a country or territory outside it)):
  - (a) an unincorporated association;
  - (b) a *body corporate*;
  - (c) (in *SYSC*, *PRU 9.1 (Responsibility for insurance mediation activity)* and *SUP 10 (Approved persons)*) a *partnership*;
  - (d) (in *SYSC* and *SUP 10 (Approved persons)*) a *sole trader*;

...

*EEA authorisation*

(in accordance with paragraph 6 of Schedule 3 to the *Act* (EEA Passport Rights))

- (a) in relation to an *IMD insurance intermediary* or an *IMD*

reinsurance intermediary, registration with its Home State regulator under article 3 of the Insurance Mediation Directive;

(b) in relation to any other EEA firm, authorisation granted to an EEA firm by its Home State regulator for the purpose of the relevant Single Market Directive.

EEA firm

(in accordance with paragraph 5 of Schedule 3 to the Act (EEA Passport Rights)) any of the following, if it does not have its ~~head-office~~ relevant office in the United Kingdom:

- (a) an investment firm (as defined in article 1(2) of the *Investment Services Directive*) which is authorised (within the meaning of article 3) by its Home State regulator;
- (b) a credit institution (as defined in article 1 of the *Banking Consolidation Directive*) which is authorised (within the meaning of article 4) by its Home State regulator;
- (c) a financial institution (as defined in article 1 of the *Banking Consolidation Directive*) which is a subsidiary of the kind mentioned in article 19 and which fulfils the conditions in articles 18 and 19;
- (d) an undertaking pursuing the activity of direct insurance (within the meaning of article 1 of the *First Life Directive* or of the *First Non-Life Directive*) which has received authorisation under article 6 from its Home State regulator;
- (e) an IMD insurance intermediary or an IMD reinsurance intermediary (as defined in article 2 of the IMD) which has registered under article 3 of that directive with its Home State regulator;
- (f) a management company (as defined in article 1a of the *UCITS Directive*) which has been authorised under article 5 of that directive by its Home State regulator.

in this definition, relevant office means:

(i) in relation to a firm falling within sub-paragraph (e), which has a registered office, its registered office;

(ii) in relation to any other firm falling within any other paragraph, its head office.

EEA right

(in accordance with paragraph 7 of Schedule 3 to the Act (EEA Passport Rights)) the entitlement of a person to establish a branch or provide services in an EEA State other than that in which he has his ~~head-office~~ relevant office:

- (a) in accordance with the Treaty as applied in the European Economic Area; and

(b) subject to the conditions of the relevant *Single Market Directive*.

in this definition, relevant office means:

(i) in relation to a *person* who has a registered office and whose entitlement is subject to the conditions of the *Insurance Mediation Directive*, his registered office; and

(ii) in relation to any other *person*, his head office.

*energy market participant*

a *firm*:

(a) whose *permission*:

(i) includes a *requirement* that the *firm* must not carry on any *designated investment business* other than *energy market activity*;

(ii) does not include a *requirement* that it comply with *IPRU(INV) 5* (Investment management firms) or 13 (Personal investment firms); and

(b) which is not an *authorised professional firm, bank, building society, credit union, friendly society, ICVC, insurer, ISD investment firm, media firm, oil market participant, service company, insurance intermediary, mortgage administrator, mortgage intermediary, mortgage lender, incoming EEA firm* (without a *top-up permission*), or *incoming Treaty firm* (without a *top-up permission*).

*establishment conditions*

(in relation to the establishment of a *branch* in the *United Kingdom*) the conditions specified in paragraph 13 of Schedule 3 to the *Act* (EEA Passport Rights), which are that:

(a) if the *firm* falls within paragraph (a), (b), (c), ~~(d)~~ or (f) in the definition of "*EEA firm*":

(i) ...

(b) if the *firm* falls within paragraph (e) in the definition of "*EEA firm*":

(i) the *EEA firm* has given its *Home State regulator* notice of its intention to establish a *branch* in the *United Kingdom*;

(ii) the *FSA* has received notice ("a regulator's notice") from the *firm's Home State regulator* that the *firm* intends to establish a *branch* in the *United Kingdom*;

(iii) the *EEA firm's Home State regulator* has informed it that the regulator's notice has been sent to the *FSA*; and

(iv) one *month* has elapsed beginning with the date on which the *EEA firm's Home State regulator* informed the *firm* that it had sent the regulator's notice to the *FSA*.

Home State

(1)

...

(5) (in relation to an *IMD insurance intermediary* or an *IMD reinsurance intermediary*):

(a) where the *insurance intermediary* is a natural person, the Member State in which his residence is situated and in which he carries on business;

(b) where the *insurance intermediary* is a legal person, the Member State in which its registered office is situated or, if under its national law it has no registered office, the Member State in which its head office is situated.

~~(5)~~ (6) (in relation to a market) ...

~~(6)~~ (7) (in relation to a *Treaty firm*) ...

*making arrangements with a view to transactions in investments*

the *regulated activity*, specified in article 25(2) of the *Regulated Activities Order* (Arranging deals in investments), which is in summary: making arrangements with a view to a *person* who participates in the arrangements *buying, selling, subscribing for or underwriting* any of the following *investments* (whether as *principal* or as agent):

(a) a *designated investment*; or

(b) a *funeral plan contract*; or

(c) the *underwriting capacity of a Lloyd's syndicate*; or

(d) *membership of a Lloyd's syndicate*; or

(e) *rights to or interests in investments* in (b), (c) or (d); or

(f) a *pure protection contract*; or

(g) a *general insurance contract*.

*oil market participant*

a *firm*:

(a) whose permission:

(i) includes a *requirement* that the firm must not carry on any *designated investment business* other than *oil market activity*; and

(ii) does not include a *requirement* that it comply with *IPRU(INV) 5* (Investment management firms) or 13 (Personal investment firms); and

(b) which is not an *authorised professional firm, bank, building society, credit union, friendly society, ICVC, insurer, ISD investment firm, media firm, service company, insurance intermediary, mortgage administrator, mortgage intermediary, mortgage lender, incoming EEA firm* (without a *top-up permission*), or *incoming Treaty firm* (without a *top-up*

*permission).*

*overseas person*

(in accordance with article 3(1) of the *Regulated Activities Order (Interpretation)*) a *person* who:

(a) carries on any of the following *regulated activities*:

- (i) *dealing in investments as principal*;
- (ii) *dealing in investments as agent*;
- (iii) *arranging (bringing about) deals in investments*;
- (iv) *arranging (bringing about) regulated mortgage contracts*;
- (v) *making arrangements with a view to regulated mortgage contracts*;
- (~~ix~~) *making arrangements with a view to transactions in investments*;
- (~~x~~) *managing investments*;
- (~~xii~~) *safe custody and administering investments*;
- (~~xiii~~) *sending dematerialised instructions*;
- (~~xiv~~) *causing dematerialised instructions to be sent*;
- (~~xv~~) *establishing, operating or winding up a collective investment scheme*;
- (~~xvi~~) *acting as trustee of an authorised unit trust scheme*;
- (~~xvii~~) *acting as the depositary or sole director of an open-ended investment company*;
- (~~xviii~~) *establishing, operating or winding up a stakeholder pension scheme*;
- (~~xix~~) *advising on investments*;
- (~~xx~~) *advising on regulated mortgage contracts*;
- (~~xxi~~) *entering into a regulated mortgage contract*;
- (~~xxii~~) *administering a regulated mortgage contract*;
- (~~xxiii~~) *agreeing to carry on those regulated activities, disregarding the exclusion in article 72 of the Regulated Activities Order (Overseas persons)*; but

(b) does not carry on any such activity, or offer to do so, from a permanent place of business maintained by him in the *United Kingdom*.

*participant firm*

(1) (except in *COMP 13*) a *firm* or a member other than:

- (a) in accordance with section 213(10) of the *Act* (The compensation scheme) and regulation 2 of the *Electing Participants Regulations* (Persons not to be regarded as relevant persons) an *incoming EEA firm*

which is:

(i) a *credit institution*;

(ii) an *ISD investment firm*;

[(iii) a *UCITS management company*; ~~or~~

(iv)]<sup>4</sup> both (i) and (ii); or

(v) an *IMD insurance intermediary* or an *IMD reinsurance intermediary* which is neither (i) or (ii);

in relation to its *passport activities*, unless it has *top-up cover*;

*premium*

...

(1) (except in *ICOB* and *CASS 5*) ...

(2) (except in *ICOB* and *CASS 5*) ...

(2A) (in *ICOB* and *CASS 5*) as in (1) and (2) except that 'insurance undertaking' is substituted for 'insurer' (except where 'insurer' is used in the heading to *SUP 16.8*).

*primary pooling event*

...

(1) (in *CASS 4*) an event that occurs in the circumstances described in ~~*COB 9.5.5R*~~ *CASS 4.4.5R* (Failure of the authorised firm: primary pooling event).

(2) (in *CASS 5*) an event that occurs in the circumstances described in *CASS 5.6.5R* (Failure of the authorised firm: primary pooling event).

*regulated activity*

(in accordance with section 22 of the *Act* (The classes of activity and categories of investment)) any of the following activities specified in Part II of the *Regulated Activities Order* (Specified Activities):

(a) ...

...

(ga) *arranging (bringing about) regulated mortgage contracts* (article 25A(1));

(gb) *making arrangements with a view to regulated*

## Annex H

### Amendments to the Principles for Businesses, Senior Management Arrangements, Systems and Controls, Client Assets sourcebook, Enforcement manual and Compensation sourcebook

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### Amendments to the Principles for Businesses

- 1.1.2 G ...
- Accepting deposits and issuing electronic money, ~~general insurance business and certain long term insurance business~~
- 1.1.3 G The *Principles* apply with respect to *regulated activities* generally, but, in applying the *Principles* with respect to *accepting deposits* and issuing electronic money, ~~general insurance business and long term insurance business involving pure protection contracts or reinsurance contracts~~, the *FSA* will proceed only in a *prudential context*. That is to say, in this context, the *FSA* would not expect to exercise the powers brought into play by a contravention of a *Principle* unless the contravention amounted to a serious or persistent violation which had implications for confidence in the *financial system*, or for the fitness and propriety of the *firm* or for the adequacy of the *firm's* financial resources.
- ...
- 3.2.1 R *PRIN* applies with respect to the carrying on of:
- (1) ...
- ...
- (3) *ancillary activities* in relation to *designated investment business*, *regulated mortgage activity* and *insurance mediation activity*.
- ...

## Amendments to the Senior Management Arrangements, Systems and Controls

1.1.2 G ...

What?

1.1.3 R SYSC 2 and SYSC 3 apply with respect to the carrying on of:

(1) *regulated activities*;

(2) activities that constitute *dealing in investments as principal*, disregarding the exclusion in article 15 of the *Regulated Activities Order* (Absence of holding out etc); and

(3) *ancillary activities* in relation to *designated investment business*, *regulated mortgage activity* and *insurance mediation activity*.

...

Appendix 1

Matters reserved to a Home State regulator

(see SYSC 1.1.1R(1)(b) and SYSC 1.1.1R(1)(c))

...

1.1.2 G The *Single Market Directives* and the *Treaty* (as interpreted by the European Court of Justice) adopt broadly similar approaches to reserving responsibility to the *Home State regulator*. To summarise, the *FSA*, as *Host State regulator*, is entitled to impose requirements with respect to activities carried on within the *United Kingdom* if these can be justified in the interests of the ‘general good’ and are imposed in a non-discriminatory way. This general proposition is subject to the following in relation to activities passported under the *Single Market Directives*:

(1) the *Single Market Directives* expressly reserve responsibility for the prudential supervision of an *ISD investment firm*, *BCD credit institution* or passporting *insurance undertaking* to the *firm’s Home State regulator*. The *IMD* reaches the same position without expressly referring to the concept of prudential supervision. Accordingly, the *FSA*, as *Host State regulator*, is entitled to regulate only the conduct of the *firm’s* business within the *United Kingdom*;

(2) ...

## Amendments to the Client Assets sourcebook

### 4.1 Application and purpose

#### Application

4.1.1 R This section (the *client money rules*) applies to a *firm* that receives or holds *money* from, or on behalf of, a *client* in the course of, or in connection with:

- (1) its *designated investment business*; ~~except where CASS 4.1.2R otherwise provides~~; or
- (2) in the circumstances set out in CASS 4.1.1A R, *insurance mediation activity*;

except where CASS 4.1.2R applies.

4.1.1A R A firm that receives or holds money to which this section applies and money in respect of which CASS 5.1 applies, may elect to comply with the provisions of this section CASS 4 in respect of all such money and if it does so CASS 4 applies as if all such money were money that the firm receives and holds in the course of or in connection with its designated investment business.

4.1.2 R The *client money rules* do not apply with respect to:

- (1) ...
- ...
- (3) ...
  - (a) ...
  - (b) ... ; ~~or~~
- (4) *money* held by *depositories* which are regulated by COB 11 ;
- (5) client money held by a firm which:
  - (a) receives or holds client money in relation to contracts of insurance; but which
  - (b) in relation to such client money elects to act in accordance with CASS 5.1 to 5.6.

4.1.2A R A firm should make and retain a written record of any election which it makes under CASS 4.1.1A R or CASS 4.1.2R (5).

4.1.2B G (1) A firm which receives and holds client money in respect of life assurance business in the course of its designated investment business may:

(a) in accordance with CASS 4.1.1 A R elect to comply with CASS 4 in respect of such *client money* and in doing so avoid the need to comply with CASS 5.1 to 5.6 which would otherwise apply to the *firm* in respect of *client money* received in the course of its *insurance mediation activity*; or

(b) in accordance with CASS 4.1.2R (5), elect to comply with CASS 5.1 to 5.6 in respect of such *client money*.

(2) These options are available to a *firm* irrespective of whether it also receives and holds *client money* in respect of other parts of its *designated investment business*. A *firm* may not however choose to comply with CASS 5.1 to 5.6 in respect of *client money* which it receives and holds in the course of any part of its *designated investment business* which does not involve an *insurance mediation activity*.

...

Money that is not client money: ‘opt outs’ for any business (including ISD business) other than insurance mediation activity

4.1.8 G The ‘opt out’ provisions provide a *firm* with the option of allowing an *intermediate customer* or *market counterparty* to choose whether their *money* is subject to the *client money rules* (unless the *firm* is conducting *insurance mediation activity*).

4.1.9 R Subject to CASS 4.1.11R, *money* is not *client money* when a *firm* (other than a sole trader) holds that *money* on behalf of, or receives it from, a *market counterparty* or an *intermediate customer*, other than in the course of *insurance mediation activity*, and the *firm* has obtained written acknowledgement from the *market counterparty* or *intermediate customer* that:

- (1) the *money* will not be subject to the protections conferred by the *client money rules*;
- (2) as a consequence, this *money* will not be segregated from the *money* of the *firm* in accordance with the *client money rules* and will be used by the *firm* in the course of its own business; and
- (3) the *market counterparty* or *intermediate customer* will rank only as a general creditor of the *firm*.

‘Opt-outs’ for non-ISD business

4.1.10 G For a *firm* whose business is not governed by the *ISD* or the *IMD*, it is possible to ‘opt out’ on a one-way basis. However, in the case of certain non-*ISD investment firms* that undertake ‘*ISD type*’ business from a *branch* in the *United Kingdom*, article 5 of the *ISD* requires the *FSA* not to treat this business any more favourably than business of an *ISD investment firm*. Therefore all *ISD* and ‘*ISD type*’ business should comply with the *client money rules* or be ‘opted out’ on a two-way basis.

- 4.1.11 R *Money is not client money if a firm, in respect of designated investment business which is not a core investment service, a non-core investment service, or a listed activity or insurance mediation activity :*
- (1) holds it on behalf of or receives it from a *market counterparty* who is not an *authorised person* or an *intermediate customer* who is not an *authorised person*; and
  - (2) has sent a separate written notice stating the matters set out in CASS 4.1.9R (1) to (3).

#### **Amendments to the Enforcement manual**

- 3.5.19 G Some relevant Community obligations which the *FSA* may need to consider are those under the following Directives:
- (1) ~~the *Banking Directive* EC 2000/12/EC *Banking Consolidation Directive*;~~
  - (2) ~~the *Insurance Directives*;~~
  - (3) ~~the *Investment Services Directive*;~~
  - (4) the *Insurance Mediation Directive*.
- 3.5.20 G Each of these Directives imposes general obligations on the *relevant EEA competent authorities* to cooperate and collaborate closely in discharging their functions under the Directives relating to the *authorisation* (“*registration*” in the case of *IMD insurance intermediaries* and *IMD reinsurance intermediaries*) and supervision of *credit institutions*, *insurance undertakings*, ~~and *investment firms*, *IMD insurance intermediaries* and *IMD reinsurance intermediaries*.~~

...

#### **Amendments to the Compensation sourcebook**

Text in square brackets was made in the Collective Investment Schemes (UCITS Amending Directive) Instrument 2003 but will not to come into force until 13 February 2004.

- 1.3.3 G Table

Q1	What do I need to do in order to receive compensation?	
A1	In order to receive compensation:	
	(1) you must be an <i>eligible claimant</i> ;	COMP 4.2-3
	(2) you must have a <i>protected claim</i> ;	COMP 5.2-56
	(3) you must be claiming against a <i>relevant person</i> ;	COMP 6.2.1R
	(4) the <i>relevant person</i> must be <i>in default</i> .	COMP 6.3
	...	
Q2	How much compensation will I be offered?	
A2	This depends on whether your <i>protected claim</i> is:	
	(1) a <i>claim</i> for a <i>protected deposit</i> ; or	COMP 5.3
	(2) a <i>claim</i> under a <i>protected contract of insurance</i> ; or	COMP 5.4
	(3) a <i>claim</i> in connection with <i>protected investment business</i> ; or	COMP 5.5
	(4) a <i>claim</i> in connection with <i>protected non-investment insurance mediation</i> .	COMP 5.6
	Different limits apply to different types of <i>claim</i> .	COMP 10.2.3R
Q3	How will the FSCS calculate the compensation that is offered to me?	
A3	Again, this will depend on whether <i>your protected claim</i> is :	
	(1) a <i>claim</i> for a <i>protected deposit</i> ;	COMP 12.2.1R, 12.3.1R and 12.4.1R
	(2) a <i>claim</i> under a <i>protected contract of insurance</i> ; or	COMP 12.2.1R, 12.3.2-4R and 12.4.9R – 12.5.2R
	(3) a <i>claim</i> in connection with <i>protected investment business</i> ; or	COMP 12.2.1R, 12.3.5-6R and 12.4.2-8R
	(4) a <i>claim</i> in connection with <i>protected non-investment insurance mediation</i> .	COMP 12.4.17R – 18R
	.....	

...

#### 1.4.1

G *Incoming EEA firms* which are conducting *regulated activities* in the *United Kingdom* under a *BCD*, *IMD* or *ISD* passport are not required to participate in the *compensation scheme* in relation to those *passport activities*. *Incoming EEA firms* which are conducting business under a *BCD*, *IMD* or *ISD* passport may apply to obtain the cover of, or 'top up' into, the *compensation scheme* if there is no level or scope of cover provided by the *incoming EEA firm's Home State* compensation scheme or if the level or scope of the cover is less

than that provided by the *compensation scheme*. This is covered by COMP 14.

...

4.3.6 R *A person who comes within COMP 4.2.2R is eligible to claim compensation in respect of a liability subject to compulsory insurance if the claim is:*

*(1) a claim under a protected contract of insurance; or*

*(2) a claim in connection with protected non-investment insurance mediation.*

...

5.2.1 R *A protected claim is:*

*(1) a claim for a protected deposit (see COMP 5.3); or*

*(2) a claim under a protected contract of insurance (see COMP 5.4); or*

*(3) a claim in connection with protected investment business (see COMP 5.5);  
or*

*(4) a claim in connection with protected non-investment insurance mediation (see COMP 5.6).*

...

5.5.2 R ...

## 5.6 Protected non-investment insurance mediation

5.6.1 R *Protected non-investment insurance mediation is an insurance mediation activity where the investment concerned is a non-investment insurance contract, provided that the condition in COMP 5.6.2 R is satisfied.*

5.6.2 R *COMP 5.6.1R only applies if the protected non-investment insurance mediation was carried on from:*

*(1) an establishment of the relevant person in the United Kingdom; or*

*(2) a branch of a UK firm established in another EEA State in the exercise of an EEA right derived from the IMD.*

...

6.2.2 G *An incoming EEA firm, which is a credit institution, an IMD insurance intermediary, an IMD reinsurance intermediary or an ISD investment firm, and its appointed representatives are not relevant persons in relation to the firm's passported activities, unless it has top-up cover. (See definition of "participant firm").*

...

- 6.3.4 R For *claims* arising in connection with *protected investment business* or *protected non-investment insurance mediation*, the *FSCS* has the additional power to determine that a *relevant person* is *in default* if it is satisfied that a *protected claim* exists, and:
- (1) the *FSCS* is satisfied that the *relevant person* cannot be contacted at its last place of business and that reasonable steps have been taken to establish a forwarding or current address, but without success; and
  - (2) there appears to the *FSCS* to be no evidence that *the relevant person* will be able to meet claims against it.

...

- 8.2.4 R For *claims* made in connection with *protected investment business* or *protected non-investment insurance mediation*, the *FSCS* may disregard a defence of limitation where the *FSCS* considers that it would be reasonable to do so.

- 8.2.5 R For *claims* made in connection with *protected investment business* or *protected non-investment insurance mediation*, if a *relevant person*, incorporated as a *company*, has been dissolved with the result that its liability to the claimant has been extinguished by operation of law, the *FSCS* must treat the claim, for the purposes of paying compensation, as if the *relevant person* had not been dissolved.

...

- 10.2.3 R Table

Type of claim	Level of cover	Maximum payment
<u><i>Protected non-investment insurance mediation</i></u>	(1) where the <i>claim</i> is in respect of a <i>liability subject to compulsory insurance</i> : 100% of <i>claim</i>	<u>Unlimited</u>
	(2) In all other cases:	<u>Unlimited</u>
	100% x first £2000	
	90% of the remainder of the <i>claim</i>	

...

- 12.3.6 R ...

Protected non-investment insurance mediation

- 12.3.7 R For a *claim* made in connection with *protected non-investment insurance mediation*, the *FSCS* must determine a specific date as the *quantification date*, and this date may be either on, before or after the date of determination of default.

...

- 12.4.16 R ...  
Protected non-investment insurance mediation
- 12.4.17 R The FSCS may pay compensation for any claim made in connection with protected non-investment insurance mediation only to the extent that the FSCS considers that the payment of compensation is essential in order to provide the claimant with fair compensation.
- ...
- 12.4.18 R The FSCS may decide to reduce the compensation that would otherwise be payable for a claim made in connection with protected non-investment insurance mediation if it is satisfied that:
- (1) there is evidence of contributory negligence by the claimant; or
- (2) payment of the full amount would provide a greater benefit than the claimant might reasonably have expected or than the benefit available on similar contracts with other relevant persons; and
- it would be inequitable for FSCS not to take account of (1) or (2).
- ...
- 13.2.14 G *Incoming EEA firms* which obtain cover or 'top up' under the provisions of COMP 14 are *firms* whose *Home State* scheme provides no or limited compensation cover in the event that they are determined to be in default. Under COMP 13.7, the FSCS is required to consider whether *incoming EEA firms* should receive a discount on the amount that they would otherwise pay as their share of the levy, to take account of the availability of their *Home State* cover. The amount of any discount is recoverable from the other members of the *incoming EEA firm's contribution group*.
- ...
- 13.7.1 R If an *incoming EEA firm*, which is a *BCD credit institution*, an IMD insurance intermediary, an IMD reinsurance intermediary or ISD investment firm, is a *participant firm*, the FSCS must give the *firm* such discount (if any) as is appropriate on the share of any levy it would otherwise be required to pay, taking account of the nature of the levy and the extent of the compensation coverage provided by the *firm's Home State* scheme.
- ...
- 14.1.2 R This chapter also applies to an *incoming EEA firm* which is a *credit institution*, ~~or an ISD investment firm~~ (or both), an IMD insurance intermediary, an IMD reinsurance intermediary [or a *UCITS management company*].

- 14.1.3 G This chapter provides supplementary *rules and guidance* for an *incoming EEA firm* which is a *credit institution, an IMD insurance intermediary, an IMD reinsurance intermediary* or an *ISD investment firm*. It reflects in part the implementation of the Deposit Guarantee Directive and Investors Compensation Directive. This sourcebook applies in the usual way to an *incoming EEA firm* which is exercising *EEA rights* under the *Insurance Directives*. Such a firm is not affected by the *Deposit Guarantee Directive* or the *Investors Compensation Directive*.
- 14.1.4 G An *incoming EEA firm*, which is a *credit institution, an IMD insurance intermediary, an IMD reinsurance intermediary* or an *ISD investment firm*, is not a *participant firm* in relation to its *passported activities* unless it obtains the cover of, or 'tops up' into, the *compensation scheme*. This reflects section 213(10) of the Act (the compensation scheme) and regulation 2 of the *Electing Participants Regulations* (Persons not to be regarded as relevant persons). If an *incoming EEA firm* also carries on non-*passported activities* for which the *compensation scheme* provides cover, it will be a *participant firm* in relation to those activities and will be covered by the *compensation scheme* for those activities in the usual way.
- 14.1.5 G In relation to an *incoming EEA firm's passported activities*, its *Home State* compensation scheme must provide compensation cover in respect of business within the scope of the *Deposit Guarantee Directive and Investors Compensation Directive*, whether that business is carried on from a *UK branch* or on a *cross border services* basis. [(For a *UCITS management company*, this is only for certain *passported activities*)]. *Insurance mediation activity relating to non-investment insurance contracts is not within the scope of the Deposit Guarantee Directive and Investors Compensation Directive.*
- 14.1.6 G If ~~there the scope or level of~~ is no cover provided by the incoming EEA firm's Home State or the scope or level of cover is less than that provided by the *compensation scheme*, this chapter enables the *firm* to obtain cover or 'top-up' cover from the *compensation scheme* for its *passported activities* carried on from a *UK branch*, up to the *compensation scheme's* limits (set out in COMP 10). This reflects section 214(5) of the Act (General) and regulation 3 of the *Electing Participants Regulations* (Persons who may elect to participate). If the *firm* 'tops up' and then becomes insolvent, the *Home State* compensation scheme will pay compensation up to the limit and scope of the *Home State* compensation scheme, with the *FSCS* paying compensation for the additional amount in accordance with the provisions in this sourcebook (COMP 12.4.1R and COMP 12.4.4R).
- ...
- 14.2.3 G A notice under COMP 14.2.1R should include details confirming that the *incoming EEA firm* falls within a prescribed category. In summary:

- (1) the *firm* must be a *credit institution, an IMD insurance intermediary, an IMD reinsurance intermediary* or an *ISD investment firm*;
- (2) ...
- (3) ....

## Annex I

### Amendments to the Prudential sourcebook and to the Authorisation manual

The following text is inserted as indicated (and is not underlined).

#### Part 1

##### Integrated Prudential sourcebook

After 9.2.1R, insert the following.

###### Commencement provisions

- 9.2.1A G (1) In summary, the provisions relating to *regulated mortgage contracts* and *long-term care insurance contracts* come into effect on 31 October 2004 and the provisions relating to *insurance mediation activity* come into effect on 14 January 2005. For convenience, both sets of provisions are published in the on-line version of the *Handbook* as from 31 October 2004.
- (2) Further *guidance* is given on these commencement provisions, and their statutory background, in *AUTH 1.2.7G* and *AUTH 1.2.8G*.
- (3) This provision (*PRU 9.2.1AG*), and the *guidance* in *AUTH*, will be deleted from the text of the on-line version of the *Handbook* on 14 January 2005.

...

After 9.3.1R, insert the following.

###### Commencement provisions

- 9.3.1A G (1) In summary, the provisions relating to *regulated mortgage contracts* and *long-term care insurance contracts* come into effect on 31 October 2004 and the provisions relating to *insurance mediation activity* come into effect on 14 January 2005. For convenience, both sets of provisions are published in the on-line version of the *Handbook* as from 31 October 2004.
- (2) Further *guidance* is given on these commencement provisions, and their statutory background, in *AUTH 1.2.7G* and *AUTH 1.2.8G*.

- (3) This provision (*PRU 9.3.1AG*), and the *guidance* in *AUTH*, will be deleted from the text of the on-line version of the *Handbook* on 14 January 2005.

...

#### Commencement provisions

- 9.4.1A G (1) In summary, the provisions relating to *mortgage* mediation activity come into effect on 31 October 2004 and the provisions relating to *insurance mediation* and *insurance mediation activity* come into effect on 14 January 2005. For convenience, both sets of provisions are published in the on-line version of the *Handbook* as from 31 October 2004.
- (2) Further *guidance* is given on these commencement provisions, and their statutory background, in *AUTH 1.2.7G* and *AUTH 1.2.8G*.
- (3) This provision (*PRU 9.4.1AG*), and the *guidance* in *AUTH*, will be deleted from the text of the on-line version of the *Handbook* on 14 January 2005.

## Part 2

### Authorisation manual

After 1.2.6G, insert the following.

Activities related to regulated mortgage contracts and insurance mediation activities

1.2.7 G In this manual, various references are made to provisions concerning activities related to *regulated mortgage contracts* and to *insurance mediation activities*. Broadly speaking, the provisions concerning activities related to *regulated mortgage contracts* will come into effect on 31 October 2004 and those concerning *insurance mediation activities* will come into effect on 14 January 2005. The exception to this is that the provisions concerning *insurance mediation activities*, so far as they relate to *long-term care insurance contracts*, come into effect on 31 October 2004. These changes to the scope of *regulated activities* result from:

- (1) the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No.1) Order 2003 (SI 2003/1475); and

- (2) the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No.2) Order 2003 (SI 2003/1476).

The commencement date for these provisions is explained in greater detail in *AUTH* 1.2.8G to *AUTH* 1.2.10G.

1.2.8G

Table: Commencement dates for provisions concerning insurance mediation activities and activities related to regulated mortgage contracts

	Provisions relevant to ...	Commence on ...
1.	The following <i>regulated activities</i> and their associated exclusions, so far as relevant to <i>general insurance contracts</i> and <i>pure protection contracts</i> (other than <i>long-term care insurance contracts</i> ): (1) <i>dealing in investments as agent</i> ; (2) <i>arranging (bringing about) deals in investments</i> ; (3) <i>making arrangements with a view to transactions in investments</i> ; (4) <i>advising on investments</i> ; (5) agreeing to do any of the activities in (1) to (4).	14 January 2005
2.	The <i>regulated activities</i> and their associated exclusions referred to in 1(1) to (5) so far as relevant to <i>long-term care insurance contracts</i> .	31 October 2004
3.	The <i>regulated activity of assisting in the administration and performance of a contract of insurance</i> , other than a <i>long-term care insurance contract</i> , and its associated exclusions.	14 January 2005
4.	The <i>regulated activity of assisting in the administration and performance of a contract of insurance</i> that is a <i>long-term care insurance contract</i> , and its associated exclusions.	31 October 2004
5.	The following <i>regulated activities</i> and their associated exclusions: (1) <i>arranging (bringing about) regulated mortgage contracts</i> ; (2) <i>making arrangements with a view to regulated mortgage contracts</i> ; (3) <i>advising on regulated mortgages contracts</i> ; (4) <i>entering into a regulated mortgage-contract</i> ; (5) <i>administering a regulated mortgage-contract</i> ; (6) agreeing to do any of the activities in (1) to (5).	31 October 2004

Appointed representatives and professional firms

- 1.2.9 G References to *regulated activities* in provisions relating to *appointed representatives* and to the *Part XX exemption* for members of a *designated professional body* are subject to similar commencement dates as in *AUTH 1.2.8G*.

EEA firms

- 1.2.10 G The changes in *AUTH 5* (Qualifying for authorisation under the Act) result from the Insurance Mediation Directive (Miscellaneous Amendments) Regulations 2003 (SI 2003/1473). These changes come into effect on 14 January 2005.
- 1.2.11 G This provision (*AUTH 1.2.11G*), and the *guidance* in *AUTH 1.2.7G* to *AUTH 1.2.10G*, will be deleted from the text of the on-line version of the *Handbook* on 14 January 2005.

## ADDENDUM

### INSURANCE MEDIATION AND MORTGAGE MEDIATION, LENDING AND ADMINISTRATION (PRUDENTIAL PROVISIONS) INSTRUMENT 2004

In this Addendum, underlining indicates new text and striking through indicates deleted text. Where an entire section of text is being replaced, the place where the change will be made is indicated and the text is not underlined or struck through.

Amend Annex B (Integrated Prudential sourcebook) to this instrument as follows:

#### Transitional Provisions

##### 1 Table

(1)	(2)	(3)	(4)	(5)	(6)
	Material to which the transitional provision applies		Transitional provision	Transitional provision: dates in force	Handbook provision: coming into force
1	<i>PRU 2.7.2R</i>	<u>R</u>	...	...	...
2	<i>PRU 9.3.53R</i> ...	<u>R</u>	...	...	...

Amend Annex F (Supervision manual) to this instrument as follows:

13.4.4	G	...	
		(2)	...
		<del>(32A)</del>	if the <i>UK firm's EEA right</i> derives ...

Amend Annex G (Glossary of definitions) to this instrument by deleting the text for the definition of 'establishment conditions' in its entirety and replacing it with the following text:

*establishment conditions*

(in relation to the establishment of a *branch* in the *United Kingdom*) the conditions specified in paragraph 13 of Schedule 3 to the *Act* (EEA Passport Rights), which are that:

(a) if the *firm* falls within paragraph (a), (b), (c) or (d) in the definition of "*EEA firm*":

(i) the *FSA* has received notice ("a consent notice") from the *EEA firm's Home State regulator* that it has given the

*EEA firm* consent to establish a *branch* in the *United Kingdom*;

(ii) the consent notice:

(A) is given in accordance with the relevant *Single Market Directive*;

(B) identifies the activities to which consent relates; and

(C) includes the other information prescribed in the Financial Services and Markets Act 2000 (EEA Passport Rights) Regulations 2001 (SI 2001/1376); and

(iii) the *EEA firm* has been informed of the *applicable provisions* or two *months* have elapsed beginning with the date when the *FSA* received the consent notice.

(b) if the *firm* falls within paragraph (e) in the definition of “*EEA firm*”:

(i) the *EEA firm* has given its *Home State regulator* notice of its intention to establish a *branch* in the *United Kingdom*;

(ii) the *FSA* has received notice ("a regulator's notice") from the *firm's Home State regulator* that the *firm* intends to establish a *branch* in the *United Kingdom*;

(iii) the *EEA firm's Home State regulator* has informed it that the regulator's notice has been sent to the *FSA*; and

(iv) one *month* has elapsed beginning with the date on which the *EEA firm's Home State regulator* informed the *firm* that it had sent the regulator's notice to the *FSA*.

Amend the definition of ‘protected non-investment insurance mediation’ in Annex G (Glossary of definitions) to this instrument as follows:

*protected non-investment insurance mediation*

*insurance mediation activities* which are covered by the *compensation scheme*, as defined in *COMP 5.67.1R*

Amend Annex H (Compensation sourcebook) to this instrument to take account of FSA 2003/72 as follows:

1.3.3	G		Table ...
-------	---	--	-----------

...

A2	This depends on whether your <i>protected claim</i> is:		
	...		
	<del>(4)</del> a <i>claim</i> ... ; <u>or</u>		
	<del>(4)</del> (5) a <i>claim</i> in connection with <i>protected non-investment insurance mediation</i> .		<del>COMP 5.6</del> <u>5.7</u>
	...		
A3	Again, this will depend on whether your <i>protected claim</i> is :		
	...		
	<del>(4)</del> a <i>claim</i> ... ; <u>or</u>		
	<del>(4)</del> (5) a <i>claim</i> in connection with <i>protected non-investment insurance mediation</i> .		<del>COMP 12.4.17R –</del> <del>18R</del> <u>12.4.20R –</u> <u>21R</u>
	...		

Amend Annex H (Compensation sourcebook) to this instrument by deleting the text for COMP 1.4.1G in its entirety and inserting the following text:

1.4.1	G	<i>Incoming EEA firms</i> which are conducting <i>regulated activities</i> in the <i>United Kingdom</i> under a <i>BCD, IMD, ISD</i> or <i>UCITS Directive</i> passport are not required to participate in the <i>compensation scheme</i> in relation to those <i>passport activities</i> . They may apply to obtain the cover of, or ‘top up’ into, the <i>compensation scheme</i> if there is no cover provided by the <i>incoming EEA firm’s Home State</i> compensation scheme or if the level or scope of the cover is less than that provided by the <i>compensation scheme</i> . This is covered by <i>COMP 14</i> .
-------	---	---

...

Amend Annex H (Compensation sourcebook) to this instrument to take account of FSA 2003/72 as follows:

5.2.1	R			A <i>protected claim</i> is:
...				
		(4)		a <i>claim</i> ... <del>or</del>
		(4) (5)		a <i>claim</i> in connection with <i>protected non-investment insurance mediation</i> (see <del>COMP 5.6</del> <u>5.7</u> ).
...				
<del>5.6</del> <u>5.7</u>				Protected non-investment insurance mediation
<del>5.6.1</del> <u>5.7.1</u>	R			<i>Protected non-investment insurance mediation</i> is an <i>insurance mediation activity</i> where the <i>investment</i> concerned is a <i>non-investment insurance contract</i> , provided that the condition in <del>COMP 5.6.2</del> <u>5.7.2</u> R is satisfied.
<del>5.6.2</del> <u>5.7.2</u>	R			<del>COMP 5.6.1</del> <u>5.7.1</u> R only applies if the <i>protected non-investment insurance mediation</i> was carried on from:
		(1)		an establishment of the <i>relevant person</i> in the <i>United Kingdom</i> ; or
...				
<del>12.3.7</del> <u>12.3.8</u>	R			For a <i>claim</i> made in connection with <i>protected non-investment insurance mediation</i> , the <i>FSCS</i> must determine a specific date as the <i>quantification date</i> , and this date may be either on, before or after the date of determination of default.
...				
<del>12.4.17</del> <u>12.4.20</u>	R			The <i>FSCS</i> may pay compensation for any <i>claim</i> made in connection with <i>protected non-investment insurance mediation</i> only to the extent that the <i>FSCS</i> considers that the payment of compensation is essential in order to provide the claimant with fair compensation.
<del>12.4.18</del> <u>12.4.21</u>	R			The <i>FSCS</i> may decide to reduce the compensation that would otherwise be payable for a <i>claim</i> made in connection with <i>protected non-investment insurance mediation</i> if it is satisfied that: ...

Addendum  
8 December 2004

**INTERIM PRUDENTIAL SOURCEBOOK FOR INVESTMENT BUSINESSES  
(PROFESSIONAL INDEMNITY INSURANCE FOR PERSONAL INVESTMENT  
FIRMS) INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (the "Act"):
- (1) section 138 (General rule-making power);
  - (2) section 149 (Evidential provisions);
  - (3) section 156 (General supplementary powers); and
  - (4) section 157(1) (Guidance).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force on 1 February 2004.

**Amendments to the Interim Prudential sourcebook for investment businesses**

- D. IPRU(INV) is amended in accordance with the Annex to this instrument.

**Citation**

- E. This instrument may be cited as the Interim Prudential Sourcebook for Investment Businesses (Professional Indemnity Insurance for Personal Investment Firms) Instrument 2004.

By Order of the Board  
15 January 2004

## Annex

### Amendments to IPRU(INV)

In this Annex, underlining indicates new text and striking through indicates deleted text. Where an entire new section of text is inserted, the place where it goes is indicated but it is not underlined. Where an entire section of text is deleted, the provisions to be deleted are indicated, but the text is not reproduced.

Delete IPRU(INV) 13.1.3 to IPRU(INV) 13.1.5.

After IPRU(INV) 13.1.2, insert the following new provisions as IPRU(INV) 13.1.3 to IPRU(INV) 13.1.5.

#### REQUIREMENT TO HOLD PROFESSIONAL INDEMNITY INSURANCE

- 13.1.3(1) G Under *Principles 3 and 4* a *firm* is required to take reasonable care to organise and control its affairs responsibly and effectively with adequate risk management systems and to maintain adequate financial resources. Under *Principle 9* a *firm* is obliged to take reasonable care to ensure the suitability of its *advice on investments* and discretionary decisions for any *customer* who is entitled to rely upon its judgement.
- 13.1.3(2) G Although financial resources and appropriate systems and controls can generally mitigate operational risk, professional indemnity insurance has a role in mitigating the risks a *firm* faces in its day to day operations, including those arising from not meeting the legally required standard of care when *advising on investments*. The purpose of 13.1.4(1) to 13.1.4(15) is to ensure that a *firm* has in place the type, and level, of professional indemnity insurance necessary to mitigate these risks. This includes, in the case of a *UK firm* exercising an *EEA right*, cover for breaches of obligations imposed by or under laws, or provisions having the force of law, in each *EEA State* in which the *firm* carries on business.
- 13.1.3(3) R The term "relevant income" in IPRU(INV) 13.1 refers to all income received or receivable which is commission, brokerage, fees or other related income, whether arising from the *firm's permitted activities* or not, for the last accounting year prior to inception or renewal of the professional indemnity insurance policy ("the policy").
- 13.1.4(1) R A *firm* must take out and maintain at all times professional indemnity insurance that is at least equal to the requirements of 13.1.4(2) to 13.1.4(15).

#### POLICY TERMS

- 13.1.4(2) R The policy must incorporate terms which are appropriate and must make provision for:

- (a) cover in respect of any claim for loss or damage, for which the *firm* may be liable as a result of an act or omission by:
  - (i) the *firm*; or
  - (ii) any *person* acting on behalf of the *firm* including *employees*, *appointed representatives* or its other agents;

#### LIMITS OF INDEMNITY – IMD INSURANCE INTERMEDIARY

- (b) appropriate minimum *limits of indemnity* per year, which are, if the *firm* is an *IMD insurance intermediary*, no lower than:
  - (i) €1,000,000 for a single claim against the *firm*; and
  - (ii) €1,500,000 in the aggregate;

#### LIMITS OF INDEMNITY – NON-IMD INSURANCE INTERMEDIARY

- (c) if the *firm* is not an *IMD insurance intermediary*, then the following *limits of indemnity* apply:
  - (i) if the *firm* has relevant income of up to £3,000,000, no lower than £500,000 for a single claim against the *firm* and £500,000 in the aggregate; or
  - (ii) if the *firm* has relevant income of more than £3,000,000, no lower than £650,000 for a single claim against the *firm* and £1,000,000 in the aggregate.

- 13.1.4(3) R If a policy is denominated in any currency other than euros, an *IMD insurance intermediary* must take reasonable steps to ensure that the *limits of indemnity* are, when the policy is effected (i.e. agreed) and at renewal, at least equivalent to those required in 13.1.4(2)(b).

#### READILY REALISABLE OWN FUNDS

- 13.1.4(4) G For the purposes of the following provisions relating to professional indemnity insurance, the *FSA* expects items included in *own funds* to be regarded as "readily realisable" only if they can be realised, at any given time, within 90 days.

#### ADDITIONAL REQUIREMENTS

- 13.1.4(5) E (a) In addition to the specific requirements in 13.1.4(2), to incorporate appropriate terms, the policy should make provision for the following:
- (i) for a *firm* with relevant income of more than £6,000,000, the aggregate limit identified in the table below:

Relevant income is (£)		Minimum aggregate <i>limit of indemnity</i> (£)
more than	up to	
6,000,000	7,000,000	1,150,000
7,000,000	8,000,000	1,300,000
8,000,000	9,000,000	1,450,000
9,000,000	10,000,000	1,600,000
10,000,000	12,500,000	2,000,000
12,500,000	15,000,000	2,400,000
15,000,000	17,500,000	2,800,000
17,500,000	20,000,000	3,150,000
20,000,000	25,000,000	3,800,000
25,000,000	30,000,000	4,250,000
30,000,000	35,000,000	4,500,000
35,000,000	40,000,000	4,750,000
40,000,000	50,000,000	5,500,000
50,000,000	60,000,000	6,000,000
60,000,000	70,000,000	6,750,000
70,000,000	80,000,000	7,250,000
80,000,000	90,000,000	7,750,000
90,000,000	100,000,000	8,500,000
100,000,000	150,000,000	11,250,000
150,000,000	200,000,000	14,000,000
200,000,000	250,000,000	17,000,000
250,000,000	300,000,000	19,750,000
300,000,000	n/a	22,500,000

- (ii) full retroactive cover in respect of the kinds of liabilities described in 13.1.4(2) for claims arising from work carried out by the *firm*, or on its behalf, in the past; and
  - (iii) cover in respect of *Ombudsman* awards made against the *firm*.
- (b) Compliance with (a) may be relied on as tending to establish compliance with the requirement in 13.1.4(2) for the *professional indemnity insurance* terms to be appropriate.
  - (c) Contravention of (a) may be relied on as tending to establish contravention of the requirement in 13.1.4(2) for the professional indemnity insurance terms to be appropriate.

13.1.4(6) G A *firm* should consider whether the overall cover is adequate taking account of 13.1.4(9)(b) and whether the *firm* should seek additional cover or legal expenses insurance. (Legal defence costs are costs of defence against claims that fall under the terms of the policy.)

- 13.1.4(7) G The cover provided by the policy should be wide enough to include the liability of the *firm*, its *appointed representatives*, *employees* and its agents for breaches of the *firm's* duty of skill and care, fiduciary duty, duty to look after documents or assets, fraud, and breaches of obligations imposed by or under *the Act* (or the Financial Services Act 1986 if relevant). If the *firm* operates outside the *UK* then the policy should cover other regulatory requirements imposed under the laws of other countries in which the *firm* operates.

#### EXCLUSIONS

- 13.1.4(8) R The policy must not be subject to conditions or exclusions which unreasonably limit the cover provided for in 13.1.4(2) (whether by exclusion of cover, by policy excesses or otherwise).
- 13.1.4(9) G (a) The *FSA* considers it reasonable for a *firm's* policy to exclude cover for:
- (i) specific business lines if that type of business has not been carried out by the *firm* in the past and will not be carried out by the *firm* during the life of the policy; or
  - (ii) specific claims that have been previously notified to the *firm's insurer* and claimed for under another policy.
- (b) The *FSA* does not consider it reasonable for a *firm's* policy to treat legal defence costs cover as part of the *limits of indemnity* if this reduces the cover available for any individual substantive claim.
- 13.1.4(10) E (a) The policy should not:
- (i) make provision for payment by the *firm* of an excess on any claim of more than £5,000. (This does not apply to the extent that the *firm* holds additional *own funds* in a readily realisable form, in accordance with 13.1.4(12)); or
  - (ii) exclude any type of business or activity that has been carried out by the *firm* in the past or will be carried out by the *firm* during the time for which the policy is in force. (This does not apply to the extent that the *firm* holds, by way of additional *own funds* in a readily realisable form, an amount equivalent to a reasonable provision against its potential liabilities for that business or activity. Guidance on this is given in 13.1.4(13) and (14)); or
  - (iii) exclude liability which is identified or crystallised as a result of regulatory action against the *firm* (either individually or as a member of a class of *authorised person*).
- (b) Contravention of (a) may be relied on as tending to establish contravention of 13.1.4(8).

## EXCESS LEVEL

- 13.1.4(11) E The reference to "excess" in 13.1.4(10)(a)(i) is to the highest excess level required to be paid under the policy unless that excess relates to a type of business that has not been carried out by the *firm* in the past. In those circumstances, the reference is to the next highest excess level required by the policy.

## ADDITIONAL OWN FUNDS

- 13.1.4(12) E The amount of additional *own funds* in 13.1.4(10)(a)(i) should be calculated by referring to the *firm's* relevant income and excess obtained in the following table:

All amounts are shown in £000s		Excess obtained, up to and including											
Relevant income is		5	10	15	20	25	30	40	50	75	100	150	200+
more than	up to												
0	100	0	4	7	9	12	14	18	21	28	34	45	54
100	200	0	7	11	14	17	20	25	29	38	46	59	70
200	300	0	9	14	18	21	24	30	35	45	54	69	82
300	400	0	11	16	21	24	28	34	39	50	60	77	91
400	500	0	13	18	23	27	30	37	43	55	66	83	98
500	600	0	14	20	25	29	33	40	46	59	70	89	105
600	700	0	16	22	27	31	35	42	49	63	74	94	111
700	800	0	17	23	28	33	37	45	52	66	78	99	117

900	1,000	0	19	26	31	36	41	49	56	72	85	107	126
1,000	1,500	0	23	31	37	43	48	57	66	83	99	124	146
1,500	2,000	0	26	35	42	48	54	64	73	93	109	138	161
2,000	2,500	0	29	38	46	53	59	71	81	102	121	152	179
2,500	3,000	0	32	42	51	58	65	78	89	112	132	166	195
3,000	3,500	0	35	46	55	63	71	84	96	121	142	179	210
3,500	4,000	0	38	50	59	68	76	90	102	129	152	191	223
4,000	4,500	0	41	53	63	72	80	95	108	137	161	202	236
4,500	5,000	0	43	56	67	76	85	100	114	144	169	212	248
5,000	6,000	0	48	62	73	84	93	110	125	157	185	231	271
6,000	7,000	0	52	67	79	90	101	119	135	169	199	249	291
7,000	8,000	0	56	72	85	97	107	127	144	181	212	265	310
8,000	9,000	0	59	76	90	103	114	134	152	191	224	280	328
9,000	10,000	0	63	80	95	108	120	141	160	201	236	294	344
10,000	100,000	0	63y	80y	95y	108y	120y	141y	160y	201y	236y	294y	344y
100,000	n/a	0	630	800	950	1080	1200	1410	1600	2010	2360	2940	3440

For *firms* with relevant income more than £10m but up to £100m value y is calculated by relevant income/ £10m

## EXCLUSIONS

- 13.1.4(13) G A *firm* should take into account the following when assessing the amount of additional *own funds* to be held as provision as described in 13.1.4(10)(a)(ii):
- (a) the type of business line or activity excluded and the types of claim which might arise from it;
  - (b) the number of contracts written or volume of activity;
  - (c) the number of complaints received by the *firm* relating to the excluded business or activity;
  - (d) generally accepted accounting principles applicable to provisions; and
  - (e) any other relevant information.
- 13.1.4(14) G If the *firm* holds additional *own funds* in accordance with 13.1.4(13) then the amount should be reviewed regularly. The reviews should take account of changes in the status of the policy exclusion(s) and any relevant changes to the *firm*'s circumstances.

## POLICIES PROVIDING COVER FOR MORE THAN ONE FIRM

- 13.1.4(15) R If the policy provides cover to more than one *firm* then in relation to 13.1.4(2) and (3):
- (a) the relevant income for calculating the *limits of indemnity* is that of all the *firms* named in the policy combined;
  - (b) each *firm* named in the policy must have the benefit of the minimum *limits of indemnity* as required in 13.1.4(2);
  - (c) each *firm* named in the policy must notify the *FSA* if the aggregate cover in the policy falls below the minimum in 13.1.4(2).

## EXEMPTION FROM HOLDING PROFESSIONAL INDEMNITY INSURANCE

- 13.1.5 R A *firm* is not required to effect or maintain professional indemnity insurance if:
- (a) it is a member of the same *group* as a *bank, building society, insurer or friendly society*; and
  - (b) there exists between the *firm* and an entity specified in (a) above an enforceable, written agreement to provide equivalent cover to that required for professional indemnity insurance in 13.1.4(2).

- 13.1.6 GR (1) ~~Firms may insure with any insurer which is authorised to transact professional indemnity insurance in the United Kingdom;~~  
A firm must take out professional indemnity insurance from:
- (a) any insurance undertaking which is authorised to transact professional indemnity insurance in the EEA; or
  - (b) a person of equivalent status in:
    - (i) a Zone A country;
    - (ii) the Channel Islands, Gibraltar, Bermuda or the Isle of Man.
- (2) ~~Firms should seek advice from their broker on renewal of their professional indemnity insurance cover and to check that their broker is in possession of appendix 13(2)E and the requirements of 13.1.6E.~~

**CONDUCT OF BUSINESS SOURCEBOOK (AMENDMENT NO 15)  
INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act (the "Act"):
- (1) section 138 (General rule-making power);
  - (2) section 145 (Financial promotion rules);
  - (3) section 149 (Evidential provisions);
  - (4) section 156 (General supplementary powers); and
  - (5) section 157(1) (Guidance).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force as follows:
- (1) to the extent that a provision relates to structured capital-at-risk products that provide an agreed level of income, on 20 February 2004;
  - (2) otherwise, on 16 July 2004.

**Amendments to the Conduct of Business sourcebook**

- D. COB is amended in accordance with Annex A to this instrument.

**Amendments to the Glossary**

- E. The Glossary is amended in accordance with Annex B to this instrument.

**Citation**

- F. This instrument may be cited as the Conduct of Business (Amendment No.15) Instrument 2004.

By Order of the Board  
15 January 2004

9	...				
<u>10</u>	<u>COB 3.9.31G(3)</u>	<u>G</u>	Until 16 July 2004, a <u>firm</u> may regard the reference in <u>COB 3.9.31G(3)</u> to the <u>FSA's factsheet entitled 'Capital at risk products' as including the FSA's factsheet entitled 'High-income products – Make sure you understand the risks'</u> .	From <u>20 February 2004</u> until <u>16 July 2004</u>	<u>20 February 2004</u>

...

3.2.3 R (1) To the extent that a *financial promotion* relates to one or more of the following:

~~(1)~~(a) a *deposit*; or

~~(2)~~(b) a *general insurance contract, pure protection contract, or reinsurance contract*

only *COB 3.1 to COB 3.5 and COB 3.8.4R to COB 3.8.6G and COB 3.14* apply, unless the *financial* promotion relates to a *cash deposit* ISA in which case *COB 3.9.6R(1) and COB 3.9.8R* also apply; and

- (2) if the *financial promotion* relates to a *structured deposit*, the following will also apply: *COB 3.8.8R, COB 3.8.9G, COB 3.8.11R, COB 3.8.12G, COB 3.8.15R and COB 3.8.16G.*

3.8.9 G (1) ...

- (2) The details of the commitment which is required by *COB 3.8.8R(1)(b)* will depend on the nature of the *investment* being promoted. This could be, for example, the minimum amount which can be invested, minimum or maximum period of *investment* or, where it is the case, the fact that it could be some time before a *person* may see a return on his *investment*. Where an investor's capital would be tied up for more than one month following the last fixed payment due to be made under the contract, this should be made clear in any *financial promotion* for that product.

- (3) In giving a fair and adequate explanation of the *investment* or service being provided *firms* should avoid:

....

- (e) using prominent headline rates of return where these rates are unrealistic and unlikely to be obtained by most investors.

....

- (5) To assist *firms*' compliance with *COB 3.8.4R (1) and COB 3.8.8R (1)* in relation to a *specific non-real time financial promotion* further guidance ~~on potential problem areas~~ is given in *COB 3 Annex 4*.

....

- (7) In giving a fair and adequate explanation of the risk involved, *firms* should, where relevant:

- (a) have regard to the provisions in *COB 5.4.12E and COB 5.4.13G*; and

- (b) identify where there is a possibility of loss of initial capital invested and disclose this as one of the main points in the *specific non-real time financial promotion*.

- (8) *Firms* are reminded that, when *communicating or approving a financial promotion relating to a structured capital-at-risk product*, *COB 8.2.1R and COB 8.2.4R (2)* apply.

(i)	...	
(j)	<u>Structured capital-at-risk products</u>	<u>COB 3.9.31R</u>

3.9.14 G To assist *firms*' compliance with COB 3.8.4R (1) and COB 3.8.8R(1) in relation to a *specific non-real time financial promotion* further ~~guidance on potential problem areas~~ is given in COB 3 Annex 4.

After COB 3.9.30R, insert the following:

3.9.31 R When *communicating* or *approving* a *direct offer financial promotion* for a *structured capital-at-risk product* a *firm* must ensure that the following information is included in the mailing pack or included by a clearly visible electronic link if using e-mail, the Internet or other electronic media:

- (1) an explanation of the types of capital-at-risk products generally available and how they would typically work;
- (2) an explanation of the risks associated with investing in these capital-at-risk products;
- (3) details of the key issues that *consumers* should consider before investing in a capital-at-risk product; and
- (4) information about how to complain to the *firm* and how complaints can subsequently be referred to the *Financial Ombudsman Service*.

3.9.32 G (1) When a *firm* complies with its obligations under COB 3.9.31R it should ensure that the information it provides includes in particular the following:

- (a) reference to the different risk profiles of generally available capital-at-risk products when compared with capital secure products such as *deposits*;
- (b) reference to the fact that, because of the risk to capital, capital-at-risk products should only form part of an *investment* portfolio;

- (c) reference to the fact that, before buying, investors should check they understand the way the product is priced, the charges involved, the length of time their money will be tied up and the consequences of cashing in the product early; and
  - (d) contact details for the *FSA's* consumer helpline and website.
- (2) The *FSA* would regard a *firm* that provides a copy of the *FSA's* factsheet about capital-at-risk products entitled 'Capital-at-risk products' as complying with its obligations under *COB* 3.9.31R. *Firms* can obtain copies or buy the artwork by using the *FSA's* online order form at [www.fsa.gov/pubs](http://www.fsa.gov/pubs), Consumer publications.
- (3) Where a *firm* provides a copy of the *FSA's* factsheet, it may wish to include the following wording in its covering literature:
- "The enclosed factsheet about capital-at-risk products is from the Financial Services Authority (FSA), the independent watchdog set up by Parliament. Please read this document carefully."

COB 3 Annex 4

**Additional guidance on particular types of financial promotion**~~Guidance on potential problem areas for financial promotions which identify and promote specific investments and for direct offer financial promotion (G)~~

- 1 This annex forms part of *COB* 3.8.9G(5) and *COB* 3.9.14G. More than one table may be relevant to any one *financial promotion*.
- 2 Table Contents

...

Renumber the following tables in COB 3 Annex 4 as indicated below, and amend as shown.

**4 7 Table B E**

**PEP or ISA transfers**

...

...

**5 4 Table C. B**

**Bond Funds**

A firm constructing a financial promotion for corporate bond funds or similar contracts should take account of the following:

(1) Clear description of the risk

...

(2) Quoting out of date yields

Financial promotions often feature prominently the yield on the fund. In some cases the actual yield being paid at the time the promotion is communicated is materially different to the yield quoted. Owing to lead times, inaccuracies can occur if the market is moving rapidly, but yields several weeks or months out of date are misleading. The promotion should quote the date at which the rate applied. It is ~~unwise~~ misleading for ~~items~~ financial promotions with a long shelf life to feature prominently a rate which may become invalid.

(3) Funds not fully invested

.....

**6 9 Table D. G**

**Guaranteed or protected products**

1. Equal prominence to guaranteed and not guaranteed benefits
  - (a) Firms should give equal prominence to the description of benefits which are guaranteed and of benefits which are not.
  - (b) ~~If the word 'guaranteed' is highlighted, or otherwise emphasised, equal high lighting, or emphasis should be given to the fact that any elements which are 'not guaranteed' are not guaranteed.~~
  - (c) ~~If the reference to guaranteed income is highlighted in, for example, a 'back to back' scheme combining an annuity which is guaranteed with a five year policy or ISA, the proceeds of which are not guaranteed, the fact that the benefits under a life assurance policy or ISA are not guaranteed must be stated with equal prominence.~~
  
2. ~~Past performance – Guaranteed income but not capital~~

~~The FTSE index began in 1984 and reference is often made to its performance. Examples of 'back testing' are often given to show that the index has not fallen in any five year period since 1984. The experience may not, however, be representative of current conditions and if so the results are capable of being misunderstood. Including earlier experience may result in a more balanced presentation of risk.~~

  - (a) A clear statement should be made where relevant benefits are not guaranteed.
  - (b) If any guarantee is given, the guarantor should be named.
  - (c) An equivalent annualised rate of return should be quoted if the cash rate is quoted.
  
3. ~~Averaging – Guaranteed or protected amount payable at the end of the term~~

~~Contracts are normally based on the assumption that the index being used will rise. The use of the average level of the index will reduce the investment potential of the contract. Where the averaging periods cover more than the last six months of the contract term, it should not be implied that averaging is to protect against falls at the end of the term. It should be made clear that investors benefit only from some of the performance of the index and that one effect of averaging is likely to be to constrain the final level of the index used to calculate benefits.~~

The words 'guarantee', 'protected element' or similar may be used to describe the minimum amount payable at the end of the term. This is usually provided at some cost to the investor and *financial promotions* therefore need to make clear what that cost is and how it is imposed.

4. ~~Maximum benefits~~ Counterparty risk  
 These should not be promoted as a particular feature if the economic circumstances required to meet those benefits require investment conditions more favourable than those which would need to prevail to achieve the higher of the growth assumptions specified by the FSA. Firms should ensure that financial promotions for products with a protected element to them, which is not guaranteed, include an explanation of the associated risk of counterparty failure. Firms should avoid giving a misleading impression of the capital security.

~~7 5~~ **Table E C**

**With-profits bonds**

..

~~8 6~~ **Table F D**

**Pensions - phased retirement**

..

~~9 10~~ **Table G H**

**High income products**

1. Income Term  
 .....
2. Problem of disclosure of risks
  - (a) If the rate of income available is at some capital risk or at the expense of growth, or the income or a portion of it comprises a return of capital, these facts should be clearly explained.
  - (b) If direct or indirect comparison is made with a deposit, there should be a prominent statement that the investment does not include the security of capital which is afforded under a deposit.
- ~~3. ——— Guaranteed income but not capital~~
- ~~———— (a) A clear statement should be made where:~~
  - (i) the relevant benefits are not guaranteed; or

- ~~(ii) no benefits are guaranteed.~~
  - ~~(b) If direct or indirect comparison is made with a building society or with other forms of deposit, there should be a prominent statement that the investment does not include the security of capital which is afforded under a deposit with a bank or building society.~~
  - ~~(c) If any guarantee is given, the guarantor should be named.~~
  - ~~(d) An equivalent annualised rate of return (for example 8.16% relating to a cash return payable of 8% per annum half yearly) may be quoted if the cash rate is quoted more prominently than the equivalent annualised rate and the nature of the equivalent annualised rate is described.~~
  - ~~(e) An equivalent gross return (allowing for notional income tax) may be quoted provided that it is:-~~
    - ~~(i) less prominent than the actual cash return; and~~
    - ~~(ii) stated that tax is not recoverable by investors.~~
- 4.3. High income bonds, high income unit trusts and similar types of collective investment schemes
- .....

**10 11 Table H I**

**Stock market ~~bonds~~ products**

Stock market ~~bonds~~ products are those investments which offer returns linked to the price of equities or an index such as the FTSE 100.

~~(1) Minimum amount payable at the end of the term~~

The word 'guarantee' is usually used to describe the minimum amount payable at the end of the term. This guarantee is usually provided at some cost to the investor and promotions therefore need to make clear what that cost is and whether it is levied:-

- ~~(a) from the start, for example by means of an additional initial charge; or~~
- ~~(b) only if the guarantee is invoked, for example by reference to an index or other indicator which includes capital growth but excludes investment income.~~

~~(2) (1) Potential for Growth~~

.....

~~(3) (2) Amount invested~~

.....

~~(4) (3) Gross returns and tax on underlying fund~~

.....

~~(5) (4) Taxation of investor~~

.....

~~(6) (5) Early Encashment~~

.....

(6) Averaging

Contracts are normally based on the assumption that the index being used will rise. The use of the average level of the index will reduce the investment potential of the contract. Where the averaging periods cover more than the last six months of the contract term, it should not be implied that averaging is to protect against falls at the end of the term. It should be made clear that investors benefit only from some of the performance of the index and that one effect of averaging is likely to be to constrain the final level of the index used to calculate benefits.

(7) Maximum benefits

These should not be promoted as a particular feature if the economic circumstances required to meet those benefits require investment conditions more favourable than those which would need to prevail to achieve the higher of the growth assumptions specified by the FSA.

11. Table I.

**Hybrid bonds**

A hybrid bond refers to those life policy investments which combine one investment designed to provide income with another designed to return all or part of the capital. Potential problems with the promotion of 'hybrid bonds' are listed below. These should all be clearly explained, where applicable, in a direct offer financial promotion:

- (1) although the word 'income' is used to describe the regular payments generated from part of the investment, only part of each payment derives from interest earned on that money. The balance consists of a return of the capital itself;
- (2) although payments may be promised at a pre-defined level for a set period, there should be no implication that the original capital is guaranteed to be returned;
- (3) part of the investment is often invested in vehicles which offer opportunities for rapid growth, with risks of loss;
- (4) whilst the larger tranche is typically invested in a unit linked bond, the income producing tranche is given the greater prominence resulting in an unbalanced picture of the investment and the risks.

12.8 Table J F

**Personal pensions and stakeholder pension schemes**

....

...

5.4.4 E The reasonable steps in COB 5.4.3R should include the steps set out in COB 5.4.6E to ~~COB 5.4.10E~~ COB 5.4.12E as appropriate, in relation to transactions in the following types of *investment* or activity:

.....

(7) *structured capital-at-risk products* (see COB 5.4.12E).

...

After COB 5.4.11E, insert the following:

5.4.12 E (1) Unless (2) applies, in relation to a transaction in a *structured capital-at-risk product*, the *firm* should provide the *private customer* with a notice containing a clear, fair and adequate description of the *structured capital-at-risk product* which is to be the subject of the transaction, in a manner calculated to bring to the attention of the *private customer* the risks involved, in particular (and if applicable):

- (a) that the return of initial capital invested at the end of the investment period is not guaranteed and therefore the *private customer* may get back less than what was originally invested;
- (b) that the amount of initial capital repaid may be geared, which means that a small percentage fall in the related index may result in a larger reduction in the amount paid out to the *private customer*;
- (c) that any maximum benefit advertised to the *private customer* is only available after a set period, indicating how long that period is;
- (d) that redeeming a product early may result in redemption penalties and a poor return;
- (e) that the initial capital invested may be placed into high risk investments, such as non-investment grade bonds;
- (f) that the rate of income or growth advertised to *private customers* may depend on specified conditions being met, indicating what these conditions are;
- (g) that the *private customer* should not enter into the transaction unless he is prepared to lose some or all of the money he has invested;
- (h) that the *private customer* should satisfy himself that the *structured capital-at-risk product* is suitable for him, in the light of his circumstances and financial position, and if the *private customer* is in any doubt he should seek professional advice; and

(i) a clear, fair and adequate description of any other relevant risks affecting the value, trading price, and realisation of the value of the structured capital-at-risk product.

(2) If the firm is acting as an investment manager, it should provide the notice referred to in (1) as part of its terms of business, but need not provide a notice before each transaction in a structured capital-at-risk product, provided that the structured capital-at-risk product is within the range of structured capital-at-risk products described in the terms of business.

5.4.13 G In relation to a transaction in a structured capital-at-risk product, if it is relevant, firms should comply with COB 5.4.7E.

...

6.6.5 R COB 6.6.4R does not apply to a firm when it provides a projection:

...

(7) provided in accordance with COB 8.2.4R and COB 8.2.17E where the life policy, scheme or stakeholder pension scheme is a structured capital-at-risk product.

...

8.2.1 R This section applies to a firm when it:

(1) ...

.....

(3) (a) sells a structured capital-at-risk product to a private customer;  
or

(b) advises a private customer on a structured capital-at-risk product; or

(c) communicates or approves a financial promotion relating to a structured capital-at-risk product to a person who is a private customer; or

(d) manages the relevant assets of the issuer of a structured capital-at-risk product.

...

8.2.4 R (1) A firm to which COB 8.2.1R (1) or (2) applies must, promptly and at suitable intervals, provide the customer with a written statement containing adequate information on the value and composition of the customer's account or portfolio with the firm, as at the end of the period covered by the statement, unless COB 8.2.6R applies.

(2) A firm must not carry out any activity in COB 8.2.1R (3) unless it:

(a) provides; or

(b) takes reasonable steps to ensure that there are arrangements for providing;

promptly, and at suitable intervals, investors in a structured capital-at-risk product with a written statement containing adequate information on the value and composition of the investor's structured capital-at-risk product, as at the end of the period covered by the statement.

(3) A firm need not comply with (2) if COB 8.2.6R (Exceptions from the requirement to provide a periodic statement) applies.

...

8.2.10 E Table: Periodic statements – timing and content

This table belongs to COB 8.2.7E.

Periodic statements: timing and content	
...	
Suitable intervals	(2) A periodic statement should be provided:
	(a) six-monthly, to a private customer or an intermediate customer not subject to 2(d), unless the customer's account or portfolio consists entirely of structured capital-at-risk products, in which case the periodic statement may be provided once in any period not exceeding 12 months;
...	
Adequate information	(3) A periodic statement should contain:
	(a) (i) the information set out in COB 8.2.11E;
	(ii) if applicable the additional information in COB 8.2.12E, COB 8.2.13E, COB 8.2.14E, and COB 8.2.15E and COB 8.2.17E; and
	(iii) ...

After COB 8.2.16G, insert the following:

8.2.17 E Table: Periodic statements – additional information required for a structured capital-at-risk product

This table belongs to COB 8.2.10E (3)(a)(ii)

Additional information required when a *firm sells, advises on or communicates* or *approves a financial promotion* relating to a *structured capital-at-risk product* to a *person who is a private customer*, or manages the relevant assets of the issuer of a *structured capital-at-risk product*

1 Statement of ‘snap shot’ maturity value

A statement of the maturity value of the *investment*, on the assumption that the relevant index, indices, ‘basket’ of selected stocks, or other factor remained at the level they were on the closing date of the period covered.

2 Changes in maturity value

A statement of the levels of the relevant index, indices, ‘basket’ of selected stocks, or other factor, at which the maturity value of the *investment* would be less than the amount of the initial capital invested, and an indication of by how much less the maturity value would be.

3 Risk warning

A warning that the value of the relevant index, indices, ‘basket’ of selected stocks, or other factor can go up or down.

## Annex B

### Amendments to the Glossary

Insert the following new definitions in the appropriate alphabetical position.

- structured capital-at-risk product a product, other than a *derivative*, which provides an agreed level of income or growth over a specified investment period and displays the following characteristics:
- (a) the customer is exposed to a range of outcomes in respect of the return of initial capital invested;
  - (b) the return of initial capital invested at the end of the investment period is linked by a pre-set formula to the performance of an index, a combination of indices, a 'basket' of selected stocks (typically from an index or indices), or other factor or combination of factors; and
  - (c) if the performance in (b) is within specified limits, repayment of initial capital invested occurs but if not, the customer could lose some or all of the initial capital invested.

- structured deposit a deposit paid on terms under which any interest or premium will be paid, or is at risk, according to a formula which involves the performance of:
- (a) an index (or combination of indices)(other than money market indices);
  - (b) a stock (or combination of stocks); or
  - (c) a commodity (or combination of commodities).

**CONFLICTS OF INTEREST (CORPORATE FINANCE AND INVESTMENT ANALYSTS) (POSTPONEMENT) INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 ("the Act"):
- (1) section 138 (General rule-making power);
  - (2) section 149 (Evidential provisions);
  - (3) section 156 (General supplementary powers); and
  - (4) section 157(1) (Guidance).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force immediately.

**Amendments to the Conflicts of Interest (Corporate Finance and Investment Analysts) Instrument 2003**

- D. Paragraph C of the Conflicts of Interest (Corporate Finance and Investment Analysts) Instrument 2003 is amended to replace "1 February 2004" with "1 May 2004".

## 10.1 Introduction

...

### Contents of this chapter

- 10.1.4 G (1) ...
- (2) This chapter requires the accounts contained in the annual and half-yearly reports to comply with the *IMA SORP Statement of Recommended Practice, Financial Statements of Authorised open-ended investment companies*, issued by the *FSA* in November 2000 (“SORP relating to Authorised open-ended investment companies”) (for a report on an *ICVC*) or with the *Statement of Recommended Practice, Financial Statements of Authorised unit trust schemes*, issued by *IMRO* in January 1997 (“SORP relating to Authorised unit trust schemes”) (for a report on an *AUT*).
- ...

...

## 10.3 Contents of annual and half-yearly reports

### Annual reports

- 10.3.3 R (1) An annual report on an *authorised fund* other than an *umbrella scheme* must contain:
- (a) full accounts for the *annual accounting period* which must, subject to the *rules* in this chapter, include all the matters required to be included in them by the *IMA SORP Statement of Recommended Practice relating to Authorised open-ended investment companies* or by the *Statement of Recommended Practice relating to authorised unit trust schemes*. Accordingly, references to those accounts (and to short form accounts mentioned in *CIS 10.3.6R*) are not to be construed to relate only to the balance sheet and the statement of total return;
- ...

...

### Half-yearly reports

- 10.3.4 R (1) A half yearly report on an *authorised fund*, other than an *umbrella scheme* must contain:
- (a) full accounts for the *half-yearly accounting period* which must, subject to the *rules* in this chapter, consist of the matters required by the *IMA SORP Statement of*

~~Recommended Practice relating to Authorised open-ended investment companies or by the Statement of Recommended Practice relating to Authorised unit trust schemes ; and~~

...

...

### Short form accounts in reports

10.3.6 R (1) ...

...

(3) Short-form accounts must comply with the relevant requirements of the *IMA SORP* Statement of Recommended Practice mentioned in CIS 10.3.3R(1)(a).

...

...

## 10.4 Information to be included in annual and half-yearly reports

### Report of the auditor

10.4.8 R The report of the auditor to the *holders* on the accounts of the *authorised fund*, or on the aggregated accounts of the *umbrella scheme* (or for a report prepared for the purposes of CIS 10.3.3R(3), on the accounts of the *sub-fund*) must state:

(1) whether, in the auditor's opinion, the accounts have been properly prepared in accordance with the *IMA SORP* Statement of Recommended Practice relating to ~~Authorised open-ended investment companies~~, or the Statement of Recommended Practice relating to *authorised unit trust schemes*, the rules in this sourcebook, and the *instrument constituting the scheme*;

...

...

### Auditor's statement relating to short form accounts

10.4.9 R In relation to short-form accounts for any *annual accounting period*, the auditor must state whether, in the auditor's opinion, the short-form accounts are:

(1) ...

(2) prepared in accordance with:

(a) the *IMA SORP* Statement of Recommended Practice relating to ~~Authorised open-ended investment companies~~ or in accordance with the Statement of Recommended Practice relating to *authorised unit trust schemes* so far as they it relates to short-form accounts; and

(b) ...

...

## Annex B

### Amendments to the Conduct of Business sourcebook

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### 6.6 Projections

...

#### **Changes and expenses disclosure for authorised ~~unit trusts~~ funds**

6.6.65 G (1) ...

- (2) Those expenses that were, or would be, reported in the Annual report and Financial Statements of authorised funds ~~authorised unit trust schemes~~ in accordance with the IMA SORP 'Statement of Recommended Practice' (SORP) issued by the FSA, will normally provide a suitable starting point for any assessment of the level of charges and expenses. The same principles apply to funds and *schemes* which are not within the scope of the IMA SORP.

...

## **Annex C**

### **Amendment to the Glossary**

Insert the following new definition in the appropriate alphabetical position.

*IMA SORP* the Statement of Recommended Practice for financial statements of *authorised funds* issued by the Investment Management Association and effective as at 1 December 2003.

**INSURANCE: CONDUCT OF BUSINESS SOURCEBOOK INSTRUMENT 2004****Powers exercised**

- A. The Financial Services Authority makes the rules and gives the guidance in this instrument in the exercise of the powers listed in Schedule 4 to the Annex to this instrument (Powers exercised).
- B. The rule-making powers listed in that schedule are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force on 14 January 2005.

**Citation**

- D. (1) This instrument may be cited as the Insurance: Conduct of Business Sourcebook Instrument 2004.
  - (2) The Annex to this instrument (including its schedules) may be cited as the Insurance: Conduct of Business sourcebook (or ICOB).

By Order of the Board  
15 January 2004

## ICOB Transitional Rules

(1)	(2) Material to which the transitional provision applies	(3)	(4) Transitional provision	(5) Transitional provision: dates in force	(6) Handbook provision: coming into force
1	Every <i>rule</i> in <i>ICOB</i> unless the context otherwise requires and subject to any more specific transitional provision relating to the matter.	R	If the application of any provision in <i>ICOB</i> is dependent on the occurrence of a series of events, some of which occur before, and some of which occur after 14 January 2005, the provision applies with respect to the events that occur after 14 January 2005.	14 January 2005 - 15 July 2005	14 January 2005
2		G	For example, if a <i>firm</i> were to <i>advise</i> a <i>customer</i> before 14 January 2005 to <i>buy</i> a <i>non-investment insurance contract</i> , the <i>firm</i> would not be required to comply with the provisions relating to <i>personal recommendations</i> in <i>ICOB</i> 4 if the <i>customer</i> were to <i>buy</i> the <i>non-investment insurance contract</i> after 14 January 2005. However, if the <i>firm</i> were to repeat the <i>personal recommendation</i> to the <i>customer</i> after 14 January 2005, those provisions in <i>ICOB</i> 4 would apply.		
3		G	Where a <i>non-investment insurance contract</i> is concluded before 14 January 2005, the cancellation provisions (if any) applying at the date the cancellation period commences apply.		
4	<i>ICOB</i> 4.4	G	Where, before 14 January 2005, an <i>insurance intermediary</i> makes a <i>personal recommendation</i> to a <i>customer</i> of a specific <i>non-investment insurance contract</i> , or <i>arranges</i> for the <i>customer</i> to enter into a <i>non-investment insurance contract</i> , but the contract is concluded after that date, the <i>insurance intermediary</i> will need to provide the <i>customer</i> with a statement of demands and needs in accordance with <i>ICOB</i> 4.4.1R.		

(1)	(2) Material to which the transitional provision applies	(3)	(4) Transitional provision	(5) Transitional provision: dates in force	(6) Handbook provision: coming into force
5	<i>ICOB 4.7.1R</i> and <i>ICOB 8.4.1R</i>	G	<i>ICOB 4.7.1R</i> and <i>ICOB 8.4.1R</i> apply equally to contracts sold before 14 January 2005 and which come up for <i>renewal</i> after that date as they do to contracts newly entered into after 14 January 2005. <i>Firms</i> may, if they wish, get consent for future <i>renewals</i> when the contract is first sold or at the next <i>renewal</i> .		
6	<b><i>ICOB 2.2.3R(1)</i></b> and <b><i>ICOB 3.8.1R(1)</i></b>	R	A <i>firm</i> may continue to use stationery and similar materials which refer to its membership of the General Insurance Standards Council (GISC) without being considered to be in breach of <i>ICOB 2.2.3R(1)</i> (clear, fair and not misleading communication) or <i>ICOB 3.8.1R(1)</i> (clear, fair and not misleading comparisons).	14 January 2005 - 15 July 2005	14 January 2005
7	<b><i>ICOB 5</i></b>	R	(1) <b><i>ICOB 5.3.1R</i></b> to <b><i>ICOB 5.3.8R</i></b> and <b><i>ICOB 5.4.1R</i></b> to <b><i>ICOB 5.4.9G</i></b> do not apply in respect of any <i>non-investment insurance contract</i> concluded before 14 January 2005, provided that the <i>firm</i> follows the requirements in <b><i>COB 6.8</i></b> that would have applied before 14 January 2005 to such a contract before the contract was entered into.	Indefinitely	14 January 2005

(1)	(2) Material to which the transitional provision applies	(3)	(4) Transitional provision	(5) Transitional provision: dates in force	(6) Handbook provision: coming into force
			(2) If a <i>non-investment insurance contract</i> is concluded before 14 January 2005 and the <i>customer</i> has not previously received a <i>policy document</i> , the <i>insurer</i> or <i>insurance intermediary</i> (as the case may be) must ensure that the <i>customer</i> is provided with a copy of the <i>policy document</i> in good time prior to the commencement of any <i>renewal</i> of or mid-term change to the <i>policy</i> .

# ICOB 1

## Application and purpose

### 1.1 Application and purpose

#### Application

1.1.1 G *ICOB* applies to every *firm* as specified in the remainder of this chapter.

#### Purpose

- 1.1.2 G (1) The purpose of this chapter is to set out to whom, for what activities, and within what territorial limits the *rules, evidential provisions* and *guidance* in *ICOB* apply. The purpose of other chapters in *ICOB* is set out at the beginning of each chapter.
- (2) *ICOB* implements, in part, provisions contained in a number of EC directives:
- (a) the *Insurance Mediation Directive*, in respect of *non-investment insurance contracts*;
  - (b) the *Distance Marketing Directive*, in respect of *non-investment insurance contracts* and *distance non-investment mediation contracts*;
  - (c) the *Consolidated Life Directive*, in respect of cancellation rights and information requirements relating to *non-investment insurance contracts* which are *pure protection contracts*;
  - (d) the *Third Non-Life Directive*, in respect of information requirements relating to *general insurance contracts*; and
  - (e) the *Fourth Motor Insurance Directive*, in respect of *claims* made by an *EEA* resident arising from a motor accident in the *EEA* but outside his country of residence.
- (3) This chapter also provides *guidance* on the application of other parts of the *Handbook* to an *insurance intermediary* that carries on *insurance mediation activities* to which *ICOB* applies.

### 1.2 General application: who? what?

1.2.1 R Except as provided for in *ICOB* 1.2.8R to *ICOB* 1.2.16G, *ICOB* applies to:

- (1) **an insurance intermediary, including an insurer, when it carries on insurance mediation activities for a customer in relation to a non-investment insurance contract or enters into a distance non-investment mediation contract with a retail customer;**
- (2) **an insurer when acting as product provider in relation to a non-investment insurance contract;**
- (3) **a firm when it manages the underwriting capacity of a Lloyd's syndicate as a managing agent at Lloyd's, in relation to a non-investment insurance contract;**
- (4) **a firm which communicates or approves a non-investment financial promotion;**
- (5) **a motor vehicle liability insurer; and**
- (6) **the Society in relation to motor vehicle liability insurance business.**

- 1.2.2 G (1) The definition of *insurance intermediary* includes an *insurer* when the *insurer* is carrying on *insurance mediation activities*, for example when, through its sales force, it *advises on* or *arranges* its own *non-investment insurance contracts* or those of another *insurer*.
- (2) In relation to (1), *insurers* should note that *IPRU(INS) 1.3R* prevents an *insurer* from carrying on an *insurance mediation activity* in respect of a third party's products, unless the *insurer* can show that there is a natural fit or necessary connection between the *insurer's* insurance business and the third party's products.

- 1.2.3 R (1) **In the case of a non-investment insurance contract that is underwritten at Lloyd's by its members, the firm responsible for the management of the insurance business of the member (that is, the managing agent) discharges the obligations of the product provider, which would otherwise be discharged by an insurer. References to managing agents in ICOB therefore relate to their functions in managing the obligations of the member as product provider.**
- (2) **Where there is a chain of insurance intermediaries between the insurer and the customer, ICOB applies only to the insurance intermediary in contact with the customer.**

### **Summary of the application of the chapters of ICOB**

- 1.2.4 G A table summarising the application of the various chapters of *ICOB* to *firms* is set out in *ICOB 1 Ann 1G*. For the detailed application of each chapter, see the application *rule* at the start of that chapter.

- 1.2.5 G All chapters of *ICOB* are relevant to a *firm* that deals with a *retail customer*. Certain chapters of *ICOB* apply in part only or not at all if a *firm* is dealing with a *commercial customer*. *Guidance* on the term *retail customer* is set out in *ICOB* 1.7.3G(1).

**Customer to be treated as retail customer when status uncertain**

- 1.2.6 R **If it is not clear in a particular case whether a *customer* is a *retail customer* or a *commercial customer*, an *insurance intermediary* or an *insurer*, in relation to a *non-investment insurance contract* or a *distance non-investment mediation contract*, must comply with *ICOB* as if the *customer* were a *retail customer*.**

**Application to insurers where the intermediary is unauthorised or where the sale involves a connected contract**

- 1.2.7 G (1) An *insurer* must comply with the following *ICOB* requirements, which are applicable to *insurers* as *product providers*, if its *non-investment insurance contracts* are sold through an intermediary to whom *ICOB* does not apply (because the intermediary is not a *firm*) or if its *non-investment insurance contracts* are *connected contracts*:
- (a) *ICOB* 2 (General rules (including unfair inducements));
  - (b) *ICOB* 3 (Financial promotion) if the *insurer communicates* or *approves a financial promotion*;
  - (c) *ICOB* 4.7 (Unsolicited services);
  - (d) *ICOB* 5 (Product disclosure) as explained in *ICOB* 5.2;
  - (e) *ICOB* 6 (Cancellation) except for *general insurance contracts* and *connected contracts* that are not *distance contracts* (*ICOB* 6.1.5R(5) and (6)); and
  - (f) *ICOB* 7 (Claims handling).
- (2) The circumstances in (1) may occur where article 72B of the *Regulated Activities Order* excludes certain *regulated activities* from regulation when carried on by providers of non-motor goods and services related to travel in relation to *connected contracts*. *Guidance* on the conditions that need to be satisfied by *connected contracts* is contained in *AUTH* App 5.11.13G to *AUTH* App 5.11.15G.

### Large risks within the EEA

- 1.2.8 R Where an *insurance intermediary* carries on *insurance mediation activities* for *commercial customers* in relation to *contracts of large risks* where the risk is located within the *European Economic Area*, the only provisions of *ICOB* that apply are:
- (1) *ICOB 5.4.5R* (provision of a *policy document* to *commercial customers*);
  - (2) *ICOB 5.4.8R* and *ICOB 5.4.9G* (Group policies sold to commercial customers); and
  - (3) *ICOB 7.6* (Motor vehicle liability insurers: claims representatives).
- 1.2.9 G Other parts of the *Handbook* apply where relevant to an *insurance intermediary* within *ICOB 1.2.8R*, including *Principle 7* (Communications with customers) instead of *ICOB 2.2.3R*, which restates *Principle 7* in slightly amended form.

### Authorised professional firms

- 1.2.10 R *ICOB* does not apply to an *authorised professional firm* with respect to its *non-mainstream regulated activities* except for:
- (1) *ICOB 2.2.3R* to *ICOB 2.2.7G* (Clear, fair and not misleading communication);
  - (2) *ICOB 3* (Financial promotion);
  - (3) *ICOB 4.2.2R* in relation to the information for *customers* in table *ICOB 4.2.8R* items numbered (8), (9) and note 4 covering complaints and compensation; and
  - (4) those sections in *ICOB* which implement articles 12 and 13 of the *IMD*, unless:
    - (a) the *designated professional body* of the *firm* has made rules which implement articles 12 and 13 of the *IMD*;
    - (b) those rules have been approved by the *FSA* under section 332(5) of the *Act*; and
    - (c) the *firm* is subject to the rules in the form in which they were approved.
- 1.2.11 G (1) Compliance by an *authorised professional firm* with provisions of the *Distance Marketing Regulations* is dealt with in *PROF 5.4*.

- (2) The effect of *ICOB* 1.2.10R(4) is that if the relevant *designated professional body* of an *authorised professional firm* does not make rules implementing articles 12 and 13 of the *IMD* applicable to *authorised professional firms* those *authorised professional firms* will need to comply with those sections of *ICOB* which implement articles 12 and 13 of the *IMD*, namely *ICOB* 4.1 to *ICOB* 4.4 and *ICOB* 4.8.

#### **Service companies**

**1.2.12 R** *ICOB* does not apply to a *service company*, except for:

- (1) *ICOB* 1.4 (Application in respect of electronic commerce activities and communications);
- (2) *ICOB* 3 (Financial promotion); and
- (3) any provision of *ICOB* incorporated into (1) or (2) by reference.

#### **What contracts?**

##### **Reinsurance contracts**

**1.2.13 R** *ICOB* does not apply if the activities within *ICOB* 1.2.1R relate to a *reinsurance contract*.

##### **Contracts of large risks outside the EEA**

**1.2.14 R** *ICOB* does not apply to the mediation of *contracts of large risks* where the risk is located outside the *European Economic Area*.

##### **Group policies**

- 1.2.15 R**
- (1) If a *non-investment insurance contract* is a *group policy*, *ICOB* (except for *ICOB* 7 (Claims handling)) does not apply with respect to a *person* under such a *policy* who is not the legal holder of the *policy*, subject to (2).
  - (2) If a *firm* makes a *personal recommendation* that a *person* becomes a *policyholder* member of a *group policy*, *ICOB* 4.3 and *ICOB* 4.4 apply to that *personal recommendation* as if the contract were being concluded.
- 1.2.16 G** (1) All chapters of *ICOB* are relevant to a *firm* that deals with a *retail customer* unless *ICOB* 1.2.15R applies. Certain chapters of *ICOB* apply in part only or not at all if a *firm* is dealing with a *commercial customer*.

- (2) In *ICOB* a *customer* is a *policyholder* or a prospective *policyholder*. A *policyholder* includes anyone who, upon the occurrence of the contingency insured against, could expect to have a *claim*, made by him directly to the *insurance undertaking*, accepted by the *insurance undertaking*. *Policyholder* includes a member of a *group policy* who did not conclude the *group policy* with the *insurance undertaking* but who is entitled under the terms of that *policy* to make a *claim* on the *insurance undertaking*. This would include a dependant of a *policyholder* member of a *group policy* if that dependant has a direct right to *claim*. Where such a *person* does not conclude a *group policy* only limited provisions in *ICOB* will apply to him as specified in *ICOB* 1.2.15R.
- (3) A *person* whose right or interest in a *contract of insurance* that is a *group policy* does not entitle him to make a *claim* directly to an *insurance undertaking* (for example, because he is required to make his *claim* to an employer or trustees) is not a *customer*.
- (4) The *rule* at *ICOB* 5.4.8R provides for *commercial customers* who conclude *group policies* to be given a *policy summary* and to be informed that they should give that *policy summary* to each *policyholder*.
- (5) *ICOB* 1.2.15R applies regardless of how a *person* becomes a *policyholder* under a *group policy*, for example, automatically as part of a contract of employment, or voluntarily as part of a flexible benefits package.

### 1.3 General application: where?

#### UK establishments – Territorial scope of *ICOB* 2 to *ICOB* 8

- 1.3.1 R Except as set out in this section, *ICOB* 2 to *ICOB* 8 apply in relation to activities carried on from an establishment maintained by the *firm* (or its *appointed representative*) in the *United Kingdom* only.
- 1.3.2 R In addition to the situation in *ICOB* 1.3.1R, *ICOB* 4.2.19R (Overseas business for UK retail customers) applies wherever the activity is conducted.

#### Financial promotions: Territorial scope of *ICOB* 3

- 1.3.3 R Notwithstanding *ICOB* 1.3.1R, the territorial scope of *ICOB* 3 (Financial promotion) is set out in *ICOB* 3.4 (Application: where?).

#### General insurance contracts: Territorial scope of *ICOB* 5

- 1.3.4 R In addition to the situation in *ICOB* 1.3.1R, but subject to *ICOB* 1.3.6R, *ICOB* 5.5.20R(1) to (3) (Directive-required information) and the other *rules* in *ICOB* 5 (in so far as they relate to such information) apply to *firms* in relation to business in respect of *general insurance contracts* if the *State of the risk* is the *United Kingdom*.

**Pure protection contracts: Territorial scope of ICOB 5 and ICOB 6**

- 1.3.5 R In addition to the situation in *ICOB 1.3.1R*, but subject to *ICOB 1.3.6R*, *ICOB 5.5.20R(4)* to (15) and (22) (Directive-required information), the other rules in *ICOB 5* (in so far as they relate to such information), and *ICOB 6* apply to *firms* in relation to business in respect of *non-investment insurance contracts* which are *pure protection contracts* if the *habitual residence* of the customer is in the *United Kingdom*.

**Exception to extended territorial scope of ICOB 5 and ICOB 6 for distance contracts provided from other EEA States**

- 1.3.6 R The rules in *ICOB 1.3.4R* and *ICOB 1.3.5R* do not apply with respect to an activity exclusively concerning a *distance contract* with a *retail customer*, if the following conditions are satisfied:
- (1) the *firm* carries on the activity from an establishment maintained by the *firm* in an *EEA State* other than the *United Kingdom*;
  - (2) either that *EEA State*:
    - (a) has implemented the *DMD*; or
    - (b) has obligations in its domestic law corresponding to those provided for by the *DMD*;and, in either case, with the result that the obligations provided for by the *DMD* (or corresponding obligations) are applied by that *EEA State* when the *firm* carries on that activity; and
  - (3) the *firm* is a national of an *EEA State* or a company or firm mentioned in article 48 of the *Treaty*.

- 1.3.7 G The restriction in *ICOB 1.3.6R* reflects the fact that the provisions of the *Distance Marketing Directive* will be for the country of origin of the *insurance intermediary* to enforce. This is the state of the *firm's* establishment (head office or *branch*) carrying on the *insurance mediation activity*.

- 1.3.8 R The territorial scope of this sourcebook is modified by *ECO* in relation to *electronic commerce activities* and *electronic commerce communications*.

- 1.3.9 G *ICOB 1.4* contains *guidance* on how this sourcebook is modified by *ECO*.

**1.4 Application in respect of electronic commerce activities and communications**

**Application and purpose**

- 1.4.1 G (1) *ICOB 1.4* applies to a *firm*:

- (a) which is an *electronic commerce activity provider*, that is, any *firm* which carries on an *electronic commerce activity*;
  - (b) in relation to a *financial promotion* which is an *electronic commerce communication*;
  - (c) which concludes *distance contracts*, the making or performance of which constitutes, or is part of, *insurance mediation activity* in relation to *non-investment insurance contracts*.
- (2) Paragraph (1) means that *firms* need to be aware of this section whenever they are providing a service which:
- (a) is normally provided for remuneration;
  - (b) is provided at a distance;
  - (c) is so provided by means of electronic equipment for the processing (including digital compression) and storage of data;
  - (d) is so provided at the individual request of a recipient of the service.

**Modification of ICOB resulting from the E-Commerce Directive**

- 1.4.2 G The modifications made to *ICOB* resulting from the introduction of the *E-Commerce Directive* are of three kinds:
- (1) *ECO 1.1.6R* modifies *ICOB* so that a *firm* providing an *electronic commerce activity* from an establishment elsewhere in the *EEA* to a recipient who is in the *United Kingdom* (an *incoming ECA provider*) is not required to comply with any provisions of *ICOB*.
  - (2) *ECO 2*:
    - (a) modifies *ICOB* so that, in relation to a *financial promotion* which is an *outgoing electronic commerce communication*, *ICOB 3* has an extended application to cover the whole of the *EEA*; and
    - (b) obliges such a *firm*, in providing an *electronic commerce activity* within the *EEA*, to comply with the minimum information and other requirements in the *E-Commerce Directive*;

otherwise *ICOB* applies in the usual way to such a *firm*.
  - (3) *ECO 3* applies to a *firm* providing an *electronic commerce activity* from an establishment in the *United Kingdom* to a recipient who is in the *United Kingdom* or in a non-*EEA State* (a *domestic ECA provider*). Such a *firm* has to comply with *ICOB* in the usual way and so the requirements in *ECO 3* are in addition to *ICOB*. *ECO 3* sets out the minimum information and other requirements in the *E-Commerce Directive*.

## 1.5 Summary of Handbook provisions for insurance intermediaries

- 1.5.1 G A table summarising the application of the *Handbook* to *firms* carrying on *insurance mediation activities* is set out in *ICOB* 1 Ann 2G. For the detailed application of each module, see the application provision at the start of the module, or its chapter or section.

## 1.6 Application to appointed representatives

- 1.6.1 G (1) Although *ICOB* does not apply directly to a *firm's appointed representatives*, a *firm* will always be responsible for the acts and omissions of its *appointed representatives* in carrying on business for which the *firm* has accepted responsibility (section 39(3) of the *Act*). In determining whether a *firm* has complied with any provision of *ICOB*, anything done or omitted by a *firm's appointed representative* (when acting as such) will be treated as having been done or omitted by the *firm* (section 39(4) of the *Act*).
- (2) *ICOB* 8.5 (Cancellation requirements) does not apply to a *distance non-investment mediation contract* entered into by an *appointed representative* itself to provide *insurance mediation activity* services to a *retail customer*. Regulations 8 (Right to cancel) to 12 (Payment for services provided before cancellation) of the *Distance Marketing Regulations* apply instead (see regulation 4(5)). See also *ICOB* 1.7.3G(2)(e), (f) and (g) (*guidance* on when a *distance non-investment mediation contract* is concluded).
- (3) *Firms* should refer to *SUP* 12 (Appointed representatives), which sets out requirements which apply to *firms* using *appointed representatives*.

## 1.7 Guidance on application of the Distance Marketing Regulations and expressions derived from the Distance Marketing Directive

- 1.7.1 G The purpose of *ICOB* 1.7.2G and *ICOB* 1.7.3G is to provide:
- (1) *guidance* on the application of parts of the *Distance Marketing Regulations* for *non-investment insurance contracts* and *distance non-investment mediation contracts*; and
- (2) *guidance* on expressions in *ICOB* derived from the *Distance Marketing Directive*.

### Application of parts of the Distance Marketing Regulations

- 1.7.2 G *ICOB* implements most of the *Distance Marketing Directive* for *non-investment insurance contracts* that are *distance contracts* and for *distance non-investment mediation contracts*. However, certain aspects of the *Distance Marketing Directive* are implemented by provisions of the *Distance Marketing Regulations*, which apply in addition to *ICOB*, in particular:
- (1) Regulation 11 (Automatic cancellation of an attached distance contract); and

- (2) Regulation 13 (Payment cards).

**Guidance on expressions derived from the Distance Marketing Directive**

1.7.3 G *ICOB* adopts certain expressions derived from the *Distance Marketing Directive*, as follows:

(1) Retail customer

(a) The *Distance Marketing Directive* applies to 'any natural person who... is acting for purposes which are outside his trade, business or profession'. In *ICOB* the term '*retail customer*' has been adopted. In practice, private individuals may act in a number of capacities. In the *FSA's* view, a *customer* will be a *commercial customer* and not a *retail customer* if he is an individual acting, for example:

- (i) as trustee of a trust such as a housing or NHS trust;
- (ii) as member of the governing body of a club or other unincorporated association such as a trade body and a student union;
- (iii) as pension trustee;
- (iv) as a *person* taking out, or who has taken out, a *non-investment insurance contract* relating to property bought under a buy-to-let mortgage;
- (v) as *partner* in a *partnership* when taking out insurance for purposes wholly related to his profession.

(b) Examples of individuals who would be regarded as *retail customers* include:

- (i) personal representatives, including executors, unless they are acting in a professional capacity, for example, a solicitor acting as executor;
- (ii) private individuals acting in personal or other family circumstances, for example, as trustee of a family trust; and
- (iii) a *customer* who *buys* a *non-investment insurance contract* that covers him in both a private and business capacity, for example motor insurance for a driving instructor which also provides cover for social and domestic use, or insurance taken out by a sole trader which provides cover for him in both a private and a business capacity.

(2) Distance contract

- (a) To be a *distance contract*, a contract must be concluded under an 'organised distance sales or service-provision scheme' run by the contractual provider of the service who, for the purpose of the contract, makes exclusive use (directly or through an *insurance intermediary*) of one or more *means of distance communication* up to and including the time at which the contract is concluded. So:
- (i) the *insurance intermediary* must have put in place facilities designed to enable a *retail customer* to deal with it exclusively at a distance, such as facilities for a *retail customer* to deal with it purely by *post*, telephone, fax or the Internet. If an *insurance intermediary* normally operates face-to-face and has no facilities in place enabling a *retail customer* to deal with it customarily by distance means, the *DMD* will not apply. A one-off transaction effected exclusively by distance means to meet a particular contingency or emergency will not be a *distance contract*; and
  - (ii) there must have been no simultaneous physical presence of the *insurance intermediary* and the *retail customer* throughout the offer, negotiation and conclusion of the contract. So, for example, contracts offered, negotiated and concluded over the Internet, through a telemarketing operation or by *post*, will normally be *distance contracts*. A *retail customer* may visit the local office of the *insurance intermediary* in the course of the offer, negotiation or conclusion of a contract with that *insurance intermediary*. Wherever, in the literal sense, there has been "simultaneous physical presence" of the *insurance intermediary* and the *retail customer* at the time of such a visit, any ensuing contract will not be a *distance contract*.
- (b) The mere fact that an intermediary (acting for the *insurance undertaking* or for the *retail customer*) is involved, does not make the sale of a financial product or service a *distance contract*.

(3) Conclusion of a contract

- (a) A contract is concluded when an offer to be bound by the *non-investment insurance contract* has been accepted. An offer in the course of negotiations (for example, an offer by an *insurance undertaking* to consider an application) is not an offer to be bound, but is part of a pre-contractual negotiation. A *customer* will provide all the information an *insurance undertaking* needs to decide whether to accept a risk and to calculate the *premium*. The *customer* may do this orally, in writing or by completing a proposal form. The response by an *insurance undertaking*, giving a quotation to the *customer* specifying the *premium* and the terms, is likely to amount to an offer of the terms on which the *insurance undertaking* will insure the risk. Agreement by the *customer* to those terms is likely to be an acceptance which concludes the contract. In other cases where the *insurance undertaking* requires a signed proposal form (for example, some *pure protection contracts*), the proposal form may amount to an offer by the *customer* on which the *insurance undertaking* decides whether to insure the risk and in such cases the *insurance undertaking's* response is likely to be the acceptance.
  - (b) Where the parties to a contract agree that insurance cover should commence before all the terms and conditions have been agreed, the *customer* should be provided with information required by *rules* in *ICOB* to be provided before conclusion of the contract to the extent that agreement has been reached.
- (4) Distance non-investment mediation contracts
- (a) Some of the services which some *insurance intermediaries* provide will themselves fall within the scope of the *Distance Marketing Directive*. *ICOB 8* applies to an *insurance intermediary* which enters into a *distance non-investment mediation contract* with a *retail customer*. The *FSA* expects the requirements in *ICOB 8* to be relevant in a small minority of cases. *ICOB 8* will not apply in the typical case where an *insurance intermediary* sells an *insurance contract* to a *retail customer* on a one-off basis, even if the *insurance intermediary* is involved in the *renewal* of that contract and handling *claims* under it. *ICOB 8* will also not apply if an *insurance intermediary*, in its terms of business, makes clear that it does not, in conducting *insurance mediation activities*, act contractually on behalf of, or for, its *retail customer*, in which case the *insurance intermediary* can proceed on the basis that no *distance non-investment mediation contract* will arise.
  - (b) *ICOB 8* is only relevant if both of the following conditions are satisfied:
    - (i) an *insurance intermediary* concludes a *distance contract* with a *retail customer* covering its *insurance mediation activities* which is additional to any *insurance contract* which it is marketing;

- (ii) the *insurance intermediary's distance contract* is concluded other than merely as a stage in the *effecting* or *carrying out* of an *insurance contract* by the *firm* or another *person*, in other words it has some continuity independent of an *insurance contract*, as opposed, for example, to being concluded as part of marketing an *insurance contract*.
- (c) An example of a *distance non-investment mediation contract* would be a *distance contract* under which an *insurance intermediary* agrees to provide *advice* on a *retail customer's* insurance needs as and when they arise.

## ICOB 1: Application and purpose

### Annex 1G

#### Summary of the application of the chapters of ICOB

1 This annex belongs to *ICOB* 1.2.4G and summarises the application of the various chapters of *ICOB* to *firms* that carry on *insurance mediation activities*. For the detailed application of each chapter, see the application *rule* at the start of that chapter.

2 Table

Chapter	Who does the chapter apply to?
<i>ICOB</i> 2 (General rules, including unfair inducements)	(1) <i>ICOB</i> 2 applies to:  (a) an <i>insurer</i> ;  (b) an <i>insurance intermediary</i> ;  (c) a <i>managing agent</i> .  (2) <i>ICOB</i> 2.3, 2.4, 2.5, 2.6, 2.7 and 2.8 apply to a <i>firm</i> that <i>communicates</i> or <i>approves</i> a <i>non-investment financial promotion</i> .
<i>ICOB</i> 3 (Financial promotion)	<i>ICOB</i> 3 applies to every <i>firm</i> which <i>communicates</i> or <i>approves</i> a <i>non-investment financial promotion</i> .
<i>ICOB</i> 4 (Advising and selling standards)	(1) <i>ICOB</i> 4 applies to an <i>insurance intermediary</i> .  (2) <i>ICOB</i> 4.7 (Unsolicited services) applies to:  (a) an <i>insurer</i> ;  (b) a <i>managing agent</i> .
<i>ICOB</i> 5 (Product disclosure)	<i>ICOB</i> 5 applies to:  (1) an <i>insurer</i> ;  (2) an <i>insurance intermediary</i> other than when <i>introducing</i> ;  (3) a <i>managing agent</i> .
<i>ICOB</i> 6 (Cancellation)	<i>ICOB</i> 6 applies to:  (1) an <i>insurer</i> ;  (2) a <i>managing agent</i> .
<i>ICOB</i> 7 (Claims handling)	(1) <i>ICOB</i> 7, except for <i>ICOB</i> 7.6, applies to:  (a) an <i>insurer</i> ;

Chapter	Who does the chapter apply to?
	<p>(b) an <i>insurance intermediary</i>;</p> <p>(c) a <i>managing agent</i>.</p> <p>(2) <i>ICOB 7.6</i> applies in respect of <i>motor vehicle liability insurance business</i> to:</p> <p>(a) a <i>motor vehicle liability insurer</i>;</p> <p>(b) the <i>Society</i>.</p>
<p><i>ICOB 8</i> (Distance non-investment mediation contracts with retail customers)</p>	<p><i>ICOB 8</i> applies to an <i>insurance intermediary</i>.</p>

## ICOB 1: Application and purpose

### Annex 2G

#### Summary of Handbook provisions for insurance intermediaries

- 1 This table belongs to *ICOB 1.5.1G*.
- 2 This table sets out the provisions in the *Handbook* that apply to *firms* which are *insurance intermediaries* where they:

- (1) carry on *insurance mediation activities* in relation to a *non-investment insurance contract*; or
- (2) *communicate* or *approve* a *non-investment financial promotion*.

It also sets out the provisions in the *Handbook* that apply to *approved persons*.

For convenience, the former activity is referred to in the table as (1) and the latter as (2).

- 3 Table

	Module	Application
High Level Standards	General provisions, <i>GEN</i>	Applies (at least in part) in respect of (1) and (2).
	Principles for Businesses, <i>PRIN</i>	
	Threshold Conditions, <i>COND</i>	
	Statements of Principle and Code of Practice for Approved Persons, <i>APER</i>	Applies to every <i>approved person</i> who performs a <i>controlled function</i> under an <i>arrangement</i> entered into by an <i>insurance intermediary</i> when doing either (1) or (2).
	The Fit and Proper test for Approved Persons, <i>FIT</i>	Applies to an <i>insurance intermediary</i> in respect of any application that it makes for the approval of a <i>person</i> to perform a <i>controlled function</i> , and in respect of the continuing approval of that <i>person</i> .
	Senior Management Arrangements, Systems and Controls, <i>SYSC</i>	Applies in respect of (1) and (2).

	<b>Module</b>	<b>Application</b>
Business Standards	Interim Prudential sourcebooks	
	<i>IPRU (BANK)</i>	Applies in respect of (1) where the <i>insurance intermediary</i> is also a <i>bank</i> .
	<i>IPRU (BSOC)</i>	Applies in respect of (1) where the <i>insurance intermediary</i> is also a <i>building society</i> .
	<i>IPRU (FSOC)</i>	Applies in respect of (1) where the <i>insurance intermediary</i> is also a <i>friendly society</i> .
	<i>IPRU (INS)</i>	Applies in respect of (1) where the <i>insurance intermediary</i> is also an <i>insurer</i> .
	<i>IPRU(INV)</i>	Applies in respect of (1) where the <i>insurance intermediary</i> is also an <i>investment firm</i> .
	Prudential sourcebook	
	<i>PRU 9.1 – PRU 9.3</i>	Applies in respect of (1).
	<i>PRU 9.4</i>	Applies in respect of (1) where the <i>insurance intermediary</i> is also an <i>insurer</i> or a <i>mortgage lender</i> .
	Market conduct, <i>MAR</i>	Does not apply to a <i>firm</i> when doing either (1) or (2). However, certain chapters of <i>MAR</i> will apply if: <ul style="list-style-type: none"> <li>(a) the <i>insurance intermediary</i> also engages in <i>behaviour</i> in relation to <i>qualifying investments</i> traded on <i>prescribed markets</i> - then <i>MAR 1</i> applies;</li> <li>(b) the <i>insurance intermediary</i> undertakes or is concerned with <i>offers of securities</i> that may involve <i>price stabilising</i> activity - then <i>MAR 2</i> applies;</li> <li>(c) the <i>insurance intermediary</i> carries on <i>inter-professional business</i> - then <i>MAR 3</i> applies;</li> <li>(d) the <i>insurance intermediary</i> carries on <i>designated investment business</i> - then <i>MAR 4</i> applies.</li> </ul>

	<b>Module</b>	<b>Application</b>
	Conduct of Business sourcebook, <i>COB</i>	Does not apply to an <i>insurance intermediary</i> when doing (1) or (2) unless it opts to provide <i>key features</i> instead of a <i>policy summary</i> (see <i>ICOB 5.5.4R</i> ). However, <i>COB</i> may apply to an <i>insurance intermediary</i> if it also carries on any other <i>regulated activity</i> or <i>communicates</i> or <i>approves a financial promotion</i> not relating to <i>non-investment insurance contracts</i> or <i>qualifying credit</i> .
	Mortgages: Conduct of Business sourcebook, <i>MCOB</i>	Does not apply to an <i>insurance intermediary</i> when doing (1) or (2). However, <i>MCOB</i> may apply to an <i>insurance intermediary</i> if it is also a <i>mortgage lender</i> or carries on <i>mortgage mediation activities</i> .
	Training and Competence sourcebook, <i>TC</i>	<i>TC 1</i> applies when a <i>firm</i> is doing (1) or (2).  <i>TC 2</i> applies only in circumstances where an <i>insurance intermediary</i> has <i>employees advising on non-investment insurance contracts</i> with or for a <i>retail customer</i> as listed in <i>TC 2.1.4R</i> .
	Money Laundering sourcebook, <i>ML</i>	Does not apply when the <i>firm</i> is doing (1) or (2). However <i>ML</i> will apply to an <i>insurance intermediary</i> if it also carries on <i>relevant regulated activities</i> as defined in <i>ML 1.1.4R</i> .
	Client Assets sourcebook, <i>CASS</i>	<i>CASS 5</i> applies when a <i>firm</i> is doing (1) if it receives and holds <i>money</i> from or on behalf of a <i>client</i> , or receives and holds <i>money</i> as agent for an <i>insurance undertaking</i> .

	<b>Module</b>	<b>Application</b>
Regulatory processes	Authorisation manual, <i>AUTH</i>	<p>Applies to:</p> <p>(1) a <i>person</i>, other than an <i>authorised person</i>, considering carrying on the <i>regulated activities</i> that include <i>insurance mediation activities</i> in the <i>United Kingdom</i>, and who requires <i>guidance</i> on whether <i>authorisation</i> is required and, if so, how to apply to the <i>FSA</i> for <i>Part IV permission</i>;</p> <p>(2) an <i>EEA firm</i> or a <i>Treaty firm</i> that wishes to establish a <i>branch</i> or provide <i>cross border services</i> into the <i>United Kingdom</i> in relation to <i>insurance mediation activities</i> or wishes to apply for a <i>top-up permission</i> that includes <i>insurance mediation activities</i>;</p> <p>(3) a <i>person</i> wishing to obtain approval for <i>persons</i> to perform <i>controlled functions</i> in relation to <i>insurance mediation activities</i>; and</p> <p>(4) a <i>person</i> wishing to understand how the <i>FSA</i> will use its powers in relation to <i>authorisation</i> to determine applications.</p>
	Supervision manual, <i>SUP</i>	<p>The following chapters of <i>SUP</i> apply to an <i>insurance intermediary</i> when doing (1) or (2): 1, 2, 3, 5, 6, 7, 8, 9, 10, 11, 12, 15, 16, 18 (but only if the <i>insurance intermediary</i> is an <i>insurer</i>), 20.</p> <p>The following chapters of <i>SUP</i> do not apply to an <i>insurance intermediary</i> when doing (1) or (2): 4, 13, 14, 17, 18 (unless the <i>insurance intermediary</i> is an <i>insurer</i>), 19.</p>
	Enforcement manual, <i>ENF</i>	Applies to an <i>insurance intermediary</i> when doing (1) or (2).
	Decision making manual, <i>DEC</i>	Applies to an <i>insurance intermediary</i> when doing (1) or (2).
Redress	Dispute resolution: Complaints, <i>DISP</i>	Applies to an <i>insurance intermediary</i> when doing (1) or (2).
	Compensation, <i>COMP</i>	An <i>insurance intermediary</i> , as a <i>participant firm</i> for the purposes of <i>COMP</i> in respect of <i>insurance mediation activities</i> relating to <i>non-investment insurance contracts</i> , is liable to contribute to a levy raised by the <i>FSCS</i> for the purposes of paying compensation.

	<b>Module</b>	<b>Application</b>
Specialist sourcebooks	Credit Unions, <i>CRED</i>	Applies to an <i>insurance intermediary</i> doing (1) or (2) where it is also a <i>credit union</i> .
	Electronic Commerce Directive, <i>ECO</i>	Applies to an <i>insurance intermediary</i> doing (1) or (2).
	Electronic money, <i>ELM</i>	Does not apply to an <i>insurance intermediary</i> doing (1).  May apply to an <i>insurance intermediary</i> doing (2).
	Professional firms, <i>PROF</i>	Applies to an <i>insurance intermediary</i> doing (1) or (2) where it is also a <i>professional firm</i> .
	Lloyd's sourcebook, <i>LLD</i>	Applies only to the <i>Society</i> but some requirements are relevant to an <i>insurance intermediary</i> doing (1) or (2) where it is also an <i>underwriting agent</i> .
	Collective Investment Schemes sourcebook, <i>CIS</i>	Applies to an <i>insurance intermediary</i> doing (1) or (2) where it is also an <i>operator</i> or a <i>depository</i> of an <i>AUT</i> , <i>ICVC</i> or certain other <i>collective investment schemes</i> .
	Recognised Investment Exchanges and Recognised Clearing Houses, <i>REC</i>	Does not apply.

## ICOB 2

### General rules (including unfair inducements)

#### 2.1 Application: who?

##### 2.1.1 R (1) This chapter applies to:

- (a) an *insurer*;
- (b) an *insurance intermediary*;
- (c) a *managing agent*.

(2) *ICOB 2.3, 2.4, 2.5, 2.6, 2.7 and 2.8 apply to a firm that communicates or approves a non-investment financial promotion to which ICOB 3 applies.*

#### 2.2 Communication

2.2.1 G The purpose of *ICOB 2.2.3R* is to restate, in slightly amended form, and as a separate *rule*, the part of *Principle 7* (Communications with customers) that relates to communication of information. This enables a *customer*, who is a *private person*, to bring an action for damages under section 150 of the *Act* (Contravention of rules) to recover loss resulting from a *firm* referred to in *ICOB 2.1.1R* communicating information in the course of *regulated activities* in a way that is not clear or fair or that is misleading.

##### 'Key facts' logo

2.2.2 R A *firm* must not use the key facts logo unless it is required by a *rule*.

##### Clear, fair and not misleading communication

2.2.3 R (1) When a *firm* communicates information to a *customer*, it must take reasonable steps to communicate in a way that is clear, fair and not misleading.

(2) Paragraph (1) does not apply to a *firm* when it *communicates a non-investment financial promotion* in circumstances in which *ICOB 3 (Financial promotion)* applies to the *firm*.

2.2.4 G When considering how to comply with the requirements of *ICOB 2.2.3R*, a *firm* should have regard to the *customer's* knowledge of the *contract of insurance* to which the information relates.

- 2.2.5 G *ICOB 2.2.3R* covers all communications with *customers*, for example, any oral or written statements, telephone calls and any correspondence which is not a *non-investment financial promotion* to which *ICOB 3* (Financial promotion) applies. In respect of *non-investment financial promotions*, *firms* should note the separate requirements of *ICOB 3*.
- 2.2.6 G Prominence of relevant information can play a key role in ensuring that a communication is clear, fair and not misleading. Where this is the case, the *FSA* will assess prominence in the context of the communication as a whole. Use can be made of the positioning of text, background and text colour and type size to ensure that specified information meets the requirements of *ICOB*.
- 2.2.7 G A *firm* should make every effort to ensure that information is presented clearly, fairly and in a way that does not mislead, whether it is to be viewed as a hard copy, as an electronic document on screen or presented on some other medium (such as audio-tape for visually-impaired *customers*). A *firm* should:
- (1) use materials and design (including paper size, colour, font type and font size, tone and volume) to present the information legibly and accessibly, and in a balanced way;
  - (2) use emphasis sparingly; and
  - (3) not use differential font sizes or positioning so that the impact on a *customer* of some information (e.g. significant conditions, exclusions from the scope of cover or charges made to *customers*) is likely to be materially less than other provisions, parts or pages of the document.

## 2.3 Inducements

- 2.3.1 G *Principles 1* and *6* require a *firm* to conduct its business with integrity, to pay due regard to the interests of its *customers* and to treat them fairly. The purpose of *ICOB 2.3* is to ensure that a *firm* does not conduct business under arrangements that might give rise to a conflict with its duty to *customers* or to unfair treatment of them.

- 2.3.2 R **A *firm* must take reasonable steps to ensure that it, and any *person* acting on its behalf, does not:**

- (1) offer, give, solicit or accept an inducement; or**
- (2) direct or refer any actual or potential business in relation to an *insurance mediation activity* to another *person* on its own initiative or on the instructions of an *associate*;**

**if it is likely to conflict to a material extent with any duty that the *firm* owes to its *customers* in connection with an *insurance mediation activity* or any duty which such a recipient *firm* owes to its *customers* in connection with an *insurance mediation activity*.**

- 2.3.3 G The purpose of *ICOB* 2.3.2R(2) is to prevent the requirement in *ICOB* 2.3.2R(1) being circumvented by an inducement being given or received by an unregulated *associate*. There may be instances where a *firm* is able to demonstrate that it could not reasonably have knowledge of an *associate* giving or receiving an inducement. It should not, however, direct business to another *person* on the instruction of an *associate* if this is likely to conflict with the interests of its *customers*.
- 2.3.4 G An inducement is a benefit offered to a *firm*, or any *person* acting on its behalf, with a view to that *firm*, or that *person*, adopting a particular course of action. This can include, but is not limited to, cash, cash equivalents, *commission*, goods, hospitality or training programmes.
- 2.3.5 G *ICOB* 2.3.2R does not prevent a *firm*:
- (1) assisting an *insurance intermediary* so that the quality of the *insurance intermediary's* service to *customers* is enhanced; or
  - (2) giving or receiving indirect benefits (such as gifts, hospitality or promotional competition prizes);
- providing in either case this is not likely to give rise to a conflict with the duties that the recipient owes to the *customer*. In particular, such benefits should not be of a kind or value that is likely to impair the ability of a *firm* to act in compliance with any *rule* in *ICOB*, for example the suitability requirements in *ICOB* 4.3 (Suitability).
- 2.3.6 G The inducement offered does not need to be related to the sales process itself. For example, an *insurance intermediary* has a duty to its *customers* to act with due care, skill and diligence, where it is acting for them at the *claims* stage.
- 2.3.7 G (1) *ICOB* 2.3.2R states that an inducement will only be considered unfair if it conflicts to a material extent with any duty that the *firm* owes to its *customers*. This means that the circumstances surrounding an inducement may determine whether or not it is unfair. It is a *firm's* responsibility to determine this.
- (2) A *firm* that is offered an inducement should consider whether accepting that inducement might cause it, or any *person* acting on its behalf, to act in a way which conflicts with the duty that the *firm* owes to its *customers*.
- 2.3.8 G (1) Inducements that operate at a distance from the sales process may not be unfair, if they do not have an effect on the sales person's selling of a particular product.
- (2) Incentives offered to staff should not encourage sales staff to sell products unsuited to *customers'* needs.

2.3.9 G A *firm* should have in place its own internal procedures for identifying unfair inducements. For example, it should be able to identify situations where the existence of an inducement has caused a course of action to be adopted, that conflicts to a material extent with any duty that the *firm* owes to its *customers*, and which would not have been taken in the absence of the inducement. It should also have in place a mechanism for remedying such situations should they occur.

## 2.4 Reliance on others

2.4.1 G *Principle 2* requires a *firm* to conduct its business with due skill, care and diligence. *ICOB 2.4* indicates the extent to which *firms* that carry on *insurance mediation activities* and that *communicate* or *approve a non-investment financial promotion* can meet this requirement by relying on others.

2.4.2 R **A *firm* will be taken to be in compliance with any rule in *ICOB* that requires a *firm* to obtain information, to the extent that the *firm* can show that it was reasonable for it to rely on information provided to it in writing by another person.**

2.4.3 E (1) In relying on *ICOB 2.4.2R*, a *firm* should take reasonable steps to establish that the other *person* providing written information:

(a) is either:

(i) not connected with the *firm* and competent to provide the information; or

(ii) provides information given by the *customer* or the *insurer*.

(2) Compliance with (1) may be relied on as tending to establish compliance with *ICOB 2.4.2R*.

(3) Contravention of (1) may be relied on as tending to establish contravention of *ICOB 2.4.2R*.

2.4.4 R (1) **Any information which a rule in *ICOB* requires to be sent to a *customer* may be sent to another *person* on the instruction of the *customer*.**

(2) **There is no need for a *firm* to supply information to a *customer* where it has taken reasonable steps to establish that this has been or will be supplied by another *person*.**

## 2.5 Exclusion of liability

2.5.1 G *Principle 6* (Customers' interests) requires a *firm* to pay due regard to the interests of its *customers* and treat them fairly. A *firm* may not exclude the duties it owes or the liabilities it has to a *customer* under the *regulatory system*. It may exclude other duties and liabilities only if it is reasonable for it to do so.

2.5.2 R A *firm* must not, in any written or oral communication, seek to exclude or restrict, or to rely on any exclusion or restriction of, any duty or liability it may have to the *customer* under the *regulatory system*.

2.5.3 R A *firm* must not in any written or oral communication to a *customer*, seek to exclude or restrict, or to rely on any exclusion or restriction of, any duty or liability not referred to in *ICOB 2.5.2R* unless it is reasonable for it to do so.

## 2.6 Application to electronic media

2.6.1 G *GEN 2.2.14R* (References to writing) has the effect that electronic media may be used to make communications that are required by the *Handbook* to be “in writing” unless a contrary intention appears. In *ICOB*, the use of an electronic medium is restricted in certain circumstances to a *durable medium* as required by the *DMD* and the *IMD*.

2.6.2 G For any electronic communication with a *customer* in relation to a *non-investment insurance contract*, a *firm* should:

- (1) have in place appropriate arrangements, including contingency plans, to ensure the secure transmission and receipt of the communication; it should also be able to verify the authenticity and integrity of the communication, together with the date and time sent and received; the arrangements should be proportionate and take into account the different levels of risk in a *firm*'s business;
- (2) be able to demonstrate that the *customer* wishes to communicate using this medium; and
- (3) if entering into an agreement, make it clear to the *customer* that a contractual relationship is created that has legal consequences.

2.6.3 G A *firm* should note that *GEN 2.2.14R* does not affect any other legal requirement that may apply in relation to the form or manner of *executing* a document or agreement.

## 2.7 General provision related to distance contracts

2.7.1 R During the course of a *distance contract* with a *retail customer*, the making of which constitutes or is part of a *non-investment insurance contract*:

- (1) the *firm* must, at the *retail customer*'s request, provide a paper copy of the contractual terms and conditions of the *non-investment insurance contract*; and
- (2) the *firm* must comply with the *retail customer*'s request to change the *means of distance communication* used, unless this is incompatible with the *non-investment insurance contract*.

- 2.8 Record keeping**
- 2.8.1 G General record-keeping standards, which continue to apply, can be found in SYSC 3.2.20R. *ICOB* 2.8 provides further details of the standard expected of *firms* where there is an obligation in *ICOB* requiring *firms* to maintain adequate records to evidence compliance. An overall view of the record-keeping requirements in *ICOB* is in *ICOB* Schedule 1.
- 2.8.2 R The records required in *ICOB* must be readily accessible for inspection by the *FSA*.**
- 2.8.3 G A record would be “readily accessible” if it was available for inspection within two *business days* of the request being received.
- 2.8.4 G Where a *firm* keeps standard, generic documents as records it should be able to identify which version, by date or reference number, was provided to the *customer*.
- 2.8.5 G (1) A *firm* may arrange for records to be kept in such form as it chooses provided the record is readily accessible for inspection by the *FSA*.
- (2) Where a *firm* chooses to maintain records in electronic form, it should take reasonable steps to ensure that:
- (a) the electronic record accurately records the original information; and
  - (b) the electronic record cannot be subject to unauthorised or accidental alteration.
- 2.8.6 G Each *rule* in *ICOB* that requires a record to be made and retained specifies that the record must be kept for a minimum period of three years. A *firm* should consider retaining records for longer periods in case *customers* complain or take legal action against the *firm*. A *firm* should, in particular, consider what constitutes an appropriate retention period for records which relate to *non-investment insurance contracts* which may give rise to *claims* some time after the inception of the contract (e.g. *employers' liability insurance*).

# ICOB 3

## Financial promotion

### 3.1 Application: general

3.1.1 G (1) *ICOB 3.2.1R* states that this chapter applies generally to *firms* in relation to all *non-investment financial promotions*. But, this wide application is cut back by *ICOB 3.3* (Application: what?) and *ICOB 3.4* (Application: where?) which limit the application of this chapter for:

- (a) *non-investment financial promotions* which fall within the scope of the exemptions in the *Financial Promotion Order* or the additional exemptions set out in *ICOB 3.3.6R*; and
- (b) *non-investment financial promotions to persons* outside the *United Kingdom*.

(2) *ICOB 3.1.2G* contains a table summarising some of the exemptions in the *Financial Promotion Order* that are likely to be of particular interest to *firms*. A *firm* which *communicates* or *approves* only *financial promotions* that fall within an exemption need not concern itself with *ICOB 3*.

3.1.2 G Table: Financial Promotion Order exemptions

This table belongs to *ICOB 3.1.1G(2)*. In this table references to ‘relevant insurance activity’ are to *effecting* and *carrying out a non-investment insurance contract as principal*.

Financial Promotion Order article no. and name of exemption	Summary of exemption
Article 17 (Generic promotions)	A <i>non-investment financial promotion</i> that does not identify (directly or indirectly) an <i>insurer</i> or any <i>person</i> as a <i>person</i> who carries on a <i>controlled activity</i> in relation to a <i>non-investment insurance contract</i> is exempt from <i>ICOB 3</i> . So an <i>insurance intermediary</i> advertising <i>insurance mediation services</i> is exempt from <i>ICOB 3</i> providing the advertisement does not name an <i>insurer</i> . This is because the activities of the <i>insurance intermediary</i> do not constitute <i>controlled activities</i> .

Financial Promotion Order article no. and name of exemption	Summary of exemption
	For further <i>guidance</i> see <i>AUTH</i> App 1.12.14G to <i>AUTH</i> App 1.12.17G.
Article 24 (Relevant insurance activity: non-real time communications)	<p>A <i>non-investment financial promotion</i> which contains the following information is exempt from <i>ICOB</i> 3:</p> <ol style="list-style-type: none"> <li>(1) the full name of the <i>insurance undertaking</i>;</li> <li>(2) the country or territory in which the <i>insurance undertaking</i> is incorporated (described as such);</li> <li>(3) if different from (2), the country or territory in which the <i>insurance undertaking's</i> principal place of business is situated (described as such);</li> <li>(4) whether or not the <i>insurance undertaking</i> is regulated in respect of its insurance business;</li> <li>(5) if the <i>insurance undertaking</i> is regulated, the name of the regulator in its principal place of business or, if there is more than one regulator, the name of the prudential regulator;</li> <li>(6) whether any transaction to which the <i>non-investment financial promotion</i> relates would be covered by a dispute resolution scheme or compensation scheme, if so identifying each such scheme.</li> </ol>
Article 25 (Relevant insurance activity: non-real time communications: reinsurance and large risks)	A <i>financial promotion</i> which concerns only a <i>reinsurance contract</i> or a <i>contract of large risks</i> is exempt from <i>ICOB</i> 3.
Article 26 (Relevant insurance activity: real time)	<i>ICOB</i> 3 does not apply to a <i>financial promotion</i> which is <i>communicated</i> in the course of a personal visit, telephone conversation or other interactive dialogue. This does not include interactive dialogue by means of the exchange of

Financial Promotion Order article no. and name of exemption	Summary of exemption
communications)	<p>letters or e-mails or in a publication. Such communication will be deemed to be non-real time and will be subject to <i>ICOB 3</i>, unless another exemption applies.</p> <p>For further <i>guidance</i> see <i>AUTH</i> App 1.10.2G.</p>

- 3.1.3 G A communication may contain both a *non-investment financial promotion* and one or more of a *financial promotion* and a *qualifying credit promotion*, for example, a leaflet from a *firm* which describes the range of insurance, savings and mortgage products it provides. In such cases, *ICOB 3*, *COB 3* and *MCOB 3* will all be relevant.

### 3.2 Application: who?

- 3.2.1 R **This chapter applies to every *firm* which *communicates* or *approves* a *non-investment financial promotion*.**

#### Appointed representatives

- 3.2.2 G Under section 39(3) of the *Act*, a *firm* is responsible for *financial promotions communicated* by its *appointed representatives* when acting as such (see *ICOB 1.6* (Appointed representatives)).

#### Nationals of other EEA States

- 3.2.3 G A national of an *EEA State* (other than the *United Kingdom*) wishing to take advantage of the exemption in article 36 of the *Financial Promotion Order* in relation to any *controlled activity* lawfully carried on by him in that State, should act in conformity with the *rules* in this chapter.

#### Authorised professional firms

- 3.2.4 R (1) ***ICOB 3* does not apply to an *authorised professional firm* in relation to the *communication* of a *non-investment financial promotion* if the following conditions are satisfied:**
- (a) **the *firm*'s main business is the practice of its profession** (see *IPRU(INV) 2.1.2R(3)*);
  - (b) **the *financial promotion* is made for the purposes of and incidental to the promotion or provision by the *firm* of:**

- (i) its professional services; or
- (ii) its *non-mainstream regulated activities* (see *PROF 5.2*); and
- (c) the *financial promotion* is not communicated on behalf of another person who would not be able lawfully to communicate the *financial promotion* if he were acting in the course of business.

(2) In (1)(b)(i), “professional services” means services:

- (a) which do not constitute a *regulated activity*; and
- (b) the provision of which is supervised and regulated by a *designated professional body*.

3.2.5 G *Authorised professional firms* are reminded that, in circumstances in which *ICOB 3* does not apply to the *firm*, *ICOB 2.2.3R* (Clear, fair and not misleading communication) may apply.

### 3.3 Application: what?

#### What do “communicate” and “non-investment financial promotion” mean?

3.3.1 G The *rules* in this chapter adopt various concepts from the restriction on *financial promotion* by *unauthorised persons* in section 21(1) of the *Act* (Restrictions on financial promotion). *Guidance* on that restriction is contained in *AUTH App 1* (Financial promotion and related activities) and that *guidance* will be relevant to interpreting these *rules*. In particular, *guidance* on the meaning of:

- (1) “*communicate*” is in *AUTH App 1.6* (Communicate);
- (2) “invitation or inducement” and “*engage in investment activity*” (two elements which, with “*communicate*”, make up the definition of “*financial promotion*”) are in *AUTH App 1.4* (Invitation and inducement) and *AUTH App 1.7* (Engage in investment activity).

#### Definition of “non-investment financial promotion”.

3.3.2 G The *rules* in this chapter apply to *non-investment financial promotions* only. These are *financial promotions* which relate to *non-investment insurance contracts*. A *non-investment financial promotion* is, by definition, not a *real time financial promotion*.

#### Media of communication

3.3.3 G (1) There is no restriction on the media of communication to which this chapter applies. It applies to a *non-investment financial promotion*

*communicated* by any means, including by way of printed advertising, radio and television broadcast, e-mail, the Internet and electronic media such as digital and other forms of interactive television and media. Both solicited and unsolicited communications are covered.

- (2) *Financial promotions* may be *communicated*, for example, by means of:
- (a) product brochures;
  - (b) general advertising in magazines, newspapers, radio and television programmes and websites;
  - (c) mailshots (whether distributed by *post*, fax, e-mail or other media);
  - (d) written correspondence;
  - (e) sales aids which themselves constitute a *financial promotion*; and
  - (f) other publications, which may contain *non-personal recommendations* as to the acquisition, retention or disposal of *non-investment insurance contracts*.

3.3.4 G *Guidance* on the use of the Internet for *communicating non-investment financial promotions* is in *ICOB 3.9* (The Internet and other electronic media) and *AUTH App 1.22* (The Internet).

**Exemptions**

3.3.5 R **This chapter does not apply to a *firm* in relation to a *non-investment financial promotion* of a kind listed in *ICOB 3.3.6R*.**

3.3.6 R **Table: Exemptions**

**This table belongs to *ICOB 3.3.5R*.**

<b>Exemptions</b>	
<b>This chapter does not apply to the following:</b>	
<b>(1)</b>	<b>a <i>non-investment financial promotion</i> to a <i>commercial customer</i>, that is a <i>financial promotion</i> which:</b>
<b>(a)</b>	<b>is made only to recipients who the <i>firm</i> has taken reasonable steps to establish are <i>commercial customers</i>; or</b>

<b>Exemptions</b>	
	(b) may reasonably be regarded as directed only at recipients who are <i>commercial customers</i> ;
(2)	a <i>non-investment financial promotion</i> which can lawfully be <i>communicated</i> by an <i>unauthorised</i> communicator without <i>approval</i> ;
(3)	a <i>non-investment financial promotion communicated</i> from outside the <i>United Kingdom</i> which would be exempt under articles 30, 31, 32 or 33 of the <i>Financial Promotion Order</i> (Overseas communicators) if the office from which the <i>non-investment financial promotion</i> is <i>communicated</i> were a separate <i>unauthorised person</i> (but see <i>ICOB 4.2.19R</i> ) (Overseas business for UK retail customers) and <i>GEN 4.4</i> (Business for private customers from non-UK offices));
(4)	a "one-off" <i>non-investment financial promotion</i> : if the conditions set out in (a) to (c) are satisfied, a <i>non-investment financial promotion</i> is to be regarded as "one-off"; if not, the fact that any one or more of these conditions is met is to be taken into account in determining if a <i>non-investment financial promotion</i> is "one-off", but a <i>non-investment financial promotion</i> may be regarded as "one-off" even if none of the conditions are met. The conditions are that:
	(a) the <i>non-investment financial promotion</i> is <i>communicated</i> only to one recipient or only to one group of recipients in the expectation that they would engage in any investment activity jointly;
	(b) the identity of the contract or service to which the <i>non-investment financial promotion</i> relates has been determined having regard to the particular circumstances of the recipient;
	(c) the <i>non-investment financial promotion</i> is not part of an organised marketing campaign;
(5)	a <i>non-investment financial promotion</i> which contains only one or more of the following:
	(a) the name of the <i>firm</i> (or its <i>appointed representative</i> );
	(b) the name of the <i>non-investment insurance contract</i> ;
	(c) a logo;

Exemptions		
	(d)	a contact point (address (including an e-mail address), telephone or fax number);
	(e)	a brief, factual description of the <i>firm's</i> (or its <i>appointed representative's</i> ) activities;
	(f)	a brief, factual description of the <i>firm's</i> (or its <i>appointed representative's</i> ) fees;
	(g)	a brief, factual description of the <i>firm's</i> products.

### Combination of exemptions

- 3.3.7 R A *firm* may rely on more than one exemption (and also on *ICOB 3.4.1R* (Territorial scope)) in relation to the same *non-investment financial promotion*.

### Guidance on the exemptions

- 3.3.8 G (1) Under *ICOB 3.3.6R(1)*, a *non-investment financial promotion* which is *communicated* only to a *commercial customer* is exempt. See *ICOB 3.6.3R* and *ICOB 3.6.4R*, which amplify this exemption. A *firm* will need to take particular note of the conditions in *ICOB 3.6.4R* when designing *non-investment financial promotions* for trade publications that may also be available to a *retail customer*.
- (2) *ICOB 3.3.6R(4)* reflects the exemption in article 28 of the *Financial Promotion Order* (one-off non-real time communications and solicited real time communications) but goes further, exempting all such *non-investment financial promotions*. It exempts, among other things, correspondence which is specifically written for a recipient, whether hard copy or e-mail. A *firm* should note, however, that such correspondence will, if *personal recommendations* are made, be subject to other obligations such as *ICOB 4.3* and *ICOB 4.4*. It does not exempt *non-investment financial promotions communicated* in the form of mass mailshots, which may appear to be items of personalised correspondence but which in fact comprise the same, or virtually the same, material sent to a number of recipients, without tailoring the material to the circumstances of each recipient. Such mailshots must meet the requirements of *ICOB 3. AUTH App 1.14.3G* (One-off financial promotions (articles 28 and 28A)) provides further *guidance* on the scope of the exemption in article 28.
- (3) *ICOB 3.3.6R(5)(e)*, (f) and (g) exempt a *non-investment financial promotion* made by a *firm* which refers only to its activities in general

terms in image advertising. Acceptable examples include ‘general insurance’ or ‘life and general insurance business’. In addition a *firm* or its *appointed representative* may include its name, address and telephone number in accordance with *ICOB* 3.3.6R(5)(a) and (d). *AUTH* App 1.4.20G (Image advertising) provides *guidance* on when image advertising may involve a *financial promotion*.

- (4) A *non-investment financial promotion* included in a newspaper, magazine or periodical which is printed and published overseas, but which may be brought into the *United Kingdom* and made available to *persons* in the *United Kingdom*, will be exempt provided that the *non-investment financial promotion* is not *communicated to persons* inside the *United Kingdom* (see *ICOB* 3.4 and *AUTH* App 1.12.2G (Financial promotions to overseas recipients (article 12))).

### **Other Handbook rules relevant to financial promotions**

- 3.3.9 G (1) A *firm* is reminded that *non-investment financial promotions* (including those which are exempt) may be subject to more general *rules* including *Principle 7* (Communications with clients), *SYSC* 3 (Systems and controls) *ICOB* 2.2.3R (Clear, fair and not misleading communication) and *ICOB* 5 (Product disclosure).
- (2) A *firm* is reminded that, although *ICOB* 3 makes no specific *rules* relating to the content of a *non-investment financial promotion*, the disclosure requirements in *ICOB* 4 and *ICOB* 5 may apply.
- (3) A *firm* is reminded that if, in the course of making a *non-investment financial promotion* of any kind, it gives a *personal recommendation* to a *customer* about the suitability of a *non-investment insurance contract* for that individual, the *firm* is subject to the relevant *rules* on advising and selling in *ICOB* 4 (Advising and selling standards).

### **3.4 Application: where?**

#### **Territorial scope**

#### **3.4.1 R This chapter applies to a *firm* only in relation to:**

- (1) **the *communication* of a *non-investment financial promotion* to a *person* inside the *United Kingdom*; and**
- (2) **the *approval* of a *non-investment financial promotion* for *communication* to a *person* inside the *United Kingdom*;**

**subject to *ICOB* 3.4.3R (Exceptions to territorial scope).**

- 3.4.2 G (1) The application under *ICOB* 3.4.1R is relevant both when a *firm communicates a non-investment financial promotion* itself and when a *firm approves a non-investment financial promotion for communication* by others. But see also *ICOB* 3.4.3R.
- (2) The exemptions in *ICOB* 3.3.6R (Application: what?; Exemptions) also incorporate some territorial elements. In particular, the exemption for *financial promotions* originating outside the *United Kingdom* (section 21(3) of the *Act* (Restrictions on financial promotion)) (see *ICOB* 3.3.6R(2)) and *AUTH* App 1.12.2G (Financial promotions to overseas recipients (article 12)), the exemptions for overseas communicators (see *ICOB* 3.3.6R(3)) and the exemption for *incoming electronic commerce communications* (see *AUTH* App 1.12.38G (article 20B)).
- (3) In the context of the provision of an *electronic commerce activity* to an *EEA ECA recipient*, the scope of *ICOB* 3 is extended by *ECO* 2.2.3R (Financial promotion). This means that *ICOB* 3 will apply for *communications to EEA ECA recipients*.

