## Explainer: What is regtech and why is it needed?

Bank supervisors receive more than 1bn rows of data every month

## Digital regulatory reporting

Individual firms' systems

Reporting requirements transformed into machine-readable rules

Regulatory reporting costs the UK banking industry a minimum of

£2bn-£4.5bn

## Advanced analytics for supervision

Firms' management information (eg Board Packs, Risk Committee Packs, Minutes) Machine-learning algorithms process information

Supervisors spend more time making judgements