#### **Exceptions to territorial scope**

3.4.3 R **The following parts of this chapter apply without any territorial limitation if a *firm approves a non-investment financial promotion*:**

- (1) ***ICOB* 3.1 to *ICOB* 3.6 (Application, Purpose and General); and**
- (2) ***ICOB* 3.8.1R(1) (Non-investment financial promotions: clear, fair and not misleading: comparisons).**

#### **Meaning of "communicated to a person inside or outside the United Kingdom"**

3.4.4 R **For the purposes of this chapter:**

- (1) **a *non-investment financial promotion* is *communicated to a person outside the United Kingdom* if it is:**
  - (a) **made to a *person* who receives it outside the *United Kingdom*; or**
  - (b) **directed only at *persons* outside the *United Kingdom*; and**
- (2) **a *non-investment financial promotion* is *communicated to a person inside the United Kingdom* if it is *communicated to a person other than as described in (1)*;**

**and see *ICOB* 3.4.5R and *ICOB* 3.6.3R, which amplify this rule.**

### Meaning of "directed only at persons outside the United Kingdom"

- 3.4.5 R (1) If the conditions set out in 4(a), (b), (c) and (d) are met, a *non-investment financial promotion* directed from a place inside the *United Kingdom* will be regarded as directed only at *persons* outside the *United Kingdom*.
- (2) If the conditions set out in 4(c) and (d) are met a *non-investment financial promotion* directed from a place outside the *United Kingdom* will be regarded as directed only at *persons* outside the *United Kingdom*.
- (3) In any other case where one or more of the conditions in 4(a) to (e) is met, that fact will be taken into account in determining whether a *non-investment financial promotion* is directed only at *persons* outside the *United Kingdom* (but a *non-investment financial promotion* may still be regarded as directed only at *persons* outside the *United Kingdom* even if none of these conditions is met).
- (4) The conditions are that:
- (a) the *non-investment financial promotion* is accompanied by an indication that it is directed only at *persons* outside the *United Kingdom*;
- (b) the *non-investment financial promotion* is accompanied by an indication that it must not be acted upon by *persons* in the *United Kingdom*;
- (c) the *non-investment financial promotion* is not referred to in, or directly accessible from, any other *non-investment financial promotion* which is made to a *person* or directed at *persons* in the *United Kingdom* by or on behalf of the same *person*;
- (d) there are in place proper systems and procedures to prevent recipients in the *United Kingdom* (other than those to whom the *non-investment financial promotion* might otherwise lawfully have been made) *engaging in the investment activity* to which the *non-investment financial promotion* relates with the *person* directing the *non-investment financial promotion*, a *close relative* of his or a member of the same *group*; and
- (e) the *non-investment financial promotion* is included in:
- (i) a website, newspaper, journal, magazine or periodical publication which is principally accessed in or intended for a market outside the *United Kingdom*;

- (ii) a radio or television broadcast or teletext service transmitted principally for reception outside the *United Kingdom*.

### 3.5 Purpose

3.5.1 G (1) Section 21(1) of the *Act* (Restrictions on financial promotion) imposes a restriction on the *communication* of *financial promotions* (*non-investment financial promotions* in *ICOB*) by *unauthorised persons*. A person must not, in the course of business, *communicate* a *non-investment financial promotion* unless:

- (a) he is an *authorised person*; or
- (b) the content of the *non-investment financial promotion* is *approved* by an *authorised person*.

(2) However, the *Financial Promotion Order* exempts from the restriction created by section 21(1) of the *Act* certain types of *financial promotion*.

3.5.2 G (1) The purpose of this chapter is to provide *rules* and *guidance* for a *firm* that wishes to *communicate* or *approve* a *non-investment financial promotion*. *AUTH* App 1 (Financial promotion and related activities) provides further detailed *guidance* on the *financial promotion* regime under section 21 of the *Act* (Financial promotion) which will be relevant in interpreting these *rules*.

(2) This chapter amplifies, for activities within its scope:

- (a) *Principle 6* (Customers' interests) which requires a *firm* to pay due regard to the interests of its *customers* and treat them fairly; and
- (b) *Principle 7* (Communications with clients) which requires a *firm* to pay due regard to the information needs of its *clients* and *communicate* information to them in a way which is clear, fair and not misleading.

### 3.6 General

#### Other regulations and guidelines

3.6.1 G A *firm* *communicating* a *non-investment financial promotion* may also be subject to other regulations and guidelines, outside the remit of the *FSA*, such as:

- (1) the codes issued from time to time by the Advertising Standards Authority;
- (2) regulations from any *overseas regulator* (where relevant) if the *firm* intends to market from the *United Kingdom* into any other country; and

- (3) the Privacy and Electronic Communication (EC Directive) Regulations 2003 (SI 2003/2426).

#### **Non-investment financial promotions**

- 3.6.2 R (1) A *non-investment financial promotion* includes a *financial promotion* for a *non-investment insurance contract* made by letter or e-mail or contained in a newspaper, journal, magazine, other periodical publication, website, television or radio programme, or teletext service.
- (2) The following are to be regarded as indications that a *financial promotion* for a *non-investment insurance contract* is a *non-investment financial promotion* rather than a *real time financial promotion*:
- (a) the *financial promotion* is *communicated* to more than one *person* in identical terms (save for details of the recipient's identity);
- (b) the *financial promotion* is *communicated* by way of a system which in the normal course constitutes or creates a record of the communication which is available to the recipient to refer to at a later time; and
- (c) the *financial promotion* is *communicated* by way of a system which in the normal course does not enable or require the recipient to respond immediately to it.

#### **Meaning of "made", "directed at" and "recipient" in this chapter**

- 3.6.3 R In accordance with article 6 of the *Financial Promotion Order* (Interpretation: communications) any reference in this chapter to:
- (1) a *communication* being made to another *person* is a reference to a *communication* being addressed in legible form to a particular *person* or *persons* (for example, where it is contained in a letter);
- (2) a *communication* being directed at *persons* is a reference to a *communication* being addressed to *persons* generally (for example where it is contained in a television broadcast or website); and
- (3) a recipient of a *communication* is the *person* to whom the *communication* is made or, in the case of a *financial promotion* which is directed at *persons* generally, any *person* who reads or hears the *communication*.

#### **When is a financial promotion "directed only at" certain persons?**

- 3.6.4 R (1) This *rule* applies for the purposes of determining whether a *communication* is directed only at *commercial customers* under *ICOB*

### 3.3.6R(1).

- (2) If all the conditions set out in (4) are met, a *communication* is to be regarded as directed as in (1).
- (3) In any other case in which one or more of those conditions is met, that fact is to be taken into account in determining whether the *communication* is directed as in (1) (but a *communication* may still be regarded as so directed even if none of the conditions in (4) are met).
- (4) The conditions are that:
  - (a) the *communication* includes an indication of the description of *persons* to whom it is directed and an indication of the fact that the contract to which it relates is available only to such *persons*;
  - (b) the *communication* includes an indication that *persons* of any other description should not rely upon it; and
  - (c) there are in place proper systems and procedures to prevent recipients other than *persons* to whom it is directed entering into the contract to which the *communication* relates with the *person* directing the *communication*, a *close relative* of his or a member of the same *group*.

## 3.7 Confirmation of compliance

### Confirmation of compliance

- 3.7.1 R (1) Before a *firm* communicates or approves a *non-investment financial promotion*, it must confirm that the *non-investment financial promotion* complies with the *rules* in this chapter.
  - (2) A *firm* must arrange for the confirmation exercise in (1) to be carried out by an individual or individuals with appropriate expertise.
- 3.7.2 G (1) In *ICOB* 3.7.1R(2) 'appropriate expertise' will vary depending on the complexity of the *financial promotion* and the *non-investment insurance contract* to which it relates. The individuals engaged by a *firm* to confirm the compliance of its *financial promotions* with this chapter may have different levels of expertise and therefore a different level of authority for confirmation depending on the type of *financial promotion* and the *non-investment insurance contract* involved.
  - (2) A *firm* may arrange for a third party with appropriate expertise to carry out the confirmation exercise on the *firm's* behalf, but the responsibility for the *non-investment financial promotion* remains with the *firm*.

### Withdrawing confirmation

**3.7.3 R** If, at any time after it has completed a confirmation exercise in *ICOB 3.7.1R(1)* a *firm* becomes aware that a *non-investment financial promotion* no longer complies with the *rules* in this chapter, it must ensure that the *non-investment financial promotion* is withdrawn as soon as reasonably practicable by:

- (1) ceasing to *communicate* it;
- (2) withdrawing its *approval* (if applicable); and
- (3) notifying any *person* that the *firm* knows to be relying on its *approval* (if applicable) or confirmation (under *ICOB 3.7.5R*).

**3.7.4 G** (1) *ICOB 3.7.3R* is of particular importance to a *non-investment financial promotion*, such as a product brochure, that a *firm* uses over a period of time. It has little application to a *non-investment financial promotion* which is of its nature ephemeral, for example, a mobile phone text message. Further, a *non-investment financial promotion* which clearly speaks as at a particular date will not cease to comply with the *rules* in this chapter merely because the passage of time has rendered it out-of-date.

- (2) For compliance with *ICOB 3.7.3R* the *FSA* will expect a *firm* to monitor its relevant *non-investment financial promotions* as part of the *firm's* routine compliance monitoring procedures. A *firm* may find it helpful to designate a relevant *non-investment financial promotion* with a 'review date', a date at which the *non-investment financial promotion* should be checked once more against the *rules* of this chapter. If it is found no longer to meet these requirements it should be withdrawn as soon as reasonably practicable.
- (3) If at any time a *firm* becomes aware that a *retail customer* may have been misled by a *non-investment financial promotion* it should consider whether the *retail customer* who has responded to the *non-investment financial promotion* should be contacted with a view to explaining the position and offering any appropriate form of redress to those who have suffered financial loss.

### Communicating a financial promotion where another firm has confirmed compliance

**3.7.5 R** A *firm* will not contravene any of the *rules* in this chapter in the circumstances where it (*firm "A"*) communicates a *non-investment financial promotion* which has been produced by another *person* provided that:

- (1) A takes reasonable care to establish that another *firm* (*firm "B"*) has already confirmed the compliance of the *non-investment financial*

*promotion* in accordance with *ICOB 3.7.1R*;

- (2) A takes reasonable care to establish that A *communicates* the *non-investment financial promotion* only to recipients of the type for whom it was intended at the time B carried out the confirmation exercise; and
- (3) so far as A is, or ought to be, aware:
  - (a) the *non-investment financial promotion* has not ceased to be clear, fair and not misleading since that time; and
  - (b) B has not withdrawn the *non-investment financial promotion*.

### 3.8 Form and content of non-investment financial promotions

**Clear, fair and not misleading: comparisons and restrictions on the use of the key facts logo**

- 3.8.1 R (1) A *firm* must be able to show that it has taken reasonable steps to ensure that a *non-investment financial promotion* is clear, fair and not misleading.
- (2) A *non-investment financial promotion* which includes a comparison or contrast must:
  - (a) compare contracts meeting the same needs or which are intended for the same purpose;
  - (b) objectively compare one or more material, relevant, verifiable and representative features of those contracts, which may include price;
  - (c) not create confusion in the marketplace between the *firm* itself (or the *person* whose *non-investment financial promotion* it approves) and a competitor or between the *firm's* trademarks, trade names, other distinguishing marks, contracts or services (or those of the *person* whose *non-investment financial promotion* it approves) and those of a competitor;
  - (d) not discredit or denigrate the trademarks, trade names, other distinguishing marks, contracts, services, activities or circumstances of a competitor;
  - (e) not take unfair advantage of the reputation of a trademark, trade name or other distinguishing marks of a competitor;

- (f) not present contracts as imitations or replicas of contracts bearing a protected trademark or trade name; and
  - (g) indicate in a clear and unequivocal way in any comparison referring to a special offer the date on which the offer ends or, where appropriate, that the special offer is subject to the availability of the contracts and services, and, where the special offer has not yet begun, the date of the start of the period during which the special price or other specific conditions shall apply.
- (3) A *non-investment financial promotion* must not contain the key facts logo unless it is required by a rule.

- 3.8.2 E (1) A *firm* should take reasonable steps to ensure that, for a *non-investment financial promotion*:
- (a) its promotional purpose is not in any way disguised or misrepresented;
  - (b) any statement of fact, promise or prediction is clear, fair and not misleading and discloses any relevant assumptions;
  - (c) any statement of opinion is honestly held and, unless consent is impracticable, given with the consent of the *person* concerned;
  - (d) the facts on which any comparison or contrast is made are verified, or, alternatively, that relevant assumptions are disclosed and that the comparison or contrast is presented in a fair and balanced way, which is not misleading and includes all factors which are relevant to the comparison or contrast;
  - (e) it does not contain any false indications, in particular as to:
    - (i) the *firm's* independence;
    - (ii) the *firm's* resources and scale of activities; or
    - (iii) the scarcity of any contract;
  - (f) the design, content or format does not disguise, obscure or diminish the significance of any statement, warning or other matter which the *non-investment financial promotion* is required by this chapter to contain;
  - (g) it does not include any reference to approval by the *FSA* or any government body, unless such approval has been obtained in writing from the *FSA* or that body (see also *GEN* 1.2 (Referring to approval

by the *FSA*));

- (h) it does not omit any matters the omission of which causes the *non-investment financial promotion* not to be clear, fair and not misleading; and
  - (i) the accuracy of all material statements of fact in it can be substantiated.
- (2) (a) Compliance with *ICOB 3.8.2E(1)* may be relied on as tending to show compliance with *ICOB 3.8.1R(1)*.
- (b) Contravention of *ICOB 3.8.2E(1)* may be relied on as tending to show contravention of *ICOB 3.8.1R(1)*.

### **Guidance on clear, fair and not misleading**

- 3.8.3 G (1) It cannot be assumed that recipients necessarily have an understanding of the contract being promoted. If a *non-investment financial promotion* is specially designed for a targeted collection of recipients who are reasonably believed to have particular knowledge of the contract being promoted, this fact should be made clear.
- (2) In relation to quotations of opinion:
- (a) where only part of an opinion is quoted, it should nevertheless be a fair representation; and
  - (b) any connection between the holder of the opinion and the *firm* should be made clear.
- (3) *Firms* should avoid the use of small print to qualify prominent claims.
- (4) If a *firm* communicates a *non-investment financial promotion* which contains a quotation of *premium* and it is unable to give the *retail customer* a precise quotation it should ensure that the *premium* quoted is representative of the *premium* that would be charged for a *person* in a similar position to the *retail customer*.
- (5) Unless the *firm* is prepared to give a precise quotation, the *non-investment financial promotion* should be accompanied by a prominent statement making clear that the *premium* quoted is an estimate only and that the actual *premium* will depend on individual circumstances.
- (6) Where a *non-investment financial promotion* indicates or implies that a *firm* can:

- (a) reduce the *premium*; or
- (b) provide the cheapest *premium*; or
- (c) reduce a *retail customer's* costs;

it should include, with equal prominence, a statement of the basis on which the reduction is to be achieved. The *FSA* will assess prominence in the context of the *non-investment financial promotion* as a whole. Use can be made of the positioning of text, background and text colour and type size to ensure that *ICOB* 3.8.1R(1) is satisfied.

- (7) Where (6) applies, and there are significant limitations on any savings, these should be given equal prominence in the *non-investment financial promotion* to the claimed savings. For example, if the *non-investment financial promotion* states that a *firm* can achieve a *premium* reduction in the form of either a percentage or monetary amount, but the saving is only available if the *retail customer* meets certain specific criteria, the criteria should be given equal prominence and not placed in small print.

### **3.9 The Internet and other electronic media**

- 3.9.1 G This section contains *guidance* on the use of the Internet and other electronic media to *communicate financial promotions*. *Firms* are also referred to the *guidance* in *ICOB* 2.6 (Application to electronic media).

#### **Approach and general guidance**

- 3.9.2 G Any material which meets the definition of a *non-investment financial promotion*, including any video or moving image material incorporated in any website containing a *non-investment financial promotion*, should comply with the *rules* in this chapter. See *AUTH* App 1.22 (The Internet) for further *guidance* on *non-investment financial promotions* on the Internet, including the treatment of hyperlinks and banners.
- 3.9.3 G
  - (1) Before using the Internet, digital or any other form of interactive television or other electronic media to promote its services a *firm* should refer to legislation such as the Data Protection Act 1998 and the Computer Misuse Act 1990, as well as to this chapter.
  - (2) When designing websites and other electronic media, *firms* should be aware of the difficulties that can arise when reproducing certain colours and printing certain types of text. These difficulties could cause problems with the presentation and retrieval of required information. Any *non-investment financial promotion* communicated by the Internet, digital or other forms of interactive television is subject to the requirements set out in *ICOB* 3.8 as applicable.

### Specific guidance

- 3.9.4 G The *FSA's* website <http://www.fsa.gov.uk> contains a wide range of information, including pages of specific relevance to *customers*. *Firms* may, if they wish, include a reference or hyperlink to the *FSA's* website; this will not, however, replace any requirements of *ICOB 3*.

## ICOB 4

### Advising and selling standards

#### 4.1 Application and purpose

##### Application: who and what?

- 4.1.1 R (1) Subject to *ICOB 4.1.4R*, this chapter applies to an *insurance intermediary* in accordance with *ICOB 4.1.3R*.
- (2) *ICOB 4.7 (Unsolicited services)* also applies to an *insurer* or *managing agent* when acting as a *product provider*.
- (3) Throughout this chapter, references to an *insurer* apply equally to a *managing agent*.
- 4.1.2 G (1) The definition of *insurance intermediary* includes an *insurer* when the *insurer* is carrying on *insurance mediation activities*, for example when, through its sales force, it *advises on* or *arranges* its own *non-investment insurance contracts* or those of another *insurer*.
- (2) For the limited application of this chapter to *authorised professional firms* in respect of their *non-mainstream regulated activities*, see *ICOB 1.2.10R(3)* and *ICOB 1.2.10R(4)*.
- 4.1.3 R **Table: Application of ICOB 4 by activity and customer type**

This table belongs to *ICOB 4.1.1R*.

Insurance mediation activity	Type of customer	Applicable section
<i>arranging except introducing</i>	<i>retail customer</i>	Whole chapter except <i>ICOB 4.3</i> and <i>ICOB 4.6</i>
<i>arranging except introducing</i>	<i>commercial customer</i>	Whole chapter except <i>ICOB 4.2.19R</i> , <i>ICOB 4.3</i> , <i>ICOB 4.5</i> and <i>ICOB 4.7</i>
<i>Advising</i>	<i>retail customer</i>	Whole chapter except <i>ICOB 4.6</i>
<i>advising</i>	<i>commercial customer</i>	Whole chapter except <i>ICOB 4.2.19R</i> , <i>ICOB 4.5</i> and <i>ICOB 4.7</i>
<i>Introducing</i>	<i>retail customer and commercial</i>	<i>ICOB 4.2.9R</i> and <i>ICOB 4.2.10G</i> only

4.1.4 R The following provisions in *ICOB* do not apply to an *insurance intermediary* that is an *insurer* when dealing with a *commercial customer*:

- (1) *ICOB* 4.2 (Status disclosure);
- (2) *ICOB* 4.4 (Statement of demands and needs), unless the *insurer* makes a *personal recommendation to the commercial customer*; and
- (3) *ICOB* 4.6 (Commission disclosure for commercial customers).

#### Renewals

4.1.5 G When a *contract of insurance* is renewed, the parties enter into a new *contract of insurance*, even if the terms and conditions of the new contract are identical to the old one. *ICOB* 4 therefore applies to the *renewed contract of insurance* as it would to the original *contract of insurance*, unless stated otherwise in *ICOB* 4.2.20R.

#### Purpose

- 4.1.6 G
- (1) This chapter amplifies *Principle 6* (Customers' interests), *Principle 7* (Communications with clients) and *Principle 9* (Customers: relationships of trust). *Principle 6* requires a *firm* to pay due regard to the interests of its *customers* and treat them fairly. *Principle 7* requires a *firm* to pay due regard to the information needs of its *clients* and communicate information to them in a way which is clear, fair and not misleading. *Principle 9* requires a *firm* to take reasonable care to ensure the suitability of its *advice*.
  - (2) This chapter also implements articles 12 and 13 of the *Insurance Mediation Directive* for *non-investment insurance contracts* (which means that, in respect of communications by telephone, it follows the approach in article 3 of the *Distance Marketing Directive*).
  - (3) This chapter also implements article 9 of the *DMD* for *non-investment insurance contracts* concluded by *distance means*.
- 4.1.7 G The purpose of this chapter is to ensure that:
- (1) *customers* are adequately informed about the nature of the service that they have received from an *insurance intermediary* in relation to *non-investment insurance contracts*. In particular, *insurance intermediaries* need to make clear to *customers* the scope and type of the products and *insurance undertakings* on which their service is based;
  - (2) where a *personal recommendation* is made it is suitable for a *customer's* demands and needs. The nature of the steps an *insurance intermediary* will need to take to ensure that the *customer* receives a *personal recommendation* that is suitable will vary depending on the demands and needs of the *customer*, the type of *non-investment insurance contract*

being offered, and the type of *customer* (*retail customer* or *commercial customer*);

- (3) *customers* receive a statement of their demands and needs and the reasons for any *personal recommendation* made by an *insurance intermediary*;
- (4) the charges that an *insurance intermediary* imposes on a *retail customer* are not excessive;
- (5) if requested by a *commercial customer*, the *insurance intermediary* discloses its *commission*; and
- (6) *retail customers* are not charged for *non-investment insurance contracts* concluded by *distance means* without their prior consent.

## 4.2 Status disclosure

### Retail and commercial customers: disclosure before or immediately after conclusion of the contract

- 4.2.1 G (1) *ICOB 4.2.2R to ICOB 4.2.14R* set out the status disclosure requirements that an *insurance intermediary* must meet to comply with the *IMD*.
- (2) The *rules* in *ICOB 4.2* state the timing by which status disclosure information must be given to the *customer*, in accordance with the *IMD* and the *DMD*. The *insurance intermediary* may provide information to the *customer* earlier than the time specified in the *rules*. For example, an *insurance intermediary* who is also providing services in connection with *packaged products* or *regulated mortgage contracts* may wish to combine the information required by *ICOB 4.2* with the status disclosure requirements in *COB* or *MCOB*, and provide the information to the *customer* on initial contact, using the combined initial disclosure document in *ICOB 4 Ann 2R*.
- (3) For certain types of *general insurance contract*, such as motor insurance, it is customary for a *customer* to contact various *insurance intermediaries* for quick quotes which he can then compare. In these circumstances, it is not necessary for the *insurance intermediary* to give the status disclosure information at the time that the quick quote is provided, if the quote cannot be accepted (and a contract cannot be formed) without the *insurance intermediary* obtaining further information from the *customer*.
- (4) The *rules* in *ICOB 4.2* do not specify the format in which information must be provided to the *customer*. An *insurance intermediary* may use the initial disclosure document in *ICOB 4 Ann 1G*, the combined initial disclosure document in *ICOB 4 Ann 2R*, a terms of business letter, or another document to provide information to the *customer*.
- 4.2.2 R (1) **An *insurance intermediary* must provide the information in *ICOB 4.2.8R* to the *customer* in a *durable medium* at any time before conclusion of a *non-investment insurance contract*, unless an**

exemption in (2) or (3) applies.

**(2) Exemption: oral disclosure**

The information in *ICOB 4.2.8R* need not be provided in a *durable medium* before conclusion of the contract but may be provided orally before the conclusion of the contract if:

- (a) the *customer* requests this; or
- (b) the *customer* requires immediate cover.

**(3) Exemption: telephone sales**

(a) This exemption applies if the service is being provided on the telephone and the *customer* wishes to enter into a *non-investment insurance contract*.

(b) If the *customer* gives his explicit consent to receiving only limited disclosure, the *insurance intermediary* must provide the *customer* with the following information:

- (i) the name of the *insurance intermediary*;
- (ii) (if the call is initiated by the *insurance intermediary*) the commercial purpose of the call;
- (iii) the identity of the *person* in contact with the *retail customer* and his link with the *insurance intermediary*; and
- (iv) that other information is available on request, and the nature of the information.

**(4) Where (2) or (3) applies, the *customer* must be provided with the information in *ICOB 4.2.8R* in a *durable medium* immediately after the conclusion of the contract.**

- 4.2.3 G (1) The *insurance intermediary* may, if it so chooses, make the *customer* aware that he is able to receive the information in *ICOB 4.2.8R* orally, in accordance with *ICOB 4.2.2R(2)*, or (in the case of telephone communications) that the more limited information requirements of *ICOB 4.2.2R(3)* may apply.
- (2) If the *customer* requires immediate cover and the *non-investment insurance contract* is concluded over the telephone, the *insurance intermediary* may take advantage of either of the exemptions in *ICOB 4.2.2R(2)* or *ICOB 4.2.2R(3)*, subject to the *customer* giving his explicit consent.

## Use of the initial disclosure document and combined initial disclosure document

- 4.2.4 G (1) The requirement in *ICOB* 4.2.2R(1) can be met by use of the initial disclosure document set out in *ICOB* 4 Ann 1G. Alternatively, in circumstances where the *insurance intermediary* has reasonable grounds to be satisfied that the services which it is likely to provide will, in addition to relating to *non-investment insurance contracts*, also relate to *regulated mortgage contracts, regulated lifetime mortgage contracts or packaged products*, the *insurance intermediary* may use the combined initial disclosure document set out in *ICOB* 4 Ann 2R.
- (2) Subject to *ICOB* 4.2.5R, an *insurance intermediary* may use all or part of the wording and format of the initial disclosure document at *ICOB* 4 Ann 1G (though if it chooses to omit any of the information required by *ICOB* 4.2.8R, the *insurance intermediary* must still provide this information to the *customer* in a *durable medium* before the conclusion of the *non-investment insurance contract* in accordance with *ICOB* 4.2.2R). This flexibility does not apply if an *insurance intermediary* uses the combined initial disclosure document (see *ICOB* 4.2.7R), because the *COB* and *MCOB* rules require that the wording and the format of the document must not be changed.
- (3) The combined initial disclosure document must be given in accordance with the *rules* in *COB* and *MCOB*. In particular (and in contrast with the initial disclosure document set out in *ICOB* 4 Ann 1G), it will need to be provided on initial contact.
- 4.2.5 R **If an *insurance intermediary* chooses to use the initial disclosure document at *ICOB* 4 Ann 1G, it must not include the key facts logo and the heading and text in Section 1 unless it uses the document in full and makes no changes to the text other than changes allowed by the notes to the document.**
- 4.2.6 R **If an *insurance intermediary* uses the initial disclosure document and includes the key facts logo, the key facts logo:**
- (1) **must be positioned as shown in *ICOB* 4 Ann 1G;**
- (2) **must be accompanied by the words 'about our insurance services' as shown in *ICOB* 4 Ann 1G;**
- (3) **may be a different size from that in *ICOB* 4 Ann 1G, but it must be reasonably prominent and its proportions must not be distorted; and**
- (4) **may be in colour, but this must not diminish its prominence.**
- 4.2.7 R **If an *insurance intermediary* chooses to use the combined initial disclosure document at *ICOB* 4 Ann 2R, it must use the document in full and make no change to the text other than changes allowed by the notes to the document.**

4.2.8 R Table: Information to be provided before conclusion of the contract or immediately after conclusion of the contract

This table belongs to *ICOB 4.2.2R*.

(1)	The name and address of the <i>insurance intermediary</i> .
(2)	The <i>insurance intermediary's</i> statutory status (in accordance with <i>GEN 4 Ann 1R</i> (Statutory status disclosure)).
(3)	That items 1 and 2 can be checked on the <i>FSA's Register</i> by visiting the <i>FSA's</i> website <a href="http://www.fsa.gov.uk/register">http://www.fsa.gov.uk/register</a> or by contacting the <i>FSA</i> on 0845 606 1234.
(4)	Unless the <i>insurance intermediary</i> is an <i>insurer</i> , details of any holding, direct or indirect, that an <i>insurance intermediary</i> has that represents more than 10 per cent of the voting rights or of the capital in an <i>insurance undertaking</i> .
(5)	Unless the <i>insurance intermediary</i> is an <i>insurer</i> , details of any holding, direct or indirect, that an <i>insurance undertaking</i> or parent of an <i>insurance undertaking</i> has that represents more than 10 per cent of the voting rights or of the capital in the <i>insurance intermediary</i> .
(6)	<p>In relation to the <i>non-investment insurance contract</i> provided, whether the <i>insurance intermediary</i> has provided, or will provide, <i>advice</i> or <i>information</i>:</p> <p>(a) on the basis of a fair analysis of the market; or</p> <p>(b) from a limited number of <i>insurance undertakings</i>; or</p> <p>(c) from a single <i>insurance undertaking</i>.</p> <p>If (b) or (c) applies, the <i>insurance intermediary</i> must also disclose whether it is contractually obliged to conduct <i>insurance mediation activity</i> in this way.</p>
(7)	If the contract provided has not been selected on the basis of a fair analysis of the market, that the <i>customer</i> can request a copy of the list of the <i>insurance undertakings</i> the <i>insurance intermediary</i> selects from or deals with in relation to the contract provided.
(8)	How to complain to the <i>insurance intermediary</i> and that complaints may subsequently be referred to the <i>Financial Ombudsman Service</i> or any other applicable named complaints scheme.
(9)	That the <i>customer</i> may be entitled to compensation from the <i>compensation scheme</i> should the <i>insurance intermediary</i> be unable to meet its liabilities.

## Notes

<p>(1)</p>	<p>If the <i>customer</i> is dealing with an <i>appointed representative</i> of an <i>insurance intermediary</i>, the <i>insurance intermediary</i> is responsible for ensuring that the <i>appointed representative</i> makes the appropriate disclosures (see <i>ICOB 1.6</i>). In that case, the <i>insurance intermediary</i> must ensure that:</p> <ul style="list-style-type: none"><li>(a) for item 1, the <i>appointed representative</i> provides its own name and address;</li><li>(b) for item 2, the <i>appointed representative</i> makes the disclosure required by <i>GEN 4 Ann 1R(4)</i>;</li><li>(c) for item 4, the <i>appointed representative</i> discloses its own holding and not the holding of the <i>insurance intermediary</i>;</li><li>(d) for item 5, the holding disclosed is the holding in the <i>appointed representative</i> and not in the <i>insurance intermediary</i>;</li><li>(e) for item 6, the <i>appointed representative</i> discloses the basis on which it provides <i>advice</i> or information; and</li><li>(f) for item 8, the details provided are details of how to complain to the <i>appointed representative</i>.</li></ul>
<p>(2)</p>	<p>Under item 1, where the <i>insurance intermediary</i> trades under a different name from that under which it is <i>authorised</i>, it must disclose the name under which it is <i>authorised</i> and listed on the <i>FSA Register</i>. For an <i>appointed representative</i>, the same applies in relation to the name under which it is registered and listed on the <i>FSA Register</i>.</p>
<p>(3)</p>	<p>Under item 1, the address should be the head office address or, if more appropriate, the principal place of business from which the <i>insurance intermediary</i> or <i>appointed representative</i> expects to conduct business with the <i>customer</i>.</p>
<p>(4)</p>	<p>In addition to the disclosure required by item 9, the <i>insurance intermediary</i> must ensure that, where relevant, it describes the extent and level of compensation cover and how further information can be obtained, after the conclusion of the contract and in a <i>durable medium</i>. The <i>insurance intermediary</i> may provide this information before the contract is concluded, along with the information required by item 9, if it so chooses.</p>

### Disclosure by insurance intermediaries when introducing

- 4.2.9 R Where contact by the *insurance intermediary* with the *customer* is limited to *introducing the customer to another insurance intermediary (or to an insurer as product provider)*, the *customer* must be given the following information in good time before the introduction is made:
- (1) the information in *ICOB 4.2.8R(1) and (2)*;
  - (2) details of *fees*, if any, that the *customer* will be charged for the service being provided; and
  - (3) whether the *insurance intermediary introducing the customer* is a member of the same *group* as the *firm to whom the introduction is to be made*.

- 4.2.10 G As article 33 of the *Regulated Activities Order* makes clear, the activity of *introducing* falls within article 25(2) of the *Regulated Activities Order* (Arranging deals in investments). *ICOB 4.2.9R* applies in the limited circumstances where the arrangements made are confined to putting the *customer* in contact with another *person*. If the *insurance intermediary* goes further, for example by *advising the customer* on a particular *contract of insurance* which can be obtained from that *person*, *ICOB 4.2.2R* applies.

### Fair analysis

- 4.2.11 R An *insurance intermediary* cannot hold itself out as giving information or advice to customers on *non-investment insurance contracts* on the basis of a fair analysis of the market in accordance with *ICOB 4.2.8R(6)(a)* unless:
- (1) it has considered a sufficiently large number of *non-investment insurance contracts* available in the relevant sector or sectors of the market; and
  - (2) the consideration in (1) is based on criteria which reflect adequate knowledge of *non-investment insurance contracts* in the relevant sector or sectors of the market.

- 4.2.12 G (1) If an *insurance intermediary* holds itself out as giving information or advice to customers on certain types of *non-investment insurance contracts* on the basis of a fair analysis of the market (or any sector of that market), the selection of *insurance undertakings* the *insurance intermediary* considers for this purpose will need to be sufficiently large to enable the *insurance intermediary* to satisfy the requirement in *ICOB 4.2.11R*. One way in which this requirement may be satisfied is by the *insurance intermediary* using "panels" of *insurance undertakings* which are sufficient to enable the *insurance intermediary* to give advice or information on a fair analysis basis and which are reviewed on a regular basis. An *insurance intermediary* which provides a service based on a

fair analysis of the market (or from a sector of the market) should ensure that its analysis of the market and the available *non-investment insurance contracts* is kept adequately up-to-date. For example, an *insurance intermediary* would need to update its selection of *non-investment insurance contracts* if it became aware that a *non-investment insurance contract* had generally become available offering an improved product feature, or a better *premium*, when compared with the *non-investment insurance contracts* currently in the *insurance intermediary's* selection. The frequency with which the selection of contracts needs to be updated will depend on the extent to which new contracts are made available on the market.

- (2) Where a “panel” of *insurance undertakings* is used, the criteria the *insurance intermediary* uses to select the panel will be important in determining whether the panel is sufficient for the *insurance intermediary* to provide a service based on a fair analysis of the market. The selection should be based on the product features, *premiums* and services offered by *insurance undertakings* to *customers*, and not solely on the benefit that the *insurance undertakings* offer to the *insurance intermediary*.

4.2.13

- G (1) An *insurance intermediary* may provide *advice* or information on a different basis to the same *customer* for different types of *non-investment insurance contracts*. For example, an *insurance intermediary* may give *advice* or information on the basis of a fair analysis of the market in respect of motor insurance contracts, but give *advice* or information only on a single *insurance undertaking's* contract for home contents insurance. The disclosure at *ICOB 4.2.8R(6)* should be based on the service that the *insurance intermediary* is providing in relation to a particular *non-investment insurance contract* for that *customer*.
- (2) *IPRU(INS) 1.3R* (Restriction of business to insurance) in practice restricts the business which an *insurer* can carry on.

#### **Information to be provided to customers on request**

4.2.14

- R (1) **An *insurance intermediary* that provides a service under *ICOB 4.2.8R (6)(b)* or *(c)* must maintain, and keep up-to-date, for each type of *non-investment insurance contract* it deals with, a list of *insurance undertakings* it selects from or deals with.**
- (2) **An *insurance intermediary* must provide a copy of the list in (1) in a *durable medium* to a *customer* on request, in accordance with *ICOB 4.2.8R(7)*.**

**Retail customers and commercial customers: information on fees**

- 4.2.15 **R** An *insurance intermediary* must provide a *customer* with details of the amount of any *fees* (or where an actual *fee* cannot be given the basis for calculating any *fees*, enabling the *customer* to verify them) for an *insurance mediation activity* before the *customer* incurs liability to pay the *fee*, or before conclusion of the contract, whichever is earlier.
- 4.2.16 **G** *ICOB* 4.2.15R means that *fees* charged over the life of the contract by the *insurance intermediary*, including *fees* for mid-term adjustments, must be disclosed before the *non-investment insurance contract* is concluded.
- 4.2.17 **R** The information in *ICOB* 4.2.15R can be provided in any medium before the conclusion of the contract but must be provided in a *durable medium* immediately after the conclusion of the contract.
- 4.2.18 **G** (1) The *fees* referred to in *ICOB* 4.2.15R are *fees* for mediation services. *Fees* for *non-investment insurance contracts* are covered in *ICOB* 5.5.14R(3).
- (2) *Fees* do not include *premiums*, or *commissions* that are part of *premiums*.

**Overseas business for UK retail customers**

- 4.2.19 **R** (1) An *insurance intermediary* must not conduct *insurance mediation activities* in respect of *non-investment insurance contracts*:
- (a) from an office of its own (or of any *appointed representative*) outside the *United Kingdom*;
- (b) with or for a *retail customer* who is in the *United Kingdom*;
- unless it has, where relevant, made a disclosure in accordance with (2) to the *retail customer*.
- (2) The required disclosure in (1) means a written statement making it clear that in some or all respects the *regulatory system* applying, including any complaints handling or compensation arrangements, will be different from that of the *United Kingdom*. The statement may also indicate the protections or compensation available under another system of regulation.

**Application for renewals and amendments where information has already been provided**

- 4.2.20 R (1) ***ICOB 4.2 does not apply in relation to any insurance mediation activity that an insurance intermediary carries on with a customer in the course of renewing or amending a contract of insurance, if the information required by ICOB 4.2 has already been given to the customer in relation to the initial contract and is still accurate and up-to-date.***
- (2) ***If the information in relation to the initial contract that the insurance intermediary has previously disclosed to the customer in accordance with ICOB 4.2 has changed, the insurance intermediary must give the customer the updated information in accordance with the provisions of ICOB 4.2, but does not need to provide the other information required by ICOB 4.2.***
- 4.2.21 G ***An insurance intermediary will normally need to provide updated information within ICOB 4.2.20R(2) to the customer in a durable medium before the conclusion of the contract, unless an exemption in ICOB 4.2.2R(2) (oral disclosure) or ICOB 4.2.2R(3) (telephone sales) applies.***

**4.3 Suitability**

**Requirement for suitability**

- 4.3.1 R (1) ***An insurance intermediary must take reasonable steps to ensure that, if in the course of insurance mediation activities it makes any personal recommendation to a customer to buy or sell a non-investment insurance contract, the personal recommendation is suitable for the customer's demands and needs at the time the personal recommendation is made.***
- (2) ***The personal recommendation in (1) must be based on the scope of the service disclosed in accordance with ICOB 4.2.8R(6).***
- (3) ***An insurance intermediary may make a personal recommendation of a non-investment insurance contract that does not meet all of the customer's demands and needs, provided that:***
- (a) ***there is no non-investment insurance contract within the insurance intermediary's scope, as determined by ICOB 4.2.8R(6), that meets all of the customer's demands and needs; and***

- (b) the *insurance intermediary* identifies to the *customer*, at the point at which the *personal recommendation* is made, the demands and needs that are not met by the contract that it *personally recommends*.

**Information about the customer's demands and needs**

- 4.3.2 R In assessing the *customer's* demands and needs, the *insurance intermediary* must:
- (1) seek such information about the *customer's* circumstances and objectives as might reasonably be expected to be relevant in enabling the *insurance intermediary* to identify the *customer's* requirements. This must include any facts that would affect the type of insurance recommended, such as any relevant existing insurance;
  - (2) have regard to any relevant details about the *customer* that are readily available and accessible to the *insurance intermediary*, for example, in respect of other *contracts of insurance* on which the *insurance intermediary* has provided *advice* or information; and
  - (3) explain to the *customer* his duty to disclose all circumstances material to the insurance and the consequences of any failure to make such a disclosure, both before the *non-investment insurance contract* commences and throughout the duration of the contract; and take account of the information that the *customer* discloses.
- 4.3.3 G In relation to *ICOB 4.3.2R(3)*, an *insurance intermediary* should make clear to the *customer* what the *customer* needs to disclose. For example, in relation to private medical insurance, this could include any existing medical condition where relevant, or in relation to motor insurance, any modifications carried out to the vehicle.
- 4.3.4 G An *insurance intermediary* should base his *personal recommendation* on what the *customer* tells him. Subject to *ICOB 4.3.2R(1)*, *ICOB 4.3.2R(2)* and *ICOB 4.3.5R*, the *insurance intermediary* is not required to take into account the *customer's* existing insurance cover, or details of that cover, if the *customer* is not able to provide this information.
- 4.3.5 R If the *insurance intermediary* is aware that the *customer's* existing insurance cover is likely to significantly affect the suitability of any *personal recommendation* that the *insurance intermediary* might make, the *insurance intermediary* must either:
- (1) not make a *personal recommendation* until details of the insurance cover are made available to him; or
  - (2) if it makes a *personal recommendation*, make clear to the *customer* that this may not be suitable because the *insurance intermediary* has not taken into account full details of the *customer's* existing insurance cover.

**Assessing the suitability of a contract against the customer's demands and needs**

- 4.3.6 R** In assessing whether a *non-investment insurance contract* is suitable to meet a *customer's* demands and needs, an *insurance intermediary* must take into account at least the following matters:
- (1)** whether the level of cover is sufficient for the risks that the *customer* wishes to insure;
  - (2)** the cost of the contract, where this is relevant to the *customer's* demands and needs; and
  - (3)** the relevance of any exclusions, excesses, limitations or conditions in the contract.
- 4.3.7 G** (1) Where *ICOB* 4.3.6R(2) applies, an *insurance intermediary* should take into account the cost of the contract when compared to other *non-investment insurance contracts* that cover a similar range of demands and needs on which the *insurance intermediary* can provide *advice* or information.
- (2) In meeting the requirements of *ICOB* 4.3.6R, an *insurance intermediary* need not consider the following:
- (a) alternatives to *non-investment insurance contracts*; and
  - (b) the needs of the *customer* that are not relevant to the type of contract in which the *customer* is interested.
- 4.4 Statement of demands and needs**
- 4.4.1 R** (1) Unless *ICOB* 4.4.2R applies, where an *insurance intermediary* arranges for a *customer* to enter into a *non-investment insurance contract* (including at *renewal*), it must, before the conclusion of that contract, provide the *customer* with a statement that:
- (a)** sets out the *customer's* demands and needs;
  - (b)** confirms whether or not the *insurance intermediary* has *personally recommended* that contract; and
  - (c)** where a *personal recommendation* has been made, explains the reasons for *personally recommending* that contract.
- (2) The statement in (1) must reflect the complexity of the *contract of insurance* proposed.
- (3) Unless (4) applies, the statement in (1) must be provided in a *durable medium*.

- (4) An *insurance intermediary* may provide the statement in (1) orally if:
- (a) the *customer* requests it; or
  - (b) the *customer* requires immediate cover;

but in both cases the *insurance intermediary* must provide the information in (1) immediately after the conclusion of the contract, in a *durable medium*.

#### Exemptions

#### 4.4.2 R (1) Commercial customers

- (a) *ICOB 4.4.1R(1)* does not apply to an *insurance intermediary* that is an *insurer* when dealing with a *commercial customer*, unless the *insurer* makes a *personal recommendation* to that *commercial customer*.
- (b) If an *insurance intermediary* that is an *insurer* makes a *personal recommendation* to a *commercial customer*, it need not provide the *commercial customer* with a statement of demands and needs, provided that:
  - (i) it has obtained the consent of the *commercial customer* not to receive the statement of demands and needs; and
  - (ii) it has explained to the *commercial customer* the consequences of giving that consent before it is given.

#### (2) Telephone sales

Where a contract is concluded by telephone with a *customer*, the statement of demands and needs:

- (a) must be provided immediately after the conclusion of the contract in a *durable medium*;
- (b) may also be provided orally before the contract is concluded.

#### 4.4.3

- G (1) An *insurance intermediary* may provide the demands and needs statement as part of another document, such as an application form.
- (2) For quick quotes (see *ICOB 4.2.1G(3)*), there is no requirement for the *insurance intermediary* to provide a demands and needs statement, but one must be provided before contract conclusion.
- (3) A statement of demands and needs is, by definition, relevant to (and generated by) the specific circumstances of the *customer*. However, the degree of knowledge of the *customer's* circumstances that is required will vary from case to case.

### **Demands and needs statement for non-advised sales**

4.4.4 G *ICOB 4.4.3G* gives an *insurance intermediary* flexibility as to the format of the demands and needs statement. Some examples of approaches that may be appropriate where the *insurance intermediary* has not made a *personal recommendation* include:

- (1) providing a demands and needs statement as part of an application form, so that the demands and needs statement is made dependent upon the *customer* providing personal information on the application form. For instance, the application form might include a statement along the lines of:

"If you answer "yes" to questions a, b and c your demands and needs are those of a pet owner who wishes and needs to ensure that the veterinary needs of your pet are met now and in the future";

- (2) producing a demands and needs statement in product documentation that will be appropriate for anyone wishing to buy the product. For example, "This product meets the demands and needs of those who wish to ensure that the veterinary needs of their pet are met now and in the future"; and
- (3) giving a *customer* a record of all his demands and needs that have been discussed.

### **Demands and needs statement when a personal recommendation is made**

- 4.4.5 G
- (1) Where a *personal recommendation* has been made the demands and needs statement will need to record the reasons for the *personal recommendation* as well as the *customer's* demands and needs.
  - (2) In accordance with *ICOB 4.4.7R*, the demands and needs statement is the record that the *insurance intermediary* must maintain to demonstrate that he has given a suitable *personal recommendation*. Accordingly, the statement will need to contain sufficient information to act as this record.
  - (3) *ICOB 4.4.6G* contains *guidance* on the content of the statement of demands and needs required by *ICOB 4.4.1R(1)*.

## 4.4.6

- G Table: Guidance on the content of the statement of demands and needs required by ICOB 4.4.1R(1)

This table belongs to *ICOB 4.4.5G(3)*.

	Introduction
(1)	Where relevant, the statement should explain simply and clearly why the <i>personal recommendation</i> is viewed as suitable, having regard to the <i>customer's</i> demands and needs.
	Style and Presentation
(2)	The style and presentation of the statement is left for the <i>insurance intermediary</i> to decide, so that he can design a statement which works best for the market in which he transacts business. A statement is more likely to be effective if it demonstrates these features:
	(a) simplicity and plain English: when technical terms need to be incorporated, they should be explained if the <i>customer</i> is unlikely to understand their meaning; and
	(b) concise and clear messages: lengthy explanations and extensive statements are likely to reduce the effectiveness of the statement, and make the <i>customer</i> less likely to read the statement properly.
(3)	An <i>insurance intermediary</i> should take the following into account when constructing a statement following a <i>personal recommendation</i> :
	(a) the statement should explain why the <i>customer's</i> demands and needs combine to make the recommended contract suitable for the <i>customer</i> . It should not merely state what contract is being recommended with no link to the <i>customer's</i> demands and needs; and
	(b) an <i>insurance intermediary</i> that offers contracts from more than one <i>insurance undertaking</i> should include a statement of why a particular <i>insurance undertaking</i> has been recommended; reasons may include contract features not available anywhere else, price, or service levels.

### Record keeping where a personal recommendation is made

- 4.4.7 R (1) **An *insurance intermediary* that makes a *personal recommendation* to a *customer* must, if the *customer* acts on the *personal recommendation* by concluding the *non-investment insurance contract* with that *insurance intermediary*:**

- (a) unless *ICOB 4.4.2R(1)(b)* applies, retain a copy of the statement required by *ICOB 4.4.1R(1)*; or
- (b) if *ICOB 4.4.2R(1)(b)* applies, make and retain, in a *durable medium*, a record of the reasons for the *personal recommendation*.

(2) Both the copy of the statement in (1)(a) and the record in (1)(b) must be retained for a minimum period of three years from the date on which the *personal recommendation* was made.

4.4.8 G The effect of *ICOB 4.4.7R(1)* is that if the *customer* does not act on the *personal recommendation*, the *insurance intermediary* need not retain a copy of the statement.

#### 4.5 Excessive charges to retail customers

4.5.1 R An *insurance intermediary* must ensure that its *charges to a retail customer* are not excessive.

4.5.2 G When determining whether a *charge* is excessive, an *insurance intermediary* should consider:

- (1) the amount of its *charges* for the services or product in question, compared with *charges* for similar services or products in the market;
- (2) whether the *charges* are an abuse of the trust that the *retail customer* has placed in the *insurance intermediary*; and
- (3) the nature and extent of the disclosure of the *charges* to the *retail customer*.

4.5.3 G In assessing whether an *insurance intermediary's* charges are excessive, the *FSA* will take account of the *charges* imposed by *insurance intermediaries* of similar size and that conduct a similar volume of business.

4.5.4 G *ICOB 4.5.1R* does not apply to *premiums*, but does cover *fees* (including any *fees* that an *insurance intermediary* charges where it receives no *commission* from an *insurer* in respect of the *contract of insurance*).

#### 4.6 Commission disclosure for commercial customers

4.6.1 R Before the conclusion of a *non-investment insurance contract*, or at any other time, an *insurance intermediary* that conducts *insurance mediation activities* for a *commercial customer* must, if that *commercial customer* asks, promptly disclose the *commission* that he and any *associate* of his receives in connection with the *non-investment insurance contract* in question, in cash terms, in a *durable medium*.

4.6.2 G *ICOB 4.6.1R* does not replace the general law on the fiduciary obligations of an agent. In relation to *contracts of insurance* the essence of these obligations is generally a duty on the agent to account to his *principal*. However, in certain circumstances, the duty is one only of disclosure. Where a *customer* employs an *insurance intermediary* by way of business and does not remunerate him, and

where it is usual for the *insurance intermediary* to be remunerated by way of *commission* paid by the *insurer* out of *premium* payable by the *customer*, then if the *customer* asks what the *insurance intermediary's* remuneration is, the *insurance intermediary* must tell him. *ICOB* 4.6.1R is additional to this requirement in that it applies whether or not the *insurance intermediary* is an agent of the *commercial customer*.

- 4.6.3 G *ICOB* 4.1.4R(3) states that *ICOB* 4.6 does not apply to an *insurance intermediary* that is an *insurer*. This means that there is no obligation on an *insurer* to disclose a *commission* equivalent to a *commercial customer* on request.
- 4.6.4 G The disclosures required by *ICOB* 4.6.1R should be made in a manner that is clear, fair and not misleading, as required by *ICOB* 2.2.3R (Clear, fair and not misleading communication).
- 4.6.5 G If the precise value of *commission* is not known in advance, the *insurance intermediary* should estimate the rate likely to apply in relation to the *contract of insurance* in question.
- 4.6.6 G *ICOB* 4.6.1R does not require the disclosure of *commission* throughout the distribution chain between the *insurer* and *commercial customer*; but it does require disclosure of *commission* paid to any *associate*, regardless of whether the *associate* is part of the distribution chain.
- 4.7 **Unsolicited services**
- 4.7.1 R **Unless *ICOB* 4.7.2R applies, an *insurance intermediary* or an *insurer* must not, in relation to a *non-investment insurance contract* that is a *distance contract*:**
- (1) ***advise on, arrange, enter into, renew, carry out or assist in the administration and performance of such a contract for a retail customer without a prior request on his part, when the supply of such a service includes a request for immediate or deferred payment; or***
  - (2) ***enforce any obligation against a retail customer in the event of unsolicited supplies of such services, the absence of a reply not constituting consent.***
- 4.7.2 R ***ICOB* 4.7.1R does not prevent an *insurance intermediary* or an *insurer* from exercising any right that he may have, by contract or otherwise, to *renew a distance contract with a retail customer without any request made by or on behalf of that retail customer prior to the renewal of the contract.***
- 4.7.3 G (1) *ICOB* 4.7.1R(1) prohibits an *insurance intermediary* (or an *insurer* when acting as *product provider*) from *advising on, arranging, entering into, renewing, carrying out or assisting in the administration and performance of a non-investment insurance contract that is a distance contract for a retail customer without the prior consent of that retail customer*. This prohibition includes the continuation of insurance after a specified period where the insurance has been free of charge to the *retail customer* during that period unless the *retail customer* has agreed before the period expires to pay for the insurance once the period has expired.

- (2) Where the payment for the contract is made by regular instalments (for example, by direct debit), the effect of *ICOB 4.7.2R* is that an *insurance intermediary* (or an *insurer* when acting as *product provider*) will be required to seek the *retail customer's* consent on *renewal* to continue to provide insurance only if the contract does not give it the right to do so without further reference to the *retail customer*.
- (3) The prior consent of the *retail customer* can either be express, or deduced from the circumstances of the case (for instance, by the *retail customer* providing an updated direct debit mandate to the *firm*).

## **4.8 Language of the information provided to customers**

- 4.8.1 R All information provided to *customers* in accordance with this chapter must be in English, unless the *customer* requests it to be, and the *firm* agrees to it being, in another language.**

This Annex belongs to *ICOB 4.2.4G(1)*.

An *insurance intermediary* should omit the notes and square brackets in the following IDD. If the IDD contains the key facts logo and Section 1, the *insurance intermediary* must follow the headings and text in the order shown in accordance with *ICOB 4.2.5R* and the notes.

[Note 1]

## about our insurance services [Note 2]

**keyfacts**

Financial Services

[Note 5]  
[123 Any Street  
Some Town  
ST21 7QB]

[Note 3] [Note 4]

### 1 The Financial Services Authority (FSA)

The FSA is the independent watchdog that regulates financial services. It requires us to give you this document. Use this information to decide if our services are right for you.

### 2 Whose products do we offer? [Note 6] [Note 7]

We offer products from a range of insurers [for] [list the types of *non-investment insurance contracts*].

We [can] [Note 8] only offer products from a limited number of insurers [for] [list the types of *non-investment insurance contracts*].

Ask us for a list of insurers we offer insurance from. [Note 9]

We [can] [Note 8] only offer [a] product[s] from [a single insurer] [name of single

*insurance undertaking*] [for] [list the types of *non-investment insurance contracts*].  
[Note 10] [Note 11]

[or] [Note 12]

We only offer our own products for [list the types of *non-investment insurance contracts*].

---

### 3 Which service will we provide you with? [Note 13] [Note 14]

---

We will advise and make a recommendation for you after we have assessed your needs [for] [list the types of *non-investment insurance contracts*].

You will not receive advice or a recommendation from us [for] [list the types of *non-investment insurance contracts*]. We may ask some questions to narrow down the selection of products that we will provide details on. You will then need to make your own choice about how to proceed.

---

### 4 What will you have to pay us for our services?

---

A fee [of £ [ ]]. [Note 15]

No fee.

You will receive a quotation which will tell you about any other fees relating to any particular insurance policy.

---

### 5 Who regulates us? [Note 16]

---

[XYZ Financial Services] [123 Any Street, Some Town, ST21 7QB] [Note 17] [Note 18] is authorised and regulated by the Financial Services Authority. Our FSA Register number is [ ]. [Note 19]

Our permitted business is [ ]. [Note 20]

[or] [Note 21]

[Name of *appointed representative*] [Notes 3 and 4] is an appointed representative of [name of authorised *firm*] [address of authorised *firm*] [Note 17] [Note 18] which is authorised and regulated by the Financial Services Authority. [Name of *firm's*] FSA Register number is [ ].

[Name of *firm's*] permitted business is [ ]. [Note 20]

You can check this on the FSA's Register by visiting the FSA's website [www.fsa.gov.uk/register](http://www.fsa.gov.uk/register) or by contacting the FSA on 0845 606 1234.

---

### 6 Ownership [Note 22]

---

[B&C Insurer owns 20% of our share capital.] [Note 23]

[XYZ Financial Services (or We) have 20% of the voting rights in Royal Edinburgh]. [Note 24]

---

## **7 What to do if you have a complaint [Note 16]**

---

If you wish to register a complaint, please contact us:

**...in writing** Write to [XYZ Financial Services], [Complaints Department, 123 Any Street, Some Town, ST21 7QB].

**... by phone** Telephone [0121 100 1234] [Note 25]

If you cannot settle your complaint with us, you may be entitled to refer it to the Financial Ombudsman Service. [Note 26]

---

## **8 Are we covered by the Financial Services Compensation Scheme (FSCS)? [Note 16] [Note 27]**

---

We are covered by the FSCS. You may be entitled to compensation from the scheme if we cannot meet our obligations. This depends on the type of business and the circumstances of the claim.

Insurance advising and arranging is covered for 100% of the first £2,000 and 90% of the remainder of the claim, without any upper limit.

[or] [Note 28]

For compulsory classes of insurance, insurance advising and arranging is covered for 100% of the claim, without any upper limit.

Further information about compensation scheme arrangements is available from the FSCS.

---

The following notes do not form part of the IDD.

**Note 1** – subject to this, an *insurance intermediary* may use its own house style and brand.

**Note 2** – the *Financial Services Authority* has developed a common key facts logo to be used on significant pieces of information directed to *customers*. *ICOB 4.2.6R* sets out requirements on the use of the key facts logo. A specimen of the key facts logo can be obtained from the *FSA* website [http://www.fsa.gov.uk/pubs/other/keyfacts\\_logo](http://www.fsa.gov.uk/pubs/other/keyfacts_logo).

**Note 3** – insert the *insurance intermediary's* or *appointed representative's* name (either the name under which it is *authorised* or the name under which it trades). A corporate logo or logos may be included.

**Note 4** - if an individual who is employed or engaged by an *appointed representative* provides the information, the individual should not put his or her own name on the IDD.

**Note 5** – insert the head office or if more appropriate the principal place of business from which the *insurance intermediary* or *appointed representative* expects to conduct business (this can include a *branch*) with *customers*. (An *appointed representative* should not include the name and address of the *authorised firm* instead of its own.)

## **Section 2: Whose products do we offer?**

**Note 6** – the *insurance intermediary* should select, for example by ticking, the box(es) which are appropriate for the service that it expects to provide to the *customer*.

**Note 7** – the *insurance intermediary* can select more than one box if the scope of the service it provides to a particular *customer* varies by type of contract. For example, if it deals with a single *insurance undertaking* for motor insurance and a range of *insurance undertakings* for household insurance. In the case where more than one box is selected, the *insurance intermediary* should specify which box relates to which type of *non-investment insurance contract*, by adding text to the IDD. This needs to be done only in relation to the service it is offering to a particular *customer*.

**Note 8** – insert “can” if the *insurance intermediary's* range of *non-investment insurance contracts* is determined by any contractual obligation. This does not apply where a *product provider* or *insurer* is selling its own products.

**Note 9** – this is the list required by *ICOB 4.2.14R*.

**Note 10** – if the *insurance intermediary* deals with a different *insurance undertaking* for different types of *non-investment insurance contracts*, it should identify all the *insurance undertakings* and specify the types of contract to which they relate on the IDD. This needs to be done only in relation to the service it is offering to a particular *customer*. For example, "we can only offer products from ABC Insurance for motor insurance and XYZ Insurance for household insurance".

**Note 11** – if the *insurance intermediary* does not select this box, it should replace the words on the specimen form with the following: "We only offer products from a single insurer".

**Note 12** – if the *insurance intermediary* is an *insurer* offering only its own *non-investment insurance contracts*, or is part of an *insurer* offering only the *non-investment insurance contracts* sold under that part's trading name, it should use this alternative text.

### **Section 3: Which service will we provide you with?**

**Note 13** – this section may be omitted if the *insurance intermediary* intends to provide, or already has provided, the *customer* with this information as part of the demands and needs statement in accordance with *ICOB 4.4*. If this section is omitted, the other sections of the *IDD* should be renumbered accordingly.

**Note 14** – the *insurance intermediary* should select, for example by ticking, the box which is appropriate for the service that it expects to provide to the *customer*. Both boxes can be selected if the *insurance intermediary* offers different services in relation to different types of *non-investment insurance contracts* to a particular *customer*. In the case where more than one box is selected, the *IDD* should specify which box relates to which type of *non-investment insurance contract*.

### **Section 4: What will you have to pay us for our services?**

**Note 15** – if the *customer* will be charged a *fee* for *insurance mediation activities* in connection with *non-investment insurance contracts*, the *insurance intermediary* should insert a plain language description of what each *fee* is for and when each *fee* is payable. This should include any *fees* for *advising on* and *arranging a non-investment insurance contract* and any *fees* over the life of the contract, for example, for mid-term adjustments. If a *firm* does not charge a *fee* the text in the first box should be abbreviated to 'A fee'.

### **Section 5: Who regulates us?**

**Note 16** – a *firm* may omit this section if it provides the information covered by this section where it is required by *ICOB 4.2.8R* to the *customer* by some other means. If this section is omitted the other sections of the *IDD* should be renumbered accordingly.

**Note 17** – if the *firm's* address on the *FSA Register* differs from that given on the *IDD* under note 5, the address on the *FSA Register* should be given in this section. If the address is the same as that given under note 5 it should be repeated in this section.

**Note 18** – where the *authorised firm* trades under a different name from that under which it is *authorised*, it should include the name under which it is *authorised* and listed on the *FSA Register*. It may also include its trading name(s) if it wishes.

**Note 19** - an *incoming EEA firm* will need to modify this section if it chooses to use this *IDD* (see *GEN 4 Ann 1R(2)*).

**Note 20** – the *insurance intermediary* should insert a plain language description of the business for which it has *permission* which relates to the service it provides in relation to *non-investment insurance contracts*.

**Note 21** – where the information is provided by an *appointed representative*, the *appointed representative* should use this text instead. The *appointed representative* should give the

details of the *authorised firm* that is its *principal* for each type of *non-investment insurance contract* that it is offering to a particular *customer*.

## **Section 6: Ownership**

**Note 22** – the *insurance intermediary* should omit this section where there are no relevant ownership arrangements under the following notes or the *firm* is an *insurer* selling its own *non-investment insurance contracts*. If this section is omitted the other sections should be renumbered accordingly.

**Note 23** – the *insurance intermediary* should insert, in the *insurance intermediary's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of the *insurance intermediary* which is held by an *insurance undertaking* or by the parent of an *insurance undertaking*.

**Note 24** – the *insurance intermediary* should insert, in the *insurance intermediary's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of an *insurance undertaking* which is held by the *insurance intermediary*.

## **Section 7: What to do if you have a complaint**

**Note 25** - if different to the address in note 5, give the address and telephone number which is to be used by *customers* wishing to complain.

**Note 26** – this text may be omitted if the *insurance intermediary* is aware that a *commercial customer* would not be an *eligible complainant*.

## **Section 8: Are we covered by the Financial Services Compensation Scheme (FSCS)?**

**Note 27** – when an *incoming EEA firm* provides the IDD, it should modify this section as appropriate.

**Note 28** – where the *insurance intermediary* provides a service in relation to a compulsory class of insurance, such as *employer's liability insurance*, it should use this alternative text.

This Annex belongs to *ICOB 4.2.7R*.

This specimen covers services in relation to *packaged products, non-investment insurance contracts and regulated mortgage contracts* (including *regulated lifetime mortgage contracts* and home reversion schemes). If the *firm* is only providing services in relation to two types of these products, the parts of the CIDD that are not relevant must be omitted. *Firms* must omit the notes and square brackets that appear in the following CIDD. The CIDD must contain the key facts logo, headings and text in the order shown and in accordance with the notes. [Note 1]

## about our services [Note 2]

Financial Services

[Note 5]  
[123 Any Street  
Some Town  
ST21 7QB]

[Note 3] [Note 4]

### 1 The Financial Services Authority (FSA)

The FSA is the independent watchdog that regulates financial services. It requires us to give you this document. Use this information to decide if our services are right for you.

### 2 Whose products do we offer? [Note 6] [Note 7]

#### Investment

- We offer products from the whole market.
- We [can] [Note 8] only offer products from a limited number of companies.

Ask us for a list of the companies and products we offer. [Note 12]

- We [can] **[Note 8]** only offer [a] [a limited range of the] product[s] from [a single group of companies] [name of single company]. **[Note 10(1)] [Note 13]**

[or] **[Note 10(2)]**

We only offer our own products.

Ask us for a list of the products we offer. **[Note 12]**

- We will advise you about group personal pensions.

### Insurance

- We offer products from a range of insurers [for] [list the types of *non-investment insurance contracts*].

- We [can] **[Note 8]** only offer products from a limited number of insurers [for] [list the types of *non-investment insurance contracts*].

Ask us for a list of the insurers we offer insurance from. **[Note 12]**

- We [can] **[Note 8]** only offer [a] product[s] from [a single insurer] [name of single *insurance undertaking*] [for] [list the types of *non-investment insurance contracts*]. **[Note 9] [Note 10(1)] [Note 13]**

[or] **[Note 10(2)]**

We only offer our own products for [list the types of *non-investment insurance contracts*].

### **[Lifetime] Mortgages [and home reversion schemes] [Note 14]**

- We offer mortgages from the whole market.

- We [can] **[Note 8]** only offer mortgages from a limited number of lenders.

Ask us for a list of the lenders we offer mortgages from. **[Note 11]**

- We [can] **[Note 8]** only offer [a limited range of the] [a] mortgage[s] from [a single lender] [name of single lender]. **[Note 10(1)] [Note 13]**

[or] **[Note 10(2)]**

We only offer our own mortgages.

---

## 3 Which service will we provide you with? **[Note 6]**

### Investment

- We will advise and make a recommendation for you after we have assessed your needs.

- You will not receive advice or a recommendation from us. We may ask some questions to narrow down the selection of products that we will provide details on. You will then need to make your own choice about how to proceed.

### Insurance

- We will advise and make a recommendation for you after we have assessed your needs [for] [list the types of *non-investment insurance contracts*].
- You will not receive advice or a recommendation from us [for] [list the types of *non-investment insurance contracts*]. We may ask some questions to narrow down the selection of products that we will provide details on. You will then need to make your own choice about how to proceed.

### [Lifetime] Mortgages [and home reversion schemes] [Note 14]

- We will advise and make a recommendation for you after we have assessed your needs.
- You will not receive advice or a recommendation from us. We may ask some questions to narrow down the selection of products that we will provide details on. You will then need to make your own choice about how to proceed.

---

## 4 What will you have to pay us for our services?

### Investment

- Before we provide you with advice, we will give you our key facts guide to the cost of our services. [Note 15]

### Insurance

- A fee [of £ [ ]]. [Note 16]
- No fee.

You will receive a quotation which will tell you about any other fees relating to any particular insurance policy.

### [Lifetime] Mortgages [and home reversion schemes] [Note 14]

- No fee. [We will be paid by commission from the [lender/company].] [Note 17]
- A fee of £[ ] payable at the outset and £[ ] payable when you apply for a [lifetime] mortgage [or home reversion scheme]. [We will also be paid commission from the [lender/company].] [Note 17] [Note 18]

You will receive a key facts illustration when considering a particular [lifetime] mortgage, [or further information about a particular home reversion scheme] which will tell you about any fees relating to it. [Note 14]

### **Refund of fees [Note 19] [Note 14]**

If we charge you a fee, and your [lifetime] mortgage [or home reversion scheme] does not go ahead, you will receive:

#### **[Note 20]**

- A full refund [if the [lender/company] rejects your application]. [Note 21]
- A refund of £ [ ] [if your application falls through]. [Note 21] [Note 22]
- No refund [if you decide not to proceed]. [Note 21]

---

### **5 Who regulates us? [Note 23]**

[XYZ Financial Services] [123 Any Street, Some Town, ST21 7QB] [Note 24] [Note 25] is authorised and regulated by the Financial Services Authority. Our FSA Register number is [ ]. [Note 26]

Our permitted business is [ ]. [Note 27]

[or] [Note 28]

[Name of *appointed representative*] [Notes 3 and 4] is an appointed representative of [name of *firm*] [address of *firm*] [Note 24] [Note 25] which is authorised and regulated by the Financial Services Authority. [Name of *firm's*] FSA Register number is [ ].

[Name of *firm's*] permitted business is [ ] [Note 27]

[Home reversion schemes are not regulated by the FSA.] [Note 14]

---

### **6 Loans and ownership [Note 29]**

[B&C Investments plc owns 20% of our share capital.]

[London Union plc provides us with loan finance of £250,000 per year.]

[XYZ Financial Services (or we) have 20% of the voting rights in Royal Edinburgh.] [Note 29][Note 31][Note 32][Note 33][Note 34]

---

## 7 What to do if you have a complaint [Note 23]

---

If you wish to register a complaint, please contact us:

**...in writing** Write to [XYZ Financial Services], [Complaints Department, 123 Any Street, Some Town, ST21 7QB].

**... by phone** Telephone [0121 100 1234]. [Note 35]

If you cannot settle your complaint with us, you may be entitled to refer it to the Financial Ombudsman Service. [Note 36] [Note 37] [The Financial Ombudsman Service does not consider complaints about home reversion schemes.] [Note 14]

---

## 8 Are we covered by the Financial Services Compensation Scheme (FSCS)? [Note 23] [Note 38]

---

We are covered by the FSCS. You may be entitled to compensation from the scheme if we cannot meet our obligations. This depends on the type of business and the circumstances of the claim.

### Investment

Most types of investment business are covered for 100% of the first £30,000 and 90% of the next £20,000 so the maximum compensation is £48,000.

### Insurance

Insurance advising and arranging is covered for 100% of the first £2,000 and 90% of the remainder of the claim, without any upper limit.

[or] [Note 39]

For compulsory classes of insurance, insurance advising and arranging is covered for 100% of the claim, without any upper limit.

### [Lifetime] Mortgages [and home reversion schemes] [Note 14]

Mortgage advising and arranging is covered for 100% of the first £30,000 and 90% of the next £20,000 so the maximum compensation is £48,000. [Home reversion schemes are not covered by the Financial Services Compensation Scheme.] [Note 14]

Further information about compensation scheme arrangements is available from the FSCS.

---

## 9 Group personal pensions [Notes 40, 41 and 42]

---

This meeting has been arranged so that we can provide you with [information about] [advice upon whether or not you should join] the Group Personal Pension scheme which your employer has established. You should be aware that we cannot advise upon or recommend any other specific investment products during this meeting.

---

**[Note 43] Message from the Financial Services Authority**

**Think carefully about this information before deciding whether you want to go ahead.  
If you are at all unsure about which lifetime mortgage or home reversion scheme is right for  
you, you should ask your adviser to make a recommendation.**

**Please remember that home reversion schemes are not regulated by the FSA.**

The following notes do not form part of the CIDD.

**Note 1** – subject to this, a *firm* may use its own house style and brand.

**Note 2** – the *Financial Services Authority* has developed a common key facts logo to be used on significant pieces of information directed to *customers*. *ICOB 4.2.6R* sets out the requirements on the use of the key facts logo. A specimen of the key facts logo can be obtained from the *FSA* website [http://www.fsa.gov.uk/pubs/other/keyfacts\\_logo](http://www.fsa.gov.uk/pubs/other/keyfacts_logo).

**Note 3** – insert the *firm's* or *appointed representative's* name (either the name under which it is *authorised* or the name under which it trades). A corporate logo or logos may be included.

**Note 4** – if an individual who is employed or engaged by an *appointed representative* provides the information, the individual should not put his or her own name on the CIDD.

**Note 5** – insert the head office or if more appropriate the principal place of business from which the *firm* or *appointed representative* expects to conduct business (this can include a *branch*) with *customers*. (An *appointed representative* must not include the name and address of the *authorised firm* instead of its own.)

## **Section 2: Whose products do we offer?**

**Note 6** – for services in relation to *packaged products* and *regulated mortgage contracts*, *regulated lifetime mortgage contracts* and home reversion schemes the *firm* must select, for example by ticking, one box which is appropriate for the service which it expects to provide to the *customer*. For services in relation to *non-investment insurance contracts*, the *firm* must select more than one box if the scope of the service or the type of service it provides to a particular *customer* varies by type of contract. For example, if it deals with a single *insurance undertaking* for motor insurance and a range of *insurance undertakings* for household insurance or if it provides *advice* on some types of contract but not others. In the case where more than one box is selected, the *firm* should specify which box relates to which type of *non-investment insurance contract*, by adding text to the CIDD. This needs to be done only in relation to the service it is offering to a particular *customer*.

**Note 7** - if the CIDD is provided by an *appointed representative*, the service described must be that offered by the *appointed representative*, in accordance with *COB 5*, *ICOB 4.2.8R* note 1(e) and *MCOB 4.3.10R*.

**Note 8** – insert “can” if the *firm's* range of products is determined by any contractual obligation. This does not apply where a *product provider*, *insurer*, lender or company is selling its own products.

**Note 9** – if the *insurance intermediary* deals with a different *insurance undertaking* for different types of *non-investment insurance contracts*, it should identify all the *insurance undertakings* and specify the type of contract to which they relate on the CIDD. This only needs to be done in relation to the service it is offering a particular *customer*. For example, “we can only offer products from ABC Insurance for motor insurance and XYZ Insurance for household insurance”.

**Note 10** – if the *firm* selects this box, it will be offering the products of one provider to the *customer* for a particular product type. It should therefore follow the format specified in (1) below except when offering its own products, in which case it should follow (2) instead. In

the case of *non-investment insurance contracts*, where the *firm* is providing a service in relation to different types of insurance, this box covers the situation where it is offering a particular type of insurance from a single *insurance undertaking*. If the *firm* does not select this box, then the text must follow that set out in note 13 below.

- (1) Insert the name of the provider, namely the *product provider* for *packaged products*, the *insurance undertaking(s)* for *non-investment insurance contracts*, the lender for *regulated mortgage contracts* and *regulated lifetime mortgage contracts* and the company for home reversion schemes. For example: "We can only offer products from [name of *product provider*]". For *non-investment insurance contracts* the type of insurance offered should also be included. For example: "We only offer XYZ's household insurance and ABC's motor insurance." If the provider has only one product, the *firm* must amend the text to the singular – for example: "We can only offer a mortgage from [name of lender]". If the *firm* does not offer all of the *packaged products* or mortgages or home reversion schemes generally available from that provider, it must insert the words "a limited range of" as shown in the specimen.
- (2) If the *firm* is a *product provider* offering only its own products, or is part of a *product provider* offering only the products sold under that part's trading name, it should use this alternative text.

**Note 11** – for services provided in relation to *regulated mortgage contracts*, *regulated lifetime mortgage contracts* and home reversion schemes, this sentence may be omitted if the *firm* chooses to list all of the companies it offers products from instead of the text "a limited number of lenders" in the previous line, so long as the *firm* offers all the products generally available from each provider.

**Note 12** – for services provided in relation to *packaged products* the list of products will be the range of *packaged products* that is appropriate having regard to the services that the *firm* is providing, or may provide, to the *customer*. For services provided in relation to *non-investment insurance contracts*, this is the list required by *ICOB 4.2.14R*.

**Note 13** – if the *firm* does not select this box, it must alter the wording to say "a single group of companies" for *packaged products*, "a single insurer" for *non-investment insurance contracts*, "a single lender" for *regulated mortgage contracts* or *regulated lifetime mortgage contracts* and "a single company" for home reversion schemes. For example: "We only offer the products from a single group of companies" should replace the text in the specimen CIDD.

**Note 14** – change "mortgage" to "lifetime mortgage" where the *firm* sells only *regulated lifetime mortgage contracts*. *Firms* must insert the text relating to home reversion schemes and change "mortgage" to "product", and "lender" to "company", if they advise or give personalised information on home reversion schemes in addition to *advising* or giving personalised information on *regulated lifetime mortgage contracts*.

#### **Section 4: What will you have to pay us for our services?**

**Note 15** – *firms* are only required to provide a *private customer* with an appropriate "key facts guide to the costs of services" (i.e. a menu) if they propose to give that *customer advice* on *packaged products*. Where a *firm* is not required to provide that *customer* with a menu

because the *firm* does not give *advice* on *packaged products*, the *firm* may omit the part of section 4 of the CIDD that relates to *packaged products*.

**Note 16** – if the *customer* will be charged a *fee* for *insurance mediation activities* in connection with *non-investment insurance contracts*, insert a plain language description of what each *fee* is for and when each *fee* is payable. This should include any *fees* for *advising on* or *arranging* a *non-investment insurance contract* and any *fees* over the life of the contract, for example, for mid-term adjustments. If a *firm* does not charge a *fee* the text in the first box should be abbreviated to 'A fee'.

**Note 17** – if the *firm* receives commission instead of, or in addition to, *fees* from the *customer* for services relating to *regulated mortgage contracts*, *regulated lifetime mortgage contracts* or home reversion schemes, it must insert a plain language explanation of this (see specimen for a plain language example).

**Note 18** – insert a plain language description of when any *fees* are payable for services relating to *regulated mortgage contracts*, *regulated lifetime mortgage contracts* or home reversion schemes. This description could include, for example, a cash amount, a percentage of the loan or reversion amount or the amount per hour, as appropriate. However, where a cash amount is not disclosed, one or more examples of the cash amount must be included. If a *firm* offers more than one pricing option, it may illustrate each with a separate box. If a *firm* does not charge a *fee*, the text for the second box should be abbreviated to 'A fee'.

**Note 19** – omit this part of the CIDD on 'Refund of fees' if the *firm* has indicated that there will be "No fee" for services in relation to *regulated mortgage contracts*, *regulated lifetime mortgage contracts* or home reversion schemes.

**Note 20** – *firms* may select as many boxes as appropriate.

**Note 21** – insert a plain language description of the circumstances in which the *fee* for services in relation to *regulated mortgage contracts*, *regulated lifetime mortgage contracts* or home reversion schemes is refundable or not refundable as described.

**Note 22** – a *firm* may delete this line if it does not offer a partial refund for services in relation to *regulated mortgage contracts*, *regulated lifetime mortgage contracts* or home reversion schemes in any circumstances.

### **Section 5: Who regulates us?**

**Note 23** – the *firm* may omit this section for services relating to *packaged products* if the *firm* has, on first contact with the *customer*, provided the *customer* with its *terms of business* which contains that information, including the *firm's permitted business*. This section may be omitted for services relating to *non-investment insurance contracts* if the *firm* provides the information covered by this section where it is required by *ICOB 4.2.8R* to the *customer* by some other means. This section may be omitted for services relating to *regulated mortgage contracts* (including *regulated lifetime mortgage contracts*) and home reversion schemes in accordance with *MCOB 4.4.1R(3)*. If this section is omitted, the other sections of the CIDD must be renumbered accordingly.

**Note 24** – if the *firm's* address on the *FSA Register* differs from that given on the CIDD under note 5, the address on the *FSA Register* must be given in this section. If the address is the same as that given under note 5 it should be repeated in this section.

**Note 25** – where the *authorised firm* trades under a different name from that under which it is *authorised*, it must include the name under which it is *authorised* and listed in the *FSA Register*. It may also include its trading name(s) if it wishes.

**Note 26** - an *incoming EEA firm* will need to modify this section if it chooses to use this CIDD (see *GEN 4 Ann 1R(2)*).

**Note 27** – insert a plain language description of the business for which the *firm* has a *permission* which relates to the service it is providing.

**Note 28** – where the information is provided by an *appointed representative*, the *appointed representative* must use this text instead. The *appointed representative* must give details of the *authorised firm(s)* that is its *principal(s)* for each type of service that it is providing to a particular *customer*.

## **Section 6: Loans and ownership**

**Note 29** – omit this section where there are no relevant loan or ownership arrangements under the following notes or if the *firm* is an *insurer* selling its own *non-investment insurance contracts*. If this section is omitted the other sections of the CIDD must be renumbered accordingly. If the *firm* is not providing services in relation to *packaged products*, the heading of this section must be changed to 'Ownership'.

**Notes 30, 31 and 32** apply only to a *firm advising on, dealing in, or arranging* in relation to *packaged products* for *private customers*.

**Note 30** – insert, in the *firm's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of the *firm* which is held by a provider of *packaged products* or by the parent of the provider.

**Note 31** – insert, in the *firm's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of a provider of *packaged products* which is held by the *firm*.

**Note 32** – insert, in the *firm's* own words, a short description of any *credit* provided to the *firm* by a *product provider* (other than *commission* due to the *firm* in accordance with an indemnity claw-back arrangement) or by any *undertaking* in the *immediate group* of the *product provider* where the amount of the *credit* exceeds 10 per cent of the share and loan capital of the *firm*.

**Notes 33 and 34** apply to an *insurance intermediary* that is not an *insurer* providing services in relation to *non-investment insurance contracts*.

**Note 33** – insert, in the *insurance intermediary's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of the *insurance intermediary* which is held by an *insurance undertaking* or by the parent of an *insurance undertaking*.

**Note 34** – insert, in the *insurance intermediary's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of an *insurance undertaking* which is held by the *insurance intermediary*.

### **Section 7: What to do if you have a complaint**

**Note 35** – if different to the address in note 5, give the address and telephone number which is to be used by *customers* wishing to complain.

**Note 36** – this text may be omitted for *non-investment insurance contracts* if the *insurance intermediary* is aware that a *commercial customer* would not be an *eligible complainant*.

**Note 37** – if the *firm* is carrying on an activity from an establishment which is outside the *United Kingdom* it must make clear that the *Financial Ombudsman Service* will not be available. The *firm* may refer to any similar complaints scheme that may be applicable.

### **Section 8: Are we covered by the Financial Services Compensation Scheme (FSCS)?**

**Note 38** – when an *incoming EEA firm* provides the CIDD, it must modify this section as appropriate.

**Note 39** – where the *insurance intermediary* provides a service in relation to a compulsory class of insurance, such as *employers' liability insurance*, it must use this alternative text.

### **Section 9: Group personal pensions**

**Note 40** – *firms* should only include section 9 if they intend to give information about, or *advise on*, the opportunity for *employees* to join a *group personal pension scheme* established by their employer. In all other cases it should be omitted entirely.

**Note 41** – the words in square brackets should be omitted or included, as appropriate, depending upon whether the *firm* is *advising employees* whether or not to join a *group personal pension scheme*, or merely providing them with factual information about the scheme.

**Note 42** – although *firms* must not use the occasion of a meeting to discuss a *group personal pension scheme* as an opportunity to give *advice on other designated investments*, this does not preclude the provision of *advice on non-investment insurance contracts, regulated mortgage contracts or regulated lifetime mortgage contracts*. A *firm* may also, when giving *advice on a group personal pension scheme*, suggest that a further meeting be arranged to discuss *designated investments* and if so must provide a further appropriate IDD or CIDD.

### **Lifetime mortgage warning**

**Note 43** - This warning box should be added when the *firm* sells *regulated lifetime mortgage contracts* or home reversion schemes or both.

# ICOB 5

## Product disclosure

### 5.1 Application and purpose

#### Application: who and what?

#### 5.1.1 R This chapter applies to:

- (1) an *insurer*;
- (2) an *insurance intermediary* other than when *introducing*;
- (3) a *managing agent*.

#### 5.1.2 R Throughout this chapter references to an *insurer* apply equally to a *managing agent*.

5.1.3 G The definition of *insurance intermediary* includes an *insurer* when the *insurer* is carrying on *insurance mediation activities*, for example when, through its sales force, it *advises on* or *arranges* its own *non-investment insurance contracts* or those of another *insurer*.

5.1.4 G This chapter applies to the sale, *renewal* and certain changes to a *non-investment insurance contract* with a *retail customer* or a *commercial customer*.

5.1.5 G *ICOB 5.1.6G* shows the provisions in this chapter which apply when a *firm* deals with a *retail customer* and those which apply when a *firm* deals with a *commercial customer*.

5.1.6 G Table: Application of *ICOB 5* by customer type

This table belongs to *ICOB 5.1.5G*.

Retail customer	Commercial customer
The whole chapter except <i>ICOB 5.4</i>	The whole chapter except <i>ICOB 5.3</i>

5.1.7 G *ICOB 5.5.18R* to *ICOB 5.5.19R* (relating to directive-required information) qualify the general provisions on territorial scope set out in *ICOB 1.3*.

5.1.8 R If information required by this chapter to be provided to a *customer* duplicates information required in *ICOB 4* (Advising and selling standards), that information does not need to be provided twice unless required by a specific *rule*. However, the *policy summary* must always contain the information set out in *ICOB 5.5.5R* except as specified in *ICOB 5.4.8R(1)* and

## **ICOB 5.5.1R.**

### **Purpose**

- 5.1.9 G (1) This chapter reinforces *Principle 7* (Communications with clients), which requires a *firm* to pay due regard to the needs of its *clients* and communicate information to them in a way that is clear, fair and not misleading.
- (2) The purpose of this chapter is to ensure that *customers* have the necessary information to make an informed choice about whether or not to *buy* a specific *non-investment insurance contract* and whether a contract continues to meet their needs.
- 5.1.10 G This chapter also implements relevant requirements of the *Distance Marketing Directive*, the *Consolidated Life Directive* and *Third Non-Life Directive*.

## **5.2 Information - responsibilities of insurers and intermediaries**

- 5.2.1 G This section covers the responsibility for content, production and provision to the *customer* of information. It provides first for the typical situation in which both *insurer* and *insurance intermediary* are *UK*-based, and also provides for cross-border situations and those in which *insurance undertakings* or intermediaries are not *firms* or where the sale involves a *connected contract*.

### **If both the insurer and the insurance intermediary are UK-based**

- 5.2.2 R **If an *insurer* and an *insurance intermediary* (other than an *authorised professional firm* carrying on *non-mainstream regulated activities* or a *firm* selling *connected contracts*) each operates from an establishment maintained by it in the *United Kingdom*, the *insurer* is responsible for the content and production of the information referred to at **ICOB 5.2.9R** and the *insurance intermediary* is responsible for providing that information to the *customer*.**

### **If either the insurance undertaking or the insurance intermediary is not UK-based, not authorised, an authorised professional firm or a firm selling connected contracts**

- 5.2.3 R (1) **If an *insurance intermediary* operates from an establishment maintained by it in the *United Kingdom*, but an *insurance undertaking* does not, the *insurance intermediary* is responsible for the content and production of the information in **ICOB 5.2.9R** as well as for providing it to the *customer*.**
- (2) **If an *insurer* operates from an establishment maintained by it in the *United Kingdom* but the intermediary does not, is not *authorised*, is a *firm* selling *connected contracts*, or is an *authorised professional firm* carrying on *non-mainstream regulated activities*, the *insurer* is responsible for the provision of the information in **ICOB 5.2.9R** to the *customer*, subject to **ICOB 5.2.5R**, as well as for the content and production of it.**

- 5.2.4 G **ICOB 5.2.3R(2)** makes the *insurer* responsible for the content, production and

provision of information to *customers* dealing through:

- (1) intermediaries in the *United Kingdom* who do not have *Part IV permission* (for example, travel agents selling *connected contracts*, *exempt professional firms* and intermediaries who do not have an establishment in the *United Kingdom*); or
- (2) *firms* selling *connected contracts*; or
- (3) *authorised professional firms* carrying on *non-mainstream regulated activities*.

#### Exceptions where insurers deal with certain other intermediaries

- 5.2.5 R (1) If an *insurer* deals with an intermediary who operates from an establishment in the *United Kingdom* but does not need to be *authorised*, who is a *firm* selling *connected contracts*, or who is an *authorised professional firm* carrying on *non-mainstream regulated activities*, despite *ICOB 5.2.3R(2)* the *insurer* need not produce or provide:
- (a) a *policy summary*; and
  - (b) in respect of a *distance sale*, the directive-required information at *ICOB 5.5.20R(16)* to (21).
- (2) If the *insurer* deals with an intermediary who does not operate from an establishment maintained by the intermediary in the *United Kingdom*, despite *ICOB 5.2.3R(2)* the *insurer* need not produce or provide a *policy summary*.
- 5.2.6 R If *ICOB 5.2.3R* requires an *insurer* to provide information to the *customer*, the rules at *ICOB 5.3* and *ICOB 5.4*, where they refer to an *insurance intermediary*, must be read as applying to an *insurer*.

#### Insurers not operating from establishments in the United Kingdom

- 5.2.7 R Where an *insurer* is not operating from an establishment maintained by it in the *United Kingdom*, and there is no *insurance intermediary* which operates from an establishment maintained by it in the *United Kingdom*, the *insurer* need produce and provide only the directive-required information at *ICOB 5.5.20R(1)* to (15) when *ICOB 1.3.4R* or *ICOB 1.3.5R* applies.
- 5.2.8 G If an *insurer* does not operate from an establishment in the *United Kingdom* and deals with an *insurance intermediary* which does not have an establishment in the *United Kingdom*, and *ICOB 1.3.4R* or *ICOB 1.3.5R* applies, the *insurer* is responsible for the content and must produce and provide the information required by those *rules*.

#### Information to be provided to customers

- 5.2.9 R The information which is required is:

- (1) a *policy summary* (ICOB 5.5.1R to ICOB 5.5.13G);
- (2) directive-required information (ICOB 5.5.16R to ICOB 5.5.26G);
- (3) a *policy document* (ICOB 5.5.27R to ICOB 5.5.28G);
- (4) information about the *claims handling process* (ICOB 5.3.9R to ICOB 5.3.11G);
- (5) information, where relevant, about cancellation rights (ICOB 5.3.12R to ICOB 5.3.14G); and
- (6) for any applicable compensation scheme mentioned in the *policy summary* in accordance with ICOB 5.5.1R, the extent and level of cover and how further information can be obtained, if not already included in the *policy summary* in accordance with ICOB 5.5.1R(2)(b).

5.2.10 G The directive-required information referred to in ICOB 5.2.9R(2) does not need to be in a separate document. It may be incorporated into another document such as the *policy document* or included in a document of which the *policy summary* is a part.

5.2.11 R If an *insurer* agrees with an *insurance intermediary* that it will take on any part of the *insurance intermediary's* responsibilities required by this chapter, then the relevant *rule* will apply to the *insurer* as if it were the *insurance intermediary*.

5.2.12 R If an *insurance intermediary* is required by this chapter to provide information to a *customer* in relation to a *non-investment insurance contract*, the *insurer* must produce that information in good time to enable the *insurance intermediary* to comply with the *rules* in this chapter, or must produce it promptly in response to a request by the *insurance intermediary*.

#### Provision of information to customers "in good time"

5.2.13 G Some of the *rules* in this chapter require information to be provided to *retail customers* "in good time" before the conclusion of a contract and to *commercial customers* "in good time" before expiry of an existing contract. In determining what is "in good time" an *insurance intermediary* should consider the importance of the information to the *customer* in helping him to decide whether a contract meets his needs and the point in the sales process or *renewal* process at which the information may be most useful.

5.2.14 G If the *rules* in this chapter require a *policy document* to be given to a *customer* before conclusion of the contract, this must be the *policy document* and not a specimen. If an *insurance intermediary* provides a copy of the *policy terms* to a *customer* for information before conclusion of the contract, in circumstances where the *rules* in this chapter do not require it, a specimen of the terms can be given to the *customer*.

### 5.3 Provision of information to retail customers

**Before the conclusion of a contract which is not a distance contract**

- 5.3.1 R If a *non-investment insurance contract* is not a *distance contract*, an *insurance intermediary* must, in good time before the conclusion of the contract:
- (1) provide a *retail customer* with the following information in a *durable medium*:
    - (a) a *policy summary* (ICOB 5.5.1R to ICOB 5.5.13G);
    - (b) a statement of price (ICOB 5.5.14R to ICOB 5.5.15G);
    - (c) the relevant directive-required information set out in ICOB 5.5.20R (subject to ICOB 5.5.17G to ICOB 5.5.19R); and
  - (2) draw the attention of the *retail customer* orally to the importance of reading the *policy summary*, and in particular the section of the *policy summary* on significant and unusual exclusions or limitations.

**On conclusion of a contract which is not a distance contract**

- 5.3.2 G Where the *retail customer* does not have the opportunity to read the information provided in accordance with ICOB 5.3.1R(1) before conclusion of the contract, for example, because it is provided in a sealed pack, the *insurance intermediary* should provide a specimen copy of all the information in such a way that the *retail customer* is able to read it before conclusion of the contract. For example, a stand with sealed packs could be accompanied by a copy of the *policy summary* and other required information, with a notice that they contain important information the *retail customer* should read before *buying* the *policy*. Oral disclosure at the point of sale must still be given in accordance with ICOB 5.3.1R(2).
- 5.3.3 G *Guidance* on what constitutes a significant or unusual exclusion or limitation is set out in ICOB 5.5.8G to ICOB 5.5.10G.
- 5.3.4 R When a *non-investment insurance contract* which is not a *distance contract* is concluded, an *insurance intermediary* must provide a *retail customer* in a *durable medium*, immediately after conclusion of the contract, with:
- (1) a *policy document* (ICOB 5.5.27R to ICOB 5.5.28G);
  - (2) information about the *claims handling* process (ICOB 5.3.9R to ICOB 5.3.11G);
  - (3) information, where relevant, about cancellation rights (ICOB 5.3.12R to ICOB 5.3.14G);
  - (4) for any applicable compensation scheme mentioned in the *policy summary* in accordance with ICOB 5.5.1R, the extent and level of cover and how further information can be obtained, if not already included in the *policy summary* in accordance with ICOB 5.5.1R(2)(b).

- 5.3.5 G *ICOB 5.3.4R* does not prevent an *insurance intermediary* providing the information in *ICOB 5.3.4R(1)* to (4) before the conclusion of the *non-investment insurance contract*.

**Before the conclusion of a distance contract**

- 5.3.6 R (1) If a *non-investment insurance contract* is a *distance contract*, an *insurance intermediary* must provide a *retail customer*, in good time before the conclusion of the contract, with the following information in a *durable medium*, unless an exemption in (2) applies:

- (a) a *policy summary* (*ICOB 5.5.1R* to *ICOB 5.5.13G*);
- (b) a statement of price (*ICOB 5.5.14R* to *ICOB 5.5.15G*);
- (c) the relevant directive-required information set out in *ICOB 5.5.20R* (subject to *ICOB 5.5.17G* to *ICOB 5.5.19R*);
- (d) the *policy document* (*ICOB 5.5.27R* to *ICOB 5.5.28G*);
- (e) information about the *claims handling* process (*ICOB 5.3.9R* to *ICOB 5.3.11G*); and
- (f) information, where applicable, about cancellation rights (*ICOB 5.3.12R* to *ICOB 5.3.14G*).

- (2) The following exemptions from (1) apply:

- (a) Telephone sales

If a *non-investment insurance contract* is concluded by telephone and the *retail customer* gives explicit consent to receiving only the limited information specified in (i) to (ix) below, an *insurance intermediary* must give this information to the *retail customer* orally before the conclusion of the contract:

- (i) Name of the *insurance undertaking*;
- (ii) type of insurance and cover;
- (iii) significant features and benefits;
- (iv) significant and unusual exclusions or limitations;
- (v) the total price to be paid by the *retail customer* for the *non-investment insurance contract* (or, if an exact price cannot be indicated, the basis for calculation of the price enabling the *retail customer* to verify it);
- (vi) notice of the possibility that other taxes or costs may exist in respect of the *non-investment insurance contract* that are not

payable via the *insurance intermediary* or imposed by him;

- (vii) the existence or absence of the right of cancellation and, where applicable, the duration of the cancellation period and the conditions for exercising the right to cancel, including information on the amount which the *retail customer* may be required to pay;
- (viii) a telephone number or address to which a *claim* may be notified; and
- (ix) that other information is available on request and the nature of that information.

**(b) Certain other means of distance communication**

If the *non-investment insurance contract* is concluded at the *retail customer's* request using a *means of distance communication* (other than by telephone) which does not enable provision of the information referred to in *ICOB 5.3.6R(1)* in a *durable medium* before the conclusion of the contract, the *insurance intermediary* must provide the following information by other means before the conclusion of the contract:

- (i) Name of the *insurance undertaking*;
- (ii) type of insurance and cover;
- (iii) significant features and benefits;
- (iv) significant and unusual exclusions or limitations;
- (v) the total price to be paid by the *retail customer* for the *non-investment insurance contract* (or, if an exact price cannot be indicated, the basis for calculation of the price enabling the *retail customer* to verify it);
- (vi) notice of the possibility that other taxes or costs may exist in respect of the *non-investment insurance contract* that are not payable via the *insurance intermediary* or imposed by him;
- (vii) the existence or absence of the right of cancellation and, where applicable, the duration of the cancellation period and the conditions for exercising the right to cancel, including information on the amount which the *retail customer* may be required to pay; and
- (viii) a telephone number or address to which a *claim* may be notified.

5.3.7 G If the *retail customer* does not give explicit consent to receiving only limited information before conclusion of the contract in accordance with *ICOB*

5.3.6R(2)(a), the exemption at *ICOB* 5.3.6R(2)(a) does not apply and the information in *ICOB* 5.3.6R(1) must be provided to the *retail customer* in a *durable medium* before conclusion of the contract.

**On conclusion of a contract which is a distance contract**

- 5.3.8 R When a *non-investment insurance contract* which is a *distance contract* is concluded in accordance with *ICOB* 5.3.6R(2)(a) or (b), an *insurance intermediary* must provide a *retail customer* with the information in *ICOB* 5.3.6R(1) in a *durable medium* immediately after conclusion of the contract.

**Information about the claims handling process**

- 5.3.9 R The information about the *claims handling* process that the *insurance intermediary* must provide to the *retail customer* in accordance with *ICOB* 5.3.4R(2) and *ICOB* 5.3.6R(1)(e) is:

- (1) the address, telephone number or other point of initial contact for notifying a *claim*; and
- (2) the information the *retail customer* must provide to the *insurance undertaking* when notifying a *claim*.

- 5.3.10 R The information in *ICOB* 5.3.9R(1) and (2) must be provided in the same document.

- 5.3.11 G The information in *ICOB* 5.3.9R may be incorporated into another document or provided as a stand-alone document.

**Information about cancellation**

- 5.3.12 R The information about cancellation that the *insurance intermediary* must provide to the *retail customer* in accordance with *ICOB* 5.3.4R(3) or *ICOB* 5.3.6R(1)(f) is:

- (1) the existence or absence of a right to cancel in accordance with *ICOB* 6.2.1R; and
- (2) where a right to cancel exists:
  - (a) the duration of the cancellation period, in accordance with *ICOB* 6.2.2R;
  - (b) the conditions for exercising the right to cancel, including information on the amount which the *retail customer* may be required to pay;
  - (c) the consequences of not exercising the right to cancel; and
  - (d) how the right to cancel may be exercised, including the address to which the notification of cancellation should be sent.

- 5.3.13 G The information in *ICOB 5.3.12R* should be sufficiently clear, prominent and informative to enable the *retail customer* to understand the right to cancel.
- 5.3.14 G Where the notice of the right to cancel forms part of another document, or is one of a number of documents provided to the *retail customer* at the same time, the *insurance intermediary* should ensure that the presence of the notice of the right to cancel is drawn to the *retail customer's* attention.

### **Renewal**

- 5.3.15 R **If a *non-investment insurance contract* with a *retail customer*, with a duration of no more than one year, is due for *renewal*, *ICOB 5.3.16R* to *ICOB 5.3.23G* apply in place of *ICOB 5.3.1R* to *ICOB 5.3.8R*.**
- 5.3.16 R **If a *non-investment insurance contract* is of no more than one *month's* duration and its terms provide for automatic *renewal* and for cancellation at the *retail customer's* option, *ICOB 5.3.1R* to *ICOB 5.3.8R* and *ICOB 5.3.18R* to *ICOB 5.3.23G* do not apply, except that *ICOB 5.3.12R* to *ICOB 5.3.14G* apply if cancellation rights exist under *ICOB 6*, but if any changes are made to the terms or conditions of the *policy*, *ICOB 5.3.21R* applies.**
- 5.3.17 G An example of a *non-investment insurance contract* referred to at *ICOB 5.3.16R* is a health cash plan with a monthly *renewal* cycle.
- 5.3.18 R **An *insurance intermediary* must:**
- (1) **if the *insurance undertaking* is willing to invite *renewal* of the *policy*, provide the *retail customer* with *renewal* terms in a *durable medium* in accordance with *ICOB 5.3.21R* no less than 21 days before the expiry of the *policy*; or**
  - (2) **notify the *retail customer* no less than 21 days before the expiry of the *policy* if the *insurance undertaking* is not willing to invite *renewal* or that the *insurance intermediary* no longer deals with the *insurance undertaking*.**
- 5.3.19 G *ICOB 5.3.18R(2)* includes circumstances where the *insurance undertaking* is not willing to invite *renewal* through the *insurance intermediary* in contact with the *retail customer*.
- 5.3.20 G *ICOB 5.3.15R* has the effect that a *renewal* of a *non-investment insurance contract* of more than one year's duration must be treated as a new sale, in order to comply with the *DMD*. A *renewal* of a *non-investment insurance contract* which has been extended in accordance with *ICOB 5.3.22R(4)*, so that it is longer than one year, must also be treated as a new sale. For these contracts an *insurance intermediary* should provide information in accordance with the *rules* in *ICOB 5.3.1R* to *ICOB 5.3.8R* and not *ICOB 5.3.15R*.
- 5.3.21 R **The information to be provided to the *retail customer* in accordance with *ICOB 5.3.16R* or *ICOB 5.3.18R(1)* is:**

- (1) a statement of any changes to the terms of the *policy*;
- (2) an explanation of those changes, where necessary;
- (3) any changes to the directive-required information in *ICOB 5.5.20R* (subject to *ICOB 5.5.17G* to *ICOB 5.5.19R*);
- (4) the statement of price at *ICOB 5.5.14R*;
- (5) information about cancellation (*ICOB 5.3.12R* to *ICOB 5.3.14G*); and
- (6) a prominent statement of the *retail customer's* right to request a new *policy document*.

5.3.22 R *ICOB 5.3.18R* and *ICOB 5.3.21R* do not apply where:

- (1) the *insurance intermediary* has reason to believe that the *retail customer* does not wish to *renew* the *policy* through it;
- (2) the *insurance intermediary* has notified the *retail customer* that it does not wish to act for him on *renewal*;
- (3) the *retail customer* has already been notified that the *insurance undertaking* will not invite *renewal*; or
- (4) the *retail customer* requests an extension to the *non-investment insurance contract* for a period less than that of the original *non-investment insurance contract*.

- 5.3.23 G (1) Examples of situations where the *insurance intermediary* would have reason to believe that the *retail customer* does not intend to *renew* are travel insurance for a single trip, mortgage payment protection insurance where the mortgage has been repaid, or creditor insurance tied to the term of a loan.
- (2) An *insurance intermediary* who contacts a *retail customer* at least 21 *days* before expiry of the *policy* to check whether the *retail customer* wishes to *renew*, can rely on an oral statement by the *retail customer* that he does not wish to *renew* or on the *retail customer's* failure to respond to a request in a *durable medium* to contact the *insurance intermediary* by a specified date if he wishes to *renew*.

#### Mid-term changes

5.3.24 R For the duration of a *non-investment insurance contract* an *insurance intermediary* must notify a *retail customer* of:

- (1) changes to the *premium*, unless the change conforms to a previously disclosed formula;
- (2) changes to any term or condition of the contract, together with an explanation of any implications of the change where necessary; and

- (3) changes to the directive-required information in *ICOB 5.5.20R(22)*, for a *non-investment insurance contract* that is a *pure protection contract* (subject to *ICOB 5.5.19R*).
- 5.3.25 R (1) If an *insurance undertaking* changes the *premium* or any term or condition of a *non-investment insurance contract* the *insurance intermediary* must provide the *retail customer* with the information referred to in *ICOB 5.3.24R*, in a *durable medium*, in good time before the change takes effect, unless (2) applies.
- (2) If the change referred to in (1) is at the request of the *retail customer*, and it is impracticable to provide the information in *ICOB 5.3.24R* in a *durable medium* before the change takes effect, the *insurance intermediary* must:
- (a) explain the implications of the change to the *retail customer* before the change takes effect; and
- (b) provide the *retail customer* with the information referred to in *ICOB 5.3.24R* promptly after the change takes effect, in a *durable medium*.
- 5.3.26 G *ICOB 5.3.24R(1)* means that an *insurance intermediary* does not need to notify a *retail customer* of a change to a *premium* which has previously been disclosed to the *retail customer*, such as a periodic percentage increase, or if the *premium* for creditor insurance adjusts according to a previously disclosed formula, depending on the level of the debt. However, if, for example, the *insurance undertaking* alters the formula for calculating the changes to the *premium*, this would need to be notified to the *retail customer* by the *insurance intermediary*.
- 5.3.27 G When explaining the implications of a change in accordance with *ICOB 5.3.24R(2)* or *ICOB 5.3.25R(2)(a)* to a *retail customer*, an *insurance intermediary* should explain any changes to the benefits and significant and unusual exclusions arising from the change.
- 5.3.28 G *Insurers* and *insurance intermediaries* will need to consider whether mid-term changes are compatible with the original *non-investment insurance contract*, in particular whether that *non-investment insurance contract* included terms reserving the right to vary *premiums*, charges or contract terms and conditions. *Insurers* and *insurance intermediaries* also need to ensure that any contract terms which reserve the right to make variations are not themselves unfair under the *Unfair Terms Regulations*. The *FSA* may, as a qualifying body under the *Unfair Terms Regulations*, issue from time to time case summaries or *guidance* of potential relevance to such variation terms (see *ENF 20*).

## 5.4 Provision of information to commercial customers

### Before the conclusion of the contract

- 5.4.1 R Before the conclusion of a *non-investment insurance contract*, an *insurance*

*intermediary* must provide a *commercial customer* with:

- (1) sufficient information to enable the *commercial customer* to make an informed decision about the contract being proposed;
- (2) the directive-required information in *ICOB 5.5.20R(1) to (3)* or *ICOB 5.5.20R(4) to (15)* in writing (subject to *ICOB 5.5.17G to ICOB 5.5.19R*), unless the contract is being concluded by telephone; and
- (3) the *premium* and any *fees* relating to the *non-investment insurance contract*.

5.4.2 G Where a *non-investment insurance contract* with a *commercial customer* is concluded by telephone, *ICOB 5.4.1R(2)* does not apply. The *insurance intermediary* must comply with *ICOB 5.4.1R(1)* and (3) before conclusion of the contract and provide the information in *ICOB 5.4.1R(2)* immediately after conclusion of the contract in accordance with *ICOB 5.4.4R*.

- 5.4.3 G (1) The information in *ICOB 5.4.1R(1)* that an *insurance intermediary* provides may vary according to the *commercial customer's* knowledge, experience and ability.
- (2) In deciding what information is sufficient, the *insurance intermediary* should take account of the main benefits, exclusions, limitations and conditions of a *policy*.

#### **On conclusion of the contract**

5.4.4 R If the information referred to in *ICOB 5.4.1R(2)* and (3) was not provided in writing before the *non-investment insurance contract* was concluded, it must be provided in writing immediately afterwards.

5.4.5 R An *insurance intermediary* must provide a *commercial customer* with a *policy document* promptly after the conclusion of the *non-investment insurance contract*.

- 5.4.6 G (1) In considering how to comply with the requirement to be prompt in *ICOB 5.4.5R*, the *insurance intermediary* should take account of the complexity of the contract and the needs and expectations of the *commercial customer*.
- (2) Where insurance cover commences before the full terms and conditions have been agreed, the *policy document* should be provided to the *commercial customer* promptly after the terms and conditions have been finalised.

5.4.7 G As stated in *ICOB 1.2.8R*, *ICOB 5.4.5R* applies to contracts with *commercial customers* that are *contracts of large risks* where the risk is located within the *European Economic Area* as well as other *non-investment insurance contracts*.

#### **Group policies sold to commercial customers**

5.4.8 R When an *insurance intermediary* sells a *group policy* to a *commercial customer* the terms of which provide for *persons*, other than the *commercial customer*

who concludes the *non-investment insurance contract*, to become *policyholders*, the *insurance intermediary* must, promptly after the conclusion of the contract:

- (1) provide a *policy document* and a *policy summary* containing the information in *ICOB 5.5.5R* except *ICOB 5.5.5R(6)* (cross-references to the *policy document*) to the *commercial customer*;
- (2) inform the *commercial customer* that he should provide the *policy summary* containing the information in (1) to each *policyholder* and inform them that a copy of the *policy document* is available on request; and
- (3) if the *policy* replaces a previous *group policy*, inform the *commercial customer* that he should inform each *policyholder* of any changes to the information in the *policy summary*.

- 5.4.9 G (1) The *policyholder* referred to in *ICOB 5.4.8R* is a *person* who has rights under the *policy* to make a *claim* on the *insurance undertaking* of the *policy* (as distinct from a *person* who can only make a *claim* on, for example, his employer or on trustees in respect of the *policy*) (see *ICOB 1.2.15R* and *ICOB 1.2.16G*). Such a *policyholder* will typically be a *retail customer* under *ICOB*. Examples of types of *group policies* that may fall within the scope of *ICOB 5.4.8R* are a group health *policy* for *employees* or a personal accident *policy* for an affinity group such as a sports club or trades union.
- (2) The *policy summary* information to be provided to *policyholders* in accordance with *ICOB 5.4.8R(2)* can be provided in any form, for example, on an employer's intranet, in a staff handbook or in a separate booklet, providing it is in writing.

#### Renewal

- 5.4.10 R Where a *commercial customer's non-investment insurance contract* is due for renewal, *ICOB 5.4.11R* to *ICOB 5.4.14R* apply instead of *ICOB 5.4.1R* to *ICOB 5.4.7G*.
- 5.4.11 R Unless the *insurance intermediary* has reason to believe that the *commercial customer* does not wish to renew the *policy* or the *insurance intermediary* has notified the *commercial customer* that it will not act for him on renewal, the *insurance intermediary* must, in good time before the expiry of the *policy*:
- (1) provide *renewal terms* to the *commercial customer*; or
  - (2) notify the *commercial customer* that the *insurance undertaking* is not willing to invite *renewal* of the *policy* or that the *insurance intermediary* no longer deals with the *insurance undertaking*.
- 5.4.12 G *ICOB 5.4.11R(2)* includes circumstances where the *insurance undertaking* is not willing to invite *renewal* through the *insurance intermediary* in contact with the *commercial customer*.

- 5.4.13 R *A commercial customer* may consent not to receive the information in *ICOB 5.4.11R* if the *insurance intermediary* has explained to the *commercial customer* the consequences of giving that consent before it is given.
- 5.4.14 R *ICOB 5.4.11R* and *ICOB 5.4.13R* do not apply to *renewal* of a *non-investment insurance contract* of no more than one *month's* duration whose terms provide for automatic *renewal* and for cancellation at the *commercial customer's* option. Instead, the *commercial customer* must be notified of changes to the terms and conditions of the contract, including the *premium*, before the changes take effect.

#### Mid-term changes

- 5.4.15 R For the duration of a *non-investment insurance contract* that is a *pure protection contract* an *insurance intermediary* must notify a *commercial customer* of any changes to the information in *ICOB 5.5.20R(22)* (subject to *ICOB 5.5.19R*) and should take reasonable steps to do so in good time before the change takes effect.

### 5.5 Information form and content

#### Policy summary

- 5.5.1 R A *policy summary* must contain only:
- (1) the information specified in *ICOB 5.5.5R* in relation to a *non-investment insurance contract*; and
  - (2) at the option of the *insurer* or *insurance intermediary*:
    - (a) all or part of the information in *ICOB 5.5.14R* (Statement of price);
    - (b) for any applicable compensation scheme mentioned in *ICOB 5.5.5R(12)*, the extent and level of cover and how further information can be obtained; and
    - (c) the information on cancellation in *ICOB 5.3.12R*.
- 5.5.2 R A *policy summary*, if not set out in a separate document, must be:
- (1) in a prominent place within the other document and clearly identifiable as key information that the *retail customer* should read; and
  - (2) separate from the other content of the document in which it is included.
- 5.5.3 G (1) A *policy summary* is a generic document, but the information in *ICOB 5.5.5R* can be personalised if the *insurer* or *insurance intermediary* wishes, with the details applicable to the insurance cover being provided for a particular *retail customer*.
- (2) A *policy summary* should be produced as an informative document. It is not intended to communicate the full terms and conditions of a *non-investment*

*insurance contract* to the *retail customer*. The content should properly describe the contract but should not overload the *retail customer* with detail.

#### Key features as an alternative to a policy summary

**5.5.4 R** A *firm* may provide *key features* that meet the requirements of *COB 6* on the content of the *key features*, instead of a *policy summary*. The *key features* must include the information required in *ICOB 5.5.5R(6), (10) and (13)* (cross-references from significant and unusual exclusions or limitations to related sections of the *policy document*, a telephone number or address for notification of *claims* and the key facts logo), in addition to that required by *COB 6*.

**5.5.5 R** Table: Policy summary content

This table belongs to *ICOB 5.5.1R*.

Policy summary content	
(1)	a statement that the <i>policy summary</i> does not contain the full terms and conditions of the <i>non-investment insurance contract</i> , which can be found in the <i>policy document</i> ;
(2)	Name of the <i>insurance undertaking</i> ;
(3)	type of insurance and cover;
(4)	significant features and benefits;
(5)	significant and unusual exclusions or limitations;
(6)	Cross-references from (5) to the related sections of the <i>policy document</i> ;
(7)	the duration of the <i>non-investment insurance contract</i> ;
(8)	(for <i>policies</i> of more than one year) a statement, where relevant, that the <i>retail customer</i> may need to review and update his cover periodically to ensure it remains adequate;
(9)	the existence or absence of the right of cancellation and, where applicable, the duration of the cancellation period;
(10)	A telephone number or address to which a <i>claim</i> may be notified;
(11)	how to complain to the <i>insurance undertaking</i> and that complaints may subsequently be referred to the <i>Financial Ombudsman Service</i> or any other applicable named complaints scheme;
(12)	that the <i>retail customer</i> may be entitled to compensation from the <i>compensation scheme</i> , or from any other applicable named compensation scheme, should the <i>insurance undertaking</i> be unable to meet its liabilities; and

**(13) the key facts logo.**

- 5.5.6 G When producing the information in *ICOB 5.5.5R* a *firm* should have regard to the nature and complexity of the *non-investment insurance contract* in deciding:
- (1) how much detail the *policy summary* should contain; and
  - (2) what constitutes a significant or unusual exclusion or limitation.
- 5.5.7 G The requirement in *ICOB 5.5.5R(3)* (type of insurance and cover) can be met in the following ways:
- (1) by describing the broad type of *non-investment insurance contract*, for example:
    - (a) for motor insurance, whether the cover is comprehensive or third party;
    - (b) for household insurance, whether accidental damage is included; and
    - (c) for a *pure protection contract*, whether the *premium* is guaranteed, reviewable or renewable; or
  - (2) if a *policy summary* provided to a *retail customer* in a *durable medium* describes different types of cover available, for example, both comprehensive and third party motor insurance, the *retail customer* should be informed which type of cover is being offered at the time he is given the *policy summary*.
- 5.5.8 G A significant exclusion or limitation is one that would tend to affect the decision of *retail customers* generally to buy. In determining what exclusions or limitations are significant an *insurer* should, in particular, consider the exclusions or limitations that relate to the significant features and benefits in *ICOB 5.5.5R(4)*. Another type of significant limitation might be that the contract only operates through certain means of communication e.g. telephone or Internet.
- 5.5.9 G An unusual exclusion or limitation is one that is not normally found in comparable contracts.
- 5.5.10 G Some examples of significant and unusual exclusions or limitations are as follows:
- (1) for *non-investment insurance contracts* that are *pure protection contracts* or medical insurance: deferred payment periods; exclusion of certain conditions or diseases; exclusion of pre-existing medical conditions, and moratorium periods;
  - (2) for *general insurance contracts*: “high risk” electrical items from a household policy; audio equipment from motor insurance; winter sports from travel insurance; and

- (3) for all types of *non-investment insurance contracts*: limits on the amounts of cover; limits on the period for which benefits will be paid; restrictions on eligibility to claim such as age or employment status; excesses.

**5.5.11 R** The key facts logo must be included in a prominent position at the top of the *policy summary*, as shown in *ICOB 4 Ann 1G* for the initial disclosure document, or in a prominent position at the top of the relevant section of the document if the *policy summary* information is included in another document. The logo may be a different size from that in *ICOB 4 Ann 1G*, but its proportions must not be distorted.

5.5.12 G The *FSA* has developed a common 'key facts' logo to be used on significant pieces of information directed to *customers*. When reproducing the logo, *insurers* and *insurance intermediaries* may use colour, providing this does not diminish the prominence of the logo. A specimen of the 'key facts' logo can be obtained from the *FSA* website: [http://www.fsa.gov.uk/pubs/other/keyfacts\\_logo](http://www.fsa.gov.uk/pubs/other/keyfacts_logo).

5.5.13 G A *firm* should produce a *policy summary* to a standard of quality and presentation consistent with that used for other documents in relation to the *non-investment insurance contract*, so that *retail customers* are not deterred by its appearance from reading it.

#### Statement of price

**5.5.14 R** A statement of price must include the following information:

- (1) the total amount of the *premium* for the *non-investment insurance contract* or, if the *premium* cannot be indicated, the basis for the calculation of the *premium* enabling the *retail customer* to verify it;
- (2) for *non-investment insurance contracts* of more than one year, details of the period for which the *premium* is valid, whether it will be reviewed at a certain time or at set periods and, if so, when it will be reviewed;
- (3) *fees*, administrative charges and taxes payable by the *retail customer* via the *insurance intermediary* in addition to the *premium*. *Fees* and administrative charges include any interest payable on the *premium*, including where the *premium* is paid by way of a credit agreement taken out either for payment of the *premium* only or for the purpose of purchasing goods or services as well;
- (4) a statement identifying separately the possibility of any taxes not payable via the *insurance intermediary*;
- (5) where the *non-investment insurance contract* is purchased in connection with other goods or services:
  - (a) the *premium* for the *non-investment insurance contract*, separately from all other prices in relation to the other goods or services, if an additional price is charged; and

(b) whether purchase of the *non-investment insurance contract* is a requirement of purchasing the other goods or services or not; and

(6) the total price to be paid by the *retail customer* for the *non-investment insurance contract*.

5.5.15 G An example of a situation where a *premium* could not be stated under *ICOB 5.5.14R(1)* is a creditor insurance *policy* where the *premium* varies according to the level of debt. The statement of price should instead show the basis of calculation, for example, the *premium* as a percentage of the debt outstanding at specified dates.

#### **Directive-required information**

5.5.16 R **The directive-required information referred to in this chapter is set out in *ICOB 5.5.20R*, subject to *ICOB 5.5.18R* to *ICOB 5.5.19R*.**

5.5.17 G *ICOB 5.5.20R* brings together all the directive-required information that must be provided under this chapter. Where information required under *ICOB 5.5.20R* has already been provided to a *customer* in another document, for example a *policy summary*, it does not need to be provided a second time for the same contract unless required by a specific *rule*. In some instances it may be possible to meet similar requirements of more than one directive by a single statement, including requirements in *ICOB 4*.

5.5.18 R **The information in *ICOB 5.5.20R(2)* and (3) need not be provided for a *general insurance contract*, if the *United Kingdom* is not the *State of the risk*.**

5.5.19 R (1) **The information in (2) need not be provided for a *non-investment contract* which is a *pure protection contract* if, at the time of application, the *customer*, other than an *EEA ECA recipient*, is *habitually resident*:**

(a) in an *EEA State* other than the *United Kingdom*; or

(b) outside the *EEA* and he is not present in the *United Kingdom*.

(2) **The information referred to in (1) is:**

(a) *ICOB 5.5.20R(4)* to (15); or

(b) *ICOB 5.5.20R(22)*, if the *non-investment insurance contract* was entered into before 1 July 1994.

5.5.20 R Table: Directive-required information to be provided to customers

This table belongs to *ICOB 5.5.16R*.

<b>Directive-required information to be provided to customers</b>	
<b>For <i>general insurance contracts (Third Non-Life Directive)</i> other than certain<sup>1</sup> <i>distance contracts with retail customers</i>:</b>	
<b>(1)</b>	<p>if the <i>insurance undertaking</i> is an <i>EEA firm</i>:</p> <p>(a) the <i>insurance undertaking's Home State</i> and, where appropriate, the <i>EEA State</i> of the <i>branch</i> through which the <i>non-investment insurance contract</i> is to be concluded <sup>2</sup>; and</p> <p>(b) the address of the <i>insurance undertaking's</i> head office (and <i>branch</i>, if appropriate)<sup>2</sup>;</p>
<b>(2)</b>	<p>if the <i>policyholder</i> is a natural person, the law applicable to the <i>general insurance contract</i> where the parties do not have a free choice, or the fact that the parties are free to choose the law applicable and, in the latter case, the law the <i>insurance undertaking</i> proposes to choose; and</p>
<b>(3)</b>	<p>if the <i>policyholder</i> is a natural person, the arrangements for handling <i>policyholders' complaints concerning general insurance contracts</i> including, where appropriate, the existence of a complaints body, without prejudice to the <i>policyholder's</i> right to take legal proceedings.</p>
<p><b>Note 1:</b> The information at (1) to (3) need not be provided for <i>distance contracts</i> where information is provided under the <i>Distance Marketing Directive</i> or equivalent legal requirement.</p>	
<p><b>Note 2:</b> The information in (1) must be stated in the <i>policy document</i> and any other document granting cover.</p>	
<p><b>For <i>non-investment insurance contracts</i> that are <i>pure protection contracts (Consolidated Life Directive)</i><sup>3</sup> other than certain<sup>4</sup> <i>distance contracts with retail customers</i>:</b></p>	
<b>(4)</b>	<p>the name and legal form of the <i>insurance undertaking</i>;</p>
<b>(5)</b>	<p>the name of the <i>EEA State</i> in which the head office of the <i>insurance undertaking</i> and, where appropriate, the agency or <i>branch</i> concluding the <i>non-investment insurance contract</i> is situated;</p>

(6)	the address of the <i>insurance undertaking's</i> head office and, where appropriate, of the agency or <i>branch</i> concluding the <i>non-investment insurance contract</i> ;
(7)	the definition of each benefit and each option;
(8)	the term of the <i>non-investment insurance contract</i> ;
(9)	the means of terminating the <i>non-investment insurance contract</i> ;
(10)	the means of payment of <i>premiums</i> and duration of payments;
(11)	information on the <i>premiums</i> for each benefit, both main benefits and supplementary benefits, where appropriate;
(12)	information about cancellation in accordance with <i>ICOB 5.3.12R</i> ;
(13)	general information on the tax arrangements applicable to the type of <i>non-investment insurance contract</i> ;
(14)	the arrangements for handling complaints concerning <i>non-investment insurance contracts</i> by <i>policyholders</i> , lives assured or beneficiaries under <i>policies</i> , including, where appropriate, the existence of a complaints body, making clear that its existence is without prejudice to the right to take legal proceedings; and
(15)	the law applicable to the <i>non-investment insurance contract</i> where the parties do not have a free choice or, if the parties are free to choose the law applicable, the law the <i>insurance undertaking</i> proposes to choose.
<p><b>Note 3:</b> The directive-required information at (4) to (15) must be in English unless the <i>customer</i> requests it to be, and the <i>insurance undertaking</i> agrees to it being, in another language.</p>	
<p><b>Note 4:</b> The information at (4) to (15) need not be provided for <i>distance contracts</i> where information is provided under the <i>Distance Marketing Directive</i> or equivalent legal requirement.</p>	
<p><b>For <i>non-investment insurance contracts</i> with <i>retail customers</i> concluded by a means of <i>distance communication</i>, other than by telephone (<i>Distance Marketing Directive</i>):</b></p>	
(16)	the <i>insurance undertaking</i>
(a)	the name, main business of the <i>insurance undertaking</i> , and the geographical address of the <i>insurance undertaking's</i> head office and <i>branch</i> , where appropriate;

	(b)	the trade register in which the <i>insurance undertaking</i> is entered and its registration number or an equivalent means of identification in that register;
	(c)	where the <i>insurance undertaking's</i> activity is subject to an authorisation scheme, the particulars of the relevant supervisory authority;
(17)	the financial service	
	(a)	a description of the main characteristics of the <i>non-investment insurance contract</i> ;
	(b)	the total price to be paid by the <i>retail customer</i> to the <i>insurance intermediary</i> for the <i>non-investment insurance contract</i> including all related <i>fees</i> , charges and expenses and all taxes paid via the <i>insurance intermediary</i> or, when an exact price cannot be indicated, the basis for the calculation of the price enabling the <i>retail customer</i> to verify it;
	(c)	notice of the possibility that other taxes and/or costs may exist that are not paid via the <i>insurance intermediary</i> or imposed by him;
	(d)	any limitations of the period for which the information provided is valid;
	(e)	the arrangements for payment and for performance of the <i>non-investment insurance contract</i> ;
	(f)	any specific additional cost for the <i>retail customer</i> of using the <i>means of distance communication</i> ;
(18)	the <i>distance contract</i>	
	(a)	information about cancellation in accordance with <i>ICOB 5.3.12R</i> ;
	(b)	information on any rights the <i>insurance undertaking</i> or the <i>retail customer</i> may have to terminate the <i>non-investment insurance contract</i> early or unilaterally, including any penalties imposed by the <i>non-investment insurance contract</i> in such cases;
	(c)	the <i>EEA State</i> or <i>States</i> whose laws are taken by the <i>insurance undertaking</i> as a basis for the establishment of relations with the <i>retail customer</i> prior to the conclusion of the <i>distance contract</i> ;
	(d)	any contractual clause on law applicable to the <i>policy</i> or on competent court or both;

	(e)	in which language, or languages, the contractual terms and conditions, and the prior information referred to in these <i>rules</i> are supplied, and furthermore in which language, or languages, the <i>insurance undertaking</i> , with the agreement of the <i>retail customer</i> , undertakes to communicate during the duration of the <i>policy</i> ;
(19)	redress	
	(a)	whether or not there is an out-of-court complaint redress mechanism for the <i>retail customer</i> and, if so, the methods for having access to it; and
	(b)	the existence of guarantee funds or other compensation arrangements.
<p><b>For <i>non-investment insurance contracts</i> concluded by telephone with a <i>retail customer</i> who has agreed to limited information being provided before conclusion of the contract (<i>Distance Marketing Directive</i>):</b></p>		
(20)	<p>before conclusion of the contract:</p> <p>the information specified in <i>ICOB 5.3.6R(2)(a)</i> other than <i>ICOB 5.3.6R(2)(a)(viii)</i>.</p>	
(21)	<p>immediately after conclusion of the contract:</p> <p>the information referred to in sub-paragraphs (16) to (19) of this table.</p>	
<p><b>Provisions applying during <i>non-investment insurance contracts</i> that are <i>pure protection contracts</i>:</b></p>		
(22)	any change to the information in sub-paragraphs (4) to (11) of this table.	

- 5.5.21 R Where a *non-investment insurance contract* is effected jointly, the information required by *ICOB 5.5.20R* may be sent only to the first-named *customer*.

- 5.5.22 **R** Where a *non-investment insurance contract* is underwritten by more than one *insurance undertaking*, any rules in this chapter requiring information to be provided to a *customer* about the *insurance undertaking* before conclusion of the contract apply only to the first-named *insurance undertaking*. Details of all the *insurance undertakings* providing cover must be provided promptly after conclusion of the contract.
- 5.5.23 G The relevant supervisory authority in *ICOB 5.5.20R(16)(c)* will in most cases be the *FSA*. Where an *incoming EEA firm* is providing *cross border services*, the relevant supervisory authority will be its *Home State Regulator*.
- 5.5.24 G A description of the main characteristics of a *non-investment insurance contract* in *ICOB 5.5.20R(17)(a)* would include the information referred to at *ICOB 5.5.5R(3)* to (5) and (7). For a *non-investment insurance contract* that is a *pure protection contract* a description would also include a definition of each benefit and each option; information on the *premiums* for each benefit and the means and duration of payment of them.
- 5.5.25 G The relevant out-of-court complaint redress mechanism at *ICOB 5.5.5R(11)* and *ICOB 5.5.20R(3), (14)* and (19)(a) will in most cases be the *Financial Ombudsman Service*.
- 5.5.26 G The relevant guarantee funds or other compensation arrangements referred to at *ICOB 5.5.5R(12)* and *ICOB 5.5.20R(19)(b)* will in most cases be the *compensation scheme*.

#### **Policy document**

- 5.5.27 **R** A *policy document* must contain all the contractual terms and conditions.
- 5.5.28 G The *policy document* provided to a *customer* should contain all the contractual terms and conditions of the *contract of insurance* with that *customer*. The *policy document* can consist of more than one document, but all the documents making up the *policy document* must be provided to the *customer* at the same time.

#### **5.6 White labelling**

- 5.6.1 G The *rules* in this chapter and in *ICOB 4* (Advising and selling standards) require the *customer* to be informed of the identity of both the *insurance undertaking* and the *insurance intermediary*. *ICOB 2.2.3R* (Clear, fair and not misleading communication) requires all communications with *customers* to be clear, fair and not misleading. *ICOB 5.5.5R* (Policy summary content) includes the name of the *insurance undertaking* but not that of the *insurance intermediary* and *ICOB 5.5.1R* does not allow any information to be added to the *policy summary* in addition to that specified in *ICOB 5.5.1R*. The combined effect of these *rules* is that an *insurance intermediary* must clearly communicate the identity of the *insurance undertaking* to the *customer*.

5.7 Record keeping

5.7.1 R An *insurer*, or an *insurance intermediary* where an *insurance undertaking* does not operate from an establishment in the *United Kingdom*, must retain for a minimum period of three years after the information has been provided to the *customer*:

(1) a *policy summary*; and

(2) a *policy document*;

in relation to each *non-investment insurance contract* concluded.

5.7.2 G If the *policy summary* and *policy document* are generic documents that are not specific to the *customer*, an *insurer* or an *insurance intermediary* can keep one copy of each document that it produces, but must retain a copy of any schedule for each *customer* that forms part of the *policy document* if the schedule is *customer* specific.

5.7.3 G *ICOB 2.8.6G* notes that a *firm* should consider keeping records for longer than three years in case *customers* complain or take legal action against the *firm*. An *insurer* or an *insurance intermediary* should in particular consider what constitutes an appropriate retention period for records which relate to *non-investment insurance contracts* which may give rise to *claims* some time after the inception of the contract (e.g. *employers' liability insurance*).

# ICOB 6

## Cancellation

### 6.1 Application and purpose

#### Application: who?

#### 6.1.1 R This chapter applies to:

- (1) an *insurer*;
- (2) a *managing agent*.

#### 6.1.2 R (1) Throughout this chapter references to an *insurer* apply equally to a *managing agent*.

- (2) A *managing agent* must give effect to the policy in *ICOB 6* that a *retail customer* must be offered cancellation rights.

#### 6.1.3 G This chapter sets out the cancellation rights that a *firm* must offer to a *retail customer* upon inception or *renewal* of specified contracts. A *renewal* only occurs if a further *policy* is entered into at the expiry of an existing *policy*. For example, a creditor *policy* that remains in existence from *month* to *month* until the *policyholder* attains a certain age, until cancelled by either party, or until lapse because of non-payment of *premiums* would not be considered as a *policy* with *monthly renewal* under the *ICOB rules*.

#### Application: what?

#### 6.1.4 R Apart from the exemptions set out in *ICOB 6.1.5R*, this chapter applies to all *non-investment insurance contracts*.

#### 6.1.5 R This chapter does not apply to the following contracts:

- (1) a travel and baggage insurance *policy* or similar short-term insurance *policy* of less than one *month's* duration;
- (2) a *non-investment insurance contract*, the performance of which has been fully completed by both parties at the *retail customer's* express request before the *retail customer* exercises his right to cancel;
- (3) a *non-investment insurance contract* that is a *pure protection contract* of six *months'* duration or less that is not a *distance contract*;
- (4) a *pure protection contract* effected by the trustees of an *occupational pension scheme*, an employer or a *partnership* to secure benefits for the *employees* or the *partners* in the *partnership*; and

(5) a *general insurance contract* that is not a *distance contract* sold by an intermediary who is an *unauthorised person*.

(6) a *connected contract* that is not a *distance contract*.

6.1.6 G In *ICOB* 6.1.5R(1) the 'similar short-term insurance *policy*' referred to is any *contract of insurance* where the event or activity being insured is less than one *month's* duration. The reference to 'duration' is to the period of the cover rather than the period of the contract. So the exemption will cover travel insurance for a fortnight's holiday, even if the insurance was taken out two *months* before the holiday began. However, if the period of cover includes cancellation of the holiday from the point at which the contract is taken out, the *policy* will not benefit from the exemption.

6.1.7 G In relation to *ICOB* 6.1.5R(2):

(1) a contract is not fully completed simply because an event has occurred which allows a *claim* to be made under the contract (for example, a *claim* for a cancelled flight or lost baggage); and

(2) a contract is fully completed where a *claim* has been made that leads to the contract being terminated. This could include a total loss *claim* (for example, a motor *claim* where the vehicle is written off and this results in termination of the contract).

6.1.8 G For the purposes of this chapter, cancellation refers to the initial period of cover during which the contract may be voided. It does not refer to mid-term cancellation that a *firm* may choose to offer its *customers*.

6.1.9 G The cancellation rights described in this chapter apply to all *renewals* and not just those where there have been significant changes.

6.1.10 G Where *ICOB* 6.1.5R applies and there is no cancellation right, a *firm* should inform the *retail customer* of that fact in accordance with *ICOB* 5.3.12R(1).

### **Purpose**

6.1.11 G (1) This chapter reinforces *Principle 6* (Customers' interests) which requires a *firm* to pay due regard to the interests of its *customers* and treat them fairly. In certain circumstances, *retail customers* who have entered into a *non-investment insurance contract* will be entitled to a period of reflection during which they can decide whether to proceed with their purchase.

(2) This chapter also implements, where relevant, elements of the *DMD* and the *Consolidated Life Directive* relating to the cancellation of *distance contracts* and *non-investment insurance contracts* that are *pure protection contracts*.

- 6.2 Cancellation rights and period**
- 6.2.1 R** *A retail customer has a right to cancel a non-investment insurance contract in accordance with ICOB 6.2, ICOB 6.3 and ICOB 6.4.*
- 6.2.2 R** *The period of cancellation is:*
- (1)** *30 days for a non-investment insurance contract that is a pure protection contract; and*
- (2)** *14 days for a general insurance contract.*
- 6.2.3 R** *Where the terms of an insurer's contract give a retail customer a longer period to cancel (that is, in excess of the 14 or 30 days specified), the insurer must disclose in the information about the right to cancel the differences between the retail customer's right under ICOB 6.2.1R and the terms of the contract, which operate independently.*
- 6.2.4 R** *Where a contract is a mixed contract, that is, it has elements of both a general insurance contract and a pure protection contract, a 30 day cancellation period must apply.*
- 6.2.5 R** *The cancellation period in ICOB 6.2.2R must begin on the later of:*
- (1)** *(for a non-investment insurance contract that is a pure protection contract) the day the retail customer is informed that the contract has been concluded; or*
- (2)** *(for a general insurance contract) the day of the conclusion of the contract; or*
- (3)** *the day on which the retail customer receives the contractual terms and conditions and information in accordance with ICOB 5.3.4R, ICOB 5.3.6R(1) or ICOB 5.3.8R in a durable medium.*
- 6.2.6 G** **(1)** *Where ICOB 6.2.5R(3) applies, an insurer is entitled to assume that documents have been received in accordance with generally accepted principles of law. That is:*
- (a)** *that provided the document is sent to the correct address or number, documents posted first class on business day 1 are received on business day 2;*
- (b)** *that a fax is received when sent, if an appropriate transmission report is generated by the transmitter's machine; and*
- (c)** *that an e-mail is received when sent.*

- (2) The general assumptions in *ICOB* 6.2.6G(1) can be contradicted by a *retail customer*. In such cases the burden would be on the *retail customer* to show that the evidence on which the *insurer* was relying was not correct. If the *retail customer* could show this then unless the *insurer* itself had information to suggest that this was not the case, the *insurer* should generally accept the *retail customer's* evidence.
- 6.2.7 G The provisions in *ICOB* 6.2.5R(3), under which time may run from the *day* on which the *retail customer* receives the contractual terms and conditions and information in accordance with *ICOB* 5.3.4R, *ICOB* 5.3.6R(1) or *ICOB* 5.3.8R, as applicable, would cover situations where:
- (1) the contract has been concluded by a *means of distance communication* by which the contractual information could not reasonably have been provided prior to the conclusion of the contract in a *durable medium* (for example, by telephone) and is therefore provided subsequently; or
- (2) the contract is not a *distance contract* and the *retail customer* has not received the contractual terms and conditions in a *durable medium* before the conclusion of the contract.
- 6.2.8 R **If an *insurer* has provided information in accordance with *ICOB* 5.3.4R, *ICOB* 5.3.6R(1) or *ICOB* 5.3.8R in a *durable medium*, it need not accept a notice of cancellation if it is served later than the period specified for that contract.**
- 6.2.9 R **If a *firm* does not give a *retail customer* information about his cancellation rights in a *durable medium* in accordance with *ICOB* 5.3.12R, the contract is cancellable.**
- 6.3 Notification of cancellation by the retail customer
- 6.3.1 R **A *retail customer* who has a right to cancel under *ICOB* 6.2.1R may, without giving any reason, cancel the contract by serving notice upon the *insurer*, its *appointed representative* or any agent of the *insurer* with authority to accept notice on the *insurer's* behalf before expiry of the relevant cancellation period, in accordance with the practical instructions given to him in accordance with *ICOB* 5.3.12R.**
- 6.3.2 R **Where the notice of cancellation is in a *durable medium* and served in accordance with *ICOB* 6.3.1R, it must be treated as being served on the *insurer* on the date it is despatched by the *retail customer*.**
- 6.3.3 G In the event of any dispute, unless there is clear written evidence to the contrary, an *insurer* should treat the date cited by the *retail customer* as being the date when the notice of cancellation was given, *posted* or otherwise sent.

- 6.3.4 G In order to ensure that a *retail customer* returns to the *insurer* any insurance certificate that the *insurer* may provide as part of the *non-investment insurance contract* (for example, the motor insurance certificate), the *insurer* may wish to consider putting the notice of cancellation on the insurance certificate itself and instructing the *retail customer*, prior to the conclusion of the contract in accordance with *ICOB 5.3.12R(2)(d)*, to exercise this right of cancellation by returning the certificate. Unless these instructions are given to the *retail customer* in accordance with *ICOB 5*, an *insurer* will not be able to require cancellation to be exercised in this way.

## 6.4 Effects of cancellation

- 6.4.1 R **By exercising his right to cancel under *ICOB 6.2.1R*, a *retail customer* withdraws from the contract.**

### **Automatic cancellation of an attached distance contract**

- 6.4.2 G (1) Regulation 11 (Automatic cancellation of an attached distance contract) of the *Distance Marketing Regulations* has the effect that, when notice of cancellation is given in relation to a contract, that notice also operates to cancel any attached contract which is also a distance financial services contract. Whether a contract will be "attached" to the main contract will depend on the circumstances in each case. Regulation 11(1)(b) provides that the contract will be attached if:
- (a) it has been entered into in accordance with a term of the main contract;
  - (b) the main contract is financed or is to be financed by the contract;
  - (c) the *retail customer* has entered into the contract for a purpose related to the main contract; or
  - (d) performance of the contract requires performance of the main contract.
- (2) A *retail customer* will also have an independent right to cancel an attached distance contract and may do so without cancelling the main contract.

### **Payments**

- 6.4.3 R **Where a *retail customer* exercises a right to cancel under *ICOB 6.2.1R*:**
- (1) **the *insurer* must pay to the *retail customer* without delay, and no later than 30 days after the date on which the *insurer* received notice of cancellation from the *retail customer*, any sums which the *retail customer* has paid to, or for, the benefit of the *insurer* in connection with the contract (including sums paid by the *retail customer* to agents of the *insurer*) except for the amount referred to in (2);**

- (2) where the contract is a *general insurance contract*, subject to (3), the *insurer* is permitted to require the *retail customer* to pay for the services it has actually provided in connection with the contract. The amount payable, however, must not:
  - (a) exceed an amount which is in proportion to the extent of the service already provided to the *retail customer* by the *insurer* in comparison with the full coverage of the contract; and
  - (b) be such that it could be construed as a penalty;
- (3) sub-paragraph (2) applies only:
  - (a) where performance of the contract has commenced before expiry of the cancellation period and this was requested by the *retail customer*; and
  - (b) where the *insurer* can demonstrate that the *retail customer* was provided with details of the amount which he may be required to pay if exercising his right to cancel in accordance with *ICOB 6.2.1R*;
- (4) the *insurer* is entitled to receive without delay, and no later than 30 days after the date on which the *retail customer* posted or otherwise sent notice of cancellation to the *insurer* any sums and property that became the *retail customer's* under the contract.

- 6.4.4 G (1) The amount referred to in *ICOB 6.4.3R(2)* may include any sums that the *insurer* has reasonably incurred in concluding the *general insurance contract* but should not include any element of profit.
- (2) An *insurer* and an *insurance intermediary* should take reasonable steps to ensure that double recovery of selling costs is avoided, particularly where:
  - (a) there is also a *distance non-investment mediation contract* (see *ICOB 8*); or
  - (b) both *commission* and *fees* are recouped by an *insurer* and an *intermediary* respectively.

- 6.4.5 G The amount referred to in *ICOB 6.4.3R(2)* may include:
- (1) an amount for the cover provided (i.e. a proportion of the *contract of insurance's* exposure that relates to the time on risk);
  - (2) a proportion of the *commission* paid to the *insurance intermediary* sufficient to cover that *insurance intermediary's* costs; and
  - (3) a proportion of any *fees* charged by the *insurance intermediary*, which, when aggregated with any *commission* to be repaid, would be sufficient to cover the *insurance intermediary's* costs.

- 6.4.6 G In the event that a *retail customer* exercises his right to cancel, the amount described in *ICOB 6.4.3R(2)* will normally be retained by the *insurer* (although in some circumstances it could be retained by the *insurance intermediary*). The *insurer* and the *insurance intermediary* should, therefore, agree the terms by which the *insurer* reimburses the *insurance intermediary* (or the reverse).
- 6.4.7 G In calculating the charge in accordance with *ICOB 6.4.3R(2)*, an *insurer* should use a reasonable method of estimating the proportion of the *contract of insurance's* exposure that relates to the time on risk.
- 6.4.8 G In most cases, the *FSA* would expect the proportion of the *insurance contract's* exposure that relates to the time on risk to be a pro rata apportionment. However, where there is material unevenness in the incidence of risk, the *insurer* could employ a more accurate method, which may result in a lower or higher charge to the *retail customer*. In such cases, the *insurer* may charge what it believes to be a reasonable sum, but it should bear in mind that the sum should not exceed an amount commensurate to the risk incurred.
- 6.4.9 R **Where an *insurer* has made a charge for services provided in accordance with *ICOB 6.4.3R(2)*, the sums and property referred to in *ICOB 6.4.3R(4)* must not include any money or property that the *insurer* has provided to the *retail customer* in connection with a *claim*.**
- 6.4.10 R **Any sum payable under *ICOB 6.4.3R* is owed as a simple contract debt, and any sums payable in respect of the cancellation of the same contract may where relevant be set off against each other.**

# ICOB 7

## Claims handling

### 7.1 Application and purpose

#### Application: who and what?

- 7.1.1 R (1) This chapter applies, except for *ICOB 7.6*, in respect of *claims handling* under a *non-investment insurance contract* to:
- (a) an *insurer*;
  - (b) an *insurance intermediary*;
  - (c) a *managing agent*.
- (2) *ICOB 7.6* applies in respect of *motor vehicle liability insurance business* to:
- (a) a *motor vehicle liability insurer*; and
  - (b) the *Society*.
- 7.1.2 R Throughout this chapter, references to an *insurer* apply equally to a *managing agent*.
- 7.1.3 G An *insurer* is responsible for *claims handling*. A *managing agent* is responsible for *claims handling* for *policies* underwritten at Lloyd's. An *insurer* or *managing agent* remains responsible for *claims handling* if it outsources any of its *claims* related activities, including where it gives an intermediary authority to *handle claims* on its behalf. An *insurer* or a *managing agent* is not responsible for the *administration and performance* activities that an *insurance intermediary* carries out on behalf of a *customer* in connection with a *claim*. In relation to these activities, the *insurance intermediary* should refer to *ICOB 7.4*.
- 7.1.4 G An *insurer* should refer to the *rules and guidance* set out in *SUP 2.3.5R* to *SUP 2.3.10G* in respect of any *person* to whom it outsources its *claims handling* functions.
- 7.1.5 G All of this chapter, except *ICOB 7.6*, applies to *claims* made by *retail customers*. Part of *ICOB 7.3*, all of *ICOB 7.4* and all of *ICOB 7.7* apply to *claims* made by *commercial customers*. *ICOB 7.6* applies to *claims* by *injured parties* arising from an accident occurring in an *EEA State* other than the *EEA State* of residence of the *injured party*, involving the use of a vehicle insured and normally based in an *EEA State*.

## Purpose

- 7.1.6 G (1) The purpose of this chapter is to ensure that:
- (a) *claims* are handled fairly;
  - (b) *claims* are settled promptly;
  - (c) *customers* are provided with information on the *claims handling* process, and with an explanation of why a *claim* is rejected or not settled in full, where relevant; and
  - (d) *insurance intermediaries* disclose and manage any conflicts of interest that may exist.
- (2) This chapter reinforces:
- (a) *Principle 3* (Management and control), which requires a *firm* to take reasonable care to organise and control its affairs responsibly and effectively, with adequate risk management systems;
  - (b) *Principle 6* (Customers' interests), which requires a *firm* to pay due regard to the interests of its *customers* and treat them fairly; and
  - (c) *Principle 8* (Conflicts of interest), which requires a *firm* to manage conflicts of interest fairly, both between itself and its *customers* and between a *customer* and another *client*.
- (3) The purpose of *ICOB 7.6* is to transpose certain requirements of the *Fourth Motor Insurance Directive*.

## 7.2 Group policies and third party claimants

- 7.2.1 G Any *person* who, under the terms of a *policy*, has a right to *claim* directly on the *insurer*, is a *policyholder* (see *ICOB 1.2.15R* to *ICOB 1.2.16G*). When dealing with *claims* under *group policies*, *insurers* should consider whether the *person claiming* is a *commercial customer* or a *retail customer* and should apply the *rules* in this chapter accordingly when dealing with a *customer's claim*.
- 7.2.2 G When an *insurer* deals directly with a third party who *claims* against his *customer* because the third party has a legal right to bypass the *customer* and *claim* directly against the *insurer* (for example, certain motor *claims* or because of the insolvency of the *customer*), these *rules* do not require the *insurer* to treat the third party as a *customer*. However, the *insurer* should have regard to *Principle 1* (Integrity), *Principle 2* (Skill, care and diligence) and *Principle 5* (Market conduct) in its dealings with the third party and should not deal with the *claim* in any way less favourably than it would have done had the *claim* been proceeded against its *customer*.

## 7.3 Claims handling: general

### **Requirement to handle claims promptly and fairly**

- 7.3.1 **R** An *insurer* must carry out *claims handling* promptly and fairly.
- 7.3.2 **G** When handling the *claim* of a *retail customer*, an *insurer* should comply with the *rules* and *guidance* in *ICOB 7.5*. When handling the *claim* of a *commercial customer*, an *insurer* should ensure that:
- (1) the *commercial customer* is kept reasonably informed of how his *claim* is progressing; and
  - (2) payment is made promptly once settlement terms have been agreed.
- 7.3.3 **G** An *insurer* should refer to the *guidance* in *SYSC 3.2* (Areas covered by systems and controls) in its procedures for *claims handling*. For example, an *insurer* should have in place systems and controls which take account of reasonably foreseeable peaks in demand, to allow it to deal with *claims* promptly in such circumstances.
- 7.3.4 **G** An *insurer* should refer to the *guidance* set out in *TC 1* (Commitments) in respect of the competence of any *person* who carries out *claims handling* on its behalf.

### **Giving customers guidance on claiming**

- 7.3.5 **R** When an *insurer* is informed that a *customer* wishes to *claim* under his *policy* it must give the *customer* reasonable guidance to help him make a *claim* under his *policy*.

### **Rejecting or refusing claims**

- 7.3.6 **R** An *insurer* must not:
- (1) unreasonably reject a *claim* made by a *customer*;
  - (2) except where there is evidence of fraud, refuse to meet a *claim* made by a *retail customer* on the grounds:
    - (a) of non-disclosure of a fact material to the risk that the *retail customer* could not reasonably be expected to have disclosed;
    - (b) of misrepresentation of a fact material to the risk, unless the misrepresentation is negligent;
    - (c) in the case of a *general insurance contract*, of breach of warranty or condition, unless the circumstances of the *claim* are connected with the breach; or

(d) in the case of a *non-investment insurance contract* which is a *pure protection contract*, of breach of warranty, unless the circumstances of the *claim* are connected with the breach and unless:

(i) under a ‘life of another’ contract, the warranty relates to a statement of fact concerning the life to be assured and that statement would have constituted grounds for rejection of a *claim* by the *insurer* under *ICOB 7.3.6R(2)(a)* or (b) if it had been made by the life to be assured under an ‘own life’ contract; or

(ii) the warranty is material to the risk and was drawn to the attention of the *retail customer* before the conclusion of the contract.

#### 7.4 Duties of insurance intermediaries

7.4.1 R *ICOB 7.4* applies to an *insurance intermediary*.

7.4.2 G *ICOB 7.4* will usually apply to an *insurance intermediary* that is not an *insurer*, but it may also apply to an *insurer*, for example, if it were dealing with a *claim* on a *policy* insured by another *insurance undertaking*.

##### An insurance intermediary’s duty of care, skill and diligence

7.4.3 R An *insurance intermediary*, when acting for a *customer* in relation to a *claim*, must act with due care, skill and diligence.

7.4.4 G The *rules* and *guidance* in *ICOB 7.4* do not seek to set out the full extent of the duties owed by the *insurance intermediary* to any *person* for whom it acts, nor do they displace the general law on the duties of an *insurance intermediary*.

##### An insurance intermediary’s duty to avoid conflicts of interest

7.4.5 R (1) An *insurance intermediary* must not, in connection with any *claim*, put itself in a position where its own interest, or its duty to any *person* for whom it acts, conflicts with its duty to any *customer*, unless:

(a) it made proper disclosure to its *customer* of all information needed to put its *customer* in a position where he can give informed consent to the arrangement; and

(b) it has obtained the prior informed consent of the *customer*.

(2) An *insurance intermediary* must decline to act for the *person* or *customer* referred to in (1) or any of them unless, in the particular circumstances of the case, disclosure and informed consent are sufficient to enable it to reconcile the conflict.

- 7.4.6 G *ICOB 7.4.5R* imposes a requirement on an *insurance intermediary* to avoid conflicts of interest in relation to *claims* where it acts on behalf of a *customer*, unless it can manage them by disclosure to, and the obtaining of consent from, its *customer*.
- 7.4.7 G An *insurance intermediary* should consider whether it is possible to manage the conflict by disclosing the conflict to the *customer* and obtaining his consent. Where an *insurance intermediary* acts for a *customer* in *arranging a policy*, it is likely to be the agent for the *customer* in connection with the preparation and handling of any *claim* against the *insurance undertaking*. If the *insurance intermediary* intends to be the agent of an *insurance undertaking* in relation to *claims* under that *policy*, it will need to consider whether it is at risk of putting itself in the position where it cannot act without some breach of duty either to the *insurance undertaking* or the *customer*. The *insurance intermediary* should consider whether disclosure and consent are sufficient to reconcile the conflicting obligations. An example of a circumstance in which disclosure and consent are unlikely to be sufficient, and when an *insurance intermediary* may well consider that it should not act for the *insurance undertaking* or the *customer* (or both), is where the *insurance intermediary* knows that its *customer* will, to obtain a quick payment, accept a low amount in settlement of a *claim* and also knows the *insurance undertaking* is willing to settle for a higher amount.

#### **Other notifications and actions in relation to claims**

- 7.4.8 R **If an *insurance intermediary* acts for an *insurance undertaking* and not a *customer* in relation to a *claim* on a contract which it *arranged* for that *customer*, the *insurance intermediary* must inform the *customer* that, in relation to that *claim*, it is acting on behalf of the *insurance undertaking*, and not the *customer*.**
- 7.4.9 G *ICOB 7.4.8R* would apply, for example, where an *insurance intermediary* has delegated authority for *claims handling* and deals with a *claim* in relation to a contract that it sold to a *customer*, if the *insurance intermediary* is not acting on behalf of that *customer* in relation to the *claim*.
- 7.4.10 R **If an *insurance intermediary* is notified of a *claim* in relation to a *policy* which it has *arranged*, and the *insurance undertaking* has not given it the authority to deal with that *claim*, it must:**
- (1) **forward the notification to the *insurance undertaking* promptly; or**
  - (2) **inform the *customer* immediately that it cannot deal with the notification.**

#### **7.5 Retail customers: performance standards for handling claims**

##### **Responding to notification of the claim**

- 7.5.1 R **An *insurer* must respond promptly to a notification by a *retail customer* of a *claim*.**

- 7.5.2 G Notification of a *claim* is a demand of the *insurer* to pay or provide a benefit insured under the *policy*, e.g. by submitting a *claim* form or giving the equivalent information orally, where permitted by the *policy*. An enquiry that precedes such a demand, for example, as to whether a particular loss is covered, and therefore whether a *claim* could be made under the terms of the *policy*, is not notification of a *claim*.
- 7.5.3 G *ICOB 7.5.1R* requires an *insurer* to respond promptly once it has received notification of a *claim*. Generally a prompt response would be one within five *business days* of a *retail customer* making a *claim*, although in some circumstances a prompt response could be less than five *business days*, such as where the *retail customer* would expect a swifter response because of the nature of the *claim* or the terms of the *policy* (for example, a roadside assistance *policy*).
- 7.5.4 R The response referred to in *ICOB 7.5.1R* must:
- (1) provide the information set out in *ICOB 7.5.5R*;
  - (2) be in a *durable medium*, unless the notification by the *retail customer* is made orally and the *insurer* does not require the *retail customer* to complete a *claim* form; and
  - (3) provide the *retail customer* with a *claim* form, if the *insurer* requires one to be completed.
- 7.5.5 R The information referred to in *ICOB 7.5.4R(1)* is:
- (1) that the *claim* relates to a risk that is clearly outside the scope of the *policy*, if that is the case (in which case no further information need be provided);
  - (2) the action that will be taken by the *insurer*, and when that action will be taken;
  - (3) if the *insurer* is appointing any other parties to contact the *retail customer* on the *insurer's* behalf, in respect of each other party appointed the following information, if known (but, if the purpose of the appointment is to investigate the validity of a *claim*, the information need not be given if to give it would limit or prevent the effective investigation of the *claim* or any part of it):
    - (a) its name (unless the other party trades under the name of the *insurer*);
    - (b) its function; and
    - (c) the work it will carry out in relation to the *claim*.

- 7.5.6 G The purpose of the *rules and guidance* in *ICOB 7.5.1R to ICOB 7.5.5R* is to provide the *retail customer* at an early stage with information in relation to the processing and settlement of his *claim* by the *insurer*. *ICOB 7.5.5R(1)* is intended to prevent a *retail customer* pursuing a *claim* for which he is clearly not covered, for example, making a *claim* on a contents insurance *policy* for possessions away from home, when the *policy* only covers possessions in the home. It is not intended to pre-empt the outcome of an investigation of a *claim*.
- 7.5.7 G The purpose of *ICOB 7.5.5R(3)* is to ensure that a *retail customer* knows the name and function of any party who will contact him in relation to a *claim* as a representative of the *insurer* e.g an outsourced *claims handling* company or a loss adjuster. An *insurer* would not be expected to notify the *retail customer* of other parties who are appointed to investigate the validity of a *claim*, if this would limit or prevent an effective investigation. However, if a third party such as a loss adjuster is appointed to liaise with the *retail customer* on the *insurer's* behalf, as well as assess the validity of the *claim*, the *insurer* would be expected to disclose the information in *ICOB 7.5.5R(3)* unless it would limit or prevent an effective investigation.

#### **Investigation and processing of the claim**

- 7.5.8 R **An *insurer* must keep the *retail customer* reasonably informed about the progress of his *claim*.**
- 7.5.9 G Where the investigation of a *claim* is likely to be protracted, an *insurer* should provide periodic progress or status reports, when appropriate, to a *retail customer*, including providing the *retail customer* with any relevant update in relation to the information provided under *ICOB 7.5.5R*. The *insurer* should also respond without undue delay to any reasonable request by the *retail customer* for information.

#### **Determining the claim**

- 7.5.10 R **An *insurer* must notify the *retail customer* as soon as practicable whether it:**
- (1) rejects all of his *claim*;
  - (2) rejects his *claim* but, without prejudice to the rejection, makes an offer in compromise; or
  - (3) accepts all or part of his *claim*.
- 7.5.11 R **If the *insurer* rejects the *claim*, but without prejudice to the rejection makes an offer in compromise, it must notify the *retail customer* of the terms of that offer as soon as practicable.**
- 7.5.12 R **If the *insurer* accepts all or part of the *retail customer's claim*, it must notify the *retail customer* as soon as practicable whether:**
- (1) as to the parts it accepts, it agrees to provide the money, property or service *claimed* by the *retail customer* in full; or

- (2) it makes some other offer in compromise. In that event, it must notify the *retail customer* of the terms of its offer.
- 7.5.13 R (1) Unless the *insurer* accepts the *retail customer's claim* in full, the *insurer* must explain why it rejects all or part of the *retail customer's claim* or makes a compromise offer, specifying any relevant term of the *policy*.
- (2) The *insurer* must offer the *retail customer* the choice of receiving the information at *ICOB 7.5.13R(1)* in a *durable medium*.
- 7.5.14 G *Motor vehicle liability insurers* should refer to the *rules* and *guidance* at *ICOB 7.6.8R* to *ICOB 7.6.11G* in respect of a *claim* for damages by an *injured party* in the circumstances set out in *ICOB 7.6.11G(1)*.
- 7.5.15 R The *insurer* must, in respect of each part of the *claim* that it accepts, inform the *retail customer* whether the *claim* will be settled by paying him, or by paying another *person* to provide goods or services, or by providing those goods or services.
- 7.5.16 G Examples of a payment to others for the provision of goods or services are: to a garage for repairs carried out to a vehicle, to a supplier for the provision of replacement electrical goods, or to a doctor for medical treatment.

#### Settling a claim

- 7.5.17 R An *insurer* must settle a *claim* by a *retail customer* promptly.
- 7.5.18 G (1) Settlement terms are agreed when:
- (a) the *insurer* accepts the *retail customer's claim*; and
  - (b) the *retail customer* accepts the *insurer's* offer of settlement.
- (2) When the *insurer* settles the *claim* by paying the *retail customer*, the *insurer* should aim to make payment within five *business days* after the *insurer* and the *retail customer* have agreed settlement terms, subject to any pre-conditions laid down by the *insurer* or in law being met by the *retail customer*. This does not prevent the *insurer* paying a *claim* before the *retail customer* has finally agreed settlement terms.
- (3) The *guidance* in (2) would not apply if the *non-investment insurance contract* otherwise provides, or the *insurer* settles the *claim* by:
- (a) payment against a liability due on a future date;
  - (b) the provision of goods or services;
  - (c) making payments on a date specified by the *retail customer*; or
  - (d) payment of the *claim* through an employer or other party on a monthly or some other basis;

and in the case of (a) or (b) the *insurer* should make prompt payment or arrange for prompt provision of the goods or services after the *insurer* and the *retail customer* have agreed settlement terms.

- 7.5.19 G The arrangements for settlement set out in *ICOB 7.5.18G(3)(a)* are likely to apply, for example, when payments are made under a creditor insurance *policy* to meet periodic repayments due under a loan agreement.
- 7.5.20 G The arrangements for settlement set out in *ICOB 7.5.18G(3)(b)* apply to arrangements to supply goods or services to the *retail customer*. In such situations, the goods or services should be provided promptly, but where they cannot be the *insurer* should tell the *retail customer* when to expect them.
- 7.5.21 G An *insurer* should note that unless it has previously informed a *retail customer* that a *claim* will not be met in full or in part until *premiums* have been paid, the *insurer* may not delay payment of a *claim* on the grounds that *premiums* are outstanding.

#### **Pre-action protocols**

- 7.5.22 G A *customer* who does not accept an *insurer's* rejection of his *claim* (or part of it) may challenge that rejection. If he chooses to do so through the courts, *firms* should be aware that in England and Wales there are pre-action protocols which lay down certain requirements as to the steps to be taken before proceedings are issued. This chapter does not displace these requirements, to which *firms* should have regard in the event that a rejection of a *claim* moves towards litigation.

#### **7.6 Motor vehicle liability insurers: claims representatives**

- 7.6.1 G (1) Under *threshold condition 2A* (Appointment of claims representatives), if it appears to the *FSA* that any *person* is seeking to carry on, or is carrying on, *motor vehicle liability insurance business*, that *person* must have a *claims representative* in each *EEA State* other than the *United Kingdom*.
- (2) If any *person* carrying on *motor vehicle liability insurance business* becomes aware, or has information which reasonably suggests, that that *person* has failed to satisfy, may have failed to satisfy or may not in the foreseeable future be able to satisfy, *threshold condition 2A* (or any *threshold condition*), that *person* must notify the *FSA* immediately (see *SUP 15.3.1R*).
- 7.6.2 R **The *Society* must ensure that no *member* carries on *motor vehicle liability insurance business* at Lloyd's unless a *claims representative* has been appointed to act for that *member* in each *EEA State* other than the *United Kingdom*, with responsibility for handling and settling *claims* arising from an accident in the cases referred to in Article 1 of the *Fourth Motor Insurance Directive*.**

- 7.6.3 R (1) When a *motor vehicle liability insurer* appoints a *claims representative*, it must give the *MIIC*, and each other *information centre*, the *claims representative's* name, business address, telephone number and effective date of appointment within ten *business days* of that appointment being made.
- (2) If the information at (1) changes in any material way, the *motor vehicle liability insurer* must give the *MIIC*, and each other *information centre*, details of that change within ten *business days* of that change.
- 7.6.4 R A *motor vehicle liability insurer* must ensure that each *claims representative* is:
- (1) resident or established in the *EEA State* for which it is appointed;
- (2) capable of examining cases in the official language or languages of the *EEA State* of residence of the *injured party*;
- (3) responsible for, and has sufficient delegated authority from the *motor vehicle liability insurer* for which it is appointed, to be able to:
- (a) handle and settle;
- (b) collect all information, and take all measures, reasonably necessary to negotiate a settlement of; and
- (c) represent, or arrange appropriate representation for, the *motor vehicle liability insurer* (whether in negotiations, in court or otherwise) in relation to;
- claims*, arising from an accident occurring in an *EEA State* other than the *EEA State* of residence of the *injured party*, involving the use of a vehicle insured and normally based in an *EEA State*.
- 7.6.5 G *ICOB 7.6.4R(3)* does not prevent a *claims representative* from seeking additional authority or instructions from a *motor vehicle liability insurer*, if its existing authority or instructions are insufficient to allow it to handle and settle a *claim*. However, it does prevent a *claims representative* from purporting to decline to deal with, or transfer responsibility for, *claims* properly referred to that *claims representative* by an *injured party*, or an *injured party's* representative.
- 7.6.6 G Nothing in the *rules* and *guidance* at *ICOB 7.6* prevents, or is intended to prevent:
- (1) a *motor vehicle liability insurer* from appointing more than one *claims representative* in one, or more than one, *EEA State*; or
- (2) a *claims representative* from acting for more than one *insurer* or *member*; or

- (3) a representative, appointed by a *motor vehicle liability insurer* under SUP 13.5.2R or regulation 3(d) of the *EEA Passport Rights Regulations*, from acting as that *motor vehicle liability insurer's claims representative* as well.

7.6.7 G The appointment of a *claims representative* does not in itself constitute the opening of a *branch* or the creation of an establishment (see article 4(8) of the *Fourth Motor Insurance Directive*).

**Motor vehicle liability insurers: claims handling**

7.6.8 R (1) **Within three *months* of receipt of a *claim* for damages from an *injured party*, or his representative, the *motor vehicle liability insurer* must (directly, or through a *claims representative*):**

- (a) **make a reasoned offer of settlement if liability is admitted and damages have been fully quantified; or**
- (b) **provide a reasoned reply to the points made in the *injured party's claim* if liability is denied, or not admitted, or the *claim* for damages has not been fully quantified.**

(2) **If liability is initially denied, or not admitted, within three *months* of any subsequent admission of liability, the *motor vehicle liability insurer* must (directly, or through a *claims representative*) make a reasoned offer of settlement, if, by that time, the relevant *claim* for damages has been fully quantified.**

(3) **If an *injured party's claim* for damages is not fully quantified when it is first made, within three *months* of the subsequent receipt of a fully quantified *claim* for damages, the *motor vehicle liability insurer* must (directly, or through a *claims representative*) make a reasoned offer of damages, if liability is admitted at that time.**

(4) **A *claim* for damages will be fully quantified under (1)(a), (2) or (3) when the *injured party* provides written evidence which substantiates or supports the amounts *claimed*.**

7.6.9 R (1) **If the *motor vehicle liability insurer*, or its *claims representative*, does not comply with *ICOB 7.6.8R*(1)(a), (2) or (3), the *motor vehicle liability insurer* must pay simple interest on any damages eventually paid, unless interest is awarded by any tribunal which determines the *injured party's claim*.**

(2) **If (1) applies, the amount of interest that the *motor vehicle liability insurer* must pay must be calculated as follows:**

- (a) **the interest calculation period begins three months after:**

- (i) receipt of the *claim* for damages, if the *motor vehicle liability insurer* or its *claims representative* breaches *ICOB 7.6.8R(1)(a)*; or
  - (ii) any subsequent admission of liability, if the *motor vehicle liability insurer* or its *claims representative* complies with *ICOB 7.6.8R(1)(a)* but breaches *ICOB 7.6.8R(2)*; or
  - (iii) the subsequent receipt of a fully quantified *claim* for damages, if the *motor vehicle liability insurer* or its *claims representative* complies with *ICOB 7.6.8R(1)(a)* and (2) but breaches *ICOB 7.6.8R(3)*; and
- (b) the interest calculation period ends on the date when the *motor vehicle liability insurer* pays compensation to the *injured party*, or the *injured party's* authorised representative;
  - (c) the interest rate to be applied throughout the period in (a) to (b) is the Bank of England's base rate (from time to time), plus four per cent.
- 7.6.10 R A *motor vehicle liability insurer* will be taken to have received a *claim*, or a fully quantified *claim*, for damages when that *claim*, or fully quantified *claim*, for damages is delivered to the *motor vehicle liability insurer*, or a *claims representative*, by any *person* by any method of delivery which is lawful in the *motor vehicle liability insurer's*, or its *claims representative's*, respective State of residence or establishment.
- 7.6.11 G (1) *ICOB 7.6.8R* to *ICOB 7.6.10R* apply only to *claims* for damages for loss or injury suffered in, or as a result of, an accident which occurs in an *EEA State* other than an *injured party's* usual state of residence, which is caused by the use of a motor vehicle insured and normally based in an *EEA State*.
- (2) The *rules* and *guidance* at *ICOB 7.6.1R* to *ICOB 7.6.10R* are not intended to, and do not, restrict any rights which the *injured party*, or its *motor vehicle liability insurer*, or any other *insurer* acting on its behalf, may have and which would enable any of them to begin legal proceedings against the *person* causing the accident or that *person's*, or the motor vehicle's, *insurers*.
- 7.7 Record keeping
- 7.7.1 R An *insurer* must make and retain for the duration of the *claim* and for a minimum of three years after it has been settled or rejected, the following information in relation to each *claim* made against a *policy* issued by it or handled by it:
- (1) details of the *claim*;

- (2) **the date the *claim* was settled or rejected and details of settlement or rejection including information relevant to the basis for the settlement or rejection.**

## ICOB 8

### Distance non-investment mediation contracts with retail customers

- 8.1 Application and purpose**
- Application: who? and what?**
- 8.1.1 R This chapter applies to an *insurance intermediary* in relation to a *distance non-investment mediation contract* with a *retail customer*.**
- Purpose**
- 8.1.2 G The purpose of *ICOB 8* is to set out the *rules* that apply in relation to a *distance non-investment mediation contract*.
- 8.1.3 G This chapter implements articles 3, 5, 6, 7 and 9 of the *DMD* for *distance non-investment mediation contracts* with *retail customers*.
- 8.1.4 G As *ICOB 1.7.3G(4)* indicates, the *FSA* expects the requirements set out in *ICOB 8* to be relevant only in a small minority of cases.
- 8.2 General rules**
- 8.2.1 R The provisions of *ICOB 2* apply in relation to a *distance non-investment mediation contract*.**
- 8.3 Disclosure requirements**
- 8.3.1 R An *insurance intermediary* must provide a *retail customer* with:**
- (1) the information in *ICOB 8.3.3R*; and**
- (2) the full terms of the *distance non-investment mediation contract*;**
- in a *durable medium* in good time before the conclusion of the *distance non-investment mediation contract*, unless an exemption in *ICOB 8.3.6R* applies or the information has already been provided under the *rules* in *ICOB 4*.**
- 8.3.2 G For the purposes of *ICOB 8.3.1R*, information will be provided 'in good time' if provided in sufficient time to enable the *retail customer* to consider properly the services on offer.

**8.3.3 R Table: Status disclosure requirements for distance non-investment mediation contracts**

This table belongs to *ICOB 8.3.1R(1)*.

1.	The name and address of the <i>insurance intermediary</i> , and his main business.
2.	Where relevant, the name and address of the representative of the <i>insurance intermediary</i> established in the <i>retail customer's EEA State</i> of residence.
3.	Where the <i>retail customer's</i> dealings are with any professional other than the <i>insurance intermediary</i> , the name and address of the professional and the capacity in which he is acting with respect to the <i>retail customer</i> .
4.	The <i>insurance intermediary's</i> statutory status (in accordance with <i>GEN 4 Ann 1R</i> (Statutory status disclosure)), and that this can be checked on the <i>FSA's Register</i> by visiting the <i>FSA's</i> website <a href="http://www.fsa.gov.uk/register">http://www.fsa.gov.uk/register</a> or by contacting the <i>FSA</i> on 0845 606 1234.
5.	A description of the main characteristics of the <i>distance non-investment mediation contract</i> .
6.	The total price to be paid by the <i>retail customer</i> , including all related <i>fees</i> , charges and expenses, and all taxes paid via the <i>insurance intermediary</i> (or, where an exact price cannot be indicated, the basis for the calculation, enabling the <i>retail customer</i> to verify it).
7.	The possibility that other taxes, costs or both may exist which are not paid through or imposed by the <i>insurance intermediary</i> .
8.	Any limitations of the period for which the information provided is valid.
9.	The arrangements for payment and performance.
10.	If such an additional cost is charged, the specific additional cost of using the <i>means of distance communication</i> .
11.	The existence or absence of a right to cancel in accordance with <i>ICOB 6.2.1R</i> , and where there is such a right: <ul style="list-style-type: none"> <li>(a) the duration of the cancellation period in accordance with <i>ICOB 6.2.2R</i>;</li> <li>(b) the conditions for exercising the right to cancel, including</li> </ul>

	<p>information on the amount which the <i>retail customer</i> may be required to pay, in accordance with <i>ICOB 6.3 to ICOB 6.4</i>;</p> <p>(c) the consequences of not exercising the right to cancel; and</p> <p>(d) how the right to cancel may be exercised, including the address to which the cancellation notice should be sent.</p>
12.	The minimum duration of the <i>distance non-investment mediation contract</i> .
13.	Information on any rights the <i>insurance intermediary</i> or the <i>retail customer</i> may have to terminate the contract early or unilaterally, including any penalties imposed by the contract in such cases.
14.	<p>Details of:</p> <p>(a) the <i>EEA State</i> or <i>States</i> whose laws are taken by the <i>insurance intermediary</i> as a basis for the establishment of relations with the <i>retail customer</i> prior to the conclusion of the <i>distance non-investment mediation contract</i>;</p> <p>(b) any contractual clause on law applicable to the <i>distance non-investment mediation contract</i>, any competent court, or both; and</p> <p>(c) the language in which the contract is supplied, and in which the <i>insurance intermediary</i> will communicate during the duration of the <i>distance non-investment mediation contract</i>.</p>
15.	The information contained in <i>ICOB 4.2.8R(8) and (9)</i> on complaints and compensation that applies in respect of <i>retail customers</i> .

- 8.3.4 G A description of the main characteristics of a *distance non-investment mediation contract* (*ICOB 8.3.3R(5)*) includes the duration for which that service or services will be provided and the type of services offered. Examples include *arranging* a sale, *advising*, handling mid-term adjustments and assisting in the making of a *claim*.
- 8.3.5 R All information provided to a *retail customer* in accordance with *ICOB 8.3.1R* must be in English, unless the *customer* requests it to be, and the *firm* agrees to it being, in another language.
- 8.3.6 R The following exemptions from *ICOB 8.3.1R* apply:
- (1) Exemption: telephone sales

- (a) This exemption applies if the service is being provided on the telephone and the *retail customer* wishes to enter into a *distance non-investment mediation contract*.
- (b) If the *retail customer* gives his explicit consent to receiving only limited disclosure, the *insurance intermediary* must, prior to the conclusion of the *distance non-investment mediation contract* on the telephone, provide the *retail customer* with the following information:
  - (i) the identity of the *person* in contact with the *retail customer* and his link with the *insurance intermediary*;
  - (ii) the information required by *ICOB 8.3.3R(5), (6), (7) and (11)*; and
  - (iii) that other information is available on request, and the nature of that information.
- (c) Where (b) applies, the *insurance intermediary* must provide the information required by *ICOB 8.3.1R* in a *durable medium* immediately after the conclusion of the *distance non-investment mediation contract*.

**(2) Exemption: certain other means of distance communication**

This exemption applies if the contract is concluded at the *retail customer's* request using a *means of distance communication* (other than telephone) which does not enable provision of the information referred to in *ICOB 8.3.1R* in a *durable medium* before the conclusion of the contract. In that case, the *insurance intermediary* does not need to provide the information in *ICOB 8.3.1R* before conclusion of the contract but must provide it to the *retail customer* in a *durable medium* immediately after the conclusion of the *distance non-investment mediation contract*.

**(3) Exemption: successive operations or separate operations of the same nature under an initial service agreement**

This exemption applies if the *insurance intermediary* has an initial service agreement with the *retail customer* and the contract is in relation to a successive operation or a separate operation of the same nature under that agreement. In this case, the information referred to in *ICOB 8.3.1R* applies to the initial service agreement and not to the successive operations or separate operations of the same nature.

**(4) Exemption: other successive or separate operations**

This exemption applies if:

- (a) the *insurance intermediary* has no initial service agreement with the *retail customer*; and
- (b) the *insurance intermediary* has performed an operation with the *retail customer* within the last year; and
- (c) the *distance non-investment mediation contract* is in relation to a successive operation or separate operation of the same nature.

#### 8.4 Unsolicited services

8.4.1 R Unless *ICOB 8.4.2R* applies, an *insurance intermediary* must not in relation to a *distance non-investment mediation contract*:

- (1) *advise on, arrange, enter into, renew, carry out or assist in the administration and performance* of such a contract for a *retail customer* without a prior request on his part, when the supply of such a service includes a request for immediate or deferred payment; or
- (2) enforce any obligation against a *retail customer* in the event of unsolicited supplies of such services, the absence of a reply not constituting consent.

8.4.2 R *ICOB 8.4.1R* does not prevent an *insurance intermediary* from exercising any right that he may have, by contract or otherwise, to *renew a distance non-investment mediation contract* with a *retail customer* without any request made by or on behalf of that *retail customer* prior to the *renewal* of the contract.

8.4.3 G (1) Where the payment for the contract is made by regular instalments (for example, by direct debit), the effect of *ICOB 8.4.2R* is that an *insurance intermediary* will be required to seek the *retail customer's* consent on *renewal* to continue to provide mediation services only if the contract does not give him the right to do so without further reference to the *retail customer*.

(2) The prior consent of the *retail customer* can either be express or deduced from the circumstances of the case (for instance, by the *retail customer* providing an updated direct debit mandate to the *firm*).

#### 8.5 Cancellation requirements

8.5.1 R The provisions of *ICOB 6 (Cancellation)* apply in respect of a *distance non-investment mediation contract* with a *retail customer* as they do in respect of a *general insurance contract* concluded by *distance means*, with the amendments listed in *ICOB 8.5.2R*.

8.5.2 R Table of amended cross-references to rules in ICOB 6

This table belongs to *ICOB 8.5.1R*.

<b>Rule or guidance</b>	<b>Reference in rule or guidance</b>	<b>To be read as a reference to:</b>
<i>ICOB 6.1.10G</i>	<i>ICOB 5.3.12R</i>	<i>ICOB 8.3.3R(11)</i>
<i>ICOB 6.2.5R(3)</i>	<i>ICOB 5.3.4R, ICOB 5.3.6R(1) or ICOB 5.3.8R</i>	<i>ICOB 8.3.1R(1) and (2), ICOB 8.3.6R(1)(c) and ICOB 8.3.6R(2)</i>
<i>ICOB 6.2.7G</i>	<i>ICOB 5.3.4R, ICOB 5.3.6R(1) or ICOB 5.3.8R</i>	<i>ICOB 8.3.1R(1) and (2), ICOB 8.3.6R(1)(c) and ICOB 8.3.6R(2)</i>
<i>ICOB 6.2.8R</i>	<i>ICOB 5.3.4, ICOB 5.3.6R(1) or ICOB 5.3.8R</i>	<i>ICOB 8.3.1R(1) and (2), ICOB 8.3.6R(1)(c) and ICOB 8.3.6R(2)</i>
<i>ICOB 6.2.9R</i>	<i>ICOB 5.3.12R</i>	<i>ICOB 8.3.3R(11)</i>
<i>ICOB 6.3.1R</i>	<i>ICOB 5.3.12R</i>	<i>ICOB 8.3.3R(11)</i>

8.5.3 G The effect of *ICOB 8.5.1R* is that, among other things, the *retail customer* will have a 14 *day* period within which he may cancel the contract from the *day* the contract is concluded or the *day* on which he receives the contractual terms and conditions and information in a *durable medium* in accordance with *ICOB 8.3.1R*, whichever is the later.

## Insurance: Conduct of Business

### Schedule 1

#### Record keeping requirements

G

- 1 The aim of the *guidance* in the following table is to give the reader a quick overall view of the relevant record-keeping requirements.
- 2 It is not a complete statement of those requirements and should not be relied on as if it were.
- 3 Table

Handbook reference	Subject of record	Contents of record	When record must be made	Retention period
ICOB 4.4.7R	<i>Personal recommendation to customer</i>	Explanation of why the <i>personal recommendation</i> is suitable for the <i>customer's</i> demands and needs	The date on which <i>personal recommendation</i> is made	Three years
ICOB 5.7.1R	<i>Policy summary</i>	As set out in ICOB 5.5.5R	The date on which <i>policy summary</i> is provided to the <i>customer</i>	Three years
ICOB 5.7.1R	<i>Policy document</i>	All the contractual terms and conditions	The date on which <i>policy document</i> is provided to the <i>customer</i>	Three years
ICOB 7.7.1R	<i>Claims information</i>	Details of <i>claim</i> , the date on which the <i>claim</i> was settled or rejected and details of settlement or rejection including information relevant to the basis for settling or rejecting the <i>claim</i>	The date on which <i>claim</i> is settled or rejected.	Three years

## **Insurance: Conduct of Business**

### **Schedule 2**

#### **Notification requirements**

G

- 1 There are no notification requirements in *ICOB*.

**Insurance: Conduct of Business**

**Schedule 3**

**Fees and other required payments**

G

1 There are no requirements for fees or other payments in *ICOB*.

## Insurance: Conduct of Business

### Schedule 4

#### Powers exercised

1 Table G

The following powers and related provisions in or under the *Act* have been exercised by the *FSA* to make the *rules* in *ICOB*:

section 138 (General rule-making power)

section 139(4) (Miscellaneous ancillary matters)

section 145 (Financial promotion rules)

section 149 (Evidential provisions)

section 156 (General supplementary powers)

regulation 2 of the Financial Services and Markets Act 2000 (Fourth Motor Insurance Directive) Regulations 2002 (SI 2002/2706).

The following powers in the *Act* have been exercised by the *FSA* to give the *guidance* in *ICOB*:

section 157(1) (Guidance).

## Insurance: Conduct of Business

### Schedule 5

#### Rights of action for damages

G

- 1 The table below sets out the *rules* in *ICOB* contravention of which by an *authorised person* may be actionable under section 150 of the *Act* (Actions for damages) by a *person* who suffers loss as a result of the contravention.
- 2 If a "yes" appears in the column headed "For private person?", the *rule* may be actionable by a *private person* under section 150 (or in certain circumstances, his fiduciary or representative; see article 6(2) of the Financial Services and Markets Act 2000 (Rights of Action) Regulations 2001 (SI 2001/2256)). A "yes" in the column headed "Removed?" indicates that the *FSA* has removed the right of action under section 150(2) of the *Act*. If so, a reference to the *rule* in which it is removed is also given.
- 3 The column headed "For other person?" indicates whether the *rule* may be actionable by a *person* other than a *private person* (or his fiduciary or representative) under article 6(2) and 6(3) of those Regulations. If so, an indication of the type of *person* by whom the *rule* may be actionable is given.
- 4 Table

Rule	Right of action under section 150			
	For private person?	Removed?	For other person?	
All <i>rules</i> in <i>ICOB</i> with the status letter "E"	No	No	No	
Any <i>rule</i> in <i>ICOB</i> which prohibits an <i>authorised person</i> from seeking to make provision excluding or restricting any duty or liability	Yes	No	Yes	Any other <i>person</i>
<i>ICOB</i> 7.6.9R	Yes	No	Yes	Any other <i>person</i>
All other <i>rules</i> in <i>ICOB</i>	Yes	No	No	

## **Insurance: Conduct of Business**

### **Schedule 6**

#### **Rules that can be waived**

G

The *rules* in *ICOB* may be *waived* by the *FSA* under section 148 of the *Act* (Modification or waiver of rules). However, if the *rules* incorporate requirements laid down in European directives, it will not be possible for the *FSA* to grant a *waiver* that would be incompatible with the *United Kingdom's* responsibilities under those directives. It therefore follows that if a *rule* in *ICOB* contains provisions which derive partly from a directive, and partly not, the *FSA* will be able to consider a *waiver* of the latter requirements only, unless the directive provisions are optional rather than mandatory.

**CONDUCT OF BUSINESS SOURCEBOOK (CONSEQUENTIAL  
AMENDMENTS ON INTRODUCTION OF ICOB) INSTRUMENT 2004**

**Powers exercised**

- A The Financial Services Authority makes this instrument in the exercise of the powers and related provisions in or under:
- (1) the following sections of the Financial Services and Markets Act 2000 (“the Act”):
    - (a) section 138 (General rule-making power);
    - (b) section 139(1) and (4) (Miscellaneous ancillary matters);
    - (c) section 145 (Financial promotion rules);
    - (d) section 147 (Control of information rules);
    - (e) section 156 (General supplementary powers);
    - (f) section 157(1) (Guidance); and
    - (g) section 238(5) (Restrictions on promotion);
  - (2) regulation 2 of the Financial Services and Markets Act 2000 (Fourth Motor Insurance Directive) Regulations 2002 (SI 2002/2706).
- B The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C This instrument comes into force on 14 January 2005.

**Amendments to the Conduct of Business sourcebook**

- D COB is amended in accordance with the Annex to this instrument.

**Citation**

- E This instrument may be cited as the Conduct of Business Sourcebook (Consequential Amendments on Introduction of ICOB) Instrument 2004.

By Order of the Board  
15 January 2004

## Annex

In this Annex, underlining indicates new text and striking through indicates deleted text.

### 1.2 General application: who?

1.2.1 R *COB* applies to every *firm* in respect of the activities set out in *COB* 1.3.1R, except that:

...

1.2.1A G If a *firm* engages in *insurance mediation activities for non-investment insurance contracts*, *ICOB* applies and *COB* does not apply.

...

### 1.3 General application: what?

1.3.1 R *COB* applies to *firms* with respect to the carrying on of:

(1) all *regulated activities* except:

(a) *regulated mortgage activities*; or

(b) to the extent that a provision of *COB* provides for a narrower application; or ~~and~~

(c) *insurance mediation activities in connection with non-investment insurance contracts*; and

(2) *unregulated activities* to the extent specified in any provision of *COB*.

1.3.2 G (1) ...

(2) Most of *COB* applies in relation to *regulated activities*, conducted by *firms*, which fall within the definition of *designated investment business*. In relation to *deposits*, ~~*pure protection contracts*~~ and ~~*general insurance contracts*~~, *COB* has only limited application.

...

(8) *ICOB* applies to a *firm* in relation to *insurance mediation activities in connection with non-investment insurance contracts*.

...

1.4 General application: where?

...

~~Long term insurance business~~ Life policies

- 1.4.7 R In addition to the situations in *COB 1.4.2R* and *COB 1.4.3R*, *COB 6* (Product disclosure and the customer's right to cancel or withdraw), other than *COB 6.3* (Post-sale confirmation: life policies) and *COB 6.9* (With-profits guides), applies in relation to *long-term insurance business life policies*<sup>1</sup> if the *habitual residence* of the *client* is in the *United Kingdom*.

General insurance business

- 1.4.8 R ~~[Deleted] In addition to the situations in *COB 1.4.2R* and *COB 1.4.3R*, *COB 6.8* (Insurance contracts: life and general) applies in relation to *general insurance business* if the *State of the risk* is the *United Kingdom*.~~

...

- 3.2 Application: what?

...

Financial promotions for deposits and contracts of insurance which are not life policies, pure protection contracts which are long-term care insurance contracts and certain reinsurance contracts

- 3.2.3 R To the extent that a *financial promotion* relates to ~~one or more of the following~~:
- (1) a *deposit*; or
  - (2) ~~a *general insurance contract*, *pure protection contract* which is a *long-term care insurance contract* or reinsurance contract covering a *person* against all or part of his loss in relation only to an obligation taken on by him under a *long-term insurance contract* which is not a *non-investment insurance contract*;~~
- only *COB 3.1* to *COB 3.5* and *COB 3.8.4R* to *COB 3.8.6G* and *COB 3.14* apply, unless the *financial promotion* relates to a *cash deposit ISA* in which case *COB 3.9.6R(1)* and *COB 3.9.8R* also apply.

Financial promotions for non-investment insurance contracts

- 3.2.3B R This chapter does not apply to a *firm* to the extent that a *financial promotion* is in respect of a *non-investment insurance contract* (but see *ICOB 3* (Financial Promotion)).

...

- 3.8 Form and content of financial promotions

...

---

<sup>1</sup> The current definition of life policy does not include long-term care insurance. However we are consulting on an amendment to the definition which would include long-term care insurance in CP200.

Non-real time financial promotions: guidance for deposits, ~~general insurance~~ and pure protection policies which are long-term care insurance contracts

3.8.6 G When designing *non-real time financial promotions* relating to *deposits*, ~~*general insurance contracts*~~ or *pure protection contracts* which are *long-term care insurance contracts* with a view to complying with the general requirements of COB 3.8.4R, *firms* may find it helpful to take account of:

- (1) (for *deposits*) the British Bankers' Association/Building Societies Association Code of Conduct for the Advertising of Interest Bearing Accounts;
- (2) ~~[Deleted] (for *general insurance contracts*) the General Insurance Standards Council Code;~~
- (3) (for *pure protection contracts* which are *long-term care insurance contracts*) the ABI Life Insurance (Non-Investment Business) Selling Code of Practice.

...

3.9 Direct offer financial promotions

...

3.9.3 G Table: Location of the provisions applicable to direct offer financial promotions  
This table belongs to COB 3.9.2G.

(1)	Exemptions for <i>deposits</i> , <del><i>general insurance contracts</i></del> , <i>pure protection contracts</i> <u>which are <i>long-term care insurance contracts</i></u> and certain reinsurance contracts	COB 3.9.4G
...	...	...

Exemptions

3.9.4 G *Firms* are reminded that under COB 3.2.3R:

- (1) COB 3.9 does not apply to a *direct offer financial promotion* relating to:
  - (a) a *deposit* (except a *cash deposit ISA*); or
  - (b) a ~~*general insurance contract*~~, *pure protection contract* which is a *long-term care insurance contract* or certain reinsurance contracts; and

...

COB 3 Annex 1

An overview of some of the main exemptions contained in the Financial Promotion Order G

...

1 Table

This annex belongs to *COB 3.2.7G(2)* and summarises some of the main exemptions in the *Financial Promotion Order*. It is not an exhaustive list and does not seek to replace the Order itself.....

References to articles are to articles of the *Financial Promotion Order* and to paragraphs are to paragraphs of schedule 1 to the *Financial Promotion Order*. For non-investment insurance contracts, firms should refer to *ICOB*.

....

4.1 Client classification

Application

4.1.1 R (1) ...

(2) For the purposes of *COB* only, the following provisions in *COB 4.1* also apply to a *firm* intending to carry on, or carrying on, any other *regulated activity* to which *COB* applies:

...

...

Purpose

4.1.3 G (1) ...

(2) Some of the *rules* in *COB* relating to activities other than *designated investment business* are disapplied if the activity is carried on with or for a *market counterparty* rather than a *customer*, for example *rules* in *COB 6.8* (*Insurance contracts: life and general policies*). For *guidance* on how a *firm* carrying on these other activities may approach *client* classification, see *PRIN 1.2.4 G* (*Classification: other activities*).

...

6.7 Cancellation and withdrawal

Application

6.7.1 R COB 6.7 applies to:

- (1) a product provider except when providing a non-investment insurance contract;
- (2) an insurer which provides pure protection contracts which are long-term care insurance contracts;

...

6.7.2 G The firms in COB 6.7.1R (except those in COB 6.7.1R(3)) are *product providers, insurers, deposit-taking firms or stakeholder pension scheme operators*, that is, the firms responsible for issuing *life policies, selling units, issuing long-term insurance contracts other than non-investment insurance contracts, accepting deposits for ISAs,* or acting as operators of *stakeholder pension schemes*.

...

6.7.5 G Table Cancellable investment agreements.

This table belongs to COB 6.7.4G.

6.7.16 R Table: Notes to cancellable investment agreements – life

This table belongs to *COB 6.7.15R*.

Notes to <i>COB 6.7.15R</i> :	
...	...
...	

Notes to COB 6.7.15R:

2. Multiple agreements: Where a *customer* enters into a set of *investment agreements* at the same time (for example, the different components held within a *maxi-ISA* and with the same *firm* (or another *person* in the same *marketing group* as that *firm*)), and that set is being purchased to fulfil one investment objective of the *customer*, the *firm* may treat the multiple agreements as being one agreement for the purposes of *COB 6.7*. But if it does so, the *firm* must ensure that the *customer* retains the right to cancel each *investment agreement* separately. See also *COB 6.7.37R* in relation to a *maxi-ISA*. This note applies also to a group of life policies ~~contracts of insurance, for example, term assurance~~ contracts which have been established as part of a specific marketing arrangement. Such an arrangement may not have an investment objective. The cancellation rights for any non-investment insurance contracts are set out in *ICOB 6*.

...

...

...

6.8 Insurance contracts: life and ~~general~~ policies

Application

6.8.1 R *COB 6.8* applies to a *firm* which *effects* or *carries out* ~~pure protection contracts, life policies or general insurance contracts.~~

Purpose

6.8.2 G (1) *Principle 7* (Communications with clients) requires a *firm* to pay due regard to the information needs of its *clients*. This section reinforces *Principle 7* by requiring certain information to be provided to a *client* before a ~~pure protection contract or general insurance contract~~ is entered into. ~~Certain information must also be provided~~ on a continuing basis to a *client* with a ~~pure protection contract or life policy~~. (*COB 6.1* to *COB 6.5* deal with pre-sale information for *life policies*).

(2) This section implements certain requirements of the ~~Fourth Motor Insurance and the Third Life and Non-Life Directives~~.

(3) For ~~general non-investment insurance contracts~~, firms should refer to *ICOB* ~~may find it helpful to take account of the requirements issued by the General Insurance Standards Council ("GISC"). The provisions in this section relating to~~

~~general insurance contracts are broadly in line with those requirements.~~

~~Pure protection contracts : Information to be provided before the contract is made~~

- 6.8.3 R ~~[Deleted]A firm must ensure that, before entering into a pure protection contract with a client, it provides the client with the information specified in COB 6.5.49R, unless, at the time of application, the client, other than an EEA ECA recipient, is habitually resident:~~
- ~~(1) in an EEA State other than the United Kingdom; or~~
  - ~~(2) outside the EEA and he is not present in the United Kingdom.~~
- 6.8.4 R ~~[Deleted]The information required by COB 6.8.3R must be:~~
- ~~(1) provided to the customer either by the firm itself or by an intermediary authorised by the firm to act on its behalf; and~~
  - ~~(2) in English, unless the customer requests it to be, and the firm agrees to it being, in another language.~~

~~Pure protection contracts and Life policies: Information to be provided during the term of the contract~~

...

- 6.8.7 R ~~If during the term of a pure protection contract or life policy entered into on or after 1 July 1994 there is any proposed change in the information referred to in COB 6.5.49R items (1) to (12), the long-term insurer must inform the policyholder of the effect of the change before the change is made.~~
- 6.8.8 R ~~If a pure protection contract or life policy entered into on or after 1 July 1994 provides for the payment of bonuses and the amounts of bonuses are unspecified, the long-term insurer must, in every calendar year except the first, either:~~

...

...

~~General insurance contracts: Information required to be provided before the contract is made~~

- 6.8.11 G ~~[Deleted]COB 6.8.12R and COB 6.8.13R cover information to be provided before the sale of a general insurance contract. They contain no requirements for information during the term of the contract.~~

- 6.8.12 R ~~[Deleted] Before entering into a *general insurance contract* with an individual when the *United Kingdom* is the *State of the risk*, or the individual is an *EEA ECA recipient*, a *firm* must, subject to *COB 6.8.13* provide the individual with:~~
- ~~(1) details of its complaints procedure including, where appropriate, the existence of a complaints body, making it clear that its existence is without prejudice to the *policyholder's* right to take legal proceedings; and~~
  - ~~(2) a statement whether the *firm* or *policyholder* is entitled to choose the law applicable to the contract and, if so, the law which the *firm* proposes to choose.~~
- 6.8.13 R ~~[Deleted] *COB 6.8.12R* does not apply if the contract has been submitted to the *firm* on behalf of a *customer* by an intermediary and:~~
- ~~(1) the intermediary is a member of the General Insurance Standards Council; or~~
  - ~~(2) the *firm* has taken reasonable steps to determine that the intermediary has provided the information required by *COB 6.8.12R*.~~
- 6.8.14 G ~~[Deleted] Situations for information delivery will differ depending on the channels used. For example, leaflets will be sufficient at point of sale. For telephone sales the information may be given orally but then must be followed up in writing within five *business days* (see *COB 6.8.15R(2)*).~~

...

- 6.8.17 R Where a *pure protection contract*, *life policy* or *general insurance contract* is effected jointly, the information required by ~~*COB 6.8.3R*, *COB 6.8.7R*, or *COB 6.8.8R*~~, or *COB 6.8.12R* may be sent to the first named *customer*.

#### Record keeping

- 6.8.18 R A *firm* must make an adequate record of information provided to a *customer* under *COB 6.8* and retain that record for a minimum period after the information is provided of:
- ~~(1) six years in the case of a *pure protection contract* or *life policy*;~~  
or
  - ~~(2) three years in the case of a *general insurance contract*.~~

#### ~~Motor Vehicle Liability Insurers: claims representatives~~

- 6.8.19 G (1) ~~[Deleted] Under *threshold condition 2A* (Appointment of claims representatives), if it appears to the *FSA* that any *person* is seeking to carry on, or carrying on, *motor vehicle liability*~~

*insurance business, that person must have a claims representative in each EEA State other than the United Kingdom.*

- (2) *If any person carrying on motor vehicle liability insurance business becomes aware, or has information which reasonably suggests, that that person has failed to satisfy, may have failed to satisfy or may not in the foreseeable future be able to satisfy, threshold condition 2A (or any threshold condition), that person must notify the FSA immediately (see SUP 15.3.1R).*

6.8.20 R ~~[Deleted]~~The Society must ensure that no member carries on motor vehicle liability insurance business at Lloyd's unless a claims representative has been appointed to act for that member in each EEA State other than the United Kingdom, with responsibility for handling and settling claims arising from an accident in the cases referred to in article 1 of the Fourth Motor Insurance Directive.

- 6.8.21 R (1) ~~[Deleted]~~When a motor vehicle liability insurer appoints a claims representative, it must give the MHC and each other information centre the claims representative's name, business address, telephone number and effective date of appointment within ten business days of that appointment being made.
- (2) *If the information at (1) changes in any material way, the motor vehicle liability insurer must give the MHC and each other information centre details of that change within ten business days of that change.*

- 6.8.22 R ~~[Deleted]~~A motor vehicle liability insurer must ensure that each claims representative is:
- (1) resident or established in the EEA State for which it is appointed;
  - (2) capable of examining cases in the official language or languages of the EEA State of residence of the injured party;
  - (3) responsible for, and has sufficient delegated authority from the motor vehicle liability insurer for which it is appointed, to be able to:
    - (a) handle and settle;
    - (b) collect all information, and take all measures, reasonably necessary to negotiate a settlement of; and
    - (c) represent, or arrange appropriate representation for, the motor vehicle liability insurer (whether in negotiations, in court or otherwise) in relation to;
- claims, arising from an accident occurring in an EEA State other than the EEA State of residence of the injured party;*

involving the use of a vehicle insured and normally based in an *EEA State*.

- 6.8.23 G ~~[Deleted] COB 6.8.22R(3) does not prevent a *claims representative* from seeking additional authority or instructions from a *motor vehicle liability insurer*, if its existing authority or instructions are insufficient to allow it to handle and settle a claim. However, it does prevent a *claims representative* from purporting to decline to deal with, or transfer responsibility for, claims properly referred to that *claims representative* by an *injured party*, or an *injured party's* representative.~~
- 6.8.24 G ~~[Deleted] Nothing in the *rules and guidance* at COB 6.8.19G to COB 6.8.29G prevents, or is intended to prevent:~~
- ~~(1) a *motor vehicle liability insurer* from appointing more than one *claims representative* in one, or more than one, *EEA State*; or~~
  - ~~(2) a *claims representative* from acting for more than one *insurer* or *member*; or~~
  - ~~(3) a representative, appointed by a *motor vehicle liability insurer* under SUP 13.5.2R or regulation 3(d) of the *EEA Passport Rights Regulations*, from acting as that *motor vehicle liability insurer's claims representative* as well.~~
- 6.8.25 G ~~[Deleted] The appointment of a *claims representative* does not in itself constitute the opening of a branch or the creation of an establishment (see article 4(8) of the *Fourth Motor Insurance Directive*).~~

Motor Vehicle Liability Insurers: claims handling

- 6.8.26 R (1) ~~[Deleted] Within three months of receipt of a claim for damages from an *injured party*, or his representative, the *motor vehicle liability insurer* must (directly, or through a *claims representative*):~~
- ~~(a) make a reasoned offer of settlement, if liability is admitted and damages have been fully quantified; or~~
  - ~~(b) provide a reasoned reply to the points made in the *injured party's* claim, if liability is denied, or not admitted, or the claim for damages has not been fully quantified.~~
- (2) If liability is initially denied, or not admitted: within three months of any subsequent admission of liability, the *motor vehicle liability insurer* must (directly, or through a *claims representative*) make a reasoned offer of settlement, if, by that time, the relevant claim for damages has been fully quantified.
- (3) If an *injured party's* claim for damages is not fully quantified when it is first made: within three months of the subsequent

receipt of a fully quantified claim for damages, the *motor vehicle liability insurer* must (directly, or through a *claims representative*) make a reasoned offer of damages, if liability is admitted at that time.

(4) A claim for damages will be fully quantified under (1)(a), (2) or (3) when the *injured party* provides written evidence which substantiates or supports the amounts claimed.

6.8.27 R (1) ~~[Deleted] If the *motor vehicle liability insurer*, or its *claims representative*, does not comply with COB 6.8.26R(1)(a), (2) or (3), the *motor vehicle liability insurer* must pay simple interest on any damages eventually paid, unless interest is awarded by any tribunal which determines the *injured party's* claim.~~

(2) If (1) applies, the amount of interest that the *motor vehicle liability insurer* must pay must be calculated as follows:

(a) the interest calculation period:

(i) begins three months after:

(A) receipt of the claim for damages, if the *motor vehicle liability insurer* or its *claims representative* breaches COB 6.8.26R(1)(a); or

(B) any subsequent admission of liability, if the *motor vehicle liability insurer* or its *claims representative* complies with COB 6.8.26R(1)(a) but breaches COB 6.8.26R(2); or

(C) the subsequent receipt of a fully quantified claim for damages, if the *motor vehicle liability insurer* or its *claims representative* complies with COB 6.8.26R(1)(a) and (2) but breaches COB 6.8.26R(3); and

(ii) ends on the date when the *motor vehicle liability insurer* pays compensation to the *injured party*, or the *injured party's* authorised representative;

(b) the interest rate to be applied throughout the period in (a) is the Bank of England's base rate (from time to time), plus four per cent.

6.8.28 R ~~[Deleted] A *motor vehicle liability insurer* will be taken to have received a claim, or a fully quantified claim, for damages when that claim, or fully quantified claim, for damages is delivered to the *motor vehicle liability insurer*, or a *claims representative*, by any person by any method of delivery which is lawful in the *motor vehicle liability insurer's*, or its *claims representative's*, respective State of residence or establishment.~~

- 6.8.29 G (1) ~~[Deleted] COB 6.8.26R to COB 6.8.28R apply only to claims for damages for loss or injury suffered in, or as a result of, an accident which occurs in an EEA State other than an injured party's usual state of residence, which is caused by the use of a motor vehicle insured and normally based in an EEA State.~~
- (2) ~~COB 6.8.19G to COB 6.8.28R are not intended to, and do not, restrict any rights which the injured party, or its motor vehicle liability insurer, or any other insurer acting on its behalf, may have and which would enable any of them to begin legal proceedings against the person causing the accident or that person's, or the motor vehicle's, insurers.~~

...

12.1 Application

12.1.1 R This chapter applies to a *firm* when it carries on any of the following activities:

(1) ...

...

(4) *communicating or approving a financial promotion* in relation to:

(a) ...

...

(c) *effecting or carrying out contracts of insurance life policies* written at Lloyd's; or

...

...

12.1.15 R Table: This table applies *COB* to *firms* when carrying on the activity to which *COB* 12.1.7R(2) relates except where *ICOB* applies in relation to non-investment insurance contracts.

Chapter	Description	Application
1	...

**INSURANCE: CONDUCT OF BUSINESS SOURCEBOOK (CONSEQUENTIAL  
AMENDMENTS TO THE HANDBOOK) INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the powers and related provisions in or under:
- (1) the following sections of the Financial Services and Markets Act 2000 (“the Act”):
    - (a) section 138 (General rule-making power);
    - (b) section 139(4) (Miscellaneous ancillary matters);
    - (c) section 145 (Financial promotion rules);
    - (d) section 146 (Money laundering rules);
    - (e) section 149 (Evidential provisions);
    - (f) section 150(2) (Actions for damages);
    - (g) section 156 (General supplementary powers);
    - (h) section 157(1) (Guidance); and
    - (i) section 332(1) (Rules in relation to persons to whom the general prohibition does not apply);
  - (2) regulation 3 of the Electronic Commerce Directive (Financial Services and Markets Act) Regulations 2002 (S.I. 2002/1775); and
  - (3) schedule 4 to the General provisions.
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).<sup>1</sup>

**Commencement**

- C. This instrument comes into force as follows:
- (1) the amendments to *MCOB* in Annex D, Part 1 come into force on 31 October 2004;
  - (2) all other amendments come into force on 14 January 2005.

**Amendments to the Handbook**

---

<sup>1</sup> The amendments in this instrument take account of the amendments contained in the instrument - Mortgage: Conduct of Business (Consequential Amendments to the Handbook) 2003/72. Those amendments were made on 15 October 2003 and will come into force on 31 October 2004.

- D. The modules of the FSA's Handbook of rules and guidance listed in column (1) below are amended in accordance with the Annexes to this instrument listed in column (2):

### Amendments to GEN

In this Annex, underlining indicates new text and striking through indicates deleted text.

Transitional provisions

...  
3 G Table (2) Transitional provisions applying to *GEN* only

(1)	(2) Material to which the transitional provision applies	(3)	(4) Transitional provision	(5) Transitional provision: dates in force	(6) Handbook provision: coming into force
1	<i>GEN</i> 2.2.7	R	...		
2	<i>GEN</i> 4.3.1	R	<p>(1) For the purpose of <i>GEN</i> 4.3.1R (Disclosure in letters to private customers), a <i>regulated activity</i> does not include a <i>regulated mortgage activity</i> or an <u><i>insurance mediation activity in relation to a non-investment insurance contract.</i></u></p> <p>(2) If a <i>firm</i> in a letter (or electronic equivalent) which it or its <i>employees</i> send to a <i>customer</i>, with a view to or in connection with the <i>firm</i> carrying out a <i>regulated mortgage activity</i> or an <u><i>insurance mediation activity.</i></u> makes a statement about its statutory or regulated status under the <i>Act</i> for carrying on a <i>regulated mortgage activity</i> or <u><i>insurance mediation activity.</i></u> the <i>firm</i> must include the disclosure in <i>GEN</i> 4 Ann 1R.</p>	From 31 October 2004 until 15 July 2005.	Apply in relation to <i>regulated mortgage activities</i> from 31 October 2004 and to <u><i>insurance mediation activities</i></u> from <u>14 January 2005.</u>

3	GEN 4.3.1R	G	<p>(1) Transitional provision 2R defers the application of <i>GEN rules</i> so that a <i>firm</i> need only make one change to its statutory status to reflect the onset of mortgage and non-investment insurance regulation. <u>However, a <i>firm</i> which undertakes other regulated activities will nevertheless need to comply with GEN 4.3.1R in relation to those regulated activities, subject to the transitional provision in GEN TR 2.</u></p> <p>(2) <del>Until 1 August 2005, a</del> A <i>firm</i> may continue to use stationery and similar materials which refer to its membership of self-regulatory schemes superseded by <i>FSA regulation</i>. <del>However, a <i>firm</i> will need to ensure that any such reference is adequately qualified so that the <i>customer</i> is not misled as to the regulatory arrangements in place.</del> <u>In addition, <i>firms</i> undertaking insurance mediation activities in relation to non-investment insurance contracts may wish to take account of the transitional provision in <i>ICOB TR 4</i>.</u></p>	From 31 October 2004 until 15 July 2005.	Apply in relation to regulated mortgage activities from 31 October 2004 and insurance mediation activities from 14 January 2005.
---	------------	---	--	--	--

...

4.2.2 G There are other pre-contract information requirements outside this chapter, including:

...

- (3) ~~for general insurance contracts and pure protection contracts~~ *non-investment insurance contracts*, in ~~COB 6.8 (Insurance contracts: life and general)~~ *ICOB 4* (Advising and selling standards); and *ICOB 5* (Product disclosure);

...  
...

- 4.4.1 R (1) If, in any communication:
- (a) made to a *private customer* or, in the case of a communication relating to non-investment insurance contract, a retail customer,
  - (b) in connection with a *regulated activity* carried on from an establishment of the *firm* (or its *appointed representative*) that is not in the *United Kingdom*;

the *firm* indicates that it is an *authorised person*, it must also, where relevant, and with equal prominence, give the information in (2) in writing.

...  
4.4.2 G *ICOB 4.2.19R contains provisions relating to communications by insurance intermediaries from outside the United Kingdom in connection with non-investment insurance contracts with or for a retail customer. The definition of insurance intermediary includes an insurer when the insurer is carrying on insurance mediation activities.*

## Annex D

### Amendments to MCOB

In this Annex, underlining indicates new text and striking through indicates deleted text. Where an entire section of text is being replaced, the place the new text goes is indicated and it is not underlined.

#### Part 1

##### Amendments taking effect on 31 October 2004.

###### Use of intermediaries

- 1.3.6 G The mere fact that an intermediary (acting for the supplier or for the *retail customer*) is involved, does not make the sale of a financial product or service a *distance contract*. There will not be a *distance contract* if there has been simultaneous physical presence of the intermediary and the *retail customer* at some stage in the offer, negotiation and conclusion of the contract, ~~which has been meaningful in terms of the contract which ensues.~~

...

- 4.5 Additional disclosure for distance mortgage mediation contracts with retail customers

- 4.5.1 G (1) There are certain additional disclosure requirements laid down by the *Distance Marketing Directive* that will have to be provided by a *mortgage intermediary* to a *retail customer* prior to the conclusion of a *distance mortgage mediation contract*. The purpose of this section, *MCOB 4.5*, is to set out those additional requirements. *MCOB 4.6* sets out the cancellation rights that apply in relation to a *distance mortgage mediation contract*.
- (2) The *FSA* expects the requirements in *MCOB 4.5* and *MCOB 4.6* to be relevant only in a small minority of cases. Mediation at a distance (see *MCOB 1.3.5G* and *MCOB 1.3.6G*) is unlikely in the mortgage market. *MCOB 4.5* and *MCOB 4.6* will only be relevant if a *mortgage intermediary* enters into a *distance contract* in respect of its *mortgage mediation activities* quite independent of any contractual arrangement with a *retail customer* relating to a particular *regulated mortgage contract*. An example of a *distance mortgage mediation contract* would be a *distance contract* under which a *mortgage intermediary* agreed to review and provide *advice* on a *retail customer's* mortgage needs from time to time.

...

Delete *MCOB 4.5.4R* and *MCOB 4.5.5G* and replace with the following:

Unsolicited services

- 4.5.4 R Unless *MCOB 4.5.5R* applies, a *firm* must not:
- (1) *advise on, arrange, enter into or renew a distance mortgage mediation contract with a retail customer* without a prior request on his part, when the supply of such service includes a request for immediate or deferred payment; or
  - (2) enforce any obligation against a *retail customer* in the event of unsolicited supplies of such services, the absence of a reply not constituting consent.
- 4.5.5 R *MCOB 4.5.4R* does not prevent a *firm* from exercising any right that it may have, by contract or otherwise, to *renew a distance contract with a retail customer* without any request made by or on behalf of that *retail customer* prior to the *renewal* of the contract.

## Part 2

### Amendments taking effect on 14 January 2005

MCOB 1 Ann 4G

	Module	Application
....		
Business Standards	....	
	Conduct of Business Sourcebook, <i>COB</i>	....
	<u>Insurance: Conduct of Business sourcebook, <i>ICOB</i></u>	<u>Does not apply to a <i>firm</i> when <i>entering into or administering a regulated mortgage contract</i> or when <i>communicating or approving a qualifying credit promotion</i>. However, <i>ICOB</i> may apply to any such <i>firm</i> if it also carries on an <i>insurance mediation activity in relation to a non-investment insurance contract or communicates or approves non-investment financial promotions</i>.</u>
	....	

...

4.4.1 R (1) A *firm* must ensure that, on first making contact with a *customer* when it anticipates giving personalised information or *advice* on a *regulated mortgage contract*, it:

...

(c) (unless (2) applies) provides the *customer* with either:

- (i) the initial disclosure document in *MCOB 4 Ann 1R*; or
- (ii) if the *firm* has reasonable grounds to be satisfied that the services which it is likely to provide to the *customer* will, in addition to relating to *regulated mortgage contracts* or *regulated lifetime mortgage contracts*, relate to one or more of *non-investment insurance contracts* or *packaged products* in circumstances where the rules in *MCOB 4 Ann 2R* allow this, the combined initial disclosure document in *MCOB 4 Ann 2R*;

subject to (3) and in a *durable medium*.

This Annex belongs to *MCOB 4.4.1R(1)*.

This specimen covers services in relation to *packaged products, non-investment insurance contracts and regulated mortgage contracts* (including *regulated lifetime mortgage contracts* and home reversion schemes). If the *firm* is only providing services in relation to two types of these products, the parts of the CIDD that are not relevant must be omitted. *Firms* must omit the notes and square brackets that appear in the following CIDD. The CIDD must contain the key facts logo, headings and text in the order shown and in accordance with the notes. [Note 1]

## about our services [Note 2]

Financial Services

[Note 5]  
[123 Any Street  
Some Town  
ST21 7QB]

[Note 3] [Note 4]

### 1 The Financial Services Authority (FSA)

The FSA is the independent watchdog that regulates financial services. It requires us to give you this document. Use this information to decide if our services are right for you.

### 2 Whose products do we offer? [Note 6] [Note 7]

#### Investment

- We offer products from the whole market.
- We [can] [Note 8] only offer products from a limited number of companies.

Ask us for a list of the companies and products we offer. [Note 12]

- We [can] [Note 8] only offer [a] [a limited range of the] product[s] from [a single group of companies] [name of single company]. [Note 10(1)] [Note 13]

[or] [Note 10(2)]

We only offer our own products.

Ask us for a list of the products we offer. **[Note 12]**

- We will advise you about group personal pensions.

#### **Insurance**

- We offer products from a range of insurers [for] [list the types of *non-investment insurance contracts*].

- We [can] **[Note 8]** only offer products from a limited number of insurers [for] [list the types of *non-investment insurance contracts*].

Ask us for a list of the insurers we offer insurance from. **[Note 12]**

- We [can] **[Note 8]** only offer [a] product[s] from [a single insurer] [name of single *insurance undertaking*] [for] [list the types of *non-investment insurance contracts*]. **[Note 9] [Note 10(1)] [Note 13]**

[or] **[Note 10(2)]**

We only offer our own products for [list the types of *non-investment insurance contracts*].

#### **[Lifetime] Mortgages [and home reversion schemes] [Note 14]**

- We offer mortgages from the whole market.

- We [can] **[Note 8]** only offer mortgages from a limited number of lenders.

Ask us for a list of the lenders we offer mortgages from. **[Note 11]**

- We [can] **[Note 8]** only offer [a limited range of the] [a] mortgage[s] from [a single lender] [name of single lender]. **[Note 10(1)] [Note 13]**

[or] **[Note 10(2)]**

We only offer our own mortgages.

---

### **3 Which service will we provide you with? [Note 6]**

#### **Investment**

- We will advise and make a recommendation for you after we have assessed your needs.

- You will not receive advice or a recommendation from us. We may ask some questions to narrow down the selection of products that we will provide details on. You will then need to make your own choice about how to proceed.

#### **Insurance**

- We will advise and make a recommendation for you after we have assessed your needs [for] [list the types of *non-investment insurance contracts*].
- You will not receive advice or a recommendation from us [for] [list the types of *non-investment insurance contracts*]. We may ask some questions to narrow down the selection of products that we will provide details on. You will then need to make your own choice about how to proceed.

#### **[Lifetime] Mortgages [and home reversion schemes] [Note 14]**

- We will advise and make a recommendation for you after we have assessed your needs.
- You will not receive advice or a recommendation from us. We may ask some questions to narrow down the selection of products that we will provide details on. You will then need to make your own choice about how to proceed.

---

#### **4 What will you have to pay us for our services?**

##### **Investment**

- Before we provide you with advice, we will give you our key facts guide to the cost of our services. [Note 15]

##### **Insurance**

- A fee [of £ [ ]]. [Note 16]
- No fee.

You will receive a quotation which will tell you about any other fees relating to any particular insurance policy.

#### **[Lifetime] Mortgages [and home reversion schemes] [Note 14]**

- No fee. [We will be paid by commission from the [lender/company].] [Note 17]
- A fee of £[ ] payable at the outset and £[ ] payable when you apply for a [lifetime] mortgage [or home reversion scheme]. [We will also be paid commission from the [lender/company].] [Note 17] [Note 18]

You will receive a key facts illustration when considering a particular [lifetime] mortgage, [or further information about a particular home reversion scheme] which will tell you about any fees relating to it. [Note 14]

## Refund of fees [Note 19] [Note 14]

If we charge you a fee, and your [lifetime] mortgage [or home reversion scheme] does not go ahead, you will receive:

[Note 20]

- A full refund [if the [lender/company] rejects your application]. [Note 21]
- A refund of £ [ ] [if your application falls through]. [Note 21] [Note 22]
- No refund [if you decide not to proceed]. [Note 21]

---

## 5 Who regulates us? [Note 23]

---

[XYZ Financial Services] [123 Any Street, Some Town, ST21 7QB] [Note 24] [Note 25] is authorised and regulated by the Financial Services Authority. Our FSA Register number is [ ]. [Note 26]

Our permitted business is [ ]. [Note 27]

[or] [Note 28]

[Name of *appointed representative*] [Notes 3 and 4] is an appointed representative of [name of *firm*] [address of *firm*] [Note 24] [Note 25] which is authorised and regulated by the Financial Services Authority. [Name of *firm's*] FSA Register number is [ ].

[Name of *firm's*] permitted business is [ ] [Note 27]

You can check this on the FSA's Register by visiting the FSA's website [www.fsa.gov.uk/register](http://www.fsa.gov.uk/register) or by contacting the FSA on 0845 606 1234.

[Home reversion schemes are not regulated by the FSA.] [Note 14]

---

## 6 Loans and ownership [Note 29]

---

[B&C Investments plc owns 20% of our share capital.]

[London Union plc provides us with loan finance of £250,000 per year.]

[XYZ Financial Services (or we) have 20% of the voting rights in Royal Edinburgh.] [Note 29][Note 31][Note 32][Note 33][Note 34]

---

## 7 What to do if you have a complaint [Note 23]

---

If you wish to register a complaint, please contact us:

**...in writing** Write to [XYZ Financial Services], [Complaints Department, 123 Any Street, Some Town, ST21 7QB].

**... by phone** Telephone [0121 100 1234]. [Note 35]

If you cannot settle your complaint with us, you may be entitled to refer it to the Financial Ombudsman Service. [Note 36] [Note 37] [The Financial Ombudsman Service does not consider complaints about home reversion schemes.] [Note 14]

---

## 8 Are we covered by the Financial Services Compensation Scheme (FSCS)? [Note 23] [Note 38]

---

We are covered by the FSCS. You may be entitled to compensation from the scheme if we cannot meet our obligations. This depends on the type of business and the circumstances of the claim.

### **Investment**

Most types of investment business are covered for 100% of the first £30,000 and 90% of the next £20,000 so the maximum compensation is £48,000.

### **Insurance**

Insurance advising and arranging is covered for 100% of the first £2,000 and 90% of the remainder of the claim, without any upper limit.

[or] [Note 39]

For compulsory classes of insurance advising and arranging is covered for 100% of the claim, without any upper limit.

### **[Lifetime] Mortgages [and home reversion schemes] [Note 14]**

Mortgage advising and arranging is covered for 100% of the first £30,000 and 90% of the next £20,000 so the maximum compensation is £48,000. [Home reversion schemes are not covered by the Financial Services Compensation Scheme.] [Note 14]

Further information about compensation scheme arrangements is available from the FSCS.

---

## 9. Group personal pensions [Notes 40, 41 and 42]

---

This meeting has been arranged so that we can provide you with [information about] [advice upon whether or not you should join] the Group Personal Pension scheme which your employer has established. You should be aware that we cannot advise upon or recommend any other specific investment products during this meeting.

---

**[Note 43]** Message from the Financial Services Authority

Think carefully about this information before deciding whether you want to go ahead. If you are at all unsure about which lifetime mortgage or home reversion scheme is right for you, you should ask your adviser to make a recommendation.

Please remember that home reversion schemes are not regulated by the FSA.

The following notes do not form part of the CIDD.

**Note 1** – subject to this, a *firm* may use its own house style and brand.

**Note 2** – the *Financial Services Authority* has developed a common key facts logo to be used on significant pieces of information directed to *customers*. *ICOB 4.2.6R* sets out the requirements on the use of the key facts logo. A specimen of the key facts logo can be obtained from the *FSA* website [http://www.fsa.gov.uk/pubs/other/keyfacts\\_logo](http://www.fsa.gov.uk/pubs/other/keyfacts_logo).

**Note 3** – insert the *firm's* or *appointed representative's* name (either the name under which it is *authorised* or the name under which it trades). A corporate logo or logos may be included.

**Note 4** – if an individual who is employed or engaged by an *appointed representative* provides the information, the individual should not put his or her own name on the CIDD.

**Note 5** – insert the head office or if more appropriate the principal place of business from which the *firm* or *appointed representative* expects to conduct business (this can include a *branch*) with *customers*. (An *appointed representative* must not include the name and address of the *authorised firm* instead of its own.)

**Section 2: Whose products do we offer?**

**Note 6** – for services in relation to *packaged products* and *regulated mortgage contracts*, *regulated lifetime mortgage contracts* and home reversion schemes the *firm* must select, for example by ticking, one box which is appropriate for the service which it expects to provide to the *customer*. For services in relation to *non-investment insurance contracts*, the *firm* must select more than one box if the scope of the service or the type of service it provides to a particular *customer* varies by type of contract. For example, if it deals with a single *insurance undertaking* for motor insurance and a range of *insurance undertakings* for household insurance or if it provides *advice* on some types of contract but not others. In the case where more than one box is selected, the *firm* should specify which box relates to which type of *non-investment insurance contract*, by adding text to the CIDD. This needs to be done only in relation to the service it is offering to a particular *customer*.

**Note 7** - if the CIDD is provided by an *appointed representative*, the service described must be that offered by the *appointed representative*, in accordance with *COB 5*, *ICOB 4.2.8R* note 1(e) and *MCOB 4.3.10R*.

**Note 8** – insert “can” if the *firm's* range of products is determined by any contractual obligation. This does not apply where a *product provider*, *insurer*, lender or company is selling its own products.

**Note 9** – if the *insurance intermediary* deals with a different *insurance undertaking* for different types of *non-investment insurance contracts*, it should identify all the *insurance undertakings* and specify the type of contract to which they relate on the CIDD. This only needs to be done in relation to the service it is offering a particular *customer*. For example, “we can only offer products from ABC Insurance for motor insurance and XYZ Insurance for household insurance”.

**Note 10** – if the *firm* selects this box, it will be offering the products of one provider to the *customer* for a particular product type. It should therefore follow the format specified in (1) below except when offering its own products, in which case it should follow (2) instead. In the case of *non-investment insurance contracts*, where the *firm* is providing a service in relation to different types of insurance, this box covers the situation where it is offering a particular type of insurance from a single *insurance undertaking*. If the *firm* does not select this box, then the text must follow that set out in note 13 below.

- (1) Insert the name of the provider, namely the *product provider* for *packaged products*, the *insurance undertaking(s)* for *non-investment insurance contracts*, the lender for *regulated mortgage contracts* and *regulated lifetime mortgage contracts* and the company for home reversion schemes. For example: "We can only offer products from [name of *product provider*]". For *non-investment insurance contracts* the type of insurance offered should also be included. For example: "We only offer XYZ's household insurance and ABC's motor insurance." If the provider has only one product, the *firm* must amend the text to the singular – for example: "We can only offer a mortgage from [name of lender]". If the *firm* does not offer all of the *packaged products* or mortgages or home reversion schemes generally available from that provider, it must insert the words "a limited range of" as shown in the specimen.
- (2) If the *firm* is a *product provider* offering only its own products, or is part of a *product provider* offering only the products sold under that part's trading name, it should use this alternative text.

**Note 11** – for services provided in relation to *regulated mortgage contracts*, *regulated lifetime mortgage contracts* and home reversion schemes, this sentence may be omitted if the *firm* chooses to list all of the companies it offers products from instead of the text “a limited number of lenders” in the previous line, so long as the *firm* offers all the products generally available from each provider.

**Note 12** – for services provided in relation to *packaged products* the list of products will be the range of *packaged products* that is appropriate having regard to the services that the *firm* is providing, or may provide, to the *customer*. For services provided in relation to *non-investment insurance contracts*, this is the list required by ICOB 4.2.14R.

**Note 13** – if the *firm* does not select this box, it must alter the wording to say "a single group of companies" for *packaged products*, "a single insurer" for *non-investment insurance contracts*, "a single lender" for *regulated mortgage contracts* or *regulated lifetime mortgage contracts* and "a single company" for home reversion schemes. For example: "We only offer the products from a single group of companies" should replace the text in the specimen CIDD.

**Note 14** – change “mortgage” to “lifetime mortgage” where the *firm* sells only *regulated lifetime mortgage contracts*. *Firms* must insert the text relating to home reversion schemes and change “mortgage” to “product” and “lender” to “company” if they advise or give personalised information on home reversion schemes in addition to *advising* or giving personalised information on *regulated lifetime mortgage contracts*.

#### **Section 4: What will you have to pay us for our services?**

**Note 15** – *firms* are only required to provide a *private customer* with an appropriate “key facts guide to the costs of services” (i.e. a menu) if they propose to give that *customer advice* on *packaged products*. Where a *firm* is not required to provide that *customer* with a menu because the *firm* does not give *advice* on *packaged products*, the *firm* may omit the part of section 4 of the CIDD that relates to *packaged products*.

**Note 16** – if the *customer* will be charged a *fee* for *insurance mediation activities* in connection with *non-investment insurance contracts*, insert a plain language description of what each *fee* is for and when each *fee* is payable. This should include any *fees* for *advising on or arranging a non-investment insurance contract* and any *fees* over the life of the contract, for example, for mid-term adjustments. If a *firm* does not charge a *fee* the text in the first box should be abbreviated to 'A fee'.

**Note 17** – if the *firm* receives commission instead of, or in addition to, *fees* from the *customer* for services relating to *regulated mortgage contracts*, *regulated lifetime mortgage contracts* or home reversion schemes, it must insert a plain language explanation of this (see specimen for a plain language example).

**Note 18** – insert a plain language description of when any *fees* are payable for services relating to *regulated mortgage contracts*, *regulated lifetime mortgage contracts* or home reversion schemes. This description could include, for example, a cash amount, a percentage of the loan or reversion amount or the amount per hour, as appropriate. However, where a cash amount is not disclosed, one or more examples of the cash amount must be included. If a *firm* offers more than one pricing option, it may illustrate each with a separate box. If a *firm* does not charge a *fee*, the text for the second box should be abbreviated to 'A fee'.

**Note 19** – omit this part of the CIDD on ‘Refund of fees’ if the *firm* has indicated that there will be “No fee” for services in relation to *regulated mortgage contracts*, *regulated lifetime mortgage contracts* or home reversion schemes.

**Note 20** – *firms* may select as many boxes as appropriate.

**Note 21** – insert a plain language description of the circumstances in which the *fee* for services in relation to *regulated mortgage contracts*, *regulated lifetime mortgage contracts* or home reversion schemes is refundable or not refundable as described.

**Note 22** – a *firm* may delete this line if it does not offer a partial refund for services in relation to *regulated mortgage contracts*, *regulated lifetime mortgage contracts* or home reversion schemes in any circumstances.

#### **Section 5: Who regulates us?**

**Note 23** – the *firm* may omit this section for services relating to *packaged products* if the *firm* has, on first contact with the *customer*, provided the *customer* with its *terms of business* which contains that information including the *firm's permitted business*. This section may be omitted for services relating to *non-investment insurance contracts* if the *firm* provides the information covered by this section where it is required by *ICOB 4.2.8R* to the *customer* by some other means. This section may be omitted for services relating to *regulated mortgage contracts* (including *regulated lifetime mortgage contracts*) and home reversion schemes in accordance with *MCOB 4.4.1R(3)*. If this section is omitted, the other sections of the CIDD must be renumbered accordingly.

**Note 24** – if the *firm's* address on the *FSA Register* differs from that given on the CIDD under note 5, the address on the *FSA Register* must be given in this section. If the address is the same as that given under note 5 it should be repeated in this section.

**Note 25** – where the *authorised firm* trades under a different name from that under which it is *authorised*, it must include the name under which it is *authorised* and listed in the *FSA Register*. It may also include its trading name(s) if it wishes.

**Note 26** - an *incoming EEA firm* will need to modify this section if it chooses to use this CIDD (see *GEN 4 Ann 1R(2)*).

**Note 27** – insert a plain language description of the business for which the *firm* has a *permission* which relates to the service it is providing.

**Note 28** – where the information is provided by an *appointed representative*, the *appointed representative* must use this text instead. The *appointed representative* must give details of the *authorised firm(s)* that is its *principal(s)* for each type of service that it is providing to a particular *customer*.

## **Section 6: Loans and ownership**

**Note 29** – omit this section where there are no relevant loan or ownership arrangements under the following notes or if the *firm* is an *insurer* selling its own *non-investment insurance contracts*. If this section is omitted the other sections of the CIDD must be renumbered accordingly. If the *firm* is not providing services in relation to *packaged products*, the heading of this section must be changed to 'Ownership'.

**Notes 30, 31 and 32** apply only to a *firm advising on, dealing in, or arranging* in relation to *packaged products* for *private customers*.

**Note 30** – insert, in the *firm's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of the *firm* which is held by a provider of *packaged products* or by the parent of the provider.

**Note 31** – insert, in the *firm's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of a provider of *packaged products* which is held by the *firm*.

**Note 32** – insert, in the *firm's* own words, a short description of any *credit* provided to the *firm* by a *product provider* (other than *commission* due to the *firm* in accordance with an

indemnity claw-back arrangement) or by any *undertaking* in the *immediate group* of the *product provider* where the amount of the *credit* exceeds 10 per cent of the share and loan capital of the *firm*.

**Notes 33 and 34** apply to an *insurance intermediary* that is not an *insurer* providing services in relation to *non-investment insurance contracts*.

**Note 33** – insert, in the *insurance intermediary's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of the *insurance intermediary* which is held by an *insurance undertaking* or by the parent of an *insurance undertaking*.

**Note 34** – insert, in the *insurance intermediary's* own words, a short description of any direct or indirect holding of more than 10 per cent in the capital or voting power of an *insurance undertaking* which is held by the *insurance intermediary*.

### **Section 7: What to do if you have a complaint**

**Note 35** – if different to the address in note 5, give the address and telephone number which is to be used by *customers* wishing to complain.

**Note 36** – this text may be omitted for *non-investment insurance contracts* if the *insurance intermediary* is aware that a *commercial customer* would not be an *eligible complainant*.

**Note 37** – if the *firm* is carrying on an activity from an establishment which is outside the *United Kingdom* it must make clear that the *Financial Ombudsman Service* will not be available. The *firm* may refer to any similar complaints scheme that may be applicable.

### **Section 8: Are we covered by the Financial Services Compensation Scheme (FSCS)?**

**Note 38** – when an *incoming EEA firm* provides the CIDD, it must modify this section as appropriate.

**Note 39** – where the *insurance intermediary* provides a service in relation to a compulsory class of insurance, such as *employers' liability insurance*, it must use this alternative text.

### **Section 9: Group personal pensions**

**Note 40** – *firms* should only include section 9 if they intend to give information about, or *advise on*, the opportunity for *employees* to join a *group personal pension scheme* established by their employer. In all other cases it should be omitted entirely.

**Note 41** – the words in square brackets should be omitted or included, as appropriate, depending upon whether the *firm* is *advising employees* whether or not to join a *group personal pension scheme*, or merely providing them with factual information about the scheme.

**Note 42** – although *firms* must not use the occasion of a meeting to discuss a *group personal pension scheme* as an opportunity to give *advice on* other *designated investments*, this does

not preclude the provision of *advice on non-investment insurance contracts, regulated mortgage contracts or regulated lifetime mortgage contracts*. A *firm* may also, when giving *advice on a group personal pension scheme*, suggest that a further meeting be arranged to discuss *designated investments* and if so must provide a further appropriate IDD or CIDD.

**Lifetime mortgage warning**

**Note 43** - This warning box should be added when the *firm* sells *regulated lifetime mortgage contracts* or home reversion schemes or both.

...

8.1.5 G If a *firm* is an *authorised professional firm*, *MCOB* 1.2.10R(3) has the effect that when the *firm* conducts *non-mainstream regulated activities* with a *customer*, *MCOB* 4.4 (Initial disclosure requirements) (as modified by *MCOB* 8) applies. The *firm* is only required to provide the initial disclosure information in *MCOB* 8 Ann 1R or ~~*MCOB*~~ 4 Ann 2R section 7 (What to do if you have a complaint) and section 8 (Are we covered by the Financial Services Compensation Scheme (FSCS)?).

...

8.3.3 R .....

Initial disclosure requirements for <i>packaged products or non-investment insurance contracts</i> (in addition to <i>regulated lifetime mortgage contracts</i> )	<del><i>MCOB</i></del> 4.4.1R(1)(e) and (3)	<del><i>MCOB</i></del> 4 Ann 2R	<del><i>MCOB</i></del> 8 Ann 2R
---	---	---------------------------------	---------------------------------

...

8.4.1 R If a *firm* gives, or anticipates giving, advice or personalised information on home reversion schemes in addition to *regulated lifetime mortgage contracts*, the initial disclosure information in *MCOB* 4.4.1R and *MCOB* 4.4.7R must be provided in respect of the home reversion schemes, as well as the *regulated lifetime mortgage contracts*, using the text set out in *MCOB* 8 Ann 1R and ~~*MCOB*~~ 4 Ann 2R.

...

***MCOB* 8 Ann 2R Delete annex**

**Amendments to TC**

In this Annex, underlining indicates new text.

2.1.4 R Table Activities to which TC 2 applies

	Activity	Extent of Application
1. <i>Employees</i> engaging in:	...	...
	(r) <u>advising on investments</u> which are <u>non-investment insurance contracts</u> .	3. In relation to <i>advising on investments</i> which are <i>non-investment insurance contracts</i> if the activity is carried on with or for a <u>retail customer</u> (see <u>ICOB</u> ), the whole of <u>TC 2</u> applies, except for <u>TC 2.5</u> , as if in <u>TC 2.2</u> , <u>2.3</u> , <u>2.4</u> and <u>2.7</u> each reference to <i>private customer</i> were a reference to <i>retail customer</i> .
	...	...
2. <i>Employees</i> overseeing on a day-to-day basis:	...	

	Activity	Extent of Application
	(b) safeguarding and administering investments or holding of client money (unless held in the course of carrying on a mortgage mediation activity, <u>or an insurance mediation activity only in relation to a non-investment insurance contract</u> );	

...

- 2.4.2 R (1) A *firm* which permits an *employee* to engage in an activity with or for a *private customer* under supervision must ensure that:
- ~~(1)~~ (a) the *employee* has first passed the relevant regulatory module of an appropriate *approved examination*; and
  - ~~(2)~~ (b) the *firm* has satisfied itself that the *employee* has an adequate level of knowledge and skills to act with or for *private customers* while under supervision.
- (2) (1) (a) does not apply when this activity is an *insurance mediation activity* in relation to a *non-investment insurance contract*.

...

#### Assessing competence

- 2.4.5 R (1) A *firm* must not assess an *employee* as competent to engage in or oversee an activity unless that *employee*:
- ~~(1)~~ (a) has been assessed as competent to apply the knowledge and skills necessary to engage in or oversee the activity without supervision; and
  - ~~(2)~~ (b) has passed each module of the appropriate *approved examination* specified in the annexes to *TC 2*.
- (2) (1)(b) does not apply when this activity is an *insurance mediation activity* in relation to a *non-investment insurance contract*.

## Annex F

### Amendments to ML

In this Annex, underlining indicates new text.

1.1.3 G The scope of this sourcebook is very wide. It includes all *firms* except:

- (1) ....
- (2) those within the exception for *firms* carrying on any insurance mediation activity in relation to a general insurance contract or pure protection contract (see ML 1.1.4R(1A)) or any mortgage mediation activity (see ML 1.1.4R(5)); in this respect, the chapter follows [article [] of the [] [to be added when 2003 Money Laundering Regulations are in final form].

The scope extends to *incoming firms*...

1.1.4 R In this sourcebook, “*relevant regulated activities*” means any *regulated activity* apart from:

- (1) *general insurance business*;
- (1A) *insurance mediation activity in relation to a general insurance contract or pure protection contract*;
- (2) *long-term insurance business* which is outside the *First Life Directive* (and is not otherwise a *relevant regulated activity*);
- (3) ....

## Annex G

### Amendments to AUTH

In this Annex, underlining indicates new text.

- 1.5.3 G As a general guide, all applicants for *Part IV permission* should be familiar with the *threshold conditions (COND)* and the *Principles for Businesses (PRIN)* in the High Level Standards part of the *Handbook*. To complete an application for *Part IV permission*, an applicant will also need to have regard to the following matters:
- (1) ...
  - ...
  - (4) Other regulatory obligations:
    - (a) the detailed regulatory obligations that apply to certain types of *firm* or *regulated activity* in *COB*, *ICOB*, *MCOB*, the Market Conduct sourcebook (*MAR*) and *SUP*;
    - ...

(1) Module of Handbook	(2) Potential application to an incoming EEA firm with respect to activities carried on from an establishment of the firm (or its appointed representative) in the United Kingdom.	(2) Potential application to an incoming EEA firm with respect to activities carried on other than from an establishment of the firm (or its appointed representative) in the United Kingdom.
<i>COB</i>	....	....
<u><i>ICOB</i></u>	<u><i>ICOB</i></u> applies.	<u>Only the following provisions of <i>ICOB</i> apply:</u>  <u>(a) <i>ICOB</i> 3 (Financial promotion), but see the territorial scope in <i>ICOB</i> 3.4 (Application: where?)</u>  <u>(b) <i>ICOB</i> 5.5.20R(1)-(3), but only in relation to general insurance contracts if the state of the risk is the United Kingdom;</u>  <u>(c) <i>ICOB</i> 5.5.20R(4)-(15) and (22), but only in respect of non-investment insurance contracts which are pure protection contracts where the habitual residence of the customer, other than an EEA ECA recipient, is in the United Kingdom;</u>  <u>(d) <i>ICOB</i> 6 (Cancellation), but only in respect of non-investment insurance contracts which are pure protection contracts where the habitual residence of the customer, other than an EEA ECA recipient, is in the United Kingdom.</u>
<i>MCOB</i>	...	...

## Annex H

### Amendments to SUP

In this Annex, underlining indicates new text.

SUP 8.2.7G Rules which can be waived (see SUP 8.2.6G)

Rules	Section of the Act or other provision under which rules are made	Chapters of the Handbook where such rules appear (Note 1)
....		
Financial promotion rules	Section 145	<i>COB 3, <u>ICOB 3</u>, MCOB 3, PRIN and SYSC</i>
....		

## Annex I

### Amendments to DISP

In this Annex, underlining indicates new text. Where a new provision is inserted the place where it goes is indicated and it is not underlined.

After *DISP* 1.2.1R, insert the following:

1.2.1A R If the expression of dissatisfaction is from, or on behalf of, a *person* who is not an *eligible complainant*, and relates to *insurance mediation activity* carried on by an *insurance intermediary*, then unless the *insurance intermediary* is an *insurer*, the *insurance intermediary* must have in place and operate appropriate and effective procedures for registering, and responding to, the expression of dissatisfaction.

...

1.2.11 G In order to comply with *DISP* 1.2.9R(1), a *firm* may include reference to its complaints handling procedure in contractual documentation, for example:

- (1) (where the *firm* is subject to the requirements in *COB*), in a *terms of business letter, key features document or client agreement*;
- (2) (where the *firm* is subject to the requirements in *ICOB*), as part of status disclosure (see *ICOB* 4.2 and *ICOB* 8.3), in a *policy summary or policy document*, or
- (3) (where the *firm* is subject to the requirements in *MCOB*) in an initial disclosure document or *offer document*.

## Annex J

### Amendments to CRED

In this Annex, underlining indicates new text and striking through indicates deleted text.

- 1.1.2 G *CRED* does not encompass the requirements associated with any regulatory *permission* other than a *Part IV permission to accept deposits*. Other *permissions* are covered elsewhere in the *Handbook*. Thus, for example, a *credit union* seeking a *permission* to undertake a regulated mortgage-lending activity would need to comply with the requirements in ~~the specialist sourcebook on mortgage lending (MORT) MCOB~~; and a *credit union* seeking a permission to undertake insurance mediation activity in relation to non-investment insurance contracts would need to comply with the requirements in ICOB.

## Annex K

### Amendments to ECO

In this Annex, underlining indicates new text and striking through indicates deleted text.

- 1.2.3R ...
- Exceptions: deposits, ~~general insurance contracts, pure protection contracts~~  
non-investment insurance contracts and reinsurance
- 1.2.4 R (1) *ECO 1.2.1R* does not apply to an *incoming ECA provider* with respect to an *electronic commerce activity* relating to:
- (a) a *deposit* (other than a *cash deposit ISA*); or
  - (b) (if *ECO 1.2.3R* does not apply) a ~~*general insurance contract, pure protection contract*~~ *non-investment insurance contract* or reinsurance contract;
- but, instead, the *incoming ECA provider* must comply with (2).
- (2) Unless the contract concerned is a *non-investment insurance contract*, before entering into a contract with a *UK ECA recipient* who is a *consumer*, an *incoming ECA provider* must indicate to the recipient whether the contract falls within the jurisdiction of:
- (a) any dispute resolution service operating in the *EEA*; and
  - (b) in the case of services within (1)(b), any compensation scheme operating in the *EEA*;
- and, if either or both of (a) and (b) apply, must identify each such scheme.
- 1.2.5 G (1) *ECO 1.2.4R(2)(b)* does not require a deposit-taking *incoming ECA provider* to mention a deposit guarantee scheme, but its *Home State* will require it to do so in accordance with the *Deposit Guarantee Directive*.
- (2) *ECO 1.2.4R* does not require an *incoming ECA provider* carrying on *electronic commerce activities* in relation to *non-investment insurance contracts* to mention a dispute resolution service or a compensation scheme, but its *country of origin* will require it to do so in accordance with the *Distance Marketing Directive*.
- ...
- ...
- 2.1.2 G (1) ...

...

- (3) *ECO 2.2* also extends the territorial scope of *COB 3* (Financial promotion), *ICOB 3 (Financial promotion)* and *MCOB 3* (Financial promotion) in relation to a *financial promotion* which is an *outgoing electronic commerce communication*, whether or not the recipient is a *consumer*.

...

#### Financial promotion

- 2.2.3 R (1) In relation to a *financial promotion* which is an *outgoing electronic commerce communication*, a *firm* must comply with *COB 3* (Financial promotion), *ICOB 3 (Financial promotion)* and *MCOB 3* (Financial promotion) as if the *person* to whom the *communication* is made or directed was in the *United Kingdom*.
- (2) Accordingly, (1) overrides *COB 3.3 (Application: where?)*, *ICOB 3.4 (Application: where?)* and *MCOB 3.3 (Application: where?)*.
- (3) But (1) is subject to *ECO 2.2.1R*, which disapplies certain *COB rules* applicable to *incoming ECA providers* when dealing with *consumers*.
- 2.2.4 G The effect of *ECO 2.2.3R* is to apply the whole of *COB 3*, *ICOB 3* and *MCOB 3*, where relevant, to *outgoing electronic commerce communications*, except those provisions of *COB 3*, *ICOB 3* and *MCOB 3*, identified in *ECO 2.2.1R*. (See *ECO 2.2.2G* for an explanation of this approach.)

## Annex L

### Amendments to ELM

In this Annex, underlining indicates new text.

1.5.2 G Table: Application of other parts of the Handbook to ELMIs

Block	Module	Application
...		
Block 2 (Business Standards)	.....	
...	Conduct of Business sourcebook ( <i>COB</i> )	.....
	<u>Insurance: Conduct of Business sourcebook (<i>ICOB</i>)</u>	<u>Does not apply to an <i>ELMI</i> when issuing <i>e-money</i>.</u>
	Mortgage: Conduct of Business sourcebook ( <i>MCOB</i> )	Does not apply to an <i>ELMI</i> when issuing <i>e-money</i>

## Annex M

### Amendments to the Glossary

Insert the following new definitions in the appropriate alphabetical position:

- claims handling* (in *ICOB*) in relation to a *claim* under a *non-investment insurance contract*, carrying out the contract (by an *insurer*) or paying or declining to pay a *claim* on behalf of a *member* (by a *managing agent*).
- connected contract* a *non-investment insurance contract* which:
- (a) is not a contract of long-term insurance (as defined by article 3 of the *Regulated Activities Order*);
  - (b) has a total duration (including *renewals*) of five years or less;
  - (c) has an annual *premium* (or the equivalent of annual *premium*) of €500 or less;
  - (d) covers the risk of:
    - (i) breakdown, loss of, or damage to, non-motor goods supplied by the provider; or
    - (ii) damage to, or loss of, baggage and other risks linked to travel booked with the provider (“travel risks”);
  - (e) does not cover any liability risks (except, in the case of a contract which covers travel risks, where the cover is ancillary to the main cover provided by the contract);
  - (f) is complementary to the non-motor goods being supplied or service being provided by the provider; and
  - (g) is of such a nature that the only information that a *person* requires in order to carry on one of the *insurance mediation activities* is the cover provided by the contract.

*distance non-investment mediation contract*

a *distance contract* (other than a contract concluded merely as a stage in the *effecting* or *carrying out* of an *insurance contract* by the *firm* or another *person*) the making or performance of which constitutes, in relation to a *non-investment insurance contract*, any of the following activities:

- (a) *dealing in investments as agent*;
- (b) *making arrangements with a view to transactions in investments*;
- (c) *assisting in the administration and performance of a contract of insurance*;
- (d) *arranging (bringing about) deals in investments*;
- (e) *advising on investments*;
- (f) *agreeing to carry on a regulated activity* in (a) to (e).

*group policy*

a *non-investment insurance contract* which a *person* enters into as legal holder of the *policy* on his own behalf and for other *persons* who are or will become *policyholders* and:

- (a) those other *persons* are or become *policyholders* by virtue of a common employment, occupation or activity which has arisen independently of the *contract of insurance*;
- (b) the common employment, occupation or activity is not brought about, in relation to the *contract of insurance*, by
  - (i) the *insurance undertaking* which *effects* it or carries it out; or
  - (ii) any activity which if carried on by a *firm* would be an *insurance mediation activity*; and
- (c) the risks insured under the *policy* are related to the common employment, occupation or activity of the *policyholders*.

*introducing*

(in *ICOB*) the activity of effecting introductions carried on by a *firm* with *permission* for *making arrangements with a view to deals in investments* which are *non-investment insurance contracts*.

*non-investment*

a *non-real time financial promotion* for a *non-investment*

<i>financial promotion</i>	<i>insurance contract.</i>
<i>policy document</i>	a <i>policy</i> in a <i>durable medium</i> .
<i>policy summary</i>	a summary of a <i>non-investment insurance contract</i> in a <i>durable medium</i> containing the information specified in <i>ICOB 5.5.5R</i> .

Amend the following definitions as shown (underlining indicates new text and striking through indicates deleted text):

<i>charge</i>	<p>any <i>fee</i> or <i>charge</i> made to a <i>client</i> in connection with:</p> <p>(a) <u><i>designated investment business</i></u>; <u>or</u></p> <p>(b) <u>any <i>insurance mediation activities</i> in respect of a <i>non-investment insurance contract</i></u>;</p> <p>whether levied by the <i>firm</i> or any other <i>person</i>, including a <i>mark-up</i> or <i>mark-down</i>.</p>
<i>claim</i>	<p>(1) (in <i>COMP</i>) a valid <i>claim</i> made in respect of a civil liability owed by a <i>relevant person</i> to the claimant.</p> <p>(2) (in <u><i>ICOB</i></u>, <i>LLD</i>, <i>SUP</i>, and <i>TC</i>) a <i>claim</i> under a <i>contract of insurance</i>.</p>
<i>commission</i>	<p><del>any form of commission, including a benefit of any kind, offered or given in connection with <i>designated investment business</i>.</del></p> <p>any form of commission, including a benefit of any kind, offered or given in connection with:</p> <p>(a) <u><i>designated investment</i></u>; <u>or</u></p> <p>(b) <u><i>insurance mediation activity</i> in connection with a <i>non-investment insurance contract</i></u>.</p>
<i>durable medium</i> <sup>2</sup>	<p><del>(in accordance with article 2(f) of the <i>Distance Marketing Directive</i> and article 2(12) of the <i>Insurance Mediation Directive</i>) (in relation to information addressed personally to a recipient) in a form which:</del></p>

<sup>2</sup> This is an amendment to the proposed definition in Annex Q to the Mortgages: Conduct of Business Sourcebook (Consequential Amendments to the Handbook) Instrument 2003.

- ~~(a) is capable of being used by the recipient;~~
- ~~(b) enables the recipient to store the information in a way accessible for future reference for a period of time adequate for the purposes of the information; and~~
- ~~(c) allows the unchanged reproduction of the information;~~

and includes paper, floppy disks, CD-ROMs, DVDs and the hard drive of the recipient's computer on which electronic mail is stored, but not Internet websites unless they fulfil the criteria in (a),(b) and (c).

- (a) paper; or
- (b) (in accordance with recital 20 and article 2(f) of the Distance Marketing Directive and article 2(12) of the Insurance Mediation Directive) any instrument which enables the recipient to store information in a way accessible for future reference for a period of time adequate for the purposes of the information and which allows the unchanged reproduction of the information stored; this includes in particular floppy disks, CD-ROMs, DVDs and the hard drive of the recipient's computer on which electronic mail is stored, but not Internet websites unless they fulfil the criteria in this definition.

*financial promotion rules*

COB 3 and ICOB 3.

*injured party*

(in ICOB 6:87.6) a *person* who claims damages as a result of any loss or injury suffered in, or as a result of, an accident which occurs in an *EEA State* other than his usual *EEA State* of residence which is caused by the use of a motor vehicle insured and normally based in an *EEA State*.

*product provider*

- (1) (except in ICOB) a firm which is:
  - (i) a *long-term insurer*;
  - (ii) a *friendly society*;
  - (iii) the *operator* of a *regulated collective investment scheme* or an *investment trust savings scheme*.
- (2) (in ICOB) in relation to a non-investment insurance contract, an insurer not acting as an insurance intermediary.

## ADDENDUM

### INSURANCE: CONDUCT OF BUSINESS SOURCEBOOK (CONSEQUENTIAL AMENDMENTS TO THE HANDBOOK) INSTRUMENT 2004

In this Addendum, underlining indicates new text and striking through indicates deleted text.

Annex C of this instrument is amended as follows:

## APPOINTED REPRESENTATIVES INSTRUMENT 2004

### Powers exercised

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (“the Act”):
- (1) section 138 (General rule-making power);
  - (2) section 156 (General supplementary powers);
  - (3) section 157(1) (Guidance);
  - (4) section 213 (The compensation scheme);
  - (5) section 214 (General); and
  - (6) section 395 (The Authority’s procedures).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

### Commencement

- C. This instrument comes into force as follows:

Annex	Commencement date
A	30 June 2004
B	30 June 2004
C	31 October 2004
D	14 January 2005

### Amendments relating to multiple principals of appointed representatives for investment business

- D. The Supervision manual is amended in accordance with Annex A to this instrument.
- E. The Dispute resolution: Complaints sourcebook, the Compensation sourcebook and the Collective Investment Schemes sourcebook are amended in accordance with Annex B to this instrument.

### Amendments to the Supervision manual and the Glossary relating to regulation of mortgages and long-term care insurance

- F. The Supervision manual and the Glossary are amended in accordance with Annex C to this instrument.

**Amendments to the Supervision manual, the Decision making manual and the Glossary relating to regulation of insurance mediation**

G. The Supervision manual, Decision making manual and the Glossary are amended in accordance with Annex D to this instrument.

**Citation**

H. This instrument may be cited as the Appointed Representatives Instrument 2004.

By Order of the Board  
15 January 2004

Amended by Addendum  
9 August 2004

## Annex A

### Amendments to the Supervision manual relating to multiple principals of appointed representatives for investment business coming into force on 30 June 2004

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### 12.1 Application and purpose

##### Application

- 12.1.1 R
- (1) This chapter applies to a *firm* ~~with permission to carry on designated investment business and~~ which is considering appointing, has decided to appoint or has appointed an *appointed representative*.
  - (2) ~~The rules, and guidance on rules, in this~~ This chapter ~~do~~ does not apply to a *UCITS qualifier*.

...

\* see Addendum p33

12.2.2 G ...

Who can be an appointed representative?

12.2.3G ...

Can an appointed representative have more than one principal?

12.2.4 G The *Act* and the *Appointed Representatives Regulations* do not prevent an *appointed representative* from acting for more than one *principal*.  
However, SUP 12.5.6A R (Prohibition of multiple principals for certain activities) prevents this for particular kinds of business.

12.2.5 G ...

What is a "network"?

12.2.6 G (1) ~~An appointed representative may be appointed by any firm with permission to carry on designated investment business of the type described in SUP 12.2.7G(1), including a provider firm or an independent intermediary.~~

(2) An *independent intermediary* is referred to as a 'network' if it appoints five or more *appointed representatives* or if it appoints less than five *appointed representatives* which have, between them, twenty-six or more *financial advisers*.

...

What is an introducer appointed representative?

12.2.8 G (1) An *introducer appointed representative* is an *appointed representative* appointed by a *firm* whose scope of appointment must, under SUP 12.5.7 R, be limited to:

(a) effecting introductions ~~between customers and to the firm~~ or other members of the *firm's marketing group*; and

(b) distributing *non-real time financial promotions which relate to products or services available from or through the firm approved by the firm* or other members of the *firm's marketing group* or the producer of an *adopted packaged product*.

(2) The permitted scope of appointment of an *introducer appointed representative* does not include in particular:

(a) arranging (bringing about) deals in investments; or

(b) advising on investments or other activity that might reasonably lead a *customer* to believe that he had received

*advice on investments* or that the *introducer appointed representative* is permitted to give *advice on investments*.

(3) An introducer appointed representative may have more than one principal, but will need a contract with each principal.

(4) The approved persons regime does not apply to an introducer appointed representative (see SUP 10.1.16R).

12.2.9 G

(4) To become an *introducer appointed representative*, a person must meet the conditions in the *Act* to become an *appointed representative* (see SUP 12.2.2G).

~~(2) In considering the appointment of a person as an *introducer appointed representative*, a firm should have regard to the requirements in SUP 12.5.7R. In particular, these requirements mean that the *introducer appointed representative* cannot be an *appointed representative* for a member of another *marketing group*.~~

12.2.10 G

All rules in SUP 12 apply in relation to *introducer appointed representatives* except for:

(1) ~~SUP 12.4.2R, SUP 12.4.5B R and SUP 12.4.5C R~~, on the appointment of *appointed representatives*, which is replaced by SUP 12.4.6R; ~~and~~

(2) ~~SUP 12.5.5R SUP 12.5.6A R~~ on required contract terms, which is replaced by SUP 12.5.7R; ~~and~~

~~(3) SUP 12.9.1R(4) (Record keeping).~~

...

12.2.14 G

(1) A *representative* is an individual who is appointed by a *firm* or by an *appointed representative* ~~of that firm~~, to carry out on, ~~in the course of designated investment business~~, either or both any of the following activities in (1)(a) to (c):

~~(a) advising customers on the merits of packaged products offered by that firm (or any other provider firm within the same marketing group);~~

~~(b) arranging (bringing about) deals in investments in relation to such products.~~

(a) advising on investments;

(b) arranging (bringing about) deals in investments;

(c) dealing in investments as agent.

- (2) If a *provider firm* appoints an *appointed representative* who is an individual in (1), that *appointed representative* will also be a *representative*. The individual ~~must~~ may need to be approved to perform the *investment adviser function* or the *customer trading function* or both, and possibly also the *sole trader function* (see SUP 12.6.8G and SUP 12.6.9G). In these circumstances, in addition to complying with the requirements of SUP 12 and other regulatory requirements, the *firm* should ensure that the *rules* for *representatives* in COB 5 (Advising and selling) are complied with.

...

The permission that the firm needs

~~12.4.1 R A firm may only appoint an appointed representative to carry on regulated activities on its behalf if the firm has permission to carry on those regulated activities. [Deleted]~~

12.4.1A G The effect of sections 20 (Authorised persons acting without permission) and 39(4) (Exemption of appointed representatives) of the Act is that the regulated activities covered by an appointed representative's appointment need to:

- (1) fall within the scope of the principal's permission; or
- (2) be excluded from being regulated activities when carried on by the principal, for example because they fall within article 28 of the Regulated Activities Order (Arranging transactions to which the arranger is a party).

Appointment of an appointed representative (other than an introducer appointed representative)

12.4.2 R Before a *firm* appoints a *person* as an *appointed representative* (other than an *introducer appointed representative*) and on a continuing basis, it must take reasonable care to ensure that:

- (1) ...
- (2) the *person*:
- (a) ...
  - (b) ...
  - (c) ... ; ~~and~~
- (3) the *firm* has adequate:
- (a) ...
  - (b) ... ; and
- (4) the *firm* is ready and organised to comply with the other applicable requirements contained or referred to in this chapter.

...

Appointment representative who may be appointed by other principals

12.4.5A G If a *firm* proposes to appoint an *appointed representative*, but not to prohibit its appointment by any other *principals* (see SUP 12.5.2G(3)), the *firm* should, in particular:

- (1) require, in the contract, that the *appointed representative* notifies the *firm* about other *principals* (see SUP 12.5.5R(3)); and
- (2) unless the *appointed representative* is an *introducer appointed representative*:
  - (a) take reasonable steps to check whether the *appointed representative* is already appointed by one or more other *principals* and, if it is, contact those other *principals*; such steps should include asking the *appointed representative* and checking the *Register*;
  - (b) if there are any other *principals*, agree arrangements with the other *principals* (see SUP 12.4.5B R); and
  - (c) establish effective systems and controls for ensuring that the *appointed representative* complies with all contractual restrictions imposed, including those relating to multiple *principals* under the *Appointed Representatives Regulations* and under SUP 12.5.6A R (see SUP 12.6.11A R).

Multiple principals

12.4.5B R (1) A *firm* must not appoint a *person* as its *appointed representative* until it has entered into a written agreement (a “multiple principal agreement”) with every other *principal* the *person* may have; but this does not apply to the appointment of an *introducer appointed representative* nor does it require an agreement with another *principal* which has appointed a *person* as an *introducer appointed representative*.

(2) A *firm* must not unreasonably decline to enter into a multiple principal agreement with any *principal* of his *appointed representative* unless the *firm* is relying on a prohibition on the *appointed representative* from representing any other *firms* (or is seeking to impose such a prohibition) as permitted by article 3 of the *Appointed Representative Regulations*.

(3) A multiple principal agreement must contain all the provisions which are necessary or desirable to:

- (a) set out the relationship between the *principals* of that *appointed representative*; and
- (b) protect the interests of *clients*;

including the matters set out in SUP 12.4.5C R.

12.4.5C R Table: Multiple principal agreement

	<u>Matter</u>	<u>Explanation</u>
1.	<u>Scope of appointment</u>	<u>The scope of appointment given by each <i>principal</i> to the <i>appointed representative</i>.</u>
2.	<u>Complaints handling</u>	<u>The identity of the <i>principal</i> which will be the point of contact for a complaint from a <i>client</i> (referred to as the “lead-principal” in <u>SUP 12.4.5D G</u> to <u>SUP 12.4.5E G</u>).</u> <u>An agreement that each <i>principal</i> will co-operate with each other <i>principal</i> in resolving a complaint from a <i>client</i> in relation to the <i>appointed representative’s</i> conduct.</u> <u>The arrangements for complaints handling, including arrangements for resolving disputes between the <i>principals</i> in relation to their liability to a <i>client</i> in respect of a complaint and arrangements for dealing with referrals to the <i>Financial Ombudsman Service</i>.</u>
3.	<u>Financial promotions</u>	<u>The arrangements for <i>approving financial promotions</i>.</u>
4.	<u>Control and monitoring</u>	<u>The arrangements for the control and monitoring of the activities of the <i>appointed representative</i> (see in particular <u>SUP 12.6.6R</u> (Regulated activities and investment services outside the scope of appointment) and <u>SUP 12.6.7G</u> (Senior management responsibility for appointed representatives)).</u>
5.	<u>Approved person status</u>	<u>The arrangements for making applications for <i>approved person</i> status (see <u>SUP 10</u> (Approved persons)).</u>
6.	<u>Training and competence</u>	<u>The arrangements for training and competence (see <u>TC</u>).</u>
7.	<u>Co-operation</u>	<u>The arrangements for co-operation over any other issues which may arise from the multiple appointments, including issues which may damage the interests of <i>clients</i> dealing with the <i>appointed representative</i> and administrative issues.</u> <u>An agreement by each <i>principal</i> to take reasonable steps to ensure that it does not cause the <i>appointed representative</i> or any of its other <i>principals</i> to be in breach of their obligations to each other or under the <i>regulatory system</i>.</u>
8.	<u>Sharing information</u>	<u>The arrangements for sharing information on matters relevant to the matters covered under the multiple principal agreement and each <i>principal’s</i> obligations under <u>SUP 12.6</u> (Continuing obligations of firms with appointed representatives).</u> <u>An agreement that each <i>principal</i> will notify each other <i>principal</i> of any information which is materially relevant to the multiple principal agreement.</u>

12.4.5D G One effect of the multiple principal agreement is to introduce a ‘lead-principal’ concept in relation to complaints handling for the benefit of the *client*. For example, where the *client* has been given advice by an *appointed representative* who has two *principals*, and the advice could have led to a transaction being arranged with either *principal*, the *client* will know that he may pursue his complaint with (but not necessarily against) one of the *principals*. Whether he later decides to refer his complaint to the *Financial Ombudsman Service*, and if so, against which *principal*, will depend on the circumstances.

- 12.4.5E G (1) Under the relevant Advising and Selling chapters of *COB*, *ICOB* and *MCOB*, the *customer* will receive details of how to complain to the *appointed representative* and, when a product is purchased, details of the complaints procedure for the *product provider*, *insurer* or *mortgage lender*.
- (2) Under *DISP* 1.2.9R, a *firm* must among other things, supply a copy of its internal complaint handling procedures to the *customer* when it receives a complaint. In complying with *DISP* 1.2.9R, a *firm* should ensure that the "lead-principal" is clearly identified in the procedures.
- (3) The complaints procedure should also explain that the *customer* has a choice of whether to contact the *appointed representative*, the "lead-principal" or the *product provider*, *insurer* or *mortgage lender* and that the "lead-principal" will be the appropriate point of contact where the *customer* does not wish to complain about a specific product or is unsure who to contact.
- (4) In other words, where the *customer* has a doubt who to complain to the "lead-principal" is to be the point of contact for all complaints arising out of the activities of the *appointed representative*.

12.4.5F G When considering the provisions for complaints handling (see *SUP* 12.4.5C R(2)) *firms* should consider the use of a mediation clause. If a complaint is made by a *client*, *principals* which are unable to resolve a dispute about liability to the *client* should consider all quick and effective ways of resolving the dispute, including referring the matter to the *Financial Ombudsman Service* and mediation.

12.4.5G G It is for the *principals* to consider in each case whether it would be appropriate to show the multiple principal agreement to their *appointed representative*, or in some circumstances make their *appointed representative* a party to it.

Appointment of an introducer appointed representative

12.4.6 R Before a *firm* appoints a *person* as an *introducer appointed representative*, and on a continuing basis, it must take reasonable care to ensure that:

- (1) the *person* is suitable to act for the *firm* in that capacity (having regard, in particular, to other *persons* connected with the *person* who will be, or who are, directly responsible for its activities); ;  
and
- (2) the *firm* is ready and organised to comply with the other applicable requirements contained or referred to in this chapter.

...

12.5.4 G ...

~~Required contract terms for an appointed representative (other than an introducer appointed representative)~~

12.5.5 R

~~A firm must ensure that its written contract with each of its appointed representatives (other than introducer appointed representatives):~~

- ~~(1) complies with the requirements prescribed in regulation 3 of the *Appointed Representatives Regulations* (see SUP 12.5.2G); and~~
- ~~(2) requires the appointed representative to comply with, and to ensure that any persons who provide services to the appointed representative under a contract of services or a contract for service comply, with the relevant requirements in or under the Act (including the rules) that apply to the activities which it carries on as appointed representative of the firm - ; and~~
- ~~(3) (unless the written contract prohibits appointments by other principals) requires the appointed representative to notify the firm:
  - ~~(a) that it is seeking appointment as an appointed representative of another person, who the person is and the business for which the other person will accept responsibility;~~
  - ~~(b) (as soon as possible) of any change in the business notified under (a); and~~
  - ~~(c) (as soon as possible) of the termination of any such appointment.~~~~

...

12.5.6 G

...

Prohibition of multiple principals for certain activities

12.5.6A R

- (1) A firm must ensure that, if appointing an appointed representative (other than an introducer appointed representative), to carry on any designated investment business for private customers, its written contract prohibits the appointed representative from carrying on any of those specified activities as an appointed representative for another firm.
- (2) As an exception to (1), if the firm is a long-term insurer or an operator of a UCITS scheme, it may permit an appointed representative to carry on designated investment business as the appointed representative of one or more other firms provided that:
  - (a) each of those other firms is a long-term insurer or an operator of a UCITS scheme;

- (b) the first *firm* and each of those other *firms* is a member of the same group; “group” means for this purpose a group of *bodies corporate* all having the same *holding company* including the *holding company*; and
- (c) the scope of each appointment does not overlap, as to both activities and *investments*.

12.5.6B G      The effect of SUP 12.5.6A R(1) is that, in relation to *designated investment business with private customers, appointed representatives* are restricted to one *principal*.

Required contract terms for an introducer appointed representative

12.5.7 R      ~~A *firm* must ensure that its written contract with each of its *introducer appointed representatives* prohibits the *introducer appointed representative* from~~ limits the scope of the appointment to:

~~(1) in relation to a *designated investment* or *designated investment business*~~

~~(a 1) effecting an introduction between a *customer* and a *person* other than to the *firm* or another *other* members of the *firm’s marketing group*; and~~

~~(b 2) distributing *non-real time financial promotions* which relate to products or services available from or through the *firm-approved* by a *person* other than the *firm* or another members of the *firm’s marketing group* or the producer of an *adopted packaged product*; and~~

~~(2) carrying on any *regulated activity* on behalf of any *person* other than the *firm* or another member of the *firm’s marketing group*.~~

...

12.6.11 G      ...

Compliance by an appointed representative with the contract

12.6.11A R      A *firm* must take reasonable steps to establish and maintain effective systems and controls for ensuring that each of its *appointed representatives* complies with those terms of its contract which are imposed under the requirements contained or referred to in SUP 12.5 (Contracts: required terms).

~~Additional obligations for introducer appointed representatives~~

12.6.12 R      ~~A *firm* must take reasonable steps to ensure that each of its *introducer appointed representatives*:~~

- (1) ~~does not, in relation to a *designated investment* or *designated investment business*:~~
  - (a) ~~effect an introduction between a *customer* and a *person* other than the *firm* or another member of the *firm's marketing group*; and~~
  - (b) ~~distribute *non-real time financial promotions* approved by a *person* other than the *firm* or another member of the *firm's marketing group* or the producer of an *adopted packaged product*; and~~
- (2) ~~does not carry on any *regulated activity* on behalf of any *person* other than the *firm* or another member of the *firm's marketing group*. [Deleted]~~

...

## 12.8 Termination of a relationship with an appointed representative

### Notification of termination or prohibited amendment of the contract

12.8.1 R If either the *firm* or the *appointed representative* notifies the other that it proposes to terminate a the contract of appointment or to amend it so that it no longer meets the requirements ~~prescribed in the *Appointed Representative Regulations* (see *SUP 12.5.2G*) and, in the case of an *introducer appointed representative*, *SUP 12.5.7R* contained or referred to in *SUP 12.5* (Contracts: required terms), the *firm* must:~~

...

...

### Steps to be taken on termination or prohibited amendment of the contract

12.8.3 R If a contract with an *appointed representative* is terminated, or if it is amended in a way which gives rise to a requirement to notify under *SUP 12.8.1R*, a *firm* must take all reasonable steps to ensure that:

- (1) ...
- (2) ...; ~~and~~
- (3) ... ; and
- (4) all the other *principals* of the *appointed representative* of which the *firm* is aware are notified.

...

## 12.9 Record keeping

12.9.1 R A *firm* must make the following records on each of its *appointed representatives*:

- (1) ...
- (2) ...; ~~and~~
- (3) ...; and
- (4) any arrangements agreed with other *principals* under SUP 12.4.5B R (Multiple principals).

...

Schedule 1

## Annex B

### Amendments to the Dispute resolution: Complaints sourcebook, Compensation sourcebook and the Collective Investment Schemes sourcebook relating to multiple principals for investment business coming into force on 30 June 2004

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### Amendments to the Dispute resolution: Complaints sourcebook

2.6.5 G Complaints about acts or omissions by a *firm* include complaints about acts or omissions in respect of activities for which the *firm* is responsible (~~that is the activities~~ including business of their any appointed representatives for which the *firm* has accepted responsibility).

#### Amendments to the Compensation sourcebook

9.2.2 R The *FSCS* may postpone paying compensation if:

- (1) in the case of a *claim* against a *relevant person* who is an *appointed representative*, the *FSCS* considers that the claimant should make and pursue an application for compensation against the *appointed representative's relevant principal*; or

#### Amendments to the Collective Investment Schemes sourcebook

16.2.4 G (1) Independence ~~and polarisation~~: the *FSA* considers that independence will need to be specifically appraised in the event of a proposal by the *depository* to ~~become an appointed representative of~~ enter into any arrangement with the *ICVC* or any corporate *director* of it by which the *depository* might agree to act on an exclusive (or near exclusive) basis, or for a *director* to become an *appointed representative* of enter into a similar arrangement with the *depository*.

(2) ...

(3) ...

...

16.3.2 G (1) ...

...

- (8) Independence ~~and polarisation~~: The *FSA* considers that independence will need to be specifically appraised in the event of a proposal by the *trustee* or *manager* (or any of either's *associates*) to enter into any arrangement with ~~become an appointed representative of~~ the other by which either party might agree to act on an exclusive (or near exclusive) basis in relation to the marketing of packaged products. ~~The status of a "tied agent" will~~

~~mean that the trustee of an AUT is prohibited by contract from procuring or endeavouring to procure persons to enter into investment agreements (or certain kinds of investment agreements including those relating to AUTs) with persons other than the manager.~~

- (9) If such a ~~tie~~ relationship should be contemplated, then arrangements may need to be put in to place to satisfy the FSA that the necessary independence is preserved. The FSA would therefore expect to be consulted in advance of such proposal.

## Annex C

### Amendments to the Supervision manual and the Glossary relating to mortgages and long-term care insurance coming into force on 31 October 2004

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### Amendments to the Supervision manual

- 12.2.7 G (1) The *Appointed Representatives Regulations* are made by the Treasury under section 39(1) of the *Act*. These regulations describe, among other things, the business for which an *appointed representative* may be exempt, which is business which comprises any of:
- (a) arranging (bringing about) deals in investments (article 25(1) of the *Regulated Activities Order*) (that is in summary, deals in a designated investment, funeral plan contract or right to or interest in a funeral plan); ~~or~~
  - (b) making arrangements with a view to transactions in investments (article 25(2) of the *Regulated Activities Order*) where the arrangements are for or with a view to transactions relating to securities or contractually based investments (that is in summary, transactions in a designated investment, funeral plan contract or right to or interest in a funeral plan);
  - (c) arranging (bringing about) regulated mortgage contracts (article 25A(1) of the *Regulated Activities Order*);
  - (d) making arrangements with a view to regulated mortgage contracts (article 25A(2) of the *Regulated Activities Order*);
  - (~~b~~ e) *arranging safeguarding and administration of assets* (part of article 40 of the *Regulated Activities Order*);
  - (~~e~~ f) advising on investments (article 53 of the *Regulated Activities Order*) (that is in summary, on any designated investment, funeral plan contract or right to or interest in a funeral plan);  
~~and~~
  - (g) advising on regulated mortgage contracts (article 53A of the *Regulated Activities Order*); and
  - (~~d~~ h) *agreeing to carry on a regulated activity* (article 64 of the *Regulated Activities Order*) where the *regulated activity* is one of those in (a) to (e g).
- ...
- 12.2.8 G (1) ...

- (2) The permitted scope of appointment of an *introducer appointed representative* does not include in particular:
- (a) arranging (bringing about) deals in investments or arranging (bringing about) regulated mortgage contracts; or
  - (b) advising on investments, advising on regulated mortgage contracts or other activity that might reasonably lead a *customer* to believe that he had received *advice on investments or on regulated mortgage contracts* or that the *introducer appointed representative* is permitted to give *advice on investments or on regulated mortgage contracts*.
- (3) ...

...

12.4.7 G

In assessing, under SUP 12.4.6R, whether an *introducer appointed representative* or prospective *introducer appointed representative* is otherwise suitable to act for the *firm* in that capacity, the *firm* should determine whether ~~it~~ the *introducer appointed representative* and those *persons* who will be, or who are, directly responsible for its activities are of sufficiently good reputation and otherwise fit and proper for that appointment. The *firm* should, as a minimum, verify the identity of a prospective *introducer appointed representative* and relevant *persons* but need not carry out the more extensive due diligence required for the appointment of an *appointed representative* under SUP 12.4.2R.

...

12.5.2 G

- (1) Regulations 3(1) to (3) of the *Appointed Representatives Regulations* makes it a requirement that the contract between the *firm* and the *appointed representative* (unless it prohibits the *appointed representative* from representing other counterparties) contains a provision enabling the *firm* to:

...

- (2) Under the *Appointed Representative Regulations*, an *appointed representative* is treated as representing other counterparties if, broadly, it:
- (a) makes arrangements (within article 25 of the *Regulated Activities Order* (Arranging deals in investments)) for *persons* to enter into investment transactions with other counterparties; or
  - (b) *arranges the safeguarding and administration of assets* by other counterparties; or

- (c) gives advice (within article 53 of the *Regulated Activities Order (Advising on investments)*) on the merits of entering into investment transactions with other counterparties;

where an "investment transaction" means a transaction to *buy, sell, subscribe for or underwrite a security, or a contractually based investment or long-term care insurance;* or

- (d) arranges:

(i) for persons to enter (or with a view to persons entering) as borrowers into regulated mortgage contracts with other counterparties; or

(ii) for a person to vary a regulated mortgage contract entered into by a person as borrower on or after 31 October 2004 with other counterparties; or

- (e) gives advice (within article 53 of the *Regulated Activities Order (Advising on investments)*) on the merits of:

(i) persons entering as borrowers into regulated mortgage contracts with other counterparties; or

(ii) persons varying regulated mortgage contracts entered into by them as borrower on or after 31 October 2004 with other counterparties.

...

#### Prohibition of multiple principals for certain activities

12.5.6A R

- (1) A firm must ensure that, if appointing an *appointed representative* (other than an *introducer appointed representative*), to carry on any *designated investment business for private customers* of the following *regulated activities*, its written contract prohibits the *appointed representative* from carrying on any of these the specified activities as an *appointed representative* for another firm:

(a) any designated investment business for private customers: the prohibition must cover all designated investment business for private customers;

(b) any regulated mortgage activities (other than in relation to lifetime mortgages): the prohibition must cover all regulated mortgage activities (other than lifetime mortgages);

(c) any regulated mortgage activities in relation to lifetime mortgages: the prohibition must cover all lifetime mortgages.

12.5.6B G (1) The effect of SUP 12.5.6A R(1)(a) is that, in relation to *designated investment business* with *private customers*, *appointed representatives* are restricted to one *principal*.

(2) The effect of SUP 12.5.6A R(1)(b) and (1)(c) is that, in relation to *regulated mortgage activities* with *customers*, *appointed representatives* are restricted to having two *principals*: one for *regulated mortgage contracts* and one for *lifetime mortgages*.

...

12.6.5 R ...

Regulated activities and investment services outside the scope of appointment

12.6.6 R A *firm* must take reasonable steps to ensure that each of its *appointed representatives*:

(1) ...

(2) carries on the *regulated activities* for which the *firm* has accepted responsibility in a way which is, and is held out as being, clearly distinct from any of the *appointed representative's* other business:

(a) ...

(b) which:

(i) is, or is held out as being, primarily for the purposes of investment or obtaining credit; and

(ii) is not a *regulated activity*.

...

Obligations of firms under the approved persons regime

12.6.8G (1) Some of the *controlled functions*, as set out in SUP 10.4.1R, apply to an *appointed representative* of a *firm*, other than an *introducer appointed representative*, just as they apply to a *firm* (see SUP 10.1.16R). These are the *governing functions* and the *customer functions* (other than the *investment management function*) such as, for example, CF21, the *investment adviser function*. As explained in SUP 10.1.17G(1), SUP 10.1.17G(2) and SUP 10.3.2G respectively:

(4 a) the effect of SUP 10.1.16R is that the *directors* (or their equivalent) and *senior managers* (or their equivalent) of an *appointed representative*, other than an *introducer appointed representative*, must also be approved under

section 59 of the *Act* for the performance of certain *controlled functions*;

(b) although the *customer functions* (other than the *investment manager function*) apply to an *appointed representative*, the descriptions of the functions themselves do not extend to *mortgage mediation activity*; and

(c) sections 59(1) and 59(2) of the *Act* (Approval for particular arrangements) provide that approval is necessary in respect of a *controlled function* which is performed under an *arrangement* entered into by a *firm*, or its contractors (typically an *appointed representative*), in relation to a *regulated activity*.

### Amendments to the Glossary

Amend the following definition as shown. Underlining indicates new text and striking through indicates deleted text.

*designated investment* a security or a contractually-based investment (other than a funeral plan contract and a right to or interest in a funeral plan contract), that is, any of the following investments, specified in Part III of the *Regulated Activities Order* (Specified Investments), and a long-term care insurance contract which is a pure protection contract:

(a) ...

...

(l) *rights to or interests in investments* in (a) to (k) (article 89) but not including rights to or interests in rights under a long-term care insurance contract which is a pure protection contract.

## Annex D

### Amendments to the Supervision manual, Decision making manual and the Glossary relating to insurance mediation coming into force on 14 January 2005

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### Amendments to the Supervision manual

Business for which an appointed representative is exempt

- 12.2.7 G (1) The *Appointed Representatives Regulations* are made by the Treasury under section 39(1) of the *Act*. These regulations describe, among other things, the business for which an *appointed representative* may be exempt, which is business which comprises any of:
- (a) dealing in investments as agent (article 21 of the *Regulated Activities Order*) where the transaction relates to a *general insurance contract*;
  - (a b) *arranging (bringing about) deals in investments (article 25(1) of the *Regulated Activities Order*) (that is in summary, deals in a *designated investment, funeral plan contract, pure protection contract, general insurance contract* or right to or interest in a funeral plan);*
  - (b c) *making arrangements with a view to transactions in investments (article 25(2) of the *Regulated Activities Order*) (that is in summary, transactions in a *designated investment, funeral plan contract, pure protection contract, general insurance contract* or right to or interest in a funeral plan);*
  - (e d) *arranging (bringing about) regulated mortgage contracts (article 25A(1) of the *Regulated Activities Order*);*
  - (d e) *making arrangements with a view to regulated mortgage contracts (article 25A(2) of the *Regulated Activities Order*);*
  - (e f) assisting in the administration and performance of a contract of insurance (article 39A of the *Regulated Activities Order*) where the activity relates to a *general insurance contract*;
  - (e g) *arranging safeguarding and administration of assets (part of article 40 of the *Regulated Activities Order*);*
  - (f h) *advising on investments (article 53 of the *Regulated Activities Order*) (that is in summary, on any *designated investment, funeral plan contract pure protection contract, general insurance contract* or right to or interest in a funeral plan);*  
and

- (g i) *advising on regulated mortgage contracts* (article 53A of the *Regulated Activities Order*); and
- (h j) *agreeing to carry on a regulated activity* (article 64 of the *Regulated Activities Order*) where the *regulated activity* is one of those in (a) to (e i).

...

12.2.8 G

- (1) ...
- (2) The permitted scope of appointment of an *introducer appointed representative* does not include in particular:
  - (a) *dealing in investments as agent*; or
  - (a b) *arranging (bringing about) deals in investments* or *arranging (bringing about) regulated mortgage contracts*; or
  - (c) *assisting in the administration and performance of a contract of insurance where the transaction relates to a general insurance contract*; or
  - (b d) *advising on investments, advising on regulated mortgage contracts* or other activity that might reasonably lead a *customer* to believe that he had received *advice on investments* or on *regulated mortgage contracts* or that the *introducer appointed representative* is permitted to give *advice on investments* or on *regulated mortgage contracts*.

...

...

Appointment of an appointed representative (other than an introducer appointed representative)

12.4.2 R

Before a *firm* appoints a *person* as an *appointed representative* (other than an *introducer appointed representative*) and on a continuing basis, it must ~~take reasonable care to ensure~~ establish on reasonable grounds that:

- (1) ...
- (2) the *person*:
  - (a) is solvent;
  - (b) is otherwise suitable to act for the *firm* in that capacity; and
  - (c) has no *close links* which would be likely to prevent the effective supervision of the *person* by the *firm*;

...

12.4.3 G In assessing, under *SUP* 12.4.2R(2)(a) and (b), whether an *appointed representative* or prospective *appointed representative* is solvent and otherwise suitable, a *firm* should determine, **among other matters, whether the person is likely to be adversely influenced by its financial position in the conduct of the business for which the firm is responsible.** This might arise, for example, if the *person* has cashflow problems and is not able to service its debts. Guidance for *firms* on assessing the financial position of an *appointed representative* or prospective *appointed representative* is given in *SUP* 12 Ann 1G.

...

12.4.4 G In assessing, under *SUP* 12.4.2R(2)(b), whether an *appointed representative* or prospective *appointed representative* is otherwise suitable to act for the *firm* in that capacity, a *firm* should consider:

...

...

12.4.7 G In assessing, under *SUP* 12.4.6R(1), whether an *introducer appointed representative* or prospective *introducer appointed representative* is otherwise suitable to act for the *firm* in that capacity, the *firm* should determine whether the *introducer appointed representative* and those *persons* who will be, or who are, directly responsible for its activities

...

12.4.8 G ...

Appointed representative carrying on insurance mediation

12.4.8A R Before a firm appoints a person as an appointed representative to carry on insurance mediation activity, it must in relation to insurance mediation activity ensure that the person will comply on appointment, and will continue to comply with, the provisions of PRU 9.1.8R and PRU 9.1.10R (Knowledge and ability, and good repute) as if the appointed representative were a firm.

12.4.8B G In assessing, under SUP 12.4.8A R, whether an appointed representative, or prospective appointed representative, has established the knowledge and ability requirements for persons within its management structure and for those directly involved in its insurance mediation activity, a firm should refer to TC.

12.4.9 G (1) An appointed representative must not commence an insurance mediation activity until he is included on the Register as carrying on such activities (see SUP 12.5.2G(3)).

(2) If an appointed representative's scope of appointment is to include an insurance mediation activity, the principal must notify the FSA of the appointment before the appointed representative commences that activity (see SUP 12.7.1R(1)).

(3) As an exception, pre-notification is not required if the *appointed representative* is already included on the *Register* as carrying on *insurance mediation activities* in another capacity (for example, as the *appointed representative* of another *principal*).

12.4.10 G

(1) The *FSA* has the power to decide not to include on the *Register* (or to remove from the *Register*) an *appointed representative* whose scope of appointment includes an *insurance mediation activity*, if it appears to the *FSA* that he is not a fit and proper person to carry on those activities (article 95 of the *Regulated Activities Order*).

(2) If the *FSA* proposes to use the power in (1), it must give the *appointed representative* a *warning notice*. If the *FSA* decides to proceed with its proposal, it must give the *appointed representative* a *decision notice*. The procedures followed by the *FSA* in relation to the giving of *warning notices* and *decision notices* are set out in *DEC 2*.

(3) An *appointed representative* may apply to the *FSA* for a determination of the kind referred to in (1) to be revoked. If the *FSA* proposes to refuse the application, it must give the *appointed representative* a *warning notice*, and if the *FSA* decides to proceed with the refusal, it must give the *appointed representative* a *decision notice*.

...

12.5.2 G

...

(2) Under the *Appointed Representative Regulations*, an *appointed representative* is treated as representing other counterparties if, broadly, it:

...

(d) assists in the administration and performance of a contract of insurance (article 39A of the *Regulated Activities Order*) where the activity relates to a *general insurance contract*;

where an "investment transaction" means a transaction to buy, sell, subscribe for or underwrite a security or a *contractually based investment-relevant investment* (that is, a *designated investment, funeral plan contract, pure protection contract, general insurance contract or right to or interest in a funeral plan*; or

(e) arranges:

(i) ...

(ii) ...

(f) gives advice on the merits of:

(i) ...

(ii)...

(3) If the scope of appointment covers, in relation to a *contract of insurance, dealing in investments as agent, arranging, assisting in the administration and performance of a contract of insurance or advising on investments*, regulation 3(4) of the *Appointed Representatives Regulations* makes it a requirement that the contract between the *firm* and the *appointed representative* contains a provision providing that the *appointed representative* is not permitted or required to carry on such business unless he is included in the *Register* as carrying on *insurance mediation activities*.

...

12.5.6B G ...

12.5.6C G As SUP 12.5.6A R does not apply to *non-investment insurance contracts*, there are no restrictions on the number of *principals* an *appointed representative* may have in relation to those contracts.

...

## 12.6 Continuing obligations of firms with appointed representatives

Suitability etc. of appointed representatives

12.6.1R If at any time a *firm* has reasonable grounds to believe that the conditions in SUP 12.4.2R, ~~or~~ SUP 12.4.6R or SUP 12.4.8A R (as applicable) are not satisfied, or are likely not to be satisfied, in relation to any of its *appointed representatives*, the *firm* must:

...

Appointed representatives not to hold client money

12.6.5R (1) A *firm* must not permit an *appointed representative* to hold *client money* unless the *firm* is an *insurance intermediary* acting in accordance with CASS 5.5.18R to CASS 5.5.23R (which include provision for periodic segregation and reconciliation).

(2) The *firm* must take reasonable steps to ensure that if *client money* is received by the *appointed representative*, it is paid into a *client bank account* of the *firm*, or forwarded to the *firm*, in accordance with: ~~COB 9.3.49R to COB 9.3.51R.~~

(a) CASS 4.3.15R to CASS 4.3.17R; or

(b) CASS 5.5.18R to CASS 5.5.21R unless acting in accordance with CASS 5.5.23R (Periodic segregation and reconciliation).

Regulated activities and investment services outside the scope of appointment

12.6.6 R

A *firm* must take reasonable steps to ensure that each of its *appointed representatives*:

...

(2) carries on the *regulated activities* for which the *firm* has accepted responsibility in a way which is, and is held out as being, clearly distinct from any of the *appointed representative's* other business:

(a) ...

(b) which:

(i) is, or is held out as being, primarily for the purposes of investment or obtaining credit, or obtaining insurance cover; and

(ii) ....

...

Obligations of firms under the approved persons regime

12.6.8G

(1) ...

(a) ...

(b) although the *customer functions* (other than the *investment manager function*) apply to an *appointed representative*, the descriptions of the functions themselves do not extend to *insurance mediation activity* or *mortgage mediation activity*; and

(c) ...

(2) The *approved persons* regime applies differently to an *appointed representative* whose scope of appointment includes *insurance mediation activity* in relation to *non-investment insurance contracts* but no other *regulated activity* and whose principal purpose is to carry on activities other than *regulated activities*. These *appointed representatives* need only one person performing one of the governing functions. This means that only one *director* (or equivalent) of these *appointed representatives* must be approved under section 59 of the *Act* for the performance of the *director function*, the *chief executive function*, the *partner function* or the *director of unincorporated association function*, whichever is the most appropriate (see SUP 10.1.16A R and SUP 10.1.17G(3)).

...

## 12.7 Notification requirements

### Notification of appointment of an appointed representative

- 12.7.1 R
- (1) A *firm* which appoints an *appointed representative* must give written notice of the appointment to the *FSA*;
- (a) if the appointment covers *insurance mediation activities* and the *appointed representative* is not included on the *Register* as carrying on such *activities* in another capacity before (see *SUP 12.4.9G*); or
- (b) (otherwise) not more than ten *business days* after ~~the date the appointment takes effect.~~ ;
- the *appointed representative* begins to carry on *regulated activities* under the contract.

(2) ...

...

12.7.2 G A *firm's* notice under *SUP 12.7.1R* should give details of the *appointed representative* and the *regulated activities* which the *firm* is, or intends to, carry on through the *appointed representative*, including:

(1) ...

...

(3) ...; and

(4) ...; and

(5) where the *appointed representative* is not an individual, the name of the individuals who are responsible for the management of the business carried on by the *appointed representative* so far as it relates to *insurance mediation activity*.

...

12.7.4G (1) *Firms* can obtain a standard notification form from either the *FSA* website at [www.fsa.gov.uk](http://www.fsa.gov.uk) or by post from the Corporate Authorisation Department Monitoring and Notifications Department.

~~(2) A *firm's* notice under *SUP 12.7.1R* should be returned to the Corporate Authorisations Division at the address below.~~

...

Notification of changes in information given to the FSA

12.7.7 R

(1) If:

- (a) the scope of appointment of an appointed representative is extended to cover insurance mediation activities for the first time;
- (b) the appointed representative is not included on the Register as carrying on insurance mediation activities in another capacity; and
- (c) the scope of appointment of an appointed representative ceases to include insurance mediation activity;

the appointed representative's principal must give written notice to the FSA of that change before the appointed representative begins to carry on insurance mediation activities under the contract (see SUP 12.4.9G).

(+ 2) A firm must give written notice to the FSA of a any other change in any information provided to the FSA under SUP 12.7.1R, within ten *business days* of a the change being made or, if later, as soon as it becomes aware of the change. The notice must state the information that has changed.

(2 3) A firm's notification under (1) and (2) must be given to a member of or addressed for the attention of the Monitoring and Notifications Department ~~Corporate Authorisation department~~ at the address given in SUP 12.5.7R.

Notification of changes in conditions of appointment

12.7.8R

(1) A firm must give written notice to the FSA as soon as it has reasonable grounds to believe that any of the conditions in SUP 12.4.2R, ~~or SUP 12.4.6R~~ or SUP 12.4.8A R (as applicable) are not satisfied, or are likely not to be satisfied, in relation to any of its *appointed representatives*.

...

...

12.8.4 G

...

Removal of an appointed representative from the Register

12.8.5 G

The FSA has the power to remove from the Register an appointed representative, whose scope of appointment covers insurance mediation activities (see SUP 12.4.9G and SUP 12.4.10G).

(1) ...

...

(17) ...; ~~and~~

(18) ...; ~~and~~

(19) not to include, or to remove, an appointed representative from the Register, or to refuse an application to revoke such a determination.

### Amendments to the Glossary

Insert the following new definition in the appropriate alphabetical position.

*relevant investment* (in accordance with article 3(1) of the *Regulated Activities Order* (Interpretation)):

- (a) a *contractually based investment*;
- (b) a *pure protection contract*;
- (c) a *general insurance contract*;
- (d) rights to or interests in an *investment* falling within (a).

Amend the following definition as shown. Underlining indicates new text and striking through indicated deleted text.

*making arrangements with a view to transactions in investments* the *regulated activity*, specified in article 25(2) of the *Regulated Activities Order*, which is in summary: making arrangements with a view to a *person* who participates in the arrangements *buying, selling*, subscribing for or underwriting any of the following *investments* (whether as principal or as agent):

- (a) a *designated investment*;
- (b) a *funeral plan contract*;
- (c) the *underwriting capacity of a Lloyd's syndicate*;
- (d) *membership of a Lloyd's syndicate*;
- (e) *rights to or interests in investments* in (b), (c) or (d);
- (f) a *pure protection contract*;
- (g) a *general insurance contract*.

## ADDENDUM

### APPOINTED REPRESENTATIVES INSTRUMENT 2004

Annex A of this instrument is amended by the substitution of 9B for 9A in column 1 of SUP Transitional provisions, Table 2. In this Addendum, underlining indicates new text and striking through indicates deleted text.

15 January 2004

## Annex A

### Amendments to the Supervision manual

In this Annex, underlining indicates new text and striking through indicates deleted text.

16.7.12R Table: Financial reports from a bank established outside the EEA (see SUP 16.7.11R):

Content of report	Form (Note)	Frequency	Due date
<u>Annual report and audited accounts, in English</u>	<u>N/A</u>	<u>Annually</u>	<u>9 months after the firm's accounting reference date</u>
...			

#### Method of submission

16.7.13R A bank, other than an EEA bank with permission for cross-border services only, must submit the reports described in SUP 16.7.8R, SUP 16.7.10R and SUP 16.7.12R to the following

(1) ...

...

16.7.15R ~~Electronic submission to the Bank of England~~

A bank must submit the reports referred to in SUP 16.7.13R(1) either:

- (1) on paper by post, or by hand delivery to the Bank of England on any business day between 9am and 5pm; or
- (2) in electronic format using the specifications for the Bank of England Reporting System and sent either:
  - (a) by the AT&T Global Network to one of the addresses specified in the above specification; ~~or~~
  - (b) by e-mail to mfsd\_beers@bofe.co.uk; or
  - (c) on computer diskette but to paper reporting deadlines by post, or by hand delivery to the Bank of England on any business day between 9am and 5pm.

...

16.7.19R A building society must submit the reports in SUP 16.7.17R (other than the “analysis of interest rate gap”) either:

- (1) by means of the Remote Data Entry system supplied by the FSA (and previously the Building Societies Commission); or, should

this be inoperable.

- (2) by post or fax to the address in *SUP* 16.3.10R using:
- (a) the pre-printed forms supplied by the FSA for that purpose  
the corresponding forms available from the FSA's website;  
or
  - (b) its own version of the *FSA's* specified forms, provided that the version is equivalent in terms of content and layout.

Notwithstanding a paper submission in accordance with (2), once the Remote Data Entry system is operable again, the reports must be submitted by its means.

...

Analysis of Profits, Large Exposures and Certain Other Miscellaneous Information (Form B7)

...

## **1.6 Other operating income**

...

Investment securities are defined as securities intended for use on a continuing basis in the activities of the bank, but securities should not be treated as investment securities unless they are held for identified purpose and the securities held are clearly identifiable. From March 2004, no further breakdown of this figure is needed. ~~Amounts within other operating income that represent more than 5% of the total income figure (item 1) should be entered in items 1.6A, 1.6B and 1.6C in descending order of size. Ignore further items if there are more than three breaking the 5% limit.~~

...

## **2.7 Other operating charges**

Include here those items of expenditure which do not fall within items 2.1 to 2.56. No further breakdown of this figure is needed from March 2004. ~~Amounts within other operating charges which represent more than 5% of the total expenditure figure (item 2) should be entered in items 2.7A, 2.7B and 2.7C in descending order of size. Ignore further items if there are more than three breaking the 5% limit.~~

...

## **LARGE EXPOSURES**

### **11 Twenty largest exposures to banks and building societies**

From March 2004, this item should not be completed. ~~List in descending order of magnitude (ie the largest exposure first) the twenty largest credit exposures to banks and building societies. The listing should commence on line 11A. Each large exposure should only be~~

reported once, at the top level. The total of each column of the large exposures should be entered on the first line.

For the definitions of exposures and counterparties which should be used (see SGN9 to SGN13), for banks, see SGN20 (excluding investment firms).

Exposures of up to and including 1 year remaining maturity at the reporting date should be reported in column 4.

For interest rate and foreign exchange rate contracts, the amounts at risk should be reported as the “credit equivalent amount” using the same basis of valuation as in item 9.

## 12 Twenty largest exposures to other counterparties

From March 2004, this item should not be completed. List in descending order of magnitude (ie the largest exposure first) the twenty largest credit exposures to counterparties other than those covered in item 11 (both UK and overseas). Include the non-bank private sector, central banks, international organisations (including regional development banks and the Bank for International Settlements (BIS)), and the UK and overseas public sectors. The listing should commence on line 12A. Each large exposure should only be reported once, at the top level. The total of each column of the large exposures should be entered on the first line.

See SGN9 to SGN13, SGN18, SGN20 to SGN23.

Exposures of up to and including 1 year remaining maturity at the reporting date should be reported in column 4.

For interest rate and foreign exchange rate contracts, the amounts at risk should be reported as the “credit equivalent amount” using the same basis of valuation as in item 9.

Exposures should be valued in accordance with the Supervisory Guidance Notes, except that, in the circumstances below, the exposure should be measured as less than the nominal exposure. In reporting large exposures, credit balances should not be offset against debit balances unless consistent with Chapter NE (Collateral and netting) of the FSA Banking Supervisory Policy Guide or the Interim Prudential Sourcebook for Banks, whichever is current at the reporting date.

### Underwriting commitments

The exposure arising from underwriting commitments should be taken as the full amount of the sum underwritten, less amounts of the issue which the reporting bank has sub-underwritten with, or sold to, another counterparty.

...

## **BSD3 REPORTING INSTRUCTIONS**

...

### **SECTION A: BANKING BOOK**

...

#### **A330 Encumbered assets**

List in these lines any assets not freely available to meet the claims of the generality of creditors in a liquidation of the reporting institution because they are subject to charge, pledge or other restriction.

~~From March 2004, no further breakdown is needed for this item. So items A330.1 and A 330.2 should be zero. Under item A330.1, list the assets and the item number (indicating whether in the Banking Book or Trading Book) within the return to which they refer, which have been given as security in connection with the reporting institution's participation in a payments/settlements system such as CREST or Euroclear. The particular payments/settlements system should be listed with the liabilities being secured at the reporting date recorded under column 1. For the purposes of detailing the total amount of assets securing liabilities, assets pledged in excess of the actual liability to individual systems at the reporting date should not be reported.~~

~~Under item A330.2, list the assets and the item number on the return to which they refer, which have been given as security to secure the reporting institution's other liabilities (for example, property which has been mortgaged and hire purchase agreements pledged as collateral). Assets reported should exclude any element of unearned finance charges.~~

~~Total liabilities being secured at the reporting date (item A330, column 1) should equal the sum of items A330.1 and A330.2 below. Total assets at the reporting date securing liabilities reported in column 1 (item A330, column 2) will not necessarily equal the sum of items A330.1 and A330.2 below as any asset which is securing more than one creditor should not be double counted in the total.~~

...

#### **A790 Subordinated term debt**

...

~~Dated preference shares and subordinated, unsecured loan stocks of over 5 years' original maturity issued by the reporting institution should be shown after amortisation in item A790.2. From March 2004, no further breakdown of this figure is needed. So items A790.21 and A790.22 should be zero.The amount shown in item A790.2 should be further divided between items A790.21 and A790.22 as necessary in the relevant sub-total boxes. The amount of principal outstanding before amortisation should also be entered in the sub-total boxes in the "amount" column in the currency of repayment, which should be entered in the "currency" column. The "sterling equivalent" is then this amount converted to sterling at the current exchange rate for the currency concerned on the day of the report unless, via a subordinated swap or some other hedging mechanism that is an integral part of the original~~

~~preference share or subordinated loan stock agreement, the exchange rate has effectively been fixed – in which case that fixed rate may with be used. The reporting institution should obtain the FSA’s agreement before doing this.~~

~~Individual stocks which are repayable in full on maturity should be listed in item A790.21 in lines a to e. Where there are more than five stocks issued (ie a to e) annotate the form “see attached list” in this section and attach a full list of such stocks. The amounts to be reported after amortisation are shown below and relate to the period between the date of the return and maturity date:~~

<u>Years to maturity</u>	<u>Amortised amount</u>
<del>more than 4</del>	<del>100% of nominal</del>
<del>less than and including 4 but more than 3</del>	<del>80% of nominal</del>
<del>less than and including 3 but more than 2</del>	<del>60% of nominal</del>
<del>less than and including 2 but more than 1</del>	<del>40% of nominal</del>
<del>less than and including 1</del>	<del>20% of nominal</del>

~~The amount of subordinated, unsecured loan stock should be multiplied by the amortisation values shown above. In the case of optional repayment dates the longest date should be used to determine the final maturity if the exercise of the option lies with the issuer, and the shortest date if with investors.~~

~~Report in item A790.22 in lines a to h the original outstanding value of individual stocks which are repayable in instalments. Where banks have more than 10 such holdings, they may aggregate the smallest holdings (by value) and record the total under A190.21j and A790.22j. The amortised amount shown should be agreed with the FSA.~~

...

## **BSD3-SECTION B: TRADING BOOK FOR SOLO BANK AND LINE BY LINE CONSOLIDATED ENTITIES**

...

### **APPENDIX B-IV: COUNTERPARTY RISK ON REPOS AND REVERSE REPOS**

...

#### **Counterparty Risk On Documented Repos/Reverse Repos**

...

~~When completing Lines 60 to 90 and Lines 110 to 140, it should be assumed that each individual repo or reverse repo cannot be over collateralised in the absence of netting any over-collateralisation should be shown. However, ~~Regarding regarding~~ repos (lines 60 to 90): if collateral held is worth more than 100% of the market value of the securities sold or lent, then ~~the reported value of the collateral on that deal should be the same as the market value of the securities~~ the figure reported as the amount at risk in Column 3 should be the higher of zero or the excess of Column 1 over Column 2. Excess collateral held for a repo with one counterparty should not offset a shortfall in collateral held for another repo with the same counterparty or another counterparty. Regarding reverse repos (lines 110 to 140): if the market value of securities bought or borrowed on a reverse repo is more than 100% of the~~

market value of the collateral given, ~~the reported value of the securities on that deal should be the same as the market value of the collateral~~ the figure reported as the amount at risk in Column 3 should be the higher of zero or the excess of column 1 over column 2. Excess securities received under a reverse repo with one counterparty should not offset a shortfall in securities received under another reverse repo with the same counterparty or another counterparty.

...

In ~~both~~ all cases, Column 3 should be Column 1 minus Column 2 (or zero, in the case of items 60 to 90 and 110 to 140 if that is greater). The weighted amount in Column 5 should be the multiple of the amount at risk (Column 3) and the Weight (Column 4). Item 100 is the sum of the Weighted Amount (Column 5) in rows 60 to 90. Item 150 is the sum of the Weighted Amount (Column 5) in rows 110 to 140.

...

## **BSD SECTION C – CONSOLIDATION VIA AGGREGATION PLUS INTO THE TRADING BOOK**

...

### **Column B ~~Trigger~~ Individual capital ratio applied**

Where the *FSA*'s requirements are applied, the ~~trigger~~ individual capital ratio applied should be the consolidated Trading Book ~~trigger ratio~~ individual capital ratio. The ratio (ie percentage rounded to 2 decimal places) should be multiplied by 100 and reported as integers (eg, a ratio of 8.50% should be reported as 850).

...

### **Column C ~~Trigger~~ Individual capital requirement**

Institutions should report here for each subsidiary the total capital requirement set by the supervisor whose rules or requirements are applied. If the *FSA* requirements are applied, the capital charges should be calculated for the subsidiary in accordance with Chapters CS (Consolidated supervision) and CO (Capital adequacy overview) of ~~the FSA Policy Guide~~ *IPRU(BANK)* and should be scaled up (ie the capital charge divided by 8% and multiplied by the ~~trigger~~ individual capital ratio) by the institution's consolidated Trading Book ~~trigger~~ individual capital ratio.

If another (CAD-equivalent) supervisor's rules are applied, the capital requirement is the amount set by that supervisor. *FSA*'s consolidated Trading Book ~~trigger~~ individual capital ratio should not be applied.

...

### **Column L Target capital requirement**

For banks which have been set a Trading Book individual capital requirement, this column should equal Column C. Report here the capital requirement when the target ratio is applied. Where the *FSA* requirements are applied to a subsidiary, the capital requirements reported in Column C should be multiplied by the consolidated Trading Book target ratio and divided by the consolidated Trading Book ~~trigger~~ individual capital ratio. Capital requirements for subsidiaries consolidated using local regulators' rules need not be scaled up.

...

### **BSD3 SECTION D: CAPITAL ADEQUACY SUMMARY**

...

#### **D50 Banking Book ~~trigger~~ individual capital ratio**

This item equals the Banking Book ~~trigger~~ individual capital ratio (formerly the trigger ratio) set by the *FSA*. The ratio (ie percentage rounded to 2 decimal places) should be multiplied by 100 and reported as integers (eg, a ratio of 10.5% should be reported as 1050).

#### **D60 Banking Book target ratio**

Where an institution has had an individual capital ratio set by the *FSA*, this box should be left blank (ie zero). Prior to the introduction of individual capital ratios, ~~This~~ this item equals equalled the Banking Book target ratio set by the *FSA*. The ratio (ie percentage rounded to 2 decimal places) ~~should be~~ was multiplied by 100 and reported as integers (eg, a ratio of 12% should be reported as 1200).

...

#### **D140 Trading Book ~~trigger~~ individual capital ratio**

This is the Trading Book individual capital ~~trigger~~ ratio set by the *FSA* for CAD banks. The ratio (ie percentage rounded to 2 decimal places) should be multiplied by 100 and reported as integers (eg, a ratio of 11% should be reported as 1100).

#### **D150 Trading Book target ratio**

Where an institution has a Trading Book individual capital ~~This is the Trading Book target~~ ratio set by the *FSA* for CAD banks, this box should be left blank (ie zero). Prior to the introduction of Trading Book individual capital ratios, this item equalled the Trading Book target ratio set by the *FSA*. The ratio (ie percentage rounded to 2 decimal places) ~~should be~~ was multiplied by 100 and reported as integers (eg, a ratio of 11.50% should be reported as 1150).

...

#### **D530 ~~Trigger~~ Individual capital adequacy ratio**

This is the institution's capital adequacy relative to its individual capital ~~trigger~~ requirements. It is the ratio of the institution's adjusted capital base to its supervisory capital requirement according to the ~~trigger~~ individual capital ratios set by the *FSA* (or by the local regulator for entities consolidated using the aggregation plus methodology). The ratio is expressed as a percentage: an institution with a trigger an individual capital adequacy ratio less than 100 has insufficient capital to meet its regulatory requirements and it should contact its line supervisor immediately. This item should equal (item D490 multiplied by 100) and divided by item D500.

...

#### **D540 Target capital adequacy ratio**

~~This is the institution's capital adequacy relative to its supervisory target capital requirements. It is the ratio of the institution's adjusted capital base to its supervisory capital requirement according to the target ratios set by the *FSA*. The ratio is~~

expressed as a percentage: an institution with a target capital adequacy ratio less than 100 has insufficient capital to meet its regulatory requirements and it should contact its line supervisor immediately. This item should equal item D490 multiplied by 100 and divided by the sum of (item D70 multiplied by item D60/1000, item D150 divided by item D140 and multiplied by items [D220 plus D250], and item C30 column L).

The ratio (ie percentage rounded to 2 decimal places) should be multiplied by 100 and reported as integers (eg, a ratio of 105.35% should be reported as 110535).

For institutions where an individual capital ratio has been set by the FSA this item, like items D60 and D150, should be left blank (ie be zero).

...

## LIQUIDITY RETURN (FORM LR)

...

### D1F Total deposits

...

(f) All other issues of commercial paper and medium term notes, bonds, FRNs and other instruments, with the exception of subordinated loan capital of over two years' original maturity;

~~(g) Working capital provided by non-resident offices of the reporting institution.~~

~~Exclude any certificates of deposit which the reporting institution holds which it itself has issued;~~

~~(a) Any certificates of deposit which the reporting institution holds which it itself has issued;~~

~~(b) Working capital provided by non-resident offices of the reporting institution.~~

...

## M1 REPORTING INSTRUCTIONS

...

### 80 Holdings in excess of 10% of other credit and financial institutions' capital

~~This is the value of all holdings in List all credit and financial institutions in which the reporting institution has direct or indirect holdings which amount to more than 10% of the acquired institutions' capital; this the calculations may be based on information contained in public financial statements. Identify both the total value of the holdings and the amount by which they exceed 10% of the other credit or financial institutions' capital. Details of individual holdings are not needed from March 2004. Where banks have more than 10 such holdings, they may aggregate the smallest holdings (by value) and record the total under 80.10.~~

...

### 140 Five largest holdings in credit and financial institutions, at reporting date

~~From March 2004, this item should be zero, as no details are needed thereafter. Include the five largest holdings (taking direct and indirect together) in credit and financial institutions, ranked by the value of holdings. Include holdings taken in the Banking and Trading Books. Include the name of the credit and financial institution and the book value of the reporting institution's holding. Banks may agree a de minimis reporting level with their line supervisor.~~

...

...

### INTERNAL VALIDATIONS

Ref no	Item numbers	
3	80	= 80.01E + 80.02 E+ 80.03E + 80.04 E + 80.05E + 80.06E + 80.07E + 80.08E + 80.09E + 80.10E <u>Removed March 2004</u>
6	130	= <del>70-70.4-100</del> <u>Replaced by validation 13, March 2004</u>
13	130	= <u>70-70.4-110 From March 2004</u>

### Supervisory Guidance Notes (SGN)

...

3 The reporting dates for the various supervisory returns are set out on the front of the individual forms and are summarised below. The reporting schedule for January 2001 to December 2001 is contained in Appendix I detailed in SUP 16.7.

Frequency	Report	Reporting dates	Basis of reporting
Monthly	SLR1	Second Wednesday	Consolidated (unless agreed otherwise), UK banks
Quarterly	BSD3, M1	End calendar quarters, or at dates coinciding with the financial year end	Unconsolidated or solo consolidated, UK banks
	LE2	End calendar quarters, or at dates coinciding with the financial year end	Unconsolidated or solo consolidated and consolidated, UK banks
	LR	End February, May, August and November for Form BT monthly reporter, or end calendar quarters for Form BT quarterly reporter	Unconsolidated including any overseas branches or solo consolidated if capital and large exposures are reported on a solo-consolidated basis

(UK banks), or  
business conducted  
by EEA banks and  
banks established  
outside the EEA

Half yearly	<del>BSD3, M1</del>	<del>End June and December, or at dates coinciding with the financial year end</del>	<del>Consolidated, UK banks</del>
	B7	End June and December, or at dates coinciding with accounting periods	UK branches of banks incorporated outside the EEA <sup>1</sup> (banks established outside the EEA)

Footnote 1 ~~The EEA comprises the European Union and Norway, Iceland and Liechtenstein.~~

Note: As a consequence of removing this footnote, all subsequent footnotes in the Supervisory Reporting Notes will be renumbered.

## Appendix G

---

Eligible banks (banks whose acceptances are eligible for discount at the Bank of England)

An up-to-date list of eligible banks is available from the Bank of England's Internet site on [www.bankofengland.co.uk/markets/money/eligiblebanks.htm](http://www.bankofengland.co.uk/markets/money/eligiblebanks.htm).

~~This list (21 May 2001) is issued by the Bank of England.~~

~~An institution's appearance on the list should not be misconstrued as evidence that it is qualitatively different in terms of financial soundness, standards of conduct or otherwise, from institutions which are not included on the list. The inclusion of an institution on this list does not mean that the Bank of England in any way guarantees its obligations.~~

## Appendix I

### REPORTING SCHEDULE FOR SUPERVISORY RETURNS 2001

- ~~This schedule covers the period from **January 2001 to December 2001**. Not all the forms listed may be required from every reporting institution. The most common exceptions are covered in the footnotes. Individual reporting institutions which have been requested specifically by the FSA not to complete certain forms, or complete them less frequently or at different days from those shown below, should continue to follow their special arrangements.~~
- ~~The submission of these forms is covered by the rules and guidance set out in *SUP 16.7.7R*—*SUP 16.7.15R*. Failure to submit a report in accordance with the rules in *SUP* Chapter 16 may lead to the imposition of a financial penalty and other disciplinary actions (see ENF 13.5) once the Financial Services and Markets Act 2001 comes into force.~~
- ~~**Institutions should note that the due dates set out below are based on the Bank Holidays applicable in England. The due dates should be adjusted to take account of local Bank Holidays (but not Public Holidays) and any waivers or concessions agreed with the FSA.** Reporting institutions should telephone their regular supervisor in the FSA in advance of any difficulty they may have in meeting a deadline.~~
- ~~Banks with any questions on this reporting schedule may also ring Financial Risk Analysis and Monitoring Unit, FSA on 020 7676 0660.~~

For footnotes, see over.

1. Form SLR1 should also be completed for any exception during the month. These exception reports should be submitted directly to your supervisor (and not the Bank of England).
2. Until notified by the FSA, these returns should be sent direct to your supervisor.
3. Forms BSD3 and M1 apply only to UK banks. They may be submitted alternatively on a different quarterly cycle to coincide with a reporting institution's accounting year end. Institutions wishing to report at dates which coincide with the financial year end should agree this with the FSA. For institutions reporting on an unconsolidated / solo consolidated basis, these forms must be completed within 10 business days of the reporting date (12 business days if reported electronically). Institutions reporting on a consolidated basis are required to submit Forms BSD3 and M1 at the reporting group's accounting year end and half year end. The consolidated forms must be returned within 20 business days of the reporting date (22 business days for electronic reporters).
4. Form M1 applies only to market makers holding loan capital issued by banks and non resident banks. These reporting institutions are required to submit Form M1 in conjunction with Form BSD3.

- ~~5. Form B7 applies only to UK branches of banks established outside the EEA. Banks may complete Form B7 at dates coinciding with their accounting year end: this should be agreed with the FSA.~~
- ~~6. Form LE2 applies only to UK banks. Those banks which complete Form LE2 on an unconsolidated basis should report at dates which coincide with Form BSD3. The form must be completed within 10 business days of the reporting date on an unconsolidated / solo consolidated basis, or 20 business days when completed on a consolidated basis.~~
- ~~7. Banks (other than those which report to the Bank of England on Form BT quarterly), should complete the Form LR as at end February, May, August and November. For those banks reporting to the Bank of England on Form BT quarterly, Form LR should be completed at end March, June, September and December.~~
- ~~8. These returns should be sent direct to your supervisor unless the FSA has requested otherwise.~~
- ~~9. Forms BSD3 and M1 apply only to UK banks. They may be submitted alternatively on a different quarterly cycle to coincide with a reporting institution's accounting year end. Institutions wishing to report at dates which coincide with the financial year end should agree this with the FSA. For institutions reporting on an unconsolidated / solo consolidated basis, these forms must be completed within 10 business days of the reporting date (12 business days if reported electronically). Institutions reporting on a consolidated basis are required to submit Forms BSD3 and M1 at the reporting group's accounting year end and half year end. The consolidated forms must be returned within 20 business days of the reporting date (22 business days for electronic reporters).~~
- ~~10. Form M1 applies only to UK banks which have been granted a trading book concession, or have qualifying holdings in non financial companies. These reporting institutions are required to submit Form M1 in conjunction with Form BSD3.~~

SUP 16.7 sets out the submission times allowed for the various reports required from banks.

## **Annex B**

### **Amendments to the Supervision manual**

In SUP16 Annex 1R, make the following changes.

In Form BSD3, amend pages 1, 42, 44 and 46 as shown.

 Unconsolidated  Solo consolidated  Consolidated

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.3R require an authorised person to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. SUP 16.3.10R requires an authorised person to submit reports containing all the information required. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. Any additional information of relevance should be provided by letter direct to the FSA.

I confirm the information in this form is accurate and complete to the best of my knowledge and belief and that I have read the Guidance Notes to this form.

Name: \_\_\_\_\_ Position held: \_\_\_\_\_

*In the event of a query, the FSA or the Bank of England may, in the first instance, contact (block letters please)*

Tel No \_\_\_\_\_ Ext \_\_\_\_\_

**Notes on Completion**

- 1 If you have any difficulty in completing this return, please telephone your normal supervisory contact at the FSA for guidance.
- 2 Complete the return quarterly on an unconsolidated/solo consolidated basis as at end of March, June, September and December. Institutions wishing to report at dates which coincide with the financial year end should apply to the FSA for a waiver (see SUP 8).
- 3 Complete the return half-yearly on a consolidated basis as at end of June and December. Institutions wishing to report at dates which coincide with the financial year end should apply to the FSA for a waiver (see SUP 8).
- 4 Enter amounts to the nearest thousands omitting £000s/€000s. Calculated amounts should be rounded to the nearest thousands, or two decimal places as appropriate.
- 5 For definitions of items, refer to the Guidance Notes
- 6 To assist with the scanning process, please enter all data neatly within the relevant boxes and do not enter the % symbol in any boxes on this return.
- 7 Submit within 10 business days for unconsolidated/solo consolidated returns and 20 business days for consolidated returns or 12 and 22 business days respectively for those institutions reporting electronically to:

**The Financial Services Authority  
 c/o Monetary and Financial Statistics Division  
 Domestic Banking Statistics (HO-4)  
 Bank of England  
 Threadneedle Street  
 London EC2R 8AH**

- 8 Returns may also be delivered to the Works Gate at the Lothbury entrance of the Bank of England between 9.00am and 5.00pm, Monday to Friday. Envelopes should be clearly addressed as above.

Unconsolidated  Solo consolidated  Consolidated

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.3R require an authorised person to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. SUP 16.3.10R requires an authorised person to submit reports containing all the information required. Contravention of these requirements may lead to disciplinary sanctions or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. Any additional information of relevance should be provided by letter direct to the FSA.

I confirm the information in this form is accurate and complete to the best of my knowledge and belief and that I have read the Guidance Notes to this form.

Signature of authorised signatory: \_\_\_\_\_ Date: \_\_\_\_\_

Name: \_\_\_\_\_ Position held: \_\_\_\_\_

*In the event of a query, the FSA or the Bank of England may, in the first instance, contact (block letters please)*

Tel No \_\_\_\_\_ Ext \_\_\_\_\_

## Notes on Completion

- 1 If you have any difficulty in completing this return, please telephone your normal supervisory contact at the FSA for guidance.
- 2 Complete the return quarterly on an unconsolidated/solo consolidated basis as at end of March, June, September and December. Institutions wishing to report at dates which coincide with the financial year end should apply to the FSA for a waiver (SUP 8).
- 3 Complete the return half-yearly on a consolidated basis as at end of June and December. Institutions wishing to report at dates which coincide with the financial year end should apply to the FSA for a waiver (SUP 8).
- 4 Enter amounts to the nearest thousands omitting £000s/€000s. Calculated amounts should be rounded to the nearest thousands, or two decimal places as appropriate.
- 5 For definitions of items, refer to the Guidance Notes
- 6 To assist with the scanning process, please enter all data neatly within the relevant boxes and do not enter the % symbol in any boxes on this return.
- 7 Submit within 10 business days for unconsolidated/solo consolidated returns and 20 business days for consolidated returns or 12 and 22 business days respectively for those institutions reporting electronically to:

**The Financial Services Authority**  
**c/o Monetary and Financial Statistics Division**  
**Domestic Banking Statistics (HO-4)**  
**Bank of England**  
**Threadneedle Street**  
**London EC2R 8AH**

- 8 Returns may also be delivered to the Works Gate at the Lothbury entrance of the Bank of England between 9.00am and 5.00pm, Monday to Friday. Envelopes should be clearly addressed as above.

FSA use only	Logged in	Data entered
--------------	-----------	--------------

March 2004

\* For unconsolidated/solo-consolidated entities, this should be the FSA firm reference number. For consolidated reports, this will be the FSA firm reference number of the institution on whom the requirement to report has been placed. This box must be filled in by all reporters (SUP 16.3.7R).

A1 Please tick if completion in Euros .....

51.11			
51.12			

52.0 Five largest daily losses over last reporting period:

	Date (dd / mm / yyyy)	VaR measure (note 1) (000s)	Actual loss (note 2) (000s)
52.1			
52.2			
52.3			
52.4			
52.5			

53.0 Five largest backtesting VaRs<sup>1</sup> over last reporting period:

	Date (dd / mm / yyyy)	VaR measure (note 1) (000s)	Actual loss (note 2) (000s)
53.1			
53.2			
53.3			
53.4			
53.5			

Note 1. The VaR measure for backtesting purposes should be calibrated to a one-day holding period and a 99% one-tailed confidence limit.

Note 2 Actual profit/loss is the day's actual P&L arising from trading activities within the scope of the model.

**Backtesting on portfolios for specific risk**

60 Number of backtesting exceptions on interest rate portfolio in last reporting period .....

60.1 Exceptions reported during last reporting period:

	Date (dd / mm / yyyy)		VaR measure (note 3) (000s)		Actual loss (note 4) (000s)
60.11		/			
60.12		/			
60.13		/			
60.14		/			
60.15		/			
60.16		/			
60.17		/			
60.18		/			
60.19		/			
60.20		/			
60.21		/			
60.22		/			

If the reporting institution conducts backtesting on a sub-portfolio level, this should be repeated for each sub-portfolio that is subject to interest rate specific risk

70 Number of backtesting exceptions on equities portfolio in last reporting period .....

70.1 Exceptions reported during last reporting period:

	Date (dd / mm / yyyy)		VaR measure (note 3) (000s)		Actual loss (note 4) (000s)
70.11		/			
70.12		/			
70.13		/			
70.14		/			
70.15		/			
70.16		/			
70.17		/			
70.18		/			
70.19		/			
70.20		/			
70.21		/			
70.22		/			

If the reporting institution conducts backtesting on a sub-portfolio level, this should be repeated for each sub-portfolio that is subject to interest rate specific risk

Note 3 This is the VaR measure (99% confidence limit, one-day holding period) related to specific risk on the sub-portfolio.

Note 4 This is the actual loss related to specific risk on the sub-portfolio.

## APPENDIX B-X: EXPOSURES COLLATERALISED/GUARANTEED/NETTED

This return records the adjustments made by the reporting institution in respect of exposures collateralised or guaranteed or netting, where the collateral/guarantee has been used to reduce the risk weight coefficient of the underlying asset, eg show the amounts in column 3 transferred from item B40.4 (100% weight) to item B40.1 (0% weight).

## SECTION D - CAPITAL ADEQUACY SUMMARY

### CAPITAL BASE

000s

D10	Tier 1 (A550) .....	D10
D20	Eligible Tier 2 (A630) .....	D20
D30	Eligible Tier 3 (A638) .....	D30
D40	TOTAL ELIGIBLE CAPITAL (D10 to D30) .....	D40

### BANKING BOOK CAPITAL REQUIREMENTS/RISK WEIGHTED ASSETS

D50	Banking Book Individual Capital Ratio ( % multiplied by 100, ie input as integers) .....	D50
D60	Banking Book Target Ratio ( % multiplied by 100, ie input as integers) .....	D60
D70	Total Banking Book Risk Weighted Assets by risk weighting bands:..... by weighting bands:	D70
D70.1	Risk weighted at 0%.....	D70.1
D70.2	Risk weighted at 10%.....	D70.2
D70.3	Risk weighted at 20%.....	D70.3
D70.4	Risk weighted at 50%.....	D70.4
D70.5	Risk weighted at 100%.....	D70.5
D70.6	Items A452, A472 and A474 of Section A.....	D70.6
D80	<b>Banking Book Capital Requirements</b> .....	D80

### CAPITAL ALLOCATED TO THE BANKING BOOK

D90	Tier 1 capital.....	D90
D100	Eligible Tier 2 capital.....	D100
D110	Total capital allocated to the Banking Book (items D90 + D100) .....	D110

### TRADING BOOK CAPITAL REQUIREMENT/NOTIONAL RISK WEIGHTED ASSETS

D120	Exempt from CAD capital requirements at reporting date ? (please tick if yes) .....	Yes	<input type="checkbox"/>
D130	If yes, number of days over threshold in reporting period .....		<input type="text"/>
D140	Trading Book Individual Capital Ratio ( % multiplied by 100, ie input as integers) .....	D140	<input type="text"/>
D150	Trading Book Target Ratio ( % multiplied by 100, ie input as integers) .....	D150	<input type="text"/>

000S

<b>Standard approach</b>		
D160	Counterparty/Settlement Risk .....	D160
D170	Incremental capital for large exposures .....	D170
D180	Foreign exchange risk .....	D180
D190	Interest Rate Position Risk.....	D190
D200	Equity Position Risk.....	D200
D210	Commodity Position Risk.....	D210
D220	Total capital requirement for trading book risks not subject to models (items D160 to D210) ....	D220
<b>Internal models approach</b>		
D230	Capital requirement for market risk.....	D230
D240	Capital surcharge for specific risk.....	D240
D250	Total capital requirement for risks subject to internal models (items D230+D240).....	D250
<b>Capital requirements for entities consolidated via aggregation plus</b>		
D260	Market Risks against which Tier 3 capital may be held.....	D260
D270	Market Risks against which Tier 3 capital may not be held.....	D270
D280	Non-Market Risk against which Tier 3 capital may be held.....	D280
D290	Non-Market Risk against which Tier 3 capital may not be held.....	D290
D300	Total capital requirement for entities consolidated via aggregation plus .....	D300
D310	<b>Total Trading Book Capital Requirements (items D220+D250+D300).....</b>	D310
D320	<b>Total Trading Book Notional Risk Weighted Assets.....</b>	D320
<b>CAPITAL ALLOCATED TO THE TRADING BOOK</b>		
D330	Tier 1 capital.....	D330
D340	Eligible Tier 2 capital.....	D340
D350	Eligible Tier 3 capital.....	D350
D360	Total capital allocated to the trading book (items D330 to D350).....	D360
<b>ELIGIBLE CAPITAL NOT USED TO SUPPORT EITHER BOOK</b>		
D370	Tier 1.....	D370
D380	Eligible Tier 2.....	D380
D390	Total excess Tier 1 and eligible Tier 2 capital before deduction.....	D390

## DEDUCTIONS

000s

D400	Investments in subsidiaries and associated companies (item A160).....	D400
D410	Connected lending of a capital nature (A280) .....	D410
D420	Off-balance sheet items of a capital nature.....	D420
D430	Investments in bank and financial firm capital (item A171).....	D430
D440	Qualifying holdings (item A180.4).....	D440
D450	Deduction plus consolidation.....	D450
D460	Other deductions.....	D460
D470	Total Deductions (items D400 to D460) .....	D470
D480	<b>OWN FUNDS</b> .....	D480
D490	<b>ADJUSTED CAPITAL BASE</b> .....	D490
D500	<b>TOTAL CAPITAL REQUIREMENTS</b> .....	D500
D510	<b>TOTAL RISK-WEIGHTED ASSETS</b> .....	D510
D520	<b>'PUBLISHED' RISK ASSET RATIO</b> ( % multiplied by 100, ie input as integers) .....	D520
D530	<b>INDIVIDUAL CAPITAL ADEQUACY RATIO</b> ( % multiplied by 100, ie input as integers) .....	D530
D540	<b>TARGET CAPITAL ADEQUACY RATIO</b> ( % multiplied by 100, ie input as integers) .....	D540

Knowingly or recklessly giving the FSA information which is false or misleading in a material particular may be a criminal offence (sections 398 and 400 of the Financial Services and Markets Act 2000). SUP 15.6.1R and SUP 15.6.3R require an authorised person to take reasonable steps to ensure the accuracy and completeness of information given to the FSA and to notify the FSA immediately if materially inaccurate information has been provided. SUP 16.3.10R requires an authorised person to submit reports containing all the information required. Contravention of these requirements may lead to disciplinary action or other enforcement action by the FSA. It should not be assumed that information is known to the FSA merely because it is in the public domain or has previously been disclosed to the FSA or another regulatory body. Any additional information of relevance should be provided by letter direct to the FSA.

I confirm the information in this form is accurate and complete to the best of my knowledge and belief and that I have read the Guidance Notes to this form.

Signature of authorised signatory: \_\_\_\_\_ Date: \_\_\_\_\_

Name: \_\_\_\_\_ Position held: \_\_\_\_\_

*In the event of a query, the FSA or the Bank of England may, in the first instance, contact (block letters please)*

Tel No \_\_\_\_\_ Ext \_\_\_\_\_

**Notes on Completion**

1. If you have any difficulty in completing this return, please telephone your normal supervisory contact at the FSA.
2. Complete the return quarterly on an unconsolidated / solo consolidated basis.
3. Monthly BT reporters should complete Form LR as at the end of February, May, August and November. Quarterly BT reporters should complete Form LR as at the end March, June, September and December.
4. Enter amounts to the nearest thousand omitting £000s/€000s.
5. For definitions of items, refer to the Guidance Notes
6. To assist with the scanning process, please enter all data neatly within the relevant boxes and do not enter the % symbol in any boxes on this return
7. Submit the form within **10 business days** or **12 business days** for those institutions reporting electronically, clearly addressed to:
 

**The Financial Services Authority**  
**c/o Monetary and Financial Statistics Division**  
**Domestic Banking Statistics (HO-4)**  
**Bank of England**  
**Threadneedle Street**  
**London EC2R 8AH**
- 8 Returns may also be delivered to the Works Gate at the Lothbury entrance of the Bank of England between 9.00am and 5.00pm, Monday to Friday. Envelopes should be clearly addressed as above.

## PART 5 (continued)

### Deposit Concentration

#### Part B: Client money and mandated accounts held

Item No	1	2	3	Item No
		Amount	Maximum amount in reporting period	
L1A	Client Money (f).....	<b>L1A02</b>	<b>L1A03</b>	L1A
L1B	Mandated accounts (g).....	<b>L1B02</b>	<b>L1B03</b>	L1B
	.			
	.			

#### Notes for completing Part 5

- a) Principal customer in the case of closely related depositors/lenders.
- b) Where an individual deposit comprises 25% or more of the total for a particular depositor / group of depositors and has a different maturity from the remainder, it should be reported separately and bracketed. Otherwise where deposits have been received with a variety of maturity dates, reporting institutions need not supply a full list of dates but may write the letter V in the first section of column 2. Where the deposit is undated, this column should be left blank.
- c) Enter the currency and not the amount. The codes used for each currency should be consistent with the international codes used for the Bank of England returns. Where an individual deposit comprises 25% or more of the total for a particular depositor/group of depositors and has a different currency from the remainder, it should be reported separately and bracketed. Otherwise, where deposits are received in a variety of currencies, reporting institutions need not supply details of each currency amount but may write the letter V in the first section of column 3. Where the deposit is in sterling, this column should be left blank.
- d) Enter the sterling (or euro amount, if appropriate) or the sterling equivalent (or euro equivalent) if the deposit/loan is in currency other than sterling (or euro).
- e) Only complete this column for deposits still outstanding at the reporting date.
- f) Funds subject to the FSA's (previously SIB's) client money regulations.
- g) Funds held in accounts operated by a Financial Services Act authorised firm under a mandate signed by the account holder.

**Notes on Completion**

- 1 If you have any difficulty in completing this return, please telephone your normal supervisory contact at the FSA.
- 2 Complete the return quarterly on an unconsolidated/solo consolidated basis in conjunction with Form BSD3.
- 3 Complete the return half-yearly on a consolidated basis in conjunction with Form BSD3.
- 4 Enter amounts to the nearest thousands omitting £000s/€000s
- 5 For definitions of items, refer to the Guidance Notes
- 6 To assist with the scanning process, please enter all data neatly within the relevant boxes and do not enter the % symbol in any boxes on this return.
- 7 Submit within 10 business days for unconsolidated/solo consolidated returns and 20 business days for consolidated returns or 12 and 22 business days respectively for those institutions reporting electronically to:
 

**The Financial Services Authority**  
**c/o Monetary and Financial Statistics Division**  
**Domestic Banking Statistics (HO-4)**  
**Bank of England**  
**Threadneedle Street**  
**London EC2R 8AH**
- 8 Returns may also be delivered to the Works Gate at the Lothbury entrance of the Bank of England between 9.00am and 5.00pm, Monday to Friday. Envelopes should be clearly addressed as above.

**CREDIT UNIONS SOURCEBOOK (AMENDMENT NO 5 AND CONSEQUENTIAL AMENDMENTS TO THE HANDBOOK) INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in or under the following sections of the Financial Services and Markets Act 2000 (“the Act”):
- (1) section 138 (General rule-making powers);
  - (2) section 156 (General supplementary powers);
  - (3) section 157(1) (Guidance)
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force as follows:
- (1) the amendments in Annex A come into force on 1 August 2004;
  - (2) CRED 14.10.8AG comes into force on 1 August 2004;
  - (3) CRED 10.3.6R comes into force on 31 October 2004;
  - (4) the remainder of this instrument comes into force on 1 March 2004.

**Amendments to the Supervision manual**

- D. The Supervision manual is amended in accordance with Annex A to this instrument.

**Amendments to the Credit Unions sourcebook**

- E. The Credit Unions sourcebook is amended in accordance with Annex B to this instrument.

**Citation**

- F. This instrument may be cited as the Credit Unions Sourcebook (Amendment No 5 and Consequential Amendments to the Handbook) Instrument 2004.

By Order of the Board  
15 January 2004

## Annex A

### Amendments to the Supervision manual

In this Annex, underlining indicates new text and striking through indicates deleted text.

SUP 16 Annex 14  
Reporting requirements

16 Ann14(2) R Annual return (CY) for credit unions

...

#### Notes to accounts

...

#### Provision for members' doubtful debt

<i>General provision</i>	Balance at beginning of year		
	...		
	<del>Written off during year</del>	(—————)	16C
	...		
<i>Specific provision</i>	Balance at beginning of year		
	...		
	Written off during year	(—————)	16H
	Decrease in year	(—————)	16J
	...		
...			

#### Auditor's statement

In my opinion, the information contained in the balance sheet and revenue account of the Annual Return ~~has been completely and accurately extracted from~~ is \* / is not \*# consistent with the audited accounts published in accordance with section 3A of the Friendly and Industrial and Provident Societies Act 1968.

\* delete as appropriate

# attach a statement detailing inconsistencies

...

SUP 16 Annex 15  
Reporting requirements

16 Ann15(2) G Notes on completing the Annual Return (CY) for credit unions

...

#### General information

The Annual Return (CY) should be completed by all *credit unions* in Great Britain at the end of their financial year. The form may be updated from time to time. Credit unions should use the form in force at the end of the financial year on which they are reporting. It should be completed using the accruals-based accounting method.

...

**Revenue account**

...

**Expenditure**

4A Admin expenses This figure should include the following expenditure items as a total figure:

- ...
- 5. Legal fees
- 6. Depreciation
- 7. Other

...

**Applications**

...

9D Rate of dividend The percentage of dividend paid on members' accounts. *Credit unions* cannot pay more than 8% dividend to members in any one financial year even if several dividends are paid. **If different rates are paid on different types of accounts these different rates should be shown in the boxes provided.**

...

**Provision for members' doubtful debts**

**General Provision**

...

16C ~~Written off in year~~ ~~The total amount of loans written off from the general bad debt provision during the financial.~~

...

**FIXED ASSETS**

17A ~~Opening net book value~~ ~~cost~~ The ~~value total amount~~ of fixed assets the *credit union* had at the end of the previous financial year.

17B ~~Additions during the year~~ ~~at cost~~ The ~~value total amount~~ of fixed assets purchased during the financial year.

17C ~~Value-Original cost of~~ ~~disposals during the year~~ The ~~value total amount~~ of fixed assets sold during the financial year, included within 17A shown at original cost. It is shown as a negative, as it reduces the total amount of fixed assets held by the *credit union*.

17D Opening depreciation Total value Amount of depreciation at the end of the previous financial year.

17E	Depreciation charge in year	Total amount of depreciation charged to <u>expenditure this financial year against assets.</u>
17F	Depreciation eliminated on disposals	Total <del>value amount taken out due to disposal</del> of <u>depreciation associated with assets disposed of during the year.</u>
17G	<u>Closing n</u> Net book value	The <del>value total amount</del> of fixed assets held by the <i>credit union</i> at the end of the financial year. This figure is the sum total of boxes <b>17A+17B-17C-17D-17E-17F</b> and match that shown in the balance sheet at <b>1A</b> .
...		
32D	Total assets	This is the same as box <b>1PM</b> on the Balance Sheet.
...		

**Auditor's statement**

This statement that the information in the Annual Return (CY) is or is not consistent with ~~has been completely and accurately extracted from~~ the annual audited accounts of the *credit union* should be completed by the *credit union's* auditor (with an attached statement detailing inconsistencies if there are any). It is important to note that the *credit union* remains responsible for the completion of the Annual Return (CY).

## Annex B

### Amendments to the Credit Unions sourcebook

In this Annex, underlining indicates new text and striking through indicates deleted text. Where an entire new section of text is being inserted the place where it goes is indicated and it is not underlined.

- 4.3.68 G The committee of management should consider the range of possible outcomes in relation to various risks. These risks are increased when a *credit union* provides ancillary services like issuing and administering means of payment and money transmission, which result, in particular, in higher liquidity and operational risks.
- ...
- 7.2.6 G (1) ...  
...  
(4) ...  
  
(5) CRED 9.3.7R(2) applies to loans between *credit unions* in relation to liquidity.
- 7.2.7 G Loans between *credit unions* should only be arranged after careful consideration by both parties. For example:
- (1) the borrower should consider the financial implications of relying on such borrowing in order to lend to members, or to finance share withdrawals; and
- (2) the lender should assess the risk of late and non-repayment arising from the borrower's own liquidity and credit risks, and keep the aggregate of its loans to other *credit unions* to a very modest level.
- Land holding
- 7.2.8 G A *credit union* may only hold land (and buildings) for the purpose of conducting its business on that land, and where it needs to do so as security for loans to members (section 12 of the Credit Unions Act 1979). This means that a *credit union* must not acquire as an investment land (and buildings) greatly in excess of its operating requirements, with the real purpose of letting out the excess.
- ...
- 7.3 Borrowing and Financial risk management
- Borrowing

7.3.1	R	<u>[Deleted]</u>
<u>7.3.1A</u>	R	<u>A credit union must not borrow from a natural person, except by subordinated loan qualifying as capital under CRED 8.2.1R(4).</u>
7.3.2	G	<u>[Deleted]</u>
<u>7.3.2A</u>	G	<u>Although section 10 of the Credit Unions Act 1979 now permits a credit union to borrow money without restriction, CRED 7.3.1AR imposes a limitation. Further explanation is given at CRED 7A.3.2 G.</u>
		<u>Borrowing</u>
...		
7A.3		<u>Deposits by persons too young to be members</u>
7A.3.1	R	(1) <u>A credit union must not accept deposits except:</u>  <ul style="list-style-type: none"> <li>(a) <u>as shares from its members who are natural persons qualifying in accordance with CRED Ann2 Table 1G 1;</u> <u>or</u></li> <li>(b) <u>from natural persons too young to be members under CRED 7A.3.1R(2); or</u></li> <li>(c) <u>as loans from persons under CRED 7.3.1AR – CRED 7.3.2AG.</u></li> </ul>
		(2) <u>A credit union must not accept take deposits exceeding the greater of £5,000 and 1.5 per cent of the total shareholdings in the credit union from a person who is under the age at which, under section 20 of the Industrial and Provident Societies 1965, he may become a member of the credit union.</u>
7A.3.2	G	(1) <u>The effect of the general prohibition in section 19 of the Act is that no person may carry on the regulated activity of accepting deposits, unless authorised or exempt.</u>  (2) <u>CRED 7.3.1AR and CRED 7A.3.1R are intended to ensure that the liberalisation of credit union borrowing (CRED 7.3.2AG) does not have the unintended effect of undermining the common bond concept (CRED 13 Ann1G) by allowing credit unions to operate deposit accounts for natural persons who do not qualify for membership.</u>  (3) <u>Section 20 of the Industrial and Provident Societies Act 1965 provides that a person above the age of 16 may be a member of a credit union, unless its rules provide to the contrary (see CRED 13 Ann2 Table1G3.</u>

- (4) CRED 13 Ann2G Table 1G3 gives guidance on the eligibility of natural persons too young to be members.
- (5) (a) A credit union is no longer required to:
- (i) hold such juvenile deposits in a fund apart from the general funds of the credit union; and
  - (ii) distribute all the interest earned on the fund (after deduction of expenses) to juvenile depositors.
- (b) A credit union may make a commercial judgement on the appropriate amount of interest to pay juvenile depositors.
- (c) These changes were made by amendment of section 9 of the Credit Unions Act 1979 by Order under section 428 of the Act. (The Financial Services and Markets Act 2000 (Consequential Amendments and Transitional Provisions) (Credit Unions) Order 2002 - SI 2002 No. 1501)

...

9.2.8 G ...

9.2.9 G When a credit union provides ancillary services such as issuing and administering means of payment and money transmission, it should take into account the potentially greater volatility of its funds when deciding what amount and composition of liquid assets is necessary to comply with CRED 9.2.1R.

...

- 9.3.7 R (1) For the purposes of CRED 9.3.2R – CRED 9.3.5R, only those assets shall count as liquid which can be realised for cash at short notice, and within at most eight days.
- (2) Amounts loaned by one credit union to another must not be counted as liquid by the lender.

...

10.2 General requirements concerning lending policy

...

10.2.6 G ...

- 10.2.6A R (1) A credit union must not make a loan to:
- (a) an officer, or other approved person; and

- (b) a relative of, or any person other wise connected with, anyone included in (1) above, on terms more favourable than those available to other members of the *credit union*.
- (2) "Relative" has the same meaning as in section 31 of the Credit Unions Act 1979.
- 10.2.7 G (1) To prevent conflicts of interest, a *A-credit union* should have clear arrangements for dealing with loans to ~~officers, staff and the persons specified in CRED 10.2.6A R~~ *connected persons* (for example, relatives and other close relationships) to prevent conflicts of interest.
- (2) In relation to staff, the prohibition in CRED 10.2.6A R applies only to those who are officers or *approved persons*.
- (3) "Connected" in CRED 10.2.6A R includes any close business or personal relationship.
- ...
- 10.2.10 G ...
- 10.2.11 G (1) A *credit union* may only make loans to:
- (a) its members who are natural *persons* qualifying in accordance with section 1(2) of the Credit Unions Act 1979 (see CRED 13 Ann2 Table 1G 1);
- (b) other *credit unions*.
- (2) A *credit union* may make a loan to a member for a business purpose. However, this does not mean that the *credit union* may make a loan to a member who merely intends to transmit that loan to another body that will actually carry out the purpose. A *credit union* should not make loans to members who are acting together to achieve an aggregate loan that exceeds the limits in CRED 10.3.
- 10.3 Lending limits
- 10.3.1 R Subject to CRED 10.3.6R, a *A-version 1 credit union* must not lend for a period of more than three years where unsecured and seven years where secured.
- ...
- 10.3.3 R Subject to CRED 10.3.6R, a *A-version 2 credit union* must not lend for a period of more than five years where unsecured and fifteen years where secured.

...

10.3.5 G ...

10.3.6 R *A credit union with permission for entering into a regulated mortgage contract must not enter into such a contract for a term of more than 25 years.*

...

13.1.1 G This chapter applies to:

(1) [Deleted]

(1A) *a person considering applying to the FSA for approval of the use in a name of the words "credit union" or "undeb credyd";*

(2) ...

...

After section 13.2 insert the following new section.

13.2A Use of name "credit union"

13.2A.1 G Section 3 of the Credit Unions Act 1979 (as amended) makes the following provisions about the use of the name "credit union":

(1) under section 3(1), every credit union with its registered office:

(a) in England or Scotland should have "credit union" in its name;

(b) in Wales should have "credit union" or "undeb credyd" in its name;

(2) under section 3(2), unless one is registered as a credit union, it is an offence to:

(a) refer to oneself as a "credit union" or "undeb credyd", or any related words;

(b) represent oneself as being a credit union;

subject to section 3(3) (see *CRED* 13.2AG(3));

(3) section 3(3) provides that section 3(2) (see *CRED* 13.2A.1G(2)) does not apply:

- (a) to specified overseas deposit-takers;
- (b) to a *person* who has the *FSA's* written approval;
- (c) where an officer or employee uses a title or descriptive expression indicating his office or post with:
  - (i) a credit union; or
  - (ii) an organisation in *CRED* 13.2AG(3)(a) or (b).

13.2A.2 G The effect of section 3 of the Credit Unions Act 1979 (see *CRED* 13.2A.1G) is that if one of the following organisations, for example, wishes to use the words "credit union" in its name, it will need the approval in writing of the *FSA*:

- (1) a study group working towards registration as a credit union;
- (2) a body representing or providing services to credit unions.

13.2A.3 G Approval for study groups (*CRED* 13.2A.2G(1)) will generally be limited to a period of no more than 2 years.

13.2A.4 G The organisations in *CRED* 13.2A.2G are subject to the general prohibition mentioned in *CRED* 7A.3.2G(1), which means that they cannot accept *deposits*.

...

13.4.1 G (1) For registration, applicants must demonstrate to the satisfaction of the *FSA* that the statutory conditions set out in section 1 of the Credit Unions Act 1979 will be fulfilled. *CRED* 13 Ann 1G contains a table listing these statutory conditions. The application pack contains the relevant forms for registration and explanatory notes on how to complete the forms. *CRED* 13 Ann 2G contains information about eligibility for membership of a credit union ~~*credit union*~~.

- (a) One of the conditions is that the objects of the credit union are those, and only those, of a credit union. The objects are set out in full in the table. Unless an activity is consistent with these objects, a credit union has no power to engage in it. It is important that a credit union satisfies itself that it has the necessary power before engaging in the activity. For instance, it is clear that a credit union does not have the power to run a lottery. However, a credit union is permitted to receive donations from an outside organisation, so may receive the proceeds from a lottery run by that organisation. Any such organisation will need to be independent from the credit union, with separate management and accounting.
- (b) Another condition is that admission to membership of the credit union is restricted to persons who fulfil an appropriate membership qualification ("AMQ") and that in consequence a common bond exists among the members.

- (2) The application pack contains the relevant forms for registration and explanatory notes on how to complete the forms. The notes also contain information about the appropriate membership qualifications for credit unions.
- (3) ...

...

CRED 13 Annex 1  
Requirements of Registration G

1 G Table: The requirements of registration under the Industrial and Provident Societies Act 1965, as set out in the Credit Unions Act 1979 and referred to in *CRED* 13.4.1G.

REQUIREMENT	SECTION OF THE RELEVANT ACTS
That the <del>purposes</del> <u>objects</u> of the society are those, and only those of a credit union.	Credit Unions Act 1979, s.1(2)(a)
<u>The objects of a credit union are:</u> ... the creation of sources of <del>credit</del> <u>credit</u> for the benefit of the members at a fair and reasonable rate of interest	Credit Unions Act 1979, s.1(3)

...	
the training and education of the members in the wise use of <del>money</del> <u>money</u> and in the management of their financial affairs	Credit Unions Act 1979, s.1(3)
That admission to membership of the society is restricted to individuals all of whom fulfil a specific qualification which is appropriate to a credit union ( <del>the</del> <u>and that in consequence a "common bond" exists</u> between members).	Credit Unions Act 1979, s.1(2)(b)
<u>The appropriate membership qualifications ("AMQs") for a credit union are:</u>	
following a particular occupation	Credit Unions Act 1979, s.1(4)(a)
residing in a particular locality	Credit Unions Act 1979, s.1(4)(b)
being employed in a particular locality	Credit Unions Act 1979, s.1(4)(c)
being employed by a particular employer	Credit Unions Act 1979, s.1(4)(d)
being a member of a bona fide organisation or being otherwise associated with other members of the society for a purpose other than that of forming a society to be registered as a credit union	Credit Unions Act 1979, s.1(4)(e)
residing in or being employed in a particular locality	Credit Unions Act 1979, s.1(4)(f)
<u>and such other qualifications as are for the time being approved by the FSA</u>	<u>Credit Unions Act 1979, s.1(4)</u>
<u>The following qualifications (in addition to those set out in section 1(4) of the Credit Unions Act 1979) have been approved by the FSA or its predecessor, the Registry of Friendly Societies:</u>	
...	
<del>any other qualifications as approved by the FSA</del>	

...

CRED 13 Annex 2

Eligibility for membership of a credit union G

1 Table: G

...

Persons too young to be members	
3.	A person too young to be a member (“juvenile depositor”) may make deposits with a <i>credit union</i> (section 9 of the Credit Unions Act 1979). A person too young to be a member (“juvenile depositor”) is a person who:
(1)	...
(2)	would qualify for membership (directly or indirectly) if he were old enough.
	<u>This means that in a qualification of residing in a particular locality, an eligible juvenile depositor should reside there (because indirect qualification means being a member of the same household as well as a relative of a DQM). In a qualification of being employed in a particular locality, a juvenile depositor is eligible by going to school or college there.</u>
Note:	These <i>deposits</i> are not shares and these depositors are not members.

...

Insert the following new provision after CRED 14.10.8G

14.10.8A G The form may be updated from time to time. *Credit unions* should use the form in force at the end of the financial the year on which they are reporting.

...

Insert the following new provision after CRED 14.10.12G

Controllers and close links

14.10.13 G (1) *Credit unions* are subject to the requirements of the *Act* and *SUP 11* on *controllers* and *close links*, and are bound to notify the *FSA* of changes. In practice, however, *credit unions* cannot develop such relationships, because:

(a) only individuals may be members of a *credit union* (section 5(1) of the Credit Unions Act 1979);

- (b) every member is entitled to vote and has one vote only (section 5(9) of the Credit Unions Act 1979);
- (c) the minimum number of members of a *credit union* is 21 (section 6(1) of the Credit Unions Act 1979) and its registration may be cancelled if membership falls below that number (section 16(1)(a)(i) of the Industrial and Provident Societies Act 1968 and section 20(1)(a) of the Credit Unions Act 1979);and
- (d) a *credit union* may not have a subsidiary (section 26 of the Credit Unions Act 1979).

(2) *Credit unions* are therefore exempted from the requirement to submit annual reports of *controllers* and *close links* (SUP 16.1.1R-16.1.3R, 16.4.1G(-1) and 16.5.1G(-1)).

**DECISION MAKING MANUAL (EXTENSION OF SCOPE OF MEDIATION  
SCHEME) INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the power under section 157(1) (Guidance) of the Financial Services and Markets Act 2000 (“the Act”).

**Commencement**

- B. This instrument comes into force on 1 February 2004.

**Amendments to the Decision making manual and amendments to the Enforcement manual**

- C. The Decision making manual is amended in accordance with Annex A to this instrument.
- D. The Enforcement manual is amended in accordance with Annex B to this instrument.

**Citation**

- D. This instrument may be cited as the Decision Making Manual (Extension of scope of Mediation Scheme) Instrument 2004.

By Order of the Board  
15 January 2004

## Annex A

### Amendments to the Decision making manual

In this Annex, underlining indicates new text and striking through indicates deleted text.

DEC App 1 Settlement procedure and mediation scheme for FSA ~~disciplinary~~ enforcement cases

1.1 Introduction

1.1.1 G A *person* who is or may be subject to enforcement action may discuss the proposed action with *FSA* staff through settlement discussions. Settlement discussions may take place on an informal basis at any time during the enforcement process ~~after the *FSA* has given a warning notice.~~ Where *FSA* staff have recommended that disciplinary enforcement action be taken against a *person*, the mediation scheme will be available to those *persons* against whom action is proposed ~~after~~ where settlement discussions are, in the opinion of either party, unlikely to lead to an agreed settlement have broken down. This appendix sets out the procedure for settlement and the framework of the mediation scheme.

1.2 Settlement

1.2.1 G If a *person* who is or may be subject to enforcement action wishes to discuss the proposed action with *FSA* staff on an informal basis, he may do so at any time during the enforcement process ~~after the *FSA* has given the warning notice. The warning notice will contain details of the *person* to contact for these purposes. (There is no bar on discussions at an earlier stage, but they are likely to be less productive until the *FSA* has given the warning notice to the *person* concerned.)~~ The *FSA* and the *person* concerned should agree that discussions will take place on a "without prejudice" basis, and that neither party may subsequently rely on admissions or statements made in the context of the discussions, or documents recording the discussions.

...

1.2.3 G Having considered the terms of the proposed settlement, the *RDC* may ask to meet the relevant *FSA* staff or the *person* concerned in order to assist in its consideration of the proposed settlement. The *RDC* may:

- (1) accept the proposed settlement by issuing a , *decision notice*, second supervisory notice or (where appropriate) *notice of discontinuance* based on the terms of the settlement; or

...

### 1.3 Mediation

...

1.3.2 G As mediation will be on a "without prejudice" basis, admissions made by the parties in the course of the mediation and documents prepared for the purposes of the mediation may not be referred to in subsequent proceedings relating to the dispute if the mediation is unsuccessful. However, if the mediation results in a proposed settlement of the dispute which is approved by the *RDC*, the terms of the proposed settlement will form the basis of a *decision notice* and subsequent *final notice* or second *supervisory notice*, or (where appropriate) *notice of discontinuance* given by the *FSA*.

...

### 1.4 Scope and availability of the mediation scheme

1.4.1 G Mediation will not be available in enforcement cases where the *FSA* is contemplating bringing a criminal prosecution or cases involving disciplinary action for late submission of a report to which *ENF* 13.5 (Financial penalties for late submission of reports) applies. ~~involving disciplinary matters and market abuse subject to the exceptions set out in *DEC* App 1.4.2G.~~

1.4.2 G Mediation will be available in all other enforcement cases falling within the scope of the *RDC*. In those cases involving allegations of unfitness and impropriety based on judgements about dishonesty or lack of integrity and the exercise of the *FSA's* own initiative powers on a variation or cancellation of permission, mediation will be available subject to the *FSA's* consent. ~~not be available in:~~

- ~~(1) — cases involving allegations of a criminal offence or offences; or~~
- ~~(2) — cases involving allegations of unfitness or impropriety based on judgements about dishonesty or lack of integrity; or~~
- ~~(3) — cases involving the exercise of the *FSA's* own initiative powers on a variation of permission or~~
- ~~(4) — cases involving disciplinary action for late submission of a report as referred to in *ENF* 13.5.~~

1.4.3 G In a case falling within the scope of the scheme, In each appropriate enforcement case (see *DEC* App 1.4.1 and *DEC* App 1.4.2), the mediation scheme will be available to the person against whom a warning notice is issued. The mediation scheme will be available mediation will take place where an election to mediate is made after the *warning notice* has been issued and before the *FSA* issues a *final decision notice*  $\mp$  (the relevant *warning notice* will state the circumstances in which mediation is available for that matter under the terms of the scheme). Where an election to mediate is made before the issue of a *warning notice* or after the issue of a *decision notice*, mediation will be available subject to the *FSA's* consent.

- 1.4.4 G ~~The A person is not obliged to take part in a mediation in the course of the enforcement process submit his case for mediation.~~
- ...
- 1.6 Starting the mediation
- 1.6.1 G ~~The FSA will offer the mediation facility in all appropriate enforcement cases (see DEC App1.4.1G). If the person agrees to submit the a case is submitted to mediation, the parties will send a joint mediation notice in an agreed form to:~~
- ...
- Confidentiality
- ...
- 1.7.7 G ...
- 1.7.8 G (2) Under the mediation scheme, however, confidentiality will be limited in that:
- ...
- (b) the terms of any settlement reached will, if approved by the *RDC* be incorporated in a *decision notice* and subsequent *final notice* or second *supervisory notice*, or (where appropriate) a *notice of discontinuance* which may be made public;
- ...
- 1.10 Result of the mediation
- ...
- 1.10.2 G If no agreed proposal is reached, the mediation will be terminated and the case will return to the point it had reached in the enforcement process prior to the mediation ~~proceed to the *decision notice* or stage.~~
- 1.10.3 G If a settlement proposal is agreed, it will be considered by the *RDC*, which will decide whether to approve it. If it is approved, a *decision notice* and subsequently a *final notice*, or second *supervisory notice*, will be issued reflecting the terms of the agreement reached. If it is not approved, the parties may return to the mediation only with the *RDC's* consent. If the *RDC* does not consent, the case will return to the point it had reached in the enforcement process prior to the mediation ~~continue towards the *decision notice* stage.~~
- 1.10.4 G A person may elect to mediate only once during the course of the enforcement process.
- ...
- 1.12 Review of mediation procedure
- 1.12.1 G The use of mediation in the disciplinary context is a novel approach in the area of financial regulation, but reflects current trends in civil litigation. The

mediation provider will administer the mediation scheme and tThe *FSA* proposes to operate the mediation scheme on a pilot basis for one year and will monitor it and review its operation at the end of each year that period. The *FSA* proposes to publish core information relating to the operation of the scheme in the *FSA* 's Annual Report.

...

DEC 2 Annex 5G

...

The *FSA* operates a mediation scheme for certain *disciplinary and market abuse enforcement* cases, where settlement discussions have taken place but are, in the opinion of either party, unlikely to lead to an agreed settlement ~~broken down~~.

...

## **Annex B**

### **Amendments to the Enforcement manual**

In this Annex, underlining indicates new text and striking through indicates deleted text.

1.3.1 G (3) the FSA will seek to ensure fair treatment when exercising its enforcement powers. For example, the FSA's decision making process for regulatory enforcement cases generally gives an opportunity for both written and oral representations to be made, and also provides a facility for mediation (where settlement discussions are unlikely to lead to an agreed settlement ~~break-down~~) in certain disciplinary cases.

**COMPLAINTS SOURCEBOOK (REMOVAL OF ANNUAL NOTICE FOR EXEMPTION) INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in or under the Financial Services and Markets Act 2000 (the “Act”):
- (1) section 138 (General rule-making power);
  - (2) section 156 (General supplementary powers); and
  - (3) section 157(1) (Guidance).
- B. The rule making powers listed above are specified for the purposes of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force on 1 February 2004.

**Amendments to the Dispute resolution: Complaints sourcebook**

- D. The Dispute resolution: Complaints sourcebook is amended in accordance with the Annex to this instrument.

**Citation**

- E. This instrument may be cited as the Complaints Sourcebook (Removal of Annual Notice for Exemption) Instrument 2004.

By Order of the Board  
15 January 2004

## Annex

### Amendments to the Dispute resolution: Complaints sourcebook

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### 1.1 Application and Purpose

...

#### Exemption

- 1.1.7 R (1) A *firm* which does not conduct business with *eligible complainants* and has no reasonable likelihood of doing so is exempt from *DISP* 1.2 - *DISP* 1.7, if:
- (a) it has notified~~notifies~~ the *FSA* in writing ~~of this fact and that notice remains current, that those conditions apply with effect from the date that notice is received by the *FSA*; and~~
  - (b) the conditions in fact continue to apply.
- (2) The exemption takes effect from the date on which the notice was received by the *FSA*.
- ~~(2)~~ (3) In (1), conducting business means carrying on any of the activities to which the rules in *DISP* 2.6 apply with or for *persons* who are *eligible complainants* under *DISP* 2.4.
- ...
- 1.1.8 R ~~[deleted]~~ A notice under *DISP* 1.1.7 R must be given:
- ~~(1) by 28 February 2002, in which case it will remain current until 31 March 2003; or~~
  - ~~(2) before, or as soon as practicable after, the time of the *firm's* authorisation by the *FSA*, in which case it will remain current until the end of the *financial year* in which it is given; or~~
  - ~~(3) as soon as practicable after the *firm* ceases to conduct business with *eligible complainants*, in which case it will remain current until the end of the *financial year* in which it is given; or~~
  - ~~(4) in February of each *financial year* (beginning with February 2003), in which case it will remain current until the end of the next *financial year*.~~
- 1.1.9 G ~~[deleted]~~ A notice under *DISP* 1.1.7 R will be renewable every 12 months.

## End of exemption

1.1.10 R A *firm* which is exempt under *DISP* 1.1.7 R must notify the *FSA* in writing as soon as reasonably practicable if the conditions in *DISP* 1.1.7 R no longer apply.

...

## Schedule 2 Notification Requirements

### 2 Table

15 January 2004

## Annex

### Amendments to the Compensation sourcebook

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### 13.3 Exemption

- 13.3.1 R (1) *A participant firm* which does not conduct business that could give rise to a *protected claim* by an *eligible claimant* and has no reasonable likelihood of doing so is exempt from a *specific costs levy*, or a *compensation costs levy*, or both, provided that :
- (a) it has notified~~notifies~~ the *FSCS* in writing of this fact ~~that those conditions apply~~; and
- (b) the conditions in fact continue to apply~~notice remains current~~.
- (2) The exemption takes effect from the date on which the notice was received by the *FSCS*, subject to *COMP 13.3.6R*.
- 13.3.2 R ~~[deleted] A notice under *COMP 13.3.1R* must be given:~~
- (1) ~~by 28 February 2002, in which case it will remain current until 31 March 2003; or~~
- (2) ~~as soon as practicable after the time of its authorisation by the *FSA*, in which case it will remain current until the end of the financial year of the *compensation scheme* in which it is given; or~~
- (3) ~~as soon as practicable after it ceases to conduct business that could give rise to a *protected claim* by an *eligible claimant*, in which case it will remain current until the end of the financial year of the *compensation scheme* in which it is given; or~~
- (4) ~~unless (1) applies, in February of each financial year of the *compensation scheme*, in which case the notice will remain current until the end of the next financial year.~~
- 13.3.3 G (1) ~~[deleted] A notice under *COMP 13.3.1R* will be renewable every 12 months.~~
- (2) ~~The financial year of the *compensation scheme* is the twelve months ending on 31 March.~~
- 13.3.4 R *A participant firm* which is exempt under *COMP 13.3.1R* must notify the *FSCS* in writing as soon as reasonably practicable if the conditions in *COMP 13.3.1R* no longer apply.

...

13.3.6 R If, ~~during the course of a financial year of the *compensation scheme*, a *participant firm* ceases to conduct business that could give rise to a *protected claim* by an *eligible claimant* and notifies the FSCS of this under *COMP 13.3.1R(1)13.3.2R(3)*, it will be treated as a *participant firm* to which *COMP 13.8.7R* applies until the end of the financial year of the *compensation scheme* in which the notice was given.~~

13.3.7 G The financial year of the *compensation scheme* is the twelve months ending on 31 March.

...

**Schedule 2  
Notification Requirements**

**2 Table**

<b>Handbook reference</b>	<b>Matter to be notified</b>	<b>Contents of notification</b>	<b>Trigger event</b>	<b>Time allowed</b>
...				
COMP 13.3.21R	Right to exemption for specific costs and compensation costs levy	Notice that firm does not conduct business that could give rise to a claim on the FSCS and has no reasonable likelihood of doing so	<del>In February each year or on the occasion of the firm's authorisation or when it ceases conducting</del> <u>If it does not, or if it ceases to, conduct business with persons eligible to claim on FSCS, unless it has already given such notice</u>	<del>As soon as practicable</del> <u>None specified though exemption generally only takes effect from the date of receipt of notice by FSCS</u>
COMP 13.3.4R	Loss of right to seek exemption from specific costs and compensation costs levy	Statement that firm no longer qualifies for exemption because it carries on business with persons eligible to claim on FSCS	Firm loses the right to claim the exemption	As soon as <u>reasonably</u> practicable

## THE PROFESSIONAL FIRMS (INSURANCE MEDIATION) INSTRUMENT 2004

### Powers exercised

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (“the Act”):
- (1) section 138 (General rule-making power);
  - (2) section 156 (General supplementary powers);
  - (3) section 157(1) (Guidance); and
  - (4) section 332(1) (Rules in relation to persons to whom the general prohibition does not apply).
- B. The provisions of the Act listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

### Commencement

- C. This instrument comes into force on 14 January 2005, except to the extent that a provision (other than in PROF 7.2) relates to a long-term care insurance contract or a regulated mortgage contract, in which case it comes into force on 31 October 2004.

### Amendments to the Professional firms sourcebook

- D. The Professional firms sourcebook is amended in accordance with the Annex to this instrument.

### Citation

- E. This instrument may be cited as the Professional Firms (Insurance Mediation) Instrument 2004.

By Order of the Board  
15 January 2004

## Annex

### Amendments to the Professional firms sourcebook

In this Annex, underlining indicates new text and striking through indicates deleted text. Where an entire new section of text is inserted, the place where it goes is indicated and it is not underlined.

1.1.1 R This sourcebook applies as follows:

- (1) ...
- (2) ...
- (3) *PROF 6* applies to every *designated professional body* and to any *person* who requests the Treasury to make an order under section 326(1) of the Act (Designation of professional bodies); ~~and~~
- (4) *PROF 7* applies to every *designated professional body* and every *exempt professional firm* that is carrying on, or proposing to carry on, insurance mediation activity.

...

1.1.4 G This sourcebook outlines:

- (1) ...
- (2) ...
- (3) ...
- (4) ...
- (5) the implications for an *authorised professional firm* that carries on *non-mainstream regulated activities*; ~~and~~
- (6) the arrangements made by the *FSA* for complying with its obligations under the *IMD* in relation to:
  - (a) maintaining a record of *unauthorised persons*, including *exempt professional firms*, that carry on, or are proposing to carry on, insurance mediation activity; and
  - (b) *exempt professional firms* that wish to passport under the *IMD*.

...

1.1.6 G The *rules* and *guidance* in this sourcebook are intended to:

- (1) ...
- (2) promote public understanding of the *financial system* by ensuring that the *clients* of an *exempt professional firm* are made aware that the firm is not an *authorised person*; ~~and~~

- (3) enable the *FSA* to use its resources in an efficient and effective way in the collection of information relevant to its duty to keep itself informed under section 325 of the *Act* (Authority's general duty); and
- (4) explain the background to and the arrangements made by the *FSA* for:
- (a) the registration of *unauthorised persons*, including *exempt professional firms*, that carry on, or are proposing to carry on, *insurance mediation activity*; and
  - (b) *authorised professional firms* and *exempt professional firms* that wish to exercise their *EEA right* under the *IMD* to establish a *branch* or provide *cross border services* in another *EEA State*.

...

PROF 2 Ann 2

### Status of exempt professional firm G

- 1 Table: Non Exempt activities orders under section 327(6) of the Act (see *PROF* 2.1.9G)

As at ~~21 March 2002~~<sup>31 October 2004</sup>, the Treasury had made the following orders under section 327(6):

The Financial Services and Markets Act 2000 (Professions) (Non-Exempt Activities) Order 2001 (SI 2001/1227), as amended by: article 3 of the Financial Services and Markets Act 2000 (Miscellaneous Provisions) Order 2001 (SI 2001/3650); article 7 of the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) Order 2002 (SI 2002/682); article 3 of the Financial Services and Markets Act 2000 (Commencement of Mortgage Regulation) (Amendment) Order 2002 (SI 2002/1777); article 24 of the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No1) Order 2003 (SI 2003/1475), and article 16 of the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No2) Order 2003 (SI 2003/1476).

...

- 3.1.2 G The *FSA* keeps itself informed in a number of ways. A *designated professional body* has a duty under section 325(4) of the *Act* to cooperate with the *FSA*. Article 94 of the *Regulated Activities Order* requires each *designated professional body* to provide the *FSA* with the information it needs to maintain a public record of *persons* that are registered with the *FSA* to conduct *insurance mediation activity*. The *FSA* has made arrangements ~~envisages it will make arrangements~~

with each of the *designated professional bodies* about the information they provide to it, to include information about:

- (1) ...
- ...
- (4) supervisory activity; ~~and~~
- (5) the activities **carried on by exempt professional firms, the risks arising from them and how they are mitigated, for example by monitoring activity or training and competence arrangements;** ~~and~~  
and
- (6) the names and addresses of each of their exempt professional firms that carry on, or are proposing to carry on, insurance mediation activity, together with the details of the individuals within the management of the exempt professional firms who are responsible for the insurance mediation activity and, where relevant, the passporting information required by the FSA for the purposes of paragraph 25 of Schedule 3 to the Act (EEA Passport Rights).

...

- 3.2.1 G Section 328 of the *Act* (Directions in relation to the general prohibition) gives the *FSA* power to make a direction that the exemption under section 327 of the *Act* (see *PROF* 2.1.3 G) does not apply to the extent specified in the direction. Section 328 allows the *FSA* to make a direction in relation to different classes of *person* or different descriptions of *regulated activity*. Section 325(3) of the *Act* requires the *FSA* to keep under review the desirability of exercising its powers under Part XX of the *Act* (Provision of Financial Services by Members of the Professions), including its direction powers under section 328 of the *Act*.

...

- 3.2.5 G (1) The *FSA* may exercise its direction powers under section 328(6) of the *Act* in two situations, as set out in (2) and (3).
- (2) First, ~~the~~ *FSA* may exercise its direction power under section 328(6)(a) of the *Act* only if it is satisfied that it is desirable in order to protect the interests of *clients*. In considering whether it is satisfied, the *FSA* is required by section 328(7) of the *Act* to have regard, among other things, to the effectiveness of any arrangements made by a *designated professional body*:
- ~~(1)~~( a) for securing compliance with *rules* made under section 332(1) of the *Act* (see *PROF* 4.1.1 G);
  - ~~(2)~~( b) for dealing with complaints against its *members* in relation to the carrying on by them of *exempt regulated*

*activities* (see *PROF 4.1.4 G (2)(d)*);

in order to offer redress to *clients* who suffer, or claim

(3)(  
c) to have suffered, loss as a result of misconduct by its  
*members* in their carrying on of *exempt regulated activities* (see *PROF 4.1.4 G (2)(d)*); and

for cooperating with the *FSA* under section 325(4) of

(4)(  
d) the *Act* (see *PROF 3.1.2 G*).

(3) Second, the *FSA* may exercise its direction power under section 328(6)(b) of the *Act* if it is satisfied that it is necessary to do so in order to comply with an obligation imposed by the *IMD*. For example, the *FSA* might wish to do so if it was not receiving from a *designated professional body* the information it needs to maintain the *FSA Register* (see *PROF 7.1*).

3.2.6 G Section 330 of the *Act* (Consultation) sets out procedures which the *FSA* must follow if it wishes to make a direction under section 328(6)(a) or (b). Except as specifically provided in section 330:

...

3.2.7 G The directions the *FSA* has made under section 328(6)(a) are set out in *PROF 3 Ann 1G*. Directions made by the *FSA* under section 328(6)(b) of the *Act* are listed in *PROF 3 Ann 2 G* (The *FSA*'s duties and powers).

### **PROF 3 Ann 1 The *FSA*'s duties and powers G**

#### **PROF 1 Table: Directions made by the *FSA* under section 328(6)(a) of the *Act* (see *PROF 3.2.7G*)**

As at ~~21 June 2004~~ 31 October 2004, the *FSA* had made no directions under section 328 (6)(a) of the *Act*.

Insert the following new annex after *PROF 3 Annex 1G*

### **PROF 3 Ann 2 The *FSA*'s duties and powers G**

#### **PROF 1 Table: Directions made by the *FSA* under section 328(6)(b) of the *Act* (see *PROF 3.2.7G*)**

As at 31 October 2004, the *FSA* had made no directions under section 328(6)(b) of the *Act*.

...

4.1.1 G The effectiveness of arrangements made by a *designated professional body* for securing compliance with the *rules* in this chapter is one of the factors that the *FSA* must take into account in considering whether to exercise its powers to give a direction under section 328 of the *Act* (see *PROF* 3.2.5(2)G and (3)G).

...

4.1.3 R (1) An exempt professional firm must, before it provides a service which includes the carrying on of a regulated activity in the United Kingdom, other than an insurance mediation activity, with or for a client, disclose in writing to the client in a manner that is clear, fair and not misleading that it is not authorised under the Act.

(2) An exempt professional firm must, before it provides a service which includes the carrying on of an insurance mediation activity with or for a client, make the following statement in writing to the client in a way that is clear, fair and not misleading and no less prominent than any other information provided to the client at the same time:

“[This firm is]/[We are] not authorised by the Financial Services Authority. However, we are included on the register maintained by the Financial Services Authority so that we can carry on insurance mediation activity, which is broadly the advising on, selling and administration of insurance contracts. This part of our business, including arrangements for complaints or redress if something goes wrong, is regulated by [DPB]. The register can be accessed via the Financial Services Authority website at [www.fsa.gov.uk/register](http://www.fsa.gov.uk/register).”

4.1.4 G (1) The *FSA* considers that material provided to satisfy *PROF* 4.1.3R(1) and (2) need not be tailored to the individual *client*. The disclosures in *PROF* 4.1.3 R(1) and (2) may be provided alongside or integrated with other material provided to a *client*. *Exempt professional firms* may therefore include the information within engagement letters or client care letters, if they wish.

(2) The *FSA* considers that it is important that *clients* understand the implications for them of receiving services from an *exempt professional firm* that is not authorised under the *Act*. It is also important that clients understand the implications of the difference between authorisation under the Act and being on the register maintained by the FSA, so that the exempt professional

firm can conduct insurance mediation activity, in relation to which activity the regulatory protections established by the Act for the benefit of consumers will not apply. The FSA therefore expects *designated professional bodies* to make rules covering the information to be provided to *clients*. These rules should require *exempt professional firms* to make a disclosure to *clients* containing the following elements:

- (a) where the exempt professional firm conducts a regulated activity other than an insurance mediation activity, a statement that the exempt professional firm is not an authorised person;
  - (b) the nature of the *regulated activities* carried on by the *exempt professional firm*, and the fact that they are limited in scope;
  - (c) a statement that the *exempt professional firm* is regulated for these *regulated activities* by the *exempt professional firm's designated professional body*, identifying the *designated professional body* concerned; ~~and~~
  - (d) the nature of the complaints and redress mechanisms available to *clients* in respect of these *regulated activities*; and
  - (e) where the regulated activity consists of insurance mediation activity, the statement contained at PROF 4.1.3 R (2).
- (3) *Exempt professional firms* should also ensure that any statement that makes reference to the FSA does not lead a *client* to suppose that the FSA has direct regulatory responsibility for the *exempt professional firm*. This could be a breach of PROF 4.1.2 R. This consideration is particularly important in relation to insurance mediation activity, where clients may well fail to appreciate the difference between authorisation under the Act and being included on the register maintained by the FSA so as to permit the exempt professional firm to carry on insurance mediation activity.

...

## 5.3 Reference to other sourcebooks and manuals

### Introduction

- 5.3.1 G The parts of the *Handbook* in which the provisions are disapplied or modified in relation to *authorised professional firms* when carrying on *non-mainstream regulated activities* include those described in PROF 5.3.1AG to PROF 5.3.79G.

...

### Insurance: Conduct of Business sourcebook

- 5.3.10 G (1) ICOB 1.2.10 R provides that ICOB does not apply to an authorised professional firm with respect to its non-mainstream regulated activities, except for:
- (a) ICOB 2.2 (Clear, fair and not misleading communication);
  - (b) ICOB 3 (Financial promotion);
  - (c) ICOB 4.2.2R in relation to the information for customers in table ICOB 4.2.8R items numbered (8), (9) and Note 4 covering complaints and compensation; and
  - (d) those sections in ICOB which implement articles 12 and 13 of the IMD, unless:
    - (i) the designated professional body of the firm has made rules which implement articles 12 and 13 of the IMD;
    - (ii) those rules have been approved by the FSA under section 332(5) of the Act; and
    - (iii) the firm is subject to the rules in the form in which they were approved.
- (2) ICOB 1.2.11 G (2) provides that the effect of ICOB 1.2.10R(4) is that if the relevant designated professional body of an authorised professional firm does not make rules implementing articles 12 and 13 of the IMD applicable to authorised professional firms those authorised professional firms will need to comply with those sections of ICOB which implement articles 12 and 13 of the IMD, namely ICOB 4.1 to 4.4 (but not 4.2.20G to 4.2.28G), and ICOB 4.8.

## **Professional firms**

### **Insurance mediation activity**

- 7.1 Register of persons carrying on *insurance mediation activity*  
Background
- 7.1.1 G The Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No. 2) Order 2003 (SI 2003/1476) implements in part the provisions of the *IMD* and amends the *Regulated Activities Order*.  
The FSA's obligation to maintain a record
- 7.1.2 G Article 93 of the amended *Regulated Activities Order* requires the

*FSA* to maintain an up-to-date record of every *unauthorised person*, whether an *appointed representative* or an *exempt professional firm* that carries on, or is proposing to carry on, *insurance mediation activity* and to whom the *general prohibition* does not apply in relation to the carrying on of such an activity. In relation to *exempt professional firms* the *general prohibition* does not apply by virtue of section 327 of the *Act*.

- 7.1.3 G The *FSA* is not to include an *exempt professional firm* in the register relating to *unauthorised persons* if:
- (1) under a direction given by the *FSA* under section 328(1) of the *Act*, section 327(1) of the *Act* does not apply in relation to the carrying on by it of *insurance mediation activity*; or
  - (2) the *FSA* has made an order under section 329(2) of the *Act* disapplying section 327(1) of the *Act* in relation to the carrying on by the *exempt professional firm* of *insurance mediation activity*.

#### Provision of information to the *FSA*

- 7.1.4 G Article 94 of the *Regulated Activities Order* obliges a *designated professional body* to provide the *FSA* with the information it needs to maintain the record referred to in *PROF* 7.1.2G of every *unauthorised person* that carries on, or proposes to carry on, *insurance mediation activity* and keep it up to date. This information needs to include the details referred to in *PROF* 7.1.7 G. This is the responsibility of the *designated professional body* and not each *exempt professional firm*.

#### Financial Services and Markets Act 2000 (Professions) (Non-Exempt) Activities Order 2001 (SI 2001/1227)

- 7.1.5 G (1) The attention of *exempt professional firms* is drawn to the significance of The Financial Services and Markets Act 2000 (Professions) (Non-Exempt) Activities Order 2001 (SI 2001/1227), as amended by The Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No.2) Order 2003 (SI 2003/1476). The effect of these amendments is that *exempt professional firms* may not carry on certain *regulated activities* which relate to a *contract of insurance* in reliance on the *Part XX exemption* unless the *exempt professional firm* is included in the record of *unauthorised persons* carrying on *insurance mediation activity* maintained by the *FSA* under article 93 of the *Regulated Activities Order*.
- (2) Each *exempt professional firm* carrying on, or proposing to carry on, *insurance mediation activity* should ensure that at all material times the name of the firm and the requisite details are included in the record maintained by the *FSA*. Any such *exempt professional firm* carrying on, or proposing to carry on, *insurance mediation activity* whose name does not appear in the record maintained by the *FSA* is likely to be breaching the

*general prohibition* which is a criminal offence under section 23 of the *Act*.

#### FSA Register

7.1.6 G In order to comply with its obligations to maintain a record of *unauthorised persons* that carry on, or are proposing to carry on, *insurance mediation activity*, the *FSA* has established an appropriate record which forms part of the record maintained by the *FSA* under section 347 of the *Act*. The record maintained by the *FSA* under section 347 of the *Act* is known as the *FSA Register*. The *FSA Register* therefore contains a record of each *authorised* and *unauthorised person* that carries on, or proposes to carry on, *insurance mediation activity*.

7.1.7 G The information to be included on the record in relation to *exempt professional firms* will, as required by the *IMD*, include details of:

- (1) the name and address of each *exempt professional firm* that carries on, or is proposing to carry on, *insurance mediation activity*;
- (2) where the *exempt professional firm* is not an individual, the names of the individuals within the management of the *exempt professional firm* who are responsible for the *insurance mediation activity*; and
- (3) each *EEA State* in which the *exempt professional firm* under an *EEA right* derived from the *IMD*:
  - (a) has established a *branch*; or
  - (b) is providing *cross border services*.

#### FSA Website

7.1.8 G The *FSA Register* can be accessed through the *FSA* website under the link [www.fsa.gov.uk/register](http://www.fsa.gov.uk/register).

## 7.2 Passporting under the Insurance Mediation Directive

7.2.1 G All *persons* that are on the register maintained by the *FSA* in accordance with article 3 of the *IMD*, and so permitted to conduct *insurance mediation activity*, are entitled to exercise the *EEA right* conferred upon them by article 6 of the *IMD* to establish a *branch* or provide services relating to *insurance mediation activity* in another *EEA State*. Both *authorised professional firms* and *exempt professional firms* that are so registered by the *FSA* get the benefit of these passporting rights.

7.2.2 G Any *authorised professional firm* or *exempt professional firm* that is contemplating the exercise of rights under article 6 of the *IMD* to establish a *branch* or provide services relating to *insurance mediation*

*activity* in another *EEA State* is referred to *SUP 13* (Exercise of passport rights by UK firms) for further details as to the applicable process. Note that both *authorised professional firms* and *exempt professional firms* are *UK firms* for the purposes of the *Handbook*, including *SUP 13*.

- 7.2.3 G A *UK firm* proposing to establish a *branch* in another *EEA State* for the first time under an *EEA right* derived from the *IMD* must first satisfy the conditions in paragraphs 19(2),(4) and (5) of Part III of Schedule 3 to the *Act* (EEA Passport Rights). These include the requirement that the firm must at the outset give the *FSA* a notice in the required form of its intention to establish the *branch*. *SUP 13.3.2 G* to *SUP 13.3.5 G* detail the procedure to be followed once such a notice of intention has been received by the *FSA*. *SUP 13.5.1 R* (Specified contents: notice of intention to establish a branch) and *SUP 13.6.9A G* (Firms passporting under the *IMD*) will also be relevant.
- 7.2.4 G A *UK firm* proposing to provide *cross border services* into another *EEA State* for the first time under an *EEA right* derived from the *IMD* must first satisfy the conditions in paragraph 20(1) of Part III of Schedule 3 to the *Act* (EEA Passport Rights). The *UK firm* must at the outset give the *FSA* a notice in the required form of its intention to provide the *cross border services* into another *EEA State*. In this instance, the relevant procedure to be followed is outlined in *SUP 13.4.2 G* to *SUP 13.4.5 G*. *SUP 13.5.2 R* (Specified contents: notice of intention to provide cross border services) and *SUP 13.7.11 G* will also be relevant.

**THE LISTING RULES (COMBINED CODE) (AMENDMENT) INSTRUMENT 2004**

**Powers Exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (“the Act”):
- (1) section 74 (The official list); and
  - (2) section 96 (Obligations of issuers of listed securities).

**Commencement**

- B. This instrument comes into force on 1 March 2004

**Amendment of Listing Rules**

- C. The Listing Rules are amended in accordance with the Annex to this instrument.

**Citation**

- D. This instrument may be cited as the Listing Rules (Combined Code) (Amendment) Instrument 2004

By Order of the Board  
15 January 2004

## Annex

### Amendments to Listing Rules

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### DEFINITION OF COMBINED CODE

Amend the definition of Combined Code in the Definitions as follows.

...

Combined Code

~~The principles of good governance and code of best practice prepared by the Committee on Corporate Governance, chaired by Sir Ronald Hampel, published in June 1998 and appended to, but not forming part of, the listing rules~~

The code of best practice, including the principles of good governance, which is in force in respect of the relevant annual reporting period. The Combined Code does not form part of the listing rules. The Combined Code is:

(a) (in respect of reporting periods commencing before 1 November 2003) the code and principles prepared by the Committee on Corporate Governance chaired by Sir Ronald Hampel and published in June 1998 (the 'Hampel Code'); and

(b) (in respect of reporting periods commencing on or after 1 November 2003) the 'Combined Code on Corporate Governance' published in July 2003 by the Financial Reporting Council (the '2003 FRC Code'), which is appended to the Listing Rules

...

## CHAPTER 21 INVESTMENT ENTITIES

Amend the application of the Combined Code in respect of Investment Companies as follows:

...

21.20

...

...

- (i) in the case of an investment company (including an investment trust) with no executive directors; in respect of the Combined Code:
  - (i) paragraph 12.43A(a) does not apply in respect of ~~Combined~~ the Hampel Code principles B.1 to B.3.;
  - (ii) paragraph 12.43A(b) does not apply in respect of ~~Combined~~ the Hampel Code provisions B.1.1 to B.1.10, B.2.1 to B.2.6 and B.3.1 to B.3.5; ~~and~~
  - (iii) paragraph 12.43A(c) does not apply; in respect of the Hampel Code and in respect of the 2003 FRC Code; and
  - (iv) paragraphs 12.43A(a) and (b) do not apply in respect of the 2003 FRC Code principles B.1 to B.2 and Code provisions B.1.1. to B.1.6 and B.2.1 to B.2.4 except insofar as they relate specifically to non-executive directors.

## CHAPTER 26 VENTURE CAPITAL TRUSTS

Amend the application of the Combined Code in respect of Venture Capital Trusts as follows:

...

26.9

...

...

- (d) in the case of a venture capital trust with no executive directors; in respect of the Combined Code:
  - (i) paragraph 12.43A(a) does not apply in respect of ~~Combined~~ the Hampel Code principles B.1 to B.3.;
  - (ii) paragraph 12.43A(b) does not apply in respect of ~~Combined~~ the Hampel Code provisions B.1.1 to B.1.10, B.2.1 to B.2.6 and B.3.1 to B.3.5; ~~and~~

(iii) paragraph 12.43A(c) does not apply; in respect of the Hampel Code and in respect of the 2003 FRC Code; and

(iv) paragraphs 12.43A(a) and (b) do not apply in respect of the 2003 FRC Code principles B.1 to B.2 and Code provisions B.1.1. to B.1.6 and B.2.1 to B.2.4 except insofar as they relate specifically to non-executive directors.

**THE MONEY LAUNDERING SOURCEBOOK  
(AMENDMENT NO 2) INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (“the Act”):
- (1) section 138 (General rule-making power);
  - (2) section 146 (Money laundering rules);
  - (3) section 149 (Evidential provisions);
  - (4) section 156 (General supplementary powers); and
  - (5) section 157(1) (Guidance).
- B. The rule-making powers listed above are specified for the purposes of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force on 1 March 2004.

**Amendments to the Money Laundering sourcebook**

- D. The Money Laundering sourcebook is amended in accordance with Annex A to this instrument.

**Miscellaneous amendments**

- E. SYSC, APER, CRED and the Glossary are amended in accordance with Annex B to this instrument.

**Citation**

- F. This instrument may be cited as the Money Laundering Sourcebook (Amendment No 2) Instrument 2004.

By Order of the Board  
19 February 2004

## Annex A

### Amendments to the Money Laundering sourcebook

In this Annex, underlining indicates new text and striking through indicates deleted text.

1.1.3 G The scope of this sourcebook is very wide. It includes all *firms* except those within the limited exception for *firms* concerned only with certain insurance activities and *UCITS qualifiers* (see *ML 1.1.2R*). In this respect, the chapter follows article 1 of the *Money Laundering Directive* (No 91/308/EEC as amended by No 2001/97/EEC). The scope extends to *incoming firms* (such as branches of institutions established elsewhere in the *EEA*), except those providing only *cross border services* in the *United Kingdom*. This is because the Directive is designed to apply on a “*Host State*” basis. *ML* does not apply with respect to the *unregulated activities* of a *firm*, for example *money service business*.

...

1.2.4 G This sourcebook relates to regulatory requirements, as opposed to requirements imposed by the criminal law. It is therefore, not relevant ~~regulatory or supervisory~~ guidance for the purposes of regulation 53(3) of the *Money Laundering Regulations* or section 330(8) of the *Proceeds of Crime Act 2002*.

1.2.5 G In assessing a *relevant firm’s* compliance with the requirements of this sourcebook, the *FSA* will have regard to the relevant provisions of the *Joint Money Laundering Steering Group’s Guidance Notes for the Financial Sector*.

...

3.1.3 R ...

(2A) If the *client*, or the *person* on whose behalf he is acting, engages in *money service business* and is registered with the Commissioners of the Customs and Excise, sufficient evidence of identity must include the registered number, within the meaning given by regulation 4(3) 9(2) of the *Money Laundering Regulations 2001*, of the *client* or the *person* on whose behalf he is acting.

...

3.1.4 G ~~In assessing a *relevant firm’s* compliance, with its duty to identify a *client* in accordance with *ML 3.1.3R*, the *FSA* will have regard to the *relevant firm’s* compliance with the *Joint Money Laundering Steering Group’s Guidance Notes for the Financial Sector* and with the *guidance* on financial exclusion in *ML 3.1.5G*. [deleted]~~

...

- 3.2.1 R (1) This section sets out circumstances in which:
- (a) the duty in *ML 3.1.3R(1)* (Identification of the client: the duty) need not be complied with; or
  - (b) ~~the relevant firm is entitled to regard the evidence it has as sufficient evidence.~~ the *relevant firm* is required to take reasonable steps to establish the identity of a *person* for whom the *client* is acting.

...

- 3.2.2 R The duty in *ML 3.1.3R(1)* (Identification of the client: the duty) does not apply if:

- (1) the *client* is also:
- (a) a credit institution or financial institution covered by the Money Laundering Directive; or
  - (b) an authorised professional firm; or
  - (c) is regulated by an overseas regulatory authority (see *ML 3.2.7R*) and is based or incorporated in a country (other than an *EEA State*) whose law contains comparable provisions to those contained in the *Money Laundering Directive*; or

...

- (3) with a view to carrying out a one-off *transaction*, the *client* (other than a *money service operator*) is introduced to the *relevant firm* by a *person* who has given the *relevant firm* a written assurance that in all such cases he obtains and records identification evidence, and:
- (a) the *person* who has given the written assurance is a credit institution or financial institution covered by the Money Laundering Directive, or an authorised professional firm, or an entity undertaking comparable activities in an *EEA State*; or
  - (b) ~~the person is subject to regulatory oversight exercised by a relevant overseas regulatory authority (see *ML 3.2.7R*), and to legislation at least equivalent to that required by the *Money Laundering Directive*~~ regulated by an overseas regulatory authority (see *ML 3.2.7R*) and is based or incorporated in a country (other than an *EEA State*) whose law contains comparable provisions to those contained in the *Money Laundering Directive*;  
or

...

...

~~When evidence of identity may be regarded as sufficient~~

- 3.2.4 R ~~A *relevant firm* may regard evidence as sufficient evidence for the purposes of *ML 3.1.3R* (Identification of the client: the duty) if it establishes that:~~
- ~~(1) — the relevant payment for the *transaction* was made or is to be made — from the *client's* account held at an institution which is:
    - ~~— (a) — a *relevant firm* with *permission* to accept *deposits*; or~~
    - ~~— (b) — an *incoming relevant firm* which is a *credit institution*; or~~
    - ~~— (c) — a *credit institution*;~~~~
  - ~~(2) — the payment has been or will be sent or confirmed by post or — electronically;~~
  - ~~(3) — it was or is reasonable for the payment to be sent or confirmed in that — way; and~~
  - ~~(4) — the payment is not made to open an account from which onward — payment may be made to someone other than the *client*. [deleted]~~

Where the client is acting for another person

- 3.2.5 R ~~A *relevant firm* may regard evidence as sufficient for the purposes of *ML 3.1.3 R* (Identification of the client: the duty) if it establishes that the *client* (other than a *money service operator*):~~
- ~~(1) — is bound by this sourcebook or by the *Money Laundering Regulations* or is otherwise covered by the *Money Laundering Directive*; or~~
  - ~~(2) — is acting on behalf of another *person*, and has given a written assurance that he has obtained and recorded evidence of the identity of the *person* on whose behalf he is acting, and is subject to regulatory oversight exercised by a relevant overseas regulatory authority (see *ML 3.2.7 R*) and to legislation at least equivalent to that required by *the Money Laundering Directive*. Where the *client* acts, or appears to act, other than in the circumstances covered by *ML 3.2.2R*(1) and (3) for another *person*, the *relevant firm* must take reasonable steps for the purpose of establishing the identity of that *person*.~~

- 3.2.6 G ~~A *relevant firm* is expected to take reasonable steps to determine whether or not the *client* falls within the exemption in *ML 3.2.5R*(2). [deleted]~~

...

- 4.1.1 G This section deals with the reporting to the *firm's MLRO* or a *person authorised by the Director General of NCIS* of knowledge or suspicions within the *relevant firm* about *money laundering*.

- 4.1.2 R (1) A *relevant firm* must take reasonable steps to ensure that any member of staff who handles, or is managerially responsible for handling, *transactions* which may involve *money laundering* makes a report promptly to the *MLRO* or a *person* authorised by the Director General of *NCIS*, within the same *firm* or group, if he:
- (a) knows or suspects; or
  - (b) has reasonable grounds to know or suspect;

that a *client*, or the *person* on whose behalf the *client* is acting, *person* is engaged in *money laundering*.

...

- 4.1.4 R (1) The duty in ML 4.1.2R (Internal reporting) does not apply where the *relevant firm* is a professional legal adviser and the knowledge or suspicion or the reasonable grounds for knowing or suspecting are based on information or other matter which came to it in privileged circumstances.
- (2) Information or other matter comes to a professional legal adviser in privileged circumstances if it is communicated or given to the adviser:
- (a) by (or by a representative of) its client in connection with the giving by the adviser of legal advice to the client; or
  - (b) by (or by a representative of) a *person* seeking legal advice from the adviser; or
  - (c) by a *person* in connection with legal proceedings or contemplated legal proceedings.
- (3) The privileged circumstances in (2) do not apply to information or other matter which is communicated or given with a view to furthering a criminal purpose or in contravention of a provision of the *regulatory system*.
- (4) "Professional legal adviser" includes any *person* in whose hands information or other matter may come in privileged circumstances.

...

- 4.3.2 R (1) A *relevant firm* must take reasonable steps to ensure that any report required by ML 4.1.2R(1) (Internal reporting), other than a report made to a *person* authorised by the Director General of *NCIS*, is considered by the *MLRO*, or his duly authorised delegate, and that if, having considered the report and any relevant *know your business information* to which he has sought access, the *MLRO* or his duly authorised delegate:

(1a) knows or suspects; or

(2b) has reasonable grounds to know or suspect;

that a *person* has been engaged in *money laundering*, he reports promptly to *NCIS*.

(2) In reporting to *NCIS*, an *MLRO*, or his duly authorised delegate, must have regard to any order under section 339 of the Proceeds of Crime Act 2002 prescribing the form and manner in which a disclosure must be made to *NCIS* and to any guidance issued by *NCIS* on the form and manner of reporting.

...

5.1.4 G In order to assist *relevant firms*, the Joint Money Laundering Steering Group (JMLSG) publishes government, government department, or *Financial Action Task Force* findings of the kind referred to in *ML 5.1.3R*. This information can be found on the JMLSG's website ([www.jmlsg.org.uk](http://www.jmlsg.org.uk)) or accessed indirectly via the *FSA*'s website ([www.fsa.gov.uk](http://www.fsa.gov.uk)) or, in the case of *Financial Action Task Force* findings only, via the *Financial Action Task Force's* website ([www.fatf-gafi.org](http://www.fatf-gafi.org)). ~~the *FSA* will, from time to time, publish any government, government department or *Financial Action Task Force* findings, of the kind referred to in *ML 5.1.3 R*, on the *FSA* website ([www.fsa.gov.uk](http://www.fsa.gov.uk)).~~ All *relevant firms* should check this information regularly to ensure that they keep up to date with current findings.

...

6.2.1 R A *relevant firm* must take reasonable steps to ensure that staff who handle, or are managerially responsible for the handling of, *transactions* which may involve *money laundering* are aware of:

...

(2) the identity and responsibilities of the *MLRO* or a *person* authorised by the Director General of *NCIS*;

...

(4) the potential effect, on the *relevant firm*, ~~on~~ its *employees* and its *clients*, of any breach of that law.

...

~~MLRO as "appropriate person"~~ "nominated officer" under Money Laundering Regulations

7.1.4 G If convenient, a *relevant firm* may decide that the same *person* can carry out the responsibilities of the *MLRO* and of the ~~"appropriate person"~~ "nominated officer" under the *Money Laundering Regulations*.

~~“Appropriate person” “Nominated officer”, under those Regulations, means a person appointed to handle the internal and external reporting required by the Regulations (see Regulation 14) has the meaning given by Regulation 7.~~

...

7.1.11 R A *relevant firm* must make its *MLRO* responsible for:

...

(3) making external reports to *NCIS* under ~~ML 4.2~~ 4.3 (External reporting);

...

...

7.2.1 G *SYSC 3.2.6R* (Compliance) requires a *relevant firm* to take reasonable care to establish and maintain appropriate systems and controls for compliance with its regulatory obligations and to counter the risk that it might be used to further *financial crime*. This section amplifies ~~this requirement, particular aspects of the rule in SYSC. It does not, however, limit the application of the rule, the effect of which is that, where financial crime is concerned, firms must also comply with other Handbook requirements (in particular, ML) and their legal obligations under the Money Laundering Regulations and the Proceeds of Crime Act 2002.~~

...

7.3.2 R (1) A *relevant firm* must make and retain, for the periods specified in (2), the following records:

...

(c) ~~when a relevant firm’s client has become insolvent, and it has taken steps to recover all or part of a debt owed to it by the client, a record of the grounds and those steps; [deleted]~~

...

(2) The specified periods are:

...

(b) in relation to *transactions* within (1)(b), five years from the date when the *transaction* was completed; and

(c) ~~in relation to (1)(c), five years from the date of the insolvency; and [deleted]~~

...

...

## Annex B

### Amendments to SYSC, APER, CRED and the Glossary

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### Senior management arrangements, Systems and Controls (SYSC)

- 3.2.7 G (3) The ~~FSA's~~ detailed requirements for systems and controls with respect to ~~money laundering~~ are set out in the ~~Money Laundering sourcebook (ML)~~. In applying SYSC 3.2.6R, where *financial crime* is concerned, *firms* must also comply with other *Handbook* requirements (in particular, *ML*) and their legal obligations under the *Money Laundering Regulations* and the *Proceeds of Crime Act 2002*.

#### Statements of Principle and Code of Practice for Approved Persons (APER)

- 4.7.9 E In the case of the *Money Laundering Reporting Officer*, failing to discharge the responsibilities imposed on him in accordance with chapter ~~8~~7 of the *Money Laundering sourcebook (ML)* falls within *APER* 4.7.2E.

#### Credit Unions sourcebook (CRED)

- 12.3.6 G *ML* 3.2 sets out a number of exceptions to the requirement upon *firms* to establish the identity of the *client*. These exceptions apply in principle to *credit unions*, ~~but the only one which is likely to be relevant to the *credit union* context is that described in *ML* 3.2.4R. That *rule* establishes that the identification requirements need not apply if the source of funding of a *transaction* is an account held by a *client* with a *firm* which itself is subject to the requirements laid down in *ML*. In the *credit union* context this, for example, would mean that funds arriving in a member's account which originated from an account held with a *bank* or *building society* need not be subject to the *customer* identification requirements set out in *ML* 3.1.3R. However, none of these exceptions applies if the *firm* has reasonable cause to know or suspects that the *client* is engaged in *money laundering*.~~

...

- 12.4.1 G *Firms* should take reasonable steps to ensure that, when any report of *money laundering* is suspected, a report is swiftly made to the *MLRO* reported to the *MLRO* is swiftly consulted. Having ~~consulted~~ considered the information available, if the *MLRO* suspects a *person* has been engaged in *money laundering*, he should report promptly to the National Criminal Intelligence Service (*NCIS*).

...

- 12.5.1 G *ML* 5.1.2R requires *relevant firms* to take reasonable steps to ensure that they obtain and make proper use of any government or *Financial Action*

*Task Force* findings. In order to assist *relevant firms*, the Joint Money Laundering Steering Group (JMLSG) publishes government, government department or *Financial Action Task Force* findings, of the kind referred to in *ML 5.1.3R*. This information can be found on the JMLSG's website ([www.jmlsg.org.uk](http://www.jmlsg.org.uk)) or accessed indirectly via the *FSA*'s website ([www.fsa.gov.uk](http://www.fsa.gov.uk)) or, in the case of *Financial Action Task Force* findings only, via the *Financial Action Task Force's* website ([www.fatf-gafi.org](http://www.fatf-gafi.org)). All *relevant firms* should check this information regularly to ensure that they keep up to date with current findings. This information will be published on the *FSA* website. *Firms* are required to access this information.

## Glossary of definitions

Amend the following definitions as shown

*money laundering*

~~an offence which involves the concealment, acquisition or use of criminal property or facilitating its concealment, acquisition or use, as defined for the time being in:~~

~~a) section 327 (Concealing etc), 328 (Arrangements) or 329 (Acquisition, use and possession) of the Proceeds of Crime Act 2002;~~

~~b) section 18 (Money laundering) of the Terrorism Act 2000.~~

any act which:

a) constitutes an offence under section 18 (Money laundering) of the Terrorism Act 2000; or

b) constitutes an offence under section 327 (Concealing etc), section 328 (Arrangements) or section 329 (Acquisition, use and possession) of the Proceeds of Crime Act 2002; or

c) constitutes an attempt, conspiracy or incitement to commit an offence specified in paragraph (b); or

d) constitutes aiding, abetting, counselling or procuring the commission of an offence specified in paragraph (b); or

e) would constitute an offence specified in paragraph (b), (c) or (d) if done in the *United Kingdom*.

*Money Laundering Directive* the Council Directive of 10 June 1991 on the prevention of the use of the financial system for the purpose of money laundering (91/308/EEC) as amended by the Council Directive of 4 December 2001 (2001/97/EEC).

*Money Laundering Regulations* the Money Laundering Regulations ~~1993 (SI 1993/1933)~~ 2003 (SI 2003/3075)  
(See *ML*).

*Money Laundering Regulations 2001* ~~the Money Laundering Regulations 2001 (SI 2001/3641)~~ [deleted]

## **WITH-PROFITS GOVERNANCE (POSTPONEMENT) INSTRUMENT 2004**

### **Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions of the Financial Services and Markets Act 2000 (the 'Act'):
- (1) section 59 (Approval);
  - (2) section 138 (General rule-making power);
  - (3) section 156 (General supplementary powers); and
  - (4) section 157(1) (Guidance).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

### **Commencement**

- C. This instrument comes into force immediately.

### **Amendments to the With-Profits Governance Instrument 2003**

- D. Paragraph C of the With-Profits Governance Instrument 2003 is amended to replace "31 March 2004" with "30 April 2004".

### **Citation**

- E. This instrument may be cited as the With-Profits Governance (Postponement) Instrument 2004.

By order of the Board  
19 February 2004

**WITH-PROFITS GOVERNANCE (AMENDMENT) (POSTPONEMENT)  
INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions of the Financial Services and Markets Act 2000 (the 'Act'):
- (1) section 138 (General rule-making power);
  - (2) section 156 (General supplementary powers); and
  - (3) section 157(1) (Guidance).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force immediately.

**Amendments to the With-Profits Governance (Amendment) Instrument 2003**

- D. Paragraph C of the With-Profits Governance (Amendment) Instrument 2003 is amended to replace "31 March 2004" with "30 April 2004".

**Citation**

- E. This instrument may be cited as the With-Profits Governance (Amendment) (Postponement) Instrument 2004.

By order of the Board  
19 February 2004

**MORTGAGES: CONDUCT OF BUSINESS  
SOURCEBOOK (AMENDMENT) INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in or under the Financial Services and Markets Act 2000 (the “Act”):
- (1) section 138 (General rule-making power);
  - (2) section 145 (Financial promotion rules);
  - (3) section 156 (General supplementary powers); and
  - (4) section 157(1) (Guidance).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force on 31 October 2004.

**Amendments to the Mortgages: Conduct of Business sourcebook**

- D. MCOB is amended in accordance with the Annex to this instrument.

**Citation**

- E. This instrument may be cited as the Mortgages: Conduct of Business Sourcebook (Amendment) Instrument 2004.

By order of the Board  
19 February 2004

## Annex

### Amendments to MCOB

In this Annex, underlining indicates new text and striking through indicates deleted text.

#### MCOB Transitional Provisions

(1)	(2) Material to which the transitional provision applies	(3)	(4) Transitional provision	(5) Transitional provision: dates in force	(6) Handbook provision: coming into force
1	Every <i>rule</i> in <i>MCOB</i> unless the context otherwise requires and subject to any more specific transitional provision relating to the matter.	R	If the application of any provision in <i>MCOB</i> is dependent on the occurrence of a series of events, some of which occur before, and some of which occur <u>on or</u> after, 31 October 2004, the provision applies with respect to the events that occur <u>on or</u> after 31 October 2004.	From 31 October 2004 for six months.	31 October 2004

(1)	(2) Material to which the transitional provision applies	(3)	(4) Transitional provision	(5) Transitional provision: dates in force	(6) Handbook provision: coming into force
2		G	<p>(1) For example, if a <i>customer</i> submits an application for a <i>regulated mortgage contract</i> before 31 October 2004, a <i>firm</i> responding to that application <u>on or after</u> 31 October 2004 will not be required to provide the <i>customer</i> with an <i>illustration</i> in accordance with <i>MCOB 5</i>. However, the <i>firm</i> will have to comply with the requirements in <i>MCOB</i> when taking any further action (such as issuing an offer) regarding the application <u>on or after</u> 31 October 2004.</p> <p>(2) An <i>offer document</i> may have to be issued under transitional provision 1R even though no <i>illustration</i> has been given out (because that part of the transaction occurred before 31 October 2004). In such cases the suitably adapted <i>illustration</i> required by <i>MCOB 6.4.4R</i> would need to omit:</p> <p>(a) the required text in <i>MCOB 6.4.4R</i>(<del>5</del> 4)(b); and</p> <p>...</p>		

(1)	(2) Material to which the transitional provision applies	(3)	(4) Transitional provision	(5) Transitional provision: dates in force	(6) Handbook provision: coming into force
3		G	<p><i>MCOB</i> applies to <i>regulated mortgage contracts</i> entered into on or after 31 October 2004. Variations made <u>on or after</u> that date to mortgage contracts entered into before that date are not subject to <i>FSA regulation</i> but may be subject to the Consumer Credit Act 1974. ...</p>		
4	<i>MCOB</i> 2.2.6R	R	<p>(1) A <i>firm</i> must disclose to a <i>customer</i> :</p> <p>...</p> <p>(c) details concerning complaints and redress for services provided before 31 October 2004 and those provided <u>on or after</u> 31 October 2004.</p> <p>(2) Unless already given to the <i>customer</i> before 31 October 2004, the information required in (1) must be communicated in a <i>durable medium</i> at the time of the first contact between the <i>firm</i> and the <i>customer</i> <u>on or after</u> 31 October 2004.</p>	From 31 October 2004 for six months.	31 October 2004

(1)	(2) Material to which the transitional provision applies	(3)	(4) Transitional provision	(5) Transitional provision: dates in force	(6) Handbook provision: coming into force
5	MCOB 2.2.6R		At 31 October 2004, there will be cases where a <i>firm</i> has issued documentation which satisfies the requirements of the Consumer Credit Act 1974, but where no CCA agreement has been concluded. A <i>customer</i> may even have signed a CCA agreement, which has not been executed before the onset of mortgage regulation. In such cases, a <i>firm</i> must take care to avoid giving the impression that any agreement reached <u>on or</u> after 31 October 2004 will be subject to the Consumer Credit Act 1974, ...		
6	MCOB 3.6	R	<p>(1) Providing it does not state or imply that protections under the Consumer Credit Act 1974 apply, a <i>non-real time qualifying credit promotion</i> communicated:</p> <p>(a) in a directory (or similar publication) that is updated annually;</p> <p>(b) otherwise than in (a);</p> <p><u>on or</u> after 31 October 2004 that was first communicated before that date will be in compliance with the rules in MCOB 3.6 if it satisfies the advertising requirements under the Consumer Credit Act 1974.</p> <p>...</p>	<p>(1)(a) From 31 October 2004 for one year;</p> <p>(1)(b) From 31 October 2004 for three months.</p>	31 October 2004

...

1.6.1 G *MCOB* applies to *regulated mortgage contracts* entered into on or after 31 October 2004. ...

...

## Annex 1 G

...

### 2 Table

The exclusions listed in this table are only a summary of the exclusions in the *Regulated Activities Order*. This summary is not a complete explanation of the exclusions and should not be relied on as if it were.

Type of firm	Regulated activity	Description of activity	Summary of exclusions
...			
<i>mortgage administrator</i>	<i>administering a regulated mortgage contract</i> where that contract is entered into <u>on or after</u> 31 October 2004 (article 61(2) ( <i>Regulated mortgage contracts</i> )).	...	...
<i>mortgage adviser</i>	<i>advising on regulated mortgage contracts</i> (article 53A ( <i>Advising on regulated mortgage contracts</i> )).	Giving <i>advice</i> to a <i>person</i> in his capacity as borrower or potential borrower on the merits of doing any of the following:  ...  (2) varying the terms of a <i>regulated mortgage contract</i> entered into <u>on or after</u> 31 October 2004 in such a way as to vary the borrower's obligations under the contract (see <i>AUTH</i> App 4.6 ( <i>Advising on regulated mortgage contracts</i> )).	...
...			

...

...

2 Table

Chapter	Who does the chapter apply to?
...	
MCOB 5 (Pre-application disclosure)	<p>The whole chapter applies to a <i>mortgage lender</i>; <i>mortgage administrator</i>; <i>mortgage adviser</i> and <i>mortgage arranger</i>, when it:</p> <p>(1) makes a <i>personal recommendation</i> about a particular <del>mortgage</del> <u>regulated mortgage contract</u> to a <i>customer</i>; or</p> <p>...</p>

...

Annex 4G

...

2 This table belongs to MCOB 1.4.1G

[Note: Handbook modules marked with an asterisk will be amended to take account of the introduction of mortgage regulation. The relevant amendments will take effect on 31 October 2004].

	Module	Application

...

3.6.9 R A non-real time qualifying credit promotion must:

- (1) ...; ~~and~~
- (2) ...; and
- (3) not contain the 'key facts' logo unless it is required by a rule.

...

4.1.4 R (1) MCOB 4.4 (Initial disclosure requirements) applies only in relation to varying the terms of a *regulated mortgage contract* entered into by the *customer* in any of the following ways:

...

- (c) switching all or part of the *regulated mortgage contract* from one ~~type of~~ interest rate to another.

...

...

4.1.8 G The FSA would not view the removal of a party to the regulated mortgage contract following the death of that party (and where no other variation is proposed) as a variation for the purposes of MCOB 4.1.4R(1).

...

4.4.7 R (1) If the initial contact of a kind in MCOB 4.4.1R(1) is by telephone, then unless MCOB 4.4.1R(2)(a) applies, the following information must be given before proceeding further:

...

- (c) if the scope of the service is ~~not based on the whole market~~ MCOB 4.3.1R(1)(b), that the *customer* can request a copy of the list of *mortgage lenders* whose *regulated mortgage contracts* it offers ...

...

...

4.8.1 R (1) If a firm arranges a regulated mortgage contract or a variation to an existing regulated mortgage contract without giving a personal recommendation, it must ensure that all the questions it asks the customer about the customer's needs and circumstances are scripted in advance.

(2) In the remainder of MCOB 4.8, a reference to a firm providing information to a customer in relation to a regulated mortgage contract is to be read as including a reference to providing information in relation to varying the terms of an existing regulated mortgage contract if the context so requires.

7. ...

---

...

**Note 12** – if the *firm* receives commission instead of, or in addition to, *fees* from the *customer*, it must insert a plain language explanation of this (see specimen for a plain language example).

**Note 13** – insert a plain language description of when any *fees* are payable. This description could include, for example, a cash amount, a percentage of the loan amount or the amount per hour, as appropriate. However, where a cash amount is not disclosed, one or more examples of the cash amount must be included. If the *firm* offers more than one pricing option, it may illustrate each with a separate box. If a *firm* does not charge a fee, the text for the second box should be abbreviated to 'A fee'.

...

**Note 18** – these sections may be omitted in accordance with *MCOB* 4.4.1R(3). If this section is omitted, the other sections of the IDD must be renumbered accordingly.

...

**Note 19A** – if the *firm's* address on the *FSA Register* differs from that given on the IDD under note 5, the address on the *FSA Register* must be given in this section. If the address is the same as that given under note 5, it should be repeated in this section.

**Note 19B** – where the information is provided by an appointed representative, the appointed representative must use this text instead.

...

...

5.4.3 R A *mortgage intermediary* must take reasonable steps to ensure that an *illustration* which it issues, or which is to be issued on its behalf, other than that provided by a *mortgage lender*:

(1) is accurate within the following tolerances:

(a) no more than one percent or £1, whichever is the greater, below the actual figures charged by the *mortgage lender* for the following:

...

(iv) the amount by which the regular instalment (or the total amount payable for loans without a term or a regular repayment plan) would increase following a one percentage point increase in interest rates in Section 7 ~~of the illustration~~;

...

(2) except in the case of conveyancing fees and insurance premiums (where estimates may be used), is ~~absolutely~~ accurate in respect of other figures quoted in the *illustration* including fees payable to the *mortgage lender* or *mortgage intermediary* in Section 8 of the *illustration* and cash examples of *early repayment charges*, calculated in accordance with the rules in MCOB 5.6.84R to MCOB 5.6.88R, in Section 10 ~~of the illustration~~.

...

5.6.18 R ...

(3) If the amount on which the *illustration* is based includes the amount that the *customer* wants to borrow plus insurance premiums (other than a *higher lending charge* or where the premium is repaid over a term of 12 months or less and no interest is charged on the premium) that have been added to the loan:

...

...

5.6.34 R The following text must be included after the text required by MCOB 5.6.31R or MCOB 5.6.32R with the relevant cost measures shown in the right-hand column of Section 5 in accordance with the layout shown in MCOB 5 Ann 1R:

...

(2) "This means you pay back £ [insert the *total amount payable* divided by the amount on which the *illustration* is based from *MCOB 5.6.6R(2)* plus all fees, charges and insurance premiums added to the loan in accordance with *MCOB 5.6.18R(2)* and *MCOB 5.6.18R(3)*] for every £1 borrowed"; and

...

5.6.35 R ...

(3) ~~Where all the interest rolls up and is repaid as a lump sum at the end of the *regulated mortgage contract*, as, for example, in the case of a secured bridging loan, the *APR* and *total amount payable* must be based on the total amount that the *customer* would owe at the end of the term. [deleted]~~

...

...

5.6.59 R Under the section heading 'Are you comfortable with the risks?':

...

(2) paragraphs (1)(g) and (1)(h) do not apply where:

(a) the interest rate is fixed throughout the term of the *regulated mortgage contract*; ~~and~~ or

(b) ...

...

5.6.65 R The following text must be included at the end of Section 7 'Are you comfortable with the risks?':

"The FSA's ~~guide~~ information sheet 'You can afford your mortgage now, but what if ...?' will help you consider the risks. ...

...

5.6.66 R Under the section heading 'What fees must you pay?' the *illustration* must:

(1) itemise all the fees that are included in the calculation of the *APR* in accordance with *MCOB 10* (Annual Percentage Rate), excluding any charges for ~~any compulsory mortgage payment protection~~ insurance set out in Section 9 in accordance with *MCOB 5.6.73R*; and

...

...

5.6.77 R The following information must be included under the sub-heading 'Insurance you must take out as a condition of this mortgage but that you do not have to

take out through [insert the name of the *mortgage lender*, or where relevant the name of the *mortgage intermediary*, or both]’:

...

- (3) if no insurance policies are required (other than that which is a *tied product*), the sub-heading 'Insurance you must take out as a condition of this mortgage but that you do not have to take out through [insert name(s) of *mortgage lender* and, where relevant the *mortgage intermediary*]' must be retained in the *illustration* ...

5.6.78 G Under the sub-heading 'Insurance you must take out as a condition of this mortgage but that you do not have to take out through [insert name of *mortgage lender* or where relevant the name of the *mortgage intermediary*, or both]', the *illustration* should not ...

...

5.6.93 R ...

- (3) If a *firm* provides a *customer* with supplementary information about any additional features or facilities over and above the information required under MCOB 5.6.92R to MCOB 5.6.112G, the *firm* may include a reference to that supplementary information in Section 12.

...

5.6.103 R Where any of the additional features under MCOB 5.6.99R to MCOB 5.6.102R inclusive apply, then the following must also be stated if the amount of additional borrowing that would be available to the *customer* is stated in the *illustration*:

...

- (4) (where there is a regular payment plan) the payments on this total debt based on the frequency of payments in MCOB 5.6.40R and the current interest rate(s) ~~that would apply~~ applying on the date the *illustration* is issued;

...

5.6.104 R Where more than one additional borrowing facility from MCOB 5.6.99R to MCOB 5.6.102R applies, ~~MCOB 5.6.103R(3) and (4) must each be based on the total debt and total payments due under~~ of all these linked borrowing facilities and must be included under a separate sub-section titled 'Total additional borrowing'.

...

5.6.106 R (1) Where additional features are included in accordance with MCOB 5.6.92R and these are credit facilities that do not meet the definition of a *regulated mortgage contract*, the relevant parts of Section 12 of the *illustration* must include the following text:

"This additional feature is not regulated by the ~~Financial Services Authority~~ FSA".

...

...

5.6.117 R The amount payable in *MCOB* 5.6.113R(1) or *MCOB* 5.6.114R must include, but is not limited to:

...

5.6.118 G *MCOB* 2.3.7R requires any material inducements provided by a *mortgage lender, whether directly or indirectly, to a mortgage intermediary* or third party ~~connected to the mortgage intermediary (unless the payment only reflects the cost of outsourcing work relating to the processing of mortgage applications by a firm unconnected to the mortgage intermediary), by a mortgage lender, whether directly or indirectly,~~ to be quantified in cash terms,

...

...

5.6.129 R If the *regulated mortgage contract* is a *shared appreciation mortgage*, *MCOB* 5.6 applies to the *illustration* with the following amendments:

...

(2) Section 5 'Overall cost of this mortgage' of the *illustration* must contain the following text at the end of the section:

"The APR and the total amount you must pay do not take account of the share that [insert name of *mortgage lender*] takes in any increase in the value of your property as described in Section 3 ~~4~~. ...

...

...

5.6.140 R Under the section heading 'Are you comfortable with the risks?':

...

(2) paragraph (1)(e) does not apply:

(a) where the interest rate is fixed throughout the term of the *regulated mortgage contract*; ~~and~~ or

...

...

...

5.6.145 R The following text must be included at the end of Section 7 'Are you comfortable with the risks?':

"The FSA's ~~guide~~ information sheet 'You can afford your mortgage now, but what if ...?' will help you consider the risks. ...

...

5.7.2 R A *business illustration* provided to a *customer* must:

...

- (2) include the content required by *MCOB* 5.6.3R to *MCOB* 5.6.103R (except *MCOB* 5.6.5R, *MCOB* 5.6.101R, *MCOB* 5.6.109R – to *MCOB* 5.6.112G, ~~and~~ *MCOB* 5.6.120R and *MCOB* 5.6.121R);

...

...

6.1.3 R This chapter applies with respect to an offer made by a *firm* to a *customer* with a view to the *firm*:

...

- (2) varying the terms of a *regulated mortgage contract* entered into by the *customer* in any of the following ways:

...

- (c) switching all or part of the *regulated mortgage contract* from one ~~type of~~ interest rate to another;

...

...

6.4.4 R The *illustration* provided as part of the *offer document* in accordance with *MCOB* 6.4.1R(1) must meet the requirements of *MCOB* 5.6 (Content of illustrations) with the following modifications:

...

- (8) the fees recorded in the *illustration* that is part of the *offer document* in accordance with *MCOB* 5.6.66R(1) must include any fees ~~that have been~~ paid or payable by the *customer*;

...

...

7.4.1 R (Subject to *MCOB* 7.7.5R) A *firm* that enters into a *regulated mortgage contract* with a *customer* must provide the *customer* with the following information...

...

7.5.3 R The statement required by *MCOB* 7.5.1R must contain the following:

...

- (4) information at the date the statement is issued on:

...

- (e) the cost of redeeming the *regulated mortgage contract* (this must be shown as the sum of *MCOB 7.5.3R(4)(a)* and *MCOB 7.5.3R(4)(d)* plus any linked borrowing that cannot be retained (including the outstanding balances) plus any other charges that can be quantified at the date the statement is issued); if additional charges are payable that cannot be quantified at the point that the statement is issued (for example if the *customer* is in *arrears*) a warning must be included to that effect (~~see *MCOB 7.5.7R* regarding what is included in the cost of redeeming the *regulated mortgage contract*~~); and

...

- 7.5.7 R ~~The cost of redeeming a *regulated mortgage contract* referred to in *MCOB 7.5.3R(4)(e)* includes the full amount owed by the *customer* that must be repaid on surrendering the mortgage. This means that the balances of any *linked borrowing* that cannot be retained after the mortgage has been redeemed must be included in the calculation of the cost of redeeming the *regulated mortgage contract*. [deleted]~~

...

- 7.6.18 R Before a *customer* submits an application to a *firm* to change all or part of a *regulated mortgage contract* from one ~~type of~~ interest rate to another ...

...

- 7.6.22 R (1) ~~Except where (2) applies,~~ Before a *customer* submits an application to add or remove a party to a *regulated mortgage contract*, a *firm* must provide any *customer* who will remain or become a party to the contract with an *illustration* for the whole loan that complies with the requirements of *MCOB 5* (Pre-application disclosure).

- (2) ~~A *firm* is not required to provide the *illustration* required by (1) where the removal of a party to a *regulated mortgage contract* is the result of the death of that party, and no other party is to be added to the *regulated mortgage contract*.~~

- 7.6.23 G The *FSA* would not view:

(1) a simple notification of the death of a party to the *regulated mortgage contract* as an application for the purposes of *MCOB 7.6.22R*; or

(2) a guarantor as a party to a *regulated mortgage contract*;

so *MCOB 7.6.22R(1)* does not mean that someone becoming a surviving joint borrower on or a guarantor to the *regulated mortgage contract* should receive an *illustration*.

...

- 7.6.28 R If a *customer* requests, or agrees to, a change ...

...

- (5) where the *regulated mortgage contract* will change to an *interest-only mortgage*, a prominent reminder that the *customer* should have in place arrangements to repay the capital, using the following text:

'You will still owe [insert amount borrowed or, where part of the *regulated mortgage contract* is an *interest-only mortgage*, insert the amount borrowed under the *interest-only mortgage*] at the end of the mortgage term. You will need to make separate arrangements to repay this. When comparing the new payments on this mortgage with your ~~existing mortgage~~ previous payments, remember to add any money you may need to pay into a separate savings plan to build up a lump sum to repay the amount you have borrowed.'; and

...

...

Simultaneous request for a ~~product~~ rate switch and addition or removal of a party to a contract

- 7.6.33 G Where a *customer* simultaneously requests a ~~product~~ rate switch and the addition or removal of a party to the loan, ...

7. ...

...

**Note 13** – if the *firm* receives commission instead of, or in addition to, fees from the *customer*, it must insert a plain language explanation of this (see specimen for a plain language example).

**Note 14** – insert a plain language description of when any fees are payable. This description could include, for example, a cash amount, a percentage of the loan or reversion amount or the amount per hour, as appropriate. However, where a cash amount is not disclosed, one or more examples of the cash amount must be included. If the *firm* offers more than one pricing option, it may illustrate each with a separate box. If a *firm* does not charge a *fee*, the text for the second box should be abbreviated to 'A fee'.

...

**Note 19** – these sections may be omitted in accordance with *MCOB* 4.4.1R(3). If this section is omitted, the other sections of the IDD must be renumbered accordingly.

...

**Note 20A** – if the *firm*’s address on the *FSA Register* differs from that given on the IDD under note 5, the address on the *FSA Register* must be given in this section. If the address is the same as that given under note 5, it should be repeated in this section.

**Note 20B** – where the information is provided by an *appointed representative*, the *appointed representative* must use this text instead.

...

...

9.3.6 R A *mortgage intermediary* must take reasonable steps to ensure that an *illustration* which it issues, or which is issued on its behalf, other than that provided by a *mortgage lender*:

...

- (2) except in the case of conveyancing fees and insurance premiums (where estimates may be used) is ~~absolutely~~ accurate in respect of other figures quoted in the *illustration*, including fees payable to the *mortgage lender* or *mortgage intermediary* in Section 11 ~~of the *illustration*~~ and cash examples of *early repayment charges*, calculated in accordance with the rules at MCOB 9.4.83R to MCOB 9.4.88R, in Section 13 ~~of the *illustration*~~.

...

9.4.21 R ...

- (4) If the amount on which the *illustration* is based includes the amount that the *customer* wants to borrow plus insurance premiums (other than a *higher lending charge* or where the premium is repaid over a term of 12 months or less and no interest is charged on the premium) that have been added to the loan or amount to be drawn down;

...

...

9.4.37 R The heading of the column on the right-hand side of ~~for~~ Section 8 of the *illustration* must state the frequency with which payments must be made by the *customer*. (For example, if payments are to be made on a monthly basis, the heading for this section must be 'What you will ~~need to pay each month owe and when~~' and the column must be headed 'Monthly payments'.

...

9.4.51 R The table showing the projection in the section headed 'Projection of roll-up of interest' should show annual details in columns under the following headings:

...

- (4) 'Interest charged at [insert percentage(s)] per year': this must be the interest charge for the year in question, calculated on the balance at the start of the year plus the amount drawn down ~~during the year~~ (if applicable) and any fees added to the loan during the year. The percentage(s) used must be as follows:

...

...

9.4.65 R Under the section heading 'What fees must you pay?' the *illustration* must:

- (1) itemise all the fees that are included in the calculation of the *APR* in accordance with *MCOB 10* (Annual Percentage Rate), excluding any

charges for ~~any compulsory mortgage payment protection~~ insurance set out in Section 12 in accordance with MCOB 9.4.72R; and

...

...

9.4.76 R The following information must be included under the sub-heading 'Insurance you must take out as a condition of this mortgage but that you do not have to take out through [insert name of *mortgage lender* or where relevant the name of the *mortgage intermediary*, or both]':

...

(3) if no insurance policies are required (other than that which is a *tied product*), the sub-heading 'Insurance you must take out as a condition of this mortgage but that you do not have to take out through [insert name(s) of *mortgage lender* and, where relevant the *mortgage intermediary*] must be retained in the *illustration* ...

9.4.77 G Under the sub-heading 'Insurance you must take out as a condition of this mortgage but that you do not have to take out through [insert name of *mortgage lender* or where relevant the name of the *mortgage intermediary* or both]', the *illustration* should not ...

...

9.4.92 R ...

(3) If a *firm* provides a *customer* with supplementary information about any additional features or facilities over and above the information required under MCOB 9.4.91R to MCOB 9.4.110R, the *firm* may include a reference to that supplementary information in Section 14.

...

9.4.103 R Where any of the additional features under MCOB 9.4.99R to MCOB 9.4.102R inclusive apply, then the following must also be stated if the amount of additional borrowing that would be available to the *customer* is stated in the *illustration*:

...

(4) the payments on this total debt based on the frequency of payments in MCOB 9.4.37R (if payments are required) and the current interest rate(s) ~~that would apply~~ applying on the date the *illustration* is issued;

...

9.4.104 R Where more than one additional borrowing facility from MCOB 9.4.99R to MCOB 9.4.102R applies, ~~MCOB 9.4.103R(3) and (4) must each be based on the total debt and total payments due (if payments are required) under~~ of all these *linked borrowing* facilities and must be included under a separate sub-section titled 'Total additional borrowing'.

...

9.4.106 R (1) Where additional features are included in accordance with *MCOB* 9.4.91R and these are credit facilities that do not meet the definition of a *regulated mortgage contract*, the relevant parts of Section 14 of the *illustration* must include the following text:

"This additional feature is not regulated by the ~~Financial Services Authority~~ FSA".

...

...

9.4.123 R The amount payable in *MCOB* 9.4.119R(1) or *MCOB* 9.4.120R must include, but is not limited to:

...

9.4.124 G *MCOB* 2.3.7R requires any material inducements provided by a mortgage lender, whether directly or indirectly, to a mortgage intermediary or third party connected to the mortgage intermediary (unless the payment only reflects the cost of outsourcing work relating to the processing of mortgage applications by a firm unconnected to the mortgage intermediary), by a mortgage lender, whether directly or indirectly, to be quantified in cash terms,

...

...

9.5.4 R The *illustration* provided as part of the *offer document* in accordance with *MCOB* 6.4.1R(1) must meet the requirements of *MCOB* 9.4, with the following modifications:

...

(7) the fees recorded in the *illustration* that is part of the *offer document* in accordance with *MCOB* 9.4.65R(1) must include any fees ~~that have been paid or payable~~ by the customer;

...

...

9.6.2 R Table of modified cross-references to other rules:

This table belongs to *MCOB* 9.6.1R.

Subject	Rule or guidance	Reference in rule or guidance	To be read as a reference to:
...			
Frequency of statements	<i>MCOB</i> 7.5.6G	<i>MCOB</i> 7.5.3R(2)	<i>MCOB</i> 9.8.1R(2)
Cost of redeeming	<del><i>MCOB</i> 7.5.7R</del>	<del><i>MCOB</i> 7.5.3R(4)(e)</del>	<del><i>MCOB</i> 9.8.1R(4)(d)</del>
...			

Addition or removal of party to contract	<i>MCOB</i> 7.6.22R <del>(4)</del>		
...			

...

9.8.1 R The statement required by *MCOB* 7.5.1R must contain the following:

...  
 (4) information at the date the statement is issued on:

...

(d) the cost of redeeming the *regulated lifetime mortgage contract* at the date that the statement is issued (this must be shown as the sum of *MCOB* 9.8.1R(4)(a) and *MCOB* 9.8.1R(4)(c) plus any linked borrowing that cannot be retained (including the outstanding balances) plus any other charges that can be quantified at the date the statement is issued). If additional charges are payable that cannot be quantified at the point that the statement is issued (for example if the *customer* is in *arrears*) a warning must be included to that effect (see *MCOB* 7.5.7R regarding what is included in the cost of redeeming the *regulated lifetime mortgage contract*); and

...

...

Notification where additional borrowing taken up

9.8.4 G ...

...

10.3.1 R ~~(4)~~—The *APR* must be calculated so that, subject to ~~(4)~~ *MCOB* 10.3.1AR(3), the *annual percentage rate* of charge is the rate for *i* which satisfies the equation set out in ~~(2)~~ *MCOB* 10.3.1AR, expressed as a percentage.

~~(2)~~

10.3.1A R Table

This table belongs to *MCOB* 10.3.1R

The equation referred to in ~~(4)~~ *MCOB* 10.3.1R is:

$$\sum_{K=1}^{K=m} \frac{A_K}{(1+i)^{t_K}} = \sum_{K'=1}^{K'=m'} \frac{A'_{K'}}{(1+i)^{t_{K'}}$$

where  
 K is the number identifying a particular advance of credit;  
 K' is the number identifying a particular instalment;  
 AK is the amount of advance K;  
 A'K' is the amount of instalment K';  
 Σ represents the sum of all the terms indicated;  
 m is the number of advances of credit;  
 m' is the total number of instalments;  
 tK is the interval, expressed in years, between the *relevant date* and the date of the second advance and those of any subsequent advances numbered three to m; and  
 tK' is the interval, expressed in years, between the *relevant date* and the dates of instalments numbered one to m'.

10.3.1B R (31) In ~~(2)~~ MCOB 10.3.1AR, references to instalments are references to...

(42) Where more than one rate is given under ~~(1)~~ MCOB 10.3.1R, the *APR* is the positive rate nearest to zero ...

...

10.3.3 R ...

...	

...

12.4.1 R (1) A *firm* must ensure that any *regulated mortgage contract* that it *enters into* does not impose, and cannot be used to impose, a charge for *arrears* on a *customer* except where that charge is a reasonable estimate of the cost of the ~~as a result of the individual rules above,~~ additional administration required as a result of the *customer* being in *arrears*.

**MORTGAGES: CONDUCT OF BUSINESS SOURCEBOOK  
(CONSEQUENTIAL AMENDMENTS TO THE HANDBOOK) (NO 2)  
INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the powers listed in Schedule 4 to the Mortgages: Conduct of Business sourcebook.
- B. The rule-making powers listed in that Schedule are specified for the purpose of section 153(2) of the Financial Services and Markets Act 2000 (Rule-making instruments).

**Commencement**

- C. This instrument comes into force on 31 October 2004.

**Amendments to the Handbook**

- D. The modules of the FSA's Handbook of rules and guidance listed in column (1) below are amended in accordance with the Annexes to this instrument listed in column (2):

(1)	(2)
GEN	Annex A
AUTH	Annex B
Glossary	Annex C

**Citation**

- E. This instrument may be cited as the Mortgages: Conduct of Business Sourcebook (Consequential Amendments to the Handbook) (No 2) Instrument 2004.

By order of the Board  
19 February 2004

## Annex B

### Amendments to AUTH

In this Annex, underlining indicates new text and striking through indicates deleted text. All the text being amended in this Annex is made but not yet in force.<sup>2</sup>

Appendix 4 to the Authorisation manual

- 4.4.13 G The effect of the *Regulated Activities Order* is that mortgage contracts which are varied can fall into one of the following categories:
- (1) a contract that was entered into before 31 October 2004, and that is subsequently varied on or after that date so that it satisfies the conditions set out in *AUTH* App 4.4.1G(1) to (3), will not be a *regulated mortgage contract* (because it was not a *regulated mortgage contract* at the time it was entered into);
  - (2) a contract that was originally entered into before 31 October 2004, but is subsequently changed on or after that date such that a new contract is entered into, will be a *regulated mortgage contract* (provided, of course, that it meets the definition in the *Regulated Activities Order*); and
  - (3) a *regulated mortgage contract* that was originally entered into on or after 31 October 2004, and which is subsequently varied by, for example, making a further advance, will remain a *regulated mortgage contract*.
- 4.4.14 G It is possible for more than one mortgage contract to be secured by the same (first) charge. The first contract might be entered into before 31 October 2004 (and therefore not be a *regulated mortgage contract*) and a second contract entered into on or after 31 October 2004 (and be a *regulated mortgage contract*).
- ...
- 4.5.1 G Article 25A of the *Regulated Activities Order* describes two types of *regulated activities* concerned with *arranging regulated mortgage contracts*. These are:
- (1) making arrangements for another *person* to:
    - (a) enter into a *regulated mortgage contract* as borrower; or
    - (b) vary the terms of a *regulated mortgage contract* entered into by him as borrower on or after 31 October 2004 in such a way as to vary his obligations under the contract; and
- ...

---

<sup>2</sup> See the Mortgages: Conduct of Business Sourcebook (Consequential Amendments to the Handbook) Instrument 2003.

- 4.5.18 G In addition to the exclusion in article 33A, introducers may be able to take advantage of the exclusion in article 33 of the *Regulated Activities Order* (Introducing). This excludes arrangements where:
- ...
- (3) the introduction is made with a view to the provision of independent advice or the independent exercise of discretion in relation to *investments* generally or in relation to any class of *investments* (including mortgages) to which the arrangements relate. ~~Other exclusions~~

Other exclusions

- 4.5.19 G ...

...

- 4.8.2 G The definition does not include administration of a *regulated mortgage contract* which was not entered into by way of business. ... See, however, *AUTH* App 4.4.4G and *AUTH* App 4.4.13G for a discussion of how a variation of a mortgage contract entered into before 31 October 2004 could amount to the entry into a new *regulated mortgage contract* on or after 31 October 2004.

...

- 4.11.5 G For the purposes of *regulated mortgage activities*, sections 418(2), (4), (5), (5A) and (6) are relevant, as follows:
- (1) Section 418(2) refers to a case where a *UK-based person* carries on a *regulated activity* in another *EEA State* in the exercise of rights under a *Single Market Directive*. The only *Single Market Directive* which is relevant to mortgages is the *Banking Consolidation Directive*. ~~In the FSA's view, the regulated mortgage activities of entering into or administering a regulated mortgage contract or agreeing to carry on either of those activities may be carried on by a credit institution using the passport under that directive.~~

...

...

- 4.12.5 G Where a *person* is already an *appointed representative* (in relation to any non-mortgage activities) and he proposes to carry on, with effect from 31 October 2004, any *regulated mortgage activities*, he will need to consider the following matters.
- (1) He must become *authorised* if his proposed mortgage activities include either *entering into a regulated mortgage contract* or *administering a regulated mortgage contract*. ... He will therefore need to apply for a *permission* to cover all the *regulated activities* that he proposes to carry on on or after 31 October 2004.

...

## Annex C

### Amendments to the Glossary

Amend the following definitions as shown (underlining indicates new text, striking through indicates deleted text). All the text in this Annex is made but not yet in force.<sup>3</sup>

<i>administering a regulated lifetime mortgage contract</i>	the <i>regulated activity</i> , specified in article 61(2) of the <i>Regulated Activities Order</i> , which is in summary: administering a <i>regulated mortgage contract</i> (which is a <i>lifetime mortgage</i> ) where the contract was entered into <u>on or</u> after 31 October 2004.
<i>administering a regulated mortgage contract</i>	the <i>regulated activity</i> , specified in article 61(2) of the <i>Regulated Activities Order</i> , which is in summary: administering a <i>regulated mortgage contract</i> where the contract was entered into <u>on or</u> after 31 October 2004.
<i>advising on regulated mortgage contracts</i>	the <i>regulated activity</i> , specified in article 53A of the <i>Regulated Activities Order</i> , which is in summary: advising a <i>person</i> if the advice: <ul style="list-style-type: none"><li>(a) is given to the <i>person</i> in his capacity as a borrower or potential borrower; and</li><li>(b) is advice on the merits of his:<ul style="list-style-type: none"><li>(i) entering into a particular <i>regulated mortgage contract</i>; or</li><li>(ii) varying the terms of a <i>regulated mortgage contract</i> entered into by him <u>on or</u> after 31 October 2004 in such a way as to vary his obligations under that contract.</li></ul></li></ul>
<i>arranging qualifying credit</i>	the <i>controlled activity</i> , specified in paragraph 10A of Schedule 1 to the <i>Financial Promotion Order</i> , of making arrangements: <ul style="list-style-type: none"><li>(a) for another <i>person</i> to enter as borrower into an agreement for the provision of <i>qualifying credit</i>; or</li><li>(b) for a borrower under a <i>regulated mortgage contract</i>, entered into <u>on or</u> after 31 October 2004, to vary the terms of that contract.</li></ul>
<i>arranging (bringing about) regulated mortgage contracts</i>	the <i>regulated activity</i> , specified in article 25A(1) of the <i>Regulated Activities Order</i> , which is in summary: making arrangements for another <i>person</i> to:

---

<sup>3</sup> See the Mortgages: Conduct of Business Sourcebook (Consequential Amendments to the Handbook) Instrument 2003.

- (a) enter into a *regulated mortgage contract* as borrower; or
- (b) vary the terms of a *regulated mortgage contract* entered into by him as borrower on or after 31 October 2004.

(see also *arranging* (in relation to *regulated mortgage contracts*) and *making arrangements with a view to regulated mortgage contracts*.)

*entering into a regulated mortgage contract*

the *regulated activity*, specified in article 621(1) of the *Regulated Activities Order*, which is in summary: entering into a *regulated mortgage contract* as lender.

6.1.1 R ...

Application of COB 6.2.26R

6.1.1A R COB 6.2.26R applies to a *firm* when it sells, *personally recommends* or arranges for the sale of a *UCITS scheme* which is a *recognised scheme* under section 264 of the *Act* (Schemes constituted in other EEA States) to a *client*.

...

...

6.2.24 R ...

Exception from the requirement to provide key features for section 264 schemes

6.2.24A R When a *firm* sells, *personally recommends* or arranges for the sale of a *UCITS scheme* which is a *recognised scheme* under section 264 of the *Act* (Schemes constituted in other EEA States), then *COB 6.2.22R* does not apply.

6.2.25 R ...

...

Requirement to offer a simplified prospectus for section 264 schemes

6.2.26 R (1) When a *firm* sells, *personally recommends* or arranges for the sale of a *UCITS scheme* which is a *recognised scheme* under section 264 of the *Act* (Schemes constituted in other EEA States) to a *client*, it must offer the *client* free of charge a copy of the *scheme's* most recent simplified prospectus before an application for the *scheme holding* is completed.

(2) The simplified prospectus must meet the requirements of the *UCITS Directive* necessary for the *scheme* to enjoy the rights conferred by the *Directive*.

(3) When the *scheme holding* is purchased on behalf of a *client* by an *investment manager* exercising discretion, the requirement in (1) will be satisfied by the *investment manager* being offered the simplified prospectus free of charge before the application form for a *scheme holding* is completed.

(4) A *firm* must not carry on any of the activities referred to in (1) in relation to a *UCITS scheme* which is a *recognised scheme* under section 264 of the *Act* unless it is satisfied on reasonable grounds that:

(a) a copy of the *scheme's* simplified prospectus has been filed with the *FSA* before any *units* in the *scheme* are marketed in the *UK*; and

(b) the information contained in the simplified prospectus is up to date and is not in need of revision;

and that any subsequent amendments thereto have been filed with the *FSA*.

...

...

6.5.42 R If COB 6.4.13R (1) applies, for a *cash deposit ISA*, the *private customer* must be given the following minimum information (in accordance with COB 6.4.13R) in place of *key features*:

.....

(14) a warning that a *mini-* and *maxi-ISA* may not be opened in the same tax year and that, by opening a mini cash *ISA*, the *customer* will be limiting the amount of ~~tax-free savings~~ savings investment in equities that he can make through ISAs, if he does not already have a mini stocks and shares or insurance *ISA* (not applicable for a TESSA-only *ISA*).

...

## Annex B

### Amendments to the Conduct of Business sourcebook coming into force on 1 May 2004

In this Annex, underlining indicates new text and striking through indicates deleted text.

Other regulations and guidelines

- 3.5.3 G *A firm communicating a financial promotion* may also be subject to other regulations and guidelines, outside the remit of the *FSA*, such as:
- (1) the codes adopted or issued from time to time by the Advertising Standards Authority, ~~the Independent Television commission and the Radio Authority~~ and Office of Communications (OFCOM);
  - ...
  - ...
  - (4) the ~~Telecommunications (Data Protection and Privacy) Regulations 1999 (SI 1999/2093)~~ Privacy and Electronic Communications (EC Directive) Regulations (SI 2003/2426).

...

- 6.5.14 G ~~A~~ The description which a *firm* is required to provide under 6.5.13R(2) might include information on the following under 'risk factors', when relevant- matters set out in the following non-exhaustive list:
- (1) ...
  - ...
  - (17) guarantees or other actual or potential liabilities, and their effect or potential effect, whether they are attributable to:
    - (a) the contractual terms and benefits of the *packaged product* which the *private customer* is or may be acquiring; or
    - (b) the contractual terms and benefits of any of the *product provider's* other products; or
    - (c) the business activities of the *product provider* or its *associates*;
- if they have or may have a material adverse effect on the returns to the *private customer* or are otherwise material to his decision to invest.

## ADDENDUM

### CONDUCT OF BUSINESS SOURCEBOOK (AMENDMENT NO 16) INSTRUMENT 2004

In this Addendum, underlining indicates new text and striking through indicates deleted text.

Annex A of this instrument is amended as follows:

...

Application of COB 6.2.26R

- 6.1.12A R COB 6.2.26R applies to a *firm* when it sells, *personally recommends* or arranges for the sale of a *UCITS scheme* which is a recognised scheme under section 264 of the *Act* (Schemes constituted in other EEA States) to a *client*.

...

**CONFLICTS OF INTEREST (INVESTMENT RESEARCH)  
INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (“the Act”):
- (1) section 138 (General rule-making power);
  - (2) section 156 (General supplementary powers); and
  - (3) section 157(1) (Guidance).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force on 1 July 2004.

**Amendments to the Conduct of Business sourcebook**

- D. The Conduct of Business sourcebook is amended in accordance with Annex A to this instrument.

**Amendments to the Glossary**

- E. The Glossary is amended in accordance with Annex B to this instrument.

**Citation**

- F. This instrument may be cited as the Conflicts of Interest (Investment Research) Instrument 2004.

By order of the Board  
18 March 2004

## Annex A

### Amendments to the Conduct of Business sourcebook

In this Annex, underlining indicates new text and striking through indicates deleted text. Where an entire new section of text is being inserted, the place where it goes is indicated and it is not underlined. Text in square brackets is made but not yet in force<sup>1</sup>.

1.6.4 R ...

COB	Subject
...	
7.13	...
<u>7.16</u>	<u>Investment research</u>
...	

...

[2.2.4A G An offer or agreement to publish *investment research* which is, or to change a *published recommendation* so that it becomes, favourable to its subject (even if the subject is a *customer* of the *firm*), is an example of offering or accepting an inducement which is likely to conflict to a material extent with the *firm's* duties to its other *customers*. (See also *COB 5.10* in relation to inducements related to *corporate finance*] and *COB 7.16* in relation to *investment research*[.]

...

[5.10.2 G ... It also supplements other provisions in the *Handbook* (see, in particular, *COB 2.2* (Inducements and soft commission)], [~~and *COB 7.1* (Conflict of interest and material interest)~~] and *COB 7.16* (*Investment research*)[].]

...

[7.13.6A G For the purposes of *COB 7.13.6 R* (2), the *FSA* considers that an *investment analyst* is likely to be involved to a material extent in the *firm's designated investment business*.] *Firms* are reminded that there are further provisions relating to the management and activities of *investment analysts* in *COB 7.16*.

After *COB 7.15* insert the following new section:

---

<sup>1</sup> See the Conflicts of Interest (Corporate Finance and Investment Analysts) Instrument 2003, the commencement date of which was deferred from 1 February 2004 to 1 May 2004 by the Conflicts of Interest (Corporate Finance and Investment Analysts) (Postponement) Instrument 2004

- 7.16 Investment research
- Application
- 7.16.1 R This section applies to a *firm* that prepares *investment research* for publication or distribution to its *clients*, or that publishes or distributes *investment research* to its *clients*.
- Purpose
- 7.16.2 G The purpose of this section is to amplify relevant *Principles*, and set out particular steps a *firm* should take, in relation to *investment analysts* and *investment research*. The *FSA* considers that in this context *Principle 1* (Integrity), *Principle 2* (Skill, care and diligence), *Principle 3* (Management and control), *Principle 5* (Market Conduct), *Principle 6* (Customers' interests), *Principle 7* (Communication with clients) and *Principle 8* (Conflicts of interest) are particularly relevant.
- Conflicts of interest in investment research: general
- 7.16.3 G The *FSA* considers that conflicts of interest are much less likely to arise if *investment research* is solely for a *firm's* own internal use, for example to inform its decisions about managing its proprietary trading or its strategic direction. The *FSA* considers that it is inappropriate for an analyst to prepare research papers or analyses which are intended firstly for internal use for the *firm's* own advantage, and then for later publication to *clients* (in circumstances in which it might reasonably be expected to have a material influence on the *clients'* investment decisions).
- 7.16.4 G The obligations referred to in *COB 7.16.2G* apply to all types of *investment research*. A *firm's* senior management is responsible for ensuring that its systems, controls and procedures are robust and adequate to identify and manage the conflicts of interest which arise in relation to *investment research* or similar publications, and to ensure, as far as practicable, that those arrangements operate effectively. The *FSA* does not consider that these conflicts of interest can be adequately managed by disclosure alone.
- Policies for managing conflicts of interest: impartial investment research
- 7.16.5 R (1) This *rule* applies to a *firm* that publishes or distributes *investment research* and where either:
- (a) the *firm* holds it out (in whatever terms) as being an impartial assessment of the value or prospects of its subject matter; or
  - (b) it is reasonable for those to whom the *firm* has published or distributed it to rely on it as an impartial assessment of the value or prospects of its subject matter.
- (2) If this *rule* applies, a *firm* must:
- (a) establish and implement a policy, appropriate to the *firm*, for managing effectively the conflicts of interest which might affect the impartiality of *investment research* of the type described in (1);
  - (b) make a record of the policy and retain it until at least three years after it ceases to have effect;
  - (c) take reasonable steps to ensure that it and its *employees* comply with the policy;

- (d) make available to any *person* in writing, on request, a copy of the policy (for example, by including it on an appropriate website); and
  - (e) take reasonable steps to ensure that the policy remains appropriate and effective.
- (3) The policy must identify the types of *investment research* to which it applies, and must make provision for systems, controls and procedures (making clear the extent to which the *firm's* policy relies on *Chinese walls* or other information barriers within the *firm*):
- (a) to identify conflicts of interest which might affect the impartiality of the *investment research* to which the policy relates; and
  - (b) to manage effectively conflicts of interest, to the extent that they arise or might arise within the *firm*, in relation to at least the following:
    - (i) the supervision and management of *investment analysts*;
    - (ii) the remuneration structure for *investment analysts*;
    - (iii) the extent to which *investment analysts* may become involved in activities other than the preparation of *investment research*;
    - (iv) the extent to which (if at all) inducements offered by *issuers*, or others with a material interest in the subject matter of *investment research*, may be accepted by *investment analysts* or senior *employees* of the *firm*;
    - (v) who may comment on draft *investment research* before publication, and the process for taking account of their comments;
    - (vi) the timing and manner of publication and distribution of *investment research* and of the communication of its substance; and
    - (vii) what information or disclosures are appropriate to include in the *investment research* (taking due account of matters required by law).

- 7.16.6 G (1) *Investment research* may be held out as impartial in various ways, for example if it is labelled with that term or similar terms like ‘independent’ or ‘objective’. Even without this kind of labelling on the *investment research* itself, it may still be held out as impartial if, for example, the *firm's* representatives state that it is so (in writing or orally), or behave in a way that reasonably gives that impression.
- (2) The policy a *firm* makes available under COB 7.16.5R(2) is likely to be implemented by detailed procedures and operational arrangements. Those detailed procedures and operational arrangements need not be published.

Policy content: general

- 7.16.7 G *Firms* should organise the *investment research* function (including the way in which their *investment analysts* are supervised and remunerated) in a way which minimises the potential influence of the commercial interests of the *firm*, its *employees*, its *associates*, or its *clients*, on the impartiality of its *investment research*.

- 7.16.8 G A *firm's* policy under COB 7.16.5R should be appropriate for its own structure and business. The policy will therefore need to take account of the following factors (further *guidance* on what an appropriate policy might cover is set out in COB 7.16.9G to 7.16.15G, not all of which will be relevant to every *firm*):
- (1) the *firm's* size and organisational structure;
  - (2) the classification under COB 4.1 of its *clients*, to whom the *investment research* is published or distributed, and their experience and expertise;
  - (3) the nature of the *investments* in relation to which (or in relation to the *issuers* of which) the *firm* publishes or distributes *investment research*; and
  - (4) the nature of the business which it conducts with or for its *clients* and on its own account.

Policy content: supervision and remuneration of analysts

- 7.16.9 G If an individual (such as someone involved in raising capital for a corporate *client*) has responsibilities that might reasonably be considered to conflict with the interests of the *clients* to whom the *investment research* is published or distributed, it will not usually be appropriate for him to be responsible for:
- (1) the day to day supervision or control of an *investment analyst*;
  - (2) decisions on the subject matter or content of *investment research* or the timing of its publication (though it may be appropriate for him to have an opportunity to check the accuracy of the facts relied on in the *investment research*);
  - (3) determining the remuneration of an *investment analyst*.

- 7.16.10 G (1) An *investment analyst's* remuneration should be structured so as not to create (or reasonably suggest the creation of) an incentive which is inconsistent with the provision of an impartial assessment of the subject matter of *investment research* by the *analyst*.
- (2) An *investment analyst's* remuneration should not be linked to a specific transaction, or to recommendations contained in *investment research*, but it may be linked to the general profits of the *firm*.

Policy content: involvement of analysts in other activities

- 7.16.11 G (1) An *investment analyst* should not be involved in activities in a way which suggests that he is representing the interests of the *firm* or a *client* if this is likely reasonably to appear to be inconsistent with providing an impartial assessment of the value or prospects of the *relevant investments*.
- (2) A *firm's* policy may allow it to use an *investment analyst's* knowledge and information to assist it to research *corporate finance business* opportunities, to provide ideas to sales or trading staff, or to provide information and advice to the *firm's* investment *clients*.
- (3) It is likely to be inappropriate for the policy to allow the *firm* to:
- (a) use an *investment analyst* in a marketing capacity (for example in pitches to solicit or obtain *corporate finance business* from the *issuer* of a *relevant investment*), if this would give a reasonable perception of lack of impartiality in his *investment research*; or

- (b) allow an *investment analyst* to act in a way which reasonably appears to be representing the *issuer* of a *relevant investment*, for example, in roadshows relating to issues or allocations of *relevant investments*.

Policy content: avoiding inappropriate influences

- 7.16.12 G *Firms* should put in place arrangements so that *investment research* sets out impartial views about the value or prospects of the *relevant investment* or the *relevant issuer* of the *investment analyst* or *analysts* responsible for its content. For example:
- (1) the *firm* should prohibit any of its *investment analysts* or other employees, from offering or accepting an inducement to provide favourable *investment research* (*COB 2.2.3R* requires the *firm* itself to take reasonable steps to ensure that such inducements are not offered, given, solicited or accepted);
  - (2) the *firm* should not give effective editorial control to someone whose role or commercial interests might reasonably be considered to conflict with the interests of the *clients* to whom the *investment research* is to be published or distributed; accordingly, a *firm* should:
    - (a) not allow anyone other than an *investment analyst* (such as a *relevant issuer*) to approve the content of *investment research* before *publication*; and
    - (b) only allow a *person* outside the *firm* (such as a *relevant issuer*), or any *employee* other than an *investment analyst*, to view it before its *publication* for verification of factual information in the *investment research*.

Policy content: means and timing of publication

- 7.16.13 G A *firm's* policy and procedures should provide for *investment research* to be published or distributed to its *clients* in an appropriate manner. For example it will be:
- (1) appropriate for a *firm* to take reasonable steps to ensure that its *investment research* is published or distributed only through its usual channels, as set out in the policy;
  - (2) inappropriate for an *employee* (whether or not an *investment analyst*) to communicate the substance of any *investment research*, except as set out in the policy.
- 7.16.14 G A *firm* should also consider whether or not other business activities of the *firm* could create the reasonable perception that its *investment research* may not be an impartial analysis of the market in or the value or prospects of a *relevant investment*. Consequently a *firm* should consider whether its policy should contain any restrictions on the timing of the publication of *investment research*. For example, a *firm* might consider whether it should restrict publication of relevant *investment research* around the time of an investment offering.

Policy content: disclosures

- 7.16.15 G A *firm* should consider what information by way of disclosures should accompany the *investment research* it publishes or distributes.

## Annex B

### Amendments to the Glossary

In this Annex all text is new and is not underlined.

Insert the following new definitions in the Glossary in the appropriate alphabetical position:

*relevant investment* (in relation to *investment research* or a public appearance) a *designated investment* that is the subject of that research or appearance.

*relevant issuer*

- (a) (in relation to a *designated investment* that is the subject of *investment research* or a *public appearance*) the *issuer* of that *designated investment*; or
- (b) (in relation to a *related designated investment* that is the subject of *investment research* or a *public appearance*) either the *issuer* of the *related designated investment* or the *issuer* of a *designated investment* that might reasonably be expected directly to affect the value of the *related designated investment*.

**CLIENT ASSETS SOURCEBOOK (AMENDMENT) INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of:
- (1) the powers and related provisions in the following sections of the Financial Services and Markets Act 2000 (“the Act”):
    - (a) section 138 (General rule-making power);
    - (b) section 139(1) (Miscellaneous ancillary matters).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force on 1 May 2004.

**Amendments to the Client Assets sourcebook**

- D. The Client Assets sourcebook is amended in accordance with the Annex to this instrument.

**Citation**

- G. This instrument may be cited as the Client Assets Sourcebook (Amendment) Instrument 2004.

By order of the Board  
18 March 2004

## Annex

### Amendments to the Client Assets sourcebook

In this Annex, underlining indicates new text and striking through indicates deleted text.

- 4.1.16 R *Money* need not be treated as *client money* in respect of a delivery versus payment transaction, for the purpose of settling a transaction in relation to *units* in a *regulated collective investment scheme*, if:
- (1) the ~~firm~~ authorised fund manager receives it from a *client* in relation to the ~~firm's~~ authorised fund manager's obligation to issue *units* in an AUT or to arrange for the issue of units in an ICVC, in accordance with *CIS*, unless the *price* of those *units* has not been determined by the close of business on the next *business day*:
    - (a) following the date of the receipt of the *money* from the *client*; or
    - (b) if the *money* was received by an *appointed representative* of the ~~firm~~ authorised fund manager, in accordance with *CASS 4.3.15R*, following the date of receipt at the specified business address of the ~~firm~~ authorised fund manager; or
  - (2) the *money* is held in the course of redeeming *units* where the proceeds of that redemption are paid to a *client* within the time specified in *CIS*; when a ~~firm~~ an authorised fund manager draws a cheque or other payable order within these timeframes the provisions of *CASS 4.3.101R* and *CASS 4.3.102R* will not apply.

**TRAINING AND COMPETENCE SOURCEBOOK  
(EXAMINATIONS AND MISCELLANEOUS AMENDMENTS) INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (“the Act”):
- (1) section 138 (General rule-making power);
  - (2) section 149 (Evidential provisions);
  - (3) section 150(2) (Actions for damages);
  - (4) section 156 (General supplementary powers); and
  - (5) section 157(1) (Guidance).
- B. The provisions of the Act relevant to rules and listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force on:
- (1) 1 May 2004 for TC 2.5.7G, TC 2.7.4G and TC 2.8.1 R (2) (miscellaneous provisions in Annex A);
  - (2) 31 October 2004 for:
    - (a) the amendments to TC 2.1.4R (relating to the activities to which TC 2 applies); and
    - (b) row 1(p) - (q) and the provision 2(g) in the table in TC 2.5.1AR (relating to the time limits for examinations in respect of mortgage business);
  - (3) 14 January 2005 for:
    - (a) row 1(r) in the table in TC 2.5.1AR (relating to the time limits for examinations in respect of insurance mediation business); and
    - (b) the words in square brackets, in both places where they occur, in TC 2.5.5R(1) which then replace “TC 2.4.5R(2)”; and
  - (4) 1 July 2004 for all other provisions (relating to examinations).

**Amendments to the Training and Competence sourcebook (TC)**

D. TC is amended in accordance with Annex A to this instrument.

**Amendments to the Supervision manual (SUP)**

E. SUP is amended in accordance with Annex B to this instrument.

**Amendments to the Glossary**

F. The Glossary is amended in accordance with Annex C to this instrument.

**Citation**

G. This instrument may be cited as the Training and Competence Sourcebook (Examinations and Miscellaneous Amendments) Instrument 2004.

By order of the Board  
18 March 2004

## Annex A

### Amendments to the Training and Competence sourcebook

In this Annex, underlining indicates new text and striking through indicates deleted text (unless it is in square brackets as explained in the footnotes to TC 2.4.2R and TC 2.4.5R). Where entire annexes are being deleted, they are indicated but are not reproduced.

#### 1 Table Transitional Provisions

(1)	(2)	(3)	(4)	(5)	(6)
	Material to which the transitional provision applies		Transitional provision	Transitional provision: dates in force	Handbook provision: coming into force
...					
4	<i>TC 2.5.1 R (1) and (2)</i>	R	(1) A <i>firm</i> which, immediately before <i>commencement</i> , was required to comply with specific training and competence requirements imposed by its <i>previous regulator</i> , may, in respect of the individuals employed before <i>commencement</i> , comply with the requirements of <i>TC 2.5.1 R (1) and (2)</i> by ensuring that those individuals pass the <del>relevant <i>approved examinations</i></del> <u>appropriate examinations</u> within the time limits imposed by its <i>previous regulator</i> .	From <i>commencement</i>	<i>Commencement</i>
...					

...

2.1.4R Table: Activities to which TC2 applies

...

	Activity	Extent of Application
1. <i>Employees</i> engaging in:	Advising (without dealing) ... (p) <i>advising a customer on a:</i>  (i) <i>regulated mortgage contract (including a <u>other than a regulated lifetime mortgage contract</u> or a regulated mortgage contract that is for a business purpose; and</i>  (ii) <i>a regulated lifetime mortgage contract.</i> <sup>1</sup> ...	

2.2.2 G The *firm* should take reasonable steps to obtain information about the knowledge and skills of the individual in *TC 2.2.1R*, including any appropriate examination ~~approved examination~~ passes, from a suitable source within a reasonable time.

...

2.4.2 R [(1)]<sup>2</sup> A *firm* which permits an *employee* to engage in an activity with or for a *private customer* under supervision must ensure that:

(1)[(1)(a)] the *employee* has first passed the relevant regulatory module of an appropriate examination ~~approved examination~~; and

<sup>1</sup> 1(p) was inserted by the Mortgages: Conduct of Business Sourcebook (Consequential Amendments to the Handbook) Instrument 2003 (FSA 2003/72) to come into force on 31 October 2004. This wording shows the changes to the wording in that instrument.

<sup>2</sup> The amendments in this rule and in *TC 2.4.5R* indicated by [ ] are the amendments contained in Annex E of the Insurance: Conduct of Business Sourcebook (Consequential Amendments to the Handbook) Instrument 2004 (FSA 2004/08) which was made on 15 January 2004 and which will come into force on 14 January 2005.

(2)[(2)(b)] the *firm* has satisfied itself that the *employee* has an adequate level of knowledge and skills to act with or for *private customers* while under supervision.

[(2) (1)(a) does not apply when this activity is an *insurance mediation activity* in relation to a *non-investment insurance contract*.]

...

2.4.4 R If a *firm* permits an *employee* under supervision to engage in:

(1) *advising on investments* which are, and *dealing with* ~~or~~ or for *clients* in, *securities* (other than *stakeholder pension schemes* or *broker funds*), *derivatives* or both such *securities* and *derivatives*; or

...

the *firm* must ensure that the *employee* has first passed ~~the~~ an appropriate examination ~~approved examination~~ before permitting the *employee* to engage in the relevant activity.

Assessing competence

2.4.5 R [(1)]<sup>3</sup> A *firm* must not assess an *employee* as competent to engage in or oversee an activity unless the *employee*:

(1)[(1)(a)] has been assessed as competent to apply the knowledge and skills necessary to engage in or oversee the activity without supervision; and

(2)[(2)(b)] has passed each module of ~~the~~ an appropriate ~~approved examination~~ examination ~~specified in the annexes to TC 2.~~

[(2) (1)(b) does not apply when this activity is an *insurance mediation activity* in relation to a *non-investment insurance contract*.]

...

2.5 ~~Approved examinations~~ Appropriate examinations

Time limits

2.5.1 R (1) A *firm* must ensure that an *employee* under supervision passes ~~the~~ an appropriate examination ~~approved examination~~ within the time specified in ~~the annexes to TC2~~ TC 2.5.1AR, and, for this purpose, a *firm* must record the date on which the *employee* began engaging in or overseeing the relevant activity.

---

<sup>3</sup> See the footnote to TC 2.4.2R.

- (2) For the purposes of calculating the time spent by an *employee* under supervision, a *firm* must:
- (a) aggregate periods of time spent engaging in or overseeing the activity during different periods of employment; and
  - ...
- (3) A *firm* must ensure that any *employee* who does not pass an appropriate examination ~~the approved examination~~ within the specified time:
- (a) ceases to engage in or oversee the activity; and
  - (b) does not resume the activity or oversee the activity without first passing an appropriate examination ~~the approved examination~~.

2.5.1A R      The time limits to which TC 2.5.1R applies

Activity in TC 2.1.4 R	Examination must be passed:
1. (a) – (c)	<u>before starting the activity</u>
(d) – (e)	<u>within 30 months of starting the activity</u>
(f) – (g)	<u>within two years of starting the activity</u>
(h)	<u>(no examination requirement)</u>
(i) – (l)	<u>within two years of starting the activity</u>
(m) – (o)	<u>before starting the activity</u>
(p) – (q)	<u>within two years of starting the activity</u>
(r)	<u>(no examination requirement)</u>
2. (a) – (g)	<u>within two years of starting the activity</u>

- 2.5.2 G      A *firm* should, for the purposes of TC 2.8.1R (Record keeping), make and retain records of the time limits within which the appropriate examination-~~approved examination~~ has been passed.

Advising and dealing: restarting the activity

- 2.5.3 R      A *firm* must ensure that an *employee* does not recommence engaging in the activity of *advising on investments* which are, and *dealing* with or for *clients* in, *securities* (other than *stakeholder pension schemes* or *broker funds*), *derivatives* or both such *securities* and *derivatives* if:

- (1) the *employee* has not engaged in that activity for 12 ~~months~~ months; and

- (2) two years have elapsed since the *employee* passed an appropriate examination ~~approved examination~~ for that activity;

unless the *firm* can demonstrate that the *employee* has sufficient experience and has kept his technical and regulatory knowledge up to date. If the *firm* cannot do so it must require the *employee* to pass an appropriate examination ~~the appropriate approved examination~~.

...

Exemption from an appropriate examination ~~the approved examination~~

- 2.5.5 R (1) Except as described in (2) and (3), if a *firm* is satisfied that an *employee*:
- (a) has at least three years' up-to-date relevant experience in the activity in question obtained while employed outside the *United Kingdom*;
  - (b) had not previously been required to comply fully with the relevant examination requirements as stipulated in *TC* 2.4.5R(2) [*TC* 2.4.5R(1)(b)]<sup>4</sup>; and
  - (c) has passed the relevant regulatory module of an appropriate examination ~~approved examination~~;

then the requirement to have passed each module of an ~~the~~ appropriate examination ~~approved examination~~ in *TC* 2.4.5R(2) [*TC* 2.4.5R(1)(b)]<sup>4</sup> does not apply for that *employee*.

...

~~European and other overseas examinations~~

- 2.5.7 G ~~The annexes to *TC* 2 give details of the extent to which European and other overseas based examinations are appropriate for an activity. In addition, the definition of *approved examination* includes an examination which is equivalent in accordance with the *Diploma Directives*. [deleted]~~

Appropriate examinations

- 2.5.8 E (1) This rule applies for the purposes of *TC* 2.4.2R, *TC* 2.4.4R, *TC* 2.4.5R, *TC* 2.5.1R, *TC* 2.5.3R, *TC* 2.5.5R and *TC* 2.7.5R.
- (2) In ensuring that an examination is appropriate, a *firm* should select an appropriate examination from the list of examinations maintained by The Financial Services Skills Council as amended from time to time.

---

<sup>4</sup> See Commencement provisions C(3)(b) on page 1 of this instrument.

(3) Compliance with (2) may be relied on as tending to establish compliance with the *rules* referred to in (1).

...

2.7.4 G Appropriate supervision will vary according to the competence of the *employee* and is likely to be less intense once competence has been attained. If the *employee* is, for example, a *sole trader*, or the only *director* or *partner* *engaging in the activity*, the *firm* should make whatever arrangements are appropriate in the circumstances, bearing in mind that it can become difficult to be objective about one's own performance.

Supervisors of employees advising private customers on packaged products

2.7.5 R If an *employee* is engaging in the activity of giving advice on *investments* which are *packaged products* to *private customers*, the *firm* must ensure that the individual supervising that *employee*:

(1) has passed an appropriate examination~~approved examination~~; and

....

...

2.8.1 R (1) A *firm* must make appropriate records to demonstrate compliance with the *rules* in this chapter.

(2) The records in (1) must be retained by the *firm* for at least three years after ~~cessation of an *employee's* ceases to engage in or oversee an~~ activity appointment with the *firm*, except for the records of *pension transfer specialists*, which must be retained indefinitely.

Annexes 1-10 [deleted]<sup>5</sup>

TC 2.8.1 R (1)	Compliance with sourcebook	Data on competence, relevant to compliance with the sourcebook	When the <i>employee</i> begins in the activity and on a continuing basis	<u>For 3 years only after an <i>employee</i> ceases to engage in or oversee an activity or Employment plus 3 years</u> or for PTS indefinite

## Annex B

### Amendments to the Supervision manual

In this Annex, underlining indicates new text and striking through indicates deleted text.

10.10.9 G When considering an application for *approval* in relation to this *controlled function*, the *FSA* may ask for evidence of the individual's competence. *TC 2.4.1R* provides that a *firm* must ensure that an *employee* is not allowed to engage in an activity unless the *employee* has been assessed as competent in that activity, in accordance with *TC 2.4.5R*, or is appropriately supervised. *TC 2.4.5R* provides that a *firm* must, before an *employee* can be assessed as competent, ensure that the *employee* has been assessed as able to apply the knowledge and skills necessary to engage without supervision in the relevant activity and has passed an ~~the~~ appropriate examination ~~approved examination~~.

10.10.10 G The *FSA* would expect an individual from overseas to be accompanied on a visit to a *customer*. *TC 2.5.5R(1)* provides that the *firm* will have to be satisfied that the individual has at least three years' up-to-date relevant experience obtained outside the *United Kingdom*. However, the remaining provisions of *TC 2.5.5R (1)* are disapplied in these circumstances (except for an individual who gives advice to *private customers* on *packaged products* or is a *broker fund adviser*). The effect of this is that the individual who may have previously been required to comply fully with the *United Kingdom* examination requirements, now need not pass the relevant regulatory module of an appropriate examination ~~approved examination~~ (see *TC 2.5.5R(3)* and (4)).

...

10.10.13A G The *FSA* would expect an individual from overseas to be accompanied on a visit to a *customer*. *TC 2.5.5R(1)* provides that the *firm* will have to be satisfied that the individual has at least three years' up-to-date relevant experience obtained outside the *United Kingdom*. However, the remaining provisions of *TC 2.5.5R(1)* are disapplied in these circumstances. The effect of this is that the individual, who may previously have been required to comply fully with the *United Kingdom* examination requirements, now need not pass the relevant regulatory module of an appropriate examination ~~approved examination~~ (see *TC 2.5.5R(3)* and (4)).

...

10.10.22 G The *FSA* would expect an individual from overseas to be accompanied on a visit to a *customer*. *TC 2.5.5R(1)* provides that the *firm* will have to be satisfied that the individual has at least three years' up-to-date relevant experience obtained outside the *United Kingdom*. However, the remaining provisions of *TC 2.5.5R(1)* are disapplied in these circumstances. The effect of this is that the individual, who may previously have been required to comply fully with the *United Kingdom* examination requirements, now need

not pass the relevant regulatory module of an appropriate examination  
~~approved examination~~ (see *TC 2.5.5R(3)* and (4)).

Approved person regime forms

Form A

Application to perform controlled functions under the approved persons regime

3.07 If the answer to 3.06 is “YES”, indicate which of the following formed part of the assessment (only tick one box):

Passing the relevant module(s) of an ~~the~~ appropriate examination ~~as specified in the annexes to TC2~~ as required by TC 2.4.5 R

OR

Complying with *TC 2.5.5R* (~~Approved examinations~~ Appropriate examinations)

OR

Complying with *TC* Transitional Provisions

## Annex C

### Amendments to the Glossary

In this Annex, striking through indicates deleted text.

*approved examination* ~~an examination listed in the annexes to *TC2*, or an examination which is equivalent in accordance with the *Diploma Directives*.~~

**APPLICATION FEES (2004/2005) INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (“the Act”):
- (1) section 156 (General supplementary powers);
  - (2) section 157(1) (Guidance); and
  - (3) paragraph 17(1) of Schedule 1 (Fees).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force on 1 April 2004.

**Amendments to the Handbook**

- D. (1) The Authorisation manual (AUTH) is amended in accordance with Annex A to this instrument.
- (2) The Collective Investment Schemes sourcebook (CIS) is amended in accordance with Annex B to this instrument.
- (3) The Professional firms sourcebook (PROF) is amended in accordance with Annex C to this instrument.
- (4) The Recognised Investment Exchanges and Recognised Clearing Houses sourcebook (REC) is amended in accordance with Annex D to this instrument.

**Citation**

- E. This instrument may be cited as the Application Fees (2004/2005) Instrument 2004.

By order of the Board  
18 March 2004

## Annex A

### Amendments to the Authorisation manual

In this Annex underlining indicates new text and striking through indicates deleted text. Where an entire new section of text is being inserted, the place where it goes is indicated and it is not underlined.

4.1.5G Most of the detail of what fees are payable by applicants and *Treaty firms* is set out in *AUTH 4 Annex 1R*, ~~the provisions of which will vary from one financial year to another. Accordingly a fresh *AUTH 4 Annex 1R* will come into force, following consultation, for each financial year.~~

Insert new AUTH 4 Ann 1R:

#### Authorisation fees payable

##### Part 1 – Authorisation fees payable

<b>Application type (see Part 2)</b>	<b>Amount payable</b>
(a) <i>Credit unions</i> – registration of common bond	£200
(b) <i>Version 1 credit unions</i> - authorisation	£300
(c) <i>Version 2 credit unions</i> - authorisation	£1,800
(d) Straightforward	£1,500
(e) Moderately complex	£5,000
(f) Complex	£25,000

##### Part 2 – Complexity Groupings

Straightforward cases

<b>Activity grouping</b>	<b>Description</b>
A.3	<i>Friendly societies</i> only
A.4	<i>Friendly societies</i> only
A.12	Advisory arrangers, dealers or brokers (holding or controlling <i>client money</i> and/or assets)
A.13	Advisory only firms and advisory arrangers, dealers or brokers (not holding or controlling <i>client money</i> and/or assets)
A.14	Corporate finance advisers

Moderately complex cases

<b>Activity grouping</b>	<b>Description</b>
A.1	<i>E-money issuers only</i>
A.5	<i>Managing agents at Lloyd's</i>
A.7	Fund managers
A.9	<i>Operators, trustees and depositaries of collective investment schemes</i>
A.10	<i>Firms dealing as principal</i>
B.	<i>Service companies</i>

Complex cases

<b>Activity grouping</b>	<b>Description</b>
A.1	<i>Deposit acceptors (excluding e-money issuers and credit unions)</i>
A.3	<i>Firms conducting insurance activities subject only to prudential regulation (excluding friendly societies)</i>
A.4	<i>Firms conducting insurance activities subject to both prudential and conduct of business regulation (excluding friendly societies)</i>

### **Part 3 – Variation of permission fees**

The fee payable under *SUP* 6.3.22R is 50% of that payable under *AUTH* 4.2.2R.

There are no circumstances specified for the purposes of *SUP* 6.3.22R(2).

### **Part 4 – Authorisation fees for Treaty firms**

If the *Treaty firm* wishes to undertake the permitted activities in question through its branch in the *United Kingdom*, the fee is 50% of the fee that would be payable under *AUTH* 4.2.2R.

If the *Treaty firm* wishes to undertake the permitted activities in question by providing services in the *United Kingdom*, the fee is 25% of the fee which would be payable under *AUTH* 4.2.2R.

### **Part 5 – Activity groupings**

The activity group definitions are set out in *SUP* 20 Ann 1R.

### **Part 6 – Application for a certificate under article 54 of the Regulated Activities Order**

The amount payable in relation to each application is £2,000.

## Annex B

### Amendments to the Collective Investment Schemes sourcebook

In this Annex underlining indicates new text and striking through indicates deleted text. Where an entire new section of text is being inserted, the place where it goes is indicated and it is not underlined.

18.3.1R The *person* identified in ~~Part A of CIS 18 Ann 1R~~ CIS 18 Ann 2R as the "relevant fee payer" must pay each fee applicable to any application or notification as specified in ~~part A of CIS 18 Ann 1R~~ CIS 18 Ann 2R.

18.3.2R The relevant fee payer must pay a fee identified in ~~Part A of CIS 18 Ann 1R~~ CIS 18 Ann 2R on or before the date on which the relevant application or notification is made.

...

18.3.4R A fee identified in ~~Part A of CIS 18 Ann 1R~~ CIS 18 Ann 2R must be paid by bankers draft, cheque or other payable order.

Insert new CIS 18 Ann 2R:

#### Application and notification fees payable

Table

Legislative provision	Nature and purpose of fee	Payable by	Amount of fee	Umbrella scheme factor (note 1)
Regulation 12 of the <i>OEIC Regulations</i>	On application for an order declaring a <i>scheme</i> to be an <i>ICVC</i>	An applicant (note 2)	£1,200	2
Section 242 of the <i>Act</i>	On application for an order declaring a <i>scheme</i> to be an <i>AUT</i>	An applicant (note 2)	£1,200	2
Section 264 of the <i>Act</i>	On giving notice under section 264 of the <i>Act</i>	The <i>operator</i> (note 3)	£600	2
Section 270 of the <i>Act</i>	On giving notice under section 270 of the <i>Act</i>	The <i>operator</i> (note 3)	£600	2
Section 272 of the <i>Act</i>	On application for an order declaring a <i>scheme</i> to be an individually recognised overseas <i>scheme</i>	An applicant (note 2)	£14,000	2

Notes:

1. For an *umbrella scheme* the fee is multiplied by the factor shown in the final column of the table.
2. The fee must accompany the application.
3. The fee must accompany the notice.

## Annex C

### Amendments to the Professional firms sourcebook

In this Annex underlining indicates new text and striking through indicates deleted text. Where an entire new section of text is being inserted, the place where it goes is indicated and it is not underlined.

6.3.1R Any *person* who requests the Treasury to make an order under section 326(1) of the *Act* (Designation of professional bodies) must pay to the *FSA* the sum specified in ~~*PROF 6 Ann 1R*~~ *PROF 6 Ann 2R* 30 days after the order is granted.

Insert new PROF 6 Ann 2R:

#### **Fees payable for an order under section 326(1) of the Financial Services and Markets Act 2000**

Table

<b>Nature and purpose of fee</b>	<b>Amount payable</b>	<b>Due date</b>
Any <i>person</i> seeking an order under section 326(1) of the <i>Act</i> (Designation of professional bodies)	£5,000	30 days after the order is granted

## Annex D

### Amendments to the Recognised Investment Exchanges and Recognised Clearing Houses sourcebook

In this Annex underlining indicates new text and striking through indicates deleted text. Where an entire new section of text is being inserted, the place where it goes is indicated and it is not underlined.

7.1.4G Most of the detail of the fees payable by *recognised bodies* ~~and applicants~~ is set out in *REC 7 Ann 1R*. The provisions of the annex will vary from one financial year to another. Accordingly a new annex will come into force, following consultation, for each financial year.

...

7.3.1R An application for recognition as a *UK recognised body* under section 287 or section 288 of the *Act* must pay to the *FSA* in full and without any deduction the application fee specified for that type of application in ~~part 3 of *REC 7 Ann 1R* for the year in which the application is made~~ part 1 of *REC 7 Ann 2R*.

7.3.2R An application for recognition as an *overseas recognised body* under section 287 or section 288 and section 292 of the *Act* must pay to the *FSA* in full and without any deduction the application fee specified in ~~part 4 of *REC 7 Ann 1R* for the year in which the application is made~~ part 2 of *REC 7 Ann 2R*.

Insert new *REC 7 Ann 2R*:

#### Application fees payable

##### Part 1 – Application fees for applicants for recognition as a UK recognised body

Description of applicant	Amount payable	Due date
Applicant for recognition as a <i>UK RIE</i>	£100,000	Date the application is made
Applicant for recognition as a <i>UK RCH</i>	£100,000	Date the application is made
Additional fees for applicant who proposes to:		
- act as a central counterparty	£25,000	Date the application is made
- offer safeguarding and administration services	£25,000	Date the application is made
- use substantially new and untested information technology systems in the performance of its relevant functions	£25,000	Date the application is made

**Part 2 – Application fees for applicants for recognition as an overseas recognised body**

<b>Description of applicant</b>	<b>Amount payable</b>	<b>Due date</b>
Applicant for recognition as a recognised overseas investment exchange	£50,000	Date the application is made
Applicant for recognition as a recognised overseas clearing house	£50,000	Date the application is made
Additional fees for applicant who proposes to:		
- act as a central counterparty	£25,000	Date the application is made
- offer safeguarding and administration services	£25,000	Date the application is made

## PERIODIC FEES (AMENDMENT) INSTRUMENT 2004

### Powers exercised

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (“the Act”):
- (1) section 156 (General supplementary powers);
  - (2) section 157(1) (Guidance); and
  - (3) paragraph 17(1) of Schedule 1 (Fees).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

### Commencement

- C. This instrument comes into force on 1 April 2004.

### Amendments to the Handbook

- D. (1) The Authorisation manual (AUTH) is amended in accordance with Annex A to this instrument.
- (2) The Supervision manual (SUP) is amended in accordance with Annex B to this instrument.
- (3) The Supervision manual (SUP) is further amended by inserting, as Annexes to SUP 20, the provisions in Annex C to this instrument.
- (4) The Compensation sourcebook (COMP) is amended in accordance with Annex D to this instrument.
- (5) The Collective Investment Schemes sourcebook (CIS) is amended in accordance with Annex E to this instrument.
- (6) The Credit Unions sourcebook (CRED) is amended in accordance with Annex F to this instrument.

### Citation

- E. This instrument may be cited as the Periodic Fees (Amendment) Instrument 2004.

By order of the Board  
18 March 2004

## Annex A

### Amendments to the Authorisation manual

In this Annex underlining indicates new text and striking through indicates deleted text

7.7.2G            An annual fee of £1,000 will be charged to meet the costs of ongoing monitoring (see *SUP 20 Annex ~~4~~3R*).

...

AUTH 4 Ann 2R

...

Note: This annex specifies the application fees for applicants seeking to apply for *Part IV permission*, or to vary their existing *Part IV permission*, in order to undertake any of the activities specified in the A.2, A.18 and A.19 activity groups (see Part ~~7~~1 of *SUP 20 Ann 1R* for details of the activities).

## Annex B

### Amendments to the Supervision manual

In this Annex underlining indicates new text and striking through indicates deleted text

6.3.22R If a *firm* applies for a variation of its *Part IV permission*, it must pay the fee specified in Part 3 of *AUTH 4 Annex 1R* in either of the following cases:

(1) if the variation is granted, the business of the *firm* will fall within one or more activity groups specified in Part ~~7~~1 of *SUP 20 Annex 1R* not applicable before the grant of the variation; or

(2) ...

...

20.1.5G Most of the detail of what periodic fees are payable by *firms* is set out in *SUP 20 Annex ~~4~~2R*. The provisions of the annex will vary from one financial year to another. Accordingly a fresh *SUP 20 Annex ~~4~~2R* will come into force, following consultation, for each financial year.

...

20.1.10G Paragraph 17(2) of Schedule 1 to the *Act* prohibits the *FSA* from taking account of penalties received when setting its periodic and other fees. Accordingly each *SUP 20 Ann ~~4~~2R* will set the periodic fee without reference to the penalties received. The *FSA* will allocate the penalties by way of a permitted deduction specified in *SUP 20 Annex ~~4~~2R* for the relevant year. The *FSA* normally expects to allocate those deductions so that they apply to the fee blocks within which the *firms* paying penalties fall.

...

20.2.1R A *firm* must pay to the *FSA* an amount equal to:

(1) ...

(2) any deductions from the periodic fee specified in part ~~3~~2 of *SUP 20 Ann ~~4~~2R*.

...

20.2.3G A *firm* will be required to pay a periodic fee for every year during which it has a *permission* subject to any reductions or exemptions applicable under this chapter. The *FSA* will issue invoices to *firms* and expects to do so at least 30 days before the dates on which payments will fall due under ~~*SUP 20 Ann 4*~~ *20.2.7R*.

20.2.4R The periodic fee referred to in *SUP 20.2.1R* is (except in relation to the *Society*) calculated as follows:

(1) identify each of the tariffs set out in part ~~21~~ of SUP 20 Ann ~~42R~~ which apply to the business of the *firm* for the period specified in that annex;

(2) ...

(3) ...

(4) apply any applicable payment charge or discount specified in ~~part 1 of SUP 20 Ann 1R~~. SUP 20.2.7AR.

...

20.2.6R The periodic fee referred to in SUP 20.2.1R in relation to the *Society* is specified against its name in SUP 20 Ann ~~42R~~.

20.2.7R (1) The *firm* must pay the total amount due under SUP 20.2.1R~~;~~ using one of the payment methods specified in SUP 20.2.7AR.

~~(1) on or before the due date or dates specified in Part 1 of SUP 20 Ann 1R;~~  
~~and~~

~~(2) using one of the payment methods specified in Part 1 of SUP 20 Ann 1R.~~

(2) If the *firm's* periodic fee for the previous financial year was at least £50,000, the *firm* must pay:

(a) an amount equal to 50% of the periodic fee payable for the previous year, by 30 April in the financial year to which the sum due under SUP 20.2.1R relates; and

(b) the balance of the periodic fee due for the current financial year by 1 September in the financial year to which that sum relates.

(3) In any other case, the *firm* must pay the periodic fee due in full by 1 July in the financial year to which that sum relates.

20.2.7AR Table: specified payment methods

This table belongs to SUP 20.2.4R and SUP 20.2.7R

<u>Payment method</u>	<u>Additional amount or discount applicable</u>
<u>Direct debit</u>	<u>Discount of £20</u>
<u>Credit transfer (BACS/CHAPS)</u>	<u>Discount of £10</u>
<u>Cheque</u>	<u>None</u>
<u>Switch</u>	<u>None</u>
<u>Credit card (Visa/Mastercard only)</u>	<u>Additional 2% of sum paid</u>

...

20.3.1R A *firm* (other than the *Society*) must notify to the *FSA* the value (as at the valuation date specified in Part 23 of *SUP 20 Ann 1R*) of each element of business on which the periodic fee payable by the *firm* is to be calculated.

20.3.2R A *firm* (other than the *Society*) must send to the *FSA* in writing the information required under *SUP 20.3.1R* as soon as reasonably practicable, and in any event within two months, after the date specified as the valuation date in Part 23 of *SUP 20 Ann 1R*.

...

20.4.4R A *firm* which becomes authorised, or whose *permission* is extended, during the course of the financial year must pay a fee ~~equal to:~~ which is calculated by:

- (1) ~~the total of the sums calculated in accordance with each of the tariffs set out in Part 4 of *SUP 20 Ann 1R* for the relevant year which are only applicable to the *firm* after the *permission* is received or extended;~~ identifying each of the tariffs set out in Part 1 of *SUP 20 Ann 2R* for the relevant financial year that apply to the *firm* only after the *permission* is received or extended;
- (2) ~~modified as indicated by *SUP 20.4.6R*.~~ calculating the amount for each of those tariffs which is the higher of:
  - (a) the minimum fee specified for the tariff; and
  - (b) the result of applying the tariff to the projected valuation, for its first year (as provided to the *FSA* in the course of the *firm's* application), of the business to which the tariff relates (or, where relevant, the number of *approved persons* immediately after the *permission* is given);
- (3) adding together the amounts calculated under (2); and
- (4) modifying the result as indicated by *SUP 20.4.6R*.

...

20.4.8R For an *incoming EEA firm* or an *incoming Treaty firm*, the calculation required by *SUP 20.2.4R* is modified as follows:

- (1) the tariffs set out in Part 21 of *SUP 20 Ann 42R* are applied only to the *regulated activities* of the *firm* which are carried on in the *United Kingdom*; and
- (2) those tariffs are modified in accordance with Part 53 of *SUP 20 Ann 42R*.

...

20.5.2G The provision of this facility by the *FSA* incurs costs to it. Those costs depend upon the amount which the facility is used. Accordingly the income which the *FSA* receives from these transaction reporting fees will be set and accounted for separately from the fee block tariffs set out in *SUP 20 Ann 13R*.

20.5.3R A *firm* which reports its *reportable transactions* to the *FSA* using the *FSA's* Direct Reporting System (see *SUP 17*) must pay the fees specified in Part ~~61~~ of *SUP 20 Ann 13R*.

...

20.6.1R A person who holds a certificate under article 54 of the *Regulated Activities Order* must pay to the *FSA* each periodic fee specified in Part ~~82~~ of *SUP 20 Ann 13R* applicable to him.

...

20.6.4R If a certificate is issued to a person under article 54 of the *Regulated Activities Order* during the course of a year, the periodic fee payable under *SUP 20.6.3R* for that year is the amount specified in Part ~~82~~ of *SUP 20 Ann 13R* modified in accordance with Table *SUP 20.6.5R*.

...

20.6.7R ~~1-~~The amount due must be paid using one of the payment methods specified in Part ~~1~~ of ~~*SUP 20 Ann 1R*~~ *SUP 20.2.7AR*.

## Annex C

### Amendments to the Supervision manual

In this Annex all the text is new and is not underlined.

Insert new SUP 20 Ann 1R:

#### Activity groups, tariff bases and valuation dates applicable

##### Part 1

This table shows how the *regulated activities* for which a *firm* has permission are linked to activity groups ('fee-blocks'). A *firm* can use the table to identify which fee-blocks it falls into based on its *permission*.

Activity group	Fee-payer falls in the activity group if
<b>A.1</b> <b>Deposit acceptors</b>	its <i>permission</i> includes <i>accepting deposits</i> or <i>issuing e-money</i> ; <b>BUT DOES NOT</b> include either of the following: <ul style="list-style-type: none"> <li>• <i>effecting contracts of insurance</i>;</li> <li>• <i>carrying out contracts of insurance</i>.</li> </ul>
<b>A.2</b> <b>Mortgage lenders and administrators</b>	its <i>permission</i> includes one or more of the following: <ul style="list-style-type: none"> <li>• <i>entering into a regulated mortgage contract</i>; or</li> <li>• <i>administering a regulated mortgage contract</i>; or</li> <li>• <i>agreeing to carry on a regulated activity</i> which is within either of the above.</li> </ul>
<b>A.3</b> <b>Firms conducting insurance activities subject only to prudential regulation</b>	its <i>permission</i> includes one or more of the following: <ul style="list-style-type: none"> <li>• <i>effecting contracts of insurance</i>;</li> <li>• <i>carrying out contracts of insurance</i>;</li> </ul> <b>BUT ONLY</b> in respect of <i>specified investments</i> that are: <ul style="list-style-type: none"> <li>- <i>general insurance contracts</i>; or</li> <li>- <i>long-term insurance contracts</i> other than <i>life-policies</i>.</li> </ul>
<b>A.4</b> <b>Firms conducting insurance activities subject to both prudential and conduct of business regulation</b>	its <i>permission</i> includes one or more of: <ul style="list-style-type: none"> <li>• <i>effecting contracts of insurance</i>;</li> <li>• <i>carrying out contracts of insurance</i>;</li> </ul> <b>both in</b> respect of <i>specified investments</i> including <i>life policies</i> ; <ul style="list-style-type: none"> <li>• <i>entering as provider into a funeral plan contract</i>.</li> </ul>
<b>A.5</b> <b>Managing agents at Lloyd's</b>	its <i>permission</i> includes <i>managing the underwriting capacity of a Lloyd's syndicate as a managing agent at Lloyd's</i> .
<b>A.6</b> <b>The Society of Lloyd's</b>	it is the <i>Society of Lloyd's</i> .

<p><b>Note for authorised professional firms:</b></p> <p>Generally, for fee-blocks A.7 to A.14 below, only those <i>regulated activities</i> that are not limited to <i>non-mainstream regulated activities</i> should be taken into account in determining which fee-block(s) fee-payers belong to.</p> <p>However, in the case that all the <i>regulated activities</i> within a <i>firm's permission</i> are limited to <i>non-mainstream regulated activities</i>, then that <i>firm</i> will be allocated to fee-block A.13 alone.</p>	
<p><b>A.7 Fund managers</b></p>	<p>(1) its <i>permission</i> includes <i>managing investments</i>;</p> <p><b>OR</b></p> <p>(2) its <i>permission</i> includes <b>ONLY</b> either one or both of:</p> <ul style="list-style-type: none"> <li>• <i>safeguarding and administering of investments (without arranging)</i>; and</li> <li>• <i>arranging safeguarding and administration of assets</i>;</li> </ul> <p><b>OR</b></p> <p>(3) the <i>firm</i> is a <i>venture capital firm</i>.</p> <p><b>Class (1) firms</b> are subdivided into three classes:</p> <ul style="list-style-type: none"> <li>- <b>class (1)A</b>, where the funds managed by the <i>firm</i> belong to one or more <i>occupational pension schemes</i>;</li> <li>- <b>class (1)B</b>, where: <ul style="list-style-type: none"> <li>(a) the <i>firm</i> is not a class (1)A <i>firm</i>; and</li> <li>(b) the <i>firm's permission</i> includes <b>NEITHER</b> of the following: <ul style="list-style-type: none"> <li>• <i>safeguarding and administering of investments (without arranging)</i>;</li> <li>• <i>arranging safeguarding and administration of assets</i>; and</li> </ul> </li> <li>(c) the <i>firm</i> <b>EITHER</b>: <ul style="list-style-type: none"> <li>• has a <i>requirement</i> that prohibits the <i>firm</i> from holding or controlling <i>client money</i>, or both; <b>OR</b></li> <li>• if it does not have such a <i>requirement</i>, <b>only</b> holds or controls <i>client money</i> (or both), arising from an agreement under which <i>commission</i> is rebated to a <i>client</i>;</li> </ul> </li> </ul> </li> <li>- <b>class (1)C</b>, where the <i>firm</i> is not within class (1)A or class (1)B.</li> </ul>
<p><b>A.8</b></p>	<p>Not applicable.</p>
<p><b>A.9 Operators, Trustees and Depositaries of collective investment schemes</b></p>	<p>(1) its <i>permission</i>:</p> <p>(a) includes one or more of the following:</p> <ul style="list-style-type: none"> <li>• <i>establishing, operating or winding up a regulated collective investment scheme</i>;</li> <li>• <i>establishing, operating or winding up an unregulated collective investment scheme</i>;</li> <li>• <i>acting as trustee of an authorised unit trust scheme</i>;</li> <li>• <i>acting as the depositary or sole director of an open-ended investment company</i>;</li> </ul> <p><b>AND</b></p>

	<p>(b) <b>PROVIDED</b> the <i>firm</i> is <b>NOT</b> one of the following:</p> <ul style="list-style-type: none"> <li>• a <i>corporate finance advisory firm</i>;</li> <li>• a <i>firm</i> in which the above activities are limited to carrying out <i>corporate finance business</i>;</li> <li>• a <i>venture capital firm</i>;</li> </ul> <p><b>OR</b></p> <p>(2) if the fee-payer has none of the <i>regulated activities</i> above within its <i>permission</i>, but <b>ALL</b> the remaining <i>regulated activities</i> in its <i>permission</i> are limited to carrying out trustee activities.</p>
<p><b>A.10</b> <b>Firms dealing as principal</b></p>	<p>its <i>permission</i> includes <i>dealing in investments as principal</i>; <b>BUT NOT</b> if one or more of the following apply:</p> <ul style="list-style-type: none"> <li>• the <i>firm</i> is acting exclusively as a matched principal broker;</li> <li>• the above activity is limited either to acting as an <i>operator</i> of a <i>collective investment scheme</i>, or to carrying out <i>trustee</i> activities;</li> <li>• the <i>firm</i> is a <i>corporate finance advisory firm</i>;</li> <li>• the above activity is otherwise limited to carrying out <i>corporate finance business</i>;</li> <li>• the <i>firm</i> is subject to a <i>limitation</i> to the effect that the <i>firm</i>, in carrying on this <i>regulated activity</i>, is limited to entering into transactions in a manner which, if the <i>firm</i> was an <i>unauthorised person</i>, would come within article 16 of the <i>Regulated Activities Order</i> (Dealing in contractually based investments);</li> <li>• the above activity is limited to not acting as a <i>market maker</i>;</li> <li>• the <i>firm</i> is an <i>oil market participant</i>, <i>energy market participant</i> or a <i>local</i>;</li> <li>• its <i>permission</i> includes either: <ul style="list-style-type: none"> <li>- <i>effecting contracts of insurance</i>; or</li> <li>- <i>carrying out contracts of insurance</i>.</li> </ul> </li> </ul>
<p><b>A.11</b></p>	<p>Not applicable.</p>
<p><b>A.12</b> <b>Advisory arrangers, dealers or brokers (holding or controlling client money or assets, or both)</b></p>	<p>its <i>permission</i>:</p> <p>(a) includes one or more of the following:</p> <ul style="list-style-type: none"> <li>• <i>dealing in investments as agent</i>;</li> <li>• <i>arranging (bringing about) deals in investments</i>;</li> <li>• <i>making arrangements with a view to transactions in investments</i>;</li> <li>• <i>dealing as principal in investments</i> where the activity is carried on as a matched principal broker, <i>oil market participant</i>, <i>energy market participant</i> or <i>local</i>;</li> <li>• <i>advising on investments (except pension transfers and pension opt-outs)</i>;</li> <li>• <i>advising on pension transfers and pension opt-outs</i>;</li> <li>• <i>advising on syndicate participation at Lloyd's</i>;</li> </ul> <p>(b) <b>BUT NONE</b> of the following:</p> <ul style="list-style-type: none"> <li>• <i>effecting contracts of insurance</i>; or</li> <li>• <i>carrying out contracts of insurance</i>;</li> </ul> <p><b>AND</b></p> <p>(c) <b>CAN HAVE</b> one or more of the following:</p> <ul style="list-style-type: none"> <li>• <i>safeguarding and administering of assets</i>;</li> </ul>

	<ul style="list-style-type: none"> <li>• <i>arranging safeguarding and administration of assets</i>;</li> <li>• the ability to hold or control <i>client money</i>, or both: <ul style="list-style-type: none"> <li>- that is, there is no <i>requirement</i> which prohibits the <i>firm</i> from doing this; and</li> <li>- provided that the <i>client money</i> in question does not only arise from an agreement under which <i>commission</i> is rebated to a <i>client</i>;</li> </ul> </li> </ul> <p><b>AND</b></p> <p>(d) <b>PROVIDED</b> the fee-payer is <b>NOT</b> any of the following:</p> <ul style="list-style-type: none"> <li>• a <i>corporate finance advisory firm</i>;</li> <li>• a <i>firm</i> for whom all of the applicable activities above are otherwise limited to carrying out <i>corporate finance business</i>;</li> <li>• a <i>firm</i> whose activities are limited to carrying out <i>venture capital business</i>;</li> <li>• a <i>firm</i> whose activities are limited to acting as an operator of a <i>regulated collective investment scheme</i>;</li> <li>• a <i>firm</i> whose activities are limited to carrying out <i>trustee</i> activities;</li> <li>• a <i>service company</i>.</li> </ul>
<p><b>A.13</b>  <b>Advisory arrangers, dealers or brokers (not holding or controlling client money or assets, or both)</b></p>	<p>(1) it is an <i>authorised professional firm</i> and <b>ALL</b> the <i>regulated activities</i> in its <i>permission</i> are limited to <i>non-mainstream regulated activities</i>;</p> <p><b>OR</b></p> <p>(2) its <i>permission</i>:</p> <p>(a) includes one or more of the following:</p> <ul style="list-style-type: none"> <li>• <i>dealing in investments as agent</i>;</li> <li>• <i>arranging (bringing about) deals in investments</i>;</li> <li>• <i>making arrangements with a view to transactions in investments</i>;</li> <li>• <i>dealing as principal in investments</i> where the activity is carried on as a matched principal broker, <i>oil market participant</i>, <i>energy market participant</i> or <i>local</i>;</li> <li>• <i>advising on investments (except pension transfers and pension opt-outs)</i>;</li> <li>• <i>advising on pension transfers and pension opt-outs</i>;</li> <li>• <i>advising on syndicate participation at Lloyd's</i>;</li> </ul> <p>(b) <b>BUT NONE</b> of the following:</p> <ul style="list-style-type: none"> <li>• <i>effecting contracts of insurance</i>;</li> <li>• <i>carrying out contracts of insurance</i>;</li> <li>• <i>safeguarding and administration of assets</i>;</li> <li>• <i>arranging safeguarding and administration of assets</i>;</li> </ul> <p><b>AND</b></p> <p>(c) <b>MUST EITHER</b>:</p> <ul style="list-style-type: none"> <li>• have a <i>requirement</i> that prohibits the <i>firm</i> from holding or controlling <i>client money</i>, or both;</li> </ul> <p><b>OR</b></p> <ul style="list-style-type: none"> <li>• if it does not have such a <i>requirement</i>, only holds or controls <i>client money</i> (or both), arising from an agreement under which <i>commission</i> is rebated to a <i>client</i>;</li> </ul> <p><b>AND</b></p> <p>(d) <b>PROVIDED</b> the fee-payer is <b>NOT</b> any of the following:</p> <ul style="list-style-type: none"> <li>• a <i>corporate finance advisory firm</i>;</li> <li>• a <i>firm</i> for whom all of the applicable activities above are otherwise limited to carrying out <i>corporate finance business</i>;</li> </ul>

	<ul style="list-style-type: none"> <li>• a <i>firm</i> whose activities are limited to carrying out <i>venture capital business</i>;</li> <li>• a <i>firm</i> whose activities are limited to acting as an <i>operator</i> of a <i>regulated collective investment scheme</i>;</li> <li>• a <i>firm</i> whose activities are limited to carrying out <i>trustee</i> activities;</li> <li>• a <i>service company</i>.</li> </ul>
<b>A.14 Corporate finance advisers</b>	the <i>firm</i> is carrying on <i>corporate finance business</i> <b>PROVIDED</b> the fee-payer is <b>NOT</b> a <i>venture capital firm</i> .
<b>A.15</b>	Not applicable.
<b>A.16 Pensions review levy firms</b>	it was liable to pay the Pensions Levy to <i>PIA</i> in 2001/2002.
<b>A.17</b>	Not applicable.
<b>A.18 Mortgage lenders, advisers and arrangers</b>	its <i>permission</i> includes one or more of the following: <ul style="list-style-type: none"> <li>• <i>entering into a regulated mortgage contract</i>; or</li> <li>• <i>arranging (bringing about) regulated mortgage contracts</i>; or</li> <li>• <i>making arrangements with a view to regulated mortgage contracts</i>; or</li> <li>• <i>advising on regulated mortgage contracts</i>; or</li> <li>• <i>agreeing to carry on a regulated activity</i> which is within any of the above.</li> </ul>
<b>A.19 General insurance mediation</b>	its <i>permission</i> includes one or more of the following in relation to a <i>general insurance contract</i> or a <i>pure protection contract</i> : <ul style="list-style-type: none"> <li>• <i>dealing in investments as agent</i>; or</li> <li>• <i>arranging (bringing about) deals in investments</i>; or</li> <li>• <i>making arrangements with a view to transactions in investments</i>; or</li> <li>• <i>assisting in the administration and performance of a contract of insurance</i>; or</li> <li>• <i>advising on investments</i>; or</li> <li>• <i>agreeing to carry on a regulated activity</i> which is within any of the above.</li> </ul>
<b>B. Market operators</b>	<i>Firms</i> that have been prescribed as an operator of a prescribed market under the Financial Services and Markets Act 2000 (Prescribed Markets and Qualifying Investments) Order 2001 (SI 2001/996).
<b>B. Service companies</b>	it is a <i>service company</i> .

## Part 2

This table indicates the tariff base for each fee-block. The tariff base is the means by which we measure the 'amount of business' conducted by a *firm*.

Activity group	Tariff-base
A.1	<p><b>MODIFIED ELIGIBLE LIABILITIES</b></p> <p><b>For banks and e-money issuers:</b></p> <p><b>Part 1:</b></p> <p><b>Liabilities</b></p> <p>In sterling:  <math>\pounds 2 + \pounds 3 + \pounds 4 + \pounds 5A + \pounds 5B + \pounds 6B + \pounds 6C + \pounds 6D + \pounds 6E + \pounds 6F + \pounds 6G + \pounds 6H + \pounds 6J + \pounds 7B + \pounds 7C + \pounds 7D + \pounds 7E + \pounds 7F + \pounds 7G + \pounds 7H + \pounds 7J + \pounds 8 + \pounds 10 + 60\% \text{ of } \pounds 11A + \pounds 44</math>  plus  In foreign currency, one-third of:  <math>E2 + E3 + E4 + E5A + E5B + E6B + E6C + E6D + E6E + E6F + E6G + E6H + E6J + E7B + E7C + E7D + E7E + E7F + E7G + E7H + E7J + E8 + E10 + 60\% \text{ of } E11A + E44 + C2 + C3 + C4 + C5A + C5B + C6B + C6C + C6D + C6E + C6F + C6G + C6H + C6J + C7B + C7C + C7D + C7E + C7F + C7G + C7H + C7J + C8 + C10 + 60\% \text{ of } C11A</math>: less</p> <p><b>Assets</b></p> <p>In sterling:  <math>\pounds 21B + 60\% \text{ of } \pounds 22A + \pounds 23D + \pounds 23E + \pounds 23F + \pounds 30A + \pounds 30B + \pounds 31A + \pounds 31B + \pounds 32AA</math>  plus  In foreign currency, one-third of:  <math>E21B + 60\% \text{ of } E22A + E23D + E23E + E23F + E30A + E30B + E31A + E31B + E32AA + C21B + 60\% \text{ of } C22A + C23D + C23E + C23F + C30A + C30B + C31A + C31B + C32AA</math></p> <p><b>Part 2: Non-resident office offset</b></p> <p>The fee base is adjusted by deducting from the amount calculated in accordance with part 1 above, the Non-Resident Office Offset amount obtained by subtracting item 45D from item 45BA in the Form BT. The Non-Resident Office Offset amount, if it would otherwise have been a negative number, is zero.</p> <p><b>Notes:</b></p> <p>(1) All references in the above formula are to entries on Form BT (that is, the Balance Sheet Form completed to provide information required following the Banking Statistics Review 1997 and returned by <i>banks</i> to the Bank of England as required by the Bank of England Act 1998).</p> <p>(2) 'E' refers to assets and liabilities denominated in euro (as referred to in column 2 of Form BT) and 'C' refers to assets and liabilities denominated in currencies other than sterling and euro (as referred to in column 3 of Form BT). In accordance with Form BT, assets and liabilities in currencies other than sterling are to be recorded in sterling.</p> <p>(3) The figures reported on the Form BT relate to business conducted out of offices in the <i>United Kingdom</i>.</p> <p><b>For credit unions:</b></p> <p>Deposits with the <i>credit union</i> (share capital)  <b>LESS</b>  the <i>credit union's</i> bank deposits (investments + cash at bank)</p> <p><b>Note:</b></p> <p>Only <i>United Kingdom</i> business is relevant for calculating <i>credit unions'</i> MELs.</p>

	<p><b>For building societies:</b></p> <ul style="list-style-type: none"> <li>• deposit liabilities (including debt securities up to five years original maturity) (that is, the amounts in sterling (in column 1) and one-third of foreign currency referenced amounts (in columns 2 and 3) for items B1.1+B1.2+B2.0a+B2.0b+B2.10+B2.13+B2.14+B2.15+B2.16)</li> </ul> <p><b>LESS amounts in respect of:</b></p> <ul style="list-style-type: none"> <li>• <b>sterling repo liabilities with the Bank of England</b> (that is, ONLY the amounts in sterling (in column 5) for item B2.5a)</li> <li>• <b>balances held with the Bank of England</b> (excluding cash ratio deposits) (that is, the amounts in sterling (in column 1) and one-third of foreign currency referenced amounts (in columns 2 and 3) for item B6.2a, less the amounts in sterling (in column 1) and one-third of foreign currency referenced amounts (in columns 2 and 3) for item OW1.1)</li> <li>• <b>market loans to banks, building societies</b> (balances with and loans to, plus CDs, Commercial paper) (that is, the amounts in sterling (in column 1) and one-third of foreign currency referenced amounts (in columns 2 and 3) for items B6.3.a+B6.4.a+B6.4b+B6.5a+B6.5b+B6.12a)</li> <li>• <b>investments with banks and building societies</b> (bonds, notes and other debt instruments up to five years original maturity) (that is, the amounts in sterling (in column 1) and one-third of foreign currency referenced amounts (in columns 2 and 3) for items B6.6a1+B6.6a2+B6.10a1+B6.10a2)</li> </ul> <p><b>Note:</b> All references in the definition for building society MELs are to entries in the MFS1 which is submitted <i>monthly</i> by all <i>building societies</i> to the <i>FSA</i>.</p>
A.2	Not applicable. [Note: will be made to come into effect from 31 October 2004.]
A.3	<p><b>GROSS PREMIUM INCOME AND GROSS TECHNICAL LIABILITIES</b></p> <p><b>For insurers:</b> The amount of <i>premiums</i> receivable which must be included in the documents required to be deposited under <i>IPRU (INS)</i> 9.6 in relation to the financial year to which the documents relate but disregarding for this purpose such amounts as are not included in the document by reason of a <i>waiver</i> or an order under section 68 of the Insurance Companies Act 1982 carried forward as an amendment to <i>IPRU (INS)</i> under transitional provisions relating to written concessions in <i>SUP</i>; less, <i>premiums</i> relating to <i>pension fund management</i> business where the <i>firm</i> owns the <i>investments</i> and there is no transfer of risk;</p> <p><b>AND</b></p> <p>the amount of gross technical liabilities (<i>IPRU (INS)</i> Appendix 9.1 – Form 15, line 19) which must be included in the documents required to be deposited under <i>IPRU (INS)</i> 9.6R in relation to the financial year to which the documents relate but disregarding for this purpose such amounts as are not included in the document by reason of a <i>waiver</i> or an order under section 68 of the Insurance Companies Act 1982 carried forward as an amendment to <i>IPRU(INS)</i> under transitional provisions relating to written concessions in <i>SUP</i>; less,</p>

	<p>the amount of gross technical liabilities relating to <i>pension fund management</i> business where the <i>firm</i> owns the <i>investments</i> and there is no transfer of risk.</p> <p><b>Notes:</b></p> <p>(1) in the case of either:</p> <p>(a) a <i>pure reinsurer</i> carrying on <i>general insurance business</i> through a <i>branch</i> in the <i>United Kingdom</i>; or</p> <p>(b) an <i>insurer</i> whose head office is not in an <i>EEA State</i> carrying on <i>general insurance business</i> through a <i>branch</i> in the <i>United Kingdom</i>; or</p> <p>(c) a <i>non-EEA insurer</i> other than a <i>Swiss general insurer</i> which has <i>permission</i> to carry on <i>direct insurance business</i> and which has made a deposit in an <i>EEA state</i> other than the <i>United Kingdom</i> in accordance with <i>IPRU(INS) 8.1(2)</i>, the amount only includes <i>premiums</i> received and gross technical liabilities held in respect of its <i>United Kingdom</i> business; and</p> <p>(2) for a <i>Swiss general insurance company</i>, premiums and gross technical liabilities include those relevant to the operations of the company's <i>United Kingdom branch</i>.</p> <p><b>For friendly societies:</b></p> <p>Either:</p> <p>(a) the value of "contributions" as income under Schedule 7: Part I item 1(a) to the Friendly Societies (Accounts and Related Provisions) Regulations 1994 (SI 1994/1983) (the regulations) for a <i>non-directive friendly society</i>, included within the income and expenditure account; or</p> <p>(b) the value of "gross premiums written" under Schedule 1: Part I items I.1(a) and II.1.(a) of the regulations for a <i>directive friendly society</i> included within the income and expenditure account.</p> <p><b>Note:</b></p> <p>In both (a) and (b) above only <i>premiums</i> receivable in respect of <i>United Kingdom</i> business are relevant.</p>

<b>A.16</b>	Not applicable.
<b>A.17</b>	Not applicable.
<b>A.18</b>	Not applicable. [Note: will be made to come into effect from 31 October 2004.]
<b>A.19</b>	Not applicable. [Note: will be made to come into effect from 31 October 2004.]
<b>B. Market operators</b>	Not applicable.
<b>B. Service companies</b>	Not applicable.

Insert new SUP 20 Ann 2R:

**Fee tariff rates, permitted deductions and EEA/Treaty firm modifications for the period from 1 April 2004 to 31 March 2005**

**Part 1**

This table shows the tariff rates applicable to each fee-block.

(1)	For each activity group specified in the table below, the fee is the total of the sums payable for each of the tariff bands applicable to the <i>firm's</i> business, calculated as follows:
	(a) the relevant minimum fee; plus
	(b) an additional fee calculated by multiplying the <i>firm's</i> tariff base by the appropriate rates applying to each tranche of the tariff base, as indicated.
(2)	A <i>firm</i> may apply the relevant tariff bases and rates to non-UK business, as well as to its UK business, if:

	(a)	it has reasonable grounds for believing that the costs of identifying the <i>firm's</i> UK business separately from its non-UK business in the way described in Part 2 of SUP 20 Ann 1R are disproportionate to the difference in fees payable; and
	(b)	it notifies the FSA in writing at the same time as it provides the information concerned under SUP 20.3 (Information on which fees are calculated), or, if earlier, at the time it pays the fees concerned.
(3)		For a <i>firm</i> which has not complied with SUP 20.3.2R (Information on which fees are calculated) for this period:
	(a)	the fee is calculated using (where relevant) the valuation or valuations of business applicable to the previous period, multiplied by the factor of 1.10;
	(b)	an additional administrative fee of £250 is payable; and
	(c)	the minimum total fee (including the administrative fee in (b)) is £350.

Activity group	Fee payable

## Part 2: Amendments to SUP 3

### 3.1.2 R Table Applicable sections (see SUP 3.1.1R)

(1) Category of firm	(2) Sections applicable to the firm	(3) Sections applicable to its auditor
...		
(9) <u>Mortgage lender</u>	<u>SUP 3.1- SUP 3.7</u>	<u>SUP 3.1, SUP 3.2, SUP 3.8</u>
(10) <u>Insurance intermediary (other than an exempt insurance intermediary) to which CASS 5 (Client money and mandates) (except for CASS 5.2 (Holding money as agent)) applies (see Note 4)</u>	<u>SUP 3.1 - SUP 3.7</u>	<u>SUP 3.1, SUP 3.2, SUP 3.8, SUP 3.10</u>
(11) <u>Exempt insurance intermediary and insurance intermediary not subject to SUP 3.1.2R (10) which has an auditor appointed under or as a result of a statutory provision other than in the Act</u>	<u>SUP 3.1, SUP 3.2, SUP 3.7</u>	<u>SUP 3.1, SUP 3.2, SUP 3.8</u>
(12) <u>Mortgage intermediary or mortgage administrator which has an auditor appointed under or as a result of a statutory provision other than in the Act.</u>	<u>SUP 3.1, SUP 3.2, SUP 3.7</u>	<u>SUP 3.1, SUP 3.2, SUP 3.8</u>
Note 1 - ...		
Note 4	<p>The <u>client money</u> audit requirement in SUP 3.1.2R(10) therefore applies to all <u>insurance intermediaries</u> except:</p> <ul style="list-style-type: none"> <li>• <u>those which do not hold client money or other client assets in relation to insurance mediation activities; or</u></li> <li>• <u>those which only hold up to, but not exceeding, £30,000 of client money under a statutory trust arising under CASS 5.3.</u></li> </ul> <p><u>Insurance intermediaries</u> which, in relation to <u>insurance mediation activities</u>, hold no more than that amount of <u>client money</u> only on a statutory trust are <u>exempt insurance intermediaries</u>.</p>	

...

3.1.2A G If a firm falls within more than one row in column (1) of the table in SUP 3.1.2R, SUP 3.1.1R requires the firm and its external auditor to comply with

all the sections referred to in column (2) or (3). For example, a bank which carries on designated investment business which is also a mortgage lender, falls in rows (4) and (9). Therefore, the bank must comply with SUP 3.1 to SUP 3.7, and its external auditor must comply with SUP 3.1, SUP 3.2, SUP 3.8 and SUP 3.10.

3.2.4 G SUP 3.1.1R and SUP 3.1.2R limit the application of this chapter in relation to:

- (1) *authorised professional firms* to which COB 9.1 (Custody) and COB 9.3 (Client money) do not apply or which are not required by IPRU(INV) 2.1.2R to comply with chapter 3, 5, 10 or 13 of IPRU(INV);
- (2) *oil market participants, and energy market participants, to whom IPRU(INV) 3 does not apply;*
- (3) *small personal investment firms; and*
- (4) *service companies;*
- (5) *exempt insurance intermediaries;*
- (6) *insurance intermediaries not subject to SUP 3.1.2R (10);*
- (7) *mortgage intermediaries; and*
- (8) *mortgage administrators.*

~~Such a firm is~~ Such firms are not required, under this chapter, to appoint an auditor because SUP 3.3 (Appointment of auditors) does not apply. If such a firms appoints an auditor under or as a result of a statutory provision other than in the Act, for example, under the Companies Act 1985, SUP 3.7 (Notification of matters raised by auditor) and SUP 3.8 (Rights and duties of all auditors) nevertheless apply to help the FSA discharge its functions under the Act. See SUP 3.1.2R, Note 4, for further clarification concerning insurance intermediaries and those which qualify as exempt insurance intermediaries.

3.2.5 G It is the responsibility of an insurance intermediary's senior management to determine, on a continuing basis, whether the insurance intermediary is an exempt insurance intermediary for the purposes of this requirement and to appoint an auditor if management determines the firm is no longer exempt. SUP 3.7 (amplified by SUP 15) sets out what a firm should consider when deciding whether it should notify the FSA of matters raised by its auditor.

3.2.6 G The rights and duties of auditors are set out in SUP 3.8 (Rights and duties of all auditors) and SUP 3.10 (Duties of auditors: notification and report on client assets). SUP 3.8.10G includes the auditor's statutory duty to report certain matters to the FSA imposed by regulations made by the Treasury

under sections 342(5) and 343(5) of the Act (information given by auditor or actuary to the FSA). An auditor should bear these rights and duties in mind when carrying out *client* asset report work, including whether anything should be notified to the FSA immediately.

...

### 3.10.5 R Table Client assets report

Whether in the auditor's opinion	
(1)	the <i>firm</i> has maintained systems adequate to enable it to comply with the rules in <i>COB</i> 9.1 to <i>COB</i> 9.4 and <i>CASS</i> 5.1 to <i>CASS</i> 5.8 (except <i>CASS</i> 5.2) throughout the period since the last date as at which a report was made;
(2)	the <i>firm</i> was in compliance with the rules in <i>COB</i> 9.1 to <i>COB</i> 9.4 and <i>CASS</i> 5 (except <i>CASS</i> 5.2), at the date as at which the report has been made;
(3)	in the case of an <i>investment management firm</i> , <i>personal investment firm</i> a <i>UCITS management company</i> or <i>securities and futures firm</i> ...; and
(4)	if there has been a <i>secondary pooling event</i> during the period, the <i>firm</i> has complied with the rules in <i>COB</i> 9.5 and <i>CASS</i> 5.6 (Client money distribution) in relation to that pooling event.

3.10.7 R An auditor must deliver a report under *SUP* 3.10.4R to the *FSA* so as to be received within four months of the end of each period covered, unless it is the auditor of a *firm* falling within category (10) of *SUP* 3.1.2R.

...

3.10.8A R The auditor of a *firm* falling within category (10) of *SUP* 3.1.2R must deliver a report under *SUP* 3.10.4R:

(1) to the *firm* so as to be received within four months of the end of each period covered; and

(2) to the *FSA* upon request within six years of the end of the period covered.

3.10.8B G The rights and duties of auditors are set out in *SUP* 3.8 (Rights and duties of all auditors) and *SUP* 3.10 (Duties of auditors: notification and report on client assets). *SUP* 3.8.10G also refers to the auditor's statutory duty to report certain matters to the *FSA* imposed by regulations made by the

Treasury under sections 342(5) and 343(5) of the Act (information given by auditor or actuary to the FSA). An auditor should bear these rights and duties in mind when carrying out *client* asset report work, including whether anything should be notified to the FSA immediately.

3.10.8C G It is the responsibility of an *insurance intermediary's* senior management to determine, on a continuing basis, whether the *firm* is an *exempt insurance intermediary* for the purposes of this requirement and to appoint an auditor if management determines the *firm* is no longer exempt. SUP 3.7 (amplified by SUP 15) sets out what a *firm* should consider when deciding whether it should notify the FSA of matters raised by its auditor.

**Part 3: Amendments to SUP 16**

...

16.3.2 G This chapter has been split into ~~six~~ eight sections, covering:

...

- (5) persistency reports (*SUP 16.8*); ~~and~~
- (6) annual appointed representatives reports (*SUP 16.9*);
- (7) confirmation of standing data (*SUP 16.10*); and
- (8) product sales data reporting (*SUP 16.11*).

...

16.3.13R ...

- (4) If the due date for submission of a report required by this chapter is a set period of time after the end of a half-year, a quarter, or a month, the dates will be determined by (a) or (b) below except where otherwise indicated:

- (a) the firm's accounting reference date;
- (b) monthly, 3 monthly or 6 months after the firm's accounting reference date, as the case may be.

- 16.7.2G (1) Financial reporting requirements for insurers, excluding friendly societies are set out in IPRU(INS). For their other reporting requirements, see SUP 16.7.73R -16.7.75R.
- (2) Financial reporting requirements for friendly societies are set out in IPRU(FSOC). For their other reporting requirements, see SUP 16.7.73R -16.7.75R.

**Purpose**

16.7.3G .....  
*Principle 4* requires firms to maintain adequate financial resources, and the Interim Prudential sourcebooks (or, in the case of firms with permission to carry on insurance mediation activity, mortgage mediation activity, or both, PRU) set out the FSA's detailed capital adequacy requirements. By submitting regular financial reports, firms enable the FSA to monitor their compliance with *Principle 4* and with the detailed requirements of the Interim Prudential sourcebooks or PRU, as the case may be. These reports also help the FSA to analyse firms' financial condition and performance and to understand their business. By means of further collation and review of the data which those reports provide, the FSA also uses the reports to identify developments across the financial services industry and its constituent sectors.

**Compulsory electronic submission of certain reports to the FSA**

16.7.6AR A firm which is required by this section to submit an *RMAR* or an *MLAR* must provide the relevant data specified in SUP 16 Ann 18AR or 19AR respectively by electronic means made available by the *FSA*.

16.7.6BG The *RMAR* is relevant to the reporting requirements of firms carrying on insurance mediation activity, mortgage mediation activity or retail investment activity. The *MLAR* is relevant to firms carrying on mortgage lending or mortgage administration.

16.7.6CR Where reference is made in SUP 16.7 to adequate information relating to the following activities:

- (1) insurance mediation activity; or
- (2) mortgage mediation activity; or
- (3) retail investment activity;

this includes all sections of the *RMAR* in addition to those relating to financial reports, except where otherwise indicated.

16.7.6DG The *RMAR* comprises sections relating both to financial reporting and other sections (e.g. Training and Competence and *COB* data).

16.7.6EG Where SUP 16.7 requires a report containing adequate information on one or more of the following activities:

(1) insurance mediation activity;

(2) mortgage mediation activity;

(3) mortgage lending;

(4) mortgage administration;

(5) retail investment activity;

a firm should submit a report only if it carries on at least one of those activities.

SUP 16.7.42G to SUP 16.7.53G inclusive are deleted.]

16.7.54R (1) An authorised professional firm must submit an annual questionnaire to the FSA every year in accordance with, and in the same format as, the form contained in SUP 16 Ann 9R, unless its only regulated activities are one or more of: -

(a) insurance mediation;

(b) mortgage mediation;

(c) retail investment.

...

(3) An authorised professional firm must also, where applicable, submit a report to the FSA in accordance with SUP 16.7.54AR.

#### 16.7.54AR

#### Insurers and friendly societies

16.7.73R If an *insurer* or a *friendly society* is carrying on any of the activities set out in SUP 16.7.74R, it must submit a report to the *FSA* in accordance with SUP 16.7.75R.

16.7.74R The activities referred to in SUP 16.7.73R are:

- (1) *insurance mediation activity;*
- (2) *mortgage mediation activity;*
- (3) *retail investment activity;*
- (4) *mortgage lending; and*
- (5) *mortgage administration.*

16.7.75R

<u>Report</u>	<u>Return</u> (Note 1)	<u>Frequency</u>	<u>Due date</u>
<u>Adequate information relating to the following activities:</u>  (1) <u>insurance mediation activity;</u>  (2) <u>mortgage mediation activity;</u>  (3) <u>retail investment activity.</u>	<u>RMAR</u> (excluding sections <u>A, B, C,</u> <u>D, E)</u>	<u>Half yearly</u>	<u>30 business days</u> <u>after period end</u>
<u>Adequate information relating to mortgage lending and mortgage administration.</u>	<u>MLAR</u> (excluding <u>A1, A2,</u> <u>B1 and C)</u>	<u>Quarterly</u>	<u>20 business days</u> <u>after quarter end</u>

Note 1 = When giving the report required, a *firm* must use the return indicated. The *RMAR* and *MLAR* are located at SUP 16 Ann 18AR and Ann 19AR respectively and have the status of rules.

A firm not subject to other reporting requirements in SUP 16.7

16.7.76R A firm not subject to other reporting requirements in SUP 16.7,

(a) with permission to carry on one or more of:

(1) insurance mediation activity;

(2) mortgage mediation activity;

(3) mortgage lending;

(4) mortgage administration; or

(b) which is a retail investment firm;

must submit reports to the FSA in accordance with SUP 16.7.77R.

16.7.77R

Table Reports from a firm not subject to other reporting requirements in SUP 16.7

<u>Report</u>	<u>Return</u>	<u>Frequency</u>	<u>Due date</u>
---------------	---------------	------------------	-----------------

	<u>(Note 1)</u>		
<u>Adequate information relating to the following activities:</u>  <u>(1) insurance mediation activity;</u>  <u>(2) mortgage mediation activity;</u>  <u>(3) retail investment activity.</u>	<u>RMAR</u> <u>(Note 4)</u>	<u>Half yearly (quarterly for sections A to E for larger firms)</u>  <u>(Note 2)</u>  <u>(Note 3)</u>	<u>For half yearly report: 30 business days after period end.</u>  <u>For quarterly report: 30 business days after quarter end</u>
<u>Adequate information relating to mortgage lending and mortgage administration.</u>	<u>MLAR</u>	<u>Quarterly</u>	<u>20 business days after quarter end</u>
<u>If the firm is a mortgage lender or mortgage administrator, annual report and audited accounts.</u>	<u>N/A</u>	<u>Annually</u>	<u>3 months after the firm's accounting reference date</u>

Note 1 = When giving the report required, a *firm* must use the return indicated. The *RMAR* and *MLAR* are located at *SUP* 16 Ann 18AR and Ann 19AR respectively and have the status of *rules*.

Note 2 = For the purposes of *RMAR* reporting, a larger *firm* is a *firm* whose annual regulated business revenue in its previous financial year was greater than £5m. Annual regulated business revenue for these purposes is a *firm's* total revenue relating to *insurance mediation activity, mortgage mediation activity and retail investment activity*.

Note 3 = *Firms* categorised under *IPRU(INV)* 13 as A1, A2 or A3 should submit financial information (*RMAR* sections A, B, C, D and E) in accordance with *ISD* and *CAD* requirements, as follows:

<u>Category of firm</u>	<u>Frequency</u>	<u>Due date</u>
<u>Category A1</u>	<u>Monthly</u>	<u>15 business days after month end</u>
<u>Category A2</u>	<u>Quarterly</u>	<u>30 business days from the end of the relevant period.</u>
<u>Category A3</u>	<u>half yearly (quarterly for larger firms – Note 2)</u>	<u>30 business days from the end of the relevant period.</u>

Note 4 = A *firm* which submits an *MLAR* is not required to submit sections A and B of the *RMAR*.

16.7.78R Where a mortgage lender or mortgage intermediary establishes a special purpose vehicle, it must ensure that any report which the mortgage lender or mortgage intermediary makes in accordance with SUP 16.7.76R takes account of the activities of the special purpose vehicle as if those activities were the activities of the mortgage lender itself.

16.7.79R An incoming EEA firm which in the United Kingdom carries on only cross border services and is not subject to other reporting requirements in SUP 16.7 with permission to carry on:

- (1) insurance mediation activity; or
- (2) mortgage mediation activity; or
- (3) mortgage lending; or
- (4) mortgage administration; or
- (5) retail investment activity;

is subject to the requirements of SUP 16.10 only, and no requirements in respect of the RMAR or MLAR.

16.7.80R An incoming EEA firm with a branch in the United Kingdom, not subject to other reporting requirements in SUP 16.7, with permission to carry on:

- (1) insurance mediation activity; or
- (2) retail investment activity;

is required to provide such information relating to those activities as is specified in SUP 16 Ann 18BG and SUP 16 Ann 19BG.

16.7.81G SUP 16.7.80R is relevant, for example, to an insurance broker registered in another EEA State pursuant to the IMD, which exercises its EEA right to establish a branch in the United Kingdom and is not subject to other reporting requirements in SUP 16.7.

...

## 16.11 Product Sales Data Reporting

### Application

- 16.11.1R This chapter applies to a firm which is a *mortgage lender*; or  
in respect of sales to a *private customer* or a *retail customer*:
- (1) an *insurer*; or
  - (2) the *operator* of a *regulated collective investment scheme* or an *investment trust savings scheme*; or
  - (3) a *person* who issues or manages the relevant assets of the issuer of a *structured capital-at-risk product*,
- unless the *firm* is a *managing agent*.

### Purpose

- 16.11.2G
- (1) The purpose of this chapter is to set out the requirements for *firms* in the retail mortgage, investment, and *pure protection contract* markets specified in SUP 16.11.1R to report individual product sales data to the *FSA*. This requirement applies whether the *regulated activity* has been carried out by the *firm*, or through an intermediary which has dealt directly with the *firm*.
  - (2) The purpose of collecting this data is to assist the *FSA* in the ongoing supervision of *firms* engaged in retail activities and to enable the *FSA* to gain a wider understanding of market trends in the interests of protecting *consumers*.

### Reporting requirement

- 16.11.3R
- (1) A *firm* must submit a report (the 'data report') containing the information required by SUP 16.11.5R quarterly, within 20 *business days* of the end of the quarter, unless (3) applies.
  - (2) The reporting periods are the four calendar quarters of each year beginning on 1 January.
  - (3) A *firm* need not submit a data report if no relevant sales have occurred in the quarter.
- 16.11.4G
- (1) A *firm* may submit a data report more frequently than quarterly if it wishes.

- (2) If it is easier and more practical for a *firm* to submit additional data relating to products other than those specified in *SUP* 16.11.5R, it may submit that additional data to the *FSA* in a data report.

### **Content of the report**

- 16.11.5R The data report must contain sales data in respect of the following products:
- (1) *retail investments*;
  - (2) *pure protection contracts*; and
  - (3) *regulated mortgage contracts* (but not further advances).
- 16.11.6G *Guidance* on the type of products covered by *SUP* 16.11.5R is contained in *SUP* 16 Ann 20G.
- 16.11.7R The data report must comply with the provisions of *SUP* 16 Ann 21R.
- 16.11.8R The data report must relate both to transactions undertaken by the *firm* and to transactions undertaken by an intermediary which has dealt directly with the *firm*.
- 16.11.9R A *firm* must provide the data report to the *FSA* electronically in a standard format provided by the *FSA*.
- 16.11.10G A data report will have been provided to the *FSA* in accordance with *SUP* 16.11.9R only if all mandatory data reporting fields (as set out in *SUP* 16 Ann 21R) have been completed correctly and the report has been accepted by the relevant *FSA* reporting system.

### **Use of reporting agents**

- 16.11.11R
- (1) A *firm* may appoint another *person* to provide the data report on the *firm's* behalf if the *firm* has informed the *FSA* of that appointment in writing.
  - (2) Where (1) applies, the *firm* must ensure that the data report complies with the requirements of *SUP* 16.11 and identifies the originator of the transaction.

*SUP* 16 Ann 7R is deleted.

*SUP* 16 Ann 8G is deleted.

<b>TOTAL LARGE EXPOSURE</b>			LE5

**SECTION E: PII Self-Certification**

Is the firm exempt from the PII requirements in respect of any regulated activities? (tick as appropriate)

Mortgage advising/arranging	Non-inv insurance advising/arranging/dealing/assisting	Retail investment advising/arranging
PI1	PI2	PI3

If not exempt, has the firm renewed its PII cover since the last reporting date?

PI4	PI5	PI6
-----	-----	-----

Have any of the data items below changed since the last reporting date (or since you last notified the FSA of any changes)?

PI7	PI8	PI9
-----	-----	-----

If any of the data items have changed, please amend the following section as appropriate, in relation to each applicable PII policy:

What activities are covered by the policy?

Mortgage advising/arranging	PI10
Non-inv insurance advising/arranging/dealing/assisting	PI11
Retail investment advising/arranging	PI12
Is the cover compliant?	PI13
Annual premium	PI14
Limit of Indemnity - single claim/aggregate	PI15
Policy excess	PI16
Increased excess(es) for specific business types	PI17
Policy exclusion(s) for specific business types	PI18
Renewal date	PI19
Insurer name	PI20

Amount of additional capital required for increased excess(es) (where applicable, total amount for all PII policies)

PI22

**Personal investment firms only:**

Total amount of additional own funds required for policy exclusion(s)

PI23

Total of additional own funds required

PI24

Total of readily realisable own funds

PI25

Excess/deficit of readily realisable own funds

PI26

Y/N

Does the firm have any other PII policies?

PI21

## SECTION F: Threshold conditions

### Adequate resources

Does the firm have adequate resources in relation to its regulated activities?

THR1

### Close links

Are you exempt from close links reporting requirements?

THR2

If not, have there been changes to your close links since the FSA was last informed?

THR3

If yes, on what date did the changes take effect?  
(if no notification has been made, please notify us separately of the changes)

THR4

### Approved persons

Have there been changes to your approved persons' details since the FSA was last informed?

THR5

If yes, on what date did the changes take effect?  
(if no notification has been made, please notify us separately of the changes)

THR6

### Controllers

Are you exempt from the controllers reporting requirements?

THR7

If not, have there been changes to your controllers since the FSA was last informed?

THR8

If yes, on what date did the changes take effect?  
(if no notification has been made, please notify us separately of the changes)

THR9

**SECTION G: Training and Competence**

Total number of all staff

Of which:

Number of staff that give advice

Number of staff that supervise others to give advice

Number of advisers that have been assessed as competent

Number of advisers that have passed approved examinations

Number of advisers that have left since the last reporting date

Number of staff that take private customers through stakeholder pension scheme decision trees

Number of staff that supervise non-advised sales of lifetime mortgages

Number of staff that design filtering questions for non-advised sales of lifetime mortgages

THE RETAIL MEDIATION ACTIVITIES RETURN ('RMAR')**

**Contents**

Introduction	General notes on the RMAR
Section A:	Balance Sheet
Section B:	Profit & Loss Account
Section C:	Client Money
Section D:	Regulatory Capital
Section E:	Professional Indemnity Insurance
Section F:	Threshold Conditions
Section G:	Training & Competence
Section H:	Conduct of Business
Section I:	Supplementary product sales data
Section J:	Data required for calculation of fees

## Introduction: general notes on the RMAR

1. These notes aim to assist *firms* in completing and submitting the **Retail Mediation Activities Return** ('**RMAR**').
2. The purpose of the RMAR is to provide a framework for the collection of information required by the *FSA* as a basis for its supervision activities. It also has the purpose set out in paragraph 16.7.3G of the Supervision Manual, i.e. to help the *FSA* to monitor *firms*' capital adequacy and financial soundness.

## Defined terms

3. *Handbook* terms are italicised in these notes.
4. Terms referred to in the RMAR and these notes, where defined by the Companies Act 1985 or other relevant accounting provisions, bear that meaning for these purposes. The descriptions indicated in these notes are designed simply to repeat, summarise or amplify the relevant statutory or other definitions and terminology without departing from their full meaning or effect.

## Key abbreviations

5. The following table summarises the key abbreviations that are used in these notes:

APF	<i>Authorised professional firm</i>
AR	<i>Appointed representative</i>
CAD	<i>The Capital Adequacy Directive</i>
CASS	The Client Assets sourcebook, part of the FSA Handbook
COB	The Conduct of Business sourcebook, part of the FSA Handbook
CRED	The Credit unions sourcebook, part of the FSA Handbook
DISP	Dispute resolution: the Complaints sourcebook, part of the FSA Handbook
EEA	<i>The European Economic Area</i>
ICOB	The Insurance: Conduct of Business sourcebook, part of the FSA Handbook
IMD	<i>The Insurance Mediation Directive</i>
IPRU(INV)	The Interim Prudential sourcebook for investment businesses, part of the FSA Handbook
ISD	<i>The Investment Services Directive</i>
LTCI	Long term care insurance
MCOB	The Mortgages: Conduct of Business sourcebook, part of the FSA Handbook
PII	Professional indemnity insurance
PRU	The Integrated Prudential sourcebook, part of the FSA Handbook
RMAR	Retail Mediation Activities Return, i.e. the information requirements to which these notes refer.
SUP	The Supervision Manual, part of the FSA Handbook
T&C	Training and competence, part of the FSA Handbook

## Scope

6. The following *firms* are required to complete the RMAR:

(a) *firms* with *permission* to carry on *insurance mediation activity* in relation to *non-investment insurance contracts*.

By way of example, this would include a broker advising on private motor insurance, household insurance or critical illness cover. It would not though include *advice* on a *life policy*;

(b) *firms* with *permission* to carry on *mortgage mediation activity*;

(c) *firms* (defined as *retail investment firms*) that have *private customers*, and have *permission* to carry on the following activities in relation to *retail investments*:

- *Advising on investments*;
- *Arranging (bringing about) deals in investments*;
- *Making arrangements with a view to transactions in investments*;

*Retail investments* are defined as:

- (a) a *life policy*; or
- (b) a *unit*; or
- (c) a *stakeholder pension scheme*; or
- (d) an interest in an *investment trust savings scheme*; or
- (e) a *structured capital-at-risk product*.

The practical effect of the *private customer* limitation in the definition of *retail investment firms* is to exclude from the requirements *firms* that carry on *retail investment activities* exclusively with or for *intermediate customers* or *market counterparties*.

Note also that all *long-term care insurance contracts* are defined as *life policies*, and as such are included as *retail investments*.

## Application of RMAR sections

7. Many of the *firms* conducting the above *regulated activities* also have the *permission* to carry on other *regulated activities*, including for example mortgage lending and administration, *managing investments* or *dealing in investments as agent*. These *firms* are required to complete the RMAR in addition to other data requirements.

8. However, not all *firms* are required to complete all sections of the RMAR. Certain data requirements will be duplicated because of the separate reporting requirements imposed in relation to other *regulated activities*. Broadly, a *firm* that has the *permission* to carry on other *regulated activities* will not be subject to our proposed data requirements for financial reporting (RMAR sections A, B, C, D & E) or *threshold conditions* (section F), as we would expect to be collecting similar information as part of the data requirements for these other activities. For details, see SUP 16.7.

## EEA Firms

9. In accordance with the relevant directives, *incoming EEA firms* are not subject to all reporting requirements. In broad terms, this means that *incoming EEA firms* carrying on

*insurance mediation activity* by way of *cross border services* only are not required to complete the RMAR. The same applies to *incoming EEA firms* providing *cross border services* only, pursuant to the *ISD*.

10. In broad terms, *incoming EEA firms* carrying on *regulated activities* through a branch in the *United Kingdom* are not required to complete the sections of the RMAR in the following table.

Prudential reporting requirements	Section A (balance sheet)
	Section B (profit & loss)
	Section C ( <i>client money</i> )
	Section D (capital requirements)
	Section E (professional indemnity insurance)
Threshold conditions	Section F (save in relation to questions about <i>approved persons</i> )
Training & competence	Section G

11. *Firms* that only carry on reinsurance mediation are not required to complete section C.

### **Authorised professional firms**

12. APFs that are subject to *IPRU (INV) 2.1.3R* (for their *investment activity*) or *PRU 9.3.10R* (for *insurance mediation activity* or *mortgage mediation activity*) are not required to complete sections A, B2 or D. APFs that are members of the Law Society of England and Wales, the Law Society of Scotland or the Law Society of Northern Ireland are also not required to complete section C (see below).
13. The application of the capital requirements to APFs is set out in *IPRU(INV) 2.1.2R* (for *retail investment activity*) and *PRU 9.3.10R* (for *mortgage mediation activity* and *insurance mediation activity*).
14. Where APFs are required to submit financial information (i.e. sections A to E), they should do so in relation to all of their *regulated activities*. Section F should also be completed in relation to all *regulated activities*. Other sections (G to I) need not include information in relation to *non-mainstream regulated activities*. However, APFs may complete all sections on the basis of all of their *regulated activities* if this approach is more cost effective.

### **Accounting Principles**

15. The following principles should be adhered to by *firms* in the submission of financial information (sections A to E).
- (a) Unless a rule requires otherwise, amounts to be reported within the *firm's* balance sheet and profit and loss account should be determined in accordance with:
- (i) the requirements of all relevant statutory provisions (e.g. Companies Act 1985);
  - (ii) UK generally accepted accounting practice (UK GAAP). This is set out in the Financial Reporting Standards and Statements of Standard Accounting Practice issued or adopted by the Accounting Standards Board;

- (iii) the provisions of (c) and (d) below.
- (b) If the *firm* is a *body corporate* with one or more *subsidiaries*, its financial statements should be unconsolidated.
- (c)
  - (i) All amounts should be shown in pounds sterling, unless otherwise specified in the *Handbook* (e.g. in *PRU 9.2.13R*).
  - (ii) A *firm* should translate assets and liabilities denominated in other currencies into pounds sterling using the closing mid-market rate of exchange.
  - (iii) Taxation, when reported at a quarter or half year end, should be based on an estimate of the likely effective tax rate for the year applied to the interim profit or loss arising.
  - (iv) Balances on *client bank accounts* and related client accounts must not form part of the *firm's* own balance sheet.
- (d) No netting is permitted (that is, amounts in respect of items representing assets or income may not be offset against amounts in respect of items representing liabilities or expenditure, as the case may be, or vice versa).

#### **Other**

16. You will note that some questions in the RMAR refer to the “last reporting date”. If the RMAR is being completed for the first time, you should treat the date the *firm* became authorised to carry on any of the relevant *regulated activities* as the “last reporting date”, except where otherwise indicated (e.g. in sections E & H).
17. Unless otherwise indicated, the information submitted should cover all of the *firm's* transactions in the relevant products, and all of its *customers* and *market counterparties* (where relevant).

## **NOTES FOR COMPLETION OF THE RMAR**

### **Section A: Balance sheet**

The balance sheet data should be compiled in accordance with generally accepted accounting practice. Incorporated *firms* will already be submitting this information to Companies House under Companies Act requirements, and it would normally be expected that non-incorporated *firms* would compile this data for management purposes. If further assistance is required in completing the balance sheet, professional guidance should be sought.

This information will be used by the *FSA* to monitor the *firm's* financial position and satisfy itself as to the *firm's* ongoing solvency. Aggregated data may also be used to inform our supervision activities.

The frequency of reporting for this section is determined by *SUP 16.7*.

*Firms* that have *appointed representatives* ('ARs') should note that balance sheet data should be submitted for the *firm* only, not its ARs.

### **Section B: Profit & Loss Account**

Profit & loss ('P&L') should be reported on a cumulative basis throughout the *firm's* financial year.

**Sub-section B1 – regulated business revenue:** covers the data required on the *firm's* revenue from its *regulated activities*.

**Sub-section B2 – other P&L:** incorporates the remainder of the profit & loss data requirements.

*Firms* that receive combined income in relation to both regulated and non-regulated activities (for example mortgage packagers) may have difficulties in separately identifying their regulated income from their non-regulated income. If this is the case, *firms* should, (a) in the first instance, ask the provider of the income for an indication of the regulated/non-regulated split; and (b) if this is not available, make an estimate of the income derived from each activity.

In section B1, a *firm* that has *appointed representatives* ('ARs'), including a *network*, should ensure that the figures submitted for income are calculated before deducting any commissions shared with its ARs in respect of the *regulated activities* for which the *firm* has accepted responsibility as *principal*.

## Section B: guide for completion of individual fields

Commissions (gross)	<p>This should include all commission income in respect of the relevant regulated business:</p> <ul style="list-style-type: none"> <li>• for <i>regulated mortgage contracts</i>, this includes commissions received for <i>advising on regulated mortgage contracts</i> and <i>arranging</i>, but not lending and administration;</li> <li>• for <i>non-investment insurance contracts</i>, it should include commissions received for <i>advising</i>, <i>arranging</i> and <i>dealing</i> activities;</li> <li>• for <i>retail investments</i>, only commission received in relation to the relevant activities should be recorded here.</li> </ul> <p>Gross commissions will include commission that is received and passed on to another <i>person</i>.</p> <p>Where commission is shared between two or more <i>firms</i>, the gross commission should not be double counted, i.e. each <i>firm</i> should report only the commission it has received.</p>
Commissions (net)	<p>This should be the amount of the gross commission figure that is retained by the <i>firm</i> and, where applicable, its <i>appointed representatives</i>, (i.e. not passed on to another <i>person</i>) in respect of each type of business.</p>
Fees	<p>You should record here net income received from <i>customers</i> or other sources on a fixed fee rather than commission basis, but only in respect of the relevant <i>regulated activities</i>.</p>
Other income from regulated activities	<p>You should record here any income that has derived from the relevant <i>regulated activities</i> during the reporting period, which has not been recorded under commissions or fees.</p> <p>Such income may include interest on <i>client money</i>, where the <i>firm</i> is permitted to retain this, or payments made by product providers on a basis other than fees or commissions.</p>
Regulated business revenue	<p>This is the total of the <i>firm's</i> income during the reporting period in relation to its relevant <i>regulated activities</i>.</p> <p>For an <i>insurance intermediary</i> or a <i>mortgage intermediary</i>, this should be calculated in the same way as 'annual income', as specified in PRU 9.3.44R (although in this context the period is not generally annual). This <i>rule</i> states: "For a firm which carries on <i>insurance mediation activity</i> or <i>mortgage mediation activity</i>, annual income... is the amount of all brokerage, fees, <i>commissions</i> and other related income (for example, administration charges, overrides, profit shares) due to the <i>firm</i> in respect of or in relation to those activities".</p>
Other Revenue (income from non-regulated activities)	<p>Gross revenue arising from the <i>firm's</i> non-regulated activities, if any, should be entered here.</p>

## Section C: Client Money and assets

In broad terms, *client money* includes *money* that belongs to a *client*, and is held by a *firm* in the course of carrying on *regulated activities*, for which the *firm* has responsibility for its protection. It does not include *deposits* (where the *firm* acts as deposit-taker).

The *client money rules* define further what is and is not *client money*, and set out requirements on *firms* for the proper handling of and accounting for *client money*. If a *firm* fails, there is a greater direct risk to consumers, and a greater adverse impact on market confidence, if it is a holder of *client money*.

**Note 1:** *firms* that only carry on *mortgage mediation activity* or *reinsurance mediation* are exempt from the *client money rules*, and are not therefore required to complete this section of the RMAR (unless, in the case of reinsurance mediation, the *firm* has made an election under CASS 5.1.1R(3)(a)).

**Note 2:** *authorised professional firms* regulated by The Law Society (England and Wales), The Law Society of Scotland or The Law Society of Northern Ireland must comply with the rules of their *designated professional body*, and if they do so, they will be deemed to comply with the relevant sections of CASS. These *firms* are not therefore required to complete this section of the RMAR.

### Section C: guide for completion of individual fields

Have any notifiable issues been raised in relation to client money or other assets, either in the firm's last client assets audit report or elsewhere, that have not previously been notified to the FSA?	<i>SUP</i> 3.10 sets out the requirement for auditors to report annually on the <i>firm's</i> systems and controls in relation to <i>client money or custody assets</i> .  Auditors and <i>firms</i> are required to report significant issues to the FSA (see <i>SUP</i> 3.8.10G and <i>SUP</i> 15.3). Therefore, if you answer 'yes' here, you should ensure that the relevant issues are notified to us.
Risk transfer	See CASS 5.2 – holding money as agent of <i>insurance undertaking</i>
Statutory Trust	See CASS 4.2 and 5.3
Non-statutory Trust	See CASS 5.4
Client money credit total as at reporting date	This should be the total of credits on the <i>firm's client money</i> account(s) as at the current date of return.
Client money debit total as at reporting date	This should be the total of any debits on the <i>firm's client money</i> account(s) as at the current date of return.
Net client money balance as at reporting date	This should be the aggregate balance on the <i>firm's client money</i> account(s). (The reporting of this figure should <b>not</b> be taken to mean that <i>firms</i> are permitted to offset an overdrawn client bank account against one that is in credit.)
If non-statutory, has auditor's confirmation of systems and controls been obtained?	This refers to the requirement in CASS 5.4.4R(2) that the <i>firm</i> should obtain written confirmation from its auditor that adequate systems and controls are in place.
Is any client money invested (other than on deposit)?	You should indicate 'yes' here if the <i>firm</i> has invested any <i>client money</i> other than in a bank account. See CASS 5.5.14. (Note: this is only permitted for <i>client money</i> that is held in a non-statutory trust.)
Do you hold client money for business undertaken by an AR?	If the <i>firm</i> has <i>appointed representatives</i> that receive <i>client money</i> , you should state 'yes' here. The requirements of CASS 4.3.15R (investment activities) and/or CASS 5.5.18 ( <i>insurance mediation activity</i> ) should be adhered to in these circumstances.
Does the <i>firm</i> hold any client assets (other than client money)?	If the <i>firm</i> holds client assets and is subject to the requirements of either CASS 2 or CASS 5.8, state 'yes' here.

## Section D: Regulatory Capital

### ‘Higher of’ requirements

In this section there are separate calculations of regulatory capital and capital resources requirements for the different types of business covered by the data requirements. The calculations are the same, however, for both *mortgage mediation activity* and *insurance mediation activity* relating to *non-investment insurance contracts*.

If a *firm* carries on one or both of:

- *mortgage mediation activity*, and/or
- *insurance mediation activity* relating to *non-investment insurance contracts*,

and additionally carries on

- *designated investment business* (i.e. is subject to *IPRU(INV)*);

then a ‘**higher of**’ requirement applies. This is set out in *PRU* 9.3.24R, which provides that in these circumstances, the higher of the capital resources requirements relating to the respective activities should apply.

In section **D1**, therefore, there are separate reporting requirements to establish the appropriate capital requirements for the following groups of activities and/or *firms* (the requirements have to be completed for all applicable category) :

- firms* carrying on *mortgage mediation activity*, and/or *insurance mediation activity* relating to *non-investment insurance contracts* (the capital requirements are the same for both activities, calculated in section D1);
- personal investment firms* that carry on *retail investment activities*, but no other *designated investment business*. Capital requirements are calculated in section D2 or D3 below as applicable;
- other *personal investment firms*, and *firms* that are subject to *PRU*, but are also subject to *IPRU(INV)* or *CRED* (see below). These capital requirements are not calculated as part of the RMAR.

In each case, it is the higher of the capital requirements that applies and is compared with the applicable calculation of financial resources.

Standard ‘version 1’ credit unions are exempt from the capital requirements in *PRU*, although they have capital requirements under the Credit Unions sourcebook (‘*CRED*’). For other credit unions, the capital resources requirement should be the higher of the amounts required under *PRU* or *CRED*.

**Note on the scope of Sections D2, D3, D4 & D5:** *firms* that carry on *designated investment business* and are subject to the RMAR, but do not meet the definition of *personal investment firm*, i.e. are not subject to *IPRU(INV)* Chapter 13, will **not** be subject to these sections. Such *firms*, e.g. smaller stockbrokers that advise on *retail investments* as an incidental part of their business, remain subject to the financial resources requirements associated with their principal *regulated activities*.

**Sub-sections:** this section is sub-divided as follows:

**D1:** in this sub-section, *firms* are required to complete the regulatory capital sections that are applicable for the types of business undertaken. The *personal investment firms* referred to in (ii) above are required to complete one of sections D2 or D3 to arrive at the totals required in D1.

**D2:** this section is completed by *personal investment firms* that are **not** subject to the requirements of *ISD* and the *Capital Adequacy Directive* (CAD). It is used to calculate the financial resources and financial resources requirements set out in Chapter 13.10-12 of the Interim Prudential Sourcebook for Investment Businesses (*IPRU(INV)*). This in turn will provide the totals to be submitted in the D1 fields marked A to I as applicable.

**D3:** this section is completed by *personal investment firms* that **are** subject to the requirements of *ISD* and CAD. It is used to calculate the financial resources and financial resources requirements set out in *IPRU(INV)* 13.3-5. This in turn will provide the totals to be submitted in the D1 fields marked A to I as applicable.

**D4:** this section is also completed by *personal investment firms* that are subject to the requirements of *ISD* and CAD. It is used to complete the quarterly financial resources statement that is required from these *firms* under CAD.

**D5:** this section relates to the requirements imposed by CAD on *ISD personal investment firms* in relation to *large exposures*.

### Section D1: guide for completion of individual fields

Is the firm exempt from these capital requirements in relation to any of its retail mediation activities?	<p>The <i>firm</i> should indicate here if any <i>Handbook</i> exemptions apply in relation to the capital requirements in <i>PRU</i> or <i>IPRU(INV)</i> Chapter 13. Examples of <i>firms</i> that may be subject to exemptions include</p> <ul style="list-style-type: none"> <li>• Lloyd’s <i>managing agents</i> (<i>PRU</i> 9.3.11R);</li> <li>• solo consolidated <i>subsidiaries of banks</i> or <i>building societies</i>;</li> <li>• small <i>credit unions</i> (as defined in <i>PRU</i> 9.3.8R); and</li> <li>• <i>investment firms</i> not subject to <i>IPRU(INV)</i> Chapter 13 (unless they additionally carry on <i>mortgage mediation activity</i> or <i>insurance mediation activity</i> relating to <i>non-investment insurance contracts</i>).</li> </ul>
<b>Mortgage and non-investment insurance mediation</b> (see sub paragraph (i) above)	
Base requirement	<p>The minimum capital requirements for <i>firms</i> carrying on <i>mortgage mediation activity</i> and for <i>insurance mediation activity</i> relating to <i>non-investment insurance contracts</i> are set out in <i>PRU</i> 9.3.30R.</p> <p>If the <i>firm</i> carries on <i>designated investment business</i> as well as <i>mortgage mediation activity</i>, <i>insurance mediation activity</i> or both, requirements under both <i>IPRU(INV)</i> and <i>PRU</i> need to be considered, as it is the higher of the requirements that needs to be met (see general notes above).</p>
5% of annual income (firms holding client money)	<p>For <i>firms</i> that hold <i>client money</i> or other <i>client assets</i> in relation to <i>insurance mediation activity</i> or <i>mortgage mediation activity</i>, this should be calculated as 5% of the annual income (see <i>PRU</i> 9.3.30R(2)) from the <i>firm’s insurance mediation activity</i>, <i>mortgage mediation activity</i>, or both.</p>

2.5% of annual income (firms not holding client money)	For <i>firms</i> that do not hold <i>client money</i> or other <i>client</i> assets in relation to <i>insurance mediation activity</i> or <i>mortgage mediation activity</i> , this should be calculated as 2.5% of the annual income (see <i>PRU 9.3.30R(1)</i> ) from the <i>firm's insurance mediation activity, mortgage mediation activity, or both.</i>
Capital requirements (higher of above)	The higher of the base requirement and 5% of annual income ( <i>firms</i> that hold <i>client money</i> or other <i>client</i> assets), or the higher of the base requirement and 2.5% of annual income ( <i>firms</i> that do not hold <i>client money</i> or other <i>client</i> assets)
Other <i>FSA</i> capital requirements (if applicable)	The <i>FSA</i> may from time to time impose additional requirements on individual <i>firms</i> . If this is the case for your <i>firm</i> , you should enter the relevant amount here. This excludes capital requirements in relation to PII, which are recorded below.  There may be additional capital requirements imposed on <i>firms</i> that carry on a number of different <i>regulated activities</i> . For example, <i>firms</i> that carry on the activities of mortgage lending or mortgage administration in addition to <i>mortgage mediation activity</i> and/or <i>insurance mediation activity</i> , and are not exempted under <i>PRU 9.3.4R</i> , may have an additional requirement under <i>PRU 9.3.40R(2)</i> .
Additional capital requirements for PII (if applicable)	If the <i>firm</i> has any increased excesses on its PII policies, the total of the additional capital requirements required by the tables in <i>PRU 9.2.19R</i> or <i>9.2.20R</i> should be recorded here. See also section E of the <i>RMAR</i> .
TOTAL CAPITAL REQUIREMENT	Appropriate totals from above
TOTAL CAPITAL RESOURCES	This should be the total of capital resources calculated in accordance with <i>PRU 9.3</i> in this section (D1) for incorporated or unincorporated <i>firms</i> as applicable.  For <i>firms</i> that are additionally subject to <i>IPRU(INV)</i> or <i>CRED</i> , this should be the higher of the amount calculated in this section ('total capital resources') and the financial resources determined by <i>IPRU(INV)</i> or <i>CRED</i> . See <i>PRU 9.3.51R</i> .
TOTAL CAPITAL EXCESS/DEFICIT	This should show the amount of capital resources that the <i>firm</i> has in relation to its capital requirement.
<b>IPRU(INV) requirements for personal investment firms (retail investment activities only)</b>	<i>Firms</i> that carry on <i>retail investment activities</i> , but no other <i>designated investment</i> business, are subject to this section. It is populated from section D2 or D3 as applicable (see sub paragraph (ii) above).
Category of personal investment firm under <i>IPRU(INV)</i>	If the <i>firm</i> is subject to Chapter 13 of <i>IPRU(INV)</i> , it should enter here its firm category as defined in <i>IPRU(INV)</i> Appendix 13(1), i.e. A1, A2, A3, B1, B2 or B3.
Own funds requirement	<b>See Section D2 or D3 as applicable</b> The own funds requirement ('OFR') should be calculated in accordance with Chapter 13 of the Interim Prudential Sourcebook for Investment Firms.  <i>ISD Firms</i> see section <i>IPRU (INV) 13.3</i> <i>Non-ISD Firms</i> see section <i>IPRU (INV) 13.10</i>  For a <i>low resource firm</i> , the OFR is always £10,000.

Own funds	<p><b>See Section D2 or D3 as applicable</b> This field should be filled in using the figure for own funds that is derived from the calculation in Section D2 or D3 as applicable.</p> <p>Own funds should be calculated in accordance with Chapter 13 of the Interim Prudential Sourcebook for Investment Firms.</p> <p><i>ISD Firms see IPRU (INV) 13.3</i> <i>Non-ISD Firms see IPRU (INV) 13.10</i></p> <p>Source data for the own funds calculation should be entered in the separate financial resources section for <i>ISD firms</i> or <i>non-ISD firms</i> as applicable.</p>
Surplus/deficit of own funds	<p><b>See Section D2 or D3 as applicable</b> This field should be filled in using the figure for surplus/deficit that is derived from the calculation in Section D2 or D3 as applicable.</p> <p>This should show the amount of the <i>firm's</i> own funds in relation to its own funds requirement.</p>
Additional own funds requirement for PII (if applicable)	<p>If the <i>firm</i> has any increased excesses or exclusions on its PII policies, the total of the additional capital requirements required by <i>IPRU(INV)</i> 13.1.4 should be recorded here. See also section E of the RMAR.</p>
Other <i>FSA</i> capital requirements (if applicable)	<p>The <i>FSA</i> may from time to time impose additional requirements on individual <i>firms</i>. If this is the case for your <i>firm</i>, you should enter the relevant amount here. This excludes capital requirements in relation to PII, which are recorded above.</p>
Adjusted net current assets requirement (if applicable)	<p><b>See Section D2 or D3 as applicable</b> All <i>personal investment firms</i> except <i>low resource firms</i> should at all times have adjusted net current assets of at least £1.</p> <p><i>Low resource firms</i> should enter 'n/a' here.</p>
Adjusted net current assets (if applicable)	<p><b>See Section D2 or D3 as applicable</b> All <i>personal investment firms</i> except <i>low resource firms</i> should at all times have adjusted net current assets of at least £1.</p> <p><i>Low resource firms</i> should enter 'n/a' here.</p> <p>This field should be filled in using the figure for adjusted net current assets that is derived from the calculation in Section D2 or D3 as applicable. Adjusted net current assets should be calculated in accordance with Chapter 13 of the Interim Prudential Sourcebook for Investment <i>Firms</i>.</p> <p><i>ISD Firms see IPRU (INV)13.4</i> <i>Non-ISD Firms see IPRU (INV)13.11</i></p>
Surplus/deficit (if applicable)	<p><b>See Section D2 or D3 as applicable</b> All <i>personal investment firms</i>, except <i>low resource firms</i>, should at all times have adjusted net current assets of at least £1.</p> <p><i>Low resource firms</i> should enter 'n/a' here.</p> <p>This field should be filled in using the figure for surplus/deficit that is derived from the calculation in section D2 or D3 of the data requirements.</p> <p>This shows whether the <i>firm's</i> net current assets are positive.</p>

Expenditure based requirement (if applicable)	<p><b>See Section D2 or D3 as applicable</b></p> <p>All <i>personal investment firms</i>, except <i>low resource firms</i>, should calculate their expenditure based requirement ('EBR') in accordance with Chapter 13 of the Interim Prudential Sourcebook for Investment Firms.</p> <p><i>Low resource firms</i> should enter 'n/a' here.</p> <p><i>ISD Firms</i> see <i>IPRU (INV)</i> 13.5  <i>Non-ISD Firms</i> see <i>IPRU (INV)</i> 13.12</p>
Adjusted Capital/liquid capital (if applicable)	<p><b>See Section D2 or D3 as applicable</b></p> <p>This field should be filled in using the figure for adjusted capital/liquid capital that is derived from the calculation in Section D2 or D3 as applicable.</p> <p>Adjusted/liquid capital should be calculated in accordance with Chapter 13 of the Interim Prudential Sourcebook for Investment Firms.</p> <p><i>ISD Firms</i> see <i>IPRU (INV)</i> 13.5  <i>Non-ISD Firms</i> see <i>IPRU (INV)</i> 13.12</p> <p><i>Low resource firms</i> should enter 'n/a' here.</p>
Surplus/deficit (if applicable)	<p><b>See Section D2 or D3 as applicable</b></p> <p>This field should be filled in using the figure for surplus/deficit that is derived from the calculation in Section D2 or D3 as applicable.</p> <p>This shows the amount of the <i>firm's</i> adjusted/liquid capital in relation to its expenditure based requirement.</p> <p><i>Low resource firms</i> should enter 'n/a' here.</p>
<b>Eligible capital (mortgage and non-investment insurance)</b>	
<b>Incorporated firms</b>	
Share capital	As reported in section A
Audited reserves	<p>These are the audited accumulated profits retained by the <i>firm</i> (after deduction of tax and dividends) and other reserves created by appropriations of share premiums and similar realised appropriations. Reserves also include gifts of capital, for example, from a <i>parent undertaking</i>.</p> <p>If reserves have not been audited this field should be zero.</p>
Interim net profits (audited)	Interim net profits should be audited by the <i>firm's</i> external auditor, net of tax or anticipated dividends and other appropriations. Normally this will mean that they form a proportion of the <i>firm's</i> P&L account in field BS24, but if no audit has been undertaken during the reporting period it should be a nil return.
Interim net profits (not audited)	Other unverified profits (not included in total capital resources)
Revaluation reserves	Revaluation reserves (unrealised reserves arising from revaluation of fixed assets) can only be included here if audited.
Eligible subordinated loans	Subordinated loans should be included in capital on the basis of the provisions in <i>PRU</i> 9.3.56R and <i>PRU</i> 9.3.57R.
Less investments in own shares	Amounts recorded in the balance sheet as investments which are invested in the <i>firm's</i> own shares should be entered here for deduction.
Less intangible assets	<p>Any amounts recorded as intangible assets in section A above should be entered here for deduction.</p> <p>The balance sheet value for <b>goodwill</b> does not have to be deducted here until 14 January 2008. See <i>PRU</i> 9.3.53R</p>
Less interim net losses	Interim net losses should be calculated in relation to the period following the date as at which the capital resources are being calculated. The figures do not have to be audited to be included.

<b>Unincorporated firms</b>	
Capital of a sole trader or partnership	See <i>PRU 9.3.52R</i>
Eligible subordinated loans	Subordinated loans should be included in capital on the basis of the provisions in <i>PRU 9.3.56R</i> and <i>PRU 9.3.57R</i> .
Personal assets not needed to meet non-business liabilities	<p><i>PRU 9.3.54R</i> and <i>9.3.55G</i> state that a <i>sole trader or partner</i> <u>may</u> use personal assets to cover liabilities incurred in the <i>firm's</i> business unless:</p> <p>(1) those assets are needed to meet other liabilities arising from:  (a) personal activities; or  (b) another business activity not regulated by the <i>FSA</i>; or  (2) the <i>firm</i> holds <i>client money</i> or other <i>client</i> assets.</p> <p>This field may be left blank if the <i>firm</i> is able to satisfy the capital resources requirements without relying on personal assets.</p>
Less intangible assets	<p>Any amounts recorded as intangible assets in section A above should be entered here for deduction.</p> <p>The balance sheet value for <b>goodwill</b> does not have to be deducted here until 14 January 2008. See <i>PRU 9.3.53R</i></p>
Less interim net losses	Interim net losses should be calculated in relation to the period following the date as at which the capital resources are being calculated. The figures do not have to be audited to be included.
Less excess of drawings over profits for a sole trader or partnership	Any excess of drawings over profits should be calculated in relation to the period following the date as at which the capital resources are being calculated. The figures do not have to be audited to be included.

## **Section D2: non-*ISD* personal investment firms**

This section is for non-*ISD* personal investment firms. Its purpose is to assist in calculating the financial resources data that is required in section D1 above, based on the requirements of *IPRU(INV)* 13.10 to 13.12.

All non-*ISD* personal investment firms are required to meet the Own Funds financial resources test as follows:

### **Own Funds (test 1)**

*IPRU(INV)* requires that all non-*ISD* personal investment firms have financial resources of at least £10,000 at all times. The Own Funds test is designed to evaluate firms' adherence to this requirement.

In addition, firms that do not fall within the definition of a *low resource firm* are required to meet the following additional financial resources tests.

### **Adjusted Net Current Assets (test 1A)**

The purpose of this test is to ensure that the *firm* has adequate working capital to be able to meet its liabilities as and when they fall due. It does this by taking the *firm's* net current assets (from the balance sheet), and applying the following actions:

- (1) excluding assets which cannot be realised or recovered within twelve months;

- (2) excluding amounts receivable from *connected persons* (to the extent that they are not properly secured, except certain allowable deposits);
- (3) valuing *investments* at current market value.

The resulting balance should be at least £1.

### **Expenditure Based Requirement (test 2)**

This is a capital requirement for *personal investment firms* that are not *low resource firms*, based on a *firm's* overall audited expenditure. The Expenditure Based Requirement is calculated as a fraction of the *firm's* annual fixed costs which, for this purpose, are based upon the *firm's* annual audited expenditure and, in general terms, exclude cost items that would not be incurred were there no income. Thus staff bonuses and *partners'* profit shares (unless guaranteed) and any shared commissions are not treated as fixed costs for the purposes of the calculation.

### **Section D3: ISD personal investment firms**

This section of the data requirements is provided for *ISD personal investment firms*, to assist in calculating the financial resources data that is required in section D1 above, based on the requirements of *IPRU(INV)* 13.2-5.

All *ISD personal investment firms* are required to meet the following three financial resources tests:

#### **Own Funds (test 1)**

*IPRU(INV)* requires that *ISD personal investment firms* have appropriate financial resources in relation to their prudential category at all times. The Own Funds Requirements for these *firms* are:

for a Category A1 *firm*: €730,000;

for a Category A2 *firm*: €125,000;

for a Category A3 *firm*: €50,000.

The Own Funds test is designed to evaluate *firms'* adherence to these requirements.

#### **Adjusted Net Current Assets (test 1A)**

See Section D2 in relation to non-*ISD personal investment firms* above.

#### **Expenditure Based Requirement (test 2)**

See Section D2 in relation to non-*ISD personal investment firms* above.

### **Section D4: CAD 13 quarterly financial resources (ISD personal investment firms)**

The purpose of this section is to measure *firms'* compliance with the *Capital Adequacy Directive* ('CAD') on a quarterly basis, as required by the directive. *Firms* should use figures

taken from their most recently audited accounts, unless they relate to a change in resources of a kind specified in this section of the RMAR, e.g. the introduction of a subordinated loan.

#### **Section D5: reportable *Large Exposures (ISD personal investment firms)***

This section relates to the requirements imposed by CAD on *ISD personal investment firms* in relation to *large exposures*.

A *large exposure* exists where a *firm* is owed a debt by, or is otherwise exposed to another person, or to two or more affiliated *persons*, and that exposure equals or exceeds 10% of its own funds. Under *IPRU(INV)*, a *firm* is required to ensure that its *large exposures* do not exceed 25% of its own funds (or the aggregate of exposure to its holding company, or a subsidiary company or a group of subsidiaries of its holding company does not exceed 20% of own funds).

The detailed requirements in relation to *large exposures* are set out in *IPRU(INV)* 13.6, including the types of *exempt exposures* that may be excluded from the calculations.

*SUP* 16 requires that *large exposures* be reported to the *FSA* on a quarterly basis. This part of the data requirements fulfils that requirement, and assists *firms* in calculating the level of reportable exposure (excluding *exempt exposures*) which then feeds into the calculation of the Expenditure Based Requirement.

## Section E: Professional Indemnity Insurance

This section requires *firms* to confirm that they are in compliance with the prudential requirements in relation to professional indemnity insurance (PII).

Data is required in relation to all PII policies that a *firm* has in place, up to a limit of ten (the *firm* will be prompted to submit data on all applicable policies). If a *firm* has more than ten policies, it should report only on the ten largest policies by premium.

**Note on the scope of Section E:** *retail investment firms* that fall within the scope of these data requirements, but do not meet the definition of *personal investment firm*, i.e. are not subject to *IPRU(INV)* 13, will **not** be subject to this section.

The PII requirements for *authorised professional firms* ('APFs') that carry on *retail investment activities* are set out in *IPRU(INV)* 2.3. APFs that carry on *mortgage mediation activity* or *insurance mediation activity* are subject to the full requirements of *PRU* 9.2.

### Section E: guide for completion of individual fields

Is the firm exempt from the PII requirements in respect of any regulated activities?	<p>The conditions for exemptions from the PII requirements for <i>firms</i> carrying on <i>insurance</i> or <i>mortgage mediation</i> are set out in <i>PRU</i> 9.2.1R paragraphs (3) to (6).</p> <p><i>Personal investment firms</i> can only be exempted by individual waiver granted by the <i>FSA</i> (unless <i>IPRU(INV)</i> 13.1.5R applies in respect of comparable guarantees)</p> <p><i>Retail investment firms</i> that do not meet the definition of <i>personal investment firm</i> are not required to complete this section of the RMAR.</p>
If not exempt, has the firm renewed its PII cover since the last reporting date?	<p>The purpose of this question is to ensure that <i>firms</i> do not have to fill in the same information each time they report when the information only changes annually.</p> <p>If the <i>firm</i> is reporting for the first time, you should enter 'yes' here and complete the data fields below.</p> <p>You should only enter 'n/a' if the <i>firm</i> is exempt from the PII requirements in respect of all of <i>regulated activities</i> forming part of the RMAR.</p>
Have any of the data items below changed since the last reporting date (or since you last notified the <i>FSA</i> of any changes)?	<p>The purpose of this question is to ensure that <i>firms</i> do not have to fill in the same information for each period when the information only changes annually.</p> <p>If the <i>firm</i> is reporting for the first time, you should enter 'yes' here and complete the data fields below.</p> <p>You should only enter 'n/a' if the <i>firm</i> is exempt from the PII requirements in respect of all of the <i>regulated activities</i> within the scope of the RMAR.</p>
What activities are covered by the policy(ies)?	You should indicate which <i>regulated activities</i> are covered by the <i>firm's</i> PII policy or policies.

Is the cover compliant?	<p>The required terms for PII cover are set out in the Prudential Sourcebooks as follow:</p> <p><i>Insurance intermediaries and mortgage intermediaries – PRU 9.2</i> <i>Personal investment firms - IPRU(INV) 13.1</i></p> <p><i>Authorised professional firms</i> that carry on <i>retail investment activities</i> should note that by ticking this box they are providing confirmation that they are in compliance with <i>IPRU(INV)2.3.2E</i>, which requires them to have PII cover that is at least equivalent to the requirements of their <i>designated professional body</i>.</p>
Annual premium	This should be the annual premium that is paid by the <i>firm</i> , net of tax and any other add-ons.
Limit of Indemnity	<p>You should record here the indemnity limits on the <i>firm's</i> PII policy or policies, both in relation to single claims and in aggregate.</p> <p>For <i>insurance intermediaries</i>, see <i>PRU 9.2.13R</i>. For <i>mortgage intermediaries</i>, see <i>PRU 9.2.15R</i>. For <i>personal investment firms</i>, see <i>IPRU(INV) 13.1.4E</i>.</p> <p>If the <i>firm</i> is subject to more than one of the above limits (because of the scope of its <i>regulated activities</i>), and has one PII policy for all of its <i>regulated activities</i>, the different limits should be reflected in the policy documentation.</p>
Policy excess	<p>For <i>insurance intermediaries</i> and <i>mortgage intermediaries</i>, see <i>PRU 9.2.16-20R</i>. For <i>personal investment firms</i>, see <i>IPRU(INV) 13.1.4E</i>.</p>
Increased excess(es) for specific business types	<p>If the prescribed excess limit is exceeded in respect of a type or types of business, the amount(s) of the increased excess should be stated here. The type(s) of business to which the increased excess applies should be selected from the drop-down box.</p> <p>(Some of the business types in the drop-down box include pensions, endowments, FSAVCs, splits/zeroes, precipice bonds, income drawdown, <i>lifetime mortgages</i>, discretionary management, other)</p>
Policy exclusion(s) for specific business types	<p>If there are any exclusions in the <i>firm's</i> PII policy, the business type(s) to which they relate should be selected from the drop-down box.</p> <p>(Some of the business types in the drop-down box include pensions, endowments, FSAVCs, splits/zeroes, precipice bonds, income drawdown, <i>lifetime mortgages</i>, discretionary management, other)</p>
Renewal date	The next date by which the current cover needs to be renewed.
Insurer name	<p>The name of the <i>insurance undertaking</i> providing cover. If cover is provided by a Lloyd's syndicate, the name of the syndicate should be stated.</p> <p>If a policy is underwritten by more than one <i>insurance undertaking</i>, you should state 'multiple' along with the number of <i>insurance undertakings</i></p>
Does the <i>firm</i> have any other PII policies?	If 'Y' is entered here, the <i>firm</i> will be required to submit the information above for further policies as applicable (up to a maximum of ten).
Amount of additional capital required for increased excess(es) (where applicable, total amount for all PII policies)	This should be calculated using the tables in <i>IPRU(INV) 13.1.4(12)E</i> or <i>PRU 9.2.20-22</i> as applicable. The total of additional capital (i.e. in relation to all of the <i>firm's</i> PII policies) should have been reported under 'additional capital requirements for PII' and/or 'additional own funds for PII' in section D1.

Amount of additional own funds required for policy exclusion(s)	<i>Personal investment firms</i> only - this should be calculated in accordance with <i>IPRU(INV)</i> 13.1.4(13)R. The total of additional own funds (i.e. in relation to all of the <i>firm's</i> PII policies) should have been reported under 'additional capital requirements for PII' and/or 'additional own funds for PII' in section D1.
Total of additional own funds required	<i>Personal investment firms</i> only – this is the same figure as in section D1, representing the total of additional own funds that are required under <i>IPRU(INV)</i> 13.1.4 for all of the <i>firm's</i> PII policies.
Total of readily realisable own funds	<i>Personal investment firms</i> only - you should state here the total of the own funds reported in section D that are classed as 'readily realisable' under the terms of <i>IPRU(INV)</i> 13.1.4(4)R.
Excess/deficit of readily realisable own funds	This field will automatically calculate the excess or deficit, i.e. the 'total of additional own funds required' less the 'total of readily realisable own funds'

## Section F: the *threshold conditions*

### Sub-heading: adequate resources

This section relates to *threshold condition 4*, by virtue of which the resources of *firms* must, in the opinion of the *FSA*, be adequate in relation to the *regulated activities* that they carry on.

The scope of this requirement is set out in Chapter 2.4 of the Threshold Conditions Sourcebook (*COND* 2.4). In summary, 'resources' refers to both financial and non-financial resources, and to the means of managing those resources. Examples of matters to which the *FSA* will have regard when assessing whether a *firm* satisfies *threshold condition 4* include, among others, the following:

- whether the *firm* has access to adequate capital by reference to the *FSA's* prudential requirements;
- whether the *firm* can meet all its liabilities as they fall due; and
- whether the *firm* has taken steps to identify and measure any risks of regulatory concern, and has installed appropriate systems and controls to manage them.

### Sub-heading: close links

This section relates to *threshold condition 3*. *Firms* should consult *COND* 2.3, as well as Chapter 11 of the Supervision Manual ('*SUP*').

This section of the return replaces the *close links* annual reporting requirement in *SUP* 16.5.4R, which does not now apply to those *firms* subject only to the RMAR for the purposes of regulatory reporting. Moreover, the existing exemptions for certain other *firms* from the existing reporting requirements in *SUP* 16.5.1G are retained.

### **Sub-heading: approved persons**

The approved persons regime is one of the ways in which the *FSA* satisfies itself that *firms* are operating in accordance with *threshold conditions* 4 (adequate resources) and 5 (suitability).

An “approved person” is a *person* in relation to whom the *FSA* has given its approval under the *Act* for the performance of a *controlled function*. In broad terms, the individuals the *FSA* approves fall into the following categories:

- individuals exerting significant influence over the *firm’s regulated activities*;
- individuals dealing directly with *customers*; and
- individuals dealing with the property of *customers*.

For *retail investment firms*, all individuals undertaking *controlled functions* in relation to the above categories are subject to the *approved persons* regime.

For *firms* carrying on *mortgage mediation activity* and/or *insurance mediation activity* relating to *non-investment insurance contracts*, the ‘significant influence’ category is subject to the *approved persons* regime, but not the ‘customer functions’.

See, generally, *SUP* 10.4 for specification of *significant influence functions* and *customer functions*.

### **Sub-heading: controllers**

In very broad terms, so far as those required to fill in this part of the return are concerned, the *Handbook* requires notification of changes in a *firm’s controllers* as follows:

A *UK domestic firm* other than a *UK insurance intermediary* must notify the *FSA* of any of the following events concerning the *firm*:

- (1) a *person* acquiring *control* or ceasing to have *control*;
- (2) an existing *controller* acquiring an additional *kind of control* or ceasing to have a *kind of control*;
- (3) an existing *controller* increasing or decreasing a *kind of control* which he already has so that the percentage of shares or *voting power* concerned becomes or ceases to be equal to or greater than 20%, 33% or 50%;
- (4) an existing *controller* becoming or ceasing to be a *parent undertaking*.

An *overseas firm* must notify the *FSA* of any of the following events concerning the *firm*:

- (1) a *person* acquiring *control* or ceasing to have *control*;
- (2) an existing *controller* becoming or ceasing to be a *parent undertaking*.

A *UK insurance intermediary* must notify the *FSA* of any of the following events concerning the *firm*:

- (1) a *person* acquiring *control*;
- (2) a *controller*;

- (a) decreasing the percentage of shares held in the *firm* from 20% or more to less than 20%; or
  - (b) decreasing the percentage of shares held in a *parent undertaking* of the *firm* from 20% or more to less than 20%; or
  - (c) decreasing the percentage of voting power which it is entitled to exercise, or control the exercise of, in the *firm* from 20% or more to less than 20%; or
  - (d) decreasing the percentage of voting power which it is entitled to exercise, or control the exercise of, in a *parent undertaking* of the *firm* from 20% or more to less than 20%;
- (3) an existing *controller* becoming or ceasing to be a *parent undertaking*.

A summary of these notification requirements is provided in Annex 1G of SUP 11.

This section of the return replaces the annual *controllers* reporting requirement in SUP 16.4.5R, which does not now apply to those *firms* subject only to the RMAR for the purposes of regulatory reporting. Moreover, the exemptions for certain other *firms* from the existing reporting requirement in SUP 16.4.1G are retained.

## Section F: guide for completion of individual fields

<p><b>Adequate Resources</b> Does the firm have adequate resources in relation to its regulated activities?</p>	<p>In answering this question you should carefully consider the <i>guidance</i> in COND 2.4, which sets out the criteria that the FSA will use in determining whether a <i>firm</i> is deemed to have adequate resources.</p> <p><i>Authorised professional firms</i> should note that by ticking this box they are providing confirmation that they are in compliance with IPRU(INV)2.2, which requires them to be able to meet their liabilities as they fall due.</p>
<p><b>Close Links</b> Are you exempt from close links reporting requirements?</p>	<p>The categories of <i>firm</i> that are exempt from the reporting requirement are listed in the relevant parts of SUP 16.1.3R.</p>
<p>If not, have there been changes to your close links since the FSA was last informed?</p>	<p>For detailed <i>guidance</i> on what constitutes a <i>close link</i>, see COND 2.3.</p>
<p>If yes, on what date did these changes take effect? (if no notification has been made, please notify us separately of the changes)</p>	<p>See SUP 11.9. All <i>firms</i> should have notified the FSA immediately if they have become aware that they have become or ceased to be <i>closely linked</i> with another <i>person</i>.</p> <p>If there have been changes in <i>close links</i> that have not been notified to the FSA, you should do this now.</p>
<p><b>Approved Persons</b> Have there been changes to your approved persons' details since the FSA was last informed?</p>	<p>State yes if, for example, any of the <i>firm's</i> approved persons have joined or left during the reporting period, but the FSA was not notified in accordance with normal procedures.</p>

<p>If yes, on what date did these changes take effect? (if no notification has been made, please notify us separately of the changes)</p>	<p>Any changes in the <i>firm's approved persons</i>, e.g. joiners and leavers, should have been notified at the time to the <i>FSA</i>. Detailed requirements in relation to <i>approved persons</i> are set out in <i>SUP 10.13</i></p> <p>If the appropriate notification was <b>not</b> made at the time, you should state here the date the change took effect. If there has been more than one unnotified change, you should enter the date of the most recent change.</p> <p>If there have been changes in relation to <i>approved persons</i> that have <b>not</b> been notified to the <i>FSA</i>, you should do this now.</p>
<p><b>Controllers</b> Are you exempt from the controllers reporting requirements?</p>	<p>The categories of <i>firm</i> that are exempt from the reporting requirement are listed in the relevant parts of <i>SUP 16.1.3R</i></p>
<p>If not, have there been changes to your controllers since the <i>FSA</i> was last informed?</p>	<p>See, generally, <i>SUP 11.4</i>.</p>
<p>If yes, on what date did these changes take effect? (if no notification has been made, please notify us separately of the changes)</p>	<p>See, generally, <i>SUP 11.4</i>. If there have been changes in <i>controllers</i> that have not been notified to the <i>FSA</i>, you should do this by means of normal supervisory channels.</p>

## Section G: Training & Competence ('T&C')

Principle 3 of the *Principles for Businesses* requires *firms* to take reasonable care to organise and control their affairs responsibly and effectively, with adequate risk management systems. This includes making proper arrangements for individuals associated with a *regulated activity* carried on by a *firm* to achieve and maintain competence.

Our approach to training and competence is set out in the Training & Competence Sourcebook ('*TC*'). There are two parts to the Sourcebook:

Chapter 1 (the Commitments) consists of *guidance* that applies to those *firms* indicated in *TC 1.1.6G* (which includes all *firms* with a *Part IV permission*). It states that the *firm's* commitments to training and competence should be that employees are competent and remain competent for the work that they do, that they are appropriately supervised, that their competence is regularly reviewed, and that the level of competence is appropriate to the nature of the business.

Chapter 2 (specific requirements for particular activities) – for those *firms* indicated in *TC 2.1.1R* who are involved in specified activities, such as *advising on investments* or on *regulated mortgage contracts* (see, generally, *TC 2.1.4R*), we have set additional training and competence requirements over and above the Commitments. These extra requirements cover recruitment, training, attaining competence, (in some cases this includes a requirement for individuals to pass an examination), maintaining competence, and the supervision of individuals.

It should be noted that Chapter 2 only applies in relation to advising on *non-investment insurance contracts* where this activity is carried on with or for *retail customers*.

We will use the data we collect in this section to assess the nature of *firms'* compliance with training and competence requirements.

*Firms* that have *appointed representatives* ('ARs') should note that the information submitted in this section should include its ARs as well as the *firm* itself.

### Section G: guide for completion of individual fields

Total number of all staff	<p>This should be the total number of staff that worked for the <i>firm</i> as at the end of the reporting period.</p> <p>Therefore, employees that may have advised during the period but were not employed as at the end date should <b>not</b> be included.</p>
Of which:	
Number of staff that give advice	<p>'Advice' is given where the sale of a product is based on a recommendation given to the <i>customer</i> on the merits of a particular product.</p> <p>If staff advise in relation to more than one business type (i.e. mortgage advising, advising on <i>non-investment insurance contracts</i> or retail investment products), they should be counted in each applicable field. The 'total' in the right hand column field should be the actual number of applicable employees, however, rather than a total of the three columns.</p> <p>Note: in relation to advising on <i>non-investment insurance contracts</i>, this total should <b>not</b> include employees that do not advise <i>retail customers</i>.</p>
Number of staff that supervise others to give advice	<p>Note the requirements in the Training &amp; Competence Sourcebook (TC 2.4, 2.6 and 2.7) for employees to be appropriately supervised, and also the competencies that are required for those who supervise others.</p> <p>If any of these staff carries out supervisory activities in relation to more than one business type, they should be counted in each applicable field. The 'total' in the right hand column field should be the actual number of applicable employees, however, rather than a total of the three columns.</p>
Number of advisers that have been assessed as competent	<p>This is a subset of the total of 'number of staff that give advice' above.</p> <p>See TC 2.1.4R for the detailed training &amp; competence requirements relating to individual activities.</p> <p>If staff are competent in relation to more than one business type, they should be counted in each applicable field. The 'total' in the right hand column field should be the actual number of applicable employees, however, rather than a total of the three columns.</p>

Number of advisers that have passed <i>approved examinations</i>	<p>This is a subset of the total in ‘number of staff that give advice’ above.</p> <p>In the case of certain activities, <i>TC 2</i> imposes requirements on <i>firms</i> in relation to their <i>employees</i> and passing <i>approved examinations</i>. See, for example, requirements relating to <i>employees</i> engaged in <i>advising a customer on a regulated mortgage contract</i> other than a <i>regulated mortgage contract</i> that the firm has concluded solely for a business purpose (Table <i>TC 2.1.4R (1)(p)</i>), and requirements relating to <i>employees</i> engaged in <i>advising on investments</i> which are <i>packaged products</i> (Table <i>TC 2.1.4R (1)(f)</i>).</p> <p>If staff have qualifications in relation to more than one business type, they should be counted in each applicable field. The ‘total’ in the right hand column field should be the actual number of applicable employees, however, rather than a total of the three columns.</p>
Number of advisers that have left since the last reporting date	<p>This is the total number of advisory staff that have left the <i>firm</i> during the current reporting period.</p> <p>If any of these staff used to carry out advisory activities in relation to more than one business type, they should be counted in each applicable field. The ‘total’ in the right hand column field should be the actual number of applicable employees, however, rather than a total of the three columns.</p>
Number of staff that take private customers through stakeholder pension scheme decision trees	See <i>TC 2.1.4R Table (2)(e)</i> .
Number of staff that supervise non-advised sales of lifetime mortgages	The reason this information is required is because the detailed requirements in <i>TC 2</i> are extended to staff that supervise non-advised sales of <i>lifetime mortgages</i> where filtering questions are used, because of the higher risks associated with these products (see <i>TC 2.1.4R Table (2)(g)</i> ).
Number of staff that design filtering questions for non-advised sales of lifetime mortgages	<p>The reason this information is required is because the detailed requirements in <i>TC 2</i> are extended to staff involved in designing filtering questions for the non-advised sale of <i>lifetime mortgages</i>, because of the higher risks associated with these products (see <i>TC 2.1.4R Table (1)(q)</i>).</p> <p>Note: we would expect this total to include staff that supervise and/or sign off filtering questions as well as those that actually design them.</p>

## Section H: Conduct of Business (‘COB’) Data

In this section we are seeking data from *firms* in relation to:

- the various sources of business;
- advertising;
- commission clawback (*retail investment firms* only);
- monitoring of *appointed representatives*.

We will use the data collected in this section to establish the extent and nature of *firms’* business, and thereby assess the potential risks posed by *firms’* business activities.

*Firms* that have *appointed representatives* ('ARs') should note that the information submitted in this section should take account of the business generated by its ARs as well as the *firm* itself.

### **Sub-headings: sources of business/advertising**

This information is being requested to provide high level data on the ways in which *firms* attract business. This will assist the *FSA* in targeting its supervisory resources towards those areas of the sales process and market where risks to consumers appear to be greatest. For example, we might use supervisory resources to look at all *firms* in a certain area that advertise in print media.

### **Sub-heading: general COB data**

In this sub-section we are requesting general information on the *firm's* conduct of business.

### **Sub-heading: Clawed back commission (retail investment firms only)**

Commission is typically paid to advisers in two main ways:

- non-indemnity commission - this is where payments from providers/lenders to advisers are non-refundable should the policy lapse, cancel or be surrendered.
- indemnity commission – this is colloquially referred to as 'up-front' commission and describes the situation where a provider would pay an adviser an amount of money based on a percentage of the first year's premiums for a regular premium contract. This sum is paid immediately on commencement, on the assumption that the policy will stay in force for a number of months/years ('the earnings period'). Should the *customer* stop paying premiums within the 'earnings period' (generally between 24 & 48 months) then the provider would ask the adviser to repay the 'unearned' commission. This is known as 'clawback'.

### **Sub-heading: monitoring of *appointed representatives***

An appointed representative ('AR') is a *person* (other than an *authorised person*) who:

- (a) is a party to a contract with an *authorised person* (his *principal*) which:
  - (i) permits or requires him to carry on business of a description prescribed in the *Appointed Representatives Regulations*; and
  - (ii) complies with such requirements as are prescribed in those Regulations; and
- (b) is someone for whose activities in carrying on the whole or part of that business his *principal* has accepted responsibility in writing; and who is therefore an *exempt person* in relation to any *regulated activity* comprised in the carrying on of that business for which his *principal* has accepted responsibility.

A *firm* has significant responsibilities in relation to an AR that it has appointed, which are set

out in detail in SUP 12. In summary, the *firm* is responsible, to the same extent as if it had expressly permitted it, for anything the *appointed representative* does or omits to do, in carrying on the business for which the *firm* has accepted responsibility.

Before a *firm* appoints a *person* as an *appointed representative*, and afterwards **on a continuing basis**, it should take reasonable care to ensure that:

- (1) the appointment does not prevent the *firm* from satisfying and continuing to satisfy the *threshold conditions*;
- (2) the *person*:
  - (a) is solvent;
  - (b) is suitable to act for the *firm* in that capacity; and
  - (c) has no *close links* which would be likely to prevent the effective supervision of the *person* by the *firm*; and
- (3) the *firm* has adequate:
  - (a) controls over the *person's regulated activities* for which the *firm* has responsibility (see SYSC 3.1); and
  - (b) resources to monitor and enforce compliance by the *person* with the relevant requirements applying to the *regulated activities* for which the *firm* is responsible and with which the *person* is required to comply under its contract with the *firm*.

Accordingly, *firms* are required to monitor and oversee the activities of their ARs. It is the *firm's* responsibility to be able to demonstrate that it has adequate procedures and resources in place to monitor these activities.

By collecting the high level data required in this sub-section, we will be able to gain an understanding of the methods that *firms* are employing to remain in compliance with the monitoring requirements. This will be used to inform thematic and/or *firm-specific* work in this area.

## Section H: guide for completion of individual fields

<b>Sources of Business</b> Sources of business: please tick all that apply, or confirm here that there have been no changes since the last reporting date	The purpose of the 'no changes' checkbox is so that <i>firms</i> do not have to fill in the same information each quarter when it has not changed.  If the <i>firm</i> is reporting for the first time, you should leave this field blank and complete the data fields below.
Marketing lists	This is where a <i>firm</i> uses a commercially obtained list of potential <i>customers</i> to carry out marketing of its services.
Referrals from non-authorised introducers	A non-authorised introducer is a <i>person</i> who is neither authorised by the FSA nor an <i>appointed representative</i> , and who introduces business to <i>firms</i> or <i>appointed representatives</i> .  This would include a non-authorised professional firm that refers business to an APF.
Referrals from intermediaries	Referrals from other intermediaries, including <i>appointed representatives</i> .
Telephone sales	Sales arising solely from telephone conversations with the <i>customer</i> .

Cold calling	See <i>COB</i> 3.10, and <i>MCOB</i> 3.7.
Sales visits	Sales arising from a visit to the <i>customer</i> by the <i>firm</i> .
Postal sales	Sales arising solely by exchange of postal correspondence.
Direct offer financial promotions	See <i>Glossary</i> definition.
Repeat customers	Sales made to <i>customers</i> who had previously transacted business with the <i>firm</i> .
Internet Sales	Sales arising from the <i>customer's</i> use of the internet. This could include business originated from the <i>firm's</i> internet advertising (website or directory membership), or sales transacted online.
Other	Any other sources of business not covered in this section.
<b>Advertising</b>	
Does your firm approve financial promotions (including qualifying credit promotions)?	A financial promotion is an invitation or inducement to <i>engage in investment activity</i> . This question relates to approval of the content of the <i>financial promotion</i> for the purposes of section 21 of the <i>Act</i> .  'Qualifying credit' is defined in the <i>Glossary</i> .  See, generally, <i>AUTH</i> Appendix 1 for <i>guidance on financial promotion</i> and related activities.
Types of advertising: please tick all that apply, or confirm here that there have been no changes since the last reporting date	The purpose of this question is so that <i>firms</i> do not have to fill in the same information each quarter when it has not changed.  If the <i>firm</i> is reporting for the first time, you should leave this field blank and complete the data fields below.
Do you use one or more lists or panels of preferred product providers?  If yes, indicate the applicable types of business	You should indicate here the types of business in respect of which the <i>firm</i> uses lists or panels.
What (if known) is the total number of providers on the panel(s)?	If the <i>firm</i> compiles its own panel(s), you should state here the total number of product providers that are included as at the reporting date.  It is acceptable to leave this field blank if, for example, the <i>firm</i> uses a panel or panels compiled by a product provider or packager firm.
How often (if known) are the panel(s) reviewed?	If the <i>firm</i> compiles its own panel(s), you should state the frequency with which the panel or list is reviewed and amended as appropriate, e.g. quarterly.  If separate panels are reviewed with differing frequencies, you should state the least frequent.  It is acceptable to leave this field blank if, for example, the <i>firm</i> uses a panel or panels compiled by a product provider or packager firm.
<b>General COB data</b>	
Do regulated activities form the core business of the firm?	'Core business' for these purposes is the activity from which the largest percentage of the <i>firm's</i> gross income is derived.  Note for an <i>authorised professional firm</i> specifying that its core business is 'professional services': if the <i>firm's</i> income from <i>regulated activities</i> is 50% or more of its total income (disregarding a temporary variation of not more than 5% over the preceding year's figure), then it should have regard to <i>IPRU(INV)</i> 2.1.2R (4) and give notification to the <i>FSA</i> .

If not, specify type of core business	<p>Where applicable, the <i>firm</i> should specify its core business from the following:</p> <p><b>Motor</b> Dealer (includes commercial vehicles, motorcycles and scooters, new &amp; used vehicles) Hire/Lease of vehicles Mobility &amp; Access Equip./Vehicles Other</p> <p><b>Associations or Institutions</b> Utilities Trade Union University Housing Association &amp; Trust Trade Body Sports Club &amp; Association Other</p> <p><b>Retail - Goods</b> Electrical Appliance Retailer Furniture Retailer Mobile Telephones Sports Equipment (e.g. Fishing Tackle, Golf) Caravans &amp; Mobile Homes Other goods (e.g. Photographic, coin &amp; stamp dealers )</p> <p><b>Service sector</b> Travel (e.g. booking accommodation &amp; holidays) Supermarket Veterinary Surgeon Removals (e.g. domestic, business &amp; overseas) Property management (including overseas) Building improvements/extensions (e.g. bathroom, kitchen, conservatories) Other services (e.g. Post Offices, Hire Services)</p> <p><b>Other</b> if none of the above categories is applicable to the <i>firm's</i> business, e.g. loss assessor, professional services provided by an <i>authorised professional firm</i>.</p>
Do you give independent advice?	You should state 'yes' if the <i>firm</i> gives advice on regulated products or services that is independent of product providers or marketing groups.
<b>Clawed back commission (retail investment firms only)</b>	
Clawed back commission by:	
Number	Number of policies where cancellations have led to commissions being clawed back during the reporting period.
Value	Total value of clawed back commission during the period.
<b>Complaints</b>	
Does the firm have complaints handling procedures?	<p><i>DISP</i> 1.2 requires that all <i>firms</i> that conduct business with <i>eligible complainants</i> have in place appropriate and effective written complaint handling procedures.</p> <p>Additionally, <i>firms</i> that carry on <i>insurance mediation</i> are required to have a complaints handling procedure for all complaints, including those from non-eligible complainants (see <i>DISP</i> 1.2.1A R).</p>

<b>Monitoring of Appointed Representatives ('ARs')</b>	
Number of ARs registered with the firm	Total number of ARs for which the <i>firm</i> has regulatory responsibility, as at the reporting date.
Of which, number of 'secondary' ARs	An AR is a secondary AR if: <ul style="list-style-type: none"> <li>the activities for which it is exempt are limited to <i>insurance mediation activities</i> only; and</li> <li>its principal purpose is to carry on activities other than <i>insurance mediation activities</i>.</li> </ul>
Of which, number of introducer ARs	See <i>Glossary</i> definition
Number of advisers within ARs	This should be the total of advisory staff across all of the <i>firm's</i> appointed representatives. Advisory staff are those that advise <i>customers</i> on the merits of purchasing a particular product.  By definition this total will not include staff at introducer ARs.
Does the firm have appropriate systems and procedures in place to ensure that the activities of its ARs are effectively monitored and controlled?	A summary of the <i>firm's</i> responsibilities under SUP 12 is set out under the sub-heading "monitoring of appointed representatives" above. The <i>firm</i> should be able to demonstrate that it has been in compliance with the requirements in SUP 12 throughout the reporting period.
Number of ARs that have been subject to monitoring visits by the firm during the reporting period.	This is one of the ways in which <i>firms</i> with ARs may fulfil their responsibilities under SUP 12.
Number of ARs that have been subject to file reviews by the firm during the reporting period.	This is one of the ways in which <i>firms</i> with ARs may fulfil their responsibilities under SUP 12.
Number of ARs that have been subject to financial checks by the firm during the reporting period.	This is one of the ways in which <i>firms</i> with ARs may fulfil their responsibilities under SUP 12.
Has any other monitoring of ARs by the <i>firm</i> taken place?	If the <i>firm</i> uses other methods to fulfil its monitoring responsibilities under SUP 12, you should state 'yes' here.

## **Section I: supplementary product sales data**

Most of the product sales data ('PSD') required by the *FSA* is collected quarterly from product providers. However, this process does not include all types of *non-investment insurance contract*, and also leaves other gaps in data on sales, which we aim to fill by means of the data collected in this section.

We use this data in conjunction with PSD to identify market trends and thus inform our thematic supervision work. In addition to this, we may use the combined sales data to form a view about the state of affairs of individual *firms*, which may inform supervisory or other action.

*Firms* that have *appointed representatives* ('ARs') should note that the information submitted in this section should also take account of the business of its ARs as well as the *firm* itself.

### **Sub-heading: (i) non-investment insurance product information**

In this section *firms* are asked for aggregate data on their non-investment insurance advising and arranging activities (with *retail customers*). The information required is an indication of

the product types in which the *firm* has been active during the reporting period, and a further indication of how significant this activity is (i.e. whether it forms more than 40% by premium of all of the *firm's* retail non-investment insurance activities)

This information enables us to ascertain the importance of each product type to the *firm* and to target thematic work in this area.

### **Sub-heading: (ii) Dealing as agent for *non-investment insurance contracts***

This section captures transactions with *retail customers* by *firms* with delegated authority (e.g. where the *firm* can bind risks on behalf of the *insurance undertaking* without further reference to the *insurance undertaking*). *Firms* are required to submit aggregate volumes and value of this business, and to indicate which products they have dealt in.

*Firms* are also required to indicate whether this business is significant. 'Significant', in this context, is where the premium collected in relation to business where the *firm* dealt as agent amounts to (a) more than 40% of premium collected for all non-investment insurance business, or (b) more than 40% of premium collected for all business in a particular product).

Again, this enables us to ascertain the importance of this business to the *firm* and to target thematic work in this area.

### **Sub-heading: (iii) non-investment insurance chains**

It is common practice in the non-investment insurance market for some *firms* to pass their business to another intermediary rather than directly to the product provider, forming a 'chain'. Product Sales Data only identifies the *firm* that has submitted the business to the product provider, although this may not necessarily be the intermediary that originated the sale. This section captures data on sales that form part of chains. Collecting information on gross and net brokerage (as outlined in section B1 above) gives us some information about the extent to which a *firm* is part of a chain, and to supplement this, we are requesting the following data in this section:

- (1) the total of premium from *non-investment insurance contracts* that is derived from sales to *retail customers*;
- (2) whether transactions in the listed product types have been passed up a chain;
- (3) whether this business is significant. 'Significant', in this context, is where the premium collected in relation to business forming part of a chain amounts to (a) more than 40% of premium collected for all non-investment insurance business, or (b) more than 40% of premium collected for all retail business in a particular product; and
- (4) whether, in relation to this business, the *firm* has dealt directly with the *customer* during the reporting period (i.e. has been the first intermediary in the chain).

Note: Lloyd's brokers are exempt from the reporting requirement in this section.

### **Sub-heading: (iv) claims handling**

The activity of ‘**assisting in the administration and performance of a contract of insurance**’ encompasses claims handling on behalf of *customers*, and this section aims to capture information on claims handling that is not collected from product providers as part of PSD.

This enables us to ascertain the importance of this activity to the *firm* and to target thematic work in this area. *Firms* should note that where claims are handled on behalf of an *insurer* only, this does not constitute a *regulated activity*.

### **Sub-heading: (v) Lloyd’s brokers – product sales data**

This information is required because data on business placed through Lloyd’s is not collected as part of product sales data. To fill the gap, this section requires Lloyd’s brokers to submit data on the percentage of revenue earned through their *regulated activities* that is derived from retail, commercial and reinsurance business. This information is used alongside the product sales data to inform our thematic supervision work.

### **Section I: guide for completion of individual fields**

<b>(i) non-investment insurance product information</b>	
Please indicate in column A each product type where the firm has advised or arranged transactions for retail customers during the reporting period	You should state ‘yes’ in column A for each relevant product.
Please indicate in column B where the firm’s retail business in the product type formed more than 40% by premium of all of its non-investment insurance activities.	You should state ‘yes’ in column B for each relevant product, based on an estimate of the percentage of business. If you think the product might account for more than 40% of business but are not sure, you should state ‘yes’.
<b>(ii) non-investment insurance chains</b>	
Total non-investment insurance premium derived from retail customers	You should state here the total of premiums paid by <i>retail customers</i> during the reporting period in relation to non-investment insurance products.
Of this business, please indicate in column C the products where retail sales were passed up a chain and in column D where this business is significant (see notes above)	You should state ‘yes’ in column C for each product in which transactions have been passed up a chain.  If this business is significant (see definition above) for one or more product types, this should be indicated in column D.
Please also indicate in column E where the firm has dealt directly with the retail customer within the chain	<i>Firms</i> should also indicate in column E the product types for which they transact business in a chain, but directly with the <i>customer</i> .
<b>(iii) dealing as agent</b>	
Number of sales to retail customers during the reporting period where the firm dealt as agent	You should state here the number of sales during the reporting period where the <i>firm</i> dealt as agent of a product provider (i.e. with delegated authority).
Premium paid by retail customers during the reporting period where the firm dealt as agent	You should state here the total value of premiums from policyholders during the reporting period, where the <i>firm</i> dealt as agent of a product provider (i.e. with delegated authority).  For regular premium business, annualised figures should be used.
Of the total of these sales, please indicate in column F the products where the firm dealt as agent, and in column G where this business is significant (see notes above)	You should state ‘yes’ in column F for each product in which the <i>firm</i> has dealt as agent, and also in column G for each product type where this business is significant.

<b>(iv) claims handling</b>	
If you assist in the administration and performance of contracts of insurance: Please provide: Number of claims handled on behalf of customers during the reporting period	If you are authorised to <i>assist in the administration and performance of a contract of insurance</i> on behalf of <i>customers</i> , you should state here the number of new insurance claims that have been handled on <i>customers'</i> behalf during the reporting period.
<b>(v) Lloyd's brokers - product sales data</b>	
% of regulated business revenue	This should be a summary of the percentages of the <i>firm's</i> revenue in relation to retail, commercial and reinsurance business: <b>Retail:</b> insurance offered to individuals as opposed to commercial entities. <b>Commercial:</b> insurance taken out by a commercial entity (as opposed to an individual). <b>Reinsurance:</b> insurance protection taken out by an insurer to limit its aggregation of exposure on business written.  Figures may be rounded to the nearest 20%, but the total should be 100%.
Product types:	The product types in this table are defined in the Interim Prudential sourcebook for insurers (' <i>IPRU(INS)</i> ')

## Section J: data required for calculation of fees

This information is required so that we can calculate the fees payable by *firms* in respect of the *FSA*, Financial Ombudsman Service ('*FOS*') and the Financial Services Compensation Scheme ('*FSCS*').

The precise way in which these fees will be calculated is still under consultation. Therefore, further information on the completion of these data fields will be provided in due course.

<b>Income for fees calculations</b>	<i>Firms</i> will need to report data for the purpose of calculating <i>FSA</i> , <i>FOS</i> and <i>FSCS</i> levies. The rules to implement these measures will be subject to consultation in 2004 (see below).
FSA	The formal rules for calculating <i>FSA</i> fees will be subject to consultation in the second quarter ('Q2') of 2004, and will become final <i>handbook</i> text in Q3 2004.
FOS	<b><i>Mortgage mediation</i></b> and <b><i>insurance mediation</i></b> : the formal rules for calculating <i>FOS</i> fees will be subject to consultation in March 2004, and will become final <i>handbook</i> text in Q3 2004.  <b><i>Retail investment activities</i></b> : consultation dates to be confirmed.
FSCS	<b><i>Mortgage mediation</i></b> and <b><i>insurance mediation</i></b> : the formal rules for calculating <i>FSCS</i> fees will be subject to consultation in March 2004, and will become final <i>handbook</i> text in Q3 2004.  <b><i>Retail investment activities</i></b> : consultation dates to be confirmed.

Section G:	Mortgage Administration: Business profile
Section H:	Mortgage Administration: Arrears analysis
Section J	Fee tariff measures

[Version 10 March 2004]

## INTRODUCTION: GENERAL NOTES ON THE RETURN

### 1. Introduction

This section covers a number of points that have relevance across the return generally:

- Overview
- Purpose of reporting requirements
- Regulated mortgage contracts and the wider mortgage market
- Accounting conventions
- Accuracy
- Time period
- Loans made before 31 October 2004
- Specific items:
  - (i) positions to be reported gross
  - (ii) foreign currencies

### 2. Overview of reporting requirements

The data requirements for *firms* carrying on the *regulated activities* of *mortgage lending* and *mortgage administration* consist of quarterly, half yearly and annual information. This *guidance* deals only with the quarterly requirements, however, which are referred to as the Mortgage Lending and Administration Return (*MLAR*). The remaining data requirements are applied to *firms* through existing rules within the following sections of the *Handbook*:

- the Dispute resolution: Complaints sourcebook for complaints reporting; and
- Chapter 16 of the Supervision manual for *controllers* reports (section 16.4), *close links* reports (section 16.5) and annual accounts (section 16.7).

Because the *MLAR* is activity based, it sets out the reporting requirements for a number of different *firm* types. We expect *firms* to complete the requirements as follows:

- a *firm* carrying on both *mortgage lending* and *mortgage administration* will need to complete the whole of the *MLAR*;
- a *firm* carrying on *mortgage lending* but not also *mortgage administration* will need to complete the whole of the *MLAR* except sections G and H;
- a *firm* carrying on *mortgage administration* , but not also *mortgage lending* , will need to complete sections A, B, C, G, H and J of the *MLAR*.

However, the above requirements are subject to the further details below, which are designed to avoid any duplication between *MLAR* reporting requirements and any other reporting requirements arising from the *firm's* other *regulated activities* (eg as a *bank*, *building society*, *securities and futures firm* etc). The *rules* in SUP 16 (section 16.7) provide full details of which sections of the *MLAR* do not apply for each *firm* type.

<b>Firm</b>	<b>Sections of the MLAR not required</b>
<i>Mortgage lender/administrator with no other activities (a)</i>	No duplication, so complete all sections described above this table
<i>Mortgage lender/administrator that is also subject to the RMAR (a)</i>	Duplication in RMAR, but complete all MLAR sections described above this table
<i>Securities &amp; futures firm or investment management firm</i>	A1, A2 and B1
<i>Incoming EEA firm (b)</i>	A1, A2, B1 and C
<i>UK branch of a non-EEA bank</i>	No duplication, so complete all sections described above this table
<i>Members' adviser</i>	No duplication, so complete all sections described above this table
<i>Authorised professional firm</i>	No duplication, so complete all sections described above this table
<i>Other firm types/regulated activities (except above)</i>	A1, A2, B1 and C

**Key:** **A1:** Assets **A2:** Liabilities **B1:** Profit & Loss **C:** Capital

**Note (a) :** a *firm* which is a solo-consolidated *subsidiary* of an authorised credit institution is not required to complete section C of the *MLAR*.

**Note (b) :** *Credit Institutions* passporting under *BCD* for *mortgage lending* (which also includes *mortgage administration*), or other *firms* passporting under another EU Directive for a non-mortgage activity and holding a *top-up permission* from the *FSA* for *mortgage lending* and/or *mortgage administration*. Also includes *firms* classed as "*Treaty firms*" under Schedule 4 of the *Act*. But any other *EEA firm* type should complete in full all sections of the *MLAR* described above this table, as it would not be eligible for any reduction in reporting requirements.

### **Commencement and transitional provisions**

The *MLAR* sections on **Arrears** (tables F and H) are not required to be submitted as part of a *firm's* first *MLAR* submission (in respect of the *firm's* first financial quarter starting on or after 1 April 2005). They should however be included in all subsequent quarterly submissions. A *firm* may of course submit these sections from the outset, but is not obliged to do so.

The position regarding **building society reporting** merits specific comment. Societies have previously reported a range of information on *mortgage lending* that has much in common with certain sections of the *MLAR*. Now mortgage reporting requirements have been finalised, societies' existing reporting will change from the implementation of the *MLAR* to avoid duplication. When societies begin to submit the *MLAR*, they will no longer be required to submit the following sections of the QFS1:

- QFS1 table G (1): All sections
- QFS1 table G (2): All sections
- QFS1 table J: Sections J2 and J3 only (Note (a))
- QFS1 table K (1): Sections K1 and K2 only
- QFS1 table K (2): Sections K4 and K5 only (Note (a))

**Note (a):** These sections should however continue to be completed in respect of *subsidiaries* that hold mortgages but which are not required to complete the *MLAR* (ie they are not authorised to undertake a *mortgage lending* activity).

**NB:** A society may however continue to submit these sections of the QFS1, if it so wishes (in addition to the *MLAR*). This option is intended to cater for those circumstances where a society has automated the production of its QFS1 and wishes to avoid additional work involved in cutting back on reporting as specified above.

### 3. Purpose of reporting requirements

The reasons why the *FSA* requires this data from *mortgage lenders* and *administrators* are as follows:

- to assess the probability of the failure of *firms* and the impact of failure on the ability of the *FSA* to meet its statutory objectives, including an assessment of compliance with the *threshold conditions*;
- to assist with prudential supervision of *firms*; and
- to help assess the risks in the mortgage market as a whole to inform, for example, the *FSA*'s thematic work. By this we mean that we will use some of our supervisory resources to examine issues (known as 'themes') that affect a number of *firms* rather than *firms* individually. The data collected will be considered alongside other information we receive, to identify trends and issues that inform our supervision of *firms*.

The *MLAR* requires *mortgage lenders* and *administrators* to submit four types of data:

- financial data to assist in the prudential supervision of *mortgage lenders* and *administrators*. A quarterly financial return is required, including a balance sheet and profit and loss account;
- quarterly reporting of quantitative and qualitative data by all *mortgage lenders* and *administrators* to enable monitoring of compliance with the requirements of *MCOB*;
- quarterly provision of qualitative mortgage information by all *mortgage lenders* and *administrators* to enable the *FSA* to understand developments in the mortgage markets as a whole, and to inform future policy developments and prudential supervision; and

- quarterly information on fee tariff measures.

The reporting requirements set out in the *MLAR* will enable the *FSA* to realise these information needs. In particular:

**Tables A to C:** provide the framework for the *FSA*'s financial monitoring and prudential supervision of *mortgage lenders* and *administrators*;

**Tables D to F:** provide the framework for the provision of qualitative mortgage information by *mortgage lenders*

**Table G, H:** provides the framework for the *FSA*'s monitoring of mortgage administration activities.

**Table J** provides information on fee tariff measures for *mortgage lenders* and *administrators*.

#### 4. Regulated mortgage contracts and the wider mortgage market

Given this background to reporting requirements, the *FSA*'s approach to obtaining information on *mortgage lending* has been structured so that ***regulated mortgage contracts*** are seen within the wider context of the **UK mortgage market as a whole**. This approach can be illustrated as follows:

Each of these key terms is explained below:

(i) **UK Mortgage market**

This refers to all lending secured on land and buildings in the United Kingdom, whether to individuals, housing associations or corporates. However, given the importance of mortgages to individuals we have chosen to look at the market in terms of two components, namely 'residential lending to individuals' and 'other secured lending'.

(ii) **Residential loans to individuals**

This is a discrete category of the mortgage market, and has characteristics (e.g. in terms of products, lending criteria and methods of credit assessments) that are often markedly different from those applying to other types of secured lending (e.g. to corporates).

It is lending to individuals secured by mortgage on land and buildings where the lender has either a first or second (or subsequent) charge, where at least 40% of the land and buildings is used for residential purposes, and where the premises are for occupation by either the borrower (or dependant), or any other third party (e.g. it includes 'buy to let' lending to individuals)

**Regulated mortgage contracts** are therefore a subset of this market category.

Examples of **non-regulated mortgage contracts** which fall under the wider category of residential loans to individuals include: buy-to-let loans and other types of loan where the property is not for use by the borrower (or qualifying dependants); residential loans to individuals where the lender does not have a first charge.

It is important, therefore, to separate this category from all other forms of secured lending.

(iii) **Other secured lending**

This covers all other forms of lending secured on land and buildings in the United Kingdom. Primarily it covers secured lending to corporate bodies (including to housing associations), but it also includes lending to individuals which, although being secured on land and buildings, is not deemed to be residential (e.g. the residential element is less than 40%).

(iv) **Regulated mortgage contract**

This is defined in the *Handbook* as follows:

- (a) (in relation to a contract) (in accordance with article 61(3) of the *Regulated Activities Order*) a contract which, at the time it was entered into, meets the following conditions:
- (i) a lender provides credit to an individual or to trustees (the 'borrower'); and
  - (ii) the obligation of the borrower to repay is secured by a first legal mortgage on land (other than timeshare accommodation) in the United Kingdom, at least 40% of which is used, or is intended to be used, as or in connection with a dwelling by the borrower or (in the case of credit provided to trustees) by an individual who is a beneficiary of the trust, or by a person who is in relation to the borrower or (in the case of credit provided to trustees) a beneficiary of the trust:
    - (A) that person's spouse; or
    - (B) a person (whether or not of the opposite sex) whose relationship with that person has the characteristics of the relationship between husband and wife; or
    - (C) that person's parent, brother, sister, child, grandparent or grandchild.

- (b) (in relation to a *specified investment*) the *investment*, specified in article 88 of the *Regulated Activities Order*, which is rights under a *regulated mortgage contract* in (a).

This means that in relation to a *regulated mortgage contract*, the following conditions must all be satisfied:

- the borrower must be an individual or trustee;
- the lender must take a first legal mortgage over *UK* property; and
- the property must be at least 40% occupied by the borrower or his immediate family.

The definition of a *regulated mortgage contract* means that many kinds of loan are caught by regulation, not just loans for house purchase. For example it includes a significant amount of short-term first charge lending. This includes lending for home improvements (including some in-store credit), lending for debt consolidation, lending to finance a business, and some specific banking products such as secured overdrafts, secured credit cards, bridging loans and loans secured by all monies charges.

## 5. Accounting conventions

Unless the contrary is stated in these guidance notes, the return should be compiled using generally accepted accounting practice.

## 6. Accuracy

It is expected that entries on the return will be actual values, or in some cases close approximations established or drawn from the *firm's* systems and prepared on the basis of being the best information in the time available for their compilation.

If such 'close approximations' are considered by the *firm* as likely to be materially different from the underlying actual values, the *firm* should advise its supervisory team of data items affected.

## 7. Time periods

Where stock figures are required (e.g. balance sheet, capital position etc) the information is required as at the *firm's accounting reference date* and the three quarter ends following this date (see SUP 16.3.13R).

Where flow figures are required, these are either for **3 months only** (i.e. the latest quarter) as in for example lending figures in tables D and E, or **cumulative in the 'year to date'**, (e.g. profit and loss in table B etc), covering the period from the *firm's accounting reference date* to the end of the reporting quarter.

## 8. Loans made before 31 October 2004

Any loans made before 31 October 2004, that otherwise satisfy the specific requirements of a *regulated mortgage contract*, should be reported as **non-regulated loans** in the various parts of the *MLAR* (since only those loans advanced after this date are required to be treated as a *regulated mortgage contract* for the purposes of *MLAR* reporting).

This reporting basis for loans made before 31 October 2004 should continue until such time, if ever, that a subsequent transaction on the loan causes it to be formally treated as a regulated contract.

## 9. Specific items

### 9(i) Positions to be reported gross

In general, liabilities and assets should be shown gross, and not netted off (unless there is a legal right of set-off). Thus an account which moves from credit to debit will move from one side of the balance sheet to the other.

A notable exception to this however concerns the reporting of loan assets which are subject to '**linked presentation**' (e.g. under FRS5). Such assets should be shown in the balance sheet net of linked funding and also on this basis in other tables where balances are reported on the same basis. Only sections A3 and D2 require the reporting of such loan assets on a 'gross' basis.

The treatment of loan assets that are being operated as part of a current account **offset mortgage** product (or similar products where *deposit* funding is offset against loan balances in arriving at a net interest cost on the account) will depend on the conditions pertaining to the mortgage product. The balance outstanding on such loans will need to be reported on the basis of the contractually defined balance according to the terms of the mortgage product. This might be the amount of loan excluding any offsetting funds, or it might be the net amount.

### 9(ii) Foreign currencies

Amounts in foreign currencies, including also any loans denominated in foreign currencies, should be translated into their equivalent sterling value using an appropriate rate of exchange at the reporting date, or where appropriate, at the rates of exchange fixed under the terms of any relevant currency hedging transaction, and that value used in the return. Thus all entries in the form represent sterling amounts. *Firms* should apply the same accounting treatment as for their published accounts.

## SECTION A: BALANCE SHEET

### Balance sheet analysis

**A1, A2** The balance sheet is intended to reflect the practices used in compiling published or other accounts (e.g. those prepared under the UK Companies Acts), although its format in the *MLAR* (with 'total assets' and 'total liabilities') will not necessarily be the same as that used by *firms* in their regular accounts. However, the differences should only be presentational.

**A1.6** **Loans to customers** may be a non-standard accounting sub-head for some *firms* whose business is not primarily mortgage related. But since this is an explicit *MLAR* data requirement, it should be split out from the sub-head under which it is routinely shown in the *firm's* other accounts.

### **A3** Analysis of loans to customers

This section recognises that some lenders may have securitised loans on their balance sheet, and hence provides for unsecuritised/securitised loans to be shown separately.

**Unsecuritised balances** are analysed in terms of three elements: gross loan balances (before deduction of any provisions); provisions balances in respect of those balances; and the net balances after deduction of such provisions.

**Securitised balances** are analysed in a similar way, except that 'gross' also means before the deduction of any linked non-recourse funding, the amount of which is also to be shown separately.

**A3.1-4** See Introduction (paragraphs 4 (i) to (iv)) for details of the coverage of these terms.

**A3.5** **Other loans** refers to any lending secured on land and buildings outside of the UK, any loan for which security is provided other than by land and buildings, together with all unsecured loans (e.g. consumer credit, personal loans, or such loans to corporates).

**A3.6** It is expected that net balances on unsecuritised loans plus net balances on securitised loans will equal the entry shown at A1.6 in the main balance sheet analysis of assets.

## SECTION B: PROFIT & LOSS ACCOUNT

### B0 Financial year to date

In terms of **reporting period**, the analysis should be compiled on a 'year to date' basis, covering successively 3, 6, 9 or 12 months from the *firm's accounting reference date*.

### B1 Profit & Loss Account

The P&L section is intended to reflect the practices used in compiling accounts prepared under the Companies Acts, although its format in the *MLAR* (with explicit focus on financial items such as interest, fees & commission etc) will not necessarily be the same as that used by *firms* in their regular accounts.

The reason for this approach is that most lenders to which this section is applicable are mortgage specialists, and as such it is considered desirable to put their P&L format onto a similar basis as that used for *banks* and *building societies*.

The analysis therefore requires the *firm's* profit & loss account to be re-structured in a way that makes a number of items explicit in the interests of achieving consistency with other reporting *firms*.

**B1.1** Focuses on **gross profit from non-financial activities**.

**B1.2-1.7** Covers a range of **income elements** which are more closely related to financial activities, including in particular those associated with mortgage lending.

**B1.9-1.13** Covers a range of **expenditure elements**, including those related to non-financial and also to financial (including mortgage related) activities.

**B1.15** **Operating Profit** is total income less total expenses.

**B1.16** **Provisions** covers write-offs and provisions charges on bad and doubtful debts, (including for example on mortgage loans); any suspended interest (i.e. any interest included in Interest Receivable which, through loan default, impairment or otherwise, is deemed unlikely to be received); and any other provisions for contingent liabilities.

### B2 Provisions analysis

This supplementary analysis draws together the key movements in provisions balances from the *firm's* accounting reference date up to the reporting quarter end.

The two 'flow items', namely **write-offs** and **provisions charges**, are those relating to the period from the *firm's* accounting reference date up to the reporting date.

The total of **provisions charges** in line B2.6 [column 3] will not necessarily be the same as the provisions charge in the Profit & Loss analysis at B1.16 (since

this latter item may include further provisions against other asset items not included in B2.6, or provisions arising from other sources).

## SECTION C: CAPITAL

### INTRODUCTION

The *threshold conditions* state that the resources of a *firm* must be adequate in the opinion of the *FSA* in relation to the *regulated activities* that the *firm* seeks to carry on or carries on. In addition, a *firm* is required to maintain 'adequate financial resources'. A *mortgage lender/administrator* should have adequate capital and funding in order to be able to meet these requirements.

In addition, the *FSA* operating framework requires us to identify the main risks to our statutory objectives. In assessing *firm*-specific risks we are required to assess the risks arising from the financial failure of a *firm* (due to business risks from the external environment, or control risks arising from the *firm* itself) which might affect both the market and individual *customers*. The specific *FSA* objectives that are potentially impacted are those relating to market confidence and consumer protection.

Details provided in this Section on Capital are drawn from the appropriate provisions of 'PRU 9.2: Capital Resources for Insurance and Mortgage Mediation Activity and Mortgage Lending and Administration'.

### C1-2

### CAPITAL RESOURCES

C1 and C2 set out first the individual components of **eligible capital** and secondly the **separate deductions** that should be made to arrive at qualifying capital.

Components of eligible capital are:

#### (1) Share capital

*Share* capital must be fully paid (i.e. the *firm* is under no obligation to repay this capital unless and until the *firm* is wound up) and may include ordinary *share* capital or preference *share* capital (excluding preference *shares* redeemable by shareholders within two years).

#### (2) Partnership or sole trader capital

*Partnership* capital is capital made up of the *partners'* capital account. The capital account is an account into which capital contributed by the *partners* is paid and from which, under the terms of the *partnership* agreement, an amount representing capital may be withdrawn by a *partner* only if he ceases to be a *partner* and an equal amount is transferred to another such account by his former *partners* or any *person* replacing him as their *partner*, or the *partnership* is otherwise dissolved or wound up.

*Sole trader* capital is the net balance on the *firm's* capital account and current account.

### **(3) Audited reserves**

Audited reserves are audited accumulated profits retained by the *firm* (after deduction of tax, dividends and proprietors' or *partners'* drawings) and other reserves created by appropriations of *share* premiums and similar realised appropriations. Reserves also include gifts of capital, for example, from a parent company. For *partnerships*, audited reserves include *partners'* current accounts according to the most recent financial statement.

### **(4) Interim net profits and partners' interim current accounts**

A *firm* is not required to take into account interim net profits. However, if it does, the profits have to be verified by the *firm's* external auditors, net of tax, anticipated dividends or proprietors' drawings and other appropriations.

In terms of the verification for inclusion, for the first, second and third financial quarters *firms* may include interim profits in their *MLAR*, on the understanding that the *firm* will obtain the required verification from its external auditors within two months of the financial quarter end. (The *FSA* may ask for a copy of the verification statement.) For the fourth quarter the *FSA* will rely on the forthcoming audited accounts as providing verification and accordingly the full year's profits should be included in the make-up of Eligible Capital under Interim Profits in the return.

### **(5) Revaluation reserve**

*Firms* should report reserves relating to the revaluation of fixed assets.

### **(6) General provisions**

*Firms* should report general provisions that are held against potential losses that have not yet been identified, but which experience indicates are present in the *firm's* portfolio of assets. Such provisions must be freely available to meet these unidentified losses wherever they arise. General provisions must be verified by external auditors and disclosed in the *firm's* annual report and accounts.

### **(7) Subordinated loans**

Subordinated debt (i.e. the amount of principal outstanding before amortisation) must not form part of the capital resources of a *firm* unless it meets the following conditions:

- (1) it has an original maturity of at least five years or is subject to five years' notice of repayment;
- (2) the claims of the subordinated creditors must rank behind those of all unsubordinated creditors;

- (3) the only events of default must be non-payment of any interest or principal under the debt agreement or the winding up of the *firm*;
- (4) the remedies available to the subordinated creditor in the event of non-payment or other default in respect of the subordinated debt must be limited to petitioning for the winding up of the *firm* or proving the debt and claiming in the liquidation of the *firm*;
- (5) the subordinated debt must not become due and payable before its stated final maturity date except on an event of default complying with (3);
- (6) the agreement and debt are governed by the law of England and Wales, or of Scotland, or of Northern Ireland;
- (7) to the fullest extent permitted under the rules of the relevant jurisdiction, creditors must waive their right to set off amounts they owe the *firm* against subordinated amounts owed to them by the *firm*;
- (8) the terms of the subordinated debt must be set out in a written agreement or instrument that contains terms that provide for the conditions set out in (1) to (7); and
- (9) the debt must be unsecured and fully paid up.

**Treatment of eligible capital items (listed above) in section C1:**

**C1.1 Reserves:** include items

- audited reserves
- revaluation reserves

**C1.2 Interim profits:** include items

- externally verified interim net profits
- externally verified *partners'* interim current accounts

**C1.3 Issued capital:** include items

- *share* capital
- *partnership* or *sole trader* capital
- subordinated loans

**C1.4 General provisions**

**C1.5 Other eligible capital:** includes

- any other item of eligible capital not required to be included in items C1.1 to C1.4.

## **C1.6 Total Eligible Capital**

This is the sum of the components listed in C1.1 to C1.5.

## **C2 Deductions from capital**

**C2.1 Investments in own shares** represents any investment in the *shares* of the company, quantified as fixed assets in the balance sheet.

**C2.2 Intangible assets** are the full balance sheet value of goodwill, capitalised development costs, brand names, trademarks and similar rights and licences. However, the balance sheet value for goodwill does not have to be deducted here until 14 January 2008. See *PRU 9.3.53R*

**C2.3 Interim net losses** refers to the cumulative amount covering the period from the *firm's accounting reference date* to the end of the current quarter. All the current year's losses should be reported. Unpublished losses from the previous accounting period should also be shown here.

**C2.4 Other deductions from capital:** include

- **Excess of drawings over profits for partnerships or sole traders:** *firms* should report the difference between the personal drawings of a *partnership or sole trader* and the profit in the period, where the drawings exceed the profit for the period.

## **C2.5 Total Deductions**

This is the sum of the components listed in C2.1 to C2.4.

## **C3 Total Capital Resources**

This is total eligible capital less total deductions (C1.6 – C2.5).

## **C4 Capital requirements**

**C4.1** The capital requirement for *mortgage lenders* or *mortgage administrators* that have the *regulated mortgage contracts* that they administer on their balance sheet is asset-based, and the information required is detailed in C4.2 to C4.4.

**C4.2 Total assets:** this is the total value of fixed and current assets.

## **C4.3 Undrawn commitments**

Undrawn commitments means the total of those amounts which a borrower has the right to draw down from the *firm* but which have not yet been drawn down.

However, undrawn commitments should not be included in the calculation of capital requirements if they have an original maturity of up to one year or if they can be unconditionally cancelled at any time by the lender.

Similarly, existing mortgage offers should not be included in the calculations of capital requirements if the offer has an original maturity of up to one year or can be unconditionally cancelled at any time by the lender.

**C4.4**                    **Intangible assets:** this is the amount shown at C2.2.

**C4.5**                    **Total adjusted assets:** this is the sum of C4.2 and C4.3, less C4.4

**C5**                    **Capital requirements**

**C5.1**                    This section sets out the income-based capital requirements applicable to *mortgage administrators* that have been appointed by *persons* that are not authorised to administer *regulated mortgage contracts* on their behalf, and which therefore do not have the assets that they administer on their balance sheet. The information requirements are detailed in C5.2 – 5.4.

**C5.2**                    **Total income**

*Firms* should report the amount of total income in their most recent audited (or other) financial statements, and an estimate of income for the current reporting year.

Total income should include both revenue and gains arising in the course of the ordinary activities of a *firm*. Revenue consists of commissions, fees, net interest income, dividends, royalties and rent. Only gains that are recorded in the profit and loss account should be included in income. What is relevant for the calculation of income is the amount of actual income generated rather than the gross cash streams of any one transaction.

**C5.3**                    **Relevant adjustments**

The following exceptional items must be deducted from the *firm's* total income:

- (1) profit on the sale or termination of an operation;
- (2) profit arising from a fundamental reorganisation or restructuring having a material effect on the nature and focus of the *firm's* operations; and
- (3) profits on the disposal of fixed assets, including *investments* held in long-term portfolio.

**C5.4**                    **Total relevant income**

Is the sum of C5.2 minus C5.3.

## SECTION D1: LENDING – BUSINESS FLOWS AND RATES

**D1-D4** For details of the terms '**Residential lending** to individuals' (and regulated/unregulated) and '**other secured loans**', see Introduction, paragraphs 4 (i) – (iv).

### **D1 Loans: Advances/Repayments – Row & Column Analysis**

For the two categories of loan assets, details are requested under various **transaction columns** that explain the transition from the previous quarter's balances to the current quarter's balances.

### **D1 Loans: Advances/Repayments – Transactions (columns)**

**Advances made in quarter** should include:

- (a) instalments released in the quarter for instalment advances;
- (b) re-advances, i.e. where previous charge cancelled;
- (c) further advances;
- (d) in the case of loans that have a facility to draw down extra amounts over and above the sum originally advanced, the total of any further amounts drawn down in the quarter;
- (e) the deduction from advances made of advance cheques cancelled;

but should exclude:

- (f) the amount of any loan books acquired in the quarter (which should be reported in 'other debits/credits etc');
- (g) retentions imposed, which should be included as they are released;
- (h) sundry debits, i.e. any items not approved and not included in commitments, e.g. insurance debits, fines, insurance guarantees, valuation fees, arrangement fees etc. (unless formally treated as part of loan).

**Repayment of principal** should include:

- (a) repayment of principal including capital repayments, full or partial redemptions and the principal element of the normal monthly payment;
- (b) mortgage receipts temporarily posted to *investment* accounts;
- (c) transfers from *investment* accounts to mortgage accounts;

but should exclude:

- d) the amount of any loan book sold during the quarter (to be reported in 'other debits/credits etc');
- (e) sundry credits to accounts, such as insurance premiums, fines, fees, etc;
- (f) advance cheques cancelled;
- (g) *investment* receipts temporarily posted to mortgage accounts.

In determining the amount shown under **repayment of principal**, it is recognised that *firms* may need to estimate the amount of interest repaid where amounts repaid include both interest and principal, and/or where the amount of interest repayable is not the same as the amount charged (e.g. annual review or deferred interest schemes, or where a loan is not being fully serviced).

### **Write offs in quarter**

This is the amount written off mortgage balances in the quarter (and off provisions charged to the income and expenditure account) and is to be on a basis consistent with amounts shown in the *firm's* published accounts as 'written off' within the analysis of changes in loss provision usually appearing as Notes to the Accounts.

The amount written off may arise for example from:

- sale of a property in possession where there is a shortfall; or
- a decision to write down the mortgage debt on a loan still on the books. This may arise where the *firm* has taken the view that it is certain that a loss will arise and that it is prudent to write down the mortgage debt rather than carry the full debt and an offsetting provision. Examples might include certain fraud cases, or where arrangements have been reached with the borrower to reduce the mortgage debt repayable.

### **Other debits/(credits) and transfers (net) include:**

- (a) interest charged to the loan account in the period;
- (b) interest repaid during the period;
- (c) amounts charged to loan accounts and amounts received from borrowers in respect of such items as insurance premiums, valuation fees, and fines etc.;
- (d) mortgage balances acquired following takeover / merger;
- (e) loan books acquired from other lenders in the quarter;

- (f) loan books sold to other lenders in the quarter;
- (g) loan books securitised during the quarter;
- (h) the transfer of any securitised assets back onto the balance sheet (e.g. following the closure of a securitised pool of loans);
- (i) transfers (net) should include any reclassified loans (e.g. where there has been a change in the use of the land on which the loan is secured to/from residential; or change in status of loan from/to regulated/non-regulated etc).

NB Balances on loan books acquired/sold/securitised should be as at the date of the relevant event.

## D2 Loans: Book movements

The '**transactions in the quarter**' columns are analyses of amounts already included within the 'other debits/(credits) and transfers (net)' column of section D1.

- (i) '**loans acquired**' represents balances on any relevant loan books acquired during the quarter from other lenders;
- (ii) '**loans sold**' represents balances on any relevant loan book (i.e. parcel of loans) sold during the quarter to another lender;
- (iii) '**loans securitised**' represents balances on any loans that the *firm* has 'securitised' in the quarter. It includes balances on loans subject to securitisation transactions qualifying either for the 'linked presentation' or 'derecognition' methods of accounting as described in FRS 5;
- (iv) '**other**' represents the net amount of other transaction amounts included in 'other debits/(credits) and transfers (net)' in D1.

NB: As a result, D2 [item (i) – item (ii) – item (iii) + item (iv)] should equal D1 [item 'other debits/(credits) and transfers (net)].

The final column '**balance at end quarter on loan assets subject to non-recourse funding**' represents all such loan assets (and not just the amount treated as transactions in the quarter), and requires the 'gross amount' of such loan assets to be reported against relevant line item categories. The 'gross amount' is the amount of any such loan that, under the 'linked presentation' method of accounting, would be shown in a *firm's* published or other balance sheet as X in the example below:

gross loan asset	=	X
less non-recourse funding	=	Y
net loan asset	=	X-Y

In the analysis here at D2, it is therefore the gross loan asset at the end of the reporting quarter that should be reported in the final column. Once securitised, it is recognised that end quarter gross balances will not necessarily remain constant (due either to borrower repayments, the possibility of any further advances, or other arrangement for 'topping up' a pool of securitised loans etc).

### D3 **Loans: Interest rates**

#### **Basis**

Interest rates in this table are **nominal annual rates** charged to the *customer* on loan accounts. They should ignore the effect of any interest rate swaps or other hedging contracts that might exist, and also ignore the effect of any offsetting deposit account (as for example in the case of an offset mortgage).

This provides an analysis of weighted average interest rates for the loan assets reported in the final column of D1 above. 'Interest rates at end of quarter' (columns 4, 5, and 6 of section D3) means rates applying at least throughout the last day of the quarter, so *firms* should not use rates which only come into operation at the beginning of the next quarter. Points to note on specific columns are:

#### (1) **Balances at end quarter**

**Accrued interest** should be included (even though it is excluded when computing the weighted average rate).

The first '**of which**' analysis is designed to obtain information on balances subject to **fixed rates** of interest and balances subject to **variable rates** of interest. (The two amounts should add to the balance in column 1). For these purposes:

**'fixed'** means the rate of interest is fixed for a stated period. It should also include any products with a 'capped rate' (i.e. subject to a guaranteed maximum rate) and any products that are 'collared loans' (i.e. subject to a minimum and a maximum rate). Annual review or stabilised payment loans should be excluded (since the purpose is merely to smooth cash flow on variable rate loans);

**'variable'** includes all other interest rate bases (i.e. other than those defined above as 'fixed') applying to particular products, including those at, or at a discount or premium to, one of the *firm's* administered lending rates; those linked to Libor (or other market rate); those linked to an index (e.g. FTSE) etc. However if any such loan products are subject to a 'capped rate', then treat as 'fixed'.

The second '**of which**' analysis is designed to obtain information on loan balances according to whether the nominal annual interest rate charged to the customer at the quarter-end is higher than the prevailing Bank of England

Base (or repo) Rate (BBR). For these purposes the BBR is that applying on the last day of the reporting quarter. The analysis is subdivided into four categories:

- (i) loan balances where the rate charged is **less than 2% above BBR**. Include here also all loan balances where the rate charged is less than BBR (as a result the sum of these four columns will equal the figure in the TOTAL column);
  - (ii) loan balances where the rate charged is **2% or up to 3% above BBR**;
  - (iii) loan balances where the rate charged is **3% or up to 4% above BBR**;
  - (iv) loan balances where the rate charged is **4% or more above BBR**.
- (2) **Weighted average nominal annual rates**
- (a) Interest rates reported in Table D3 provide a broad indication of **market rates. They should ignore the effect of any interest rate swap or hedging**. For each line item the weighted average rate should be derived as follows:
    - (i) identify the various nominal/quoted interest rates that apply to elements of this line item; then
    - (ii) for each separate nominal/quoted rate, multiply that rate by the amount of end quarter balances (excluding accrued interest) for which that rate applies; and
    - (iii) add up the results of (ii) for all the different rates for this line item; and
    - (iv) divide the total calculated in (iii) by the end quarter balance in column 1 less accrued interest (against the line item concerned).

**NB:** in the 'of which' analysis that requires separate reporting of weighted 'fixed' and 'variable' rates, **a cross check for each row** is that the weighted average nominal rate on all balances is equal to the weighted average of the reported fixed and variable rates in the subsequent two columns.

### **D3.1 –3.8 Other Points**

The interest rate to be used is the rate charged to the loan account, which in certain circumstances will differ from the interest rate 'payable' by a borrower. These circumstances include deferred interest loans, interest roll-up loans, annual review schemes or where the loan is not performing.

**Advances in quarter** refers to the same amount as covered under 'advances in quarter' in the Loans: Advances/Repayments analysis in Section D1 above.

**D4**      **Loan commitments** (columns)

**Commitments made since end of previous quarter**

should include:

- (a) the aggregate of agreed advances (whether or not the mortgage offer has been accepted by the prospective borrower), including amounts recommended for retention, all instalment elements, and further advances;

but should exclude:

- (b) commitments from previous quarters that have been cancelled in the current quarter;
- (c) retentions imposed and subsequently not released;
- (d) instalment commitments that have not been taken up;
- (e) advance cancellations that are not re-issued;
- (f) sundry debits, e.g. insurance guarantee premiums (unless additional to the loan), insurance of contents etc.

**Cancellations in quarter**

Includes (b), (c), (d) and (e) above.

## SECTION E: RESIDENTIAL LOANS TO INDIVIDUALS - Income Multiples & LTV

### E1-6 Gross advances in quarter

Covers actual advances made in the quarter. For these purposes separate advances (e.g. stage payments) made in the period on the same mortgage should count as a single advance for the 'number' column in sections E3, E4, E5 and E6.

NB: 'gross advances' should be compiled on the same basis as in section D1 above and therefore relevant totals for each section in E1 to E6 should also agree with the amount of gross advances reported in D1.

### E3-6 Balances outstanding

Covers balances at end of the quarter. Relevant sub-totals should agree with corresponding balances shown in the final columns of D1.

### E1/2 By Income Multiple and LTV (Loan to Valuation ratio)

The amount to be included in the table is the **gross advance**, but its allocation to a specific cell is determined according to income multiple and LTV which are both defined using the size of the loan (as defined below).

### E1/2 By Income Multiple and LTV

#### Income multiple based on single or joint incomes

For this analysis, '**income**' should be taken as **gross annual income** before tax or any other deductions.

The loan should first of all be categorised to 'single' or 'joint' income basis, and the income multiple calculated as described below:

- (i) **Single income basis.** This means only one person's income was taken into account when making the lending assessment/decision.

The income multiple here is the total loan amount divided by the borrower's total income (total of the borrower's main income and any other reckonable income e.g. overtime etc, to the extent that the *firm* takes such additional income into account in whole or in part).

- (ii) **Joint income basis.** This means that two or more persons' incomes were used in the lending assessment/decision.

The income multiple here is the total loan amount divided by the aggregate income of the two or more borrowers.

(iii) **Other.** This category is to be used when the loan assessment is based, only partly or not at all, on one or more persons' incomes. Thus include here:

**Under Single Income section (E1.6/E1.13)**

- **Buy to let** loans where the loan assessment is based on the rental yield of the property (but not buy to let loans based solely on one or more persons' incomes which should be shown against the relevant income multiple category);
- **Lifetime mortgages** since in most if not all instances, the concept of a supporting income is not applicable;
- **Other products** (no current examples)

#### **Under Joint Income Section (E2.6/E2.13)**

- **Business loans**, where typically the loan assessment will be based on mixed sources of business/personal income or perhaps just on the capacity of a person's business to support the loan;
- **Other products** that have similar characteristics, that is where the loan assessment is based on either mixed income sources or non-personal incomes.

(iv) **Not evidenced.** This 'of which' analysis applies to loans made on the basis of one or more persons' incomes, and therefore should exclude any loans reported in "Other" (defined in (iii) above).

It covers loans where: the lender has no independent documentary evidence to verify income (e.g. as provided by an employer's reference, a bank statement, a salary slip, a P60, or audited/certified accounts

For the purpose of **income multiples**, the multiple is of **loan** to income where **loan** is as defined below.

#### **Loan to valuation ratio LTV**

Should be based on the following:

- (i) **loan** is defined for:
  - (a) **new borrowers** - as the amount of actual advance or, in the case of loans where the amount advanced in the period is less than the total amount of the loan to which the *firm* has agreed to lend (for example loans with additional drawing facilities or loans involving instalments/stage payments/retentions), is the amount of committed advance (including any committed drawing facilities);
  - (b) **existing borrowers** - as the total amount of debt outstanding including the further advance plus any committed drawing facilities at the time of the further advance;

and will include MIG ("mortgage indemnity guarantee"), building and other insurance premiums and other sundry items **if** these are included in the amount advanced;

- (ii) **valuation** is to be taken as the most recent valuation of the property which is subject to the mortgage (the existence of additional collateral on any other property should be ignored when calculating LTV). For these purposes, "recent valuation" can either be based on an actual valuation, or an estimated valuation using indexed valuation methodology applied to an original actual valuation. In the case of staged construction or self-build schemes, valuation means 'expected final value of the property' at the time the *firm* is committed to making the loan (i.e. takes the lending decision).

### **E3 Credit History**

This seeks to categorise lending in terms of a borrower's previous credit history, as measured at the point when the new advance is made. For these purposes, it is only necessary to establish a borrower's credit history at a single point in time, i.e. at the time of making the loan. It is not intended that credit history should be reassessed after the loan has been made.

In particular the aim is to separately identify under the heading 'Impaired credit history', those loans where it appears that the borrower has some form of adverse credit history:

- (i) at the point when the new advance is made and the loan is reported under 'Gross advances';
- (ii) subsequently for reporting under 'Balances outstanding', the amount of the loan at the quarter end to such a borrower (who at the point when the present loan was advanced, was deemed to have had an adverse credit history).

#### **E3.1 Impaired credit history**

If any of the following conditions are met at the time of making the loan, the borrower should be reported as having **an impaired credit history**:

- (i) arrears on a previous (or current) mortgage or other secured loan within the last two years, where the cumulative amount overdue at any point reached three or more monthly payments;
- (ii) arrears on a previous (or current) unsecured loan within the last two years, where the cumulative amount overdue at any point reached three or more monthly payments;
- (iii) one or more county court judgements (CCJs), with a total value greater than £500, within the last three years;
- (iv) being subject to an Individual voluntary arrangement (IVA) at any time within the last three years;
- (v) being subject to a bankruptcy order at any time within the last three years;

**but** *firms* should not include technical arrears as part of the above definition. Technical arrears means circumstances where the borrower has been the victim of a banking error giving rise to late payment.

**NB** In (i) to (v), *firms* should ignore whether the borrower has subsequently paid off arrears, or has satisfied/discharged a CCJ or IVA or bankruptcy.

## **E4 Payment type**

This section analyses loans in terms of how the borrower is contractually expected to service the loan, and is split into four categories:

- repayment;
- interest only;
- combined; and
- other.

### **E4.1 Repayment (capital & interest)**

This is the traditional payment option available to borrowers. Such loans involve regular periodic payments covering interest for the period and some repayment of capital.

### **E4.2 Interest only**

This is the type of loan which requires the borrower to make regular payments of interest only (i.e. without any obligation to make periodic payments of capital). It includes 'endowment' type loans, others having an independent ultimate repayment vehicle (e.g. PEP, ISA or pension mortgages), as well as other interest only loans where there is either no specific ultimate repayment vehicle in place or where the lender does not formally require one to be in place.

### **E4.3 Combined**

This section is for loans where both of the above payment types are in place (i.e. part of the loan is 'repayment', and part is 'interest only').

### **E4.4 Other**

This category will contain loans where no regular periodic payment obligation is in place, for example secured overdraft facilities or secured credit cards, and *lifetime mortgages*.

## **E5 By drawing facility**

These are loans which include an option to draw down further amounts (i.e. where, at the outset of the loan, extra drawing rights exist over and above the original amount advanced, **but not** those arising only in relation to previous overpayments).

### **E5.1 Extra drawing facility**

These are loans which in general are structured as follows:

#### **Example structure when flexible loan contract agreed**

Amount of loan advanced	£65,000
Amount of extra drawing facility agreed to (but not advanced at outset of loan)	£15,000
Total loan facility up to	£80,000

### **E5.1 a) Loans including unused facility**

This means the total loan facility i.e. the sum of the amount of loan advanced and the amount of extra drawing facility agreed (but not advanced at the outset of the loan):

- (i) **gross advances in quarter** should detail those loans that include an extra drawing facility: show the number and amount of such loans;
- (ii) **loans outstanding** means the end quarter balances (on original advance plus any subsequent draw downs) plus the residual amount of any unused drawing facility that remains available to the borrower: show the number and amount of such loans.

### **E5.1 b) Unused facility**

This is the amount of the extra drawing facility that has not been drawn down by the borrower:

- (i) **gross advances in quarter** should detail the unused facility element of such loans: show the amount;
- (ii) **loans outstanding** means the end quarter balances of any unused extra drawing facility that remains available to the borrower: show the amount.

### **E5.1 c) Net loans**

This can be calculated by subtracting the entry in row b) from the entry in row a).

## **E5.2 Loans with no extra drawing facility**

*Firms* should report all other loans here.

## **E5.3 TOTAL**

This figure should be calculated as follows:

(i) for '**Number**' by adding E5.1(a) and E5.2, and

(ii) for '**Amount**' by adding E5.1(c) and E5.2.

## **E6 By Purpose**

This analysis is to identify the principal purpose of the loan, which should be available from the application form. A loan should therefore only be classified to one category of E6.1 – E6.7. A stage advance should be classified for the same purpose as the main advance.

### **E6.1/2 House purchase**

Loans where the borrower is purchasing a house (or flat etc). *Firms* should include stage payments on such transactions here and not in 'further advances'. A distinction is drawn between loans for house purchase where the purpose is for owner occupation, or for buying with a view to letting ('buy to let').

Loans for owner occupation are required to be sub divided into those to first time buyers (FTBs, that is where the tenure of the main borrower immediately before this advance was not owner-occupier) and those to other buyers.

### **E6.3 Further advance**

A further loan (either as a normal further advance, or as a second charge loan where the *firm* has the first charge) to an existing borrower of the *firm*, secured on the same property.

The underlying purpose of the further advance is not relevant and could include e.g. purchasing freehold interest in a currently owned leasehold property; buying a second property on the security of the first; as a consumer loan fully secured on residential property; or as a 'drawdown' on a flexible mortgage.

### **E6.4/5 Remortgage**

Loans where the borrower is not moving house but is refinancing an existing loan, either one already with the *firm* or one from another lender. The whole amount of the new advance should be classified as 'remortgage' even if it is larger than the existing loan.

### **E6.6 Lifetime mortgages**

This is a specific type of *regulated mortgage contract*, which is defined in the *Handbook* as follows:

A *regulated mortgage contract* under which:

- (a) entry into the mortgage is restricted to borrowers of a specified age; and
- (b) the *mortgage lender* does not generally specify a period at the end of which the amount borrowed (plus interest, if any, outstanding) must be repaid, and while the *customer* continues to occupy the mortgaged land as his main residence:
  - (i) no instalment repayments of the capital and no payment of interest on the capital (other than interest charged when all or part of the capital is repaid voluntarily by the *customer*), are due or capable of becoming due; or
  - (ii) although interest payments may become due, no full or partial repayment of the capital is due or capable of becoming due; or
  - (iii) although interest payments and partial repayment of the capital may become due, no full repayment of the capital is due or capable of becoming due; and
- (c) the loan made to the *customer* is repayable in one or more of the following circumstances:
  - (i) the death of the *customer*; or
  - (ii) the *customer* enters into long term care; or
  - (iii) the *customer* moves into sheltered accommodation or residential care; or
  - (iv) the *customer* acquires another dwelling for use as his main residence; or
  - (v) the *customer* chooses to repay all or part of the loan; or
  - (vi) the *mortgage lender* exercises its legal right to take possession of the mortgaged land under the terms of the contract.

#### **E6.7 Other**

Would include for example where a borrower is not moving house but takes a loan on the security of his previously unmortgaged property.

## **SECTION F: LENDING - ARREARS ANALYSIS**

## Introduction

The guidance notes in this section serve two purposes: they provide guidance for

- (i) items **F1 to F5** shown in *MLAR* table F.

For these sections, the analysis of lending refers to on-balance sheet loan assets only (ie as included in the final column of section D1 of table D)

- (ii) items **H1 to H5** shown in *MLAR* table H.

For these sections, which cover reporting of arrears by *firms* with a *mortgage administrator's* activity, the analysis should include arrears in respect of the types of residential loans to individuals set out in the guidance notes for table G. For *guidance* on items H1 to H5 see corresponding guidance against items F1 to F5. Similarly references in the *guidance* notes to any items F1 to F5, should also be read as referring to items H1 to H5 when completing table H.

### **F1 to F4**      **Arrears categorisation by type of loan**

For these sections, the analysis of lending is divided into two main types:

- (i) residential loans to individuals (split between regulated and non regulated business);
- (ii) all other secured loans.

The analysis is based on expressing **the amount of arrears** on each loan as a percentage of the **balance outstanding** on the loan, allocating cases to relevant arrears bands, providing details of cases moving up into more serious arrears bands in the quarter, and giving information on loan performance during the quarter. (In cases where there is more than one loan secured on a single property, these should be amalgamated, where possible, in reporting details of arrears cases.)

**Definitions of terms** used above, and those related to them, are given below in sections having side headings numbered 1, 2, 3, 4, 5 and 6.

**F1.6/F2.6 & F3.6/F4.6**      **In possession:** cases should be included here where the property is taken in possession (through any method e.g. voluntary surrender, court order etc). For development loans in particular, cases should also be included where the appointment of a receiver and/or a manager has been made, or where the security is being enforced in other ways (which may or may not also involve the existence of arrears e.g. building finance case with interest roll up, no arrears, but a current valuation is less than the outstanding debt).

#### **1.      Balance outstanding (columns 3 and 6)**

**1.1**      This is the amount of total debt at the reporting date, and should comprise the total amount outstanding (after deducting any write-offs but without deduction for any provisions) in respect of:

- (i) the principal of the advance (including any further advances made);
- (ii) interest accrued on the advance (but only up to the reporting date), including any interest suspended;
- (iii) any other sum which the borrower is obliged to pay the *firm* and which is due from the borrower, e.g. fees, fines, administration charges, default interest and insurance premiums;

and is intended to be consistent with the basis used for presentation of gross balances outstanding shown in the balance sheet section of the return (i.e. at A3 Column 1 for on-balance sheet or unsecuritised balances, and at A3 column 4 for securitised balances), with the addition for tables F and H of any interest suspended not included in the balance sheet.

## 2. Amount of arrears (columns 2 and 4)

2.1 Arrears will arise through the borrower failing to service any element of his debt obligation to the *firm*, including capital, interest, or fees, fines, administrative charges, default interest or insurance premiums.

2.2 At the reporting date, the **amount of arrears** is the difference between:

- (i) the accumulated total amounts of (monthly or other periodic) **payments due** to be received from the borrower; and
- (ii) the accumulated total amount of **payments actually made** by the borrower.

2.3 Only amounts which are **contractually due** at the reporting date should be included in 2.2(i) above. That is:

- (i) include accrued interest only up to the reporting date but not beyond;
- (ii) and, only include a proportion of any annual insurance premium if the *firm* permits such amounts to be paid in periodic instalments. However if the terms of the loan or the lender's practice are such as to permit insurance premiums to be added to the loan principal then do not treat such amounts as contractually due;
- (iii) similarly, where 'any other sum' has been added to the loan (see 1.1 (iii) above), only include such proportions as are contractually due (e.g. if it is the practice in particular circumstances to add the sum/charge to the loan and require repayment over the residual term of the loan);
- (iv) in assessing 'payments due' when a borrower has a **flexible loan**, it is important to apply the contractual terms of the loan: for example,

payment holidays which satisfy the terms of the loan should not be treated as giving rise to an arrears position;

(v) do not however include 'Deeds Store' loans in the arrears figures (that is, loans where the debt is de minimis e.g. £100, but the borrower still has insurance premiums to pay and perhaps some instalments are overdue).

- 2.4** In the case of **annual review schemes** the 'payment due to be received' under 2.2(i) is that calculated under the scheme. This may well differ from the amount charged to the account but should not of itself give rise to any arrears, providing the borrower is making the level of payments advised by the *firm*. The same principles apply to deferred interest products - if the borrower is making the payments that are required under the loan arrangements then he is not in arrears, even though the debt outstanding is increasing.
- 2.5** Where a *firm* makes a **temporary 'concession'** to a borrower (i.e., an agreement with the borrower whereby monthly payments are either suspended or less than they would be on a fully commercial basis) for a period, the amounts included in 2.2(i) are those contractually due (and at commercial rates of interest). Hence the borrower will continue to be in arrears and the level of arrears will in fact continue to increase until such time as he is able fully to service the debt outstanding.
- 2.6** Where the terms of the loan do not require payment of interest (or capital) until a stated date or until redemption or until certain conditions are triggered, as for example in the case of certain building finance loans, then the loan is not in arrears until such time as contractual repayments are overdue. There may be circumstances however where, even though the loan is not in arrears, it falls to be reported under F1.6, F2.6, F3.6 or F4.6. (See notes on F1.6/F2.6/F3.6/F4.6 at beginning of Section F.)
- 2.7** The reporting treatment of cases where arrears have been capitalised is dealt with in section 3 below.
- 2.8** Where a '**capitalisation**' case that has at one time been correctly removed as fully performing (see section 3) but at some later time defaults, then this should be treated as a new default and the amount of arrears taken as that arising from this new default. That is, the previously capitalised arrears should not be reinstated as current arrears.

### **3. Capitalisation of arrears and reporting criteria**

- 3.1** By '**capitalisation**' we mean a formal arrangement agreed with the borrower to add all or part of a borrower's arrears to the amount of outstanding principal (i.e. advance of principal including further advances less capital repayments received during the period of the loan) and then treating that amount of overall debt as the enlarged principal. This enlarged principal is then used as the basis for calculating future monthly payments over the remaining term of the loan. Where less than the full amount of arrears is capitalised (or indeed where none of the

arrears is capitalised) then, providing there are arrangements made for the borrower to repay the non-capitalised arrears over a shorter period ranging for example from 3 to 18 months, this type of arrangement should also be regarded as an equivalent of 'capitalisation'.

### 3.2

The decision to 'capitalise' (or treat as if capitalised) is a business decision between the *firm* and the borrower. However for the purposes of consistency in reporting arrears cases in table F (and reporting capitalisations in section F5) the following **reporting criteria** should be used where a *firm* has capitalised the loan (or treated as if capitalised) and reset the monthly payment:

- (i) such an arrears case should continue to be included in sections F1 – F4 as an arrears case until the loan has been '**fully performing**' (see (ii) below) for a period of six consecutive months (any temporary increase in arrears during this qualifying period has the effect of requiring six consecutive months of fully performing **after** such an event). Until that time it should be included in table F, and be allocated to the arrears band applicable at each reporting date as if 'capitalisation' had not taken place;
- (ii) for these purposes a loan is considered to be 'fully performing' only where the borrower has been meeting all obligations on the loan with regard to repayments of principal, interest (at a normal mortgage rate on the full balance outstanding, including as appropriate any relevant past arrears), any payment towards clearing past arrears as agreed with the *firm* and any default payments due levied in respect of previous missed repayments. That is, amounts may be either added to the principal of the loan or otherwise repaid over a shorter period than the residual term of the mortgage, as agreed between *firm* and borrower. But then this revised payment schedule must be fully maintained for a six month period before the arrears can qualify to be treated as capitalised for reporting purposes and hence removed from the arrears cases in table F;
- (iii) arrears cases qualifying as 'fully performing' under (ii) **should then be omitted from sections F1-F4**, and should then be reported in section F5 for the same reporting period during which the removal occurs.

### 4. **Cases entering higher (i.e. more serious) arrears band in quarter (columns 1 to 3)**

This refers to those cases now included in a particular arrears banding which may have been classified in a **less severe (i.e. lower numerical) band** at the end of the previous quarter, but which have deteriorated sufficiently during the quarter to move to a more severe arrears band. This would mean, for example, that cases that were previously excluded from the arrears table being less than 1.5% in arrears would now be entered in the '1.5 < 2.5%' arrears band (i.e. 1.5% or less than 2.5%) in F1.1, and F1.6 (and F2.6/F3.6/F4.6) will show details of those cases taken into possession during the quarter which were previously classified as in arrears under any of F1.1-1.5 (or F 2.1-2.5/3.1-3.5/4.1-4.5, as the case may be). Cases which have improved during the quarter and which could

now be classified in a less severe arrears band should not be included in these 3 columns.

**5. Number (of cases) (Columns 1 and 4)**

**5.1** In cases where there is more than one loan secured on a single property, these should be amalgamated, where possible, in reporting details of arrears cases.

**5.2** In cases involving, for example, arrears on loans to property developers (which would come under F4), the loan should count as a single case in the number column irrespective of the number of properties on the development itself.

**6. Performance of current arrears cases (column 7)**

**6.1** This analyses all those arrears cases included in columns 4 to 6 and gives a measure of performance covering all of the loans in a particular arrears band at the end of the quarter. The measure, which compares 'actual' with 'expected' payments, is required to be calculated for a single time period: the 3 months covered by the firm's latest financial quarter. For this time period, the performance measure should be calculated as a percentage as follows:

$$\frac{\text{total of 'payments received' from borrowers}}{\text{total of 'payments due' from borrowers}} \times 100$$

where:

- (i) 'payments due' means amounts due under normal commercial terms (and not the lesser amounts which may have been agreed as part of any temporary arrangement) fully to service the loans: that is the balances outstanding including those elements referred to in 1.1 above such as insurance, fees and fines etc. (If for some reason this is not readily available then a suitable approximation can be derived for each relevant quarter by applying one quarter of the annual interest rate to the appropriate balance outstanding, and adding in other payments due for example insurance, fees and fines etc); and
- (ii) 'payments received' should be limited to regular repayment of interest, capital and other sundry charges to the loan account, and should exclude abnormal repayments (e.g. sale proceeds of property in possession, and large lump sum repayment of part or all of the outstanding balance). The reasoning behind this is that excess payments on one or more arrears cases would otherwise have the effect of compensating for underpayment on other arrears cases and, as a result, give an overstated performance measure. Therefore, in compiling aggregate payment received figures (as part of the payment performance ratio) the contribution from an individual loan in arrears should be limited to no more than the 'payment due' amount.

**6.2** The amount to be entered on the return is a percentage to 2 decimal places.

**6.3** In calculating the performance measure on possession cases (F1.6, F2.6, F3.6 and F4.6), the following points are relevant:

- (i) 'payments received': in many cases these may be nil, but not always since the property in possession may be let out and a rental income received. In each case the payment received should be included for the purposes of calculating the performance measure;
- (ii) 'payments due': in recognition of the fact that amounts of interest will still be charged to the borrower's account, then the 'payments due' should be calculated as three months' interest at normal commercial rates of interest;
- (iii) however, in F1.6, F2.6, F3.6 and F4.6, it is likely that the performance measure will in most instances be zero;
- (iv) the relevance of the above however, is that 'payments due' on possession cases need to be computed in order to feed into the overall performance measure at F1.6, F2.6, F3.6 and F4.6.

#### **6.4**

The overall measure of performance at F1.7 (and similarly at F2.7, F3.7 and F4.7) includes possessions, and is the ratio of:

- (i) 'payments received' on all cases in F1.1 to F1.6
- (ii) 'payments due' on all cases in F1.1 to F1.6

The same approach should be used for F2.7, F3.7 and F4.7.

#### **F5**

##### **Arrears management**

##### **Number of Sales/Number of (arrears) cases**

In cases where there is more than one loan secured on a single property, these should be amalgamated where possible in reporting details of possession cases sold during the period in F5 (column 1), and details of arrears cases in F5 (columns 3 & 4).

##### **Balance outstanding**

In F5 (columns 2 and 5) this is as defined in section F/1 paragraph 1.1 (including in the case of properties sold the costs of sale where these have been debited to the borrower's account), and should be the balance at the end of the quarter.

##### **Possession sales during quarter**

*Firms* should include in F5 (columns 1 and 2) **all** properties sold in the quarter irrespective of whether losses have occurred.

##### **Capitalisation of arrears cases in quarter**

Details should be given in respect of those cases which, having previously been in the reported figures in table F on arrears, have now been capitalised

(or treated as if capitalised), have satisfied certain performance criteria for six months, and have been **removed** during the latest quarter from the arrears figures which now appear in sections F1 – F4. Sees paragraph 3 of section F of the *guidance* notes.

### **Cases involving temporary concession or arrangement**

In respect of the number of cases in arrears at the end of the quarter (i.e. reported in F1 to F4.7), details should be given of those cases for which the lender has taken steps to assist the borrower in some way.

Specifically, *firms* should state in how many cases a **temporary concession** has been made (see paragraph 2.5 in Section F), and in how many cases a formal **arrangement** to capitalise has been made (see paragraph 3.1 in section F, which also includes within the term 'arrangement' the example of a borrower making increased monthly payments to reduce some or all existing arrears). The balancing number should be shown in the next column 'No concession/arrangement'.

## SECTION G: MORTGAGE ADMINISTRATION – BUSINESS PROFILE

### Introduction

Article 61 of the Regulated Activities Order establishes *administering a regulated mortgage contract* as a *regulated activity*. This applies equally to those *firms* that are lenders, and those whose principal business is to undertake mortgage administration on behalf of third parties.

For *firms* that are authorised as *mortgage administrators* only, the information sought in this section will enable the *FSA* to establish the extent and nature of the *firm's* mortgage administration business. The *FSA* will be able to assess the potential risks posed by the *firm's* business activities and tailor its regulatory response accordingly.

A *mortgage administrator* is a *firm* with *permission* (or which ought to have *permission*) for administering a *regulated mortgage contract* and where, as defined in article 61(3)(b) of the *Regulated Activities Order*, *administering a regulated mortgage contract* consists of either or both of:

- notifying the borrower of changes in interest rates or payments due under the contract, or of other matters of which the contract requires him to be notified; and
- taking any necessary steps for the purposes of collecting or recovering payments due under the contract from the borrower;

but does not consist merely of having or exercising a right to take action to enforce the *regulated mortgage contract*, or to require that action is or is not taken.

**You should note that this section applies to *firms* with just a *mortgage administrator's* activity and those with both a *mortgage lender's* and *mortgage administrator's* activity.**

**You should also note, however, that if you have both a *mortgage lender's* activity and a *mortgage administrator's* activity to administer your own book and do not have any off-balance sheet loans to administer, then you should not complete this section of the *MLAR*.**

### G1 Mortgage contracts administered at end quarter

Collects data on mortgage contracts administered as at the end of the quarter, but only where you are formally acting as principal in exercising a *mortgage administrator's* activity. It therefore excludes the reporting of:

- any loan administration where you, being a firm without a *mortgage administrator's* activity, are merely providing an outsourced service for a third party which does have a *mortgage administrator's* activity and which is exercising it in respect of those loans; and
- any loan administration where you, a firm having a *mortgage administrator's* activity, are acting as agent and providing an outsourced

service for a third party which itself has a *mortgage administrator's* activity and which is exercising it in respect of those loans.

If you also have a *mortgage lender's* activity, then you should treat your own on and off-balance sheet loans as follows:

- (i) your *firm's* on-balance sheet loans should be excluded from G1.1 a) and G1.2 a). These items will therefore only include loans administered for third party lenders who do not themselves have a *mortgage administrator's* activity;
- ii) your *firm's* off-balance sheet loans should be included in G1.1 c) and G1.2 c). These will be the loans you have shown in section A3 "Securitised balances" under "gross balances". (These items G1.1 c) and G1.2 c) will also include loans you administer for other *special purpose vehicles* where you are formally exercising your *mortgage administrator's* activity).

### **G1.1 Number of loans**

You should detail the number of *regulated mortgage contracts* administered as at the end of the quarter for *firms* with a *mortgage lender's* activity, for other *firms* (i.e. lenders for which you administer mortgages but they themselves do not have a *mortgage lender's* activity) and for *special purpose vehicles* ('SPVs') (i.e. *firms* that fall within the *Handbook* definition of a *special purpose vehicle*).

You should also detail the number of non regulated loans administered as at the end of the quarter for *firms* with a *mortgage lender's* activity, for other firms (i.e. lenders for which you administer mortgages but they themselves do not have a *mortgage lender's* activity) and for SPVs.

The total (all loans) is the sum of *regulated mortgage contracts* and non-regulated loans.

### **G1.2 Balance outstanding on loans**

You should detail the balances outstanding on all *regulated mortgage contracts* that you administer as at the end of the quarter for *firms* with a *mortgage lender's* activity, for other firms (i.e. lenders for which you administer mortgages but they themselves do not have a *mortgage lender's* activity) and for SPVs.

You should detail the balances outstanding on all non regulated loans that you administer as at the end of the quarter for *firms* with a *mortgage lender's* activity, for other firms (i.e. lenders for which you administer mortgages but they themselves do not have a *mortgage lender's* activity) and for SPVs.

The total (all loans) is the sum of *regulated mortgage contracts* and non-regulated loans.

## **G2 Lenders for whom mortgage administration was being carried out at quarter end**

Collects data only on the top five lenders for each category by value ( i.e. the largest five *firms* by value, based on balances outstanding on regulated loans) for whom mortgage administration was being carried out at the quarter end. (Details on other lenders are not required to be shown, over and above the top five listed in each category.)

### **G2.1 Firms with a mortgage lender's activity**

Please detail the top five *firms* (by value) for whom *mortgage administration* was being carried out at the quarter end.

You should include the *firm's* FSA reference number in addition to the name of the *firm*.

You should indicate the value of *regulated mortgage contracts* and non-regulated loans for each of the top five *firms* for whom you administer such contracts.

The total (all loans) for each firm listed is the sum of *regulated mortgage contracts* and non-regulated loans.

### **G2.2 Other firms**

Please detail the top five other *firms* (by value) for whom *mortgage administration* was being carried out at the quarter end (but who themselves do not have a *mortgage lender's* activity).

You should indicate the value of *regulated mortgage contracts* and non-regulated loans for each of the top five other firms for whom you administer.

The total (all loans) for each *firm* listed is the sum of *regulated mortgage contracts* and non-regulated loans.

### **G2.3 SPVs**

Please detail the top five SPVs (by value) for whom *mortgage administration* was being carried out at the quarter end. If your *firm* has off-balance sheet loans (which it has reported in G1.1 c) and G1.2 c)) then please show your *firm* as one of these five SPVs as follows:

- group together all SPVs for which your *firm* is the originator and show the aggregated amounts on a single line (irrespective of whether the total of regulated loans for all such SPVs would rank within the top five);

- under "FSA firm reference" column, put your *firm's FSA* reference number;
- under "Name of firm" column, put your *firm's* name followed by "own SPVs" in brackets, for example XYZ firm name (own SPVs).

You should indicate the value of *regulated mortgage contracts* and non-regulated loans for each of the top five SPVs for whom you administer.

The total (all loans) for each SPV listed is the sum of *regulated mortgage contracts* and non-regulated loans.

## SECTION H: MORTGAGE ADMINISTRATION – Arrears Analysis

### Type of loans to be reported

This arrears analysis should cover only those types of loan listed below, in respect of which your *firm* is formally acting as principal in exercising a *mortgage administrator's* activity. Thus, irrespective of whether your *firm* has a *mortgage administrator's* activity, if you are merely acting as an administrator for a third party that itself has, and is exercising, a *mortgage administrator's* activity, then you should not include any such loans in this analysis.

The types of loans to be included in the analysis are:

- (i) loans administered for *firms* which do not themselves have a *mortgage lender's* activity. These are the loans reported at G1.2 b) in table G.
- (ii) loans administered for third party SPVs.
- (iii) where your *firm* has a *mortgage lender's* activity, loans that represent your firm's off-balance sheet loans and which you have reported in section A3 of table A as "gross balances" under "Securitised balances".

**NB** loans in (ii) and (iii) are all those shown in G1.2c of table G.

The information presented in table H should represent the total of all such loan types listed above, in a single version of the table.

### H1-H5 Guidance on arrears items

The *guidance* for these items is provided in section F of these guidance notes, where items H1 to H5 correspond to items F1 to F5.

## SECTION J: FEE TARIFF MEASURES

### J1 Introduction

The purpose of this section is to enable the *firm* to provide data on the current **fee tariff measures** that apply to each of the regulated activities of *mortgage lending* and *mortgage administration*.

This section also distinguishes between the fee tariff measures that apply to the *FSA* (Financial Services Authority) and *FOS* (Financial Ombudsman Service).

Since the relevant fee tariff measures may change from time to time, these *guidance* notes merely define **where** the current definitions of fee tariff measures are to be found. Accordingly the following is a reference to the relevant part of the *FSA's* website where such details can be found:

\* Refer to *SUP 20 Annex 1R of the FSA Handbook*\*

## Part 8: SUP 16 Ann 20G

### Products covered by the reporting requirement in SUP 16.11

This is the *guidance* referred to in SUP 16.11.6G.

SUP 16.11.3R requires certain *firms* to report product sales data. For reporting purposes, a reportable sale applies where the contract has been made and the premium has been paid.

In the case of mortgage transactions, the reporting requirement only applies to loans for house purchase and remortgages and not to further advances. A reportable mortgage transaction applies where the mortgage transaction has completed (i.e. funds have been transferred and have been applied for the purpose of the mortgage).

## Part 1 - Products

The following tables provide *guidance* on the products for which sales data is to be reported. These tables are not intended to be a complete list of relevant products; *firms* should report sales data on all products which would fall within the scope of *retail investments*, *pure protection contracts*, and *regulated mortgage contracts*.

### Table 1 – RETAIL INVESTMENTS

Relevant products include:

<i>Unit trust scheme /OEIC</i>
<i>Investment trust</i>
<i>ISA</i>
<i>Structured capital-at-risk product</i>
With profit bond
<i>Unit linked bond</i>
Distribution bond
Mortgage Endowment
With profit endowment
Endowment savings plan
Guaranteed income/growth/investment bond
Trustee investment bond
Life annuity
Pension annuity
Long term care insurance contract
Stakeholder pension
Personal pension
Group personal pension
<i>FSAVC</i>
<i>Individual pension transfer</i>
<i>Pension opt out</i>
Section 32 buy out
Group section 32 buy out
<i>Income drawdown</i>

Executive pension  
SSAS  
Group money purchase  
AVC final salary  
AVC group money purchase

## Table 2 - PURE PROTECTION CONTRACTS

Relevant products include:

Income protection  
Standalone critical illness  
Critical illness sold as a rider benefit to mortgage protection and mortgage term assurances

## Table 3 - MORTGAGES

Relevant mortgage types include:

Fixed rate mortgages  
Discounted variable rate mortgages  
Tracker mortgages  
Capped rate mortgages  
Standard variable rate mortgages

## Part 2: Supporting product definitions/guidance for product sales data reporting

Part 2 contains *guidance* on the terms used in part 1 and on other relevant material.

Where products have not been defined in the *Glossary*, an explanatory description is provided.

### Retail investments

<b>PRODUCT</b>	<b>Guidance</b>
<u>With profit bond</u>	<b><u>Includes all single premium policies where a lump sum is paid into a with profits fund made up of investments such as company shares, fixed interest securities, commercial property and money. Unitised with profit bonds should be reported under this category.</u></b>
<u>Unit linked bond</u>	<b><u>A contract where the premium buys, or is deemed to buy investment units in a selected fund. The value of the policyholder's fund is linked to the value of the units (see guidance relating to distribution bonds).</u></b>
<u>Distribution bond</u>	<b><u>A single premium investment policy. The funds are invested in equities and gilts and an income is paid each year to the policyholder, dependent on the performance of the investments.</u></b>  Only report as a distribution bond where over 50% of the fund allocation relates to the distribution fund. If less than a 50% allocation is made, the product should be reported as a unit linked bond.
<i>Guaranteed income/growth/investment bond</i>	This includes income and growth bonds which include guaranteed income and guaranteed equity bonds that include guarantees and pay a percentage of the movement of more one or more index.
<i>Structured capital-at-risk product</i>	<i>Defined in the Handbook Glossary.</i>
<u>Life/pension annuity</u>	An arrangement by which a life company pays someone a regular income, usually for life, in return for a lump sum premium. This would include <ul style="list-style-type: none"> <li>• deferred and immediate annuities</li> <li>• compulsory purchase annuities</li> <li>• home income plans; and</li> <li>• all other types of life annuities</li> </ul>
<u>Unit trust scheme</u>	<i>Defined in the Handbook Glossary.</i>
<b><u>Investment trust</u></b>	<i>Defined in the Handbook Glossary.</i>
<b><u>ISA</u></b>	<i>Defined in the Handbook Glossary.</i> Cash and insurance ISAs should not be reported
<b>Endowment savings plan</b>	An endowment plan with a fixed term with benefits paid on death within the term or on maturity
<b>Mortgage endowment</b>	This should include any regular premium low cost endowments plus unitised with profit endowments

<b>Long-term care insurance contract</b>	[The FSA consulted in CP 200 on the definition of long-term care insurance contract that will apply from 14 January 2005. The guidance here will cross-refer to the finalised definition.]
<b>Stakeholder Pension</b>	<i>See Handbook Glossary for definition of 'stakeholder pension scheme'.</i>
<b>Personal pension</b>	<i>See Handbook Glossary for definition of 'personal pension scheme'.</i>  For reporting purposes do not include Rebate Only Pension business.
<b><u>Group personal pension</u></b>	<i>See Handbook Glossary for definition of 'group personal pension scheme'.</i>  Phased retirement should include transfer plans that permit staggered annuities to subsequently be purchased.  Deferred transfer plans should be excluded.  Report each individual policy as a separate case.
<b><u>FSAVC</u></b>	<i>Defined in the Handbook Glossary.</i>  Do not include Rebate Only Pension business.
<b><u>Individual pension transfer</u></b>	<i>See Handbook Glossary for definition of 'pension transfer'.</i>
<b><u>Pension opt out</u></b>	<i>Defined in the Handbook Glossary.</i>
<b>Section 32 buy out/ Group section 32 buy out</b>	An arrangement where trustees accept capital from employees who have left <i>occupational pension scheme</i> service and the transfer value is reinvested in an attempt to provide better benefits when the employee retires.
<b><u>Income drawdown</u></b>	<i>See Handbook Glossary for definition of income withdrawal'.</i>  This should include transfer plans that allow income from a pension plan in advance of an annuity being purchased
<b><u>Executive pension scheme</u></b>	An arrangement where each premium paid is identifiable to an individual employee and where an employer has discretion as to whether a pension arrangement is made for a particular employee and to the level of contribution or target benefit under the policy.  Report each individual policy as a separate case.  Pension premiums should be reported gross.
<b><u>SSAS</u></b>	<i>Defined in the Handbook Glossary.</i>  Pension premiums should be reported gross.  SSAS business should not be reported if you only provide an administration service.  Report each individual policy as a separate case.
<b><u>Trustee investment bond</u></b>	A lump sum <i>investment</i> vehicle designed for use by <i>pension scheme</i> trustees. Includes SSAS Trustee Investment Bonds and SIPP Trustee Investment Bonds

<u>Group money purchase</u>	An <i>occupational pension scheme</i> which provides <i>money-purchase benefits</i> which is available to employees of the same employer or of employers within a group.
<u>AVC Final salary</u>	Pension premiums should be reported gross.
<u>AVC Group money purchase</u>	Pension premiums should be reported gross.

## Mortgages

### (a) Types of interest rate

<u>Types of interest rate</u>	<b>Description</b>
<b>Fixed rate</b>	where the interest rate is fixed for a stated period.
<b>Discounted rate</b>	where a discount is applied to the lender's standard variable rate usually for a limited period of time.
<b><u>Tracker</u></b>	where the interest rate is guaranteed to move in line with either the Bank of England Base (or repo) Rate (BBR) or another index such as LIBOR (London InterBank Offered Rate).
<b><u>Capped (and collared) rate mortgage</u></b>	where the interest rate is guaranteed not to exceed a stated maximum rate (the 'capped' rate) for specific period of time, but where the standard variable interest rate applies when the rate is lower than the capped rate. Also includes products where the interest rate is subject to a minimum rate (the 'collared' rate).
<b><u>Cashback</u></b>	a cash amount paid by a <i>mortgage lender</i> to a <i>customer</i> (typically at the beginning of a contract) as an inducement to enter into a <i>regulated mortgage contract</i> with the <i>mortgage lender</i> .
<b><u>Standard variable rate</u></b>	<u>the lender's underlying interest rate.</u>

### (b) Features

<b>Data Item</b>	<b>Description</b>
<b>Flexible mortgage</b>	<p>A mortgage where you can change the monthly payments and pay off part or all of the loan whenever you like. It is normally linked to any interest rate type.</p> <p>Details vary from one mortgage to another, but for reporting purposes, to be reported as a flexible mortgage, the mortgage should have the following features:</p> <ul style="list-style-type: none"> <li>• interest must be calculated monthly or daily; and</li> <li>• must have an overpayment facility</li> </ul>
<b>Offset mortgage – positive and/or negative offset</b>	An offset mortgage will typically have similar facilities to a flexible mortgage, but will also allow the borrower to offset positive (savings and/or current account) and/or

	negative balances (credit card and/or personal loans) against their outstanding mortgage balance.
<b>Loans where income is not evidenced</b>	This applies to loans which are based on one or more <i>persons'</i> incomes. These loans are those where the lender has no independent documentary evidence to verify income (e.g. as provided by an employer's reference, a bank statement, a salary slip, a P60, or audited/certified accounts).
<b>Total gross income</b>	This is the total of the gross annual incomes (before tax or other deductions) of each of the individual borrowers whose incomes were taken into account when the lender made the lending assessment/decision. For these purposes, each borrower's gross income is the sum of that person's main income and any other reckonable income (e.g., overtime, income from other sources etc to the extent that the lender takes such additional income into account in whole or in part). For example if borrower A has gross income of £25,000 and borrower B has gross income of £20,000 then total gross income for the loan would be £45,000

## Pure protection contracts

<b><u>Policy type</u></b>	<b>Description</b>
<b>Standalone critical illness</b>	These policies are 'pure' critical illness policies i.e. there is no life cover sold alongside them. Under these policies the <i>insurer</i> provides the sum insured to the <i>policyholder</i> in the event of diagnosis of a life threatening condition.
<b>Critical illness sold as a rider benefit to term assurance</b>	For reporting purposes, this applies where critical illness is offered as a rider benefit to either a mortgage protection policy (a <i>life policy</i> that provides by means of decreasing term assurance for a mortgage to be paid off in the event of the borrower's death) or a protection term assurance contract.
<b>Income protection</b>	Insurance contracts arranged by an individual to provide for payment of income during a period of incapacity, due to ill health or accident

**Part 9: SUP 16 Ann 21R**

**REPORTING FIELDS**

This is the annex referred to in SUP 16.11.7R.

**1 - GENERAL REPORTING FIELDS**

The following data reporting fields must be completed, where applicable, for all reportable transactions and submitted in a prescribed format. Shaded boxes represent non-compulsory data items.

<b>Data reporting field</b>	<b>Code (where applicable)</b>	<b>Notes</b>
FSA reference number of product provider	6 digit number	This field must contain the FSA reference number of the <i>firm</i> providing the data report.
FSA reference number of <i>firm</i> which sold the product	6 digit number	This field must contain the FSA reference number of the <i>firm</i> which sold the product.  For <i>firm's</i> own direct sales, enter <i>firm's</i> own FSA reference number.  For sales via an intermediary enter the intermediary's reference number.
<b>Advice at point of sale</b>	<b>Y = advised</b>  <b>N = non-advised</b>	<b>This information will not have to be reported until July 2006.</b>  <b><i>Firms</i> will however be able to report his information before then if appropriate by using the appropriate code to indicate whether the sale was advised or non-advised.</b>  <b>For reporting purposes non- advised includes execution only and direct offer transactions.</b>
FSA reference number of the intermediary's <i>principal</i> or <i>network</i>	6 digit number	This field only applies if the sale has been made by an intermediary who has a <i>principal</i> or is part of a <i>network</i> .

**2 - SPECIFIC REPORTING FIELDS**

**(a) Retail investments**

The following data reporting fields must be completed, where applicable, for all *retail investment* transactions, including *structured capital-at-risk products*:

<b>Data reporting field</b>	<b>Illustrative code (where applicable)</b>	<b>Notes</b>
Product type	Numeric	Enter relevant product code. If none of the existing codes apply report sale as 'O' for other.
Post code of customer	e.g. XY45 6XX	Applies to first named customer only.
Method of <i>premium/contribution</i> payment	S = single R = regular	Use code to indicate method of payment.
Total <i>premium/contribution</i> amount	Numeric £	Enter annualised amount rounded to nearest £
Date of birth	DD/MM/YYYY	Applies to first named customer at time of sale i.e. age obtained at proposal stage.

**(b) Pure protection contracts**

The following data reporting fields must be completed, where applicable:

<b>Data reporting field</b>	<b>Illustrative code (where applicable)</b>	<b>Notes</b>
Policy type	Numeric	Enter relevant product code. If none of the existing codes apply report sale as 'O' for other
Method of <i>premium</i> payment	S = single R = regular	Use code to indicate method of payment.
Total <i>premium</i> amount	Numeric	Enter annualised amount rounded to nearest £.

**(c) Mortgages**

**The following data reporting fields must be completed, where applicable for all regulated mortgage transactions (with the exception of further advances):**

**Note :** In the case of mixed interest rate options/combo mortgages, sales data should only be provided for the rate applying to the largest portion of the overall mortgage balance.

<b>Data reporting field</b>	<b>Illustrative code (where applicable)</b>	<b>Notes</b>
Date mortgage account opened	DD/MM/YYYY	Date of mortgage completion or draw-down of the funds.
Interest rate type	F = fixed rate C = capped rate D = discount T = tracker V = standard variable rate O = other	Enter the relevant code  If none of the existing codes apply enter sale as 'O' to denote 'other'.  Only 1 code can be entered
Mortgage characteristics	CB = cashback  FF = flexible features (allowing overpayments and underpayments)  OS = offset positive and or negative balances.  L = the loan is a <i>lifetime mortgage</i>  SAM = the loan is a <i>shared appreciation mortgage</i>	Use code to indicate additional mortgage characteristics if applicable.  Cashback should only be reported where it is linked to a variable interest rate and where the cashback is not being provided as an incentive to pay legal costs and valuation fees.  Where more than 1 code applies, report all
Post code of the mortgaged	e.g. XY45 6XX	

property		
Type of borrower	<p>F = first time buyers</p> <p>M = home movers (2<sup>nd</sup> or subsequent buyers)</p> <p>R = remortgagors</p> <p>C= council/ registered social landlord tenant exercising their right to buy</p> <p>O = other</p> <p>N = not known</p>	<p>Use code to indicate type of borrower.</p> <p>Only 1 code should be entered</p>
Method of repayment	<p>C = capital and interest</p> <p>E = interest only/ endowment</p> <p>I = interest only/ ISA</p> <p>P = interest only/ pension</p> <p>U = interest only/ unknown</p> <p>M = mix of capital and interest only</p> <p>N = not known</p>	<p>Use code to indicate method of mortgage repayment</p> <p>Only 1 code should be entered</p>
Term of mortgage	Numeric	<p>Number in whole years.</p> <p>(Optional for <i>Lifetime</i> and <i>Shared appreciation mortgages</i>)</p>
Size of loan	Numeric £	Report the original interest bearing balance at completion of the mortgage.
Value of the mortgaged property	Numeric £	<p>The value reported should be based on:</p> <ul style="list-style-type: none"> <li>the surveyors valuation (or from a valuation index) or</li> <li>from the customers estimated value as captured on the application form.</li> </ul>

		In the case of staged construction or self build schemes, value means 'expected final value of property at the time lending decision is made'.
Income Basis	S = single income J = joint income	Use code to indicate whether the income assessment has been made on a single or joint basis  (Optional for <i>Lifetime</i> and <i>Shared appreciation mortgages</i> )
Age of main borrower	DD/MM/YYYY	Report age of main borrower only.
Remortgage transactions <u>only</u>	N = no extra money raised H = extra money raised for home improvements D = extra money raised for debt consolidation M- extra money raised for home improvements and debt consolidation O = other	Use code to indicate the purpose of the remortgage.  Only 1 code can be entered
Employment status of main borrower	<b><u>F = full time employee</u></b> <b><u>S = self employed</u></b> <b><u>R = retired</u></b> <b><u>O = other</u></b>	Applies to main borrower only.  Only 1 code can be entered
Total gross income	Numeric £	The total income of all borrowers whose income was used in the credit assessment (see guidance notes for further explanation)  (Optional for <i>Lifetime</i> and <i>Shared appreciation mortgages</i> )
Income verification	Y = income evidenced N = income not evidenced	Applies to loans based on one or more persons' incomes (see guidance notes relating to 'loans where income is not evidenced')  (Optional for <i>Lifetime</i> and <i>Shared appreciation</i>

		<i>mortgages</i>
County court judgments (CCJs) Value	Numeric £	Applies where borrower/s has one or more CCJs within the <b>last 3 years</b> - either satisfied or unsatisfied - with a total value greater than £500.
Impaired credit history	A = arrears  V = IVA  Bankruptcy	Use code/s to indicate applicable credit history  A = applies to secured loans and unsecured loans where the borrower/s has arrears on a previous (or current) mortgage or other secured loan within the <b>last 2 years</b> where the cumulative amount overdue at any point reached three or more monthly payments or  V = applies where the borrower/s have been subject to an individual voluntary arrangement (IVA) at any time within the <b>last 3 years</b>  B = applies where the borrower/s have been subject to a bankruptcy order at any time within the <b>last 3 years</b>

### **3 - OPTIONAL REPORTING FIELDS**

1. The following data items are not currently mandatory reporting fields. *Firms* are not obliged to report these items within the data report if the data is not readily available.

<b>Data reporting field</b>	<b>Code (where applicable)</b>	<b>Notes</b>
Initial gross charging rate of interest	numeric	The amount of interest reported should be the initial gross nominal rate charged on the loan and should take into account any discount being provided. Where the advance is split, the interest rate applying to the largest part of the advance should be entered.
Date incentivised rate ends	DD/MM/YYYY	Only applies to fixed, capped or discounted rates where the customer is paying an incentivised rate for a set period.
Date <i>early repayment charge</i> ends	DD/MM/YYYY	If applicable, report date early repayment charge ends.

2. The following data items are not required for regulatory purposes and should only be reported by *mortgage lenders* who currently support the SML (Survey of Mortgage Lenders).

<b>Data reporting field</b>	<b>Code (where applicable)</b>	<b>Notes</b>
Purchase price of property (Purchases only)	£ numeric	Purchase price as stated on application form.
Type of dwelling	B= bungalow D= detached house S = semi – detached house T = terraced house F = flat or maisonette in converted house P= purpose built flat or maisonette O = other	Use code to indicate property type  Only 1 code can apply
Number of habitable rooms	numeric	Include kitchen but not bathroom/toilet
Number of bedrooms	numeric	
Does the property have a garage	Y=Yes N=No	The garage should be a permanent structure but does not have to stand on the main site of the property.
Is the dwelling new?	Y=Yes N=No	New refers to the period in which the main structure of the dwelling was completed and also means where a dwelling is being occupied for the first time. Does not therefore include new conversions of older dwellings.
Is mortgage payment protection insurance (MPPI) being taken out with the mortgage?	Y=Yes N=No	MPPI can be any of the following:  - full accident, sickness and unemployment insurance; or - accident and sickness only; or - unemployment only.  Report 'Yes' even where the policy was sold or provided free and irrespective of whether the premiums are collected by the lender or the insurer.

## Annex B

### Amendments to the Glossary

In this Annex, all text is new and it is not underlined.

Insert the following new definitions in the appropriate alphabetical position:

<i>exempt insurance intermediary</i>	<p>an <i>insurance intermediary</i>:</p> <ul style="list-style-type: none"><li>(a) whose <i>Part IV permission</i> is limited to or includes <i>insurance mediation activity</i>;</li><li>(b) which, in relation to <i>insurance mediation activity</i> (but disregarding money or other assets held in relation to other activities) either:<ul style="list-style-type: none"><li>(i) does not hold any <i>client money</i> or other <i>client assets</i> in any form; or</li><li>(ii) holds <i>client money</i> as trustee under a statutory trust imposed by CASS 5.3 (statutory trust) but does not otherwise hold <i>client money</i>; and</li></ul></li><li>(c) which (when aggregating the amount calculated in accordance with CASS 5.5.65R) does not in relation to <i>insurance mediation activity</i> hold <i>client money</i> in excess of £30,000 at any time during a <i>financial year</i>.</li></ul>
<i>MLAR</i>	(in <i>SUP</i> ) a Mortgage Lending and Administration Return containing data specified in <i>SUP 16 Ann 19AR</i> and relevant to the <i>firm's</i> type and <i>regulated activities</i>
<i>retail investment</i>	<ul style="list-style-type: none"><li>(a) a <i>life policy</i>; or</li><li>(b) a <i>unit</i>; or</li><li>(c) a <i>stakeholder pension scheme</i>; or</li><li>(d) an interest in an <i>investment trust savings scheme</i>; or</li><li>(e) a <i>structured capital-at-risk product</i>.</li></ul>
<i>retail investment firm</i>	a <i>firm</i> that has <i>permission</i> to carry on an activity which is a <i>retail investment activity</i> .

*retail investment activity*

- (a) *advising on investments;*
- (b) *arranging (bringing about) deals in investments;*  
*or*
- (c) *making arrangements with a view to transactions*  
*in investments,*

in relation to *retail investments*, except when carried on by a *firm* exclusively with or for *intermediate customers* or *market counterparties*.

*RMAR*

(in *SUP*) a Retail Mediation Activities Return, containing data specified in *SUP* 16 Ann 18A R and relevant to the *firm's* type and *regulated activities*

Annex A, part 5, of this instrument is amended as follows:  
 SUP 16 Ann18B G Notes for completion of the Retail Mediation Activities Return ('*RMAR*')

...

Application of *RMAR* sections

...

8. ... will not be subject to our ~~proposed~~ data requirements for ~~financial reporting balance sheet and profit & loss account~~ in the *RMAR* (*RMAR* sections A and ~~BC, D & E~~). For details see SUP 16.7.

...

Section D1: guide for completion of individual fields

...	
<b>Eligible capital (mortgage and non-investment insurance)</b>	
...	
Interim net profits ( <del>audited</del> <u>verified</u> )	Interim net profits should be <del>audited</del> <u>verified</u> by the <i>firm's</i> external auditor, net of tax or anticipated dividends and other appropriations to be included as capital.
Interim net profits (not <del>audited</del> <u>verified</u> )	Other unverified profits (not included in total capital resources)

Second Addendum  
 29 September 2005

**ELECTRONIC REPORTING REQUIREMENTS AND  
STANDING DATA INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (“the Act”):
- (1) section 138 (General rule-making power);
  - (2) section 156 (General supplementary powers); and
  - (3) section 157(1) (Guidance).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force:
- (1) in respect of the transitional provisions in Annex B, on the dates specified in those provisions; and
  - (2) otherwise, on 1 April 2005.

**Amendments to the Supervision manual (SUP)**

- D. SUP is amended in accordance with Annex A to this instrument.

**Amendments to the Dispute resolution: Complaints sourcebook (DISP)**

- E. DISP is amended in accordance with Annex B to this instrument.

**Amendments to the Credit Union sourcebook (CRED)**

- F. CRED is amended in accordance with Annex C to this instrument.

**Amendments to the Glossary**

- G. The Glossary is amended in accordance with Annex D to this instrument.

**Citation**

- H. This instrument may be cited as the Electronic Reporting Requirements and Standing Data Instrument 2004.

By order of the Board  
18 March 2004

## Annex A

### Amendments to the Supervision manual

In this Annex underlining indicates new text. Where an entire new section or annex is inserted, the place it goes is indicated and the text is not underlined.

#### 16.1.3 R Table: Application of different sections of SUP 16

(1) Section(s)	(2) Categories of firm to which section applies	(3) Applicable rules and guidance
...		
<i>SUP 16.9</i>	...	
<u><i>SUP 16.10</i></u>	<u>All categories of <i>firm</i> except:</u> <u>(a) an <i>ICVC</i>;</u> <u>(b) a <i>UCITS</i> <i>qualifier</i>; and</u> <u>(c) a <i>credit union</i>.</u>	<u>Entire section</u>

After SUP 16.9 (Appointed representatives annual report) insert the following new section:

#### 16.10 Confirmation of standing data

##### Application

16.10.1 G The effect of *SUP 16.1.1R* is that this section applies to every *firm* except:

(1) an *ICVC*; or

(2) a *UCITS* *qualifier*; or

(3) a *credit union*.

##### Purpose

16.10.2 G *Standing data* is used by the *FSA*:

- (1) to ensure that a *firm* is presented with the correct regulatory return when it seeks to report electronically;
- (2) in order to communicate with a *firm*;
- (3) as the basis for some sections of the *FSA Register*; and
- (4) in order to carry out thematic analysis across sectors and groups of *firms*.

16.10.3 G In view of the importance attached to *standing data*, and the consequences which may result if it is wrong, this section provides the framework for a *firm* to check and correct it.

Requirement to check the accuracy of standing data and to report to the FSA

- 16.10.4 R
- (1) Within 30 *business days* of its *accounting reference date*, a *firm* must check the accuracy of its *standing data* through the relevant section of the *FSA* website.
  - (2) If the *standing data* is correct, the *firm* must communicate that to the *FSA* using the electronic facility provided on the *FSA* website.
  - (3) If any *standing data* is incorrect, the *firm* must give the corrected *standing data* to the *firm*'s usual supervisory contact at the *FSA* by electronic mail.
- 16.10.5 G The *standing data* is made available to the *firm* when the *firm* logs into the appropriate section of the *FSA* website. The *firm* should check the *standing data* and send any corrections to the *FSA*. If there are no errors, the *firm* will be asked to signal this by pressing the appropriate button on the web page.
- 16.10.6 G A *firm* may check, and submit corrections to, its *standing data* more frequently than annually.

After SUP 16 Annex 15, insert the following new Annexes:

SUP 16 Annex 16R: Standing data (see SUP 16.10.4R)

A: Communications with a *firm*

1. Name of the *firm*
2. Trading name(s) of the *firm*
3. Country of incorporation
4. Registered office
5. Principal place of business
6. Website address
7. Telephone number
8. The name and email address of the principal compliance contact

B: Information about a firm on the *FSA Register*

9. *Regulated activities* for which a *firm* has *permission*
10. Whether the *firm* holds *client money*
11. Whether the *firm* is an “*ISD investment firm*”

C: Other information about a *firm*

12. *Firm* types
13. *Passported activities*
14. Name and address of *firm's* auditor
15. Legal status
16. *Accounting reference date*

SUP 16 Annex 17 R: List of *firm* types (see SUP 16 Annex 16R, paragraph 12)

Firm type

*alternative trading system (ATS) operator*

*authorised professional firm*

*bank*

*building society*

CIS administrator

CIS trustee

composite insurer

*corporate finance advisory firm*

*credit union*

*custodian*

*depository*

...

### Reporting complaints to the FSA

- 1.5.4 R A *firm* must provide the *FSA*, twice a year, with a report in the format set out in *DISP* 1 Ann 1R which contains (for the relevant reporting period) information about:

...

- (2) the total number of complaints subject to *DISP* 1.4 – *DISP* 1.6 closed by the *firm* :

...

- (c) more than eight weeks after receipt; ~~and~~
- (3) the total number of complaints subject to *DISP* 1.4 – *DISP* 1.6:
  - (a) upheld by the *firm* in the reporting period;
  - (b) that the *firm* knows have been referred to, and accepted by, the *FOS* in the reporting period; and
  - (c) outstanding at the end of the reporting period; and
- (4) the total amount of redress paid in respect of complaints subject to *DISP* 1.4 – *DISP* 1.6 during the reporting period.

1.5.5 G For the purpose of *DISP* 1.5.4R, upon completing the return, the *firm* should note that:

- (1) Where a complaint could fall into more than one category, the complaint should be recorded in the category which the *firm* considers to form the main part of the complaint.
- (2) Where a complaint has been upheld under *DISP* 1.5.4R (3)(a), a *firm* should report any complaints to which it has given a final response which accepts the complaint and, where appropriate, offers redress, even if the redress offered is disputed by the complainant. Where a complaint is upheld in part, a *firm* should treat the whole complaint as upheld for reporting purposes. Where a *firm* rejects a complaint, yet chooses to make an ex-gratia payment to the complainant, the complaint should be recorded as 'rejected'.
- (3) Where a *firm* reports on the amount of redress paid under *DISP* 1.5.4R (4), redress should be interpreted to include an amount paid, or cost borne, by the *firm*, where a cash value can be readily identified, and should include:
  - (a) amounts paid for distress and inconvenience;
  - (b) a free transfer out to another provider which transfer would normally be paid for;
  - (c) ex-gratia payments and goodwill gestures;
  - (d) interest on delayed settlements;
  - (e) waiver of an excess on an insurance policy; and
  - (f) payments to put the consumer back into the position the consumer should have been in had the act or omission not occurred.
- (4) Where a *firm* reports on the amount of redress paid under *DISP* 1.5.4R (4), such redress should not, however, include repayments or

refunds of premiums which had been taken in error (for example where a *firm* had been taking, by direct debit, twice the actual premium amount due under a policy). The refund of the overcharge would not count as redress.

1.5.6 R For the purposes of *DISP* 1.5.4R:

~~(1) the relevant reporting periods are from 1 April to 30 September and from 1 October to 31 March each year; and~~

~~(2) reports are to be submitted to the FSA within one month of the end of the relevant reporting period.~~

(1) The relevant reporting periods are:

(a) the six months immediately following a *firm's* accounting reference date; and

(b) the six months immediately preceding a *firm's* accounting reference date.

(2) Reports are to be submitted to the *FSA* within 30 business days of the end of the relevant reporting period.

...

Method of submission of reports

1.5.10 R A report under this section must be ~~given or addressed, and delivered, in the way set out in SUP 16.3.6R–SUP 16.3.16G (General provisions on reporting), except that:~~

~~(1) instead of the *firm's* usual supervisory contact, the report should be given to or addressed for the attention of the Notification, Reporting & Data Maintenance department of the *FSA*; and~~

~~(2) in addition to the methods of submission of reports in SUP 16.3.9R, a *firm* may submit a report under this section submitted through, and in the electronic format specified in, the *FSA* Complaints Reporting System or the appropriate section of the *FSA* website.~~

1.5.10A R ~~[deleted] A *firm* that has started but intends to stop submitting reports in electronic format under DISP 1.5.10R (2) must first notify the Notification, Reporting & Data Maintenance department of the *FSA* in writing of this intention.~~

Failure of electronic submission

1.5.10B R If a *firm* is unable to submit a report in electronic format because of a systems failure of any kind, the *firm* must ÷

- ~~(1) — submit its report under this section through one of the alternative methods of submission or reports in SUP 16.3.9R; and~~
- ~~(2) — notify the *FSA*, in writing and without delay, of that systems failure.~~

...

DISP 1 Annex 1

Sections 5 and 6 of the Complaints Return are replaced as follows:

## Annex C

### Amendments to the Credit Unions sourcebook

In this Annex underlining indicates new text and striking through indicates deleted text. Where the provisions of an entire section are replaced, the section is indicated and the new text is not underlined nor the deleted text struck through.

17.6.3 R *A credit union* must provide the *FSA*, once a year, with a report in the format set out in *CRED 17 Ann 1R* (Credit union complaints return) which contains (for the relevant reporting period) information about:

- (1) the total number of complaints received by the *credit union* (except those referred to in *CRED 17.4.1R*) broken down according to the categories and in respect of each of the generic product types described in *CRED 17 Ann 1R* (Credit union complaints return) which are relevant to the *credit union*;
- (2) the number of complaints closed by the *credit union*:
  - (a) within eight weeks of receipt; and
  - (b) more than eight weeks after receipt; -
- ~~(3) the total number of complaints outstanding at the end of the reporting period; and~~
- ~~(4) the single contact within the *credit union* for complainants.~~
- (3) the total number of complaints:
  - (a) upheld by the *credit union* in the reporting period;
  - (b) that the *credit union* knows have been referred to, and accepted by, the *FOS* during the reporting period; and
  - (c) outstanding at the end of the reporting period;
- (4) the total amount of redress paid in respect of complaints during the reporting period; and
- (5) the single contact within the *credit union* for complainants.

17.6.4 G For the purpose of *CRED 17.6.3R*, and upon completing the return, the *credit union* should note that:

- (1) Where a complaint could fall into more than one category, the complaint should be recorded in the category which the *credit union* considers to form the main part of the complaint.
- (2) Where a complaint has been upheld under CRED 17.6.3R (3)(a), a *credit union* should report any complaints to which it has given a final response which accepts the complaint and, where appropriate, offers redress, even if the redress offered is disputed by the complainant. Where a complaint is upheld in part, the *credit union* should treat the whole complaint as upheld for reporting purposes. Where a *credit union* rejects a complaint, yet chooses to make an ex-gratia payment to the complainant, the complaint should be recorded as rejected.
- (3) Where a *credit union* reports on the amount of redress paid under CRED 17.6.3R (4), redress should be interpreted to include any amount paid, or cost borne, by the *credit union*, where a cash value can be readily identified, and should include:
  - (a) amounts paid for distress and inconvenience;
  - (b) a free transfer out to another provider which transfer would normally be paid for;
  - (c) ex-gratia payments and goodwill gestures;
  - (d) interest on delayed settlements;
  - (e) waiver of an excess on an insurance policy; and
  - (f) payments to put the consumer back into the position the consumer should have been in had the act or omission not occurred.
- (4) Where a *credit union* reports on the amount of redress paid under CRED 17.6.3R (4), such redress would not, however, include repayments or refunds of premiums which had been taken in error (for example where a *credit union* had been taking, by direct debit, twice the actual premium amount due under a policy). The refund of the overcharge would not count as redress.

CRED 17 Annex 1 R

Credit Union Complaints Return

Section 5 and section 6 of the credit union complaints return are replaced as follows:

Private individual complaints

Section 5

	Overcharging	Delays	Other admin	Misleading advice	Failure to carry out instructions	Poor customer service	Misleading advertising	Disputes over sums/amounts	Switching/churning	Breach of contract	Arrears handling	Other

If no small business complaints were received during the period, tick the box and go to Section 7

...

Delete Section 9 of the credit union complaints return. After section 8, insert:

Complaints management Section 9

9.01 Number of complaints upheld by the *credit union* in the period

9.02 Total amount of redress paid to *consumers* in the period

9.03 Number of complaints referred to, and accepted by, the *FOS* in the period

Declaration and signature Section 10

Knowingly or recklessly giving the *FSA* information which is false or misleading in a material particular may be a criminal offence (section 398 of the Financial Services and Markets Act 2000) and a breach of regulatory requirements.

In signing this form, the *credit union* acknowledges that the data supplied may be used by the *FSA* in a variety of different ways (including making it publicly available) in support of its principal functions and statutory objectives as provided for under the Financial Services and Markets Act 2000.

I confirm that I have read the notes and that the information given in this return about complaints received by the *credit union* named at Section 1.02 is accurate and complete to the best of my knowledge and belief.

10.01 Name of *person* completing on behalf of the *credit union*

10.02 Job title

10.03 Signature

10.04 Date

...

Notes on the completion of this return

...

Section 2 – Nil Returns

If no complaints (except those referred to in *CRED* 17.4.1R) have been received during the reporting period, and no complaints were outstanding at the beginning of the period, the *credit union* may submit a NIL RETURN by ticking the relevant box on the front of the form. Sections 1, 3, 4 ~~and 9~~, 9 and 10 must still be completed.

...

Delete Section 9. After Section 8, insert:

Section 9 – Complaints management

*Credit unions* should indicate the number of complaints that they are aware have been referred to, and accepted by, the *Financial Ombudsman Service*.

#### Section 10 – Declaration & signature

The declaration must be signed by an appropriate individual for the *credit union*.

...

## Annex D

### Amendments to the Glossary

In this Annex all text is new and is not underlined.

Insert the following new definitions in the appropriate alphabetical position:

<i>CIS administrator</i>	(in relation to <i>firm type</i> in SUP 16.10 (Confirmation of standing data)) a person responsible for the administrative functions of a collective investment scheme.
<i>CIS trustee</i>	(in relation to <i>firm type</i> in SUP 16.10 (Confirmation of standing data)) a person holding the property of a collective investment scheme on trust for the participants in the collective investment scheme.
<i>composite insurer</i>	(in relation to <i>firm type</i> in SUP 16.10 (Confirmation of standing data)) an insurer with permission to effect or carry out both long-term insurance contracts and general insurance.
<i>discretionary investment manager</i>	(in relation to <i>firm type</i> in SUP 16.10 (Confirmation of standing data)) a person who, acting only on behalf of a client, manages designated investments in an account or portfolio on a discretionary basis under the terms of a discretionary management agreement.
<i>firm type</i>	one of a list of <i>firm types</i> set out in SUP 16 Annex 17R used for the purposes of checking and correcting standing data under SUP 16.10.4R.
<i>non-discretionary investment manager</i>	(in relation to <i>firm type</i> in SUP 16.10 (Confirmation of standing data)) a person who, acting only on behalf of a client, manages designated investments in an account or portfolio on a non-discretionary basis under the terms of a non-discretionary management agreement.
<i>own account trading firm</i>	(in relation to <i>firm type</i> in SUP 16.10 (Confirmation of standing data)) a firm that only deals or arranges deals in securities or contractually based investments for its own benefit, or for the benefit of an associate.
<i>standing data</i>	the information relating to a firm held by the FSA on the matters set out in SUP 16 Annex 16R.
<i>wholesale only bank</i>	(in relation to <i>firm type</i> in SUP 16.10 (Confirmation of standing data)) a bank with permission to accept deposits from wholesale depositors only.

**COMPLAINTS SOURCEBOOK  
(FINANCIAL OMBUDSMAN SERVICE GENERAL LEVY 2004/2005)  
INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (“the Act”):
- (1) section 138 (General rule-making power);
  - (2) section 156 (General supplementary powers);
  - (3) section 157(1) (Guidance); and
  - (4) section 234 (Funding).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force on 1 April 2004.

**Amendment of the Complaints sourcebook**

- D. The Complaints sourcebook (DISP) is amended:
- (1) in accordance with Annex A to this instrument; and
  - (2) by inserting, as DISP 5 Ann 1R (2004/5), the provisions in Annex B to this instrument.

**Citation**

- E. This instrument may be cited as the Complaints Sourcebook (Financial Ombudsman Service General Levy 2004/2005) Instrument 2004.

By order of the Board  
18 March 2004

## Annex A

### Amendments to the Complaints sourcebook

In this Annex underlining indicates new text and striking through indicates deleted text.

- 5.2.1 G The purpose of this chapter is to set out the requirements on *firms* to pay annual fees (through a *general levy* and *supplementary levy* invoiced and collected by the FSA on behalf of FOS Ltd) and case fees ~~to (invoiced and collected directly by FOS Ltd)~~ in order to fund the operation of the *Financial Ombudsman Service*.
- ...
- 5.4.6 R A *firm* must pay to ~~FOS Ltd~~ the FSA a *general levy* towards the costs of operating the *Compulsory Jurisdiction* of the *Financial Ombudsman Service*.
- 5.4.7 G Under the *standard terms*, *VJ Participants* will be required to pay to FOS Ltd an amount calculated on a similar basis towards the costs of operating the *Voluntary Jurisdiction* of the *Financial Ombudsman Service*. FOS Ltd will be responsible for invoicing and collecting this amount.
- ...
- 5.7.5 R A *firm* must pay to ~~FOS Ltd~~ the FSA a *supplementary levy* towards the costs of establishing the *Financial Ombudsman Service*.
- ...
- 5.8.1 R A *firm* must pay annually to the FSA the *general levy* and any *supplementary levy* to which it is subject ~~to FOS Ltd either:~~
- (1) ~~annually~~, on or before the later of 1 April and 30 calendar days after the date when the invoice is issued by ~~FOS Ltd~~, or the FSA.
- (2) ~~provided the amount payable exceeds the minimum levy, quarterly, at the beginning of each quarter, by direct debit agreement.~~
- ...
- 5.8.5 G ~~FOS Ltd~~ The FSA will issue invoices for the *general levy*, and any supplementary levy; FOS Ltd will issue invoices for standard case fees and special case fees. ~~The Each~~ Each invoice will be payable within 30 calendar days. Invoices will be sent to the *firm's* Compliance Officer at the principal place of business in the *United Kingdom* last notified to the *FSA*. A firm which is liable to pay under DISP 5.8.1R may do so by direct debit agreement.

...

5.8.7 G If a *firm* (or *unauthorised person*) subject to the *Compulsory Jurisdiction* fails to make payment under this chapter of standard or special case fees, after expiry of the 30 *day* period, *FOS Ltd* may:

(1) take steps to recover any money owed (including interest);

(2) refer the matter to the *FSA* so that the *FSA* may take whatever disciplinary action it considers necessary.

5.8.7A G If a *firm* (or *unauthorised person*) fails to make payment under this chapter of the *general levy* and *any supplementary levy* to which it is subject, after the expiry of the 30 *day* period, the *FSA* may take whatever action it considers appropriate including steps to recover any money owed (with interest) and commencing disciplinary proceedings.

## Annex B

### Amendments to the Complaints sourcebook (DISP)

The following Annex is inserted as DISP 5 Ann 1R.

DISP 5 Ann 1R: Annual Fees Payable in Relation to 2004/05

Introduction: annual budget

1 The *annual budget* for 2004/05 approved by the FSA is £45m.

Part 1: General levy and supplementary levy

2 The total amount expected to be raised through the *general levy* in 2004/05 will be £12.5m.

Part 2: Fee tariffs for general levy and supplementary levy

3 No *establishment costs* will be raised in 2004/05 by the *supplementary levy*.

Table: fee tariffs for industry blocks

Industry block	Tariff base	General levy payable by firm
1-Deposit acceptors, <i>mortgage lenders</i> and <i>administrators</i> (excluding <i>firms</i> in block 14)	Number of accounts relevant to the activities in <i>DISP</i> 2.6.1R	£0.0069 per relevant account, subject to a minimum levy of £200
2- <i>Firms</i> that undertake insurance activities, subject to prudential regulation only (excluding <i>firms</i> in blocks 13 & 15)	Relevant annual gross premium income	£0.081 per £1,000 of relevant annual gross premium income, subject to a minimum levy of £200
3-The <i>Society</i> (of Lloyd's)	To be allocated by the <i>Society</i>	£47,266 to be allocated by the <i>Society</i>

4-Firms that undertake insurance activities, subject to both prudential and conduct of business regulation ( <i>long-term insurers</i> )  (excluding <i>firms</i> in block 15)	Relevant adjusted annual gross premium income	£0.093 per £1,000 of relevant adjusted annual gross premium income, subject to a minimum levy of £100
5-Fund managers (including those holding <i>client money/assets</i> and not holding <i>client money/assets</i> )	Relevant funds under management	£0.00255 per £1,000 of relevant funds under management, subject to a minimum levy of £100
6-Operators, trustees and depositaries of collective investment schemes	Flat fee	Levy of £75
7-Dealers as principal	Flat fee	Levy of £75
8-Advisory arrangers, dealers or brokers holding and controlling <i>client money</i> and/or assets	Number of relevant <i>approved persons</i> ( <i>controlled functions</i> 21, 22, 24, 25, 26)	£65 per relevant <i>approved person</i> ( <i>controlled functions</i> 21, 22, 24, 25, 26), subject to a minimum levy of £75
9-Advisory arrangers, dealers or brokers not holding and controlling <i>client money</i> and/or assets	Number of relevant <i>approved persons</i> ( <i>controlled functions</i> 21, 22, 24, 25, 26)	£30 per relevant <i>approved person</i> ( <i>controlled functions</i> 21, 22, 24, 25, 26), subject to a minimum levy of £75
10-Corporate finance advisers	Flat fee	Levy of £75
11-	N/A for 2004/05	
12-	N/A for 2004/05	
13-Cash plan health providers	Flat fee	Levy of £50
14-Credit unions	Flat fee	Levy of £50
15-Friendly societies whose tax-exempt business represents 95% or more of their total relevant business	Flat fee	Levy of £50

- 5 The *industry blocks* in the table are based on the equivalent activity groups set out in Part 1 of *SUP 20 Ann 1R*.
- 6 Where the tariff base in the table is defined in similar terms as that for the equivalent activity group in Part 2 of *SUP 20 Ann 1R*, it must be calculated in the same way as that tariff base - taking into account only the *firm's relevant business*.

## COMPENSATION SOURCEBOOK (FUNDING) INSTRUMENT 2004

### Powers exercised

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions in the Financial Services and Markets Act 2000 (“the Act”):
- (1) section 138 (General rule-making power);
  - (2) section 156 (General supplementary powers);
  - (3) section 157(1) (Guidance);
  - (4) section 213 (The compensation scheme);
  - (5) section 214 (General); and
  - (6) section 223 (Management expenses).
- B. The rule-making powers listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

### Commencement

- C. This instrument comes into force on 1 April 2004.

### Amendments to the Compensation sourcebook

- D. The Compensation sourcebook is amended in accordance with Annex A to this instrument.

### Amendments to the Glossary

- E. The Glossary is amended in accordance with Annex B to this instrument.

### Citation

- F. This instrument may be cited as the Compensation Sourcebook (Funding) Instrument 2004.

By order of the Board  
18 March 2004

## Annex A

### Amendments to the Compensation sourcebook

In this Annex underlining indicates new text and striking through indicates deleted text:

13.6.5 R      *A participant firm* ~~(except one exempt under COMP 13.3)~~ must pay to the FSCS a share of each *compensation costs levy* unless either the *firm* is exempt under COMP 13.3 (Exemption) or the FSCS has chosen to exercise its discretion under COMP 13.4.20R in respect of that *firm*.

...

COMP 13 Ann 1R: Management Expenses Levy Limit

- 1      This table belongs to COMP 13.5.2R
- 2      Table

Period	Limit on total of all management expenses levies attributable to that period (£)
1 December 2001 to 31 March 2002	£4,209,000
1 April 2002 to 31 March 2003	£13,228,000
1 April 2003 to 31 March 2004	£13,319,000
<u>1 April 2004 to 31 March 2005</u>	<u>£12,548,000</u>

## Annex B

### Amendments to the Glossary

In this Annex underlining indicates new text and striking through indicates deleted text. Where a new definition is inserted it is not underlined.

Insert the following definition in the appropriate alphabetical position:

*occupational pension fund management business* (in *COMP*) the business of carrying on:  
(1) *pension fund management*; or  
(2) (other than in connection with a *personal pension scheme*) pension fund management, written as *linked long term business*, for an *occupational pension scheme* or for an institution falling within article 2 of the Council Directive of 3 June 2003 on the activities and supervision of institutions for occupational retirement provision (No 2003/41/EC) but only to the extent that:  
(a) there is no transfer to the *participant firm* of:  
(i) investment, market, or credit risk;  
(ii) mortality or expense risk prior to any annuity being effected; and  
(b) any annuity options provide for the *participant firm* to change the annuity rates without prior notice.

Amend the following definition as shown:

*relevant net premium income* (1) (in relation to business which is not *occupational pension fund management business*) the premium income in respect of *protected contracts of insurance* of ~~the~~ a firm; or

(2) (in relation to *occupational pension fund management business*) the remuneration retained by a firm in relation to its carrying on *occupational pension fund management business*;

in the year preceding that in which the date for submission of the information under *COMP* ~~13.6.9R~~ 13.6.11R falls, net of any relevant rebates or refunds.

**NEW COLLECTIVE INVESTMENT SCHEMES SOURCEBOOK  
INSTRUMENT 2004**

**Powers exercised**

- A. The Financial Services Authority makes this instrument in the exercise of the following powers and related provisions:
- (1) the following sections of the Financial Services and Markets Act 2000 (“the Act”):
    - (a) 138 (General rule-making power);
    - (b) 140 (Restriction on managers of authorised unit trust schemes);
    - (c) 145 (Financial promotion rules);
    - (d) 156 (General supplementary powers);
    - (e) 157 (Guidance);
    - (f) 242 (Applications for authorisation of unit trust schemes);
    - (g) 247 (Trust scheme rules);
    - (h) 248 (Scheme particulars rules);
    - (i) 270 (Schemes authorised in designated countries or territories);
    - (j) 274 (Applications for recognition of individual schemes);
    - (k) 278 (Rules as to scheme particulars);
    - (l) 340 (Appointment); and
    - (m) paragraph 17(1) of Schedule 1 (Fees);
  - (2) regulations 6 (FSA rules) and 12 (Applications for authorisation) of the Open-Ended Investment Companies Regulations (SI 2001/1228); and
  - (3) regulation 1(6) (Citation, commencement and interpretation) of the Financial Services and Markets Act 2000 (Service of Notices) Regulations 2001 (SI 2000/1420).
- B. The provisions of or under the Act relevant to the rules and listed above are specified for the purpose of section 153(2) of the Act (Rule-making instruments).

**Commencement**

- C. This instrument comes into force on 1 April 2004.

**Making the New Collective Investment Schemes sourcebook (COLL)**

- D. The Financial Services Authority makes the rules, gives the guidance and makes the directions and requirements in the Annex to this instrument.

### **Revocation of previous instrument**

- E. The Collective Investment Schemes Sourcebook Instrument 2001 and CIS are revoked with effect from 12 February 2007.

### **Revocation of CIS references**

- F. References in the Handbook to CIS or any provision in CIS are deleted from 12 February 2007.

### **Citation**

- G. This instrument may be cited as the New Collective Investment Schemes Sourcebook Instrument 2004.
- H. The sourcebook in the Annex to this instrument (including its Schedules) may be cited as the New Collective Investment Schemes sourcebook (or COLL) until 12 February 2007 and thereafter be cited as the Collective Investment Schemes sourcebook (or COLL).

By order of the Board  
18 March 2004

## Collective Investment Schemes

### COLL Sourcebook - Transitional Provisions

(1)	(2) Material to which the transitional provision applies	(3)	(4) Transitional provision	(5) Transitional provision: dates in force	(6) Handbook provision: coming into force
<b>Extra time provisions</b>					
<b>Existing schemes electing to comply with COLL</b>					
1	Each and every <i>rule</i> in <i>COLL</i>	R	The <i>rules</i> in <i>COLL</i> do not apply to any relevant party in relation to an <i>authorised fund</i> in respect of which an application for an <i>authorisation order</i> was received by the <i>FSA</i> before 1 April 2004, unless the <i>authorised fund manager</i> of the <i>scheme</i> has exercised its right of election on behalf of the <i>scheme</i> to comply with <i>COLL</i> , instead of <i>CIS</i> , in accordance with <i>CIS 1.1.1A R (Right to elect to comply with COLL)</i> .	From 1 April 2004 to 12 February 2007	1 April 2004
2	Each and every <i>rule</i> in <i>COLL</i>	G	The effect of transitional provision 1 is that the default position for the relevant parties of existing <i>authorised funds</i> (by which is meant <i>authorised funds</i> in respect of which the application for the <i>authorisation order</i> was received by the <i>FSA</i> before 1 April 2004) is that <i>CIS</i>		

			continues to apply until 12 February 2007 <u>unless</u> the relevant <i>authorised fund manager</i> has exercised its right of election in accordance with <i>CIS</i> 1.1.1A R to comply with <i>COLL</i> , instead of <i>CIS</i> .		
<b>New schemes electing to comply with CIS</b>					
<b>3</b>	<b>Each and every rule in <i>COLL</i></b>	<b>R</b>	<b>(1) The <i>authorised fund manager</i> of an <i>authorised fund</i> whose <i>authorisation order</i> application was received by the <i>FSA</i> on or after 1 April 2004 may, with the consent of each of the other relevant parties:</b>	<b>From 1 April 2004 to 12 February 2007</b>	<b>1 April 2004</b>
			<b>(a) elect to comply with <i>CIS</i>; and</b>		
			<b>(b) subsequently revoke such an election and elect to comply with <i>COLL</i>, in which case no further election is permitted for that <i>fund</i>.</b>		
			<b>(2) An election or revocation in (1) does not take effect unless the <i>authorised fund manager</i> has notified the <i>FSA</i> in writing of:</b>		

			(a) the election or revocation; and		
			(b) the date from which it is to take effect.		
			(3) While an election in (1)(a) remains in effect, <i>COLL</i> does not apply to any relevant party in respect of the <i>authorised fund</i> . Instead, each relevant party must comply with <i>CIS</i> .		
			(4) The right of election referred to in (1) only applies in relation to an <i>authorised fund</i> which is a <i>UCITS scheme</i> , a <i>money market scheme</i> , a <i>futures and options scheme</i> , a <i>geared futures and options scheme</i> , a <i>property scheme</i> , a <i>feeder fund</i> or a <i>funds of funds scheme</i> .		
			(5) The <i>authorised fund manager</i> must make a record of any election or revocation under (1), and retain it for a period of six years from the date it takes effect.		
4	Each and every <i>rule</i> in <i>COLL</i>	G	(1) It is not necessary for the <i>schemes</i> referred to in transitional provision 3(4) initially to have complied with <i>COLL</i> , before an election is made on its behalf under transitional provision 3(1)(a) to comply with <i>CIS</i> .		

			(2) Note that while the <i>FSA's</i> permission is not required for an election under paragraph 3(1)(a) or a revised election under paragraph 3(1)(b), changes to the relevant <i>instrument constituting the scheme</i> and <i>prospectus</i> to give effect to such a revised election will require the <i>FSA's</i> written permission, as explained in <i>CIS</i> 16.1.11G (Notification of proposed changes to ICVCs) and <i>CIS</i> 16.1.12G (Notification of proposed changes to AUTs).		
<b>UCITS business restrictions</b>					
5	<b>COLL 6.9.9R (2) to (6) (Restrictions of business for UCITS management companies)</b>	<b>R</b>	<b>A UCITS management company must not carry on any of the activities specified in COLL 6.9.9R (2) to (6) (inclusive) unless it is a UCITS investment firm:</b>	<b>From 1 April 2004 to 12 February 2007</b>	<b>1 April 2004</b>
			(a) <b>whose permission to carry on any such activity was given before 13 February 2004; or</b>  (b) <b>which complies with Chapter 7 of IPRU (INV).</b>		
6	<b>COLL 6.9.9R (2) to (6) (Restrictions of business for UCITS management companies)</b>	<b>G</b>	<b>A UK firm will not be able to act as such and exercise an EEA right under the UCITS Directive unless it complies with Chapter 7 of IPRU(INV).</b>		

<b>Committees and delegation</b>					
7	<b>COLL 6.6.15R(2), (4) and (5) (Committees and delegation)</b>	R	<p>(1) Subject to (2), a <i>UCITS management company</i> which became authorised before 13 February 2004 will not contravene <i>COLL 6.6.15R (2), (4) and (5) (Committees and delegation)</i> to the extent that it complies with <i>CIS 7.6.1 R (2), (4) and (5)</i> and <i>CIS 7.10.4 R (1), (5) and (6)</i> as they applied before 12 February 2004.</p> <p>(2) Paragraph (1) does not apply in relation to any <i>UK firm</i> which exercises an <i>EEA right</i> under the <i>UCITS Directive</i>.</p>	From 1 April 2004 to 12 February 2007	1 April 2004
<b>Existing dual-priced AUTs: dealing and valuation</b>					
8	<b>COLL 6.2 (dealing); COLL 6.3 (Valuation and pricing); COLL 5.2.5 (Valuation) and COLL 4.2.5R 16 (Table: contents of the prospectus)</b>	R	(1) Subject to (2), the <i>manager</i> of a <i>dual-priced AUT</i> which has exercised its entitlement under <i>CIS 1.1.1A R</i> to comply with <i>COLL</i> instead of <i>CIS</i> , will not contravene any of the provisions in column (2) to the extent that it complies with <i>CIS 15 (Dual-pricing and dealing)</i> , <i>CIS 5.2.5R (Valuation)</i> and <i>CIS 5A.2.5R (Valuation)</i> (and references in <i>COLL</i> to the <i>rules</i> in column (2) are to be construed accordingly).	From 1 April 2004 until 12 February 2007	1 April 2004

			<p>(2) Where the <i>rules</i> in <b>COLL 6.2 (Dealing), COLL 6.3 (Valuation and pricing) and COLL 5.2.5 (Valuation)</b> conflict with the relevant requirements of <b>CIS 15 (Dual-pricing and dealing), CIS 5.2.5R (Valuation) and CIS 5A.2.5R (Valuation)</b>, the <i>manager</i> must proceed on the basis that the former <i>rules</i> (<b>COLL</b>) override the latter (<b>CIS</b>) unless compliance with a relevant <i>rule</i> in <b>COLL 6.2 or COLL 6.3 or COLL 5.2.5R</b> would not be possible.</p>		
9	<p><b>COLL 6.2 (dealing); COLL 6.3 (Valuation and pricing); COLL 5.2.5 (Valuation) and COLL 4.2.5R 16 (Table: contents of the prospectus)</b></p>	G	<p>(1) A <i>dual-priced AUT</i> values on a basis that results in different <i>issue</i> and <i>cancellation prices</i> compared to a single-priced <i>scheme</i>. Furthermore, the <i>manager</i> sets <i>sale</i> and <i>redemption prices</i> within the pricing envelope of the <i>cancellation price</i> and <i>issue price</i> together with the <i>preliminary charge</i>. Transitional provision 8 allows such a system to continue to operate.</p> <p>(2) However, transitional provision 8 also requires the <b>COLL</b> provisions to override the applicable <b>CIS</b> provisions where appropriate, that is in circumstances where there is a conflict between them. So, for example, publishing <i>prices</i> should comply</p>		

			with <i>COLL</i> 6.3.11R (Publication of prices) rather than <i>CIS</i> 15.4.14R. Where complying with the relevant <i>COLL rules</i> would not be practicable or not feasible for some reason, the <i>manager</i> is advised to contact the <i>FSA</i> .		
10	COLL 10.3.1R	R	<p>(1) If the <i>authorised fund manager</i> of a <i>scheme</i> notifies the <i>FSA</i> under section 251 of the <i>Act</i> or regulation 21 of the <i>OEIC Regulations</i> in relation to a proposal to alter a <i>scheme</i> under transitional provision 1 or transitional provision 3(1)(b), the <i>authorised fund manager</i> must pay to the <i>FSA</i> a fee of £400 for each individual <i>scheme</i> and a fee of £800 for each <i>umbrella scheme</i>.</p> <p>(2) A fee payable under this provision must be paid by bankers draft, cheque or other payable order when the notification is made.</p>	1 April 2004 to 12 February 2007	1 April 2004
<b>Definition of relevant party</b>					
11	COLL	R	For the purposes of these transitional <i>rules</i> , a "relevant party" in relation to:	From 1 April 2004 until 12 February 2007	1 April 2004
			(1) any <i>AUT</i> , is its <i>manager</i> and <i>trustee</i> ; and		
			(2) any <i>ICVC</i> , is:		
			(a) the <i>ICVC</i> ;		

			<b>(b) its <i>ACD</i>;</b> <b>(c) any other <i>directors</i> of the <i>ICVC</i>; and</b> <b>(d) its <i>depository</i>.</b>		

# **1 Introduction**

## **1.1 Applications and purpose**

### **Application**

- 1.1.1 G (1) This sourcebook, except for *COLL 9* (Recognised schemes), applies to:
- (a) *investment companies with variable capital (ICVCs)*;
  - (b) *ACDs, other directors and depositaries of ICVCs*; and
  - (c) *managers and trustees of authorised unit trust schemes (AUTs)*.
- (2) *COLL 9* applies to *operators of schemes* that are *recognised schemes* and to those seeking to secure recognised status for such *schemes*.

### **Purpose**

- 1.1.2 G (1) The general purpose of this sourcebook is to contribute to the *FSA* meeting its *regulatory objective* of the protection of *consumers*. It provides a regime of product regulation for *authorised funds*, which sets appropriate standards of protection for investors by specifying a number of features of those products and how they are to be operated.
- (2) In addition, this sourcebook implements part of the requirements of the *UCITS Directive* to meet community obligations relevant to *authorised funds*, with other requirements implemented in other parts of the *Handbook*.

### **The Collective Investment Schemes Information Guide**

- 1.1.3 G The Collective Investment Schemes Information Guide *COLLG* provides some general background material on the regulatory structure surrounding *scheme* regulation in the *UK*.

## 1.2 **Types of authorised fund**

### **Types of authorised fund**

1.2.1 R An application for an *authorisation order* must propose that the *scheme* be one of the following types:

- (1) a *UCITS scheme*;
- (2) a *non-UCITS retail scheme*; or
- (3) a *qualified investor scheme*.

### **Types of authorised fund - explanation**

- 1.2.2 G
- (1) *UCITS schemes* have to comply with the conditions necessary in order to enjoy the rights available under the *UCITS Directive*. Such *schemes* must in particular comply with:
    - (a) *COLL 3.2.8R* (UCITS obligations); and
    - (b) the investment and borrowing powers rules for *UCITS schemes* set out in *COLL 5.2 to 5.5*.
  - (2) *Non-UCITS retail schemes* are schemes that do not comply with all the conditions set out in the *UCITS Directive*. Such *schemes* could become *UCITS schemes* provided they are changed, so as to comply with the conditions set out in the *UCITS Directive*.
  - (3) *Qualified investor schemes* may only be promoted to professional investors on the same terms as *unregulated collective investment schemes*. Such *schemes* could change to become *non-UCITS retail schemes* or *UCITS schemes*.
  - (4) The changes referred to in (2) and (3) require approval by the *FSA* and further information on that process is provided in *COLLG 3.1.5G* (Notification of changes to unit trusts (section 251)) and *COLLG 4.1.3G* (Notification of changes to ICVCs (Regulation 21)).

## **2 Authorised fund applications**

### **2.1 Authorised fund applications**

#### **Application**

2.1.1 R This chapter applies to any *person* seeking to arrange for the authorisation of a *scheme*.

#### **Purpose**

2.1.2 G This chapter helps in achieving the *regulatory objective* of protecting *consumers* by ensuring that any application for authorisation of a fund meets certain standards.

#### **Explanation**

2.1.3 G (1) This chapter sets out the requirements that a *person* must follow in applying for an *authorisation order* for a *scheme* under regulation 12 of the *OEIC Regulations* (Applications for authorisation) or section 242 of the *Act* (Applications for authorisation of unit trust schemes).

(2) *COLLG 3* (The FSA's responsibilities under the Act) and *COLLG 4* (The FSA's responsibilities under the OEIC Regulations) provide more information on what the *Act* and the *OEIC Regulations* require in relation to ongoing notifications to the *FSA*.

#### **Specific requirements on application**

2.1.4 D An application for an *authorisation order* in respect of an *authorised fund* must be:

- (1) in writing in the manner directed and contain the information required in the application form available from the *FSA*;
- (2) addressed for the attention of a member of *FSA* staff responsible for *collective investment scheme* authorisation matters; and
- (3) delivered to the *FSA's* address by one of the following methods:
  - (a) posting; or
  - (b) leaving it at the *FSA's* address and obtaining a time-stamped receipt; or
  - (c) delivery by hand to a member of *FSA* staff responsible for *collective investment scheme* authorisation matters.

### **3 Constitution**

#### **3.1 Introduction**

##### **Application**

3.1.1 R This chapter applies to:

- (1) an *authorised fund manager* of an *AUT* or an *ICVC*;
- (2) any other *director* of an *ICVC*;
- (3) a *depository* of an *AUT* or an *ICVC*; and
- (4) an *ICVC*,

where the *AUT* or *ICVC* is a *UCITS scheme* or a *non-UCITS retail scheme*.

##### **Purpose**

3.1.2 G This chapter assists in achieving the *regulatory objective* of protecting *consumers*. In particular:

- (1) *COLL 3.2* (The instrument constituting the scheme) contains requirements about provisions which must be included in the *instrument constituting the scheme* to give a similar degree of protection for investors in an *ICVC* or in an *AUT*; and
- (2) *COLL 3.3* (Units) provides *rules* and *guidance* which deal with the *classes* of *units* to ensure that investors in each *class* are treated equally.

## 3.2 The instrument constituting the scheme

### Application

3.2.1 R This section applies to:

- (1) an *authorised fund manager* of an *AUT* or *ICVC*;
- (2) any other *director* of an *ICVC*;
- (3) a *depository* of an *AUT* or an *ICVC*; and
- (4) an *ICVC*,

except *COLL 3.2.8R* (UCITS obligations), which applies only to an *ICVC* or to the *manager* of an *AUT* where the *ICVC* or *AUT* is a *UCITS scheme*.

### Relationship between the instrument constituting the scheme and the rules

- 3.2.2 R (1) The *instrument constituting the scheme* must not contain any provision that:
- (a) conflicts with any *rule* in this sourcebook;
  - (b) prevents *units* in the *scheme* being marketed in the *United Kingdom*; or
  - (c) is unfairly prejudicial to the interests of *unitholders* generally or to the *unitholders* of any *class* of *units*.
- (2) Any power conferred by the *rules* on the *ICVC*, the *authorised fund manager*, any other *director* of the *ICVC*, or the *depository*, whether in a sole or joint capacity, is subject to any restriction in the *instrument constituting the scheme*.

### The trust deed for AUTs

- 3.2.3 R An *AUT* must be constituted by a *trust deed* made between the *manager* and the *trustee*.

### Matters which must be included in the instrument constituting the scheme

- 3.2.4 R The statements and provisions required by *COLL 3.2.6R* (Table: contents of the instrument constituting the scheme) must be included in the *instrument constituting the scheme*, where appropriate.

### The instrument constituting the scheme: OEIC Regulations and trust law requirements

- 3.2.5 G (1) Several of the matters set out in *COLL 3.2.6R* are required to be included in the *instrument constituting the scheme* under the *OEIC Regulations* or as a consequence of relevant trust law. In addition, further statements are required if the *scheme* or the *authorised fund manager* are to take advantage of the powers under the *rules* in this sourcebook.
- (2) Additional matters which are not contained in *COLL 3.2.6R* may be required to be included in the *instrument constituting the scheme* in order to comply with the *OEIC Regulations*, (particularly Schedule 2 – Instrument of Incorporation) and for the purposes of making the *scheme* eligible under relevant tax, pensions, or charities legislation.

**Table: contents of the instrument constituting the scheme**

- 3.2.6 R This table belongs to *COLL 3.2.4R* (Matters which must be included in the instrument constituting the scheme)

**Name of scheme**

- 1 A statement of:
- (1) the name of the *authorised fund*; and
- (2) whether the *authorised fund* is a *UCITS scheme* or a *non-UCITS retail scheme*.

**Investment powers in eligible markets**

- 2 A statement that, subject to any restriction in the *rules* in this sourcebook or the *instrument constituting the scheme*, the *scheme* has the power to invest in any *eligible securities* market or *deal* on any *eligible derivatives* market to the extent that power to do so is conferred by *COLL 5* (Investment and borrowing powers).

**Unitholder's liability to pay**

- 3 A provision that a *unitholder* is not liable to make any further payment after he has paid the *price* of his *units* and that no further liability can be imposed on him in respect of the *units* which he holds.

**Base currency**

- 4 A statement of the *base currency* of the *scheme*.

### **Valuation and pricing**

- 5 A statement setting out the basis for the valuation and pricing of the *scheme*.

### **Duration of the scheme**

- 6 If the *scheme* is to be wound up after a particular period expires, a statement to that effect.

### **Object of the scheme**

- 7 A statement:
- (1) as to the object of the *scheme*, in particular the types of *investments* and assets in which it and each *sub-fund* (where applicable) may invest; and
  - (2) that the object of the *scheme* is to invest in property of that kind with the aim of spreading investment risk and giving *unitholders* the benefits of the results of the management of that property.

### **Government and public securities: investment in one issuer**

- 8 Where relevant, for a *UCITS scheme*, a statement in accordance with *COLL 5.2.12R(4)* (Spread: government and public securities) as to the individual states or bodies in which over 35% of the value of the *scheme* may be invested in *government and public securities*.

### **Classes of unit**

- 9 A statement:
- (1) specifying the *classes* of *unit* that may be issued, and for a *scheme* which is an *umbrella*, the *classes* that may be issued in respect of each *sub-fund*; and
  - (2) if the rights of any *class* of *unit* differ, a statement describing those differences in relation to the differing *classes*.

### **Authorised fund manager's charges and expenses**

- 10 A statement setting out the basis on which the *authorised fund manager* may make a charge and recover expenses out of the *scheme property*.

### **Issue or cancellation directly through the ICVC or trustee**

- 11 Where relevant, a statement authorising the *issue* or *cancellation* of *units* to take place through the *ICVC* or *trustee* directly.

**In specie issue and cancellation**

- 12 Where relevant, a statement authorising payment for the *issue* or *cancellation* of *units* to be made by the transfer of assets other than cash.

**Restrictions on sale and redemption**

- 13 Where relevant, the restrictions which will apply in relation to the *sale* and *redemption* of *units* under *COLL* 6.2.16R (Sale and redemption).

**Voting at meetings**

- 14 The manner in which votes may be given at a meeting of *unitholders* under *COLL* 4.4.8R (Voting rights).

**Certificates**

- 15 A statement:
- (1) authorising the issue of *bearer certificates* if any, and how such *holders* are to identify themselves; and
  - (2) authorising the *person* responsible for the *register* to charge for issuing any document recording, or for amending, an entry on the *register*, other than on the *issue* or *sale* of *units*.

**Income**

- 16 A statement setting out the basis for the distribution or re-investment of income.

**Income equalisation**

- 17 Where relevant, a provision for *income equalisation*.

**Redemption or cancellation of units on breach of law or rules**

- 18 A statement that where any holding of *units* by a *unitholder* is (or is reasonably considered by the *authorised fund manager* to be) an infringement of any law, governmental regulation or rule, those *units* must be redeemed or cancelled.

**ICVCs: larger and smaller denomination shares**

19 A statement of the proportion of a *larger denomination share* represented by a *smaller denomination share* for any relevant *unit class*.

**ICVCs: resolution to remove a director**

20 A statement that the *ICVC* may (without prejudice to the requirements of regulation 21 of the *OEIC Regulations* (The Authority's approval for certain changes in respect of a company), by a resolution passed by a simple majority of the votes validly cast for and against the resolution at a general meeting of *unitholders*, remove a *director* before his period of office expires, despite anything else in the *ICVC's instrument of incorporation* or in any agreement between the *ICVC* and that *director*.

**ICVCs: unit transfers**

21 A statement that the *person* designated for the purposes of paragraph 4 of Schedule 4 to the *OEIC Regulations* (Share transfers) is the *person* who, for the time being, is the *ACD* of the *ICVC*.

**ICVCs: Charges and expenses**

22 A statement that charges or expenses of the *ICVC* may be taken out of the *scheme property*.

**AUTs: governing law for a trust deed**

23 A statement that the *trust deed* is made under and governed by the law of England and Wales, Wales or Scotland or Northern Ireland.

**AUTs: trust deed to be binding and authoritative**

24 A statement that the *trust deed*:

- (1) is binding on each *unitholder* as if it had been a party to it and that it is bound by its provisions; and
- (2) authorises and requires the *trustee* and the *manager* to do the things required or permitted of them by its terms.

**AUTs: declaration of trust**

25 A declaration that, subject to the provisions of the *trust deed* and all *rules* made under section 247 of the *Act* (Trust scheme rules) and for the time being in force:

- (1) the *scheme property* (other than sums standing to the credit of the *distribution account*) is held by the *trustee* on trust for the *unitholders* according to the number of *units* held by each *unitholder* or, where relevant, according to the number of undivided shares in the *scheme property* represented by the *units* held by each *unitholder*; and
- (2) the sums standing to the credit of the *distribution account* are held by the *trustee* on trust to distribute or apply them in accordance with *COLL 6.8* (Income: accounting, allocation and distribution).

**AUTs: trustee's remuneration**

- 26 Where relevant, a statement authorising payments to the *trustee* by way of *remuneration* for its services to be paid (in whole or in part) out of the *scheme property*.

**AUTs: responsibility for the register**

- 27 A statement identifying the *person* responsible under the *rules* for the maintenance of the *register*.

**Umbrella scheme with only one sub-fund**

- 3.2.7 R (1) If, after the first *issue* of a *unit* in a *scheme* which is an *umbrella*, for a period of 24 consecutive *months*, *units* of less than two *sub-funds* are in *issue*, the *authorised fund manager* or, for an *ICVC*, its other *directors* must take such action as is necessary to reflect the fact the *scheme* is no longer an *umbrella* or cause *units* of more than one *sub-fund* to be in *issue*.
- (2) If (1) applies or is reasonably expected to become applicable by the *authorised fund manager* or, for an *ICVC*, its other *directors*, the *authorised fund manager* or other *directors* must notify the *unitholders* and the *FSA* of any action to comply with (1).
- (3) Paragraph (1) does not apply if before the expiry of the 24 *month* period, winding up of the *scheme* has commenced.

**UCITS obligations**

- 3.2.8 R (1) The instrument constituting a *UCITS scheme* may not be amended in such a way that it ceases to be a *UCITS scheme*.
- (2) If it is proposed to market *units* of a *UCITS scheme* in any *EEA State* other than the *United Kingdom*, the *authorised fund manager* of that *scheme* must notify the *FSA* of its proposal, specifying the *EEA State* concerned.
- (3) The *ICVC* or the *manager* must make the notification in (2) no later than the notification to the authorities in that *EEA State* of that proposal.

### 3.3 Units

#### Application

- 3.3.1 R This section applies to an *authorised fund manager*, an *ICVC* and the *trustee* of an *AUT*.

#### Classes of units

- 3.3.2 (1) The *instrument constituting the scheme* may provide for different  
G *classes of unit* to be issued in an *authorised fund* and, for a *scheme* which is an *umbrella*, provide that *classes of units* may be issued for each *sub-fund*.
- (2) In order to be satisfied that *COLL 3.2.2R* (Relationship between the instrument constituting the scheme and the rules) is complied with, the *FSA* will take into account the principles in (a) to (c) when considering proposals for *unit classes*:
- (a) a *unit class* should not provide any advantage for that *class* if that would result in prejudice to *unitholders* of any other *class*;
- (b) the nature, operation and effect of the new *unit class* should be capable of being explained clearly to prospective investors in the *prospectus*; and
- (c) the effect of the new *unit class* should not appear to be contrary to the purpose of any part of this sourcebook.

#### Currency class units

- 3.3.3 A *currency class unit* differs from other *units* mainly in that its *price*,  
G having been calculated initially in the *base currency*, will be quoted, and normally paid for, in the currency of the designation of the *class*. Income distributions will also be paid in the currency of designation of the *class*.

#### Currency class units: requirements

- 3.3.4 For a *currency class unit*:

R

- (1) the currency of the *class* concerned must not be the *base currency* (or, in the case of a *sub-fund* which, in accordance

with a statement in the *prospectus*, is to be valued in some other currency, the currency of the *class* may be in the *base currency*, but must not be in that other currency);

- (2) the *price* must be expressed in the currency of the *class* concerned;
- (3) any distribution must be paid in the currency of the *class* concerned; and
- (4) statements of amounts of *money* or values included in statements and in tax certificates must be given in the currency of the *class* concerned (whether or not also given in the *base currency*).

#### **Rights of unit classes**

- 3.3.5 R (1) If any *class* of *units* in an *authorised fund* has different rights from another *class* of *units* in that *fund*, the *instrument constituting the scheme* must provide how the proportion of the value of the *scheme property* and the proportion of income available for allocation attributable to each such *class* must be calculated.
- (2) For an *authorised fund* which is not an *umbrella*, the *instrument constituting the scheme* must not provide for any *class* of *units* in respect of which:
- (a) the extent of the rights to participate in the *capital property, income property* or *distribution account* would be determined differently from the extent of the corresponding rights for any other *class* of *units*; or
  - (b) payments or accumulation of income or capital would differ in source or form from those of any other *class* of *units*.
- (3) For a *scheme* which is an *umbrella*, the provisions in (2)(a) apply to *classes* of *units* in respect of each *sub-fund* as if each *sub-fund* were a separate *scheme*.

- (4) Paragraphs (2) and (3) do not prohibit a difference between the rights attached to one *class of units* and to another *class of units* that relates solely to:
  - (a) the accumulation of income by way of periodical credit to capital rather than distribution; or
  - (b) charges and expenses that may be taken out of the *scheme property* or payable by the *unitholders*; or
  - (c) the currency in which *prices* or values are expressed or payments made.

**Requirement: larger and smaller denomination shares in an ICVC**

- 3.3.6 R (1) This *rule* applies whenever the *instrument of incorporation* of an *ICVC* provides, in relation to any *class*, for *smaller denomination shares* and *larger denomination shares*.
- (2) Whenever a registered holding includes a number of *smaller denomination shares* that can be consolidated into a *larger denomination share* of the same *class*, the *ACD* must consolidate the relevant number of those *smaller denomination shares* into a *larger denomination share*.
- (3) The *ACD* may, to effect a transaction in *shares*, substitute for a *larger denomination share* the relevant number of *smaller denomination shares*, in which case (2) does not apply to the resulting smaller denomination shareholding or holdings until immediately after the completion of the transaction.

**Characteristics of larger and smaller denomination shares in an ICVC**

- 3.3.7 G Regulation 45 of the *OEIC Regulations (Shares)* allows the rights attached to a *share* in an *ICVC* of any *class* to be expressed in two denominations, in which case the ‘smaller’ denomination must be such proportion of the ‘larger’ denomination (a standard *share*) as is fixed by the *ICVC's instrument of incorporation* as described in *COLL* 3.2.6R19. This will enable holdings to consist of more or less than a complete number of *larger denomination shares*.

**Sub-division and consolidation of units**

- 3.3.8 (1) The *directors* of an *ICVC* or the *manager* of an *AUT* may,  
R unless expressly forbidden to do so by the *instrument constituting the scheme*, determine that:
- (a) each *unit* of any *class* is to be subdivided into two or more *units*; or
  - (b) *units* of any *class* are to be consolidated.
- (2) The *ICVC* or the *manager* must (unless it has done so before the sub-division or consolidation became effective) immediately give notice to each *unitholder* (or the first named of joint *unitholders*) of any sub-division or consolidation under (1).

#### **Guarantees and capital protection**

- 3.3.9 If there is any arrangement intended to result in a particular capital or  
R income return from a holding of *units* in an *authorised fund*, or any investment objective of giving protection to the capital value of, or income return from, such a holding:

- (1) that arrangement or protection must not be such as to cause the possibility of a conflict of interest as between:
  - (a) *unitholders* and the *authorised fund manager* or *depository*; or
  - (b) *unitholders* intended and not intended to benefit from the arrangement; and
- (2) where, in accordance with any statement required by *COLL* 4.2.5R 27(c)(iv) (Table: contents of the prospectus), action is required by the *unitholders* to obtain the benefit of any guarantee, the *authorised fund manager* must provide reasonable notice in writing to *unitholders* before such action is required.

#### **Switching rights: umbrella schemes**

- 3.3.10 (1) In accordance with section 235(4) of the *Act* (Collective  
G investment schemes), the *participants* in a *scheme* which is an *umbrella* are entitled to exchange rights in one *sub-fund* for rights in another *sub-fund* of the *umbrella*.
- (2) To satisfy (1), where any *sub-fund* in a *scheme* which is an

*umbrella* has provisions in its *prospectus* limiting the *issue* of *units* in that *sub-fund*, the *authorised fund manager* should ensure that at least two *sub-funds* are able to issue *units* at any time.

## 4 Investor Relations

### 4.1 Introduction

#### Application

4.1.1 R This chapter applies to:

- (1) an *authorised fund manager* of an *AUT* or an *ICVC*;
- (2) any other *director* of an *ICVC*;
- (3) a *depository* of an *AUT* or an *ICVC*; and
- (4) an *ICVC*,

where such *AUT* or *ICVC* is a *UCITS scheme* or a *non-UCITS retail scheme*.

#### Purpose

4.1.2 G This chapter helps in achieving the *regulatory objective* of protecting *consumers* by ensuring *consumers* have access to up-to-date detailed information about an *authorised fund* particularly before buying *units* and thereafter an appropriate level of investor involvement exists by providing a framework for them to:

- (1) participate in the decisions on key issues concerning the *authorised fund*; and
- (2) be sent regular and relevant information about the *authorised fund*.

## 4.2 Pre-sale notifications

### Application

- 4.2.1 R This section applies to an *authorised fund manager*, an *ICVC* and any other *director* of an *ICVC*.

### Publishing the prospectus

- 4.2.2 R (1) A *prospectus* must be drawn up in English and published as a *document* by the *authorised fund manager* and, for an *ICVC*, it must be approved by the *directors*.
- (2) The *authorised fund manager* must ensure that the *prospectus*:
- (a) contains the information required by *COLL 4.2.5R* (Table: contents of the prospectus);
  - (b) does not contain any provision which is unfairly prejudicial to the interests of *unitholders* generally or to the *unitholders* of any *class of units*;
  - (c) does not contain any provision that conflicts with any *rule* in this sourcebook; and
  - (d) is kept up-to-date and that revisions are made to it, whenever appropriate.

### Availability of prospectus and long report

- 4.2.3 R (1) An *ICVC* or the *manager* of an *AUT* must:
- (a) supply a copy of the *scheme's* most recent *prospectus* drawn up and published in accordance with *COLL 4.2.2R* (Publishing the prospectus) free of charge to any *person* on request; and
  - (b) file a copy of the *scheme's* original *prospectus*, together with all revisions thereto, with the *FSA*.
- (2) An *ICVC* or the *manager* of an *AUT* which in either case is a *UCITS scheme* intending to *market units* in the territory of another *EEA State* must:
- (a) ensure that the following *documents* are drawn up in the, or one of the, official languages of the *EEA State* or a language approved by the *Host State regulator*:
    - (i) the *prospectus*;
    - (ii) the *instrument constituting the scheme*; and

- (iii) the latest annual and half-yearly long reports of the *scheme*;
  - (b) supply copies of the most recent version of the *documents* in (a) to any purchaser of *units* free of charge on request, and
  - (c) file copies of the most recent version of the *documents* in (a) with the *competent authority* of each such *Host State*, provided in the, or one of the, languages of that *State* or a language approved by the *competent authority* of that *State*.
- (3) An *authorised fund manager* must, upon the request of a *unitholder* in a *UCITS scheme* that it manages, provide information supplementary to the *prospectus* of that *scheme* relating to:
- (a) the quantitative limits applying to the risk management of that *scheme*;
  - (b) the methods used in relation to (a); and
  - (c) any recent development of the risk and yields of the main categories of *investment*.

#### **False or misleading prospectus**

- 4.2.4 R (1) The *authorised fund manager*:
- (a) must ensure that the *prospectus* of the *authorised fund* does not contain any untrue or misleading statement or omit any matter required by the *rules* in this sourcebook to be included in it; and
  - (b) is liable to pay compensation to any *person* who has acquired any *units* in the *authorised fund* and suffered loss in respect of them as a result of such statement or omission; this is in addition to any liability incurred apart from under this *rule*.
- (2) The *authorised fund manager* is not in breach of (1)(a) and is not liable to pay compensation under (1)(b) if, at the time when the *prospectus* was made available to the public, it had taken reasonable care to determine that the statement was true and not misleading, or that the omission was appropriate, and that:
- (a) it continued to take such reasonable care until the time of the relevant acquisition of *units* in the *scheme*; or

- (b) the acquisition took place before it was reasonably practicable to bring a correction to the attention of potential purchasers; or
  - (c) it had already taken all reasonable steps to ensure that a correction was brought to the attention of potential purchasers; or
  - (d) the *person* who acquired the *units* was not materially influenced or affected by that statement or omission in making the decision to invest.
- (3) The *authorised fund manager* is also not in breach of (1)(a) and is not liable to pay compensation under (1)(b) if:
- (a) before the acquisition a correction had been published in a manner calculated to bring it to the attention of *persons* likely to acquire the *units* in question; or
  - (b) it took all reasonable steps to secure such publication and had reasonable grounds to conclude that publication had taken place before the *units* were acquired.
- (4) The *authorised fund manager* is not liable to pay compensation under (1)(b) if the *person* who acquired the *units* knew at the time of the acquisition that the statement was untrue or misleading or knew of the omission.
- (5) For the purposes of this *rule* a revised *prospectus* will be treated as a different *prospectus* from the original one.
- (6) References in this *rule* to the acquisition of *units* include references to contracting to acquire them.

**Table: contents of the prospectus**

4.2.5 R This table belongs to *COLL* 4.2.2R (Publishing the prospectus).

**Document status**

- 1 A statement that the *document* is the *prospectus* of the *authorised fund* valid as at a particular date (which shall be the date of the *document*).

**Authorised fund**

- 2 A description of the *authorised fund* including:
- (a) its name;
  - (b) whether it is an *ICVC* or an *AUT* and that:
    - (i) *unitholders* are not liable for the debts of the

*authorised fund*;

- (ii) for an *ICVC*, a statement that the *sub-funds* of a *scheme* which is an *umbrella* are not 'ring fenced' and in the event of the *umbrella* being unable to meet liabilities attributable to any particular *sub-fund* out of the assets attributable to that *sub-fund*, that the remaining liabilities may have to be met out of the assets attributable to other *sub-funds*;
- (c) for an *ICVC*, the address of its head office and the address of the place in the *United Kingdom* for service on the *ICVC* of notices or other documents required or authorised to be served on it;
- (d) the effective date of the *authorisation order* made by the *FSA* and relevant details of termination, if the duration of the *authorised fund* is limited;
- (e) its *base currency*;
- (f) for an *ICVC*, the maximum and minimum sizes of its capital; and
- (g) the circumstances in which it may be wound up under the *rules* and a summary of the procedure for, and the rights of *unitholders* under, such a winding up.

#### **Investment objectives and policy**

3 The following particulars of the investment objectives and policy of the *authorised fund*:

- (a) the investment objectives, including its financial objectives;
- (b) the *authorised fund's* investment policy for achieving those investment objectives, including the general nature of the portfolio and, if appropriate, any intended specialisation;
- (c) an indication of any limitations on that investment policy;
- (d) the description of assets which the *capital property* may consist of;
- (e) the proportion of the *capital property* which may consist of an asset of any description;
- (f) the description of transactions which may be effected on behalf

- of the *authorised fund* and an indication of any techniques and instruments or borrowing powers which may be used in the management of the *authorised fund*;
- (g) a list of the *eligible* markets through which the *authorised fund* may invest or *deal* in accordance with *COLL 5.2.10R(2)(b)* (Eligible markets: requirements);
  - (h) for an *ICVC*, a statement as to whether it is intended that the *scheme* will have an interest in any immovable property or movable property ((in accordance with *COLL 5.6.4R(2)* (Investment powers: general) or *COLL 5.2.8R(2)* (UCITS schemes: general)) for the direct pursuit of the *ICVC*'s business;
  - (i) where *COLL 5.2.12R(3)* (Spread: government and public securities) applies, a prominent statement as to the fact that more than 35% of the *scheme property* is or may be invested in *government and public securities* and the names of the individual states, local authorities or public international bodies in whose *securities* the *authorised fund* may invest more than 35% of the *scheme property*;
  - (j) the policy in relation to the exercise of borrowing powers by the *authorised fund*;
  - (k) for an *authorised fund* which may invest in other *schemes*, the extent to which the *scheme property* may be invested in the *units* of *schemes* which are managed by the *authorised fund manager* or by its *associate*;
  - (l) where a *scheme* invests principally in *scheme units*, *deposits* or *derivatives*, or replicates an index in accordance with *COLL 5.2.31R* or *COLL 5.6.23* (Schemes replicating an index), a prominent statement regarding this investment policy;
  - (m) where *derivatives* transactions may be used in a *scheme*, a prominent statement as to whether these transactions are for the purposes of hedging or meeting the investment objectives or both and the possible outcome of the use of *derivatives* on the risk profile of the *scheme*;
  - (n) information concerning the profile of the typical investor for

- whom the *scheme* is designed;
- (o) information concerning the historical performance of the *scheme* presented in accordance with *COB* 3.8.11R (Specific non-real time financial promotions: past performance);
  - (p) for a *non-UCITS retail scheme* which invests in immovables, a statement of the countries or territories of situation of land or buildings in which the *authorised fund* may invest;
  - (q) for a *UCITS scheme* which invests a substantial portion of its assets in other *schemes*, a statement of the maximum level of management fees that may be charged to that *UCITS scheme* and to the *schemes* in which it invests;
  - (r) where the net asset value of a *UCITS scheme* is likely to have high volatility owing to its portfolio composition or the portfolio management techniques that may be used, a prominent statement to that effect; and
  - (s) for a *UCITS scheme*, a statement that any *unitholder* may obtain on request the types of information (which must be listed) referred to in *COLL* 4.2.3 R(3) (Availability of prospectus and long report).

#### **Reporting, distributions and accounting dates**

- 4 Relevant details of the reporting, accounting and distribution information which includes:
- (a) the accounting and distribution dates;
  - (b) procedures for:
    - (i) determining and applying income (including how any distributable income is paid);
    - (ii) unclaimed distributions; and
    - (iii) if relevant, calculating, paying and accounting for *income equalisation*;
  - (c) the *accounting reference date* and when the long report will be published in accordance with *COLL* 4.5.14R (Publication and availability of annual and half-yearly long report); and
  - (d) when the short report will be sent to *unitholders* in accordance with *COLL* 4.5.13R (Provision of short report).

#### **Characteristics of the units**

- 5 Information as to:
- (a) where there is more than one *class of unit* in *issue* or available for *issue*, the name of each such *class* and the rights attached to each *class* in so far as they vary from the rights attached to other *classes*;
  - (b) where the *instrument constituting the scheme* provides for the *issue of bearer certificates*, that fact and what procedures will operate for them;
  - (c) how *unitholders* may exercise their voting rights and what these amount to;
  - (d) where a mandatory *redemption, cancellation* or conversion of *units* from one *class* to another may be required, in what circumstances it may be required; and
  - (e) for an *AUT*, the fact that the nature of the right represented by *units* is that of a beneficial interest under a trust.

**Authorised fund manager**

- 6 The following particulars of the *authorised fund manager*:
- (a) its name;
  - (b) the nature of its corporate form;
  - (c) the date of its incorporation;
  - (d) the address of its registered office;
  - (e) the address of its head office, if that is different from the address of its registered office;
  - (f) if neither its registered office nor its head office is in the *United Kingdom*, the address of its principal place of business in the *United Kingdom*;
  - (g) if the duration of its corporate status is limited, when that status will or may cease; and
  - (h) the amount of its issued share capital and how much of it is paid up.

**Directors of an ICVC, other than the ACD**

- 7 Other than for the *ACD*:
- (a) the names and positions in the *ICVC* of any other *directors* (if

any); and

- (b) the manner, amount and calculation of the *remuneration* of such *directors*.

### **Depositary**

8 The following particulars of the *depositary*:

- (a) its name;
- (b) the nature of its corporate form;
- (c) the address of its registered office;
- (d) the address of its head office, if that is different from the address of its registered office;
- (e) if neither its registered office nor its head office is in the *United Kingdom*, the address of its principal place of business in the *United Kingdom*; and
- (f) a description of its principal business activity.

### **Investment adviser**

9 If an *investment adviser* is retained in connection with the business of an *authorised fund*:

- (a) its name; and
- (b) where it carries on a significant activity other than providing services to the *authorised fund* as an *investment adviser*, what that significant activity is.

### **Auditor**

10 The name of the auditor of the *authorised fund*.

### **Contracts and other relationships with parties**

11 The following relevant details:

- (a) for an *ICVC*:
  - (i) a summary of the material provisions of the contract between the *ICVC* and the *authorised fund manager* which may be relevant to *unitholders* including provisions (if any) relating to remuneration, termination, compensation on termination and indemnity;
  - (ii) the main business activities of each of the *directors*

- (other than those connected with the business of the *ICVC*) where these are of significance to the *ICVC*'s business;
- (iii) if any *director* is a *body corporate* in a *group* of which any other corporate *director* of the *ICVC* is a member, a statement of that fact; and
  - (iv) the main terms of each contract of service between the *ICVC* and a *director* in summary form;
- (b) the names of the *directors* of the *authorised fund manager* and the main business activities of each of the *directors* (other than those connected with the business of the *authorised fund*) where these are of significance to the *authorised fund's* business;
  - (c) a summary of the material provisions of the contract between the *ICVC* or the *manager* of the *AUT* and the *depository* which may be relevant to *unitholders*, including provisions relating to the *remuneration* of the *depository*;
  - (d) if an *investment adviser* retained in connection with the business of the *authorised fund* is a *body corporate* in a *group* of which any *director* of the *ICVC* or the *manager* of the *AUT* is a member, that fact;
  - (e) a summary of the material provisions of any contract between the *authorised fund manager* or the *ICVC* and any *investment adviser* which may be relevant to *unitholders*;
  - (f) if an *investment adviser* retained in connection with the business of the *authorised fund* has the authority of the *authorised fund manager* or the *ICVC* to make decisions on behalf of the *authorised fund manager* or the *ICVC*, that fact and a description of the matters in relation to which it has that authority;
  - (g) what functions (if any) the *authorised fund manager* has delegated and to whom; and
  - (h) in what capacity (if any), the *authorised fund manager* acts in relation to any other *collective investment schemes* and the

name of such *schemes*.

### **Register of unitholders**

12 Details of:

- (a) the address in the *United Kingdom* where the *register of unitholders*, and where relevant the *plan register* is kept and can be inspected by *unitholders*; and
- (b) the *registrar's* name and address.

### **Payments out of scheme property**

13 In relation to each type of payment from the *scheme property*, details of:

- (a) who the payment is made to;
- (b) what the payment is for;
- (c) the rate or amount where available;
- (d) how it will be calculated and accrued;
- (e) when it will be paid; and
- (f) where a performance fee is taken, examples of its operation in plain English and the maximum it can amount to.

### **Allocation of payments**

14 If, in accordance with *COLL 6.7.10R* (Allocation of payments to income or capital), the *authorised fund manager* and the *depository* have agreed that all or part of any income expense payments may be treated as a capital expense:

- (a) that fact;
- (b) the policy for allocation of these payments; and
- (c) a statement that this policy may result in capital erosion or constrain capital growth.

### **Moveable and immovable property (ICVC only)**

15 An estimate of any expenses likely to be incurred by the *ICVC* in respect of movable and immovable property in which the *ICVC* has an interest.

### **Valuation and pricing of scheme property**

16 In relation to the valuation and *pricing of scheme property*:

- (a) a provision that there must be only a single *price* for any *unit* as determined from time to time by reference to a particular *valuation point*;
- (b) details of:
  - (i) how the value of the *scheme property* is to be determined in relation to each purpose for which the *scheme property* must be valued;
  - (ii) how frequently and at what time or times of the *day* the *scheme property* will be regularly valued for *dealing* purposes and a description of any circumstance in which the *scheme property* may be specially valued;
  - (iii) where relevant, how the *price* of *units* of each *class* will be determined for *dealing* purposes; and
  - (iv) where and at what frequency the most recent *prices* will be published; and
- (c) if provisions in (a) and (b) do not take effect when the *instrument constituting the scheme* or (where appropriate) supplemental *trust deed* takes effect, a statement of the time from which those provisions are to take effect or how it will be determined.

## **Dealing**

17 The following particulars:

- (a) the procedures, the dealing periods and the circumstances in which the *authorised fund manager* will effect:
  - (i) the *sale* and *redemption* of *units* and the settlement of transactions (including the minimum number or value of *units* which one *person* may hold or which may be subject to any transaction of *sale* or *redemption*) for each *class* of *unit* in the *authorised fund*; and
  - (ii) any direct *issue* or *cancellation* of *units* by an *ICVC* or by the *trustee* (as appropriate) through the *authorised fund manager* in accordance with *COLL 6.2.7R(2)* (Issue and cancellation of units through an

- authorised fund manager);
- (b) the circumstances in which the *redemption* of *units* may be suspended;
  - (c) whether certificates will be issued in respect of registered *units*;
  - (d) the circumstances in which the *authorised fund manager* may arrange for, and the procedure for the *issue* or *cancellation* of *units* in specie;
  - (e) the investment exchanges (if any) on which *units* in the *scheme* are listed or dealt;
  - (f) the circumstances and conditions for issuing *units* in an *authorised fund* which limit the *issue* of any *class of units* in accordance with *COLL* 6.2.18R (Limited issue);
  - (g) the circumstances and procedures for the limitation or deferral of *redemptions* in accordance with *COLL* 6.2.19R (Limited redemption) or *COLL* 6.2.21R (Deferred redemption); and
  - (h) in a *prospectus* available during the period of any *initial offer*:
    - (i) the length of the *initial offer* period;
    - (ii) the initial *price* of a *unit*, which must be in the *base currency*;
    - (iii) the arrangements for issuing *units* during the *initial offer*, including the *authorised fund manager's* intentions on investing the subscriptions received during the *initial offer*;
    - (iv) the circumstances when the *initial offer* will end;
    - (v) whether *units* will be *sold* or *issued* in any other currency; and
    - (vi) any other relevant details of the *initial offer*.

### **Dilution**

18 Details of what is meant by *dilution* including:

- (a) a statement explaining:
  - (i) that it is not possible to predict accurately whether *dilution* is likely to occur; and
  - (ii) which of the policies the *authorised fund manager* is

- adopting under *COLL* 6.3.8R(1) (Dilution) together with an explanation of how this policy may affect the future growth of the *authorised fund*; and
- (b) if the *authorised fund manager* may require a *dilution levy* or make a *dilution adjustment*, a statement of:
- (i) the *authorised fund manager's* policy in deciding when to require a *dilution levy*, including the *authorised fund manager's* policy on *large deals*, or when to make a *dilution adjustment*;
- (ii) the estimated rate or amount of any *dilution levy* or *dilution adjustment* based either on historical data or future projections; and
- (iii) the likelihood that the *authorised fund manager* may require a *dilution levy* or make a *dilution adjustment* and the basis (historical or projected) on which the statement is made.

#### **SDRT provision**

- 19 An explanation of:
- (a) what is meant by stamp duty reserve tax, *SDRT provision* and *large deals*; and
- (b) the *authorised fund manager's* policy on imposing an *SDRT provision* including its policy on *large deals*, and the occasions, and the likely frequency of the occasions, in which an *SDRT provision* may be imposed and the maximum rate of it (a usual rate may also be stated).

#### **Forward and historic pricing**

- 20 The *authorised fund manager's* normal basis of pricing under *COLL* 6.3.9R (Forward and historic pricing).

#### **Preliminary charge**

- 21 Where relevant, a statement authorising the *authorised fund manager* to make a *preliminary charge* and specifying the basis for and current amount or rate of that charge.

#### **Redemption charge**

22 Where relevant, a statement authorising the *authorised fund manager* to deduct a *redemption charge* out of the proceeds of *redemption*; and if the *authorised fund manager* makes a *redemption charge*:

- (a) the current amount of that charge or if it is variable, the rate or method of calculating it;
- (b) if the amount, rate or method has been changed, that details of any previous amount, rate or method may be obtained from the *authorised fund manager* on request; and
- (c) how the order in which *units* acquired at different times by a *unitholder* is to be determined so far as necessary for the purposes of the imposition of the *redemption charge*.

### **General information**

23 Details of:

- (a) the address at which copies of the *instrument constituting the scheme*, any amending instrument and the most recent annual and half-yearly long reports may be inspected and from which copies may be obtained;
- (b) the manner in which any notice or *document* will be served on *unitholders*;
- (c) the extent to which and the circumstances in which:
  - (i) the *scheme* is liable to pay or suffer tax on any appreciation in the value of the *scheme property* or on the income derived from the *scheme property*; and
  - (ii) deductions by way of withholding tax may be made from distributions of income to *unitholders* and payments made to *unitholders* on the *redemption* of *units*; and
- (d) for a *UCITS scheme*, any possible fees or expenses not described in paragraphs 13 to 22, distinguishing between those to be paid by a *unitholder* and those to be paid out of *scheme property*.

### **Information on the umbrella**

24 In the case of a *scheme* which is an *umbrella*, the following information:

- (a) that a *unitholder* is entitled to exchange *units* in one *sub-fund* for *units* in any other *sub-fund* (other than a *sub-fund* which has limited the *issue* of *units*);
- (b) that an exchange of *units* in one *sub-fund* for *units* in any other *sub-fund* is treated as a *redemption* and *sale* and will, for *persons* subject to *United Kingdom* taxation, be a realisation for the purposes of capital gains taxation;
- (c) that in no circumstances will a *unitholder* who exchanges *units* in one *sub-fund* for *units* in any other *sub-fund* be given a right by law to withdraw from or cancel the transaction;
- (d) the policy for allocating between *sub-funds* any assets of, or costs, charges and expenses payable out of, the *scheme property* which are not attributable to any particular *sub-fund*;
- (e) what charges, if any, may be made on exchanging *units* in one *sub-fund* for *units* in any other *sub-fund*;
- (f) for each *sub-fund*, the currency in which the *scheme property* allocated to it will be valued and the *price* of *units* calculated and payments made, if this currency is not the *base currency* of the *scheme* which is an *umbrella*; and
- (g) if there are *units* for less than two *sub-funds* in issue, the effect of *COLL 3.2.7R* (Umbrella scheme with only one sub-fund).

#### **Application of the prospectus contents to an umbrella**

25 For a *scheme* which is an *umbrella*, information required must be stated:

- (a) in relation to each *sub-fund* where the information for any *sub-fund* differs from that for any other; and
- (b) for the *umbrella* as a whole, but only where the information is relevant to the *umbrella* as a whole.

#### **Marketing in another EEA state**

26 A *prospectus* of a *UCITS scheme* which is prepared for the purpose of marketing units in a *EEA State* other than the *United Kingdom*, must give details as to:

- (a) what special arrangements have been made :

- (i) for paying in that *EEA State* amounts distributable to *unitholders* resident in that *EEA State*;
  - (ii) for *redeeming* in that *EEA State* the *units* of *unitholders* resident in that *EEA State*;
  - (iii) for inspecting and obtaining copies in that *EEA State* of the *instrument constituting the scheme* and amendments to it, the *prospectus* and the annual and half-yearly long report; and
  - (iv) for making public the *price* of *units* of each *class*; and
- (b) how the *ICVC* or the *manager* of an *AUT* will publish in that *EEA State* notice:
- (i) that the annual and half-yearly long report are available for inspection;
  - (ii) that a distribution has been declared;
  - (iii) of the calling of a meeting of *unitholders*; and
  - (iv) of the termination of the *authorised fund* or the revocation of its authorisation.

**Additional information**

27 Any other material information which is within the knowledge of the *directors* of an *ICVC* or the *manager* of an *AUT*, or which the *directors* or *manager* would have obtained by making reasonable enquiries, including but not confined to, the following matters:

- (a) information which investors and their professional advisers would reasonably require, and reasonably expect to find in the *prospectus*, for the purpose of making an informed judgement about the merits of investing in the *authorised fund* and the extent and characteristics of the risks accepted by so participating;
- (b) a clear and easily understandable explanation of any risks which investment in the *authorised fund* may reasonably be regarded as presenting for reasonably prudent investors of moderate means;

- (c) if there is any arrangement intended to result in a particular capital or income return from a holding of *units* in the *authorised fund* or any investment objective of giving protection to the capital value of, or income return from, such a holding:
  - (i) details of that arrangement or protection;
  - (ii) for any related guarantee, sufficient details about the guarantor and the guarantee to enable a fair assessment of the value of the guarantee;
  - (iii) a description of the risks that could affect achievement of that return or protection; and
  - (iv) details of the arrangements by which the *authorised fund manager* will notify *unitholders* of any action required by the *unitholders* to obtain the benefit of the guarantee; and
- (d) whether any notice has been given to *unitholders* of the *authorised fund manager's* intention to propose a change to the *scheme* and if so, its particulars.

#### **Guidance on contents of the prospectus**

- 4.2.6 G (1) In relation to *COLL* 4.2.5R 3(b) the *prospectus* might include:
- (a) a description of the extent (if any) to which that policy does not envisage the *authorised fund* remaining fully invested at all times;
  - (b) for a *non-UCITS retail scheme* which may invest in immovable property:
    - (i) the maximum extent to which the *scheme property* may be invested in immovables; and
    - (ii) a statement of the policy of the *authorised fund manager* in relation to insurance and immovables forming part of the *scheme property*; and

- (c) a description of any restrictions in the assets in which investment may be made, including restrictions in the extent to which the *authorised fund* may invest in any category of asset, indicating (if appropriate) where the restrictions are more onerous than those imposed by *COLL 5* (Investment and borrowing powers).
- (2) In relation to *COLL 4.2.5R 13*, the type of payments are likely to include management fees (such as periodic and performance fees), *depository* fees, custodian fees, transaction fees, registrar fees, audit fees and FSA fees. Expenses which represent properly incurred costs of the *scheme* may also be treated as a type of payment for this purpose.
- (3) In relation to *COLL 4.2.5R 27*, the *prospectus* might include a prominent statement of non-accountability referred to in *COLL 6.7.16G* (Exemptions from liability to account for profits).

### 4.3 Approvals and notifications

#### Application

4.3.1 R This section applies to an *authorised fund manager*.

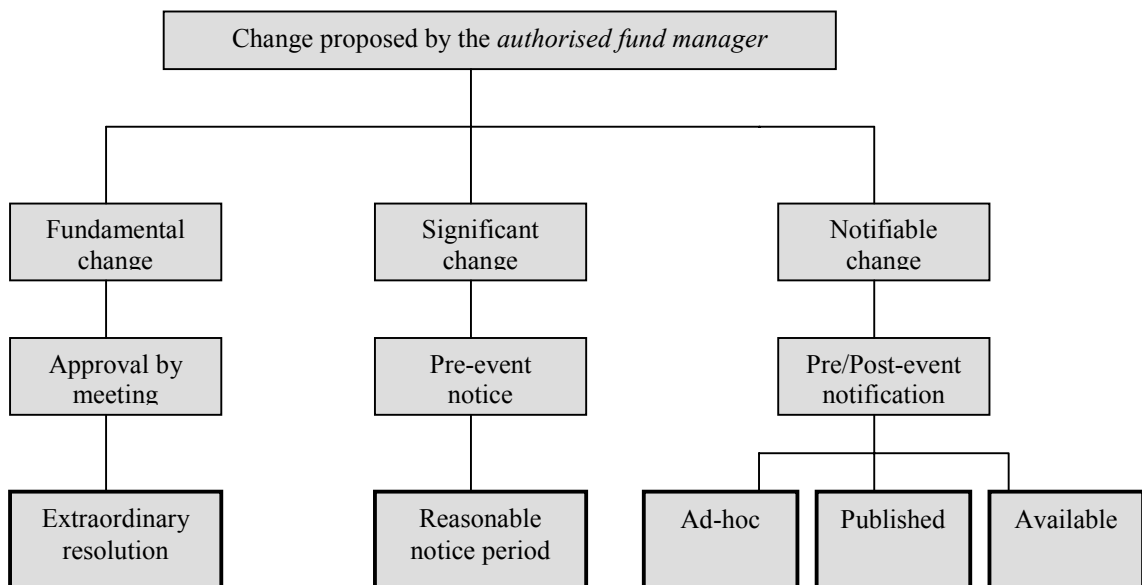

#### Explanation

4.3.2 G (1) The diagram in *COLL 4.3.3G* explains how an *authorised fund manager* should treat changes it is proposing to a *scheme* and provides an overview of the *rules* and *guidance* in this section.

(2) Regulation 21 of the *OEIC Regulations* (The Authority's approval for certain changes in respect of a company) and section 251 of the *Act* (Alteration of schemes and changes of manager or trustee) require the prior approval of the *FSA* for certain proposed changes to an *authorised fund*, including a change of the *authorised fund manager* or *depository* or a change to the *instrument constituting the scheme*. This should be kept in mind when considering any proposed change.

#### Diagram: Change event

4.3.3 G This diagram belongs to *COLL 4.3.2G*.

#### Fundamental change requiring prior approval by meeting

4.3.4 R (1) The *authorised fund manager*, must, by way of an *extraordinary resolution*, obtain prior approval from the *unitholders* for any proposed change to the *scheme* which, in accordance with (2), is a fundamental change.

- (2) A fundamental change is a change or event which:
  - (a) changes the purposes or nature of the *scheme*; or
  - (b) may materially prejudice a *unitholder*; or
  - (c) alters the risk profile of the *scheme*; or
  - (d) introduces any new type of payment out of *scheme property*.

### **Guidance on fundamental changes**

- 4.3.5 G (1) Any change may be fundamental depending on its degree of materiality and effect on the *scheme* and its *unitholders*. Consequently an *authorised fund manager* will need to determine whether in each case a particular change is fundamental in nature or not.
- (2) For the purpose of *COLL* 4.3.4R(2)(a) to (c), a fundamental change to a *scheme* is likely to include:
- (a) any proposal for a *scheme of arrangement* referred to in *COLL* 7.6.2R (Schemes of arrangement: requirements);
  - (b) a change in the investment policy to achieve capital growth from investment in one country rather than another;
  - (c) a change in the investment objective or policy to achieve capital growth through investment in fixed interest rather than equity *investments*;
  - (d) a change in the investment policy to allow the *authorised fund* to invest in *derivatives* as an investment strategy which increases its volatility;
  - (e) a change to the characteristics of a *scheme* to distribute income annually rather than *monthly*; or
  - (f) the introduction of *limited redemption arrangements*.

### **Significant change requiring pre-event notification**

- 4.3.6 R (1) The *authorised fund manager* must give prior written notice to *unitholders*, in respect of any proposed change to the operation of a *scheme* that, in accordance with (2), constitutes a significant change.
- (2) A significant change is a change or event which is not fundamental in accordance with *COLL* 4.3.4R but which:
- (a) affects a *unitholder's* ability to exercise his rights in relation to

- his investment; or
  - (b) would reasonably be expected to cause the *unitholder* to reconsider his participation in the *scheme*; or
  - (c) results in any increased payments out of the *scheme property* to an *authorised fund manager* or any other *director* of an *ICVC* or an *associate* of either; or
  - (d) materially increases other types of payment out of *scheme property*.
- (3) The notice period in (1) must be of a reasonable length (and must not be less than 60 *days*).

#### **Guidance on significant changes**

- 4.3.7 G (1) Changes may be significant depending in each case on their degree of materiality and effect on the *scheme* and its *unitholders*. Consequently the *authorised fund manager* will need to determine whether in each case a particular change is significant in nature or not.
- (2) For the purpose of *COLL* 4.3.6R a significant change is likely to include:
- (a) a change in the method of *price* publication;
  - (b) a change in any operational policy such as dilution policy or allocation of payments policy; or
  - (c) an increase in the *preliminary charge* where *units* are purchased through a *group savings plan*.

#### **Notifiable changes**

- 4.3.8 R (1) The *authorised fund manager* must inform *unitholders* in an appropriate manner and timescale of any notifiable changes that are reasonably likely to affect, or have affected, the operation of the *scheme*.
- (2) A notifiable change is a change or event, other than a fundamental change under *COLL* 4.3.4R or a significant change under *COLL* 4.3.6R, which a *unitholder* must be made aware of unless the *authorised fund manager* concludes that the change is insignificant.

#### **Guidance on notifiable changes**

- 4.3.9 G (1) The circumstances causing a notifiable change may or may not be within the control of the *authorised fund manager*.
- (2) For the purpose of COLL 4.3.8R (Notifiable changes) a notifiable change might include:
- (a) a change of named *investment manager* where the *authorised fund* has been marketed on the basis of that individual's involvement;
  - (b) a significant political event which impacts on the *authorised fund* or its operation;
  - (c) a change to the time of the *valuation point*;
  - (d) the introduction of limited issue arrangements; or
  - (e) a change of the *depository* or a change in the name of the *authorised fund*.
- (3) The appropriate manner and timescale of notification would depend on the nature of the change or event. Consequently the *authorised fund manager* will need to assess each change or event individually.
- (4) An appropriate manner of notification could include:
- (a) sending an immediate notification to the *unitholder*;
  - (b) publishing the information on a website; or
  - (c) the information being included in the next long report of the *scheme*.

## 4.4 Meetings of unitholders and service of notices

### Application

- 4.4.1 R This section applies to an *authorised fund manager*, a *depository* and any other *director* of an *ICVC*.

### General meetings

- 4.4.2 R (1) The *authorised fund manager*, the *depository* or the other *directors* of an *ICVC* may convene a general meeting of *unitholders* at any time.
- (2) The *unitholders* may request the convening of a general meeting by a requisition which must:
- (a) state the objects of the meeting;
  - (b) be dated;
  - (c) be signed by *unitholders* who, at that date, are registered as the *unitholders* of *units* representing not less than one-tenth in value (or such lower proportion stated in the *instrument constituting the scheme*) of all of the *units* then in *issue*; and
  - (d) be deposited at the head office of the *ICVC* or with the *trustee*.
- (3) The *authorised fund manager*, the *depository* or the other *directors* of an *ICVC* must on receipt of a requisition that complies with (2), immediately convene a general meeting of the *authorised fund* for a date no later than eight weeks after receipt of the requisition.

### Class meetings

- 4.4.3 R This section applies, unless the context otherwise requires, to *class meetings* by reference to the *units* of the *class* concerned and the *unitholders* and *prices* of such *units*.

### Special meaning of unitholder in COLL 4.4

- 4.4.4 R (1) Unless a *unit* in the *authorised fund* is a *participating security*, in this section "*unitholders*" means *unitholders* as at a cut-off date selected by the *authorised fund manager* which is a reasonable time before notices of the relevant meeting are sent out.
- (2) If any *unit* in the *authorised fund* is a *participating security*, a registered *unitholder* of such a *unit* is entitled to receive a notice of a meeting or a notice of an adjourned meeting under *COLL 4.4.5R*

(Notice of general meetings), if entered on the *register* at the close of business on a *day* to be determined by the *authorised fund manager*, which must not be more than 21 *days* before the notices of the meeting are sent out.

- (3) For the purposes of (2), in *COLL* 4.4.6R (Quorum) to 4.4.11R (Chairman, adjournments and minutes) “*unitholders*” in relation to those *units* means:
- (a) the *persons* entered on the *register* at a time to be determined by the *authorised fund manager* and stated in the notice of the meeting, which must not be more than 48 hours before the time fixed for the meeting; or
  - (b) in the case of bearer *units*, *unitholders* of bearer *units* which were in *issue* at the time applicable under (a).

#### **Notice of general meetings**

- 4.4.5 R (1) Where the *authorised fund manager*, the *depository* or the other *directors* of an *ICVC* decide to convene a general meeting of *unitholders*:
- (a) each *unitholder* must be given at least 14 *days* written notice, inclusive of the date on which the notice is first served and the day of the meeting; and
  - (b) the notice must specify the place, day and hour of the meeting and the terms of the resolutions to be proposed and a copy of the notice must be sent to the *depository*.
- (2) The accidental omission to give notice to, or the non-receipt of notice by, any *unitholder* does not invalidate the proceedings at any meeting.
- (3) Notice of an adjourned meeting of *unitholders* must be given to each *unitholder*, stating that while two *unitholders* present in person or proxy are required to constitute a quorum at the adjourned meeting, this may be reduced to one in accordance with *COLL* 4.4.6R(3), should two such *unitholders* not be present after a reasonable time of convening of the meeting.
- (4) Paragraph (1)(a) does not apply to the notice of an adjourned meeting.

#### **Quorum**

- 4.4.6 R (1) The quorum required to conduct business at a meeting of *unitholders* is two *unitholders*, present in person or by proxy.
- (2) If after a reasonable time from the time for the start of the meeting, a quorum is not present, the meeting:
- (a) if convened on the requisition of *unitholders*, must be dissolved; and
- (b) in any other case, must stand adjourned to:
- (i) a day and time which is seven or more *days* after the day and time of the meeting; and
- (ii) a place to be appointed by the chairman.
- (3) If, at an adjourned meeting under (2)(b), a quorum is not present after a reasonable time from the time for the meeting, one *person* entitled to be counted in a quorum present at the meeting shall constitute a quorum.

### **Resolutions**

- 4.4.7 R (1) Except where an *extraordinary resolution* is specifically required or permitted, any resolution of *unitholders* is passed by a simple majority of the votes validly cast at a general meeting of *unitholders*.
- (2) In the case of an equality of, or an absence of, votes cast, the chairman is entitled to a casting vote.

### **Voting rights**

- 4.4.8 R (1) On a show of hands every *unitholder* who is present in person has one vote.
- (2) On a poll:
- (a) votes may be given either personally or by proxy or in another manner permitted by the *instrument constituting the scheme*;
- (b) the voting rights for each *unit* must be the proportion of the voting rights attached to all of the units in *issue* that the *price* of the *unit* bears to the aggregate *price* or *prices* of all of the *units* in *issue*:
- (i) if any *unit* is a *participating security*, at the time determined under *COLL* 4.4.4R(2) (Special meaning of unitholder in *COLL* 4.4);

- (ii) otherwise at the date specified in *COLL 4.4.4R(1)*; and
  - (c) a *unitholder* need not use all his votes or cast all his votes in the same way.
- (3) For joint *unitholders* of a *unit*, only the vote of the first named in the *register of unitholders* can be taken.
  - (4) No *director* of the *ICVC* or the *manager* can be counted in the quorum of, and no such *director* or the *manager* nor any of their *associates* may vote at, any meeting of the *authorised fund*.
  - (5) The prohibition in (4) does not apply to any *units* held on behalf of, or jointly with, a *person* who, if himself the registered *unitholder*, would be entitled to vote and from whom the *director*, the *manager* or its *associate* have received voting instructions.
  - (6) For the purpose of this section, *units* held, or treated as held, by the *authorised fund manager* or any other *director* of the *ICVC*, must not, except as mentioned in (5), be regarded as being in *issue*.

#### **Right to demand a poll**

- 4.4.9 R (1) A resolution put to the vote of a general meeting must be determined on a show of hands unless a poll is (before or on the declaration of the result of the show of hands) demanded by:
- (a) the chairman;
  - (b) at least two *unitholders*; or
  - (c) the *depository*.
- (2) Unless a poll is demanded in accordance with (1), a declaration by the chairman as to the result of a resolution is conclusive evidence of the fact.

#### **Proxies**

- 4.4.10 R (1) A *unitholder* may appoint another *person* to attend a general meeting and vote in his place.
- (2) Unless the *instrument constituting the scheme* provides otherwise, a *unitholder* may appoint more than one proxy to attend on the same occasion but a proxy may vote only on a poll.
- (3) Every notice calling a meeting of a *scheme* must contain a reasonably prominent statement that a *unitholder* entitled to attend and vote may

appoint a proxy.

- (4) For the appointment to be effective, any *document* relating to the appointment of a proxy must not be required to be received by the *ICVC* or any other *person* more than 48 hours before the meeting or adjourned meeting

#### **Chairman, adjournment and minutes**

- 4.4.11 R (1) A meeting of *unitholders* must have a chairman, nominated by the *depository*.
- (2) If the chairman is not present after a reasonable time from the time for the meeting, the *unitholders* present must choose one of them to be chairman.
  - (3) The chairman:
    - (a) may, with the consent of any meeting of *unitholders* at which a quorum is present; and
    - (b) must, if so directed by the meeting;  
adjourn the meeting from time to time and from place to place.
  - (4) Business must not be transacted at any adjourned meeting, except business which might have lawfully been transacted at the original meeting.
  - (5) The *authorised fund manager* must ensure that:
    - (a) minutes of all resolutions and proceedings at every meeting of *unitholders* are made and kept; and
    - (b) any minute made in (a) is signed by the chairman of the meeting of *unitholders*.
  - (6) Any minute referred to in (5)(b) is conclusive evidence of the matters stated in it.

#### **Notices to unitholders**

- 4.4.12 R (1) Where this sourcebook requires any notice or *document* to be served upon a *unitholder*, it is duly served :
- (a) for *units* held by a registered *unitholder*, if it is:
    - (i) delivered to the *unitholder's* address as appearing in the *register*; or

- (ii) delivered by using an electronic medium in accordance with *COLL 4.4.13R* (Other notices); or
- (b) for *units* represented by *bearer certificates*, if given in the manner provided for in the *prospectus*.
- (2) Any notice or *document* served by post is deemed to have been served on the second *business day* following the *day* on which it is posted.
- (3) Any *document* left at a registered address or delivered other than by post is deemed to have been served on that *day*.

#### **Other notices**

- 4.4.13 R (1) Any *document* or notice to be served on or information to be given to, any *person*, including the *FSA*, must be in legible form.
- (2) For the purposes of this *rule*, any form is legible form which:
- (a) is consistent with the *ICVC's*, the *directors'*, the *authorised fund manager's* or the *depository's* knowledge of how the recipient of the *document* wishes or expects to receive the *document*;
  - (b) is capable of being provided in hard copy by the *authorised fund manager*, the *depository* or any other director of the *ICVC*;
  - (c) enables the recipient to know or record the time of receipt; and
  - (d) is reasonable in the context.
- (3) In this sourcebook, any requirement that a *document* be signed may be satisfied by an electronic signature or electronic evidence of assent.

#### **References to writing and electronic documents**

- 4.4.14 G In this sourcebook references to writing and the use of electronic media should be construed in accordance with *GEN 2.2.14R* (References to writing) and its related *guidance* provisions.

#### **Service of notice Regulations**

- 4.4.15 G The provisions in this section relating to the service and delivery of notices and *documents* both to *unitholders* and to the *FSA*, disapply the provisions of The Financial Services and Markets Act 2000 (Service of Notices) Regulations 2001 (SI 2001/1420) under the power in Regulation 1(6) of those Regulations.

## 4.5 Reports and accounts

### Application

- 4.5.1 R The *rules* and *guidance* in this section apply to an *authorised fund manager*, a *depository* and any other *director* of an *ICVC*.

### Explanation

- 4.5.2 G In order to provide the *unitholders* with regular and relevant information about the progress of the *authorised fund*, the *authorised fund manager* must:
- (1) prepare a short report and a long report half-yearly and annually;
  - (2) send the short report to all *unitholders*; and
  - (3) make the long report available to *unitholders* on request.

### Preparation of long and short reports

- 4.5.3 R
- (1) The *authorised fund manager* must for each *annual accounting period* and *half-yearly accounting period*, prepare a short report and a long report for a *scheme*.
  - (2) For a *scheme* which is an *umbrella*, the *authorised fund manager* must prepare a short report for each *sub-fund* but this is not necessary for the *umbrella* as a whole.
  - (3) Where the first *annual accounting period* of a *scheme* is less than 12 *months*, a half-yearly report need not be prepared.
  - (4) The first *annual accounting period* of a *scheme* must begin:
    - (a) on the first *day* of any period of *initial offer*; or
    - (b) in any other case, on the date of the relevant *authorisation order*.

### ICVC requirements

- 4.5.4 G
- (1) The *OEIC Regulations* contain requirements for the preparation of annual and half-yearly reports and make the *directors* of an *ICVC* responsible for the preparation of annual and half-yearly reports on the *ICVC*.
  - (2) Regulations 66 (Reports: preparation), 67 (Reports: accounts) and 68 (Reports: voluntary revision) of the *OEIC Regulations* also contain a

number of other requirements relating to reports and accounts of an *ICVC*.

### **Contents of a short report**

- 4.5.5 R (1) The short report for an *authorised fund*, or for a *scheme* which is an *umbrella*, its *sub-fund*, must contain for the relevant period:
- (a) the name of the *scheme* or *sub-fund*, its stated investment objectives and policy for achieving those objectives, a brief assessment of its risk profile and the name and address of the *authorised fund manager*;
  - (b) a review of the *scheme* or *sub-fund's* investment activities and investment performance during the period;
  - (c) a performance record consistent with *COLL 4.5.10R(1)* (Comparative table) so as to enable a *unitholder* to put into context the results of the investment activities of the *scheme* during the period;
  - (d) sufficient information to enable *unitholders* to form a view on where the portfolio is invested at the end of the period and the extent to which that has changed over the period;
  - (e) any other significant information which would reasonably enable *unitholders* to make an informed judgement on the activities of the *scheme* or *sub-fund* during the period and the results of those activities at the end of the period; and
  - (f) a statement that the latest long report is available on request.
- (2) The *authorised fund manager* must take reasonable steps to ensure that the short report is structured and written in such a way that it can be easily understood by the average investor.
- (3) The short report must form a separate stand-alone *document* which must not include any extraneous material.
- (4) The inclusion in a single *document* of the short reports of more than one of an *authorised fund manager's schemes* with the same accounting periods, or of more than one *sub-fund* in an *umbrella*, is not a contravention of (3) if each such report is discrete and easily identifiable.

- (5) The *authorised fund manager* must ensure that the information given in the short report is consistent with the long report for the relevant accounting period prepared under *COLL 4.5.7R* (Contents of the annual long report) or *COLL 4.5.8R* (Contents of the half-yearly long report).

#### **Significant information to be contained in the short report**

- 4.5.6 G For the purpose of *COLL 4.5.5R*(1)(d) and (e) the *authorised fund manager* should consider including the following as sufficient and significant information:
- (1) particulars of any fundamental change to the *scheme* which required *unitholder* approval by meeting during the period;
  - (2) particulars of any significant change to the operation of the *scheme* requiring pre-notification, but this need only be given if the change impacts on the *unitholders*' ability to make an informed judgement on the activities of the *scheme*;
  - (3) particulars of any other developments in relation to the investment policy of the *scheme* or the instruments used by it during the period;
  - (4) the total expense ratio at the end of the period;
  - (5) particulars of any qualification of the reports of the auditor and *depository*; and
  - (6) particulars of any income or distribution relating to the period.

#### **Contents of the annual long report**

- 4.5.7 R (1) An annual long report on an *authorised fund*, other than a *scheme* which is an *umbrella*, must contain:
- (a) the full accounts for the *annual accounting period* which must be prepared in accordance with the requirements of the *IMA SORP*;
  - (b) the report of the *authorised fund manager* in accordance with *COLL 4.5.9R* (Authorised fund manager's report);
  - (c) the comparative table in accordance with *COLL 4.5.10R* (Comparative table);

- (d) the report of the *depository* in accordance with *COLL 4.5.11R* (Report of the depository); and
  - (e) the report of the auditor in accordance with *COLL 4.5.12R* (Report of the auditor).
- (2) An annual long report on a *scheme* which is an *umbrella* must contain:
- (a) for each *sub-fund*:
    - (i) the full accounts for the *annual accounting period* which must be prepared in accordance with the requirements of the *IMA SORP*;
    - (ii) the report of the *authorised fund manager* in accordance with *COLL 4.5.9R*; and
    - (iii) the comparative table in accordance with *COLL 4.5.10R*;
  - (b) the aggregation of the accounts required by (a)(i) for each *sub-fund*;
  - (c) the report of the *depository* in accordance with *COLL 4.5.11R*; and
  - (d) the report of the auditor in accordance with *COLL 4.5.12R*.
- (3) The *directors* of an *ICVC* or the *manager* of an *AUT* must ensure that the accounts referred to in (1)(a) and (2)(a) give a true and fair view of the net income and the net gains and the losses on the *scheme property* of the *authorised fund*, or, in the case of (2)(a), the *sub-fund*, for the *annual accounting period* in question and the financial position of the *authorised fund* or *sub-fund* as at the end of that period.

### **Contents of the half-yearly long report**

- 4.5.8 R (1) A half-yearly long report on an *authorised fund*, other than for a *scheme* which is an *umbrella*, must contain:
- (a) the full accounts for the *half-yearly accounting period* which must be prepared in accordance with the requirements of the *IMA SORP*; and
  - (b) the report of the *authorised fund manager* in accordance with *COLL 4.5.9R* (Authorised fund manager's report).

- (2) A half-yearly long report on a *scheme* which is an *umbrella* must contain:
- (a) for each *sub-fund*:
    - (i) full accounts for the *annual accounting period* which must be prepared in accordance with the requirements of the *IMA SORP*; and
    - (ii) the report of the *authorised fund manager* in accordance with *COLL 4.5.9R*; and
  - (b) the aggregation of the accounts in (a)(i) for each *sub-fund*.

#### **Authorised fund manager's report**

4.5.9 R The matters set out in (1) to (12) must be included in any *authorised fund manager's* report, except where otherwise indicated:

- (1) the names and addresses of :
  - (a) the *authorised fund manager*;
  - (b) the *depository*;
  - (c) the *registrar*;
  - (d) any *investment adviser*;
  - (e) the auditor; and
  - (f) for a *scheme* which invests in immovables, the *standing independent valuer*;
- (2) (for an *ICVC*), the names of any *directors* other than the *ACD*;
- (3) a statement of the authorised status of the *scheme*;
- (4) (for an *ICVC*) a statement that the *unitholders* of the *ICVC* are not liable for the debts of the *ICVC*;
- (5) the investment objectives of the *authorised fund*;
- (6) the policy for achieving those objectives;
- (7) a review of the investment activities during the period to which the report relates;
- (8) particulars of any fundamental changes in accordance with *COLL 4.3.4R* (Fundamental change requiring prior approval by meeting) made since the date of the last report;

- (9) particulars of any significant changes which have occurred in accordance with *COLL* 4.3.6R (Significant change requiring pre-event notification) since the date of the last report;
- (10) any other information which would enable *unitholders* to make an informed judgement on the development of the activities of the *authorised fund* during this period and the results of those activities as at the end of that period;
- (11) for a report on an *umbrella* prepared in accordance with *COLL* 4.5.7R or *COLL* 4.5.8R:
  - (a) a statement to the effect that, as a *sub-fund* is not a legal entity, if the assets attributable to any *sub-fund* were insufficient to meet the liabilities attributable to it, the shortfall might have to be met out of the assets attributable to one or more other *sub-funds* of the *ICVC*; and
  - (b) information required by (1) to (10) must be given for each *sub-fund*, if it would vary from that given in respect of the *umbrella* as a whole; and
- (12) for a *UCITS scheme* which invests a substantial proportion of its assets in other *schemes*, a statement as to the maximum proportion of management fees charged to the *scheme* itself and to other *schemes* in which that *scheme* invests.

### **Comparative table**

- 4.5.10 R The comparative table required by *COLL* 4.5.7R(1)(c) (Contents of the annual long report) must set out:
- (1) a performance record over the last five calendar years, or if the *authorised fund* has not been in existence during the whole of that period, over the whole period in which it has been in existence, showing:
    - (a) the highest and the lowest *price* of a *unit* of each *class* in issue during each of those years; and
    - (b) the net income distributed (or, for *accumulation units*, allocated) for a *unit* of each *class* in issue during each of those years, taking account of any sub-division or consolidation of *units* that

- occurred during that period;
- (2) as at the end of each of the last three *annual accounting periods* (or all of the *authorised fund's annual accounting periods*, if less than three):
    - (a) the total net asset value of the *scheme property* at the end of each of those years;
    - (b) the net asset value per *unit* of each *class*; and
    - (c) (i) (for a report of the *directors* of an *ICVC*) the number of *units* of each *class* in issue; or
      - (ii) (for a report of the *manager* of an *AUT*) the number of *units* of each *class* in existence or treated as in existence; and
  - (3) if, in the period covered by the table:
    - (a) the *authorised fund* has been the subject of any event (such as a *scheme of arrangement*) having a material effect on the size of the *authorised fund*, but excluding any *issue* or *cancellation* of *units* for cash; or
    - (b) there have been changes in the investment objectives of the *authorised fund*;

an indication, related in the body of the table to the relevant year in the table, of the date of the event or change in the investment objectives and a brief description of its nature.

### **Report of the depositary**

- 4.5.11 R (1) The *depositary* must make an annual report to *unitholders* which must be included in the annual report.
- (2) The annual report must contain:
- (a) a description, which may be in summary form, of the duties of the *depositary* under *COLL 6.6.4R* (General duties of the depositary) and in respect of the safekeeping of the *scheme property*; and
  - (b) a statement whether, in any material respect:
    - (i) the *issue*, *sale*, *redemption* and *cancellation*, and calculation of the *price* of the *units* and the application of the *authorised fund's* income, have not been carried out in

accordance with the *rules* in this sourcebook and, where applicable, the *OEIC Regulations* and the *instrument constituting the scheme*; and

- (ii) the investment and borrowing powers and restrictions applicable to the *authorised fund* have been exceeded.

### **Report of the auditor**

4.5.12 R The *authorised fund manager* must ensure that the report of the auditor to the *unitholders* must include a statement:

- (1) whether, in the auditor's opinion, the accounts have been properly prepared in accordance with the *IMA SORP*, the *rules* in this sourcebook, and the *instrument constituting the scheme*;
- (2) whether, in the auditor's opinion, the accounts give a true and fair view of the net income and the net gains or losses of the *scheme property* of the *authorised fund* (or, as the case may be, the *scheme property* attributable to the *sub-fund*) for the *annual accounting period* in question and the financial position of the *authorised fund* or *sub-fund* as at the end of that period;
- (3) whether the auditor is of the opinion that proper accounting records for the *authorised fund* (or, as the case may be, *sub-fund*) have not been kept or whether the accounts are not in agreement with those records;
- (4) whether the auditor has been given all the information and explanations which, to the best of his knowledge and belief, are necessary for the purposes of his audit; and
- (5) whether the auditor is of the opinion that the information given in the report of the *directors* or in the report of the *authorised fund manager* for that period is consistent with the accounts.

### **Provision of short report**

- 4.5.13 R (1) The *authorised fund manager* must, within four *months* after the end of each *annual accounting period* and within two *months* after the end of each *half-yearly accounting period*, respectively provide free of charge the short report in accordance with (2).
- (2) The *authorised fund manager* must send a copy of the report :

- (a) to each *unitholder* (or to the first named of joint *unitholders*) entered in or entitled to be entered in the *register* at the close of business on the last *day* of the relevant accounting period; and
- (b) to each *unitholder* of bearer *units* at his request.

- =
- (3) *Unitholders* in a *scheme* which is an *umbrella* must be provided with a report relating to the particular *sub-fund* in which they hold *units* subject to providing the long report on the *umbrella* on request in accordance with *COLL* 4.5.14R(2)(a).

#### **Publication and availability of annual and half-yearly long report**

- 4.5.14 R (1) The *authorised fund manager* must, within four *months* after the end of each *annual accounting period* and two *months* after the end of each *half-yearly accounting period* respectively, make available and publish the long report prepared in accordance with *COLL* 4.5.7R (Contents of the annual long report) or *COLL* 4.5.8R (Contents of the half-yearly long report).
- (2) The reports referred to in (1) must:
- (a) be supplied free of charge to *unitholders* who request it;
  - (b) be available in English, for inspection by the public free of charge during ordinary office hours at a place specified;
  - (c) for a *UCITS scheme*, be available for inspection by the public at a place designated by the *authorised fund manager* in each *EEA State* other than the *United Kingdom* in which *units* in the *authorised fund* are marketed, in English and in at least one of that other *EEA State's* official languages; and
  - (d) be sent to the *FSA*.

## 5 Investment and borrowing powers

### 5.1 Introduction

#### Application

- 5.1.1 R (1) *COLL 5.1 to COLL 5.5 apply to the authorised fund manager and the depositary of an authorised fund, and to an ICVC, which is or ever has been a UCITS scheme.*
- (2) *COLL 5.1, COLL 5.4 and COLL 5.6 apply to the authorised fund manager and depositary of an authorised fund, and to an ICVC, which is a non-UCITS retail scheme.*
- (3) Paragraph (2) ceases to apply if a *non-UCITS retail scheme* converts to be authorised as a *UCITS scheme*.

#### Purpose

- 5.1.2 G (1) This chapter helps in achieving the *regulatory objective* of protecting *consumers* by laying down minimum standards for the investments that may be held by an *authorised fund*. In particular:
- (a) the proportion of *transferable securities* and *derivatives* that may be held by an *authorised fund* is restricted if those *transferable securities* and *derivatives* are not listed on an *eligible market*; the intention of this is to restrict investment in *transferable securities* or *derivatives* that cannot be accurately valued and readily disposed of; and
- (b) *authorised funds* are required to comply with a number of investment *rules* that require the spreading of risk.
- (2) Table 5.1.4G gives an overview of the permissible investments and maximum investment limits for *UCITS schemes* and *non-UCITS retail schemes*.

#### Treatment of obligations

- 5.1.3 R (1) Where a *rule* in this chapter allows a transaction to be entered into or an investment to be retained only if possible obligations arising out of the transaction or out of the retention would not cause the breach of any limits in this chapter, it must be assumed that the maximum possible liability of the *authorised fund* under any other of those *rules* has also to be provided for.
- (2) Where a *rule* in this chapter permits a transaction to be entered into or an investment to be retained only if that transaction, or the retention, or other similar transactions, are covered:
- (a) it must be assumed that in applying any of those *rules*, the *authorised fund* must also simultaneously satisfy any other obligation relating to cover; and
- (b) no element of cover must be used more than once.

**Indicative overview of investment and borrowing powers**

5.1.4 G This table belongs to *COLL 5.1.2G (2)*.

<i>Scheme investments and investment techniques</i>	<i>Limits for UCITS schemes</i>		<i>Limits for non-UCITS retail schemes</i>

## 5.2 General investment powers and limits for UCITS schemes

### Application

- 5.2.1 R This section applies to an *ICVC*, an *ACD*, a *manager* of an *AUT*, a *depository* of an *ICVC* and a *trustee* of an *AUT*, where such *ICVC* or *AUT* is a *UCITS scheme*, in accordance with *COLL 5.2.2R* (Table of application).

### Table of application

- 5.2.2 R This table belongs to *COLL 5.2.1R*.

Rule	<i>ICVC</i>	<i>ACD</i>	<i>Manager of an AUT</i>	<i>Depository of an ICVC</i>	<i>Trustee of an AUT</i>
5.2.3R to 5.2.9R		x	x		
5.2.10R(1)		x	x		
5.2.10R(2)(a)&(b)		x	x		
5.2.10R(2)(c)				x	x
5.2.10R(3)		x	x		
5.2.11R to 5.2.21R		x	x		
5.2.22R	x		x		
5.2.23R(1)	x	x	x		
5.2.23R(2)	x	x	x	x	x
5.2.23R(3)	x	x	x	x	x
5.2.24R		x	x		
5.2.25G		x	x	x	x
5.2.26R		x	x		
5.2.27R	x				
5.2.28R			x		
5.2.29R to 5.2.33R	x	x	x		
Note: x means "applies"					

### Prudent spread of risk

- 5.2.3 R (1) An *authorised fund manager* must ensure that, taking account of the investment objectives and policy of the *UCITS scheme* as stated in the most recently published *prospectus*, the *scheme property* of the *UCITS scheme* aims to provide a prudent spread of risk.
- (2) The *rules* in this section relating to spread of investments do not apply until the expiry of a period of six *months* after the date of which the *authorisation order*, in respect of the *UCITS scheme*,

takes effect or on which the *initial offer* commenced, if later, provided that (1) is complied with during such period.

**Investment powers: general**

- 5.2.4 R The *scheme property* of each *UCITS scheme* must be invested only in accordance with the relevant provisions in sections *COLL 5.2* to *COLL 5.5* that are applicable to that *UCITS scheme* and up to any maximum limit so stated, but, the *instrument constituting the scheme* may further restrict:
- (1) the kind of property in which the *scheme property* may be invested;
  - (2) the proportion of the *capital property* of the *UCITS scheme* be invested in assets of any description;
  - (3) the descriptions of transactions permitted; and
  - (4) the borrowing powers of the *UCITS scheme*.

**Valuation**

- 5.2.5 R (1) In this chapter, the value of the *scheme property* of a *UCITS scheme* means the net value determined in accordance with *COLL 6.3* (Valuation and pricing), after deducting any outstanding borrowings, whether immediately due to be repaid or not.
- (2) When valuing the *scheme property* for the purposes of this chapter:
- (a) the time as at which the valuation is being carried out ("the relevant time") is treated as if it were a *valuation point*, but the valuation and the relevant time do not count as a valuation or a *valuation point* for the purposes of *COLL 6.3* (Valuation and pricing);
  - (b) *initial outlay* is to be regarded as remaining part of the *scheme property*; and
  - (c) if the *authorised fund manager*, having taken reasonable care, determines that the *UCITS scheme* will become entitled to any unrealised profit which has been made on account of a transaction in *derivatives*, that prospective entitlement is to be regarded as part of the *scheme property*.

**Valuation guidance**

- 5.2.6 G It should be noted that for the purpose of *COLL 5.2.5R*, *COLL 6.3* may

be affected by specific provisions in this chapter such as, for example, *COLL* 5.4.6R (Treatment of collateral).

**Transferable securities**

- 5.2.7 R (1) A *transferable security* is an *investment* which is any of the following:
- (a) a *share*;
  - (b) a *debenture*;
  - (c) a *government and public security*;
  - (d) a *warrant*; or
  - (e) a *certificate representing certain securities*.
- (2) An *investment* is not a *transferable security* if the title to it cannot be transferred, or can be transferred only with the consent of a third party.
- (3) In applying (2) to an *investment* which is issued by a *body corporate*, and which is a *share* or a *debenture*, the need for any consent on the part of the *body corporate* or any members or *debenture* holders of it may be ignored.
- (4) An *investment* is not a *transferable security* unless the liability of the holder of it to contribute to the debts of the issuer is limited to any amount for the time being unpaid by the holder of it in respect of the *investment*.

**UCITS schemes: general**

- 5.2.8 R (1) The *scheme property* of a *UCITS scheme* must, except where otherwise provided in the *rules* in this chapter, consist only of any or all of:
- (a) *transferable securities*;
  - (b) *units* in *collective investment schemes* permitted under *COLL* 5.2.13R (Investment in collective investment schemes);
  - (c) approved money-market instruments permitted under *COLL* 5.2.18R (Investment in money-market instruments);
  - (d) *derivatives* and forward transactions permitted under *COLL* 5.2.20R (Permitted transactions (derivatives and forwards));
- and

- (e) *deposits* permitted under *COLL 5.2.26R* (Investment in deposits).
- (2) For an *ICVC* the *scheme property* may also include movable and immovable property that is necessary for the direct pursuit of the *ICVC's* business.
- (3) *Transferable securities* and money-market instruments held within a *UCITS scheme* must be;
  - (a) admitted to or *dealt* in on an *eligible* market within *COLL 5.2.10R(1)(a)* (Eligible markets: requirements); or
  - (b) *dealt* in on an *eligible* market within *COLL 5.2.10R(1)(b)*; or
  - (c) admitted to or *dealt* in on an *eligible* market within *COLL 5.2.10R(2)*; or
  - (d) for a money-market instrument, within *COLL 5.2.18R(2)*.
- (4) Not more than 10% in value of the *scheme property* of a *UCITS scheme* is to consist of *transferable securities*, which do not fall within (3) or of money-market instruments, which do not fall within *COLL 5.2.18R(2)*.

**Eligible markets regime: purpose**

- 5.2.9 G (1) This section specifies criteria based on those in article 19 of the *UCITS Directive*, as to the nature of the markets in which the property of a *UCITS scheme* may be invested.
- (2) Where a market ceases to be *eligible*, *investments* on that market cease to be *approved securities*. The 10% restriction in *COLL 5.2.8R(4)* applies, and exceeding this limit because a market ceases to be *eligible* will generally be regarded as a breach beyond the control of the *authorised fund manager*.

**Eligible markets: requirements**

- 5.2.10 R (1) A market is *eligible* for the purposes of the *rules* in this sourcebook if it is:
- (a) a *regulated market*;
  - (b) a market in an *EEA State* which is regulated, operates regularly and is open to the public; or
  - (c) any market within (2).

- (2) A market not falling within (1)(a) and (b) is *eligible* for the purposes of the *rules* in this sourcebook if:
  - (a) the *authorised fund manager*, after consultation with and notification to the *depository* (and in the case of an *ICVC*, any other *directors*), decides that market is appropriate for investment of, or *dealing in*, the *scheme property*;
  - (b) the market is included in a list in the *prospectus*; and
  - (c) the *depository* has taken reasonable care to determine that:
    - (i) adequate custody arrangements can be provided for the *investment dealt in* on that market; and
    - (ii) all reasonable steps have been taken by the *authorised fund manager* in deciding whether that market is *eligible*.
- (3) In (2)(a), a market must not be considered appropriate unless it:
  - (a) is regulated;
  - (b) operates regularly;
  - (c) is recognised as a market or exchange or as a self-regulating organisation by an *overseas regulator*;
  - (d) is open to the public;
  - (e) is adequately liquid; and
  - (f) has adequate arrangements for unimpeded transmission of income and capital to or to the order of investors.

**Spread: general**

- 5.2.11 R (1) This *rule* does not apply to *government and public securities*.
- (2) For the purposes of this *rule* companies included in the same group for the purposes of consolidated accounts as defined in accordance with the Seventh Council Directive 83/349/EEC of 13 June 1983 based on Article 54(3)(g) of the Treaty on consolidated accounts or, in the same group in accordance with international accounting standards, are regarded as a single body.
- (3) Not more than 20% in value of the *scheme property* is to consist of *deposits* with a single body.
- (4) Not more than 5% in value of the *scheme property* is to consist of

*transferable securities* or money-market instruments issued by any single body.

- (5) The limit of 5% in (4) is raised to 10% in respect of up to 40% in value of the *scheme property*.
- (6) In applying (4) and (5), *certificates representing certain securities* are to be treated as equivalent to the underlying *security*.
- (7) The exposure to any one counterparty in an *OTC derivative* transaction must not exceed 5% in value of the *scheme property*; this limit being raised to 10% where the counterparty is an *approved bank*.
- (8) Not more than 20% in value of the *scheme property* is to consist of *transferable securities* and money-market instruments issued by the same group (as referred to in (2)).
- (9) Not more than 20% in value of the *scheme* is to consist of the *units* of any one *collective investment scheme*.
- (10) In applying the limits in (3),(4),(5), (6) and (7), not more than 20% in value of the *scheme property* is to consist of any combination of two or more of the following:
  - (a) *transferable securities* or money-market instruments issued by; or
  - (b) *deposits* made with; or
  - (c) exposures from *OTC derivatives* transactions made with; a single body.

**Spread: government and public securities**

- 5.2.12 R (1) This *rule* applies to *government and public securities* (“such *securities*”).
- (2) Where no more than 35% in value of the *scheme property* is invested in such *securities* issued by any one body, there is no limit on the amount which may be invested in such *securities* or in any one issue.
  - (3) An *authorised fund* may invest more than 35% in value of the *scheme property* in such *securities* issued by any one body provided that:

- (a) the *authorised fund manager* has before any such investment is made consulted with the *depository* and as a result considers that the issuer of such *securities* is one which is appropriate in accordance with the investment objectives of the *authorised fund*;
  - (b) no more than 30% in value of the *scheme property* consists of such *securities* of any one issue;
  - (c) the *scheme property* includes such *securities* issued by that or another issuer, of at least six different issues; and
  - (d) the disclosures in (4) have been made.
- (4) Where it is intended that (3) may apply, the *instrument constituting the scheme*, and the most recently published *prospectus*, must prominently state:
- (a) the fact that more than 35% of the *scheme property* is or may be invested in such *securities* issued by one issuer; and
  - (b) the names of the individual states, the local authorities or public international bodies issuing such *securities* in which the *authorised fund* may invest over 35% of its assets.
- (5) In this *rule* in relation to such *securities*:
- (a) issue, issued and issuer include guarantee, guaranteed and guarantor; and
  - (b) an issue differs from another if there is a difference as to repayment date, rate of interest, guarantor or other material terms of the issue.

#### **Investment in collective investment schemes**

- 5.2.13 R A *UCITS scheme* must not invest in *units* in a *collective investment scheme* (“second *scheme*”) unless the second *scheme* satisfies all of the following conditions, and provided that no more than 30% of the value of the *UCITS scheme* is invested in second *schemes* within(1)(b) to (d):
- (1) the second *scheme* must:
    - (a) satisfy the conditions necessary for it to enjoy the rights conferred by the *UCITS Directive*; or

- (b) be recognised under the provisions of section 270 of the *Act* (Schemes authorised in designated countries or territories); or
  - (c) be authorised as a *non-UCITS retail scheme* (provided the requirements of article 19(1)(e) of the *UCITS Directive* are met); or
  - (d) be authorised in another *EEA State* (provided the requirements of article 19(1)(e) of the *UCITS Directive* are met);
- (2) the second *scheme* must comply, where relevant, with *COLL* 5.2.15R (Investment in associated collective investment schemes) and *COLL* 5.2.16R (Investment in other group schemes); and
  - (3) the second *scheme* must have terms which prohibit more than 10% in value of the *scheme property* consisting of *units* in *collective investment schemes*.

**Qualifying non-UCITS collective investment schemes**

- 5.2.14 G (1) *COLL* 9.3 gives further detail as to the recognition of a *scheme* under section 270 of the *Act*.
- (2) Article 19 of the *UCITS Directive* sets out the general investment limits. So, a *non-UCITS retail scheme*, or its equivalent *EEA scheme* which has the power to invest in gold or immovables would not meet the criteria set in *COLL* 5.2.13R(1)(c) and (d).

**Investment in associated collective investment schemes**

- 5.2.15 R A *UCITS scheme* must not invest in or dispose of *units* in another *collective investment scheme* (the second *scheme*) if the second *scheme* is managed or operated by (or, for an *ICVC*, whose *ACD* is) the *authorised fund manager* of the investing *UCITS scheme* or an *associate* of that *authorised fund manager*, unless:
- (1) the *prospectus* of the investing *UCITS scheme* clearly states that the property of that investing *scheme* may include such *units*; and
  - (2) *COLL* 5.2.16R (Investment in other group schemes) is complied with.

**Investment in other group schemes**

- 5.2.16 R (1) Where:

- (a) an investment or disposal is made under *COLL* 5.2.15R; and
  - (b) there is a charge in respect of such investment or disposal;
- the *authorised fund manager* of the *UCITS scheme* making the investment or disposal must pay the *UCITS scheme* the amounts referred to in (2) or (3) within four *business days* following the date of the agreement to invest or dispose.
- (2) When an investment is made, the amount referred to in (1)(a) is either:
    - (a) any amount by which the consideration paid by the *UCITS scheme* for the *units* in the second *scheme* exceeds the price that would have been paid for the benefit of the second *scheme* had the *units* been newly issued or sold by it; or
    - (b) if such price cannot be ascertained by the *authorised fund manager* of the *authorised fund*, the maximum amount of any charge permitted to be made by the seller of *units* in the second *scheme*.
  - (3) When a disposal is made, the amount referred to in (1)(a) is any charge made for the account of the *authorised fund manager* or *operator* of the second *scheme* or an *associate* of any of them in respect of the disposal.
  - (4) In this *rule*:
    - (a) any addition to or deduction from the consideration paid on the acquisition or disposal of *units* in the second *scheme*, which is applied for the benefit of the second *scheme* and is, or is like, a *dilution levy* made in accordance with *COLL* 6.3.8R (Dilution) or *SDRT provision* made in accordance with *COLL* 6.3.7 (SDRT provision) is to be treated as part of the *price* of the *units* and not as part of any charge; and
    - (b) any charge made in respect of an exchange of *units* in one *sub-fund* or separate part of the second *scheme* for *units* in another *sub-fund* or separate part of that *scheme* is to be included as part of the consideration paid for the *units*.

**Investment in warrants and nil and partly paid securities**

- 5.2.17 R (1) Where a *UCITS scheme* invests in a *warrant*, the exposure created by the exercise of the right conferred by that *warrant* must not exceed the limits in *COLL 5.2.11R* (Spread: general) and *COLL 5.2.12R* (Spread: government and public securities).
- (2) A *transferable security* or a money-market instrument on which any sum is unpaid falls within a power of investment only if it is reasonably foreseeable that the amount of any existing and potential call for any sum unpaid could be paid by the *UCITS scheme*, at the time when payment is required, without contravening the *rules* in this chapter.

**Investment in money-market instruments**

- 5.2.18 R A *UCITS scheme* may invest in money-market instruments which are normally dealt in on the money market, are liquid and whose value can be accurately determined at any time, provided the money-market instrument is:
- (1) within *COLL 5.2.8R(3)*(UCITS schemes: general); or
- (2) a money-market instrument issued or guaranteed by:
- (a) a central, regional or local authority or central bank of an *EEA State*, the European Central Bank, the European Union or the European Investment Bank, a non-*EEA State* or, in the case of a federal state, by one of the members making up the federation, or by a public international body to which one or more *EEA States* belong; or
- (b) an establishment subject to prudential supervision in accordance with criteria defined by Community law or an establishment which is subject to and complies with prudential rules considered by the *FSA* to be at least as stringent as those laid down by Community law; or
- (3) issued by a body, any *securities* of which are *dealt* in on an *eligible* market.

**Derivatives: general**

- 5.2.19 R (1) A transaction in *derivatives* or a forward transaction must not be effected for a *UCITS scheme* unless:

- (a) the transaction is of a kind specified in *COLL 5.2.20R* (Permitted transactions (derivatives and forwards)); and
  - (b) the transaction is covered, as required by *COLL 5.3.3R* (Cover for transactions in derivatives and forward transactions).
- (2) Where a *UCITS scheme* invests in *derivatives*, the exposure to the underlying assets must not exceed the limits in *COLL 5.2.11R* (Spread: general) and *COLL 5.2.12R* (Spread: government and public securities) save as provided in (4).
  - (3) Where a *transferable security* or money-market instrument embeds a *derivative*, this must be taken into account for the purposes of complying with this section.
  - (4) Where a *scheme* invests in an index based *derivative*, provided the relevant index falls within *COLL 5.2.33R* (Relevant indices) the underlying constituents of the index do not have to be taken into account for the purposes of *COLL 5.2.11R* and *COLL 5.2.12R*.
  - (5) The relaxation in (4) is subject to the *authorised fund manager* taking account of *COLL 5.2.3R* (Prudent spread of risk).

**Permitted transactions (derivatives and forwards)**

- 5.2.20 R (1) A transaction in a *derivative* must:
- (a) be in an *approved derivative*; or
  - (b) be one which complies with *COLL 5.2.23R* (OTC transactions in derivatives).
- (2) The underlying of a transaction in a *derivative* must consist of any one or more of the following to which the *scheme* is *dedicated*:
- (a) *transferable securities*;
  - (b) money-market instruments permitted under *COLL 5.2.18R* (Investment in money-market instruments);
  - (c) *deposits* permitted under *COLL 5.2.26R* (Investment in deposits);
  - (d) *derivatives* permitted under this *rule*;
  - (e) *collective investment scheme units* permitted under *COLL 5.2.13R* (Investment in collective investment

- schemes);
  - (f) financial indices;
  - (g) interest rates;
  - (h) foreign exchange rates; and
  - (i) currencies.
- (3) A transaction in an *approved derivative* must be effected on or under the rules of an *eligible derivatives* market.
  - (4) A transaction in a *derivative* must not cause a *scheme* to diverge from its investment objectives as stated in the *instrument constituting the scheme* and the most recently published *prospectus*.
  - (5) A transaction in a *derivative* must not be entered into if the intended effect is to create the potential for an uncovered sale of one or more *transferable securities*, money-market instruments, *units* in *collective investment schemes* or *derivatives*.
  - (6) Any forward transaction must be made with an *eligible institution* or an *approved bank*.

#### **Transactions for the purchase of property**

- 5.2.21 R A *derivative* or forward transaction which will or could lead to the delivery of property for the account of the *UCITS scheme* may be entered into only if:
- (1) that property can be held for the account of the *UCITS scheme*;
  - and
  - (2) the *authorised fund manager* having taken reasonable care determines that delivery of the property under the transaction will not occur or will not lead to a breach of the *rules* in this sourcebook.

#### **Requirement to cover sales**

- 5.2.22 R (1) No agreement by or on behalf of a *UCITS scheme* to dispose of property or rights may be made unless:

- (a) the obligation to make the disposal and any other similar obligation could immediately be honoured by the *UCITS scheme* by delivery of property or the assignment (or, in Scotland, assignation) of rights; and
  - (b) the property and rights at (a) are owned by the *UCITS scheme* at the time of the agreement.
- (2) Paragraph (1) does not apply to a *deposit*.

**OTC transactions in derivatives**

5.2.23 R A transaction in an *OTC derivative* under *COLL 5.2.20R(1)(b)* must be:

- (1) with an approved counterparty; a counterparty to a transaction in *derivatives* is approved only if the counterparty is:
  - (a) an *eligible institution* or an *approved bank*; or
  - (b) a *person* whose *permission* (including any *requirements* or *limitations*), as published in the *FSA Register*, or whose *Home State authorisation*, permits it to enter into the transaction as *principal off-exchange*;
- (2) on approved terms; the terms of the transaction in *derivatives* are approved only if, before the transaction is entered into, the *depository* is satisfied that the counterparty has agreed with the *ICVC* or the *authorised fund manager*:
  - (a) to provide a reliable and verifiable valuation in respect of that transaction at least daily and at any other time at the request of the *ICVC* or *authorised fund manager*; and
  - (b) that it will, at the request of the *ICVC* or *authorised fund manager*, enter into a further transaction to *close out* that transaction at any time, at a fair value arrived at under the pricing model or other reliable basis agreed under (3); and
- (3) capable of valuation; a transaction in *derivatives* is capable of valuation only if the *authorised fund manager* having taken reasonable care determines that, throughout the life of the *derivative* (if the transaction is entered into), it will be able to value the *investment* concerned with reasonable accuracy:

- (a) on the basis of the pricing model which has been agreed between the *authorised fund manager* and the *depository*; or
- (b) on some other reliable basis reflecting an up-to-date market value which has been so agreed.

**Risk management: derivatives**

- 5.2.24 R (1) An *authorised fund manager* must use a risk management process enabling it to monitor and measure as frequently as appropriate the risk of a *scheme's derivatives* and forwards positions and their contribution to the overall risk profile of the *scheme*.
- (2) The following details of the risk management process must be notified by the *authorised fund manager* to the *FSA* in advance of the use of the process as required by (1):
- (a) the methods for estimating risks in *derivative* and forward transactions; and
  - (b) the types of *derivatives* and forwards to be used within the *scheme* together with their underlying risks and any relevant quantitative limits.
- (3) The *authorised fund manager* must notify the *FSA* in advance of any material alteration to the details in (2)(a) or (b).

**Risk management process**

- 5.2.25 G (1) The risk management process should take account of the investment objectives and policy of the *scheme* as stated in the most recent *prospectus*.
- (2) The *depository* should take reasonable care to review the appropriateness of the risk management process in line with its duties under *COLL* 6.6.14R (Duties of the depository and authorised fund manager: investment and borrowing powers), as appropriate.

- (3) An *authorised fund manager* is expected to demonstrate more sophistication in its risk management process for a *scheme* with a complex risk profile than for one with a simple risk profile. In particular, the risk management process should take account of any characteristic of non-linear dependence in the value of a position to its underlying.
- (4) An *authorised fund manager* should take reasonable care to establish and maintain such systems and controls as are appropriate to its business as required by SYSC 3.1 (Systems and controls).
- (5) The risk management process should enable the analysis required by COLL 5.2.24R to be undertaken at least daily or at each *valuation point* whichever is the more frequent.

#### **Investment in deposits**

5.2.26 R A *UCITS scheme* may invest in *deposits* only if it:

- (1) is with an *approved bank*;
- (2) is:
  - (a) repayable on demand; or
  - (b) has the right to be withdrawn; and
- (3) matures in no more than 12 *months*.

#### **Significant influence for ICVCs**

- 5.2.27 R (1) An *ICVC* must not acquire *transferable securities* issued by a *body corporate* and carrying rights to vote (whether or not on substantially all matters) at a general meeting of that *body corporate* if:
- (a) immediately before the acquisition, the aggregate of any such *securities* held by the *ICVC* gives the *ICVC* power to influence significantly the conduct of business of that *body corporate*; or
  - (b) the acquisition gives the *ICVC* that power.

- (2) For the purpose of (1), an *ICVC* is to be taken to have power significantly to influence the conduct of business of a *body corporate* if it can, because of the *transferable securities* held by it, exercise or control the exercise of 20% or more of the voting rights in that *body corporate* (disregarding for this purpose any temporary suspension of voting rights in respect of the *transferable securities* of that *body corporate*).

#### **Significant influence for managers of AUTs**

- 5.2.28 R (1) A *manager* must not acquire, or cause to be acquired for an *AUT* of which it is the *manager*, *transferable securities* issued by a *body corporate* and carrying rights to vote (whether or not on substantially all matters) at a general meeting of the *body corporate* if:
- (a) immediately before the acquisition, the aggregate of any such *securities* held for that *AUT*, taken together with any such *securities* already held for other *AUTs* of which it is also the *manager*, gives the *manager* power significantly to influence the conduct of business of that *body corporate*; or
  - (b) the acquisition gives the *manager* that power.
- (2) For the purpose of (1), a *manager* is to be taken to have power significantly to influence the conduct of business of a *body corporate* if it can, because of the *transferable securities* held for all the *AUTs* of which it is the *manager*, exercise or control the exercise of 20% or more of the voting rights in that *body corporate* (disregarding for this purpose any temporary suspension of voting rights in respect of the *transferable securities* of that *body corporate*).

#### **Concentration**

- 5.2.29 R A *UCITS scheme*:
- (1) must not acquire *transferable securities* (other than *debt securities*) which:
    - (a) do not carry a right to vote on any matter at a general meeting of the *body corporate* that issued them; and

- (b) represent more than 10% of those *securities* issued by that *body corporate*;
- (2) must not acquire more than 10% of the *debt securities* issued by any single body;
- (3) must not acquire more than 25% of the *units* in a *collective investment scheme*;
- (4) must not acquire more than 10% of the money-market instruments issued by any single body; and
- (5) need not comply with the limits in (2), (3) and (4) if, at the time of acquisition, the net amount in issue of the relevant *investment* cannot be calculated.

#### **UCITS schemes that are umbrellas**

- 5.2.30 R (1) In relation to a *UCITS scheme* which is an *umbrella*, the provisions in *COLL 5.2* to *COLL 5.5* apply to each *sub-fund* as they would for an *authorised fund*, except the following *rules* which apply at the level of the *umbrella* only:
- (a) *COLL 5.2.27R* (Significant influence for ICVCs);
  - (b) *COLL 5.2.28R* (Significant influence for managers of AUTs); and
  - (c) *COLL 5.2.29R* (Concentration).
- (2) A *sub-fund* must not invest in another *sub-fund* of the same *umbrella*.

#### **Schemes replicating an index**

- 5.2.31 R (1) A *UCITS scheme* may invest up to 20% in value of the *scheme property* in *shares* and *debentures* which are issued by the same body where the investment policy of that *scheme* as stated in the most recently published *prospectus* is to replicate the composition of a relevant index which satisfies the criteria specified in *COLL 5.2.33R* (Relevant indices).
- (2) The limit in (1) can be raised for a particular *UCITS scheme* up to 35% in value of the *scheme property*, but only in respect of one body and where justified by exceptional market conditions.

#### **Index replication**

- 5.2.32 G In the case of a *UCITS scheme* replicating an index under *COLL 5.2.31R* (Schemes replicating an index) the *scheme property* need not consist of the exact composition and weighting of the underlying in the relevant index where deviation from this is expedient for reasons of poor liquidity or excessive cost to the *scheme* in trading in an underlying *investment*.

**Relevant indices**

- 5.2.33 R The indices referred to in *COLL 5.2.31R* are those which satisfy the following criteria:
- (1) the composition is sufficiently diversified;
  - (2) the index is a representative benchmark for the market to which it refers; and
  - (3) the index is published in an appropriate manner.

## **Derivative exposure**

### **Application**

- 5.3.1 R This section applies to an *authorised fund manager* of a *UCITS scheme* and to an *ICVC* which is a *UCITS scheme*.

### **Introduction**

- 5.3.2 G (1) A *scheme* may invest in *derivatives* and forward transactions as long as the exposure to which the *scheme* is committed by that transaction itself is suitably covered from within its *scheme property*. Exposure will include any *initial outlay* in respect of that transaction.
- (2) Cover ensures that a *scheme* is not exposed to the risk of loss of property, including *money*, to an extent greater than the net value of the *scheme property*. Therefore, a *scheme* is required to hold *scheme property* sufficient in value or amount to match the exposure arising from a *derivative* obligation to which the *scheme* is committed. *COLL 5.3.3R* (Cover for transactions in derivatives and forward transactions) sets out detailed requirements for cover of a *scheme*.
- (3) In accordance with *COLL 5.1.3R(2)(b)* (Treatment of obligations), cover used in respect of one transaction in *derivatives* or forward transaction should not be used for cover in respect of another transaction in *derivatives* or a forward transaction.

### **Cover for transactions in derivatives and forward transactions**

- 5.3.3 R (1) A transaction in *derivatives* or forward transaction may be entered into only if the maximum exposure, in terms of the *principal* or *notional principal* created by the transaction to which the *scheme* is or may be committed by another *person*, is covered globally under (2).
- (2) Exposure is covered globally if adequate cover from within the *scheme property* is available to meet the *scheme's* total exposure, taking into account the value of the underlying assets, any reasonably foreseeable market movement,

counterparty risk, and the time available to liquidate any positions.

- (3) Cash not yet received into the *scheme property* but due to be received within one *month* is available as cover for the purposes of (2).
- (4) Property the subject of a transaction under *COLL* 5.4 (Stock lending) is only available for cover if the *authorised fund manager* has taken reasonable care to determine that it is obtainable (by return or re-acquisition) in time to meet the obligation for which cover is required.
- (5) The total exposure relating to *derivatives* held in a *UCITS scheme* may not exceed the net value of the *scheme property*.

#### **Guidance on cover**

- 5.3.4 G An *authorised fund manager* should note that the scope of *COLL* 5.3.3R is extended in relation to underwriting commitments by *COLL* 5.5.8R(4) (General power to accept or underwrite placings).

#### **Borrowing**

- 5.3.5 R (1) Cash obtained from borrowing, and borrowing which the *authorised fund manager* reasonably regards an *eligible institution* or an *approved bank* to be committed to provide, is not available for cover under *COLL* 5.3.3R (Cover for transactions in derivatives and forward transactions), except if (2) applies.
- (2) Where, for the purposes of this section, the *ICVC* or the *trustee* for the account of the *AUT* on the instructions of the *manager*:
- (a) borrows an amount of currency from an *eligible institution* or an *approved bank*; and
  - (b) keeps an amount in another currency, at least equal to the borrowing for the time being in (a), on *deposit* with the lender (or his agent or nominee);
- then this section applies as if the borrowed currency, and not the deposited currency, were part of the *scheme property*.

#### **Continuing nature of limits and requirements**

- 5.3.6 R (1) An *authorised fund manager* must, (as frequently as necessary), re-calculate the amount of cover required in respect of *derivatives* and forward positions already in existence under this section.
- (2) *Derivatives* and rights under forward transactions may be retained in the *scheme property* only so long as they remain covered globally under *COLL 5.3.3R*.

## 5.4 Stock lending

### Application

- 5.4.1 R (1) This section applies to a *depository* of an *authorised fund* which is a *UCITS scheme* or a *non-UCITS retail scheme*.
- (2) *COLL 5.4.3R* (Stock lending: general) also applies to:
- (a) an *ICVC* which is a *UCITS scheme* or a *non-UCITS retail scheme*; and
  - (b) a *manager* of an *AUT* which is a *UCITS scheme* or a *non-UCITS retail scheme*.
- (3) *COLL 5.4.4R* (Stock lending: requirements) also applies to an *ICVC* which is a *UCITS scheme* or a *non-UCITS retail scheme*.

### Permitted stock lending

- 5.4.2 G (1) This section permits the generation of additional income for the benefit of the *authorised fund*, and hence for its investors, by entry into *stock lending* transactions for the account of the *authorised fund*.
- (2) The specific method of *stock lending* permitted in this section is in fact not a transaction which is a loan in the normal sense. Rather it is an arrangement of the kind described in section 263B of the Taxation of Chargeable Gains Act 1992, under which the lender transfers *securities* to the borrower otherwise than by way of *sale* and the borrower is to transfer those *securities*, or *securities* of the same type and amount, back to the lender at a later date. In accordance with good market practice, a separate transaction by way of transfer of assets is also involved for the purpose of providing *collateral* to the "lender" to cover him against the risk that the future transfer back of the *securities* may not be satisfactorily completed.

### Stock lending: general

- 5.4.3 R The *stock lending* permitted by this section may be exercised by an *authorised fund* when it reasonably appears to the *ICVC* or to the *manager* to be appropriate to do so with a view to generating additional income for the *authorised fund* with an acceptable degree of risk.

**Stock lending: requirements**

- 5.4.4 R (1) An *ICVC*, or the *depository* at the request of the *ICVC*, or the *trustee* at the request of the *manager*, may enter into a *stock lending* arrangement of the kind described in section 263B of the Taxation of Chargeable Gains Act 1992 (without extension by section 263C), but only if:
- (a) all the terms of the agreement under which *securities* are to be reacquired by the *depository* for the account of the *ICVC* or by the *trustee*, are in a form which is acceptable to the *depository* or to the *trustee* and are in accordance with good market practice;
  - (b) the counterparty is an *authorised person* or a *person* authorised by a *Home State regulator*; and
  - (c) *collateral* is obtained to secure the obligation of the counterparty under the terms referred to in (a) and the *collateral* is:
    - (i) acceptable to the *depository*;
    - (ii) adequate within *COLL 5.4.6R(1)*; and
    - (iii) sufficiently immediate within *COLL 5.4.6R(2)*.
- (2) The counterparty for the purpose of (1) is the *person* who is obliged under the agreement referred to in (1)(a) to transfer to the *depository* the *securities* transferred by the *depository* under the *stock lending* arrangement or *securities* of the same kind.

**Stock lending: treatment of collateral**

- 5.4.5 G Where a *stock lending* arrangement is entered into, the *scheme property* remains unchanged in terms of value. The *securities* transferred cease to be part of the *scheme property*, but there is

obtained in return an obligation on the part of the counterparty to transfer back equivalent *securities*. The *depository* will also receive *collateral* to set against the risk of default in transfer, and that *collateral* is equally irrelevant to the valuation of the *scheme property* (because it is transferred against an obligation of equivalent value by way of re-transfer). *COLL 5.4.6R* accordingly makes provision for the treatment of the *collateral* in that context.

#### **Treatment of collateral**

- 5.4.6 R (1) *Collateral* is adequate for the purposes of this section only if it is:
- (a) transferred to the *depository* or its agent;
  - (b) at least equal in value, at the time of the transfer to the *depository*, to the value of the *securities* transferred by the *depository*; and
  - (c) in the form of one or more of:
    - (i) cash; or
    - (ii) *government and public securities*; or
    - (iii) a certificate of *deposit*; or
    - (iv) a letter of *credit*; or
    - (v) a *readily realisable security*.
- (2) *Collateral* is sufficiently immediate for the purposes of this section if:
- (a) it is transferred before or at the time of the transfer of the *securities* by the *depository*; or
  - (b) the *depository* takes reasonable care to determine at the time referred to in (a) that it will be transferred at the latest by the close of business on the *day* of the transfer.
- (3) The *depository* must ensure that the value of the *collateral* at all times is at least equal to the value of the *securities* transferred by the *depository*.
- (4) The duty in (3) may be regarded as satisfied in respect of *collateral* the validity of which is about to expire or has expired where the *depository* takes reasonable care to

determine that sufficient *collateral* will again be transferred at the latest by the close of business on the *day* of expiry.

- (5) Any agreement for transfer at a future date of *securities* or of *collateral* (or of the equivalent of either) under this section may be regarded, for the purposes of valuation under *COLL* 6.3 (Valuation and pricing) or this chapter, as an unconditional agreement for the *sale* or transfer of property, whether or not the property is part of the property of the *authorised fund*.
- (6) *Collateral* transferred to the *depository* is part of the *scheme property* for the purposes of the *rules* in this sourcebook, except in the following respects:
  - (a) it does not fall to be included in any valuation for the purposes of *COLL* 6.3 or this chapter, because it is offset under (5) by an obligation to transfer; and
  - (b) it does not count as *scheme property* for any purpose of this chapter other than this section.
- (7) Paragraph (5) and (6)(a) do not apply to any valuation of *collateral* itself for the purposes of this section.

**Limitation by value**

- 5.4.7 R There is no limit on the value of the *scheme property* which may be the subject of *stock lending* transactions within this section.

## 5.5 Cash, borrowing, lending and other provisions

### Application

- 5.5.1 R This section applies to an *ICVC*, an *ACD*, a *manager* of an *AUT*, a *depository* of an *ICVC* and a *trustee* of an *AUT*, where such *ICVC* or *AUT* is a *UCITS scheme* as set out in *COLL 5.5.2R* (Table of application).

### Table of application

- 5.5.2 R This table belongs to *COLL 5.5.1R*.

Rule	<i>ICVC</i>	<i>ACD</i>	<i>Manager of an AUT</i>	<i>Depository of an ICVC</i>	<i>Trustee of an AUT</i>
5.5.3R		x	x		
5.5.4R(1) to (3)	x				x
5.5.4R(4)&(5)		x	x		
5.5.4R(6)				x	x
5.5.4R(7)	x	x	x	x	x
5.5.4R(8)	x				
5.5.5R(1) to (3)		x	x		
5.5.5R(4)	x	x			
5.5.6R(1)&(2)	x		x		x
5.5.6R(3)	x				
5.5.7R(1)-(3)	x		x		x
5.5.7R(4)	x			x	x
5.5.8R	x	x	x		
5.5.9R	x			x	x
5.5.10G	x	x	x	x	x
Note: x means "applies"					

### Cash and near cash

- 5.5.3 R (1) Cash and *near cash* must not be retained in the *scheme property* except to the extent that this may reasonably be regarded as necessary in order to enable:
- (a) the pursuit of the *scheme's* investment objectives; or
  - (b) *redemption* of *units*; or
  - (c) efficient management of the *authorised fund* in accordance with its investment objectives; or

- (d) other purposes which may reasonably be regarded as ancillary to the investment objectives of the *authorised fund*.
- (2) During the period of the *initial offer* the *scheme property* may consist of cash and *near cash* without limitation.

**General power to borrow**

- 5.5.4 R (1) The *ICVC* or *trustee* (on the instructions of the *manager*) may, in accordance with this *rule* and *COLL 5.5.5R* (Borrowing limits), borrow *money* for the use of the *authorised fund* on terms that the borrowing is to be repayable out of the *scheme property*.
- (2) Paragraph (1) is subject to the obligation of the *authorised fund* to comply with any restriction in the *instrument constituting the scheme*.
  - (3) The *ICVC* or *trustee* may borrow under (1) only from an *eligible institution* or an *approved bank*.
  - (4) The *authorised fund manager* must ensure that any borrowing is on a temporary basis and that borrowings are not persistent, and for this purpose the *authorised fund manager* must have regard in particular to:
    - (a) the duration of any period of borrowing; and
    - (b) the number of occasions on which resort is had to borrowing in any period.
  - (5) In addition to complying with (4), the *authorised fund manager* must ensure that no period of borrowing exceeds three *months*, whether in respect of any specific sum or at all, without the prior consent of the *depository*.
  - (6) The *depository* may only give its consent as required under (5) on such conditions as appear to the *depository* appropriate to ensure that the borrowing does not cease to be on a temporary basis only.
  - (7) This *rule* does not apply to "back to back" borrowing under

*COLL 5.3.5R(2)* (Borrowing).

- (8) An *ICVC* must not issue any *debenture* unless it acknowledges or creates a borrowing that complies with (1) to (6)

**Borrowing limits**

- 5.5.5 R (1) The *authorised fund manager* must ensure that the *authorised fund's* borrowing does not, on any *day*, exceed 10% of the value of the *scheme property*.
- (2) This *rule* does not apply to "back to back" borrowing under *COLL 5.3.5R(2)*(Borrowing).
- (3) In this *rule*, borrowing includes, as well as borrowing in a conventional manner, any other arrangement (including a combination of *derivatives*) designed to achieve a temporary injection of *money* into the *scheme property* in the expectation that the sum will be repaid.
- (4) For an *ICVC*, borrowing does not include any arrangement for the *ICVC* to pay to a third party (including the *ACD*) any costs which the *ICVC* is entitled to amortise under the *rules* in this sourcebook and which were paid on behalf of the *ICVC* by the third party.

**Restrictions on lending of money**

- 5.5.6 R (1) None of the *money* in the *scheme property* of an *authorised fund* may be lent and, for the purposes of this prohibition, *money* is lent by an *authorised fund* if it is paid to a *person* ("the payee") on the basis that it should be repaid, whether or not by the payee.
- (2) Acquiring a *debenture* is not lending for the purposes of (1); nor is the placing of *money* on deposit or in a current account.
- (3) Paragraph (1) does not prevent an *ICVC* from providing an *officer* of the *ICVC* with funds to meet expenditure to be incurred by him for the purposes of the *ICVC* (or for the purposes of enabling him properly to perform his duties as an *officer* of the *ICVC*) or from doing anything to enable an *officer* to avoid incurring such expenditure.

### **Restrictions on lending of property other than money**

- 5.5.7 R (1) The *scheme property* of an *authorised fund* other than *money* must not be lent by way of deposit or otherwise.
- (2) Transactions permitted by *COLL 5.4* (Stock lending) are not to be regarded as lending for the purposes of (1).
- (3) The *scheme property* must not be mortgaged.
- (4) Nothing in this *rule* prevents the *ICVC* or the *depository* at the request of the *ICVC*, or the *trustee* at the request of the *manager*, from lending, depositing, pledging or charging *scheme property* for *margin* requirements where transactions in *derivatives* or forward transactions are used for the account of the *authorised fund* in accordance with any other of the *rules* in this chapter.

### **General power to accept or underwrite placings**

- 5.5.8 R (1) Any power in this chapter to invest in *transferable securities* may be used for the purpose of entering into transactions to which this *rule* applies, subject to compliance with any restriction in the *instrument constituting the scheme*.
- (2) This *rule* applies to any agreement or understanding which:
- (a) is an underwriting or sub-underwriting agreement; or
  - (b) contemplates that *securities* will or may be issued or subscribed for or acquired for the account of the *authorised fund*.
- (3) Paragraph (2) does not apply to:
- (a) an *option*; or
  - (b) a purchase of a *transferable security* which confers a right to:
    - (i) subscribe for or acquire a *transferable security*; or
    - (ii) convert one *transferable security* into another.
- (4) The exposure of an *authorised fund* to agreements and understandings within (2) must, on any *day*, be:
- (a) covered under *COLL 5.3.3R* (Cover for transactions in derivatives and forward transactions); and

- (b) such that, if all possible obligations arising under them had immediately to be met in full, there would be no breach of any limit in this chapter.

**Guarantees and indemnities**

- 5.5.9 R (1) An *ICVC* or a *depository* for the account of an *authorised fund* must not provide any guarantee or indemnity in respect of the obligation of any *person*.
- (2) None of the *scheme property* of an *authorised fund* may be used to discharge any obligation arising under a guarantee or indemnity with respect to the obligation of any *person*.
- (3) Paragraphs (1) and (2) do not apply to:
- (a) any indemnity or guarantee given for *margin* requirements where the *derivatives* or forward transactions are being used in accordance with the *rules* in this chapter; and
  - (b) for an *ICVC*:
    - (i) an indemnity falling within the provisions of regulation 62(3) of the *OEIC Regulations* (Exemptions from liability to be void);
    - (ii) an indemnity (other than any provision in it which is void under regulation 62 of the *OEIC Regulations*) given to the *depository* against any liability incurred by it as a consequence of the safekeeping of any of the *scheme property* by it or by anyone retained by it to assist it to perform its function of the safekeeping of the *scheme property*; and
    - (iii) an indemnity given to a *person* winding up a *scheme* if the indemnity is given for the purposes of arrangements by which the whole or part of the property of that *scheme* becomes the first property of the *ICVC* and the *holders* of *units* in that *scheme* become the first *unitholders* in the *ICVC*; and
  - (c) for an *AUT*, an indemnity given to a *person* winding up a body corporate or other *scheme* in circumstances where

those assets are becoming part of the *scheme property* by way of a *unitisation*.

**Guidance on restricting payments**

- 5.5.10 G *COLL* 6.7.15R (Payment of liabilities on transfer of assets) and *COLL* 6.7.4R (Payments out of scheme property) contain provisions restricting payments out of *scheme property*.

## 5.6 Investment powers and borrowing limits for non – UCITS retail schemes

### Application

- 5.6.1 R (1) This section applies to the *authorised fund manager* and the *depository* of a *non-UCITS retail scheme* and to an *ICVC* which is a *non-UCITS retail scheme*.
- (2) Where this section contains a reference to a *rule* in any of *COLL 5.1* to *COLL 5.5*, these *rules* and any *rules* to which they refer or any relevant *guidance* should be read as if any reference to a *UCITS scheme* is to a *non-UCITS retail scheme*.

### Explanation of COLL 5.6

- 5.6.2 G (1) This section contains *rules* on the types of permitted investments and any relevant limits with which *non-UCITS retail schemes* must comply. These *rules* allow for the relaxation of certain investment and borrowing powers from the requirements of the *UCITS Directive*. Consequently, a *scheme* authorised as a *non-UCITS retail scheme* will not qualify for the cross border passporting rights conferred by the *UCITS Directive* on a *UCITS scheme*.
- (2) Some examples of the different investment and borrowing powers under the *rules* in this section for *non-UCITS retail schemes* are the power to:
- (a) invest not more than 10% of the value of *scheme property* in *transferable securities* or money-market instruments issued by any single body;
  - (b) invest in up to 20% in aggregate of the value of the *scheme property* in *transferable securities* which are not *approved securities* and unregulated *schemes*;
  - (c) invest in a wider range of *schemes* which do not comply with the requirements of the *UCITS Directive*;
  - (d) include gold in the *scheme property* (up to a limit of 10% of the value of the *scheme property*);
  - (e) include immovables in the *scheme property*; and

- (f) borrow on a non-temporary basis without any specific time limit as to repayment of the borrowing.

**Prudent spread of risk**

- 5.6.3 R (1) An *authorised fund manager* must ensure that, taking account of the investment objectives and policy of the *non-UCITS retail scheme* as stated in its most recently published *prospectus*, the *scheme property* of the *non-UCITS retail scheme* aims to provide a prudent spread of risk
- (2) The *rules* in this section relating to spread of investments do not apply during any period in which it is not reasonably practical to comply, provided that (1) is complied with during such period.

**Investment powers: general**

- 5.6.4 R (1) The *scheme property* of a *non-UCITS retail scheme* may, subject to the *rules* in this section, comprise any assets or *investments* to which it is *dedicated*.
- (2) For an *ICVC*, the *scheme property* may also include movable or immovable property that is necessary for the direct pursuit of the *ICVC's* business of investing in those assets or investments.
- (3) The *scheme property* must be invested only in accordance with the relevant provisions in this section that are applicable to that *non-UCITS retail scheme* and within any upper limit specified in this section.
- (4) The *instrument constituting the scheme* may restrict the investment powers of a *scheme* further than the relevant restrictions in this section.
- (5) The *scheme property* may only, except where otherwise provided in the *rules* in this section, consist of any one or more of:
- (a) *transferable securities*;
  - (b) money-market instruments;

- (c) *units in collective investment schemes* permitted under *COLL 5.6.10R* (Investment in collective investment schemes);
- (d) *derivatives* and forward transactions permitted under *COLL 5.6.13R* (Permitted transactions (derivatives and forwards));
- (e) *deposits* permitted under *COLL 5.2.26R* (Investment in deposits);
- (f) immovables permitted under *COLL 5.6.18R* (Investment in property) and *COLL 5.6.19R* (Investment limits for immovables); and
- (g) gold up to a limit of 10% in value of the *scheme property*.

**Transferable securities and money-market instruments**

5.6.5 R *Transferable securities* and money-market instruments held within a *non-UCITS retail scheme* must:

- (1) be admitted to or *dealt* in on an *eligible* market within *COLL 5.2.10R*(Eligible markets: requirements); and
- (2) subject to a limit of 20% in value of the *scheme property* be:
  - (a) *transferable securities* which are not *approved securities*;
  - or
  - (b) money-market instruments which are liquid and have a value which can be determined accurately at any time.

**Valuation**

5.6.6 R In this section the value of the *scheme property* means the value of the *scheme property* determined in accordance with *COLL 5.2.5R* (Valuation).

**Spread: general**

- 5.6.7 R (1) This *rule* does not apply in respect of *government and public securities*.
- (2) Not more than 20% in value of the *scheme property* is to consist of *deposits* with a single body.

- (3) Not more than 10% in value of the *scheme property* is to consist of *transferable securities* or money-market instruments issued by any single body subject to *COLL 5.6.23R* (Schemes replicating an index).
- (4) In applying (3) *certificates representing certain securities* are to be treated as equivalent to the underlying *security*.
- (5) The exposure to any one counterparty in an *OTC derivative* transaction must not exceed 10% in value of the *scheme*.
- (6) Except for a *feeder fund*, not more than 35% in value of the *scheme* is to consist of the *units* of any one *scheme*.

**Spread: government and public securities**

- 5.6.8 R (1) This *rule* applies in respect of *government and public securities*.
- (2) The requirements in *COLL 5.2.12R* (Spread: government and public securities) apply to investment in *government and public securities* by a *non-UCITS retail scheme*.

**Investment in warrants and nil and partly paid securities**

- 5.6.9 R A *non-UCITS retail scheme* must not invest in *warrants*, and nil and partly paid *securities* unless the investment complies with the conditions in *COLL 5.2.17R* (Investment in warrants and nil and partly paid securities).

**Investment in collective investment schemes**

- 5.6.10 R A *non-UCITS retail scheme* must not invest in *units* in a *collective investment scheme* (second *scheme*) unless the second *scheme* meets each of the requirements at (1) to (4):
- (1) the second *scheme*:
    - (a) satisfies the conditions necessary for it to enjoy the rights conferred by the *UCITS Directive*; or
    - (b) is a *non-UCITS retail scheme*; or
    - (c) is a *recognised scheme*; or
    - (d) is constituted outside the *United Kingdom* and the investment and borrowing powers of which are the same or more restrictive than those of a *non-UCITS retail scheme*; or

- (e) is a *scheme* not falling within (a) to (d) and in respect of which no more than 20% in value of the *scheme property* (including any *transferable securities* which are not *approved securities*) is invested;
- (2) the second *scheme* operates on the principle of the prudent spread of risk;
- (3) the second *scheme* is prohibited from having more than 15% in value of the property of that *scheme* consisting of *units* in *collective investment schemes*; and
- (4) the *participants* in the second *scheme* must be entitled to have their *units* redeemed in accordance with the *scheme* at a *price*:
  - (a) related to the net value of the property to which the *units* relate; and
  - (b) determined in accordance with the *scheme*.

**Investment in associated collective investment schemes**

- 5.6.11 R *Units* in a *scheme* do not fall within COLL 5.6.10R if that *scheme* is managed or operated by (or, if it is an *ICVC*, has as its *ACD*) the *authorised fund manager* of the investing *non-UCITS retail scheme* or by an *associate* of that *authorised fund manager*, unless:
- (1) the *prospectus* of the investing *authorised fund* clearly states that the property of that investing fund may include such *units*; and
  - (2) the conditions in COLL 5.2.16R (Investment in other group schemes) are complied with.

**Derivatives: general**

- 5.6.12 R (1) A transaction in *derivatives* or a forward transaction must not be effected for a *non-UCITS retail scheme* unless the transaction is:
- (a) of a kind specified in COLL 5.2.20R (Permitted transactions (derivatives and forwards)); and
  - (b) covered, as required by COLL 5.3.3R (Cover for transactions in derivatives and forward transactions).

- (2) Where a *scheme* invests in *derivatives*, the exposure to the underlying assets must not exceed the limits in *COLL 5.6.7R* (Spread: general) and *COLL 5.6.8R* (Spread: government and public securities) except as provided in (4).
- (3) Where a *transferable security* or money-market instrument embeds a *derivative*, this must be taken into account for the purposes of calculating any limit in this section.
- (4) Where a *scheme* invests in an index-based *derivative*, provided the relevant index falls within *COLL 5.6.23R* (Schemes replicating an index) the underlying constituents of the index do not have to be taken into account for the purposes of *COLL 5.6.7R* and *COLL 5.6.8R*.
- (5) The relaxation in (4) is subject to the *authorised fund manager* taking account of *COLL 5.6.3R* (Prudent spread of risk).

**Permitted transactions (derivatives and forwards)**

- 5.6.13 R (1) A transaction in a *derivative* must be within *COLL 5.2.20R(1)* (Permitted transactions (derivatives and forwards)) and:
- (a) the underlying must be within *COLL 5.2.20R(2)* or *COLL 5.6.4R(5)* (Investment powers: general); and
  - (b) the exposure to the underlying must not exceed the limits in *COLL 5.6.7R* (Spread: general) and *COLL 5.6.8R* (Spread: government and public securities).
- (2) A transaction in an *approved derivative* must be effected on or under the rules of an *eligible derivatives* market.
  - (3) A transaction in a *derivative* must not cause a *scheme* to diverge from its investment objectives as stated in the *instrument constituting the scheme* and the most recently published *prospectus*.
  - (4) A transaction in a *derivative* must not be effected if the intended effect is to create the potential for an uncovered sale of:
    - (a) *transferable securities*;
    - (b) money-market instruments;

- (c) *units in collective investment schemes*; or
  - (d) *derivatives*.
- (5) Any forward transaction must be made with an *eligible institution* or an *approved bank*.
- (6) The *authorised fund manager* must ensure compliance with *COLL 5.3.6R* (Continuing nature of limits and requirements).

**Transactions for the purchase or disposal of property**

- 5.6.14 R The requirements of *COLL 5.2.21R* (Transactions for the purchase of property) and *COLL 5.2.22R* (Requirement to cover sales) apply to *non-UCITS retail schemes* in the same manner as to *UCITS schemes*.

**OTC transactions in derivatives**

- 5.6.15 R Any transaction in an *OTC derivative* under *COLL 5.6.13R* (Permitted transactions (derivatives and forwards)) must comply with the requirements of *COLL 5.2.23R* (OTC transactions in derivatives).

**Risk management: derivatives and forwards**

- 5.6.16 R An *authorised fund manager* must use a risk management process enabling it to monitor and measure as frequently as appropriate the risk associated with a *non-UCITS retail scheme's derivatives* and forwards positions and their contribution to the overall risk profile of the *scheme*.

**Risk management process**

- 5.6.17 G (1) The risk management process should take account of the investment objectives and policy of the *non-UCITS retail scheme* as stated in its most recent *prospectus*.
- (2) The *depository* should take reasonable care to review the appropriateness of the risk management process in line with its duties under *COLL 6.6* (Powers and duties of the scheme, the authorised fund manager and the depository), as appropriate.

- (3) An *authorised fund manager* is expected to demonstrate more sophistication in its risk management process for a *non-UCITS retail scheme* with a complex risk profile than for one with a simple risk profile. In particular, the risk management process should take account of any characteristic of non-linear dependence in the value of a position to its underlying.
- (4) An *authorised fund manager* should take reasonable care to establish and maintain such systems and controls as are appropriate to its business as required by SYSC 3.1 (Systems and controls).
- (5) The risk management process should enable the analysis required by COLL 5.6.16R (Risk management: derivatives and forwards) to be undertaken at least daily or at each *valuation point* whichever is the more frequent.

#### **Investment in property**

- 5.6.18 R (1) Any investment in land or a building held within the *scheme property* of a *non-UCITS retail scheme* must be an immovable within (2) to (5).
- (2) An immovable must:
    - (a) be situated in a country or territory identified in the *prospectus* for the purpose of this *rule*; and
    - (b) if situated in:
      - (i) England and Wales or Northern Ireland, be a freehold or leasehold interest; or
      - (ii) Scotland, be any interest or estate in or over land or heritable right including a long lease; or
    - (c) if not situated in the jurisdictions referred to in (b)(i) or (ii), be equivalent to any of the interests in (b)(i) or (ii).
  - (3) The *authorised fund manager* must have taken reasonable care to determine that the title to the immovable is a good marketable title.
  - (4) The *manager* or the *ICVC* must:
    - (a) have received a report from an *appropriate valuer* which:

- (i) contains a valuation of the immovable (with and without any relevant subsisting mortgage); and
    - (ii) states that in the *appropriate valuer's* opinion the immovable would, if acquired by the *scheme*, be capable of being disposed of reasonably quickly at that valuation; or
  - (b) have received a report from an *appropriate valuer* as required by (4)(a)(i) and stating that:
    - (i) the immovable is adjacent to or in the vicinity of another immovable included in the *scheme property* or is another legal interest as defined in (2)(b) or (c) in an immovable which is already included in the *scheme property*; and
    - (ii) in the opinion of the *appropriate valuer*, the total value of both immovables would at least equal the sum of the price payable for the immovable and the existing value of the other immovable.
- (5) An immovable must:
- (a) be bought or be agreed by enforceable contract to be bought within six *months* after receipt of the report of the *appropriate valuer* under (4);
  - (b) not be bought, if it is apparent to the *authorised fund manager* that the report in (a) could no longer reasonably be relied upon; and
  - (c) not be bought at more than 105% of the valuation for the relevant immovable in the report in (4).
- (6) Any furniture, fittings or other contents of any building may be regarded as part of the relevant immovable.
- (7) An *appropriate valuer* must be a *person* who:
- (a) has knowledge of and experience in the valuation of immovables of the relevant kind in the relevant area;
  - (b) is qualified to be a *standing independent valuer* of a *non-UCITS retail scheme* or is considered by the *scheme's*

*standing independent valuer* to hold an equivalent qualification;

- (c) is independent of the *ICVC*, the *depository* and each of the *directors* of the *ICVC* or of the *manager* and *trustee* of the *AUT*; and
- (d) has not engaged himself or any of his *associates* in relation to the finding of the immovable for the *scheme* or the finding of the *scheme* for the immovable.

#### **Investment limits for immovables**

5.6.19 R The following limits apply in respect of immovables held as part of *scheme property* of a *scheme*:

- (1) not more than 15% in value of the *scheme property* is to consist of any one immovable;
- (2) in (1), immovables within *COLL 5.6.18R (4)(b)*(Investment in property) must be regarded as one immovable;
- (3) the figure of 15% in (1) may be increased to 25% once the immovable has been included in the *scheme property* in compliance with (1);
- (4) the income receivable from any one *group* in any accounting period must not be attributable to immovables comprising:
  - (a) more than 25%; or
  - (b) in the case of a government or public body more than 35%;of the value of the *scheme property*;
- (5) not more than 20% in value of the *scheme property* is to consist of mortgaged immovables and any mortgage must not secure more than 100% of the value in *COLL 5.6.18R(4)* (on the assumption the immovable is not mortgaged);
- (6) an immovable may be mortgaged up to 100% of the value in (4) provided that no more than 20% of the value of the *scheme property* consists of such immovables and any *transferable securities* which are not *approved securities*;
- (7) not more than 50% in value of the *scheme property* is to

consist of *immovables* which are unoccupied and non-income producing or in the course of substantial development, redevelopment or refurbishment; and

- (8) no option may be granted to a third party to buy any immovable comprised in the *scheme property* unless the value of the relevant immovable does not exceed 20% of the value of the *scheme property* together with, where appropriate, the value of investments in:
  - (a) *unregulated collective investment schemes*; and
  - (b) any *transferable securities* which are not *approved securities*.

### **Standing independent valuer and valuation**

- 5.6.20 R (1) The following requirements apply in relation to the appointment of a valuer:
- (a) the *authorised fund manager* must ensure that any immovables in the *scheme property* are valued by an *appropriate valuer (standing independent valuer)* appointed by the *authorised fund manager*; and
  - (b) the appointment must be made with the approval of the *trustee* or *depository* at the outset and upon any vacancy.
- (2) The *standing independent valuer* in (1) must be:
- (a) for an *AUT*, independent of the *manager* and *trustee*; and
  - (b) for an *ICVC*, independent of the *ICVC*, the *directors* and the *depository*.
- (3) The following requirements apply in relation to the functions of the *standing independent valuer*:
- (a) the *authorised fund manager* must ensure that the *standing independent valuer* values all the immovables held within the *scheme property*, on the basis of a full valuation with physical inspection (including, where the immovable is or includes a building, internal inspection), at least once a year;
  - (b) for the purposes of (a) any inspection in relation to

- adjacent properties of a similar nature may be limited to that of only one such representative property;
- (c) the *authorised fund manager* must ensure that the *standing independent valuer* values the immovables, on the basis of a review of the last full valuation, at least once a *month*;
  - (d) if either the *authorised fund manager* or the *depository* becomes aware of any matters that appear likely to:
    - (i) affect the outcome of a valuation of an immovable;
    - or
    - (ii) cause the valuer to decide to value under (a) instead of under (c);it must immediately inform the *standing independent valuer* of that matter;
  - (e) the *authorised fund manager* must use its best endeavours to ensure that any other *affected person* reports to the *standing independent valuer* immediately upon that *person* becoming aware of any matter within (d); and
  - (f) any valuation by the *standing independent valuer* must be on the basis of an 'Open Market value' as defined in Practice Statement 3 in the Royal Institute of Chartered Surveyors' Appraisal and Valuation Manual (first edition published September 1995) but subject to *COLL* 6.3 (Valuation and pricing).
- (4) In relation to an immovable:
- (a) any valuation under *COLL* 6.3 (Valuation and pricing) has effect, until the next valuation under that *rule*, for the purposes of the value of immovables; and
  - (b) an agreement to transfer an immovable or an interest in an immovable is to be disregarded for the purpose of the valuation of the *scheme property* unless it reasonably appears to the *authorised fund manager* to be legally

enforceable.

**Stock lending**

- 5.6.21 R A *non-UCITS retail scheme* may undertake *stock lending* in accordance with *COLL 5.4* (Stock lending).

**Cash, borrowing, lending and other provisions**

- 5.6.22 R The following *rules* in Chapter 5 apply to a *non-UCITS retail scheme*:

- (1) *COLL 5.2.7R* (Transferable securities);
- (2) *COLL 5.5.1R*(Application);
- (3) *COLL 5.5.3R* (Cash and near cash);
- (4) *COLL 5.5.4R*(1),(2),(3) and (8) (General power to borrow);
- (5) *COLL 5.5.5R* (1),(2) and (4) (Borrowing limits);
- (6) *COLL 5.5.6R* (Restrictions on lending of money) ;
- (7) *COLL 5.5.7R*(1)and (2)(Restrictions on lending of property other than money);
- (8) *COLL 5.5.8R* (General power to accept or underwrite placings); and
- (9) *COLL 5.5.9R* (Guarantees and indemnities).

**Schemes replicating an index**

- 5.6.23 R (1) A *non-UCITS retail scheme* may invest up to 20% in value of the *scheme property* in *shares* and *debentures* which are issued by the same body where the aim of the investment policy of that *scheme* as stated in its most recently published *prospectus* is to replicate the performance or composition of an index within (2).
- (2) The index must:
- (a) have a sufficiently diversified composition;
  - (b) be a representative benchmark for the market to which it refers; and
  - (c) be published in an appropriate manner.

- (3) The limit in (1) may be raised for a particular *scheme* up to 35% in value of the *scheme property*, but only in respect of one body and where justified by exceptional market conditions.

**Non-UCITS retail schemes that are umbrellas**

- 5.6.24 R (1) In relation to a *scheme* which is an *umbrella*, the provisions in this section apply to each *sub-fund* as they would for a *non-UCITS retail scheme*.
- (2) A *sub-fund* must not invest in another *sub-fund* of the same *umbrella*.

## 6 Operating duties and responsibilities

### 6.1 Introduction and Application

#### Application

6.1.1 R This chapter applies to:

- (1) an *authorised fund manager* of an *AUT* or an *ICVC*;
- (2) any other *director* of an *ICVC*;
- (3) a *depository* of an *AUT* or an *ICVC*; and
- (4) an *ICVC*,

where such *AUT* or *ICVC* is a *UCITS scheme* or a *non-UCITS retail scheme*.

#### Purpose

6.1.2 G This chapter helps in achieving the *regulatory objective* of protecting *consumers*. It provides the operating framework within which the *authorised fund* must be operated on a day-to-day basis to ensure that *clients* are treated fairly when they become, remain or as they cease to be *unitholders*.

#### Explanation of this chapter

- 6.1.3 G (1) The *authorised fund manager* operates the *scheme* on a day-to-day basis. Its operation is determined by the *rules* in this chapter, which require appropriate powers in the *instrument constituting the scheme* or refer to the need to state the relevant operating procedures in the *prospectus* of the *scheme*.
- (2) The *authorised fund manager* does not necessarily have to carry out all the activities it is responsible for and may delegate functions to other *persons*. The *rules* in this chapter set out the parameters of such delegation.
- (3) The *depository's* duty is, generally speaking, to ensure the safe custody of *scheme property* and to oversee certain functions of the *authorised fund manager* (most notably the pricing and dealing function and investment powers). The oversight responsibilities for a *trustee* of an *AUT* are similar to, but not the same as, the oversight responsibilities of the *depository* of an *ICVC*. These differences result from the different legal structure of the *authorised funds* and the *trustee's* obligations under trust law.

## 6.2 Dealing

### Application

- 6.2.1 R This section applies to an *authorised fund manager*, a *depository*, an *ICVC* and any other *directors* of an *ICVC*.

### Purpose

- 6.2.2 G (1) This section helps in achieving the *regulatory objective* of securing an appropriate degree of protection for *consumers*. In accordance with *Principle 6*, this section is also concerned with ensuring the *authorised fund manager* pays due regard to its *clients'* interests and treats them fairly.
- (2) An *authorised fund manager* is responsible for arranging for the *issue* and the *cancellation* of *units* for the *authorised fund*, and is permitted to *sell* and *redeem units* for its own account. The *rules* in this section are intended to ensure that the *authorised fund manager* treats the *authorised fund* fairly when arranging for the *issue* or *cancellation* of *units*, and treats *clients* fairly when they purchase or *sell units*.
- (3) This section also sets out common standards for how the amounts in relation to *unit* transactions are to be paid. These arrangements include the *initial offer* of *units*, the exchange of *units* for *scheme property* and *issues* and *cancellations* of *units* by an *ICVC*, or by the *trustee* of an *AUT*, carried out directly with the *unitholder*.
- (4) This section also sets out *rules* and *guidance* relating to the *authorised fund manager's* controls over the *issue* and *cancellation* of *units* including any box holdings.
- (5) The requirements in this section are to be applied separately to each *sub-fund* of a *scheme* which is an *umbrella*, and, if appropriate, the currency of a *sub-fund* may be used instead of the *base currency* of the *umbrella*.

### Initial offers

- 6.2.3 R (1) During the *initial offer* period, *units* may only be issued at the *initial price*.
- (2) The length of any *initial offer* should not be unreasonable when considered alongside the characteristics of the *authorised fund*.
- (3) The *authorised fund manager* must, as soon as practicable after receiving the *initial price* from the purchaser and no later than the fourth *business day* following the end of the *initial offer*, pay the *depository* the *initial price* of any *unit* it has agreed to *sell* during the period of the *initial offer*.
- (4) The period of the *initial offer* comes to an end if the *authorised fund manager* reasonably believes the *price* that would reflect the current value of the *scheme property* would vary by more than 2% from the *initial price*.

**Initial offer: guidance**

- 6.2.4 G (1) Details of any *initial offer* period must be provided in the relevant *prospectus* as described in *COLL* 4.2.5R 17(h) (Table: contents of the prospectus).
- (2) It may be appropriate that the *initial offer* for a *scheme* operating limited *issue* or *limited redemption arrangements*, or intending to invest in illiquid assets, is longer than one for a *scheme* which does not have these features.

**Issue and cancellation of units by an ICVC**

- 6.2.5 R (1) *Units* in an *ICVC* are *issued* or *cancelled* by the *ACD* making a record of the *issue* or *cancellation* and of the number of the *units* of each *class* concerned, and cannot be *issued* or *cancelled* in any other manner, unless *COLL* 3.2.6R 11 (Table: contents of the instrument constituting the scheme) applies.
- (2) The time of the *issue* or *cancellation* under (1) is the time when the record is made.

**Issue and cancellation of units in an AUT**

- 6.2.6 R (1) The *trustee* must *issue* or *cancel units* in an *AUT* when instructed by the *manager*.

- (2) Any instructions given by the *manager* must state, for each *class* of *unit* to be *issued* or *cancelled*, the number to be *issued* or *cancelled*, expressed either as a number of *units* or as an amount in value (or as a combination of the two).
- (3) If the *trustee* is of the opinion that it is not in the interests of *unitholders* that any *units* should be *issued* or *cancelled* or that to do so would not be in accordance with the *trust deed* or *prospectus*, it must notify the *manager* of that fact and it is then relieved of the obligation to *issue* or *cancel* those *units*.

**Issue and cancellation of units through an authorised fund manager**

- 6.2.7 R (1) The *authorised fund manager* may require, on agreement with the *depository*, or may permit, on the request of the investor, direct *issues* and *cancellations* of *units* by an *ICVC* or by the *trustee* of an *AUT*.
- (2) If (1) applies:
- (a) *the instrument constituting the scheme* must provide for this; and
  - (b) *the prospectus* must provide details of the procedure to be followed which must be consistent with the *rules* in this section.

**Controls over the issue and cancellation of units**

- 6.2.8 R (1) An *authorised fund manager* must ensure that at each *valuation point* there are at least as many *units* in *issue* of any *class* as there are *units* registered to *unitholders* for that *class*.
- (2) An *authorised fund manager* must not:
- (a) for an *AUT*, when giving instructions to the *depository* for the *issue* or *cancellation* of *units*; or
  - (b) for an *ICVC*, when arranging for the *issue* or *cancellation* of *units*;
- do, or omit to do, anything which would, or might, confer on himself or an *associate* a benefit or advantage at the expense of a *unitholder* or a potential *unitholder*.

- (3) For the purpose of (1), the *authorised fund manager* may take into account instructions to *redeem units* at the following *valuation point* received before any time agreed with the *depository* for such purpose.

**Controls over the issue and cancellation of units – guidance**

- 6.2.9 G (1) As the *authorised fund manager* normally controls the *issue, cancellation, sale* and *redemption* of an *authorised fund's units*, it occupies a position that could, without appropriate systems and controls, involve a conflict of interest between itself and its *clients*.
- (2) SYSC 3.1.1 (Systems and controls) requires that a *firm* take reasonable care to establish and maintain such systems and controls as are appropriate to its business and *Principle 8* requires a *firm* to manage conflicts of interest between itself and a *customer* fairly.
  - (3) To manage the conflict of interest that arises, when an *authorised fund manager* gives an instruction to *issue* or *cancel units*, the *price* of the *units* should be calculated at the valuation point before or after the instruction has been given, in accordance with (4).
  - (4) An *authorised fund manager* should agree a period of time with the *depository* during which it will give instructions to *issue* or *cancel units*. Where the *authorised fund manager* operates a box with the principal aim of making a profit, this period will be short (for example, two hours); otherwise a longer period (for example, up to the next *valuation point* but in all cases within 24 hours) may be acceptable, provided the principles in (2) are followed.
  - (5) The last *valuation point* should be used for the pricing of *units* where instructions are given before the expiry of the period of time agreed in (4); otherwise the next *valuation point* should be used.

- (6) Where an in specie *issue* or *cancellation* occurs it should be undertaken using the next *valuation point's price*.

**Modification to number of units issued or cancelled**

- 6.2.10 R (1) Any instruction for the *issue* or *cancellation* of *units* under *COLL* 6.2.5R (Issue and cancellation of units by an ICVC) or *COLL* 6.2.6R (Issue and cancellation of units in an AUT) may be modified but only if the *depository* agrees and has taken reasonable care to determine that:
- (a) the modification corrects an error in the instruction; and
  - (b) the error is an isolated one.
- (2) Any error in (1) must be corrected within the payment period applicable under *COLL* 6.2.13R (Payment for units issued) or *COLL* 6.2.14R (Payment for cancelled units).

**Compensation for box management errors**

- 6.2.11 R (1) Where the *authorised fund manager* has not complied with *COLL* 6.2.8R(1) (Controls over the issue and cancellation of units), it must correct the error as soon as possible and must reimburse the *authorised fund* any costs it may have incurred in correcting the position.
- (2) The *authorised fund manager* need not reimburse the *authorised fund* when:
- (a) the amount under (1) is not, in the *depository's* opinion, material to the *authorised fund*;
  - (b) the *authorised fund manager* can demonstrate that it has effective controls in place over box management, including all of the areas that affect the figures which are included in the box management calculations; and
  - (c) the requirements of *COLL* 6.2.10R (Modification to number of units issued or cancelled) are complied with.

**Box management errors guidance**

- 6.2.12 G Explanatory table: This table belongs to *COLL* 6.2.2G(4) (Purpose).

<b>Correction of box management errors</b>	
<b>1</b>	<b>Controls by authorised fund managers</b>
	An <i>authorised fund manager</i> needs to be able to demonstrate that it has effective controls over:
(1)	its calculations of what <i>units</i> are owned by it (its 'box'); and
(2)	compliance with <i>COLL</i> 6.2.8R which is intended to prevent a negative box.
<b>2</b>	<b>Controls by depositaries</b>
(1)	Under <i>COLL</i> 6.6.4 (General duties of the depositary), a <i>depositary</i> should take reasonable care to ensure that a scheme is managed in accordance with <i>COLL</i> 6.2 (Dealing) and 6.3 (Pricing and valuation).
(2)	A <i>depositary</i> should therefore make a regular assessment of the <i>authorised fund manager's</i> box management procedures (including supporting systems) and controls. This should include reviewing the <i>authorised fund manager's</i> controls and procedures when the <i>depositary</i> assumes office, on any significant change and on a regular basis, to ensure that a series of otherwise minor changes do not have a cumulative and a significant effect on the accuracy of the controls and procedures.
<b>3</b>	<b>Recording and reporting of box management errors</b>
(1)	An <i>authorised fund manager</i> should record all errors which result in a breach of <i>COLL</i> 6.2.8R (Controls over the issue and cancellation of units) and as soon as an error is discovered, the <i>authorised fund manager</i> should report the fact to the <i>depositary</i> , together with details of the action taken, or to be taken, to avoid repetition of the error.
(2)	A <i>depositary</i> should report material box management errors to the <i>FSA</i> immediately. Materiality should be determined by taking into account a number of factors including: <ul style="list-style-type: none"> <li>(a) the implications of the error for the sufficiency of controls put into place by the <i>authorised fund manager</i>;</li> <li>(b) the significance of any breakdown in the <i>authorised fund manager's</i> management controls or other checking procedures;</li> <li>(c) the significance of any failure of systems or back-up arrangements;</li> <li>(d) the duration of an error; and</li> <li>(e) the level of compensation due to the <i>scheme</i>, and an <i>authorised fund manager's</i> ability (or otherwise) to meet claims for compensation in full.</li> </ul>
(3)	A <i>depositary</i> should also make a return to the <i>FSA</i> (in the manner <i>SUP</i> 16.6.8R) on a quarterly basis.

### **Payment for units issued**

- 6.2.13 R (1) The *authorised fund manager* must, by the close of business on the fourth *business day* following the *issue* of any *units* arrange for payment of the value of the *units issued* and any payment required under *COLL* 6.3.7R (SDRT provision) and *COLL* 6.3.8R (Dilution) to the *trustee* or the *ICVC*.
- (2) The *authorised fund manager* must make the payment referred to in (1) in cash or cleared funds unless *COLL* 6.2.15R (In specie issue and cancellation) applies.

- (3) Where the *authorised fund manager* has not complied with (1), it must reimburse the *authorised fund* for any lost interest unless the amount involved is not, in the *depository's* opinion, material to the *authorised fund*.

#### **Payment for cancelled units**

- 6.2.14 R (1) On *cancelling units* the *authorised fund manager* must, before the expiry of the fourth *business day* following the *cancellation* of the *units* or, if later, as soon as practicable after delivery to the *trustee* or the *ICVC* of such evidence of title to the *units* as it may reasonably require, require the *depository* to pay the *price* of the *units* (less any deduction required under *COLL 6.3.7R* and *COLL 6.3.8R*) to the *authorised fund manager* or, where relevant, the *unitholder* or, for a *relevant pension scheme*, in accordance with the relevant provisions of the *trust deed*.
- (2) If the *authorised fund manager* has not ensured that the *scheme property* includes or will include sufficient cash in the appropriate currency (or a sufficient facility to borrow without infringing any restriction in *COLL 5* (Investment and borrowing powers)) within the period in (1), that period is extended, for any relevant currency, until the shortage is rectified.
- (3) If (2) applies, the *authorised fund manager* must take reasonable steps to rectify the currency shortage as quickly as possible.
- (4) This *rule* does not apply where *COLL 6.2.15R* is in operation.
- (5) Nothing in this section requires an *ICVC*, a *depository* or an *authorised fund manager* to part with *money* or to transfer *scheme property* for a *cancellation* or *redemption* of *units* where any *money* due on the earlier *issue* or *sale* of those *units* has not been received.

#### **In specie issue and cancellation**

- 6.2.15 R The *depository* may take into or pay out of *scheme property* assets other than *cash* as payment for the *issue* or *cancellation* of units but only if:
- (1) it has taken reasonable care to ensure that the property concerned would not be likely to result in any material prejudice to the interests of *unitholders*; and
  - (2) the *instrument constituting the scheme* so provides.

#### **Sale and redemption**

- 6.2.16 R (1) In accordance with *COLL* 4.2.5R 17 (Table: contents of the prospectus), the *authorised fund manager* must describe the arrangements for the *sale* and *redemption* of *units* in the *prospectus*.
- (2) The *authorised fund manager* must, at all times during the *dealing day*, be willing to effect the *sale* of *units* in the *authorised fund*, in accordance with the conditions in the *instrument constituting the scheme* and the *prospectus* unless:
- (a) it has reasonable grounds to refuse such *sale*; or
  - (b) the issue of units is prevented under *COLL* 6.2.18R (Limited issue).
- (3) Subject to *COLL* 6.2.19R (Limited redemption) and *COLL* 6.2.21R (Deferred redemption), the *authorised fund manager* must, at all times during the *dealing day*, on request of any qualifying *unitholder*, effect the *redemption* of *units* in accordance with the conditions in the *instrument constituting the scheme* and the *prospectus* unless it has reasonable grounds to refuse such *redemption*.
- (4) On agreeing to a *redemption* of *units* in (3), the *authorised fund manager* must pay the *unitholder* the appropriate proceeds of *redemption* within the period specified in (5) unless the *authorised fund manager* has reasonable grounds for withholding all or any part of the proceeds.
- (5) The period in (4) expires at the close of business on the fourth *business day* following the later of:

- (a) the *valuation point* at which the *price* for the *redemption* was determined; or
  - (b) the time when the *authorised fund manager* has all the duly executed instruments and authorisations to effect (or enable the *authorised fund manager* to effect) the transfer of title to the *units*.
- (6) Except where (7) applies, and subject to *COLL 6.2.21R* (Deferred redemption), the *authorised fund manager* must *sell* or *redeem units* at a *price* determined no later than the end of the *business day* immediately following the receipt and acceptance of an instruction to do so, or at the next *valuation point* for the purposes of buying or selling *units* if later (or, for a *sale* or *redemption* at an *historic price*, at the *price* determined at the last *valuation point*).
- (7) Where the *authorised fund* operates *limited redemption arrangements*, the *authorised fund manager* must *sell* or *redeem units* at a price determined no later than the expiry of a period of 185 *days* from the date of the receipt and acceptance of the instruction to *sell* or *redeem*.
- (8) The *authorised fund manager* must not *sell* a *unit* for more than the *price* of a *unit* of the relevant *class* at the relevant *valuation point*, to which may be added any *preliminary charge* permitted and any payment required under *COLL 6.3.7R* and *COLL 6.3.8R*.
- (9) The *authorised fund manager* must not redeem a *unit* for less than the *price* of a *unit* of the relevant *class* at the relevant *valuation point*, less any *redemption charge* permitted and any deduction under *COLL 6.3.7R* and *COLL 6.3.8R*.
- (10) Paragraphs (4), (5) and (9) do not apply where the *authorised fund manager* is buying units as *principal* on an investment exchange (for an *AUT* in accordance with a power in the *trust deed*) and settlement will be made in accordance with the rules of that exchange.

### **Sale and redemption: guidance**

- 6.2.17 G (1) The *prospectus* of an *authorised fund* that does not operate on the basis of *historic prices* may allow the *authorised fund manager* to identify a point in time in advance of a *valuation point* (a cut-off point) after which it will not accept instructions to *sell* or *redeem* units at that *valuation point*. In order to protect *customers'* interests, the cut-off point should be no earlier than the close of business on the *business day* before the *valuation point* it relates to. If there is more than one *valuation point* in a *day* the cut-off should not be before any previous *valuation point*.
- (2) Where the *authorised fund* operates *limited redemption arrangements*, the cut-off point may reflect the expected length of time required to undertake transactions in the underlying investments provided the 185 *day* limit in *COLL* 6.2.16R(7) (Sale and redemption) is complied with.
- (3) Where (1) applies, different cut-off points may be used to differentiate between the methods of submitting instructions to *sell* or *redeem* to the *authorised fund manager* but not to differentiate between *unitholders* or potential *unitholders*.

### **Limited Issue**

- 6.2.18 R (1) If an *authorised fund* limits the *issue* of any *class* of *unit*, the *prospectus* of an *authorised fund* must provide for the circumstances and conditions when *units* will be issued.
- (2) Where (1) applies, the *authorised fund manager* may not provide for the further *issue* of *units* unless, at the time of the issue, he is satisfied on reasonable grounds that the proceeds of that subsequent *issue* can be invested without compromising the *scheme's* investment objective or materially prejudicing existing *unitholders*.
- (3) Within a *scheme*, *unit classes* may operate different arrangements for the *issue* of *units* provided there is no prejudice to the interests of any *unitholder*.

### **Limited redemption**

- 6.2.19 R (1) The *instrument constituting the scheme* and the *prospectus* of a *non-UCITS retail fund* that invests substantially in *approved immovables*, or whose investment objective is to provide a specified level of return, may provide for *limited redemption arrangements* appropriate to its aims and objectives.
- (2) Where (1) applies, the *scheme* must provide for *redemptions* at least once in every six *months*.
- (3) Within a *scheme*, *unit classes* may operate different arrangements for *redemption* of *units* provided there is no prejudice to the interests of any *unitholder*.

### **Limited redemption: guidance**

- 6.2.20 G The conditions for *limited redemption arrangements* in COLL 6.2.19R should be considered, for *AUTs* as well as for *ICVCs*, in conjunction with *AUTH* Appendix 2 (Meaning of an open-ended investment company) and *AUTH* Appendix 2.8 (The investment condition: the ‘expectation test’ (section 236(3)(a) of the *Act*)).

### **Deferred redemption**

- 6.2.21 R (1) The *instrument constituting the scheme* and the *prospectus* of an *authorised fund* which has at least one *valuation point* on each *business day*, may permit deferral of *redemptions* at a *valuation point* to the next *valuation point* where the requested *redemptions* exceed 10%, or some other reasonable proportion disclosed in the *prospectus*, of the *authorised fund’s* value.
- (2) Any deferral of *redemptions* under (1) must be undertaken in accordance with the procedures explained in the *prospectus* which must ensure:
- (a) the consistent treatment of all *unitholders* who have sought to redeem *units* at any *valuation point* at which redemptions are deferred; and
  - (b) that all *deals* relating to an earlier *valuation point* are completed before those relating to a later *valuation point* are considered.

### **Deferred redemption: guidance**

- 6.2.22 G In times of high levels of *redemption*, deferred *redemption* will enable the *authorised fund manager* to protect the interests of continuing *unitholders* by allowing it to match the sale of *scheme property* to the level of *redemptions*. This should reduce the impact of *dilution* on the *scheme*.

### 6.3 Valuation and pricing

#### Application

- 6.3.1 R This section applies to an *authorised fund manager*, a *depository*, an *ICVC* and any other *director* of an *ICVC*.

#### Purpose

- 6.3.2 G (1) In accordance with *Principle 6*, this section is intended to ensure that the *authorised fund manager* pays due regard to its *clients'* interests and treats them fairly.
- (2) An *authorised fund manager* is responsible for valuing the *scheme property* of the *authorised fund* it manages and for calculating the *price of units* in the *authorised fund*. This section protects *clients* by:
- (a) setting out *rules* and guidance to ensure the *price of units* in an *authorised fund* is calculated fairly and regularly;
  - (b) allowing for the *authorised fund manager* to mitigate the effects of any *dilution* (reduction) in the value of the *scheme property* by:
    - (i) payment of stamp duty reserve tax (SDRT) in relation to certain *unit* transactions; and
    - (ii) buying and selling underlying investments as a result of the *issue* or *cancellation of units*;
  - (c) making appropriate provision to ensure *clients* are treated fairly where *units* are being dealt with at a known (historic) *price*; and
  - (d) ensuring that the *price* is made public in an appropriate manner.
- (3) The requirements in this section are to be applied separately to each *sub-fund* of a *scheme* which is an *umbrella*, and, if appropriate, the currency of a *sub-fund* may be used instead of the *base currency* of the *umbrella*.

#### Valuation

- 6.3.3 R To determine the *price of units* the *authorised fund manager* must carry out a fair and accurate valuation of all the *scheme property*.

**Valuation points**

- 6.3.4 R (1) An *authorised fund* must not have fewer than two regular *valuation points* in any *month* and if there are only two *valuation points* in any *month*, the regular *valuation points* must be at least two weeks apart.
- (2) The *prospectus* of a *scheme* must contain information about its regular *valuation points* for the purposes of *dealing in units* in accordance with COLL 4.2.5R 16 (Table: contents of the prospectus).
- (3) Where a *scheme* operates *limited redemption arrangements*, (1) does not apply and the *valuation points* must be stated in the *prospectus* but must not be set more than six *months* apart.
- (4) Where a *scheme* operates *limited redemption arrangements*, it must be valued and *prices* published in the manner set out in COLL 6.3.11R (Publication of prices) at least once in every *month*.
- (5) In (4), a *valuation point* for the purpose of publishing *prices* only, does not make it a *valuation point* for the purpose of (2) unless it is disclosed as such in the *prospectus*.
- (6) *Higher volatility funds* must have at least one *valuation point* every *business day*.
- (7) No *valuation points* are required during the period of any *initial offer*.
- (8) The *authorised fund manager* may determine to have an additional *valuation point* for an *authorised fund* as a result of market movement under COLL 6.3.9 (Forward and historic pricing) or otherwise, in which case he must inform the *depository*.

**Price of a unit**

- 6.3.5 R (1) The *price* of a *unit* of any *class* must be calculated by reference to the net value of *scheme property* and must be calculated in accordance with the provisions of the *prospectus*.

- (2) Any *unit price* calculated in accordance with (1) must be expressed in a form that is accurate to at least four significant figures.

### Valuation and pricing guidance

6.3.6 G Table: This table belongs to *COLL 6.3.2G(2)(a)*.

Valuation and pricing	
1	<b>The valuation of scheme property</b>
(1)	Where possible, <i>investments</i> should be valued using a reputable source. The reliability of the source of prices should be kept under regular review.
(2)	An <i>investment</i> for which different <i>prices</i> are quoted according to whether it is being bought or sold should be valued at its mid-market price. The <i>instrument constituting the scheme</i> should set out the valuation method that will apply where a single price for buying and selling a <i>security</i> is quoted.
(3)	Any part of the <i>scheme property</i> of an <i>authorised fund</i> that is not an <i>investment</i> should be valued at a fair value, but for immovables this is subject to <i>COLL 5.6.20R(3)(f)</i> (Standing independent valuer and valuation).
(4)	For the purposes of (2) and (3), any fiscal charges, commissions, professional fees or other charges that were paid, or would be payable on acquiring or disposing of the <i>investment</i> or other part of the <i>scheme property</i> should be excluded from the value of an <i>investment</i> or other part of the <i>scheme property</i> .
(5)	Where the <i>authorised fund manager</i> has reasonable grounds to believe that: <ul style="list-style-type: none"> <li>(a) no reliable price exists for a <i>security</i> at a <i>valuation point</i>; or</li> <li>(b) the most recent price available does not reflect the <i>authorised fund manager's</i> best estimate of the value of a <i>security</i> at the <i>valuation point</i>;</li> </ul> it should value an <i>investment</i> at a price which, in its opinion, reflects a fair and reasonable price for that <i>investment</i> (the fair value price).
(6)	The circumstances which may give rise to a fair value price being used include: <ul style="list-style-type: none"> <li>(a) no recent trade in the <i>security</i> concerned; or</li> <li>(b) the occurrence of a significant event since the most recent closure of the market where the price of the <i>security</i> is taken.</li> </ul> In (b), a significant event is one that means the most recent price of a <i>security</i> or a basket of <i>securities</i> is materially different to the price that it is reasonably believed would exist at the <i>valuation point</i> had the relevant market been open.
(7)	In determining whether to use such a fair value price, the <i>authorised fund manager</i> should include in his consideration: <ul style="list-style-type: none"> <li>(a) the type of <i>authorised fund</i> concerned;</li> <li>(b) the <i>securities</i> involved;</li> <li>(c) the basis and reliability of the alternative <i>price</i> used; and</li> <li>(d) the <i>authorised fund manager's</i> policy on the valuation of <i>scheme property</i> as disclosed in the <i>prospectus</i>.</li> </ul>

	(8)	The <i>authorised fund manager</i> should document the basis of valuation (including any fair value pricing policy) and, where appropriate, the basis of any methodology and ensure that the procedures are applied consistently and fairly.
	(9)	Where a <i>unit price</i> is determined using properly applied fair value prices in accordance with policies in (8), subsequent information that indicates the <i>price</i> should have been different from that calculated will not normally give rise to an instance of incorrect pricing.
<b>2</b>	<b>The pricing controls of the authorised fund manager</b>	
	(1)	An <i>authorised fund manager</i> needs to be able to demonstrate that it has effective controls over its calculations of <i>unit prices</i> .
	(2)	The controls referred to in (1) should ensure that: <ul style="list-style-type: none"> <li>(a) asset prices are accurate and up to date;</li> <li>(b) <i>investment</i> transactions are accurately and promptly reflected in valuations;</li> <li>(c) the components of the valuation (including stock, cash, and <i>units</i> in issue), are regularly reconciled to their source or prime records and any reconciling items resolved promptly and debtors reviewed for recoverability;</li> <li>(d) the sources of prices not obtained from the main pricing source are recorded and regularly reviewed;</li> <li>(e) compliance with the investment and borrowing powers is regularly reviewed;</li> <li>(f) dividends are accounted for as soon as stocks are quoted ex-dividend (unless it is prudent to account for them on receipt);</li> <li>(g) fixed interest dividends, interest and expenses are accrued at each valuation point,</li> <li>(h) tax positions are regularly reviewed and adjusted, if necessary;</li> <li>(i) reasonable tolerances are set for movements in the key elements of a valuation and movements outside these tolerances are investigated; and</li> <li>(j) the fund manager regularly reviews the portfolio valuation for accuracy.</li> </ul>
	(3)	In exercising its pricing controls, the <i>authorised fund manager</i> may exercise reasonable discretion in determining the appropriate frequency of the operation of the controls and may choose a longer interval, if appropriate, given the level of activity on the fund or the materiality of any effect on the <i>price</i> .
	(4)	Evidence of the exercise of the pricing controls should be retained.
	(5)	Evidence of persistent or repetitive errors in relation to these matters, and in particular any evidence of a pattern of errors working in an <i>authorised fund manager's</i> favour, will make demonstrating effective controls more difficult.
	(6)	Where the pricing function is delegated to a third party, COLL 6.6.15R (Committees and delegation) will apply.
<b>3</b>	<b>The depositary's review of the authorised fund manager's systems and controls</b>	

	(1)	This section provides details of the types of checks a <i>depository</i> should carry out to be satisfied that the <i>authorised fund manager</i> adopts systems and controls which are appropriate to ensure that <i>prices</i> of <i>units</i> are calculated in accordance with this section and to ensure that the likelihood of incorrect <i>prices</i> will be minimised. These checks also apply where an <i>authorised fund manager</i> has delegated all or some of its pricing functions to a third party.
	(2)	A <i>depository</i> should thoroughly review an <i>authorised fund manager's</i> systems and controls to confirm that they are satisfactory. The <i>depository's</i> review should include an analysis of the controls in place to determine the extent to which reliance can be placed on them.
	(3)	A review should be performed when the <i>depository</i> is appointed and thereafter as it feels appropriate given its knowledge of the robustness and the stability of the systems and controls and their operation.
	(4)	A review should be carried out more frequently where a <i>depository</i> knows or suspects that an <i>authorised fund manager's</i> systems and controls are weak or are otherwise unsatisfactory.
	(5)	Additionally, a <i>depository</i> should from time to time review other aspects of the valuation of the <i>scheme property</i> of each <i>authorised fund</i> for which it is responsible, verifying, on a sample basis, if necessary, the assets, liabilities, accruals, <i>units</i> in issue, <i>securities</i> prices (and in particular the prices of unapproved <i>securities</i> and the basis for the valuation of unquoted <i>securities</i> ) and any other relevant matters, for example an accumulation factor or a currency conversion factor.
	(6)	A <i>depository</i> should ensure that any issues, which are identified in any such review, are properly followed up and resolved.
<b>4</b>	<b>The recording and reporting of instances of incorrect pricing</b>	
	(1)	An <i>authorised fund manager</i> should record each instance where the <i>price</i> of a <i>unit</i> is incorrect as soon as the error is discovered, and report the fact to the <i>depository</i> together with details of the action taken, or to be taken, to avoid repetition as soon as practicable.
	(2)	In accordance with COLL 6.6.11G (Duty to inform the FSA), the <i>depository</i> should report any breach of the rules in COLL 6.3 immediately to the FSA. However, notification should relate to instances which the <i>depository</i> considers material only.
	(3)	A <i>depository</i> should also report to the FSA immediately any instance of incorrect pricing where the error is 0.5% or more of the <i>price</i> of a <i>unit</i> , where a <i>depository</i> believes that reimbursement or payment is inappropriate and should not be paid by an <i>authorised fund manager</i> .
	(4)	In accordance with SUP 16.6.8R, a <i>depository</i> should also make a return to the FSA on a quarterly basis which summarises the number of instances of incorrect pricing during a particular period.

5	The rectification of pricing breaches	
	(1)	COLL 6.6.3R (Functions of the authorised fund manager) places a duty on the <i>authorised fund manager</i> to take action to reimburse affected <i>unitholders</i> , former <i>unitholders</i> , and the <i>scheme</i> itself, for instances of incorrect pricing, except if it appears to the <i>depository</i> that the breach is of minimal significance.
	(2)	A <i>depository</i> may consider that the instance of incorrect pricing is of minimal significance if: <ul style="list-style-type: none"> <li data-bbox="421 539 1310 613">(a) the <i>authorised fund manager</i> and <i>depository</i> meet the standards of control set out in Section 2 and Section 3 of this Table; and</li> <li data-bbox="421 629 1310 663">(b) the error in pricing of a <i>unit</i> is less than 0.5% of the correct <i>price</i>.</li> </ul>
	(3)	In determining (2), if the instance of incorrect pricing is due to one or more factors or exists over a period of time, each <i>price</i> should be considered separately.
	(4)	If a <i>depository</i> deems it appropriate, it may, in spite of the circumstances outlined in (2), require a payment from the <i>authorised fund manager</i> or from the <i>authorised fund</i> to the <i>unitholders</i> , former <i>unitholders</i> , the <i>authorised fund</i> or the <i>authorised fund manager</i> (where appropriate).
	(5)	The <i>depository</i> should satisfy itself that any payments required following an instance of incorrect pricing are accurately and promptly calculated and paid.
	(6)	If a <i>depository</i> considers that reimbursement or payment is inappropriate, it should report the matter to the <i>FSA</i> , together with its recommendation and justification. The <i>depository</i> should take into account the need to avoid prejudice to the rights of <i>unitholders</i> , or the rights of <i>unitholders</i> in a <i>class</i> of <i>units</i> .
	(7)	It may not be practicable, or in some cases legally permissible, for the <i>authorised fund manager</i> to obtain reimbursement from <i>unitholders</i> , where the <i>unitholders</i> have benefited from the incorrect <i>price</i> .
	(8)	In all cases where reimbursement or payment is required, amounts due to be reimbursed to <i>unitholders</i> for individual sums which are reasonably considered by the <i>authorised fund manager</i> and <i>depository</i> to be immaterial, need not normally be paid.

### SDRT Provision

- 6.3.7 R (1) The *authorised fund manager* may, in accordance with the *prospectus*, require the payment of an *SDRT provision* for the *issue* or *sale* of *units* or any *class* of *units* or the deduction of an *SDRT provision* for the *redemption* or *cancellation* of *units* or any *class* of *units*.

- (2) Any such payment or deduction becomes due at the same time as payment or transfer of property becomes due for the *issue, sale, redemption* or *cancellation*.
- (3) Any payment referred to in (1) must be paid to the *depository* to become part of *scheme property* as soon as practicable after receipt.
- (4) As soon as practicable after each *valuation point*, the *authorised fund manager* must notify the *depository* of the transactions, or types of transactions for which an *SDRT provision* is applied and the amounts or rates of those *SDRT provisions*.

### **Dilution**

- 6.3.8 R (1) When arranging to *sell, redeem, issue* or *cancel units*, or when *units* are *issued* or *cancelled* under COLL 6.2.7R (Issues and cancellations through an authorised fund manager), an *authorised fund manager* is permitted to:
- (a) require the payment of a *dilution levy*; or
  - (b) make a *dilution adjustment*; or
  - (c) neither require a *dilution levy* nor make a *dilution adjustment*;
- in accordance with its statements in the *prospectus* required by COLL 4.2.5R 18 (Table: contents of the prospectus).
- (2) An *authorised fund manager* operating either a *dilution levy* or a *dilution adjustment*, must operate that measure in a fair manner to reduce *dilution* and solely for that purpose.
  - (3) A *dilution levy* becomes due at the same time as payment or transfer of property becomes due for the *issue, sale, redemption* or *cancellation* and any such payment in respect of a *dilution levy* must be paid to the *depository* to become part of *scheme property* as soon as practicable after receipt.

- (4) A *dilution adjustment* may be made as part of the calculation of the *unit price* for the purpose of reducing *dilution* in the *scheme* or to recover any amount which it had already paid or reasonably expects to pay in the future in relation to the *issue* or *cancellation* of *units*.
- (5) Where the *authorised fund manager* decides to make or not to make a *dilution adjustment*, it must not do so for the purpose of creating a profit or avoiding a loss for the account of an *affected person*.
- (6) As soon as practicable after a *valuation point*, the *authorised fund manager* must provide the *depository* with the amount or rate of any *dilution adjustment* made to the *price* or any *dilution levy* applied.

#### **Forward and historic pricing**

- 6.3.9 R (1) For the *sale* and *redemption* of *units*, the *authorised fund manager* must, in accordance with the *prospectus* of an *authorised fund*, operate on the basis of *forward price* only or *historic prices*.
- (2) If *forward prices* only are to be used, all deals must be at a *forward price*.
- (3) *Forward prices* for the *sale* and *redemption* of *units* must be used:
- (a) for a *higher volatility fund*;
  - (b) where the regular *valuation points* are more than one *day* apart;
  - (c) if the request to deal reaches the *authorised fund manager* through the post or by any similar form of non-interactive communication;
  - (d) for an *issue* or *cancellation* under COLL 6.2.7 (Issue and cancellation of units through an authorised fund manager);
  - (e) if the applicant for the *sale* or *redemption* so requests; or

- (f) where the *authorised fund manager* has reason to believe at any time that the *price* that would reflect the current value of the *scheme property* would vary by more than 2% from the last calculated *price*, unless the *authorised fund manager* has decided to carry out an additional valuation.
- (4) If an *authorised fund manager* operates *historic prices*, the *prospectus* must detail the circumstances under which *deals* in the *authorised fund*, individually or otherwise, will nevertheless be carried out on a *forward price* basis or when the *authorised fund* will elect to move to *forward prices* or declare an additional *valuation point*.
- (5) Where the *authorised fund* elects to move to *forward prices* temporarily in accordance with (4), such election will only apply until the next *valuation point*.
- (6) All *sub-funds* of a *scheme* which is an *umbrella* must adopt the same pricing basis, but this does not apply merely because of a requirement to price on a *forward price* basis temporarily under this *rule*.

**Historic pricing: guidance**

- 6.3.10 G The *authorised fund manager* should advise the *depository* of the date and time of any decision to use *forward prices*.

**Publication of prices**

- 6.3.11 R Where the *authorised fund manager* is prepared to deal in *units*, or is willing to *issue* or cancel *units*, under *COLL* 6.2.7, it must make the dealing *prices* public in an appropriate manner.

**Manner of price publication**

- 6.3.12 G (1) In determining the appropriate manner of making *prices* public, the *authorised fund manager* should ensure that:
- (a) a *unitholder* or potential *unitholder* can obtain the *prices* at a reasonable cost;
  - (b) *prices* are available at reasonable times;

- (c) publication is consistent with the manner and frequency at which the *units* are sold;
  - (d) the manner of publication is disclosed in the *prospectus*;  
and
  - (e) *prices* are published in a consistent manner.
- (2) Examples of what might be deemed appropriate include:
- (a) publication in a national newspaper;
  - (b) supply through an advertised local rate or freephone telephone number;
  - (c) publication on the internet;
  - (d) inclusion in a database of *prices* which is publicly available; or
  - (e) communication to all existing *unitholders*.
- (3) The *authorised fund manager* should make previous *prices* available to any *unitholder* or potential *unitholder*.

## 6.4 Title and registers

### Application

- 6.4.1 R (1) This section applies to a *manager* and a *trustee* of an *AUT*.  
(2) *COLL* 6.4.9 (Plan registers) also applies to the *ACD*, any other *director* and the *depository* of an *ICVC*.

### Purpose

- 6.4.2 G The aim of this section is to protect *consumers*, by setting out the requirements for a *register* of *unitholders* for an *AUT* and for a *plan register* for an *authorised fund*, so a proper record of ownership of *units* is maintained, whether held directly or indirectly through a *group plan*.

### Explanation of this section

- 6.4.3 G (1) This section deals with matters relating to the *register* of *unitholders* of *units* in an *AUT* including its establishment and contents. The *manager* or *trustee* may be responsible for the *register*. In any event, the *person* responsible for the *register* must be stated in the *trust deed* and this section details what his duties are. The provisions relating to *documents evidencing title to units*, including the issue of *bearer certificates* are dependent on the provisions in the *trust deed* and their operation should be set out in the *prospectus*.  
(2) For an *ICVC*, requirements as to the *register* of *holders* and transfer of *units* are contained in Schedule 3 of the *OEIC Regulations* (Register of shareholders).  
(3) *COLL* 6.4.9R makes provision to ensure that if the cost of the *plan register* is borne by the *scheme*, *plan investors* have the same rights in respect of notice and disclosure as *unitholders* on the main *register*.

### Register: general requirements and contents

- 6.4.4 R (1) Either the *manager* or the *trustee* (as nominated in the *trust deed*) must establish and maintain a *register* of *unitholders* as a *document* in accordance with this section.

- (2) The *manager* or *trustee* in accordance with their duties under (1) must exercise all due diligence and take all reasonable steps to ensure the information contained on the *register* is at all times complete and up to date.
- (3) The *register* must contain:
  - (a) the name and address of each *unitholder* (for joint *unitholders*, no more than four need to be registered) other than *units* represented by *bearer certificates*;
  - (b) the number of *units* of each *class* held by each *unitholder* (other than *units* represented by *bearer certificates*);
  - (c) the date on which the *unitholder* was registered for *units* standing in his name (other than *units* represented by *bearer certificates*); and
  - (d) the number of *units* of each *class* currently in *issue*, including *bearer certificates* and the number of *units* of those *bearer certificates*.
- (4) No notice of any trust, express, implied or constructive which may be entered in the *register* is binding on the *manager* or *trustee*, but this does not affect their obligations under *COLL* 6.4.9R (Plan registers).
- (5) The *register* is conclusive evidence of the *persons* entitled to the *units* entered in it.
- (6) The *person* responsible for the *register* in (1) must:
  - (a) take reasonable steps to alter the *register* on receiving written notice of a change of name or address of any *unitholder*;
  - (b) in relation to a change of name in (a) where a certificate has been issued, either endorse the existing certificate or issue a new one;

- (c) make the *register* available for inspection free of charge in the *United Kingdom* by or on behalf of any *unitholder* (including the *manager*), during office hours, but it may be closed for periods not exceeding 30 *business days* in any one year;
- (d) supply free of charge to any *unitholder* or his authorised representative a copy of the entries on the *register* relating to that *unitholder* on request;
- (e) where a *unitholder* defaults on paying for the *issue* or sale of *units*, make an alteration or deletion in the *register* to compensate for the default after which the *manager* becomes entitled to those *units* (until those *units* are either cancelled or re-sold and paid for); and
- (f) carry out any conversion of *units* allowed for by *COLL* 6.4.8R (Conversion of units) after consultation with the *manager* or *trustee*, as appropriate.

**The manager as unitholder**

- 6.4.5 R (1) If no *person* is entered in the *register* as the *unitholder* of a *unit*, the *manager* must be treated as the *unitholder* of each such *unit* which is in *issue* (other than a *unit* which is represented by a *bearer certificate*).
- (2) Where *units* are transferred to the *manager*, they need not be *cancelled* and the *manager* need not be entered on the *register* as the new *unitholder*.

**Transfer of units by act of parties**

- 6.4.6 R (1) Every *unitholder* is entitled to transfer *units* held on the *register* by an instrument of transfer in any form that the *person* responsible for the *register* may approve, but that *person* is under no duty to accept a transfer unless:
- (a) it is permitted by the *trust deed* or *prospectus*; and

- (b) the transfer is excluded by Schedule 19 of the Finance Act 1999 from a charge to stamp duty reserve tax, or there has been paid to the *trustee*, for the account of the *AUT*, an amount agreed between the *trustee* and the *manager* not exceeding the amount that would be derived by applying the rate of stamp duty reserve tax to the market value of the *units* being transferred.
- (2) Every instrument of transfer of *units* must be signed by, or on behalf of, the *unitholder* transferring the *units* (or, for a *body corporate*, sealed by that *body corporate* or signed by one of its *officers* (or in Scotland, two of its *officers*)) authorised to sign it and, unless the transferee is the *manager*, the transferor must be treated as the *unitholder* until the name of the transferee has been entered in the *register*.
- (3) Every instrument of transfer (stamped as necessary) must be left for registration, with the *person* responsible for the *register*, accompanied by:
  - (a) any necessary documents that may be required by legislation; and
  - (b) any other evidence reasonably required by the *person* responsible for the *register*.
- (4) The details of instruments of transfer must be kept for a period of six years from the date of its registration.
- (5) On registration of an instrument of transfer, a record of the transferor and the transferee and the date of transfer must be made on the *register*.

**Certificates (including bearer certificates)**

- 6.4.7 R (1) Following the *sale* of *units* or as a result of *COLL* 6.4.6R (Transfer of units by act of parties) a document recording title to those *units* may be issued in such a form as the *trust deed* permits.

- (2) The person responsible for the *register* must issue any document in (1) or provide relevant information in a timely manner where the procedures for redeeming *units* require the *unitholder* to surrender that document.
- (3) *Bearer certificates* may only be issued if they are permitted by the *instrument constituting the scheme*.

**Conversion of units**

- 6.4.8 R Where there is more than one *class* of *units* offered for *issue* or *sale*, the *unitholder* has a right to convert from one to the other, provided that doing so would not contravene any provision in the *prospectus*.

**Plan registers**

- 6.4.9 R (1) The *ACD* and any other *directors* of an *ICVC* or the *person* responsible for the *register* of an *AUT* may arrange for a *plan register* to be established and maintained.
- (2) Where payments are made out of *scheme property* to establish and maintain a *plan register*, *plan investors* must be treated as *unitholders* for the purposes of *COLL* 4.3 to 4.5 and *COLL* 6.4.4R (Register: general requirements and contents).

## 6.5 Appointment and replacement of the authorised fund manager and the depositary

### Application

6.5.1 R This section applies in accordance with *COLL 6.5.2R* (Table of application).

6.5.2 R Table of application  
This table belongs to *COLL 6.5.1R*.

<i>Rule</i>	<i>ICVC</i>	<i>ACD</i>	<i>Any other director of an ICVC</i>	<i>Depositary of an ICVC</i>	<i>Manager of an AUT</i>	<i>Trustee of an AUT</i>
6.5.1R	x	x	x	x	x	x
6.5.3R	x	x	x	x		
6.5.4R		x	x	x		
6.5.5R		x	x			
6.5.6R	x			x		
6.5.7R					x	x
6.5.8R					x	x
6.5.9R					x	x
6.5.10R		x		x	x	x
Note: "x" means "applies", but not every paragraph in every <i>rule</i> will necessarily apply.						

### Appointment of an ACD

- 6.5.3 R (1) The *directors* (or *director*) of an *ICVC* must take all practicable steps to ensure the *ICVC* has at all times as its *ACD* a *person* who is qualified to act as *ACD*.
- (2) If the *ICVC* ceases to have any *director*, the *depositary* must exercise its powers, under the *OEIC Regulations*, to appoint a *person* to be an *ACD* of the *ICVC*.
- (3) The appointment of an *ACD* (other than the first *ACD*), under (1) or (2), must terminate at the close of the next annual general meeting following the date of the appointment or (if later) upon the expiration of 12 *months* from the date the appointment takes

effect, unless the appointment has been approved by a resolution of the *unitholders* before the close of that annual general meeting or expiration of that 12 *month* period (as the case may be).

- (4) An *ACD* must not voluntarily terminate its appointment as *ACD* unless the termination is effective at the same time as the commencement of the appointment of a successor *ACD*.
- (5) (a) In the event of:
  - (i) any *person* becoming or ceasing to be a *director*;
  - (ii) the appointment of an *ACD* being terminated;
  - (iii) a new *ACD* being appointed; or
  - (iv) a corporate *director* (including the *ACD*) becoming aware of any change of its *controller*;the *FSA* must immediately be notified in accordance with (b).
- (b) In the case of:
  - (i) (a)(i), by the *ACD*;
  - (ii) (a)(ii), by the *ACD* whose appointment is being terminated;
  - (iii) (a)(iii), by the new *ACD*; and
  - (iv) (a)(iv), by the corporate *director* concerned.

#### **Termination of appointment of an ACD**

- 6.5.4 R (1) The appointment of an *ACD* terminates immediately upon it ceasing to be a *director*.
- (2) The appointment of an *ACD* terminates if a notice of termination of that appointment, the terms of which have been approved by a resolution of the board of *directors* of the *ICVC*, is given to the *ACD*.
- (3) If there is no *director* other than the *ACD*, the appointment of the *ACD* terminates if a notice of termination of that appointment is given by the *depository* to the *ACD* and to the *ICVC*, following any of the following events:
- (a) the calling of a meeting to consider a resolution for winding up the *ACD*;

- (b) an application being made to dissolve the *ACD* or to strike it off the Register of Companies;
  - (c) the presentation of a petition for the winding up of the *ACD*;
  - (d) the making of, or any proposals for the making of, a composition or arrangement with any one or more of the *ACD's* creditors;
  - (e) the appointment of a receiver to the *ACD* (whether an administrative receiver or a receiver appointed over particular property);
  - (f) anything equivalent to (a) to (e) above occurring in respect of the *ACD* in a jurisdiction outside the *United Kingdom*.
- (4) Any termination under (2) or (3) takes effect when the notice is given, or on any subsequent time for its effect stated in the notice, or, if later, the time at which the termination is permitted to take effect under regulation 21 of the *OEIC Regulations* (The Authority's approval for certain changes in respect of a company).
- (5) The *depository* must (unless the termination takes effect at the same time as the appointment of a successor *ACD*) ensure that the unitholders are informed of the termination of the appointment of an *ACD*.
- (6) The *depository* is entitled to be reimbursed out of the *scheme property* for its out of pocket expenses in complying with (5).

**Other directors**

- 6.5.5 R (1) Any *directors* of an *ICVC* other than the *ACD* must exercise reasonable care to ensure that the *ACD* undertakes the responsibilities allocated under *COLL 6.6.3R* (Functions of the authorised fund manager) in a competent manner and the *ACD* must give those *directors* the information and explanations they consider necessary for this purpose.
- (2) A *director* of an *ICVC* must not appoint an alternate *director*.

- (3) When there is no *person* acting as *ACD*, the *directors* of an *ICVC* have the functions of an *ACD* under *COLL* 6.6.3R, but this does not affect the powers of the *directors* under *COLL* 6.6.15R (Committees and delegation).
- (4) When (3) applies, the *directors* must retain the services of one or more *authorised persons* to assist them in performing the functions referred to in *COLL* 6.6.3R (1) and (2).

#### **ICVC without a director**

- 6.5.6 R If the *ICVC* ceases to have any *directors*, the *depository* may:
- (1) retain the services of an *authorised person* to carry out the functions referred to in *COLL* 6.6.3R(3)(a) and(b); or
  - (2) manage the *scheme property* itself on behalf of the *ICVC* until a *director* is appointed or the winding up of the *ICVC* is commenced provided it is not prohibited from doing so by any law or *rule*.

#### **Replacement of a manager**

- 6.5.7 R (1) The *manager* of an *AUT* is subject to removal by written notice by the *trustee* upon any of the following events:
- (a) the calling of a meeting to consider a resolution for winding up the *manager*;
  - (b) an application being made to dissolve the *manager* or to strike it off the Register of Companies;
  - (c) the presentation of a petition for the winding up of the *manager*;
  - (d) the making of, or any proposals for the making of, a composition or arrangement with any one or more of the *manager's* creditors;
  - (e) the appointment of a receiver to the *manager* (whether an administrative receiver or a receiver appointed over particular property);
  - (f) anything equivalent to (a) to (e) above occurring in respect of the *manager* in a jurisdiction outside the *United Kingdom*;

- (g) the *trustee* forming the reasonable opinion, and stating in writing, that a change of *manager* is desirable in the interest of *unitholders*;
  - (h) a resolution of *unitholders* being passed to remove the *manager*; or
  - (i) the *unitholders* of three quarters in value of the *units in existence* (excluding *units* held or treated as held by the *manager* or by any *associate* of the *manager*) making a request in writing to the *trustee* that the *manager* should be removed.
- (2) On receipt of a notice by the *trustee* under (1), the *manager* of the *AUT* ceases to be the *manager*; and the *trustee* must by deed appoint another *person* eligible under the *Act* to be the *manager* of the *AUT* upon and subject to that other entering into such deed or deeds as the *trustee* may require.
- (3) If the name of the *AUT* contains a reference to the name of the former *manager*, the former *manager* is entitled to require the new *manager* and the *trustee* immediately on receipt of a notice under (1) to propose a change in the name of the *AUT*.

#### **Retirement of a manager of an AUT**

- 6.5.8 R (1) The *manager* of an *AUT* has the right to retire in favour of another *person* eligible under the *Act* and approved in writing by the *trustee* upon:
- (a) the retiring *manager* appointing that *person* by deed as *manager* in its place and assigning to that *person* all its rights and duties as such a *manager*; and
  - (b) the new *manager* entering into such deeds as the *trustee* reasonably considers necessary or desirable to be entered into by that *person* in order to secure the due performance of its duties as the *manager* of the *AUT*.
- (2) Upon retirement, the retiring *manager*:
- (a) subject to (3), is released from all further obligations under the *rules* in this sourcebook and under the *trust*

*deed*; and

- (b) may retain any consideration paid to it in connection with the change without having to account for it to any *unitholder*.
- (3) Sub-paragraph (2)(a) does not affect the rights of the *trustee* or any other *person* in respect of any act or omission on the part of the retiring *manager* before his retirement.

**Consequences of removal or retirement of a manager of an AUT**

- 6.5.9 R (1) Upon the removal or retirement of the *manager*, the removed or retiring *manager*:
- (a) is entitled to be recorded in the *register* for those *units* continued to be held or treated as held by it; and
  - (b) may require the *trustee* to issue to it a certificate for those *units* (if not previously issued).
- (2) Paragraph (1) is subject to any restriction in the *prospectus* relating to the permitted categories of *unitholders*.

**Retirement of the depositary**

- 6.5.10 R (1) The *depositary* of an *authorised fund* may not retire voluntarily except upon the appointment of a new *depositary*.
- (2) The *depositary* of an *authorised fund* must not retire voluntarily unless, before its retirement, it has ensured that the new *depositary* has been informed of any circumstance of which the retiring *depositary* has informed the *FSA*.
- (3) When the *depositary* of an *authorised fund* wishes to retire or ceases to be an *authorised person*, the *authorised fund manager* may, subject to section 251 of the *Act* (Alteration of schemes and changes of manager or trustee) or regulation 21 of the *OEIC Regulations* (The Authority's approval for certain changes in respect of a company) appoint another *person* eligible to be the *depositary* in its place.

**6.6 Powers and duties of the scheme, the authorised fund manager, and the depositary**

**Application**

6.6.1 R This section applies in accordance with *COLL 6.6.2R* (Table of application).

**Table of application**

6.6.2 R This table belongs to *COLL 6.6.1R*.

<i>Rule</i>	<i>ICVC</i>	<i>ACD</i>	Any other <i>directors of</i> an <i>ICVC</i>	<i>Depositary of</i> an <i>ICVC</i>	<i>Manager</i> of an <i>AUT</i>	<i>Trustee</i> of an <i>AUT</i>
6.6.1R	x	x	x	x	x	x
6.6.3R	x	x		x	x	x
6.6.4R				x		x

6.6.17R		x	x	x	x	x
6.6.18G		x	x	x	x	x
Note: "x" means "applies", but not every paragraph in every <i>rule</i> will necessarily apply.						

### Functions of the authorised fund manager

- 6.6.3 R (1) The *authorised fund manager* must manage the *scheme* in accordance with:
- (a) the *instrument constituting the scheme*;
  - (b) the *rules* in this sourcebook;
  - (c) the most recently published *prospectus*; and
  - (d) for an *ICVC*, the *OEIC Regulations*.
- (2) The *authorised fund manager* must take such steps as necessary to ensure compliance with the *rules* in this sourcebook that impose obligations upon the *ICVC*.
- (3) The *authorised fund manager* must:
- (a) make decisions as to the constituents of the *scheme property* in accordance with the investment objectives and policy of the *scheme*;
  - (b) instruct the *depository* in writing how rights attaching to the ownership of the *scheme property* are to be exercised, but not where *COLL* 6.6.13R(2) (Exercise of rights in respect of the scheme property) applies; and
  - (c) take action immediately to rectify any breach of *COLL* 6.3 and, where the breach relates to the incorrect pricing of *units* or to the late payment in respect of the *issue* of *units*, the rectification must, (unless the *depository* otherwise directs under (4)), extend to the reimbursement or payment, or arranging the reimbursement or payment, of *money*:
    - (i) by the *authorised fund manager* to *unitholders* and former *unitholders*;
    - (ii) by the *ACD* to the *ICVC*;
    - (iii) by the *ICVC* to the *ACD*;
    - (iv) by the *manager* to the *trustee*; or
    - (v) by the *trustee* (for the account of the *AUT*) to the *manager*.

- (4) Rectification under (3)(c) need not, unless the *depository* so directs, extend to any such reimbursement or payment where it appears to the *depository* such breach, is of minimal significance.

#### **General duties of the depository**

- 6.6.4 R (1) The *depository* of an *authorised fund* must take reasonable care to ensure that the *scheme* is managed by the *authorised fund manager* in accordance with:
- (a) *COLL 5* (Investment and borrowing powers);
  - (b) *COLL 6.2* (Dealing);
  - (c) *COLL 6.3* (Valuation and pricing);
  - (d) *COLL 6.8* (Income: accounting, allocation and distribution); and
  - (e) any provision of the *instrument constituting the scheme* or *prospectus* that relates to the provisions referred to in (a) to (d).
- (2) The *depository* must, in so far as not required under (1)(c), take reasonable care to ensure on a continuing basis that:
- (a) the *authorised fund manager* is adopting appropriate procedures to ensure that the *price* of a *unit* is calculated for each *valuation point* in accordance with *COLL 6.3*; and
  - (b) the *authorised fund manager* has maintained sufficient records to show compliance with *COLL 6.3*.
- (3) The *depository*, when acting in its capacity as *depository*, must act solely in the interests of the *unitholders*.
- (4) The *depository*:
- (a) must also take reasonable care to ensure that;
    - (i) the *authorised fund manager* considers whether or not to exercise the power provided by *COLL 6.3.7R* (SDRT provision) or *COLL 6.3.8R* (Dilution) (as the case may be) and, if applicable, the rate or amount of any *SDRT provision*, *dilution levy* or

- dilution adjustment* that is imposed;
  - (ii) the *authorised fund manager* has in relation to (i), taken account of all factors that are material and relevant to the *authorised fund manager's* decision; and
  - (iii) when the *authorised fund manager* considers whether or not to exercise the power under *COLL 6.3.8R*, the *authorised fund manager* has acted in accordance with the restrictions imposed by that *rule*; and
- (b) has no duty in respect of the *authorised fund manager's* exercise of the discretion referred to in (a).

**Duties of the authorised fund manager and the depositary under the general law**

- 6.6.5 R (1) The duties and powers of the *authorised fund manager*, the *directors* of an *ICVC* and the *depositary* under the *rules* in this sourcebook and under the *instrument constituting the scheme* are in addition to the powers and duties under the general law.
- (2) Paragraph (1) applies only in so far as the relevant general law is not qualified by the *rules* in this sourcebook or the *instrument constituting the scheme* or the *OEIC Regulations*.

**Maintenance of records**

- 6.6.6 R (1) The *authorised fund manager* must make and retain for six years such records as enable:
- (a) the *scheme* and the *authorised fund manager* to comply with the *rules* in this sourcebook and the *OEIC Regulations*; and
  - (b) it to demonstrate at any time that such compliance has been achieved.
- (2) The *authorised fund manager* must make and retain for six years a daily record of the *units* in the *scheme* held, acquired or disposed of by the *authorised fund manager*, including the

*classes* of such *units*, and of the balance of any acquisitions and disposals.

- (3) Where relevant, an *authorised fund manager* must make and retain for a period of six years a daily record of:
  - (a) how it calculates and estimates *dilution*; and
  - (b) its policy and method for determining the amount of any *dilution levy* or *dilution adjustment*.
- (4) The *authorised fund manager* must on the request of the *depository* immediately supply it with such information concerning the management and administration of the *authorised fund* as the *depository* may reasonably require.

**Maintenance of capital: notification**

- 6.6.7 R The *ACD* must immediately notify the *FSA* in writing if the *ICVC's* capital falls below the minimum or exceeds the maximum stated in the *instrument of incorporation*.

**Auditor: AUTs**

- 6.6.8 R (1) The *manager* of an *AUT* must, upon any vacancy for the position of auditor for an *AUT*, with the approval of the *trustee*, appoint as auditor for the *AUT* a *person* qualified for appointment as auditor of an *authorised person*.
- (2) The audit fees of the auditor are determined by the *manager* with the approval of the *trustee*.
- (3) The *manager* of an *AUT* may, with the approval of the *trustee*, at any time, remove the auditor of an *AUT*; this power exists notwithstanding anything in any agreement between the *persons* concerned.

**Returns: AUTs**

- 6.6.9 R The *manager* of an *AUT* must prepare and supply to the *trustee* the returns required to be submitted by the *trustee* to the Board of Inland Revenue.

**Dealings in scheme property**

- 6.6.10 R (1) The *authorised fund manager* may give instructions to deal in the property of the *scheme*.

- (2) The *authorised fund manager* must obtain the consent of the *depository* for the acquisition or disposal of immovable property.
- (3) Where the *depository* is of the opinion that a deal in property is not within the *rules* in this sourcebook and the *instrument constituting the scheme*, the *depository* may require the *authorised fund manager* to cancel the transaction or make a corresponding disposal or acquisition to secure restoration of the previous situation and to meet any resulting loss or expense.
- (4) Where the *depository* is of the opinion that:
  - (a) an acquisition of property necessarily involves documents evidencing title being kept in the custody of a *person* other than the *depository*; and
  - (b) the *depository* cannot reasonably be expected to accept the responsibility which would otherwise be placed upon it if it were to permit custody by that other *person*;
 the *authorised fund manager* must, if the *depository* so requests, either cancel the transaction or make a corresponding disposal.

**Duty to inform the FSA**

- 6.6.11 G *SUP* 15.3 (General notification requirements) contains *rules* and *guidance* on matters that should be notified to the *FSA*. Such matters include, but are not limited to, any circumstance that the *depository* becomes aware of whilst undertaking its functions or duties in *COLL* 6.6.4 (General duties of the depository) that the *FSA* would reasonably view as significant.

**Control by the depository over the scheme property**

- 6.6.12 R (1) The *depository* of an *authorised fund* is responsible for the safekeeping of all of the *scheme property* (other than tangible movable property) entrusted to it and must:
- (a) take all steps and complete all documents needed to ensure completion of transactions properly entered into for the account of the *scheme*;

- (b) ensure that *scheme property* in registered form is, as soon as practicable, registered in the name of the *depository*, its nominee or a *person* retained by it under COLL 6.6.15R (Committees and delegation);
  - (c) take into its *custody* or under its control documents of title to the *scheme property* other than for transactions in *derivatives* or forward transactions; and
  - (d) ensure that any transaction in *derivatives* or a forward transaction is entered into so as to ensure that any resulting benefit is received by the *depository*.
- (2) The *depository* is responsible for the collection of income due to be paid for the account of the *authorised fund*.
  - (3) The *depository* must keep for six years such records as are necessary:
    - (a) to enable it to comply with the *rules* in this sourcebook; and
    - (b) to demonstrate that it has achieved such compliance.

**Exercise of rights in respect of the scheme property**

- 6.6.13 R (1) The *depository* must take all necessary steps to ensure that instructions given to it by the *authorised fund manager* for the exercise of rights attaching to the ownership of *scheme property* are carried out.
- (2) Where the *scheme property* of an *authorised fund* contains *units* in any other *scheme* managed or otherwise operated by the *manager* of the *AUT* or, as the case may be, by any *director* of the *ICVC* or by any *associate* of either, the *depository* must exercise any voting rights associated with those *units* in accordance with what he reasonably believes to be the interests of the *unitholders* in the *authorised fund*.

**Duties of the depository and the authorised fund manager: investment and borrowing powers**

- 6.6.14 R (1) The *authorised fund manager* must avoid the *scheme property* being used or invested contrary to *COLL 5*, or any provision in the *instrument constituting the scheme* or the *prospectus* as referred to in *COLL 5.2.4R* (Investment powers:general), except to the extent permitted by (3)(b).
- (2) The *authorised fund manager* must, immediately upon becoming aware of any breach of a provision listed in (1), take action, at its own expense, to rectify that breach, unless the breach occurred as the result of any of the circumstances within (3).
- (3) The *authorised fund manager* must restore compliance with *COLL 5* as soon as reasonably practicable having regard to the interests of the *unitholders* and, in any event, within the period specified in (5) or, when applicable, (6) where:
- (a) the *scheme property* is:
- (i) used or invested contrary to *COLL 5* (other than a provision excusing a failure to comply on a temporary basis); and
  - (ii) the contravention is beyond the control of both the *authorised fund manager* and the *depository*; or
- (b) there is a transaction (“subsequent transaction”) deriving from a right (such as the right to convert stock or subscribe to a rights issue) attributable to an *investment* (‘original *investment*’) of the scheme if:
- (i) the subsequent transaction, but for this *rule* would constitute a breach of *COLL 5*; and
  - (ii) at the time of the acquisition of the original *investment*, it was reasonable for the *authorised fund manager*, to expect that a breach would not be caused by the subsequent transaction; and
- in this rule the reference to the exercise of a right includes the taking effect of a right without any action by or on behalf of the *depository* or the *authorised fund manager*.

- (4) Immediately upon the *depository* becoming aware of any breach of any provision listed in (1), it must ensure that the *authorised fund manager* complies with (2).
- (5) The maximum period for restoration of compliance under (3) starts at the date of discovery of the relevant circumstance and lasts, subject to any extension under (6):
  - (a) for six *months*; or
  - (b) where the transaction in question was a transaction in *derivatives* or a forward transaction under *COLL 5.2.20R* (Permitted transactions (derivatives and forwards)) or *COLL 5.6.13R* (Permitted transactions (derivatives and forwards)), until the close of business five *business days* later; or
  - (c) where the transaction relates to an immovable, for two years.
- (6) The period specified at (5)(b) is extended where:
  - (a) the transaction involved a delivery of a *commodity*, from five to twenty *business days*;
  - (b) the reason for the contravention in (3)(a) is the inability of the *authorised fund manager* to *close out* a transaction because of a limit in the number or value of transactions imposed by an *eligible derivatives* market, until five *business days* after:
    - (i) the inability resulting from any such limit is removed; or
    - (ii) it becomes, to the knowledge of the *authorised fund manager*, reasonably practicable and reasonably prudent for the transaction to be *closed out* in some other way.

#### **Committees and delegation**

- 6.6.15 R (1) The *directors* of an *ICVC* may delegate to any one or more of their number any of the *directors'* powers or duties but remain responsible for the acts or omissions of any such *directors*.

- (2) The *authorised fund manager* of a *scheme* and the *directors* of an *ICVC* have the power to retain the services of anyone to assist in the performance of their respective functions, provided that:
- (a) a mandate in relation to *managing investments* of the *scheme property* is not given to:
    - (i) the *depository*; or
    - (ii) any other *person* whose interests may conflict with those of the *authorised fund manager* or the *unitholders*; or
    - (iii) any other *person* who is not both:
      - (A) authorised or registered for *managing of investments*; and
      - (B) subject to prudential supervision; unless there is an agreement in place between the *FSA* and the *overseas regulator* of the delegate ensuring adequate co-operation;
  - (b) the *authorised fund manager* ensures that at all times it can monitor effectively the relevant activities of any *person* so retained;
  - (c) the mandate permits the *authorised fund manager* to:
    - (i) give further relevant instructions to the *person* so retained; and
    - (ii) withdraw the mandate with immediate effect when this is in the interests of the *unitholders*; and
  - (d) the mandate does not prevent effective supervision of the *authorised fund manager* and it must not prevent the *authorised fund manager* from acting, or the *scheme* from being managed in the best interests of the *unitholders*.
- (3) Subject to the provisions of the *OEIC Regulations* and to (1), where services are retained under (2), the responsibility which the *authorised fund manager* had in respect of such services prior to that retention of services will remain unaffected.

- (4) The *depository of a scheme* may delegate any function to any *person* save:
- (a) the *ICVC* or any *director* of the *ICVC* or the *authorised fund manager* of a *scheme*, to assist the *depository* to perform:
    - (i) any function of oversight in respect of the *scheme*, its *directors* or the *authorised fund manager* as the case may be; or
    - (ii) any function of *custody* or control of the *scheme property*;
  - (b) an *associate* of the *ICVC* or of any of the *directors* of the *ICVC* or of the *authorised fund manager* of the *scheme* (as the case may be) to assist the *depository* to perform any function in (a)(i); or
  - (c) a *nominee company* or anyone else to assist it to perform the function of being a *custodian* of *documents* evidencing title to *scheme property* of the *scheme* unless the arrangements with the *custodian* prohibit the *custodian* from releasing the *documents* into the possession of a third party without the consent of the *depository*.
- (5) Where a *depository* retains services under (4):
- (a) if it retains the services of a *director* of the *ICVC*, or an *associate* or such a *director* or its own *associate*, then its liability for those services shall remain unaffected; and
  - (b) in any other case, it will not be held responsible by virtue of the *rules* in *COLL* for any act or omission of the *person* so retained if it can show that:
    - (i) it was reasonable for it to obtain assistance to perform the function in question;
    - (ii) the *person* retained was and remained competent to provide assistance in the performance of the function in question; and

- (iii) it had taken reasonable care to ensure that the assistance in question was provided by the *person* retained in a competent manner.
- (6) Where *COLL* 6.5.5R(4) (Other directors) applies, the *directors* have, in respect of the functions of the *ACD* under *COLL* 6.6.3R (Functions of the authorised fund manager), the same rights and responsibilities as for an *ACD* under this *rule*.

**Delegation: guidance**

- 6.6.16 G (1) *SYSC* 3.2 (Areas covered by systems and controls) contains *guidance* relating to delegation, including external delegation. *SYSC* 3.2.4G(1) states that a *firm* cannot contract out of its regulatory obligations.
- (2) *SUP* 15.8.6R (Delegation by UCITS management companies) requires an *authorised fund manager* of a *UCITS scheme* to inform the *FSA* where one of its duties is delegated to another *person*.

**Conflicts of interest**

- 6.6.17 R (1) The *authorised fund manager*, any other *director* of an *ICVC* and the *depository* must take reasonable care to ensure that a transaction within (a) to (f) is not carried out on behalf of the *scheme*:
- (a) putting cash on *deposit* with an *affected person* unless that *person* is an *eligible institution* or an *approved bank* and the arm's length requirement in (2) is satisfied;
  - (b) lending *money* by an *affected person* to, or for the account of, the *scheme*, unless the *affected person* is an *eligible institution* or an *approved bank*, and the arm's length requirement in (2) is satisfied;
  - (c) the dealing in property by an *affected person*, to, or with, the *scheme* (or the *depository* for the account of the *scheme*), unless (3) applies;
  - (d) the vesting of property (other than cash) by an *affected person* in the *scheme* or the *depository* for the account of

the *scheme* against the *issue* of *units* in the *scheme*,  
unless:

- (i) (3) applies; or
  - (ii) the purpose of the vesting is that the whole or part of the property of a *body corporate* or a *collective investment scheme* becomes the first property of the *scheme* and the *unitholders* of *shares* or *units* in the *body corporate* or *collective investment scheme* become the first *unitholders* in the *scheme*;
- (e) the *acquisition* of *scheme property* by an *affected person* from the *scheme* (or the *depository* acting for the account of the *scheme*), unless *COLL 6.2.15R* (In specie issue and cancellation) applies, or unless (3) applies; and
- (f) transactions within *COLL 5.4* (Stock lending) by an *affected person* with, or in relation to, the *scheme* unless the arm's length requirement in (2) is satisfied.
- (2) Any transaction in (1)(a),(b) or (f) must be at least as favourable to the *scheme* as any comparable arrangement on normal commercial terms negotiated at arm's length between the *affected person* and an independent party.
- (3) There is no breach of (1)(c), (d) or (e) if the transaction meets the requirements of (4) (best execution *on-exchange*), (5) (independent valuation) or (6) (arm's length transaction).
- (4) There is best execution *on-exchange* for the purposes of (3) if:
- (a) the property is an *approved security* or an *approved derivative*;
  - (b) the transaction is effected under the rules of the relevant exchange with or through a *person* who is bound by those rules;
  - (c) there is evidence in writing of the effecting of the transaction and of its terms; and
  - (d) the *authorised fund manager* has taken all reasonable steps to ensure that the transaction is effected on the terms

which are the best available for the *scheme*.

- (5) There is independent valuation for the purposes of (3) if:
  - (a) the value of the property is certified in writing for the purpose of the transaction by a *person* approved by the *depository* as:
    - (i) independent of any *affected person*; and
    - (ii) qualified to value property of the relevant kind; and
  - (b) the *depository* is of the opinion that the terms of the transaction are not likely to result in any material prejudice to *unitholders*.
- (6) There is an arm's length transaction for the purposes of (3) if:
  - (a) paragraph (4)(a) is not satisfied;
  - (b) it is not reasonably practicable to obtain an independent valuation under (5); and
  - (c) the *depository* has reliable evidence that the transaction is or will be on terms which satisfy the arm's length requirement in (2).

**Conflicts of interest: guidance**

- 6.6.18 G (1) *COB 7.1* (Conflict of interest and material interest) applies for *scheme management activity* and contains *rules* on the fair treatment of *customers* where a *firm* has a conflict of interest in relation to a transaction. *COLL 6.6.17R* provides *rules* for specific circumstances where *COB 7.1* would not be appropriate for an *authorised fund*.
- (2) Regulation 44 of the *OEIC Regulations* (Invalidity of certain transactions involving directors) is relevant to the application of *COLL 6.6.17R*.

## 6.7 Payments

### Application

6.7.1 R This section applies in accordance with *COLL 6.7.2R* (Table of application).

### Table of application

6.7.2 R Table of Application. This table belongs to *COLL 6.7.1R*.

<i>Rule</i>	<i>ICVC</i>	<i>ACD</i>	<i>Depository of an ICVC</i>	<i>Manager of an AUT</i>	<i>Trustee of an AUT</i>
6.7.1R to 6.7.5G	x	x	x	x	x
6.7.6G	x	x		x	
6.7.7R		x		x	
6.7.8G		x		x	
6.7.9R		x		x	
6.7.10R		x	x	x	x
6.7.11G		x	x	x	x
6.7.12R	x	x		x	
6.7.13G	x	x		x	
6.7.14R	x				
6.7.15R	x	x	x	x	x
6.7.16G		x	x	x	x
6.7.17R	x	x		x	

Note: "x" means "applies", but not every paragraph in every *rule* will necessarily apply.

### Purpose

- 6.7.3 G (1) This section assists in securing the *regulatory objective* of protecting *consumers* through requirements which govern the payments out of *scheme property* and charges imposed on investors when buying or selling *units*.
- (2) The requirements clarify the nature of permitted charges and payments and ensure the disclosure for *unitholders* of any increases in charges and payments to the *authorised fund manager*.
- (3) The *prospectus* should make adequate provision for payments from an *authorised fund*. This section:
- (a) prohibits, or stipulates the conditions on which, the payments out of the *scheme property* can be made;

- (b) requires certain payments to be conditional on disclosure in the *prospectus*; and
- (c) governs the allocation of payments between capital and income.

**Payments out of scheme property**

- 6.7.4 R (1) The only payments which may be recovered from the *scheme property* of an *authorised fund* are those in respect of:
- (a) remunerating the parties operating the *authorised fund*;
  - (b) the administration of the *authorised fund*; or
  - (c) the investment or safekeeping of the *scheme property*.
- (2) No payment under this *rule* can be made from *scheme property* if it is unfair to (or materially prejudices the interests of) any class of *unitholders* or potential *unitholders*.
- (3) Paragraphs (1) and (2) do not apply to any payments in relation to any taxation payable by the *authorised fund*.

**Payments out of scheme property: guidance**

- 6.7.5 G (1) Details of permissible types of payments out of *scheme property* are to be set out in full in the *prospectus* in accordance with *COLL* 4.2.5R 13 and 14 (Table: contents of the prospectus).
- (2) An *authorised fund manager* should consider *COB* 5.6.3R (Charges to a private customer) in determining whether a payment to an *affected person* is unfair because of its amount or because it confers a disproportionate benefit on the *affected person*.
- (3) *COLL* 6.7.4R(2) (Payments out of scheme property) does not invalidate a payment that gives rise to a difference between the rights of separate *classes* of *unit* that relates solely to the payments that may be taken out of *scheme property*.

**Performance fees**

- 6.7.6 G (1) For the *authorised fund manager's* periodic charge or for payments out of *scheme property* to the *investment adviser*, the *prospectus* may permit a payment based on a comparison of one or more aspects of the *scheme property* or *price* in comparison with fluctuations in the value or *price* of property of any description or index or other factor designated for the purpose (a "performance fee").
- (2) Any performance fee should be specified in the appropriate manner in the *prospectus* and should be consistent with *COLL 6.7.4R*. In determining whether the performance fee is consistent the *authorised fund manager* should have regard to factors such as:
- (a) it should be calculated and paid after consideration of all other payments;
  - (b) where it is made on the basis of performance of the *authorised fund* against any index or any other factor, that benchmark must be reasonable given the investment objectives of the *authorised fund* and must be consistently applied;
  - (c) it may be based on performance above a defined positive rate of return (the "hurdle rate"), which may be fixed or variable;
  - (d) where (b) or (c) applies, the benchmark or hurdle rate may be carried forward to future accrual periods;
  - (e) the period over which it accrues and the frequency with which it crystallises should be reasonable; and
  - (f) except where allowed by *COLL 6.7.4R*, there are to be no arrangements to adjust the *price* or value of *sale* or repurchase transactions in respect of performance fees accrued or paid if the transactions occur within the accrual period of the charge.

- (3) In accordance with *COLL* 4.2.5R 13 (Table: contents of prospectus) the *prospectus* should contain the maximum amount or percentage of *scheme property* that the performance fee might represent in an *annual accounting period*. This disclosure should be given in plain language together with examples of the operation of the performance fee.

#### **Charges on buying and selling units**

- 6.7.7 R (1) No *person* other than the *authorised fund manager* may impose charges on *unitholders* or potential *unitholders* when they buy or sell *units*.
- (2) An *authorised fund manager* must not make any charge or levy in connection with:
- (a) the *issue* or *sale* of *units* except where a *preliminary charge* is made in accordance with the *prospectus* of the *scheme* which must be either a fixed amount or calculated as a percentage of the *price* of a *unit*; or
  - (b) the *redemption* or *cancellation* of *units*, except a *redemption charge* made in accordance with the *prospectus* current at the time the relevant *units* were purchased by the *unitholder*.
- (3) This rule is subject to *COLL* 6.3.7R (SDRT provision) and *COLL* 6.3.8R (Dilution).

#### **Charges on buying and selling units: guidance**

- 6.7.8 G (1) To introduce a new charge for the *sale* or *redemption* of *units*, or any new category of remuneration for its services or increase the rate stated in the *prospectus*, the *authorised fund manager* will need to comply with *COLL* 4.2.5R (Table: contents of prospectus) and *COLL* 4.3 (Approvals and notifications).

- (2) A *redemption charge* may be expressed in terms of amount or percentage. It may also be expressed as diminishing over the time during which the *unitholder* has held the *units* or be calculated on the basis of the *unit price* performance of the *units*. However any *redemption charge* should not be such that it could be reasonably regarded as restricting any right of *redemption*.
- (3) The *prospectus* should contain a statement as to the determination of the order in which *units* which have been acquired at different times by a *unitholder* are to be taken to be *redeemed* or *cancelled* for the purpose of the imposition of the *redemption charge*.

#### **Charges for the exchange of units in an umbrella**

- 6.7.9 R For a *scheme* which is an *umbrella*, an *authorised fund manager* must not make a charge on an exchange of *units* in one *sub-fund* for *units* in another *sub-fund* unless the amount of the charge is not more than the amount stated in the current *prospectus*.

#### **Allocation of payments to income or capital**

- 6.7.10 R (1) The *authorised fund manager* must determine whether a payment is to be made from the *income property* or *capital property* of an *authorised fund*, and in doing so the *authorised fund manager* must:
- (a) pay due regard to whether the nature of the cost is income related or capital related and the objective of the *scheme*; and
  - (b) agree the treatment of any payment with the *depository*.
- (2) Where, for any *annual accounting period*, the amount of the *income property* is less than the income distributed, the shortfall must, as from the end of that period, be charged to the *capital account* and must not subsequently be transferred to the *income account*.

### **Allocation of payments to income or capital: guidance**

- 6.7.11 G (1) Any payment as a result of effecting transactions for the *authorised fund* should be made from the *capital property* of the *scheme*.
- (2) Other than the payments in (1), all other payments should be made from *income property* in the first instance but may be transferred to the *capital account* in accordance with *COLL* 6.7.10R (Allocation of payments to income or capital).
- (3) For payments transferred to the *capital property* of the *scheme* in accordance with (2), the *prospectus* should disclose the matters in *COLL* 4.2.5R 14.
- (4) If the *authorised fund manager* wishes to make a change in relation to the allocation of payments, the procedures in *COLL* 4.3 (Approvals and notifications) will be relevant.

### **Prohibition on promotional payments**

- 6.7.12 R No payment may be made from *scheme property* to any *person*, other than a payment to the *authorised fund manager* permitted by the *rules* in *COLL*, for the acquisition or promotion of the *sale* of *units* in an *authorised fund*.

### **Prohibition on promotional payments: guidance**

- 6.7.13 G Examples of payments which are not permitted by *COLL* 6.7.12R include:
- (1) *commission* payable to intermediaries (such payments should normally be borne by the *authorised fund manager*);
- (2) payments or costs in relation to the preparation or dissemination of *financial promotions* (other than the preparation of *key features*); and
- (3) payments to third parties, for maintaining details of beneficial *unitholders*.

### **Movable or immovable property**

- 6.7.14 R An *ICVC* must not incur any expense for the use by it of any movable or immovable property except to the extent that such property is necessary for the direct pursuit of its business or held in accordance with its investment objectives.

**Payment of liabilities on transfer of assets**

- 6.7.15 R (1) Where the property of an *authorised fund* is transferred to a second *authorised fund* (or to the *depository* for the account of the *authorised fund*) in consideration of the *issue* of *units* in the second *authorised fund* to *unitholders* in the first *scheme*, (2) applies.
- (2) The *ICVC*, its *depository* or the *trustee* of the *AUT* as the successor in title to the property transferred, may pay out of the *scheme property* any liability arising after the transfer which, had it arisen before the transfer, could properly have been paid out of the property transferred, but only if:
- (a) there is nothing in the *instrument constituting the scheme* of the *authorised fund* expressly forbidding the payment; and
  - (b) the *authorised fund manager* is of the opinion that proper provision was made for meeting such liabilities as were known or could reasonably have been anticipated at the time of the transfer.

**Exemptions from liability to account for profits**

- 6.7.16 G An *affected person* is not liable to account to another *affected person* or to the *unitholders* of any *scheme* for any profits or benefits it makes or receives that are made or derived from or in connection with:
- (1) *dealings* in the *units* of a *scheme*; or
  - (2) any transaction in *scheme property*; or
  - (3) the supply of services to the *scheme*;
- where disclosure of the non-accountability has been made in the *prospectus* of the *scheme*.

**Allocation of scheme property**

6.7.17 R For a *scheme* which is an *umbrella*, any assets to be received into, or any payments out of, the *scheme property* which are not attributable to one *sub-fund* only, must be allocated by the *authorised fund manager* between the *sub-funds* in a manner which is fair to the *unitholders* of the *umbrella* generally.

## 6.8 **Income: accounting, allocation and distribution**

### **Application**

- 6.8.1 R (1) This section applies to an *authorised fund manager*.
- (2) *COLL* 6.8.4 (Unclaimed, de minimis and joint unitholder distributions) also applies to the *depository* of an *authorised fund*.
- (3) Except in the case of *COLL* 6.8.2R (Accounting periods) and *COLL* 6.8.3R(1) (Income allocation and distribution), *COLL* 6.8 applies as if each *sub-fund* were a separate *authorised fund*.

### **Accounting periods**

- 6.8.2 R (1) An *authorised fund* must have:
- (a) an *annual accounting period*;
- (b) a *half-yearly accounting period*; and
- (c) an *accounting reference date*.
- (2) A *half-yearly accounting period* begins with the first *day* of an *annual accounting period* and ends on the *day* which is six *months* later or ends on some other reasonable date as set out in the *prospectus* of the *scheme*.

### **Income allocation and distribution**

- 6.8.3 R (1) An *authorised fund* must have an *annual income allocation date*, which must be within four *months* of the *accounting reference date*.
- (2) An *authorised fund* may have an *interim income allocation date* and *interim accounting periods* and, if it does, the *interim income allocation date* must be within four *months* of the end of the relevant *interim accounting period*.
- (3) An *authorised fund* must have a *distribution account* to which the *income property* is transferred at the end of the relevant accounting period.
- (4) If income is allocated and distributed during an accounting period:

- (a) with effect from the end of the relevant *accounting period*, the amount of income allocated to *unit classes* that accumulate income becomes part of the *capital property* and requires an adjustment to the proportion of the value of the *scheme property* to which they relate if other *classes of units* are in *issue* during the period;
- (b) the adjustment in (a) must ensure the *price of units* remains unchanged despite the transfer of income; and
- (c) the amount of any interim distribution may not be more than the amount which, in the opinion of the *authorised fund manager*, would be available for allocation if the *interim accounting period* and all previous *interim accounting periods* in the same *annual accounting period*, taken together, were an *annual accounting period*.

**Unclaimed, de minimis and joint unitholder distributions**

- 6.8.4 R (1) Any distribution remaining unclaimed after a period of six years, or such longer time specified by the *prospectus*, must become part of the *capital property*.
- (2) The *authorised fund manager* and the *depository* may agree a de minimis amount in respect of which a distribution of income is not required, and how any such amounts are to be treated.
- (3) Distributions made to the first named joint *unitholder* on the *register* will be as effective a discharge to the *trustee and manager*, as if the first named joint *unitholder* had been a sole *unitholder*.

**Guidance: contents of the prospectus**

6.8.5 G *COLL* 4.2.5R (Table: contents of prospectus) requires the details of *COLL* 6.8.2R, *COLL* 6.8.3R(1) and (2) and *COLL* 6.8.4R(1) and (2) to be contained in the *prospectus* as well as when, and how, the distribution will be paid (e.g. by cheque or BACS) and also how any unclaimed distributions are to be processed.

## 6.9 Independence, names and UCITS business restrictions

### Application

- 6.9.1 R This section applies to the *authorised fund manager* and the *depository* of an *authorised fund*.

### Independence of depositories and scheme operators

- 6.9.2 G (1) Regulation 15(8)(f) of the *OEIC Regulations* (Requirements for authorisation) requires independence between the *depository*, the *ICVC* and the *ICVC's directors*, as does section 243(4) of the *Act* (Authorisation orders) for the *trustee* and *manager* of an *AUT*. *COLL 6.9.3G* to *COLL 6.9.5G* give *FSA's* view of the meaning of independence of these relationships. An *ICVC*, its *directors and depository* or a *manager* and a *trustee* of an *AUT* are referred to as "relevant parties" in this *guidance*.
- (2) There are at least three possible kinds of links between the relevant parties:
- (a) *directors* in common;
  - (b) cross-shareholdings; and
  - (c) contractual commitments.
- (3) If any of these links exist between the relevant parties, the *FSA* will have regard to *COLL 6.9.3G* to *COLL 6.9.5G* in determining whether there is independence.

### Independence: influence by directors

- 6.9.3 G (1) Independence is likely to be lost if, by means of executive power, either relevant party could control the action of the other.
- (2) The board of one relevant party should not be able to exercise effective control of the board of another relevant party. Arrangements which might indicate this situation include quorum provisions and reservations of decision-making capacity of certain *directors*.

- (3) For an *AUT*, the *FSA* would interpret the concept of *directors* in common to include any *directors* of associates of one relevant party who are simultaneously *directors* of the other relevant party.
- (4) For an *ICVC*, independence would not be met if:
  - (a) a *director* of the *ICVC* or any *associate* of the *director* is a *director*, an employee, or both of the *depository*; or
  - (b) a *director* of an *ICVC*:
    - (i) has a direct or indirect shareholding for investment purposes of more than 0.5% of the votes at a general meeting or a meeting of *holders* of the class of *share* concerned of the *depository* of that *ICVC*; or
    - (ii) has any other relationship with the *depository* which might reasonably be expected to give rise to a potential conflict of interest.

**Independence: influence by shareholding**

- 6.9.4 G Independence is likely to be lost if either of the relevant parties could control the actions of the other by means of shareholders' votes. The *FSA* considers this would happen if any shareholding by one relevant party and their respective *associates* in the other exceeds 15% of the voting *share* capital, either in a single *share* class or several *share* classes. The *FSA* would be willing, however, to look at cross-shareholdings exceeding 15% on a case-by-case basis to consider if there were exceptional grounds for concluding that independence was safeguarded by other means.

**Independence: contractual commitments**

- 6.9.5 G The *FSA* would encourage relevant parties to consult it in advance about its view on the consequences of any intended contractual commitment or relationship which could affect independence, whether directly or indirectly.

**Undesirable or misleading names**

- 6.9.6 G (1) Regulation 15(9) of the *OEIC Regulations* and section 243(8) of the *Act* require that an *authorised fund's* name must not be

undesirable or misleading. This section contains *guidance* on some specific matters the *FSA* will consider in determining whether the name of an *authorised fund* is undesirable or misleading. It is in addition to the requirements of regulation 19 of the *OEIC Regulations* (Prohibition on certain names).

- (2) The *FSA* will take into account whether the name of the *scheme*:
  - (a) is substantially similar to the name of another *authorised fund*;
  - (b) implies that the *authorised fund* has merits which are not, or might not be, justified;
  - (c) implies that the *authorised fund manager* has particular qualities, which may not be justified;
  - (d) is inconsistent with the *authorised fund's* investment objectives or policy;
  - (e) implies that the *authorised fund* is not an *authorised fund* (for example, describing the *authorised fund* as a “plan” or “account” are unlikely to be acceptable); and
  - (f) might mislead investors into thinking that *persons* other than the *authorised fund manager* are responsible for the *authorised fund*.
- (3) The *FSA* is unlikely to approve a name of an *authorised fund* that includes the word "guaranteed" unless:
  - (a) the guarantee is given by:
    - (i) an *authorised person*;
    - (ii) a *person* authorised by a *Home State regulator*; or
    - (iii) a *person* subject to prudential supervision in accordance with criteria defined by Community law or prudential rules at least as stringent as those laid down by Community law;other than the *authorised fund manager* or the *depository*.
  - (b) the *authorised fund manager* can demonstrate that the guarantor has the authority and resources to honour the terms of the guarantee;

- (c) the guarantee covers all *unitholders* within the *authorised fund* and is legally enforceable by each *unitholder* who is intended to benefit from it or by a *person* acting on that *unitholder's* behalf;
  - (d) the guarantee relates to the total amount paid for a *unit* which includes any charge or other costs of buying or selling *units* in the *authorised fund*;
  - (e) the guarantee provides for payment at a specified date or dates and is unconditional although reasonable commercial exclusions such as force majeure may be included; and
  - (f) where the guarantee applies to different *classes* of *unit*, it is identical in its application to all *classes* except for the differences attributable to income already received or charges already suffered by the different *classes* of *unit*.
- (4) The name of an *authorised fund* may indicate a guaranteed capital return or income return or both but only if the total amount paid for a *unit* is guaranteed in accordance with (3).
- (5) The *FSA* is unlikely to approve a name of an *authorised fund* that includes words implying a degree of capital security (such as "capital protected" or anything with a similar meaning) unless the degree of capital security is apparent from the name and clearly stated in the *prospectus*, and:
- (a) the principles in (3) are satisfied except that, for the purposes of (3)(d), the guarantee may relate to an amount not materially less than the total amount paid for a *unit*; or
  - (b) the investment objective and investment policy for the *authorised fund* are such as to show a clear intention to provide a material degree of security in respect of the total amount paid for a *unit*.
- (6) When determining whether (5) is complied with, the *FSA* will take into account whether the degree of capital security implied by the name fairly reflects the nature of the arrangements for providing that security. This assessment will take place on a

case-by-case basis.

**Undesirable or misleading names: umbrellas**

- 6.9.7 R The *authorised fund manager* must ensure that the name of a *sub-fund* or of a *class of unit* is not undesirable or misleading.

**Undesirable or misleading names: umbrellas – guidance**

- 6.9.8 G When deciding whether *COLL 6.9.7R* is complied with, the *FSA* will take into account *COLL 6.9.6G*. *COLL 6.9.7R* applies generally and not just to the names that include the words "guaranteed" or "capital protected".

**Restrictions of business for UCITS management companies**

- 6.9.9 R A *UCITS management company* must not engage in any activities other than:
- (1) acting as:
    - (a) an *authorised fund manager* of an *authorised fund*; or
    - (b) an *operator* of any other *collective investment scheme* for which the *firm* is subject to prudential supervision;
  - (2) activities for the purposes of or in connection with those in (1);
  - (3) collective portfolio management, including without limitation:
    - (a) investment management;
    - (b) administration:
      - (i) legal and fund management accounting services;
      - (ii) *customer* enquiries;
      - (iii) valuation and pricing (including tax returns);
      - (iv) regulatory compliance monitoring;
      - (v) maintenance of *unitholder register*;
      - (vi) distribution of income;
      - (vii) *unit issues* and *redemptions*;
      - (viii) contract settlements (including certificate dispatch);
      - and
      - (ix) record keeping; and
    - (c) marketing;

- (4) *managing investments* where the relevant portfolio includes one or more *ISD instruments*;
- (5) *advising on investments* where:
  - (a) the *firm* has a *permission* for the activity in (4); and
  - (b) each of the instruments are *ISD instruments*; and
- (6) safeguarding and administration of *collective investment scheme units* where the *firm* has a *permission* for the activity in (4).

**Connected activities: guidance**

- 6.9.10 G (1) Examples of the connected activities referred to in *COLL* 6.9.9R(2) include management of *group plans*, as long as they are dedicated to *investments* in *unit trust schemes* and *OEICs* for which the *firm* acts as an *authorised fund manager*.
- (2) The restrictions of business imposed by *COLL* 6.9.9R reflect the position under Article 5 of the *UCITS Directive*. In accordance with recital (7) of the amending UCITS Management Directive (2001/107/EC) the activities referred to at *COLL* 6.9.9R (3)(a) to (c) may be performed on behalf of *EEA UCITS management companies*.

**Notification to the FSA in its role as registrar of ICVCs**

- 6.9.11 R An *ICVC* must notify the *FSA* within 14 *days* of the occurrence of any of the following:
- (1) any amendment to the *instrument of incorporation*;
  - (2) any change in the address of the head office of the *ICVC*;
  - (3) any change of *director*;
  - (4) any change of *depository*;
  - (5) in respect of any *director* or *depository*, any change in the information mentioned in regulation 12(1)(b) or (c) of the *OEIC Regulations (Applications for authorisation)*;
  - (6) any change of the auditor of the *ICVC*;
  - (7) any order in respect of the *ICVC* made by virtue of regulation 70 of the *OEIC Regulations (Mergers and divisions)*.

## 7 Suspension of dealings and termination of authorised funds

### 7.1 Introduction

#### Application

- 7.1.1 R This chapter applies to an *ICVC*, an *ACD*, any other *director* of a *ICVC*, a *depository* of an *ICVC*, a *manager* of an *AUT* and a *trustee* of an *AUT*, where such *AUT* or *ICVC* is a *UCITS scheme* or a *non-UCITS retail scheme* in accordance with *COLL 7.1.2R* (Table of application).

#### Table of application

- 7.1.2 R This table belongs to *COLL 7.1.1R*.

<i>Rule</i>	<i>ICVC</i>	<i>ACD</i>	<i>Any other directors of an ICVC</i>	<i>Depository of an ICVC</i>	<i>Manager</i>	<i>Trustee</i>
7.1.1	x	x	x	x	x	x

Note: x means "applies"						

## Purpose

- 7.1.3 G (1) This chapter helps to achieve the *regulatory objective* of protecting investors by ensuring they do not buy or *redeem units* at a *price* that cannot be calculated accurately. For instance, due to unforeseen circumstances, it may be impossible to value, or to dispose of and obtain payment for, all or some of the *scheme property* of an *authorised fund* or *sub-fund*. *COLL 7.2.1R* (Requirement) sets out the circumstances in which an *authorised fund manager* must or may suspend dealings in *units* and the manner in which a suspension takes effect.
- (2) This chapter also helps with the *regulatory objective* of protecting *consumers*, by providing a cost effective and fair means of winding up *authorised funds* and terminating *sub-funds* of *ICVCs* and *AUTs*. *ENF 16* (Collective investment schemes) deals with the *FSA's* powers to revoke the authorisation of *authorised funds* otherwise than by consent.

## 7.2 Suspension and restart of dealings

### Requirement

- 7.2.1 R (1) The *authorised fund manager* may, with the prior agreement of the *depository*, and must without delay, if the *depository* so requires, suspend the *issue, cancellation, sale and redemption of units* in an *authorised fund* (referred to in this chapter as "*dealings in units*"), where due to exceptional circumstances it is in the interest of all the *unitholders* in the *authorised fund*.
- (2) On suspension, the *authorised fund manager*, or the *depository* if it has required the *authorised fund manager* to suspend *dealings in units*, must:
- (a) immediately inform the *FSA*, stating the reason for its action; and
  - (b) as soon as practicable give written confirmation of the suspension and the reasons for it to:
    - (i) the *FSA*; and
    - (ii) the *Home State regulator* in each *EEA State* in which the *authorised fund manager* holds itself out as willing to *sell* or redeem *units* of the *authorised fund* concerned.
- (3) During a suspension, none of the obligations in *COLL 6.2* (Dealing) and *COLL 6.3* (Valuation and pricing) apply.
- (4) The suspension of *dealings in units* must cease as soon as practicable after the exceptional circumstances referred to in (1) have ceased and, in any event, within 28 *days* of the commencement of the suspension.
- (5) The *authorised fund manager* must inform the *FSA* of the proposed restart of *dealings in units* and immediately after the restart must confirm this by giving notice to the *FSA* and the authorities mentioned in (2)(b)(ii).
- (6) The *authorised fund manager* may agree, during the suspension, to *deal in units* at a *price* calculated by reference to the first *valuation point* after restart of *dealings in units*, subject

- to (8).
- (7) This *rule* applies to a *sub-fund* as it applies to an *authorised fund*, and:
- (a) references to the *units* of the *class* or *classes* relate to that *sub-fund* and to the *scheme property* attributable to the *sub-fund*; and
  - (b) this *rule* can only apply to one or more *classes* of *units* without being applied to other *classes*, if it is in the interest of all the *unitholders*.
- (8) If an *authorised fund* operates *limited redemption arrangements*, and the event in (1) has affected a *valuation point*, the *authorised fund manager* must declare an additional *valuation point* as soon as possible after the restart of *dealings* in *units*.

### **7.3 Winding up a solvent ICVC and terminating a sub-fund of an ICVC**

#### **Explanation of COLL 7.3**

- 7.3.1 G (1) The winding up of an *ICVC* may be carried out under this section instead of by the court provided the *ICVC* is solvent and the steps required under regulation 21 the *OEIC Regulations* (The Authority's approval for certain changes in respect of a company) are fulfilled. This section lays down the procedures to be followed and the obligations of the *ACD* and any other *directors* of the *ICVC*.
- (2) The termination of a *sub-fund* under this section will be subject to the conditions set out in regulation 21 of the *OEIC Regulations*. Termination can only commence once the proposed alterations to the *ICVC's instrument of incorporation* and *prospectus* have been notified to the *FSA* and permitted to take effect. On termination, the assets of the *sub-fund* will normally be realised, and the *unitholders* in the *sub-fund* will receive their respective share of the proceeds net of liabilities and the expenses of the termination.
- (3) A *sub-fund* or *ICVC* may also be terminated or wound up in connection with a *scheme of arrangement*. *Unitholders* will become entitled to receive *units* in another *regulated collective investment scheme* in exchange for their *units*.

#### **Special meanings for termination of a sub-fund of an ICVC**

- 7.3.2 R In this section, where a *sub-fund* of an *ICVC* is being terminated, references to:
- (1) *units*, are references to *units* of the *class* or *classes* related to the *sub-fund* to be terminated;
  - (2) a resolution, or *extraordinary resolution*, are references to such a resolution passed at a meeting of *unitholders* of *units* of the *class* or *classes* referred to in (1);
  - (3) *scheme property*, are references to the *scheme property* allocated or attributable to the *sub-fund* to be terminated; and
  - (4) liabilities, are references to liabilities of the *ICVC* allocated or

attributable to the *sub-fund* to be terminated.

**Guidance on winding up or termination**

7.3.3 G This table belongs to *COLL 7.3.3G*.

<p>Summary of the main steps in winding up a solvent <i>ICVC</i> or terminating a <i>sub-fund</i> under <i>FSA rules</i>, assuming <i>FSA</i> approval.</p> <p>Notes: N = Notice to be given to the <i>FSA</i> under regulation 21 of <i>OEIC Regulations</i></p> <p>E = commencement of winding up or termination</p> <p>W/U = winding up</p> <p>FAP = final accounting period (<i>COLL 7.3.8R(4)</i>)</p>			
Step number	Explanation	When	<i>COLL rule</i> (unless stated otherwise)
1	Commence preparation of solvency statement	N-28 <i>days</i>	7.3.5 (2)
2	Send audited solvency statement to the <i>FSA</i> with copy to <i>depository</i>	By N + 21 <i>days</i>	7.3.5 (4) and (5)
3	Receive the <i>FSA</i> approval	N + one <i>month</i>	Regulation 21 of <i>OEIC Regulations</i>
4	Normal business ceases; publish notices	E	7.3.6
5	Realise proceeds, wind up, instruct <i>depository</i> accordingly	ASAP after E	7.3.7
6	Prepare final account or termination account & have account audited	On completion of W/U or termination	7.3.8

7	Send final account or termination account and auditor's report to the <i>FSA &amp; unitholders</i>	Within 2 <i>months</i> of FAP	7.3.8(6)
8	Request <i>FSA</i> to revoke relevant <i>authorisation order</i>	On completion of W/U	7.3.7(9)

**When an ICVC is to be wound up or a sub-fund terminated**

- 7.3.4 R (1) An *ICVC* must not be wound up except under this section or as an unregistered company under Part V of the Insolvency Act 1986.
- (2) An *ICVC* must not be wound up under this section if there is a vacancy in the position of *ACD*.
- (3) An *ICVC* must not be wound up or a *sub-fund* terminated under this section:
- (a) unless and until effect may be given, under regulation 21 of the *OEIC Regulations*, to proposals to wind up the affairs of the *ICVC* or to proposals to make the alterations to the *ICVC's instrument of incorporation* and *prospectus* that will be required if a *sub-fund* is terminated; and
- (b) unless a statement has been prepared and sent or delivered to the *FSA* under *COLL 7.3.5R* (Solvency statement) and received by the *FSA* prior to satisfaction of the condition in (a).
- (4) Subject to (3) and the subsequent provisions of this section, the appropriate steps to wind up an *ICVC* or terminate a *sub-fund* under this section must be taken:
- (a) if an *extraordinary resolution* to that effect is passed; or
- (b) when the period (if any) fixed for the duration of the *ICVC* or the *sub-fund* by the *instrument of incorporation* expires or any event occurs, for which the *instrument of incorporation* provides that the *ICVC* or the *sub-fund* is to

- be wound up; or
- (c) on the date stated in any agreement by the *FSA* in response to a request from the *directors* for the winding up of the *ICVC* or a request for the termination of the *sub-fund*.

### **Solvency statement**

- 7.3.5 R (1) Before notice is given to the *FSA* under regulation 21 of the *OEIC Regulations* of the proposals referred to in *COLL 7.3.4R* (3), the *directors* must make a full enquiry into the *ICVC's* affairs to determine whether the *ICVC* will be able to meet all its liabilities.
- (2) The *ACD* must then, based on the results of this enquiry, prepare a statement either:
- (a) confirming that the *ICVC* will be able to meet all its liabilities within twelve *months* of the date of the statement; or
- (b) stating that such confirmation cannot be given.
- (3) This solvency statement must:
- (a) relate to the *ICVC's* affairs at a date no more than 28 *days* before the date on which notice is given to the *FSA*;
- (b) if there is more than one *director*, be approved by the board of *directors* and signed on their behalf by the *ACD*; and
- (c) if it contains the confirmation under (2)(a), be signed by at least one other *director* or, if there is no *director* other than the *ACD*, be signed by the *ACD*.
- (4) A statement which contains the confirmation under (2)(a) must annex a statement signed by the auditor appointed under Schedule 5 to the *OEIC Regulations* (Auditors) to the effect that, in his opinion, the enquiry required by (1) has been properly made and is fairly reflected by the confirmation.
- (5) The solvency statement must be sent or delivered to the *FSA* and the *depository* no later than 21 *days* after notice is given to

the *FSA* in accordance with regulation 21 of the *OEIC Regulations*.

**Consequences of commencement of winding up or termination**

- 7.3.6 R (1) Winding up or termination must commence once the conditions referred to in *COLL 7.3.4 R (3)* are both satisfied or, if later, once the events in *COLL 7.3.4R(4)* have occurred.
- (2) Once winding up or termination has commenced:
- (a) *COLL 6.2 (Dealing)*, *COLL 6.3 (Valuation and pricing)* and *COLL 5 (Investment and borrowing powers)* cease to apply to the *ICVC* or to the *units* and *scheme property* in the case of a *sub-fund*;
  - (b) the *ICVC* must cease to *issue* and cancel *units*;
  - (c) the *ACD* must cease to *sell* or redeem *units* or to arrange for the *issue* or *cancellation* of units;
  - (d) no transfer of a *unit* may be registered and no other change to the *register* of *unitholders* may be made without the sanction of the *directors*;
  - (e) where winding up an *ICVC*, the *ICVC* must cease to carry on its business, except for its beneficial winding up; and
  - (f) the corporate status and corporate powers of the *ICVC* and (subject to the preceding provisions of this *rule*) the powers of the *directors* continue until the *ICVC* is dissolved.
- (3) The *ACD* must as soon as practicable after winding up or termination has commenced:
- (a) if the *ACD* has not previously notified *unitholders* of the proposal to wind up the *ICVC* or terminate the *sub-fund*, give written notice of the commencement of the winding up or termination to the *unitholders*; and
  - (b) if winding up an *ICVC*, publish notice of the commencement of the winding up (if the head office of the *ICVC* is situated in England and Wales or Wales) in the *London Gazette*, or (if the head office of the *ICVC* is

situated in Scotland) in the Edinburgh Gazette.

**Manner of winding up or termination**

- 7.3.7 R (1) Paragraphs (2) to (9) of this *rule* apply to winding up an *ICVC* and termination of a *sub-fund*, paragraph (10) only applies to the winding up of an *ICVC* and paragraphs (11) to (15) only apply to the termination of a *sub-fund* of an *ICVC*.
- (2) The *ACD* must, as soon as practicable after winding up or termination has commenced, cause the *scheme property* to be realised and the liabilities of the *ICVC* or the *sub-fund* to be met out of the proceeds.
- (3) The *ACD* must instruct the *depository* how such proceeds (until utilised to meet liabilities or make distributions to *unitholders*) must be held and those instructions must be prepared with a view to the prudent protection of creditors and *unitholders* against loss.
- (4) Where sufficient liquid funds are available after making adequate provision for the expenses of the winding up or termination and the discharge of the *ICVC's* or the *sub-fund's* remaining liabilities, the *ACD* may arrange for the *depository* to make one or more interim distributions to the *unitholders* proportionately to the right of their respective *units* to participate in *scheme property* at the commencement of the winding up or termination.
- (5) On or before the date on which the final account is sent to *unitholders* in accordance with *COLL 7.3.8R* (Final account and termination account), the *ACD* must arrange for the *depository* to make a final distribution to the *unitholders*, in the same proportions as provided by (4), of the balance remaining (net of a provision for any further expenses of the *ICVC* or *sub-fund*).
- (6) Paragraphs (2) to (5) are subject to the terms of any *scheme of arrangement* sanctioned by an *extraordinary resolution* passed on or before the commencement of the winding up or

termination.

- (7) Where the *ICVC* and one or more *unitholders* (other than the *ACD*) agree, the requirement in (2) to realise the *scheme property* does not apply to that part of the *scheme property* which is proportionate to the right to participate in *scheme property* of that or those *unitholders*.
- (8) In the case of (7), the *ACD* must cause the *ICVC* to distribute that part of the *scheme property* in specie to that or those *unitholders* in proportion to their respective rights to participate, this distribution being effected after making adjustments and retaining such provision as appears to the *ACD* appropriate to ensure that those *unitholders* bear the proportion of the liabilities and the expenses of the distribution attributable to their *units*.
- (9) The *depository* must notify the *FSA* once the winding up of the *ICVC* or the termination of a *sub-fund* (including compliance with *COLL 7.3.8R*) is complete and at the same time the *ACD* or the *depository* must request the *FSA* to revoke the relevant *authorisation order*.
- (10) Where any sum of *money* stands to the account of the *ICVC* at the date of its dissolution, the *ACD* must arrange for the *depository* to pay or lodge that sum within one *month* after that date in accordance with regulation 33(4) or (5) of the *OEIC Regulations* (Dissolution in other circumstances).
- (11) Where any sums (including unclaimed distributions) remain standing to the account of the *scheme property* following tender of payment (whether to a creditor or a *unitholder*), the *ACD* must instruct the *depository* to retain the sums ('tendered sums') in an account ('unclaimed payments account') separate from any other part of the *scheme property*.
- (12) The *depository* must, if instructed by the *ACD*, make a payment out of the unclaimed payments account for the purpose of settling a claim for a tendered sum.

- (13) Any costs and reasonable expenses of the *ACD* for investigating a claim and any costs and expenses incurred by the *depository* in making a payment out of the unclaimed payments account may be reimbursed from the payment.
- (14) The *person* entitled to any tendered sum is not entitled to any interest in respect of the unclaimed payments account and any interest arising in respect of the unclaimed payments account must be allocated between the continuing *sub-funds* of the *ICVC* in a manner which is fair to the *unitholders* of the *ICVC* generally.
- (15) Amounts standing to the credit of an unclaimed payments account must be excluded from the value of the *scheme property* and must not be subject to any distribution under this *rule*, but upon a dissolution of the *ICVC* under regulation 33 of the *OEIC Regulations*, the *depository* must cease to hold those amounts as part of that account and they will become subject to the provisions of (10).

**Final account and termination account**

- 7.3.8 R (1) Once the *ICVC's* affairs are fully wound up or termination of the *sub-fund* has been completed (including distribution or provision for distribution in accordance with *COLL 7.3.7 R(5)*), the *ACD* must prepare an account of the winding up or termination showing:
- (a) how it has been conducted; and
  - (b) how the *scheme property* has been disposed of.
- (2) The account in (1) must be, if there is:
- (a) more than one *director*, approved by the board of *directors* and be signed on their behalf by the *ACD* and at least one other *director*; or
  - (b) no *director* other than the *ACD*, signed by the *ACD*.
- (3) Once signed, this account is the "final account" for the purposes of the winding up of an *ICVC* and the "termination account" for the purposes of the termination of a *sub-fund*.

- (4) The final account must state the date on which the *ICVC's* affairs were fully wound up and the date stated must be regarded as the final *day* of the accounting period of the *ICVC* then running ('final accounting period').
- (5) The *ACD* must ensure that the *ICVC's* auditor makes a report in respect of the final account or termination account, which states the auditor's opinion whether the final account or termination account has been properly prepared for the purpose of (1).
- (6) Within two *months* of the date of the completion of the winding up of the *ICVC* or termination of the *sub-fund*, the *ACD* must send a copy of the final account or termination account and the auditor's report on it to the *FSA* and to each *person* who was a *unitholder* (or the first named of joint *unitholders*) immediately before its end.

**Duty to ascertain liabilities**

- 7.3.9 R (1) The *ACD* must use all reasonable endeavours to ensure that all the liabilities of the *ICVC* are discharged before the completion of the winding up or termination.
- (2) The duty in (1) relates to all liabilities of which the *ACD*:
- (a) is, or becomes, aware before the completion of the winding up or termination; or
  - (b) would have become aware before the completion of the winding up or termination had it used all reasonable endeavours to ascertain the liabilities.
- (3) If the *ACD* rejects any claim against the *ICVC* in whole or part or against the *ICVC* in respect of a liability in whole or part, the *ACD* must immediately send to the claimant written notice of its reasons for doing so.

**Reports and accounts**

- 7.3.10 R (1) The *ACD* need not (as would be required under *COLL* 4.5.13R (Provision of short report)) send to each *unitholder* a copy of any short report relating to an *annual accounting period* or *half-yearly accounting period* which began after

commencement of winding up or termination, if the *directors* of the *ICVC*, after consulting the *FSA*, have reasonably determined that this is not required in the interest of *unitholders*.

- (2) Where (1) applies, a copy of the short or long report must be supplied free of charge to any *unitholder* upon request.

#### **Liabilities of the ACD**

- 7.3.11 R (1) Except to the extent that the *ACD* can show that it has complied with *COLL 7.3.9R* (Duty to ascertain liabilities), the *ACD*:
- (a) is personally liable to meet any liability of an *ICVC*, of which it is the *ACD*, wound up under this section (whether or not the *ICVC* has been dissolved); and
  - (b) must keep the *ICVC* indemnified against any liability allocated or attributable to a *sub-fund* that has been terminated under these *rules*;
- that was not discharged before the completion of the winding up or termination.
- (2) Where winding up an *ICVC*, if the proceeds of the realisation of the assets attributable, or allocated to a particular *sub-fund* of an *umbrella ICVC* are insufficient to meet the liabilities attributable or allocated to that *sub-fund*, the *ACD* must pay to the *ICVC*, for the account of that *sub-fund* the amount of the deficit, unless and to the extent that the *ACD* can show that the deficit did not arise as a result of any failure by the *ACD* to comply with the *rules* in *COLL*.
- (3) The liabilities of the *ACD* under this *rule* create a debt (in England and Wales in the nature of a specialty) accruing due from it on the completion of the winding up or termination and payable upon the demand of the creditor in question (including the *ICVC* in the circumstances described in (2)).
- (4) The obligations of the *ACD* under this *rule* do not affect any other obligation of the *ACD* under these *rules* or the general law.

### **Additional provisions applicable to umbrella companies**

- 7.3.12 R (1) Liabilities of an *ICVC* which is an *umbrella* attributable, or allocated, to a particular *sub-fund* must be met first out of the *scheme property* attributable or allocated to such *sub-fund*.
- (2) If the liabilities to be met out of a particular *sub-fund* of an *umbrella ICVC* are greater than the proceeds of the realisation of the *scheme property* attributable or allocated to that *sub-fund*, the deficit must be met out of the *scheme property* attributable or allocated to the solvent *sub-funds* of that *umbrella ICVC* in which the proceeds of realisation exceed liabilities and divided between those *sub-funds* in a manner that is fair to the *unitholders* in those solvent *sub-funds*.
- (3) Paragraph (2) applies in respect of any deficit arising as a result of additional liabilities accruing to a *sub-fund* through the operation of (2).
- (4) In calculating the amount of liabilities for the purpose of (2), account must be taken of any payments received or to be received from the *ACD* under *COLL 7.3.11R* (Liabilities of the *ACD*).

### **Miscellaneous**

- 7.3.13 R (1) If:
- (a) during the course, or as a result, of the enquiry referred to in *COLL 7.3.5R(1)* (Solvency statement), the *directors* become of the opinion that it will not be possible to provide the confirmation referred to in (2)(a) of that *rule*;  
or
- (b) after winding up or termination has commenced, the *ACD* becomes of the opinion that the *ICVC* will be unable to meet all its liabilities within twelve *months* of the date of the statement provided under (a) of *COLL 7.3.5R(2)*;  
the *directors* must immediately present a petition or cause the *ICVC* to present a petition for the winding up of the *ICVC* as an unregistered *ICVC* under Part V of the Insolvency Act 1986.

- (2) If, after the commencement of a winding up under this chapter and before notice of completion of the winding up has been sent to the *FSA*, there is a vacancy in the position of *ACD*, the *directors* of the *ICVC* must immediately present or cause the *ICVC* to present or, if there are no *directors*, the *depository* must immediately present, a petition for the winding up of the *ICVC* as an unregistered *ICVC* under Part V of the Insolvency Act 1986.

## 7.4 Winding up an AUT and terminating a sub-fund of an AUT

### Explanation of COLL 7.4

- 7.4.1 G (1) This section deals with the circumstances and manner in which an *AUT* is to be wound up or a *sub-fund* of an *AUT* is to be terminated. Under section 256 of the *Act* (Requests for revocation of authorisation order), the *manager* or *trustee* of an *AUT* may request the *FSA* to revoke the *authorisation order* in respect of that *AUT*. Section 257 of the *Act* (Directions) gives the *FSA* the power to make certain directions.
- (2) The termination of a *sub-fund* under this section will be subject to section 251 of the *Act* (Alteration of schemes and changes of manager or trustee). Termination can only commence once the proposed alterations to the *trust deed* and *prospectus* have been notified to the *FSA* in writing and permitted to take effect. On termination, the assets of the *sub-fund* will normally be realised, and the *unitholders* in the *sub-fund* will receive their respective share of the proceeds net of liabilities and the expenses of the termination.
- (3) An *AUT* or a *sub-fund* of an *AUT* may also be wound up or terminated in connection with a *scheme of arrangement*. *Unitholders* will become entitled to receive *units* in another *regulated collective investment scheme* in exchange for their *units*.

### Special meanings for termination of a sub-fund of an AUT

- 7.4.2 R In this section, where a *sub-fund* of an *AUT* is being terminated, references to:
- (1) *units*, are references to *units* of the *class* or *classes* related to the *sub-fund* to be terminated;
- (2) a resolution or *extraordinary resolution*, are references to such a resolution passed at a meeting of *unitholders* of *units* of the *class* or *classes* referred to in (1);
- (3) *scheme property*, are references to the *scheme property* allocated or attributable to the *sub-fund* to be terminated; and

- (4) liabilities, are references to liabilities of the *AUT* allocated or attributable to the *sub-fund* to be terminated.

**When an *AUT* is to be wound up or a sub-fund terminated**

- 7.4.3 R (1) Upon the happening of any of the events or dates referred to in paragraph (2) and not otherwise:
- (a) *COLL 6.2* (Dealing), *COLL 6.3* (Valuation and pricing) and *COLL 5* (Investment and borrowing powers) cease to apply to the *AUT*;
  - (b) the *trustee* must cease to *issue* and cancel *units*;
  - (c) the *manager* must cease to *sell* and redeem *units*;
  - (d) the *manager* must cease to arrange the *issue* or *cancellation* of *units* under *COLL 6.2.7R* (Issue and cancellation of units through an authorised fund manager); and
  - (e) the *trustee* must proceed to wind up the *AUT* or terminate the *sub-fund* in accordance with *COLL 7.4.4.R*.
- (2) The events referred to in (1) are:
- (a) the *authorisation order* of the *AUT* is revoked;
  - (b) alterations to the *AUT's trust deed* and *prospectus* that will be required if the *sub-fund* is terminated taking effect in accordance with section 251 of the *Act*;
  - (c) the passing of an *extraordinary resolution* winding up the *AUT* or terminating the *sub-fund*, provided *FSA's* prior consent to the resolution has been obtained by the *manager* or *trustee*;
